"If a man had half as much insight, as he has hindsight, he would have twice as much foresight"

Volksmarch Draws Hikers From Germany

President of the Selma Pathfinders, Jay Spradling, presenting medals for completing all events to Iris Schmollack and Andreas Kronemann.

By LASHAWN WARDLAW
FORT CLARK NEWS

Fort Clark Springs was once again flooded with walkers, bicyclists and swimmers as the Selma Pathfinders held their second annual Volksmarch on Saturday and Sunday, September 22 and 23. Representatives from Louisiana, New Mexico, and Texas were on hand, along with a couple from Germany, to compete in six non competitive events which included bicycling, walking, and swimming over a two day period. Visitors started arriving

German visitors participate in three events. They love Texas and Texans

as early as Thursday morning and a steady stream of competitors continued through Saturday morning where they met at the Youth Activity Center for registration.

Two of the visitors, Iris Schmollack and Andreas Kronemann, traveled all the way from Hanover, Germany to participate in the

Volksmarch. They were familiar with the format and the events since the contest originated in Germany and they have participated in many of them on numerous occasions. The popularity of this event has found its way to the United States and is now growing at a very rapid pace.

Iris and Andreas jumped at the opportunity to visit the United States and Texas and see how a Volksmarch was organized and handled in the "States." Kronemann said, "This is the only place we have been in Texas but we dearly love it. There are so many events to participate in and

such beautiful country to hold the event."

The satisfaction an individual gets from visiting old friends and making new ones plus the privilege of competing in a 10k walk or a 300 meter swim is just too great to put into words. Hopefully, Fort Clark will remain on the Volksmarch Association's prized choice for many years to come.

Jay Spradling, president of the Selma Pathfinders who resides in Universal City, was heard commenting, "It's nice to come back to Fort Clark. Hopefully, we can do it again next year."

Nancy Mendoza

FFA Sweetheart

By GUS GARCIA
STAFF REPORTER

Nancy Mendoza, daughter of Mr. and Mrs. Maximo Mendoza, was re-elected FFA Sweetheart when the FFA members met Thursday, September 20.

Nancy is 17 years old and a senior

at Brackett High School. She has been a member of the FFA organization for two years. Last year she helped out in the Kinney County Livestock Show and competed in the FFA District Sweetheart Pageant in Medina Valley. With the knowledge and experience that she has had, she hopes to do a much better job this year.

Rosemary Rubino

Twirling Champ

By GUS GARCIA
STAFF REPORTER

Rosemary Rubino, a Senior at Brackett High School has chalked up another Regional Championship. Last Saturday Rosemary competed in a U.I.L. Solo and Ensemble twirling contest at Crystal City. For a consecutive third year, Rosemary has received a superior rating for her three baton solo routine. This superior rating has given her the right to a gold medal and a trip to state

competition. Last year she placed second and received a large silver medal. "I think I lacked self confidence" says Rubino, "but this year, it's mine." Rubino is the 17 year old daughter of Tom and Isabel Rubino and has been feature twirler for the last two years for the Tiger Band.

Future plans for Rosemary are to twirl for the University of Texas, a dream which is not out of her reach. A date has not been set for state competition, but Rosemary has begun to practice. Good Luck and Go for it Rose!

Commissioner Bizzell Assures Residents of No Wrongdoing

By LES ROPER
EDITOR

Residents living on the north side of the low water crossings on Tularosa Road still face the possibility of being stranded following a big rain. Their children could be forced to wait days for the high water to recede before they could return to school allowing them to continue their education. This situation was created by the work stoppage of the county on a job that had been approved by the commissioners along with bids submitted by Alamo Lumber and Baker Construction.

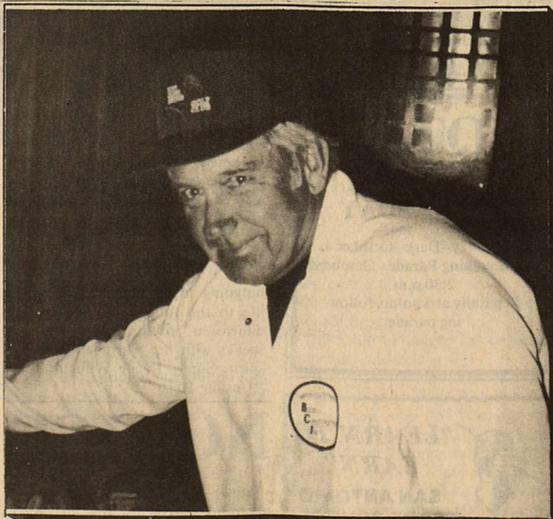

Commissioner Bill Bizzell, who was overseeing the project when it was halted, reported that the job had been approved and there was no legal reason for it not to continue. He continued by saying, "No one in the county has the legal authority to take it upon his/her self to stop work on a job that has been cleared by the Commissioners Court." However, he did say that the problem would be brought up at the next regular commissioner's meeting and the problem of hiring a state approved engineer would be resolved. He admitted that it was definitely going to create a delay since these things take time to finalize.

