If so we saw it there. Perhaps you spoke the kindest word. That any friend could say. Perhaps you were not there at all.

Just thought of us that day. Whatever you did to comfort our heart. We thank you so much whatever the part.

Accident Control

The number of workdays lost annually due to the toll of the job deaths, injuries, and work slowdowns and stoppages caused by accidents is equivalent to the annual loss of one week's production of all businesses and industries, says the Texas Agricultural Extension Service.

Allergies

More than 31 million Americans are allergic, says Carla Shearer, health education specialist with the Texas Agricultural Extension Service. The Texas A&M University System "Allergy" can often be helped through treatment," the specialist says.

Institutions will make the long waiting lines of late March a thing of the past.

They laughed when I bought my first Bond.

In my neighborhood everyone was poor. Most of us were lucky if we had enough food to eat or clothes to wear. So like most kids we spent a lot of time talking about the things we wanted out of life. Things like owning a big car, wearing fine clothes and going to all of the best places. Boy, we could hardly wait to grow up.

Like the other kids I had little odd jobs in grammar school but I got my first real job when I started high school. I was a junior clerk in a big department store. That's where I first heard about U.S. Savings Bonds. My boss asked me if I wanted to join the Payroll Savings Plan and I said yes. A month later I got my first bond.

When my friends found out they really had a good laugh. Imagine buying U.S. Savings Bonds when there were so many other great things to buy. Well, they kept laughing and I kept saving all through high school.

After graduation some of us wanted to go to college. And that's when my Bonds really came in handy. They not only helped pay my tuition, but also helped buy some books.

Well, I'm a senior now and looking forward to graduation. Unfortunately, a lot of my friends never even got started. And to think, they laughed when I bought my first Bond.

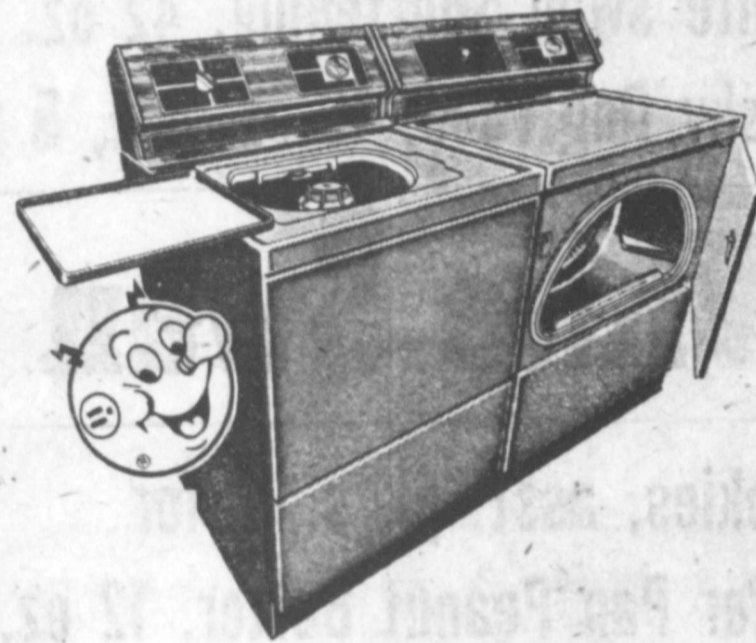

Now E Bonds pay 5 1/4% interest when held to maturity of 6 years, 10 months (4% the first year). Bonds are replaced if lost, stolen, or destroyed. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Proper Energy Management Can Save You Money!

In Your HOME LAUNDRY

- ★ You can make it easy on yourself by saving your laundry for full loads. Doing a lot of small loads takes up your time. And uses up extra energy, hot water and detergents.
- ★ Use hot or warm water only on laundry that really needs it. And use the soak cycle on badly-soiled clothes. It can save washing them twice.
- ★ Full loads, without overloading, also help you get the most out of your clothes dryer. Keeping the lint filter clean is most important. A lint-packed filter can double your drying time.
