School Tax Raised

The school board for Hedley ISD has raised the rate from \$1.45 to \$2.00 per \$100 valuation for the 1977 school year.

Staggered Registration

Beginning with the next registration year, motorists will pay registration fees on a staggered year round schedule based on present license plate numbers. In addition to a series of DHT releases giving details of the new procedure information concerning the 1977 and later registration methods is in the hands of county tax assessor-electors.

The year-round staggered registration will make the long waiting lines of last March a thing of the past

Over 200,000,000 prescriptions
will be filled by Rexall Pharmacists
this year—there must be a reason!

As a matter of fact there are several reasons why the
nation's Rexall Pharmacies fill this tremendous num-
ber of prescriptions.

Only the stores which bear this sign...the
sign of over 10,000 Rexall Drugstores...have
the exclusive right to offer drugs developed
and perfected in the world-famous Rexall laboratories. In addition,
the Rexall Pharmacist carries stocks from the entire pharmaceuti-
cal industry. You always receive the finest quality drugs available.

Prescriptions are the lifeblood of every Rexall Drugstore. Each
Rexall Pharmacist is painstakingly accurate
in making certain you receive exactly what
your doctor prescribed. His primary concern
is your good health and that of your family.

Most Rexall pharmacists are independent businessmen...owning
their own stores. Their pride of ownership and efficient operation
is evidence of customer satisfaction. By choosing to identify their
stores with the Rexall name they have accepted the Rexall guaran-
tee... every Rexall Brand drug product is guaranteed to satisfy
or your money back.

These are a few of the reasons for
Rexall's popularity. Take your next
prescription to a Rexall Pharmacist
... discover the other reasons for
yourself.

They laughed when I bought my first Bond.

In my neighborhood everyone was poor. Most of us were lucky if we had enough food to eat or clothes to wear. So like most kids we spent a lot of time talking about the things we wanted out of life. Things like owning a big car, wearing fine clothes and going to all of the best places. Boy, we could hardly wait to grow up.

Like the other kids I had little odd jobs in grammar school but I got my first real job when I started high school. I was a junior clerk in a big department store. That's where I first heard about U.S. Savings Bonds. My boss asked me if I wanted to join the Payroll Savings Plan and I said yes. A month later I got my first bond.

When my friends found out they really had a good laugh. Imagine buying U.S. Savings Bonds when there were so many other great things to buy. Well, they kept laughing and I kept saving all through high school.

After graduation some of us wanted to go to college. And that's when my Bonds really came in handy. They not only helped pay my tuition, but also helped buy some books.

Well, I'm a senior now and looking forward to graduation. Unfortunately, a lot of my friends never even got started. And to think, they laughed when I bought my first Bond.

Are you going to live longer than your money?

Maybe you're having a pretty good life now. Your credit is good, you've got a few nice clothes and a good dependable car. And if you're lucky, maybe you own your own home. But that's because you're working. What happens when you retire? You can't live on memories. It's still going to take money. Lots of money. Money that you should be saving now.

And one of the easiest ways to start putting away a few dollars for those retirement years is by joining the Payroll Savings Plan where you work and buying U.S. Savings Bonds.

That way every time you earn a little money for today, you save a little for tomorrow.

Then when the time finally comes to retire, you'll have something put away to retire to.
