Watt Donates Heifer

On Friday, Oct 28, Fred Watt local rancher and member of the Hedley school board, presented the FFA chapter with a check for \$150 for a heifer which he had donated earlier this fall.

Mr. Watt had expressed a desire earlier to help the FFA boys by giving the chapter a heifer. He then took her to market for them and brought them the check.

Mr. Watt's gift is sincerely appreciated by Mr. Messer and the boys, but the spirit of interest that prompted him to give it has even more value, especially at this time when so many people are taking a bad light on the whole business of Agriculture. It is gratifying to find a man who has spent his entire life helping to keep beef on the table of America now trying to encourage young men to learn how to continue in the field of agriculture.

The boys will use this money to improve the chapter feeding pens where they are to feed some calves as a chapter project involving all the FFA members. They plan to experiment with feeding various local grains and to keep records on the results.

Are you going to live longer than your money?

Maybe you're having a pretty good life now. Your credit is good, you've got a few nice clothes and a good dependable car. And if you're lucky, maybe you own your own home. But that's because you're working. What happens when you retire? You can't live on memories. It's still going to take money. Lots of money. Money that you should be saving now.

And one of the easiest ways to start putting away a few dollars for those retirement years is by joining the Payroll Savings Plan where you work and buying U.S. Savings Bonds.

That way every time you earn a little money for today, you save a little for tomorrow.

Then when the time finally comes to retire, you'll have something put away to retire to.

Buy U.S. Bonds pay 7 1/2% interest when held for maturity of 5 years, 10 months 14% the last year. Bonds are redeemable if lost, stolen, or destroyed. When needed they can be cashed at your bank. Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.

Staggered Registration

In addition to a series of DHT releases giving details of the new procedure information concerning the 1977 and later registration methods is in the hands of county tax assessor-collectors.

There's a future in it for someone.

Your son's education for instance.

But by the time he's ready for college his education may well cost a small fortune.

The kind you just don't have lying around under a bed.

That's just the reason why your government has a great thing going. A U.S. Savings Bond.

In themselves they're not a quick buck. They won't make you that fortune overnight.

But in the long run they do pay off. Darn well at that. And at a guaranteed rate.

Starting a savings plan is easy.

You can join a Payroll Savings Plan where you work. Or get into a Bond-A-Month Plan where you bank.

Then watch someone's future grow. Like your son's.

BOB Simpson makes sense...

... because he is the only candidate with any state legislative experience. Bob Simpson has a proven record of hard work, responsiveness and effectiveness.

... because he believes in open and candid government. Bob Simpson is the only candidate making full public disclosure of all his personal financial records. He is known for his honesty and integrity.

... because he has farming and ranching interests in this district, and is committed to solving the problems of farmers and ranchers.

... because he opposes a state income tax. Bob Simpson has never voted for a tax increase.

Sure there are candidates in this race who make lots of noise and are full of promises. But campaign rhetoric isn't what this district needs. We need a Senator who will work for us. A Senator who can find realistic solutions to the problems facing our state. Bob Simpson will be the Senator we need ... because Bob Simpson makes sense.
