Cotton Important

Income from cotton plays a key role in Texas' economy.

The production and processing of this natural fiber generates over \$2 billion in the state's economy each year.

More than 27,500 businesses in Texas are either directly or indirectly involved and provide jobs for 69,448 Texans.

Emergency Loans

A new Economic Emergency loan service for farmers and ranchers who have financial problems caused by credit shortage or crop-price squeeze is now in effect through Farmers Home Admin.
