

Bull Town Bulletins
By Bill Ellis

WE HAVE ALWAYS been fascinated by the subject of space, the planets and so forth. As a youngster, we enjoyed science-fiction stories and movies.

Just in time, our children got to be the right age, so it didn't look so funny when we saw Star Wars (twice), Close Encounters, etc., etc.

So naturally, we were interested and impressed recently by the successes of our country's Pioneer II spacecraft, and the remarkable color photographs it sent back of the planet Saturn.

The tiny, nine-foot spacecraft was launched in April of 1973, and has been in space for almost six and one-half years. It is remarkable that it has survived for the two billion mile journey in the first place, let alone transmit back pictures of such clarity after such a time and distance.

This can be chalked up as another major scientific triumph for our nation and "Yankee ingenuity."

It was pointed out that just a month after the craft was boosted into space, one of its twin transmitters went out of commission. But the backup has continued to work, for more than six years.

Through some miracle, the ship passed through the planet Saturn's rings without being destroyed. So, although this mission is virtually accomplished, it may yet record some other fact about our solar system which we have not discovered before.

The Pioneer spacecraft still has enough functioning instruments to begin exploring the secrets of Saturn, such as determining what the temperature of the planet is, the composition of its atmosphere, etc.

Whether the Saturn probe will give us any side benefits, such as the Apollo Moon program did, is not known at this time. However, we would think that it surely will. If they can build a craft that will last six and one-half years and travel more than two billion miles, there still should be hope for an automobile which would last at least as long, and record a fraction of that mileage.

And, when you talk about miles travelled for the amount of energy consumed, the Pioneer II probe has beat the heck out of most of our cars' performance.

SMILE:
EXERCISE: Had you ever wondered why so few bureaucrats jog for exercise? They get theirs jumping to conclusions and side-stepping issues.

MUSTANG FANS will be glad to see this. Pictured above is one of the fine looking caps the Lettermen's Club is selling. The baseball-type cap features the words "BOVINA MUSTANGS" across the front with a picture of a wild mustang in the center. The caps are available from the coaches at the field house for \$6 each.

OUTSTANDING YOUNG MAN

Jones Honored With Write-Up In Book

Joe W. Jones, Bovina resident, has been featured in the recently published "Outstanding Young Men of America." Jones was nominated for inclusion in the volume by the Bovina Jaycees.

Jones is the son of Mr. and Mrs. J.T. Jones. He attended Texas Tech University, and then the Fort Smith School of Auctioneering in 1961-62.

He was associated with Sears for three years, owned Jones Trucking Co. for four years. He served as assistant manager at Bovina Pump Company, 1973-78, and has served as

a field man for Chuck's Spraying Service since 1978.

Jones has been an active member of the Bovina Jaycees, directing the organization's farm sale, 1975 through 1977. He also has been in the Lions, where he was Tail Twister, 1976-77. He is a member of the volunteer fire department, serving as captain in 1976.

The active Bovina resident has devoted considerable time to the Little League, serving as commissioner from 1976 through 1978. He also has been in the Roping Club, serving as announcer. He is a member of the Parmer County Farm Bureau and the Bovina United Methodist Church.

While in the U.S. Army, Jones received the Bronze Star with oak leaf cluster, and also received U.S. Air Medals in 1967.

He is married to the former Marilyn Denise Clements, daughter of Mr. and Mrs. Jimmie Clement. They have two children, Carol and D'Anne.

Sign-Up Is Underway For P,P,K

Registrations are under way for the 1979 Punt, Pass & Kick Competition, sponsored locally by Friona Ford Sales. The contest, open to any youngster eight through thirteen years of age, has become a success throughout the country. Forms are available at Bovina schools for the event.

Any boy or girl who meets the age requirements and who can punt, pass and kick a football--or who'd like to try--will want to compete. Participants compete only against others their own age, and there is no body contact.

