Teacher's Association will have
its annual banquet on November
27, 1976 at 7:30 p. m. in the High
School cafeteria. All Ex-Students
and Ex-Teachers and their guests
are urged to attend. A barbecue
dinner will be served at \$3.00 per
plate.

The Graduating Class of 1929
is planning a reunion at that time.

After dinner a short business
meeting will be held. Officers
are: Fred Watt, President; Joe
Neal Beavers, Vice-President;
Dorothy Martin, Secretary-Treas-
urer; and Geneva McAfee, Deco-

Lynn Cherry of Amarillo and
Mr. and Mrs. Larry Carter and
Katherine of Canyon visited the
T. J. Cherrys Sunday.

Mr. and Mrs. Mott Mills and
Mrs. Carl Milliron of Snyder,
Okla., visited the Clifford John-
sons Wednesday.

Agriculture Extension Service

Fertilizers will be ample to meet
farm and ranch needs this fall and
next spring although prices will
be slightly higher. Pesticides
should also be sufficient but prices
are likely to increase due to larger
crop acreages next year.

A good selection of machinery
is available but a shortage could
develop later. And the fuel sit-
uation should remain stable un-
less there's a long, frigid winter
or an oil embargo.

Mrs. Myrtle Simmons

Funeral services for Mrs. Myr-
tle A. Simmons, 72 of Amarillo,
who passed away there Monday
of last week, were held Wednes-
day there. Burial was in an Am-
arillo cemetery.

Columbus, Georgia, and moved to
Wellington with her parents
when she was 2. She had been a
music teacher in Hedley before
being married to Homer F. Sim-
mons in Clarendon in 1934. She

ist Church.

Homer and son, Frank, two sis-
ters, and four grandchildren.

ON ELECTRIC COOKING

- Make double use of your oven by preparing an extra dish or planning meals ahead; or prepare total oven meals.
- Start foods cooking on a high heat and reduce heat when the foods reach boiling. Use just enough heat to maintain the desired rate of cooking. Turn off controls before cooking is completed; use retained heat to finish cooking.
- Cook vegetables in a small amount of liquid to conserve energy and vitamins.
- Select pans with flat bottoms for best contact with heating units, and match pan size of surface unit or cooking area for efficient heat transfer.

Your son's education for instance.
But by the time he's ready for college his education may well cost a small fortune.
The kind you just don't have lying around under a bed.
That's just the reason why your government has a great thing going. A U.S. Savings Bond.
In themselves they're not a quick buck. They won't make you that fortune overnight. But in the long run they do pay off. Darn well at that. And at a guaranteed rate. Starting a savings plan is easy.
You can join a Payroll Savings Plan where you work. Or get into a Bond-A-Month Plan where you bank.
Then watch someone's future grow. Like your son's.

They laughed when I bought my first Bond.

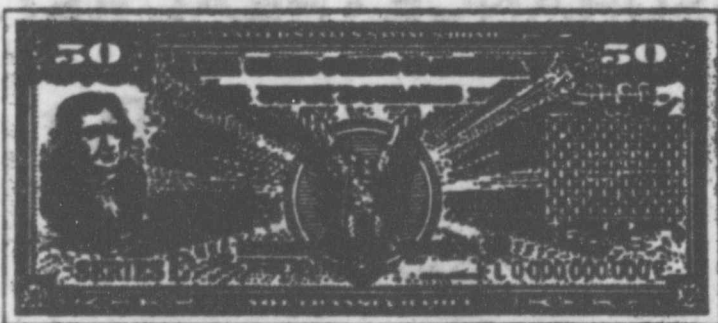

In my neighborhood everyone was poor. Most of us were lucky if we had enough food to eat or clothes to wear. So like most kids we spent a lot of time talking about the things we wanted out of life. Things like owning a big car, wearing fine clothes and going to all of the best places. Boy, we could hardly wait to grow up.

Like the other kids I had little odd jobs in grammar school but I got my first real job when I started high school. I was a junior clerk in a big department store. That's where I first heard about U.S. Savings Bonds. My boss asked me if I wanted to join the Payroll Savings Plan and I said yes. A month later I got my first bond.

When my friends found out they really had a good laugh. Imagine buying U.S. Savings Bonds when there were so many other great things to buy. Well, they kept laughing and I kept saving all through high school.

After graduation some of us wanted to go to college. And that's when my Bonds really came in handy. They not only helped pay my tuition, but also helped buy some books.

Well, I'm a sailor now and looking forward to graduation. Unfortunately, a lot of my friends never even got started. And to think, they laughed when I bought my first Bond.

Now U.S. Bonds pay 5 1/2% interest when held to maturity of 6 years, 10 months (4% the first year). Bonds are insured if lost, stolen, or destroyed. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.
