Three blasts do not necessarily indicate that a tornado has been sighted, but they do mean that everyone should watch the clouds and take whatever action seems to be necessary.

REDDY'S HELPFUL TIPS

- ★ Your air-conditioner will operate inefficiently if filters are not cleaned regularly. Dirt and lint, collected on the filters, restricts air flow to the coils. Clean filters every two weeks.
- ★ Let nature help you save energy by shading your home with trees and shrubs to help cut down on summer cooling costs. Draw draperies against afternoon sun.
- ★ Remember to keep outside doors, windows, and fireplace dampers closed. If you have window units, close the heating vents near the floor, as cool air falls and can escape through vents.

Risley Makes a Political Statement

Vote for your incumbent County School Superintendent when you go to the polls Saturday.

Let us be quite frank about the problem of who to vote for in this position. There are three men running in this election—but—there have been absolutely no complaints about the conduct of this Office for the past ten years. There is absolutely no good reason for changing the personnel in this Office at this time.

Vote for a proven and experienced man. Vote for MAURICE RISLEY when you go to the polls Saturday.
