Dallas—About 12,000 teenagers from throughout Texas will focus on the need for a spiritual resurgence in America here July 2-3, on the eve of the nation's bicentennial.

"God Bless America" is the patriotic-spiritual renewal theme of the annual Texas Baptist Youth Evangelists Conference at the Dallas Convention Center.

"The large number of youth attending during a holiday time indicates their concern for a spiritual, moral and ethical revival in America," said Dr. Herbert B. Morris, director of evangelism for the 2.2 million member Baptist General Convention of Texas.

"We will be challenging the youth to become an Army of moral righteousness," Dr. Morris added.

## No Sunday and Holiday Mail

# There's a future in it for someone.

Your son's education for instance.

But by the time he's ready for college his education may well cost a small fortune.

The kind you just don't have lying around under a bed.

That's just the reason why your government has a great thing going. A U.S. Savings Bond.

In themselves they're not a quick buck. They won't make you that fortune overnight.

But in the long run they do pay off. Darn well at that. And at a guaranteed rate.

Starting a savings plan is easy. You can join a Payroll Savings Plan where you work. Or get into a Bond-A-Month Plan where you bank.

Then watch someone's future grow. Like your son's.

## Take stock in America Buy U.S. Savings Bonds

The U.S. Government does not pay for this advertisement. It is prepared as a public service by cooperation with the Department of the Treasury and the Advertising Council.

# Are you going to live longer than your money?

Maybe you're having a pretty good life now. Your credit is good, you've got a few nice clothes and a good dependable car. And if you're lucky, maybe you own your own home. But that's because you're working. What happens when you retire? You can't live on memories. It's still going to take money. Lots of money. Money that you should be saving now.

And one of the easiest ways to start putting away a few dollars for those retirement years is by joining the Payroll Savings Plan where you work and buying U.S. Savings Bonds.

That way every time you earn a little money for today, you save a little for tomorrow.

Then when the time finally comes to retire, you'll have something put away to retire to.

Now U.S. Bonds pay 7% interest when held to maturity of 5 years. 10 months 10% the first year, 12% the second, 14% the third, or 15% the fourth. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

## Ag Exemptions

Austin—Comptroller Bob Bullock says his office has rewritten sales tax procedures on agricultural exemptions to make them as easy to read as a mail-order catalog.

The new procedures will be effective about July 15, he said.

The Comptroller said the procedures clarify the fact that the following items are exempt from the sales tax: expendable supplies such as hand tools, baling wire, binders, twine, hardware, tires and lubricants for farm machinery; fences, pens, gates, cattle guards and chutes; and structures that can be considered a piece of equipment, such as automated laying houses and farrowing houses. However, most farm buildings, such as barns, garages, warehouses and family dwellings, are taxable, he said.

Any farmer or rancher seeking an exemption must have an exemption certificate on file with the retailer at the time of purchase.

The Comptroller said that persons needing more information about the new procedures may call the Comptroller's Office toll-free at 1-800-292-9687.