Rosemary Slubar, commissioner of precinct two, was asked about the delay on the construction and she reported that County Judge, Tommy Seargeant, was contacting available

It's the way the system works

engineers and as soon as he had them lined up he would be notifying the commissioners of a special called meeting to work out the problem. Slubar was very emphatic when she expressed a desire to resolve the problem and get on with the project. She is concerned with the little kids that have been known to wade the crossings in order to catch a school bus. She said, "That bothers me and I want it fixed."

One of the alleged irregularities was in regards to Commissioner Bizzell's men working on the low water crossings. When approached Bizzell replied, "I have men who work for me when I have work to do but I do not own them. At the time when the water crossing project was being started I had no work so the two men involved were hired by the county. The two of them have years of experience pouring concrete so hiring them would be beneficial to the county. It is public record that they were hired by the county and were being paid by the county." He continued by saying, "The county has never bought one yard of concrete from a company that is owned by the county judge. In the case of Earl Baker being awarded the Tularosa Road contract the concrete will be bought from Baker Con-

County Commissioner, Bill Bizzell, was in charge of the low water project at the time of the work stoppage.

struction. Where Baker buys his concrete is no concern of ours." Bizzell did admit that he had been cautioned about the public frowning on working his own men and Baker buying concrete from Seargeant Concrete for county projects. "There is nothing illegal taking place and working men and buying material the

way we are is the way the system works," said the commissioner.

Commissioner Slubar is very adamant with her desire to operate the county as a business and eliminating problems that have been questionable in the past. She implied that if she is given the time she can implement these ideas into reality.

R.G.E.C. Annual Meeting

Rio Grande Electric Cooperative's 45th Annual Meeting will be held on September 29, 1990 at the Fair Barn in Dell City, Texas. The meeting will be called to order at 10:00 a.m. by President B.W. Leeper. Registration will begin at 9:00 a.m.

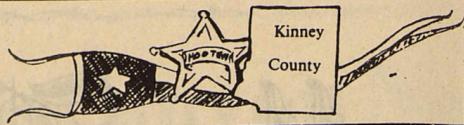

Annual reports will be given, the

results of the election of four directors will be announced, a program will be presented and a barbecue lunch will be served for members and their families.

We invite and urge all members to attend the 45th Annual meeting.

Sheriff's Corner

By Sheriff Norman H. Hooten

Death claimed a dear old friend Friday, September 21, 1990. Era Lee "Jackie" Trusdel passed away after a long illness and the loss of her steadfast friendship, support, love and faith in me will be sorely missed. Jackie often called me to let me know that she had baked a cake or made my favorite pie or to invite me to come by her home in Spofford for an old-fashioned home cooked meal. She was honest, loyal, caring, and concerned about others. As good a friend as anyone could want. Jackie was laid to rest in Brackettville on Monday, September 24, 1990, and though she will be missed by her family and many friends it is a comfort to know that at least her pain and suffering is over and my friend, Jackie, has gone to a better place. She is survived by her husband, my friend, Elmer, and a host of family members to whom my heart goes out to in their time of loss. Farewell, old friend, may you rest in peace.

We have been involved in several different and varied types of reports of criminal activity over the past week or so ranging from public intoxication, missing livestock, criminal mischief, disorderly conduct and the theft of a pine tree. And for good measure we also investigated a report of cruelty to animals related to suspected improper care of a dog.

At the current time we are involved in two separate missing livestock investigations. The first report is

several weeks old now with no newly developed leads and is tied into a subsequent report from the "Happy" Shahan Ranch in which 12 cows and 10 calves are missing from the same pasture as the first report which indicated that approximately 85-100 lambs are missing. The second (actually the third), missing livestock report came from Kinney County rancher Dick Herndon who reported approximately 85-90 yearling Angora nannies (goats) missing from a pasture on his ranch off Ranch Road 334 in north Kinney County. The investigation into the missing livestock reports is being coordinated with the assistance of Texas and Southwestern Cattle Raisers Association Field Inspector Robin Clark of Uvalde, Texas.

