was the

Sugar Daddy.

On August 26, 1842, Norbert Rillieux put a patent on a sweet idea.

It was a way to refine sugar. To help the sugarcane juices evaporate more quickly, he enclosed condensation coils in a vacuum chamber. A process that's made things a lot sweeter ever since.

You can make your future a little sweeter, too, by buying U.S. Savings Bonds through your Payroll Savings Plan.

They're the dependable way to save for an education, vacation, or even retirement. Because they always pay off with interest.

So buy U.S. Savings Bonds.

And be a "sugar daddy" in your spare time.

Series E Bonds pay 6% interest when held to maturity of 5 years (4 1/2% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.