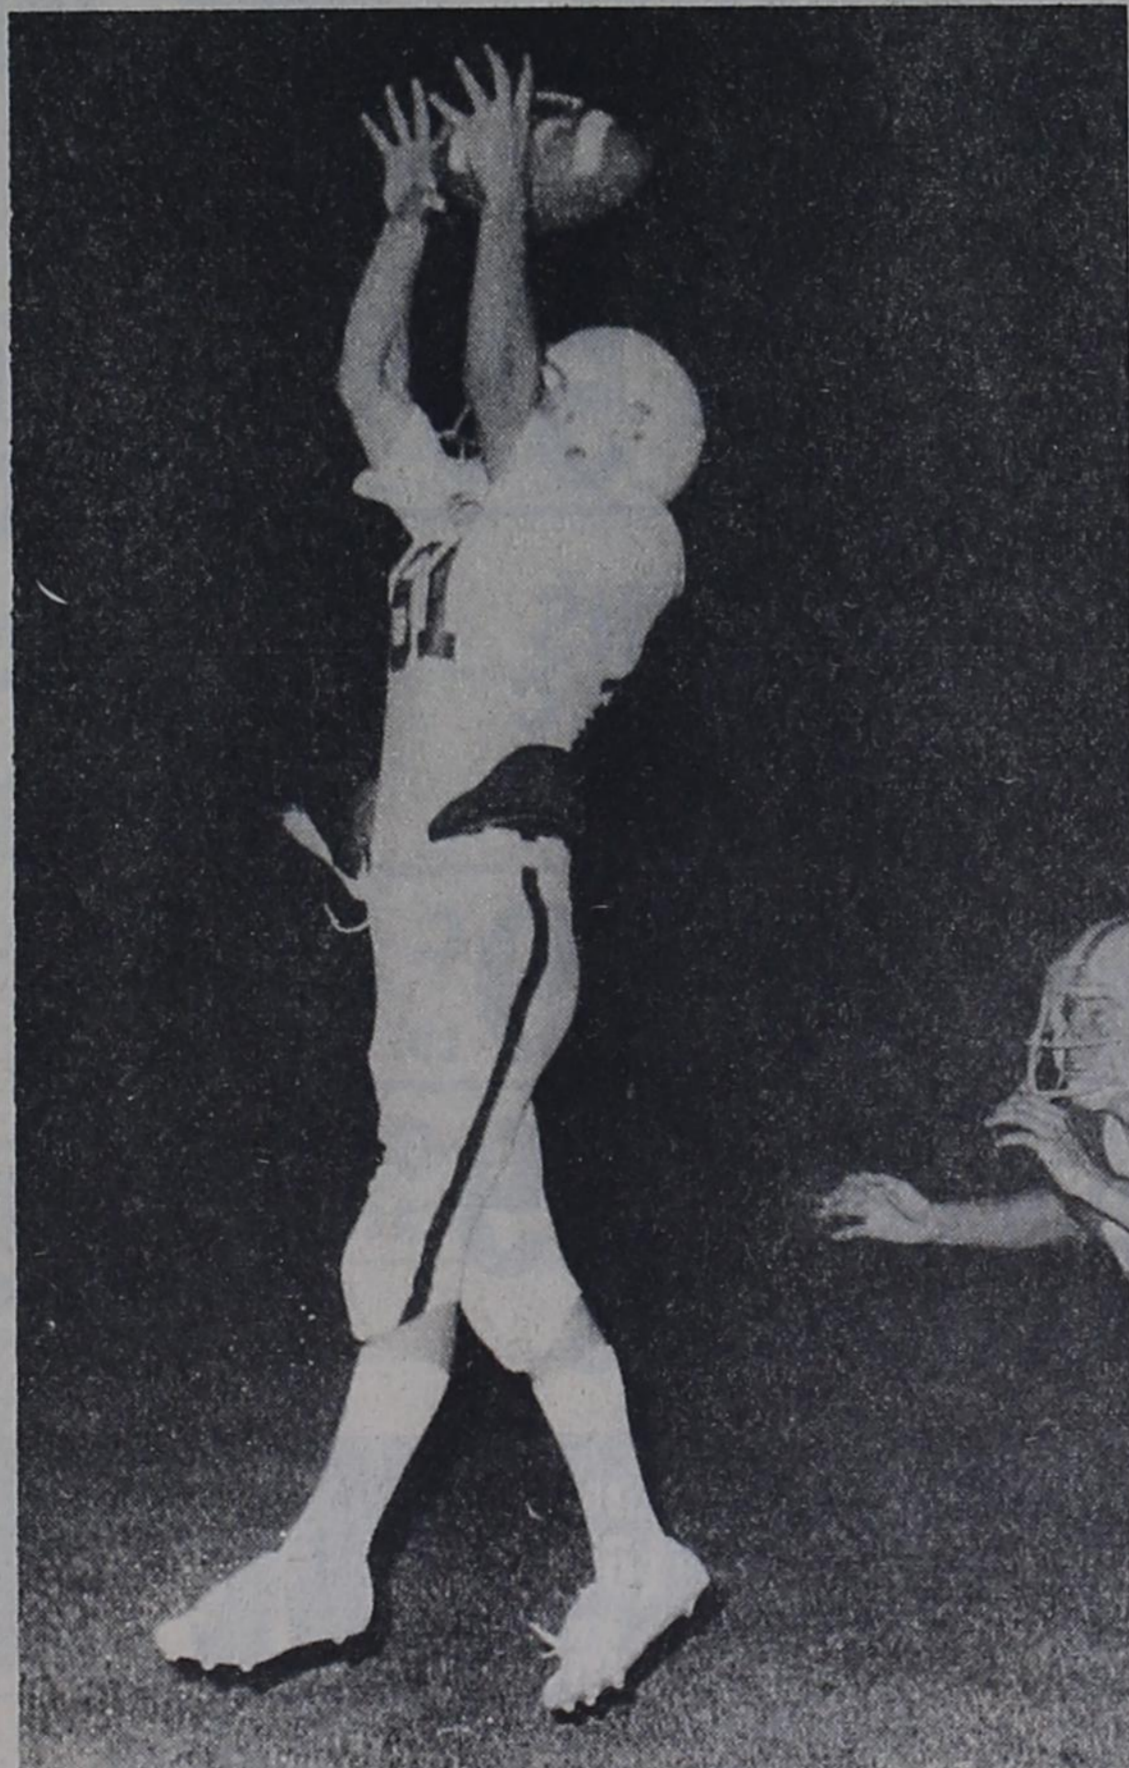

No special equipment is needed and participation does not impair a youngster's amateur standing. Each youngster competes in three categories--punting, passing and kicking. Judges score one point for each foot the ball travels on the fly, minus one point for each foot the ball lands to the right or left of the center tape.

Enrollment Gains From First Week

Enrollment in Bovina schools had increased by 23 students over totals from the first day, according to school officials.

Enrollment on Tuesday of this week stood at 96 in kindergarten through second grades; 264 in grades 3-8, and 174 in high school.

This is an increase of 23 students from last week's totals, but is still about that same number short of the second week's enrollment in 1978-79.

JUST MISSED....Dale Turner, 81, goes high in an attempt to pull in a pass from Ricky Shepherd during play at the

Mustang-Owl game Friday night. The Mustangs were stunned by the Owls, 29-0.

WALTZ ACROSS TEXAS.... David Waddle, 25, and Linda Tschirhart, 22, are shown above as they passed through Bovina on Waddle's try at

waltzing across Texas. The couple started Monday morning in Farwell and David plans to waltz along Hwy. 86 until he reaches Hollis,

Oklahoma in about 10-18 days. Waddle is a dance instructor at Amarillo College.

Maesie Flynn has had company visiting, Peggy Sue Lee and her nephew, Perry Lee, Jr., of Kansas City, Missouri. While here the group took a trip to Kellogg, Idaho, visiting friends there and at Sandpoint, Idaho

which is on Lake Couer d Alene. This is formed by glaciers out of Canada. They came back through Montana and Yellowstone, Wyoming. Said they didn't see any bears in the park, but did see moose and a fox. They also visited with relatives in Fort Collins and Denver, Colorado.

Joan and Lee Clark went to Albuquerque Labor Day and spent the day with their daughter and son-in-law, Karen and Phil Hoover.

Jim and I and our children, Tami and Arty Kunselman of Lazbuddie spent the Labor Day Weekend camping out in the Cimmaron Canyons. We had a lot of fun but not much luck fishing.

On the way, we stopped at an eating place near Springer and ran into a former Bovinian, Allen Carson. We had a good visit with him. He is counselor and assistant football coach at Springer High School. He said his wife, Casey, is raising several calves on the bottle and this keeps her busy. He is the son of Dixie and Marion Carson.