The 1985 Ford patrol car assigned to Chief Deputy David Luna bit the dust this past weekend with a blown engine. The car, which has logged over 100,000 miles on the odometer, was purchased new in 1985 and has served us well the past 5 1/2 years. It is estimated that engine wear doubled that of the logged mileage if you take into consideration the many hours of idling and slow patrol speeds a patrol car is exposed to. The costs of the repairs is estimated to be approximately \$1,400.00 and the car will be out of service approximately 10 days.

A patrol car is the most important law enforcement tool available to a modern day peace officer, it is his

home away from home in which he spends from 8 to 12 hours a day, every day. The patrol vehicle must be designed for heavy duty use with performance and safety of the peace officer in mind. It must be dependable and available for emergency use at any hour of the day or night when the officer and his car may be called upon to serve and protect the taxpaying public. It is of no consolation to a crime victim who has called for a peace officer and have that peace officer arrive too late to assist or perhaps not at all because his patrol vehicle broke down.

I have long advocated a patrol vehicle every two years, rotating a 2 year old car to active patrol duty for 2 years. Under this system with our current staff of two (myself and my Chief Deputy) a patrol car would be in service to the Sheriff's Department for four years and log an estimated 80,000 miles, which though excessive for safe, trouble-free law enforcement use, is still better than the 100,000 plus miles currently being logged before we receive a replacement. And, with this plan, we would virtually eliminate downtime and repair expense. So far I have not been successful in obtaining approval for my proposal from Commissioners Court and as a result we continue to experience the current problem of downtime and costly repairs linked with the undependability of old, wornout patrol cars which always seem to expire when we need them the most.

THAT'S ALL!

Kinney County Health Fair

The Texas Department of Health, Public Health Region 6 Nursing Division, will administer Tetanus/Diphtheria immunizations at the Kinney County Health Fair on 27 October 1990, 11 to 4 p.m. Every adult should receive a primary series of immunizations against diphtheria and tetanus, and a tetanus/diphtheria toxoid (TD) booster injection every 10 years. Antibody studies indicate that at least 50% of adults in the USA are susceptible to diphtheria, and the percentage is higher in women and the elderly. In recent years, tetanus in the USA has occurred most frequently in patients more than 50 years old. Lion B. Peter Pohl of the Brackettville Lions Club stated that approximately 30 health services and centers are registered to participate at the Health Fair.

Between Us

By Joe Townsend

There have been those since the Garden of Eden who take great delight in trying to bring God down from his exalted place to the level of entities proclaimed as gods by smaller segments of humanity. They assume religious aristocracy and arrogance. It is assumed that when one claims to be a "Christian Pastor" that he believes the Bible. There is no way one can believe the Bible and identify Jehovah as the same as any other God. To imply that so-called "native American" people all espouse the feelings of the Medicine Wheel is totally fallacious. There are many Christians and Christian churches who will not agree that the "Creator" is the same as Jehovah.

Certainly many of the social teachings are the same as those of Jesus. So many of the teachings of Confucius are also the same but Confucius never set forth any belief in God.

Many teachings of the Muslim faith echo the teachings of Jesus (sometimes directly quoted) but only ignorance would claim Allah the same as Jehovah.

The idea that "the name of God was too sacred to be held by humanity" is total fabrication. True, one designation of Jehovah would be neither spoken nor written. There were, however, a number of designations of Jehovah that were used freely and often. Someone likes to play on words when he tries to say "God" is not a name. Everyone knows there is a word "god" which is a generic term but in the modern world when "God" is spoken of, the reference is not to the "Creator", or

"Wakantanka," or "Abba Miko" or "Ysen" but to Jehovah. To say the term "Yahweh" is a "more modern term" is ridiculous. Yahweh is far older than any of the "gods" mentioned.

To say "Yahweh" is popularly misspelled as "Jehovah" exhibits a massive ignorance. Yahweh was translated to Jehovah when the ancient scrolls were translated into other languages. Typical of those who want to rationalize a heresy is the misapplication of Scripture.

"The recognition in the Medicine Wheel that we are all part of the one family of the Creator finds its affirmation in Paul's letter to the Galatians--"There is neither Jew nor Greek, there is neither slave nor free, there is neither male nor female. For you are all one in Christ Jesus" is typical of missapplication. The quoted Scripture does not say all mankind are one with no difference. It says we are all one in Christ Jesus, it says that all who have faith in Christ are the same.

