The Cheerleaders

The Cheerleaders of 1977-78 would like to express our appreciation to all of those who helped us with our projects during the summer.

We would also like to tell you exactly what our job is. We are here to lead our school with spirit and pep. We are cheerleaders, just what our name says, and we intend to do our very best to make this year an exciting one for our crowd and the players.

We would like everyone to come to all the games possible and help us cheer the teams on to victory.

The Cheerleaders

Cotton Festival

The dates for Hedley's annual Cotton Festival are set for Oct. 6, 7 and 8, with the usual three day carnival and concluding Saturday when the new Queen is crowned.

For three days everyone may enjoy the carnival midway, booths featuring games, merchandise for sale, old settlers reunion, amateur talent show, morning breakfast, urban barbecue, downtown parade, old fiddlers and hojo picking contests, drawing for a bale of cotton and the queen coronation Saturday evening.

The Festival is sponsored each year by the Hedley Lions Club.

The Lions invite everyone to come have a good time.

Staggered Registration

Beginning with the next registration year motorists will pay registration fees on a staggered year-round schedule based on present North plate numbers. In addition to a series of DHT releases giving details of the new procedures information regarding the 1977 and later registration methods is in the hands of county tax assessors.

School Tax Raised

The school board for Hedley ISD has raised the rate from \$1.45 to \$2.00 per \$100 valuation for the 1977 school year.

Birthday Observed

Mrs. Lucy Bishop celebrated her 86th birthday last Thursday in the Donley County Medical Center where she has resided since February.

Cake and punch were served to some 85 guests who came to wish "Mama Lucy" a happy birthday.

Card of Thanks

I wish to take this opportunity to thank everyone for the cards, flowers and good wishes during my stay in the hospital. Thank you and God bless you.

Betty Dwight and children and Lois Lind

Mr. and Mrs. Wayne Hubbard returned last Wednesday from a trip to Houston.

Accident Control

Electrical hazards are major fire starters. Make sure that wiring in older homes and buildings is adequate to service modern equipment and check for defects periodically, cautions the Texas Agricultural Extension Service.

Allergies

More than 31 million Americans are allergic, says Carla Shearer, health education specialist with the Texas Agricultural Extension Service. The Texas A&M University System. "Allergies can often be helped through treatment," the specialist says.

Social Security

A Social Security person will be at the court house in Cleburne from 9:15 to 12:00 every Thursday in September.

He will also be at the City Housing Authority in Midville from 9:00 to 11:30 every Tuesday in September.

The year-round staggered registrations will make the long waiting lines of last March a thing of the past.

Reddy's helpful tips for your

HOME LAUNDRY

PLAN AHEAD

Sort clothes according to type of fabric, color-fastness, degree of soil and garment construction.

You'll save both hot water and electricity by doing similar items together.

Accumulate a full load before running your washer.

BE SELECTIVE

Choose the cycle that is precisely appropriate for the clothes you are washing. Is a "hot" temperature setting really necessary? Except for heavily soiled items, most loads will come clean in either a cold or warm wash. Look into cold wash detergents.

Too much detergent can clog machine and drains... always measure, don't guess!

Follow the manufacturer's recommendations for your type equipment.

Mixing brands of detergents can cause graying of clothes.

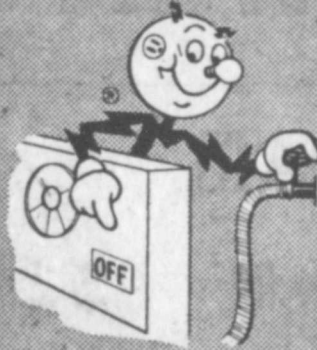

FOR SAFETY SAKE

Be sure control is "off" before reaching into your washer.

If one is necessary, use only a heavy duty extension cord.

Be sure your washer is grounded.

Keep dry cleaning agents, color remover and Fiberglas out of your washer. It's a good idea not to wash clothes containing cleaning fluids in your washer.