Wednesday the full House committee met and the state A.A.M. organization gave the committee members a luncheon. Both Donna and Ralph returned home Friday and Ralph spent the weekend and returned to Austin Monday night.

Rose and Les McCain went last Thursday to Lubbock to see Leslie's dad, Claude McCain, who is a patient in the Methodist Hospital in Lubbock.

Mr. and Mrs. Charles Steele have recently attended a family reunion at Vernon with about 100 family members. Saturday night they had supper in the home of Cora Mae Downs and Sunday the family had dinner at the Copper Park at Crowell and Monday visited with Virginia's mother, Mrs. Hugh Vinson in Paducah.

About two weeks ago, Larry and Donna Mitchell and their four children went to Taos for a few days of vacationing. Later Larry's parents, Mr. and Mrs. Dean McCallum joined them and also Larry's brother, Mike of Lubbock. Larry said they had a good time together and the children enjoyed fishing.

(Continued from Page 4)
Nina suffered a cardiac arrest and stroke last February and was in the hospital in Lubbock for four or five weeks and has been in the Bivins Center in Amarillo undergoing therapy since then. Mrs. Brock said her daughter is continually improving and some day will be completely well.

Letha Trienen went to Ruidoso recently with Ed and Alta Hutto and Roxie and Robert McLean. Said they had a good time together and the weather was nice and showers every day.

Letha and Nick have had Roxie's twins, Robbie and Jade, this week. They keep the little ones pretty often and enjoy it thoroughly.

About 100 people attended the Hopingardner Cousin Reunion August 26 and 27. Sounded like they had a great time together and people from six different states came to the T.J. Hopingardners for the reunion. They came from New Mexico, California, Idaho, Kansas, Oklahoma and Texas.

About a week ago Gladys Spring, her daughter Pam and friend Scott Johnson and Alicia Spring went to Nevada, Missouri. Alicia will be attending Cotty College there. On the way they visited relatives in Bentonville, Arkansas.

I talked with Don about a week after Alicia started to college and he said they had talked with her the night before and she had been elected president of the freshman class, so sounds like she is getting off to a very good start.

Sid Lloyd, her brother Elbert Kelley, another brother and sister-in-law, Mr. and Mrs. Homer Kelley of Texico, and another brother and sister-in-law, Mr. and Mrs. Bernie Kelley, also of Texico have just returned home from a two-week trip visiting and sightseeing.

The group went to the Royal Gorge in Colorado then to Grand Junction and visited with two nephews. Later they traveled to Weed, and Redding, California and visited Elbert's two brothers-in-law.

Later they traveled to Sacramento where they visited with Mrs. Homer

Kelley's niece. They visited with another niece and her family in Sunnyvale, California, who took them to the Yosemite Park.

Church Chuckles by CARTWRIGHT

"I gave prayerful consideration to the size of my pledge, then whacked it in half to be on the safe side."

Search For Peace

Over the years, I have read several biographies of Christ-centered men and women. I've been inspired by men, women and children who have found peace in very violent times of history, especially those who experienced the tragedy of the concentration camps during World War II or the prisoner-of-war camps of the Korean and Vietnam Wars.

A common theme ran through each of these accounts of human suffering. Their trust in the Lord and their meditation upon his Word was what brought them peace and victory in times of distress. In times when war, violence, injustice and hardships reigned, there was a source of peace within these individuals which could not be shaken.

God offers us that same strength, purpose and peace in our world of troubles too. If we will only center our minds upon him and his word, to seek it like silver (Proverbs 2:1-5), he will give us the peace that passes understanding. Let us seek our peace through him alone.

Fred said they all had a real good time together!

A couple of weeks ago Pauline Caldwell had surgery in the Methodist Hospital in Lubbock. She is now home and Bedford said she's getting along fine.

Marty has been with his parents for a week and returned to Dallas Saturday.

GRIN A LITTLE....

We just heard about a little boy who said to his teacher, "I ain't got no pencil."

She corrected him at once: "It's I don't have a pencil." "You don't have a pencil." "We don't have any pencils." "They don't have any pencils." Is that clear?"

"No," said the bewildered child. "What happened to all them pencils?"