No where in the Bible does God lump all mankind with their various Gods under His wings. The Bible is replete with history where they turned to other gods and were severely chastised. It included "the Medicine Wheel" more than any other religious gathering in the Western Hemisphere; why doesn't the advocate establish a continuous "Medicine Wheel" or many, many of them? They are so scarce as to be almost unknown.

"We tried to see that the Creator reveals Himself to each as we are able to understand Him" is folly of the worst sort. God, Jehovah, sent his Son Jesus to reveal the Father

(Jehovah). It's a simple and easy way to find God; the Bible sets it out. Repentance of sin and faith in Jesus Christ is the way to God. Jesus himself said, "I am the way, the truth, and the life. No man cometh to the Father but by me".

The cynical and totally asinine "Perhaps the absence of a pulpit to pound on and a mega-buck public address system to shout through and an offering plate to pass" shows the meanderings of an illogical mind. There are millions of churches in this world with no pulpits, no sound systems and no collection plates.

I myself have preached in brush arbors, open fields, beside river banks, in store front buildings, in rented halls and for 40 years before a sound system was dreamed of.

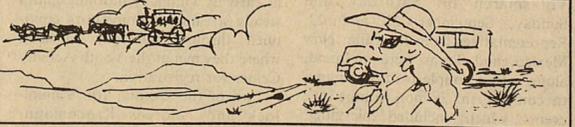

I am a Seminary graduate and I say "Jesus" with one "e". If you think the Gospel message is a quiet and gentle message, read some of Paul's sermons or Peter's or even the words of Jesus. It all boils down to one question, "Do you believe the Bible?"

What anyone believes is his own business. Jesus allows everyone to make his own decisions even to go to Hell if he chooses. Jesus came and was crucified to pay the penalty for sin. In no way did the "Universality come through the resurrection experience". One would have to turn over a lot of rocks to come up with such a stupid idea.

All of the "Medicine Wheels" and rationalism cannot change the fact that there is one God, Jehovah, who sent His Son, Jesus, into the world to die for sin and the only way to spend an eternity in heaven by faith and trust in Jesus as Savior. Check it out--in the Bible.

Days Past

by Dorothy Payne

In September the harvest moon got its name in song and story because of its position in the sky. Riding high above the horizon it shines very bright which allows the workers in the fields to work in the ripe fields late into the evening.

In September, 1917 William Dudley Haywood, one of the International

Workers of the World leaders was, along with some of his members, arrested for sedition. They had denounced World War I as a capitalistic attack on the world-wide working class. In 1918 Haywood was convicted and sentenced to twenty years in prison. While free on bail he escaped in 1921 and fled to the Soviet Union where he stayed until his death

on May 18, 1928.

On September 25, 1919, President Wilson collapsed with a stroke in Pueblo, Colorado. He had been campaigning for the acceptance of the United States into the League of Nations. He never completely recovered but remained in office for the rest of his second term.

Unsung Hero

by Joe Townsend

There is a lady here who has spent her life in Brackettville. She has worked for many different families in many different homes. She has always been highly regarded for her good work.

She is fiercely independent and an outgoing jovial person. She enjoys life to the fullest and adds a new dimension to the day when she speaks with her warm and friendly spirit. Surely Lucile Williams is an "Unsung Hero."

NOTICE

Super S Foods will now be accepting payments for CP & L customers to pay their electricity bill starting September 26, 1990.

CORRECTION

We wish to apologize to Dora Sandoval and Gloria Jimenez, Chairman, for mis-printing their names in last week's article listing the Band Booster Club planning committee members.

The Brackett News

TO THE VOTERS OF KINNEY COUNTY:

I wish to again express my grateful appreciation to those of you who supported me in the March Primary Election. I need your help again at the November 6, 1990 General Election.

To those of you who did not support me in the Primary Election I respectfully ask for your support at the November 6, 1990 General Election.

If re-elected I pledge to all of you continued fair, impartial and equal justice regardless of race, color, creed or political standing.

My wife and I have resided in Kinney County since 1950 and we have a warm regard for all of the people of Kinney County. I am concerned about the safety of everyone and believe violators of the law should pay the penalty if guilty. I also believe that anyone pleading not guilty is innocent until proven guilty by a preponderance of the evidence. I believe I am very well qualified to be Justice of the Peace because I have attended 140 hours of State sponsored seminars covering laws and the operation of this office, as well as three years and nine months

of practical experience gained from operating this office during my current term.

