**There's
 a future in it
 for someone.**

Your son's education for instance.
 But by the time he's ready for college his education may well cost a small fortune.
 The kind you just don't have lying around under a bed.
 That's just the reason why your government has a great thing going. A U.S. Savings Bond.
 In themselves they're not a quick buck. They won't make you that fortune overnight. But in the long run they do pay off. Darn well at that. And at a guaranteed rate.
 Starting a savings plan is easy. You can join a Payroll Savings Plan where you work. Or get into a Bond-A-Month Plan where you bank.
 Then watch someone's future grow. Like your son's.

A very REFINED Gentleman OR how NORBERT RILLIEUX was the original Sugar Daddy.

On August 26, 1842,
Norbert Rillieux put a patent
on a sweet idea.

It was a way to refine sugar.

To help the sugarcane
juices evaporate more quickly,
he enclosed condensation coils
in a vacuum chamber. A
process that's made things a
lot sweeter ever since.

You can make your future
a little sweeter, too, by buying
U.S. Savings Bonds through
your Payroll Savings Plan.

They're the dependable
way to save for an education,
vacation, or even retirement.
Because they always pay off
with interest.

So buy U.S. Savings
Bonds.

And be a "sugar daddy" in
your spare time.

Series E Bonds pay 6% interest when held to maturity of 5 years (4% the first year). Interest is not subject to state or local income taxes, and federal tax may be deferred until redemption.