An elderly farmer wrote to a mail order house as follows: "Please send me one of the gasoline engines you show on page 787, and if it's any good, I'll send you a check." In time he received the following reply: "Please send check. If it's any good, we'll send the engine."

The greatest use of life is to spend for something that will outlast it. Have a good week and thank you for helping out with the Scoops....

Mustangs Flat In Season Opener

The Bovina Mustangs traveled to Hale Center last Friday to take on the Hale Center Owls. The Mustangs came away the losers in the game, 29-0.

The Mustangs got off to a bad start when the Owls scored a safety on a bad snap during a Bovina punt. On the ensuing kickoff, the Owls returned the punt for a touchdown. The Mustangs were down by 9 points, and the game had barely begun.

Coach Monte Barnes said "I felt like we gave them all 29 points." He also felt that the Mustangs were out of condition and that hurt the Ponies more than anything. Only 17 players were suited up for the contest, so each player got to see a lot of playing time. "We moved the ball well at times, but then we would stall out," Barnes said.

Coach Barnes was pleased with the play of Richard Lowe and Jody Watts. Eddie Garcia was the winner of the Big Hit award.

The Mustangs had 115 yards rushing and 26 yards passing. The

Owls had 13 first downs to the Mustangs' 12.

Coach Barnes says he expects the Mustangs to improve a lot this next week, but they will need to, because they will be going against a large AA team in River Road. Barnes had this to say about River Road, "They are big, big, big. They have players in the 250, 240, 220 pound range. They will be plenty tough for us, as young as we are."

In a junior varsity game played last Thursday, the Mustang J.V. team was defeated by the Friona freshmen squad, 24-6. Coach Barnes felt that the team played well at times, and poorly at times. He is expecting the J.V. team to be strong contenders this year. They have some excellent players and plenty of quickness.

The Mustangs will play River Road this Friday night, Sept. 14 at River Road. The school is located north of Amarillo on the Dumas highway, about a mile past Thompson Park. The football field is just off the highway. Game time will be 8 p.m.

- A temporary provision of the proposed constitutional amendment provides that the amendment would take effect January 1, 1980; that each person who was appointed a notary public before January 1, 1980, would continue to serve as a notary public for the term for which the person was appointed; and that this temporary provision would expire January 1, 1982.

PROPOSITION NO. 2 ON THE BALLOT (H.J.R. 133)

House Joint Resolution 133 proposes an amendment to the Texas Constitution to provide for legislative review of the process of rulemaking by agencies in the executive department. The proposed amendment would allow the Legislature to enact laws:

- To provide for legislative review of the process of rulemaking by agencies in the executive department;
- To prescribe conditions for rules to take effect;
- To provide for suspension, repeal, or expiration of rules;

PROPOSITION NO. 3 ON THE BALLOT (S.J.R. 13)

Senate Joint Resolution 13 proposes an amendment to the Texas Constitution authorizing the Legislature to provide for the guarantee of loans used to purchase farm and ranch real estate for qualified borrowers. The proposed amendment would allow the Legislature to provide for, issue, and sell general obligation bonds called "Farm and Ranch Loan Security Bonds" of the State of Texas not to exceed 10 million dollars. All money received from the sale of such bonds would be deposited in a separate fund with the State Treasurer and administered by the commissioner of agriculture without further appropriations. These funds would be used to guarantee loans for the purchase of farm and ranch real estate. The commissioner of agriculture would use these funds, under provisions to be prescribed by the Legislature for the purpose of guaranteeing loans used for the purchase of farm and ranch real estate, to acquire real estate mortgages or deeds of trust on lands purchased with guaranteed loans. These funds would also be used to advance to the borrower a percentage of the principal and interest due. The Legislature may also authorize the commissioner of agriculture to sell at foreclosure any land acquired in the manner authorized by this amendment. The commissioner of agriculture would be required to charge at least 6 percent interest on such loans. The proposed amendment appropriates an amount that is sufficient to pay the principal and interest on the bonds that mature or become due during the fiscal year less the amount in the interest and sinking fund at the close of the prior fiscal year.

The proposed amendment will appear on the ballot as follows:
"The constitutional amendment authorizing the legislature to provide for the guarantee of loans for purchase of farm and ranch real estate for qualified borrowers by the sale of general obligation bonds of the State of Texas."