I am a firm believer that action and results speak louder than words and I cordially invite anyone to come and check the efficiency and proper operation of my office.

I served 4 1/2 years in World War II and was honorably discharged in 1945.

My civic service here includes: 22 years in Brackettville Volunteer Fire Dept.; 12 years a Volunteer Ambulance Driver; 8 years on Salvation Army Board; 3 years on United Fund Board; 1 year a Cub Scout Leader.

I would like to serve you as your Justice of the Peace for the next four years.

My health is fine, I like to work and I need the job.

Your vote and your support would be sincerely appreciated.

Thank you,
Alvin F. Hall

Regardless of who you vote for vote on Election Day!

Golf News

By Les Roper

Don't ever let it be said that God doesn't like golfers. Have you "hackers" noticed the grass that can now be seen in bare spots that have never produced vegetation before... not even huisache or "gotcha" bushes? Ain't no man in this world capable of growing grass on these pieces of hardpan and God knows it. That's why HE opened the "big valve" in the sky and let the rains fall so abundantly. Of course, the ranchers and the farmers took advantage of this free watering job but as golfers know the real reason, don't we. HE loves us.

Well, golfers, it's gittin' that time agin'. Yesterday afternoon I was out in the pasture when I thought I heard a very familiar sound... comin' from way off. I put my ear to the ground and listened very carefully and dawged if I don't believe I can hear winter Texans aheadin' this way. I cut me a listenin' stick from a chunk of green mesquite and drove it in the ground with the pointin' end aimed toward Colorado. I leaned up agin that stick with my only good ear and sure believe I heard Hoagy and Pat Nelson packing their van for the trip back to Texas. I aimed that same stick toward Wisconsin and, sure enough, I could hear Bobby and Barbara Miller arguing over who was going to drive back to Texas. I kept spinning that old piece of wood and I could hear all kinds of plans being made for the trip "home" by folks like the Dillihuntys, the Petejas, Deeschemaekers, Udys, Mayfields, Carol Benefield, Pecks, Herrons,

and all the others who are glad to leave for the summer but twice as glad to return in the Fall. Won't be long before the Fort Clark golfing family will be back together agin', standing on the number one tee box and arguing about who's gonna play who.

Folks, that's the way a genuine Texan talks when he gets excited over seeing old friends again.

My wife and I always compromise on everything we buy, thus eliminating harsh words or hard feelings. Mae wants a fur coat and I want a new car. We compromised buying the fur coat and keeping it in the garage.

Using the Stableford scoring system kept the men honest this past Wednesday as they divided up into teams of three each for a round of golf. A good turnout was on hand as the teams all started on the number one tee box. After nine holes of torrid scoring the team of Jim Swinney, Lou Sofaly and Jack Taunt moved into the lead with a plus 11. The back nine was won by Ralph Viestenz, Jim Bussey and James Stafford as they posted a plus 3. The total was won by Gordie Lundquist, Fred England, and Julian Garza with a super round of plus 15. The men have more or less adopted the Stableford system due to its simplicity and fairness in making teams.

The weekly Couples Tournament was held right on schedule this past Thursday morning with a better than average turnout. This tournament continues to remain at the top of the

"popularity" list as many husbands and their wives enjoy playing golf with one another. Thumping the rest of the competition was the team of Jim Bussey, Avis Anderson, Buck Hale and Vickie Nichols. Playing his same tenacious game of golf and claiming second place was golfing guru, Robbie Robinson, as he led his team of Ruth Robinson, E.W. Williamson, and Louise Williamson to the win circle for the runner-up spot. For the undisputed third place spot came Bill Koons, Jane Young, Herb Voracek and Eileen Voracek.

The monthly club Scramble took place this past Saturday morning with 36 players signing up for the contest. Registering a sizzling net 61 was the team of long hitting Charlie Smith, Jack Wood, Fred England, and Betty Dennis. A tie for second and third place was recorded between a team made up of computer whiz, Bob Young, lefty Bob Barnett, Herby Voracek and foxy Flo Stafford, along with perennial winner, Gordie Lundquist, Ken Curry, Odette Mills and Dorothy Wood. This monthly event has always been a good tournament as it continues to attract golfers who are not seen on the course on a regular basis.

Sixteen hearty hackers were "chompin' at the bit" when Sondra Meil arrived this past Monday morning at the nine hole course. This group of loyal followers would probably report for duty in Iraq if Sondra told them she would go with them and serve as their leader. Whatta group!!

A two way tie for first place enabled eight players instead of four to go home semi-wealthy after the game was over. Dick Hirsch, Jerry O'Brian, Frank Ekenroth, and Harold Miller made up one half of the winning combination while Bob Barnett, Art Norris, Gerald Gallion, and John Osborn rounded out the other half.

Art Norris won a beautiful golf hat from Hawaii, which was donated by Lou Sofaly, for being closest to the hole on number 1.

The ladies took advantage of their day on the course by dividing up into teams of three and playing a game of Blind Partner Draw. The winning team was Mary Lee Trollinger and Vickie Nichols as they recorded a combined net score of 131. A three way tie for second was turned in by Hilda Viestenz and Lorraine Lundquist; Betty Dennis and Helen Miller; and Mae Roper and Flo Stafford. Their net score was 143.

Committees get a bum rap now and then. A famous philosopher once described a committee as a group of people who meet in the same room at the same time to do the same thing differently. He went on to say that forming a committee was like forming a posse to catch an outlaw... except the posse uses "complete" horses.

WORDS OF WISDOM: A pessimist is a man who looks both ways before crossing a one-way street. An optimist may see a light where there is none, but why must the pessimist always run to blow it out?

Tigers vs. Nueces Canyon

The Brackett Tigers claimed a victory over the Nueces Canyon Panthers last Friday night but the win did not come easy. The Panthers matched the Tigers point for point to remain in the game but power and conditioning finally paid off for the Brackett team and the kids emerged victorious as they scored late in the game and hung on for the win.

The NC Panthers won the toss and elected to receive. The Tigers held for three downs and forced the opposition to punt. Brackett took over after the punt and scored in 8 plays on a pass from Hunt to LaGioia. The kick was good and the score was 7-0. Brackett kicked off to NC and after four plays the Panthers scored and kicked the extra point, making the score 7-7. After several plays in mid field NC punted to Brackett. Quarterback Clay Hunt completed a pass to Buddy Brandt that was good for 30 yards and one play later Steve Clementz pushed into the end zone making the score 13-7 after the try for extra point failed.

The Panthers punted on the first play of the second quarter and the Tigers took over with poor field position. NC continued to play tough defense. After a series of downs Hunt broke open for a good gainer and Clementz drove in two plays later for the touchdown. The Tiger try for two points was good making the score 21-7.

NC received and moved the ball but failed to cross the goal line. Brackett took over with a minute and fifteen seconds on the clock but failed to pick up a first down and were forced to punt. NC blocked the punt and took it in for a touchdown making the score 21-15.

The Tigers took the kickoff and moved the ball to the Panther 20. Hunt's attempted pass was intercepted by NC and returned 90 yards for a touchdown. The extra point was missed and the score at halftime was 21-21.

The third quarter was a defensive struggle with neither team generating much of an offense. It ended with the score still tied 21-21.

On the first play of the fourth quarter Clementz drove the ball to the 1 yard line and carried it in on the next play making the score 28-21.

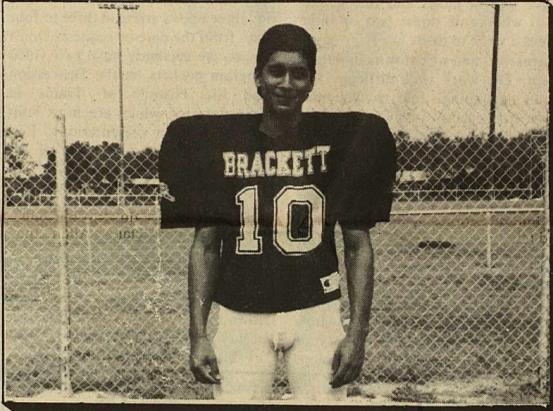

Brackett kicked off to NC and

after a loss of one and an incomplete pass the Panthers connected on two long passes and romped home for the score. They missed the extra point try and the score stood at 28-27. The Panthers kicked off to Brackett and Falcon returned the ball deep into Panther territory. a good gain by Michael Flores was nullified by a holding penalty. Four plays later Clementz drove in for the touchdown and the point after was missed making the score 34-27. The clock ran out and Brackett claimed the victory, giving Coach Steve Kolb his first win since taking over the helm as head coach.

The Brackett team showed lots of character as they were being pressured by NC. The kids rose up and fought back on more than one occasion showing their caliber. The kids are playing hard tough nosed football as they prepare for the Ricksprings Angoras.

Coming off the bench in the middle of the second quarter and playing like a seasoned veteran was sophomore rover, Adrian Pena, turning in a performance impressive enough to make him the coach's pick for Defensive Player of the Week. Pena was responsible for stopping Nueces Canyon speedsters time and time again with some brilliant open field tackling that would have been touchdowns for sure. He accounted for 7 game saving touchdowns and assisted on many more. His performance could possibly have assured him a slot in the starting lineup for this week's game with Ricksprings. Adrian is the son of Hector and Tencha Pena. When asked about his plans for college he grinned and replied, "That's a long way down the road. I haven't thought too much about that."

For the second week in a row, Steve Clementz was the coach's pick for Offensive Player of the Week as he ran for an impressive 140 yards on 35 carries, leading the Tigers to their first victory of the year. Steve punished the Nueces Canyon defense on more than one occasion as he tore through the line for good gains. Clementz scored four touchdowns and added a two point conversion by running the ball in as he accumulated a very impressive set of statistics which included 26 points. When questioned about his performance, Steve answered by saying, "We told everyone last week we were through losing and we proved it."

Defensive Player of the Week, Adrian Pena.

Offensive Player of the Week, Steve Clementz.

Voice of Democracy

"Democracy - The Vanguard of Freedom" is the theme of the 44th annual Voice of Democracy script-writing program being sponsored locally by V.F.W. & Ladies Auxiliary Post 8360.

The Voice of Democracy Scholarship Program, open to 10th, 11th and 12th grade students, offers local, district and national recognition and awards with the top national award being a \$18,000 scholarship. Dot Fithian - President and Tom Faulkenberry - Commander, urge students interested in participating to contact Agapito Saenz (phone 563-2328) or Marge Geeze (phone 563-2045).

Participating students are encouraged to tape their scripts using professional equipment available at cooperating radio stations. The recorded script must be at least 3 minutes and not over 5 minutes in length. It can be recorded on cassette tapes or if desired reel type magnetic at a speed of 7 1/2 inches per second.

Deadline for entries in the local competition is November 15, 1990.

Post 8360 F.C.S. said 13 young people from Brackettville participated in last year's Voice of Democracy Scholarship Program. They were among 137,000 young people from over 8,000 public, private and parochial schools participating in the national program.

Tapes will be judged for content, originality and delivery.

The winner from the State of Texas will receive a five day all expense-paid trip to Washington, D.C., next March together with winners from Europe, the District of Columbia, Pacific Areas and the 40 states. They will visit national monuments and meet high government officials. National awards for first through twelfth place total \$60,000.

The program now in its 44th year, is sponsored by the Veterans of Foreign Wars of the United States and its Ladies Auxiliary.

"Participation in the Voice of Democracy Program gives students experience in writing and speaking" said Saenz & Geeze. "It gives them a chance to reflect on our nation and its meaning to them."

Fishing Report

AMISTAD--Water clear in main lake, river mouths are murky due to rains, 81 degrees, 7 1/2 feet low; black bass are hitting early in fairly shallow water to 12.86 pounds on white spinners; striper are beginning to school in the San Pedro area, some caught trolling near San Pedro and front of the dam on Bananahed Jigs; crappie are slow; white bass are fairly good with some schooling on white slabs near the dam; catfish are scattered up to 20 pounds on cheese bait.

FALCON; Water slightly off color, 82 degrees, 22 feet low; black bass are good to 9 1/4 pounds on firecracker Twiddle Tailed worms; striper are slow; crappie are slow; white bass are good in the dam area on a wide variety of baits; catfish are good to 12 pounds on frozen shrimp.

CALAVERAS--Water murky, 88 degrees, normal level; black bass are slow; hybrid striper are fairly good to 5 pounds on Rat-L-Traps and chicken livers; crappie are slow; catfish have been good with strings to 40 pounds on shad and tilapia; corvina are good to 9 pound average on tilapia and shad; redfish have been very good to 11 pounds on tilapia and crawfish.

CHOKE--Water clear, 82 degrees, 11 1/2 feet low; black bass are fair to 10 pounds on pogo minnows and Zara Spooks early and late around points and humps in main lake, around Mason and Greyhound Points; striper are fair in number in 20-30 feet of water trolling deep diving cranks; crappie are fair in 15-20 feet of water on minnows; white bass are slow; catfish are good in 15-20 feet of water along the river channels around Mason Point and Possum Creek Channel on cheese baits and blood baits. Some catfish also caught on the south shore flats in 3 feet of water.

