Your son's education for instance. But by the time he's ready for college his education may well cost a small fortune. The kind you just don't have lying around under a bed. That's just the reason why your government has a great thing going. A U.S. Savings Bond. In themselves they're not a quick buck. They won't make you that fortune overnight. But in the long run they do pay off. Darn well at that. And at a guaranteed rate. Starting a savings plan is easy. You can join a Payroll Savings Plan where you work. Or get into a Bond-A-Month Plan where you bank. Then watch someone's future grow. Like your son's.

**Are you**  
**going to live**  
**longer than**  
**your money?**

Maybe you're having a pretty good life now. Your credit is good, you've got a few nice clothes and a good dependable car. And if you're lucky, maybe you own your own home. But that's because you're working. What happens when you retire? You can't live on memories. It's still going to take money. Lots of money. Money that you should be saving now.

And one of the easiest ways to start putting away a few dollars for those retirement years is by joining the Payroll Savings Plan where you work and buying U.S. Savings Bonds.

That way every time you earn a little money for today, you save a little for tomorrow. Then when the time finally comes to retire, you'll have something put away to retire to.

These Bonds pay 7 1/2% interest when held to maturity of 6 years, 10 months and 10 days. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

## School Lunch Program

The Hedley Schools today announced its policy for free and reduced lunches for children unable to pay the full price for meals served under the National School Lunch Program.

Children from families whose income meets those indicated on the attached charts are eligible for free meals. In addition, families not meeting these criteria but with other unusual expenses due to unusually high medical expenses shelter costs in excess of 30% of income, special education expenses due to the mental or physical condition of a child, and disaster casualty losses are urged to apply.

Application forms will be given to students when they enroll in classes. Additional copies are available at the principal's office. The information provided on the application is confidential and will be used only for the purpose of determining eligibility. Applications may be submitted at any time during the year.

In certain cases foster children

are also eligible for these benefits. If a family has foster children living with them and wish to apply for free meals you should contact the school.

In the operation of this program no child will be discriminated against because of race, sex, color or national origin.

Under the provisions of the policy, the school will review all applications and determine eligibility. If a parent is dissatisfied with the ruling of the school, they may make a request for a hearing either orally or in writing, to either:
