Birthday Dinner

Birthdays are the events of the month in the Pete Messer family during September, and Sunday, Sept 18, three birthdays were celebrated at the Doyle Messer home.

Mrs Lillie Messer's birthday was the 17th and there was a cake made especially for her by Angela, decorated with the date and her name. Doyle's birthday was five days earlier and Stuart's four days later.

Present to enjoy the occasion were Mr. and Mrs. Pete Messer; Mr and Mrs Jim Hudson and Maxie, Mike Hines and Miss Angela Messer, all of Amarillo. Two grandchildren, Krista Hudson of Amarillo and Lyndon Messer of Lubbock, missed the "Birthday Special".

Future Queens

Young ladies in the Future Queen contest include Misty Clendinning, Debbie Ward, Schell Holland, Susan Phelps, Rachel Torres and Jessica Sims.

Two Hedleyans are now employed through the Green Thumb project, a public service employment and training program for senior citizens.

To qualify a person must be at least 55 years old, have an income below the Federal low-income measure and pass a medical examination.

The two Hedleyans employed are Mrs Mollie Dickson, who will provide telephone assurance to shut-ins and senior citizens in Hedley, and Mrs Rhoda Ketchum, who will work in the Hedley city office. This will not cost the city anything.

We are glad to see these two worthy people provided with a chance for useful employment.

They laughed when I bought my first Bond.

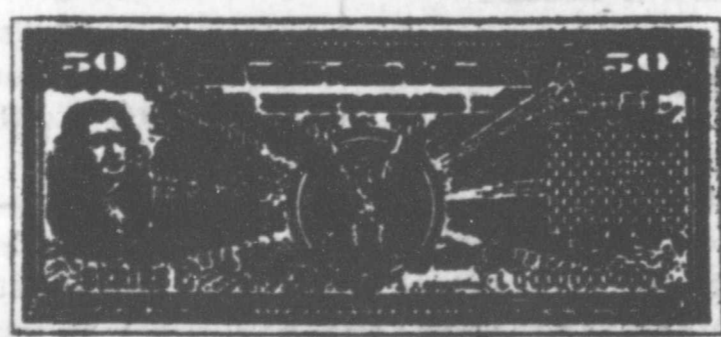

In my neighborhood everyone was poor. Most of us were lucky if we had enough food to eat or clothes to wear. The biggest thing we spent a lot of time talking about was the things we wanted out of life. Things like owning a big car, wearing nice clothes and going to all of the best places. Oh, we could hardly wait to grow up.

Like the other kids I had little odd jobs in summer school but I got my first real job when I started high school. I was a junior clerk in a big department store. That's where I first heard about U.S. Savings Bonds. My boss asked me if I wanted to join the Payroll Savings Plan and I said yes. A month later I got my first bond.

When my friends found out they really had a good laugh. Imagine buying U.S. Savings Bonds when there were so many other great things to buy. Well, they kept laughing and I kept saving all through high school.

After graduation some of us wanted to go to college. And that's when my Bonds really came in handy. They not only helped pay my tuition, but also helped buy some books.

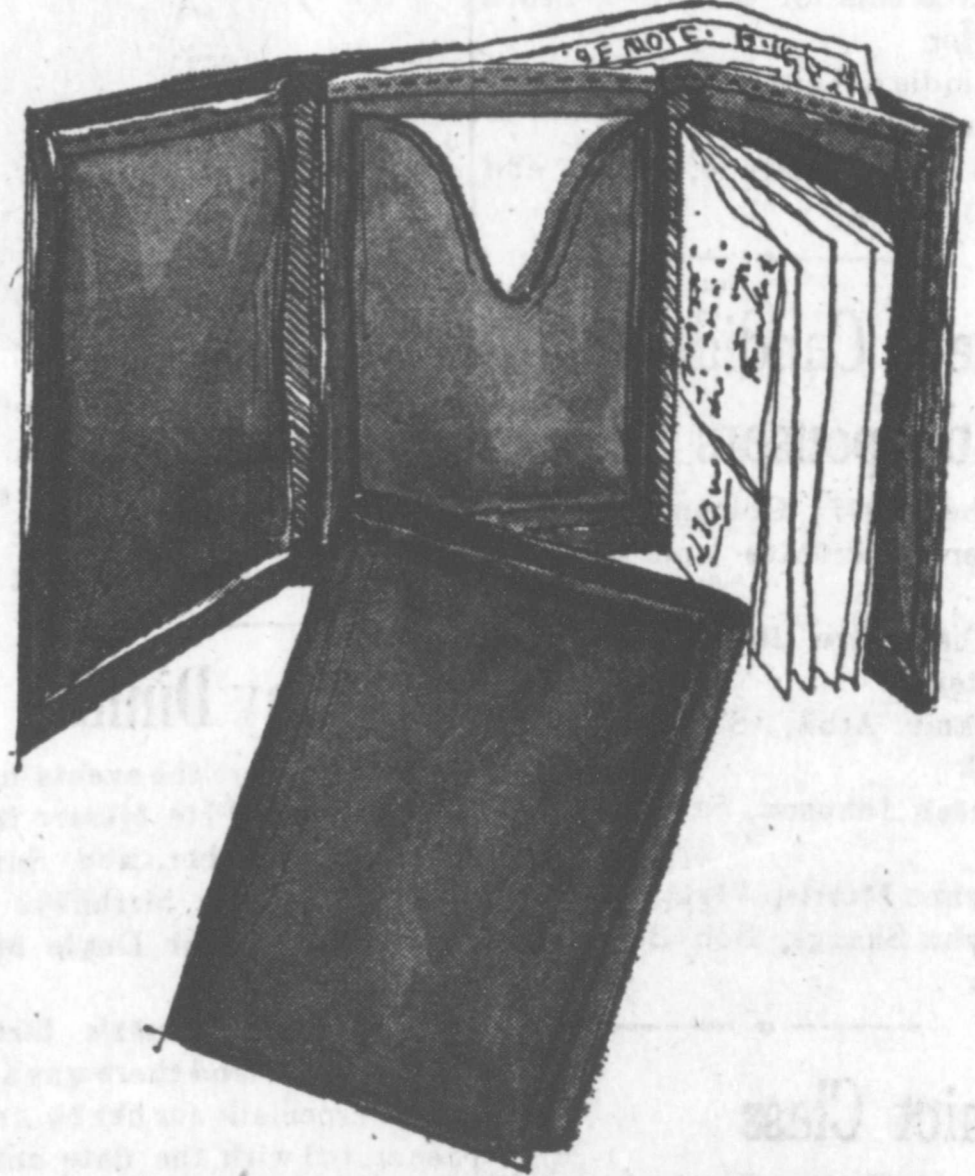

Well, I'm a senior now and looking forward to graduation. Unfortunately, a lot of my friends never even got started. And to think, they laughed when I bought my first Bond.

Now all Bonds pay 8 1/2% interest when held to maturity of 6 years, 10 months (with the first year's bond are applied if held, during, or during). When needed they can be cashed at any time. Interest is not subject to tax if held through maturity.

"My natural beauty usually attracts so much attention that drivers take their eyes off the road to stare at me and they run into telephone poles and fire hydrants. It's a mess. But you Texans keep your minds on your driving. You don't give beauty more than a quick glance. You drive friendly."

There's a future in it for someone.

Your son's education for instance. But by the time he's ready for college his education may well cost a small fortune. The kind you just don't have lying around under a bed. That's just the reason why your government has a great thing going. A U.S. Savings Bond. In themselves they're not a quick buck. They won't make you that fortune overnight. But in the long run they do pay off. Darn well at that. And at a guaranteed rate. Starting a savings plan is easy. You can join a Payroll Savings Plan where you work. Or get into a Bond-A-Month Plan where you bank. Then watch someone's future grow. Like your son's.

Staggered Registration

Beginning with the next registration year motorists will pay registration fees on a staggered year round schedule based on present license plate numbers. In addition to a series of DHT releases giving details of the new procedures information concerning the 1977 and later registration methods is in the hands of county tax assessor-collectors.

The year-round staggered registrations will make the long waiting lines of late March a thing of the past.