COLETO CREEK--Water clear, 82 degrees, normal level; black bass are fair on worms early to 3 pounds; striper are poor; crappie are fair on minnows at night, most fish are undersized; catfish are good on bloodbait and shrimp to 3 pounds in baited holes.

CORPUS CHRISTI--Water clear, 84 degrees, lake full; black bass are fair to 6 pounds along grass lines with chartreuse spinners and topwaters; striper are slow; crappie are good from state park pier to Alice Pumphouse in 10-12 feet of water on minnows; white bass are good with near limits under birds from mid lake to the dam area on one-eighth ounce white Roadrunners and slabs; blue catfish are good to 22 pounds on trotline set near the top in 3-5 feet of water and baited with cut shad; channel catfish and gasper gou are good of KOA point on chicken liver and shrimp; yellow catfish are fair to 18 pounds in 20-30 feet of water on live sunfish.

BRAUNIG--Water clear to murky, 90 degrees, normal level; black bass are slow; striper are slow; catfish are good in number with heavy strings on chicken livers, shrimp and night crawlers; redfish are good to 27 1/2 pounds on live perch.

MEDINA--Water clear, 36 feet down; black bass are slow to 3 pounds on plastic worms in 12-15 feet of water; striper are slow; crappie are slow; white bass are slow; catfish are fair to 6 pounds on nightcrawlers and shrimp.

TEXANA--Water clear in main lake, murky up the rivers, 80 degrees, normal level; black bass are slow with some undersized, no limits caught, on spinners and worms; striper are slow; white bass are slow; crappie are fairly good on minnows, crappie are scattered over main lake; catfish are slow.

Grandma's Kitchen

By Grandma

Fall is here, time to get the winter clothes and give them a good airing. A friend came out last week and we had the best time shopping in Acuna. I showed her all my favorite little shops. We each bought a new dress we didn't need, and some vanilla I did need and some vegetables. We nearly walked our feet off. We came home, soaked in the hot tub and rubbed some old-fashioned liniment on the aches and pains. That stuff works wonders, of course you smell like a pine forest, but that's okay, it does the work.

I didn't realize how many people suffer from migraines until recently.

Growing up in a real poor family, I always had a headache, so as a child, I thought everybody else had one too, that it was a way of life. Then when I started school, I couldn't see the blackboard. The teacher sent me home with a note to have my eyes checked. I finally got glasses, and for the first time I could see 2 blocks away. I can't begin to tell you how loud I screamed with excitement. They just corrected my vision, not the headaches, I had them 60 years. They are a curse and generally untreatable.

Yes, doctors do come up with remedies but rarely do they work for a large number of people, and even more rarely do they cure the problem. One of the latest rages is "feverfew", an herb that has some success with migraines, but don't bet the farm on it. Migraines are primarily caused by problems in the intestines and bladder. When you change the diet, eat the proper foods, it takes awhile, but the migraines will go away.

Several years ago, C.J. was visiting and she couldn't believe I went outside without my sun glasses, I told her how great it is to wake up every morning without that migraine.

Here's a recipe that truly does sound delicious and next time the gremlins come out, I'm going to fix it.

HAM TOAST

Ham Toast is the most appetizing or improvisational luncheon dish, or to use with almost any of the chafing-dish menus. The bread should be cut in thin slices, the crust cut off, and should be toasted to a golden brown. Spread it thinly with butter and a little mustard, and over the top

sprinkle a mixture of equal proportions of finely chopped ham and grated parmesan cheese, a dash of cayenne as the last touch. Set in the oven until the cheese is dissolved, and serve quick and hot.

It shouldn't be forgotten that the monotony of fall desserts is easily relieved by an orange shortcake.

Make as all shortcakes should be, with light biscuit dough. Cut the fruit in small pieces and sugar it to taste. Spread between and on top of biscuit while hot, this may be served with cream or a plain liquid sauce.

Here's a new one I've never heard of before, found it in my special peach book. I couldn't resist as I was going through peach country.

YUMMY PEACH MUFFINS MICROWAVE

1 can (8 Oz) sliced peaches-drained-- (reserve 1/4 cup syrup)
1/2 cup brown sugar
3 TBS margarine
1 egg
1 cup flour
1/2 cup chopped peaches
1 tea baking powder
1/2 tea salt
Finely chop 1/4 cup peaches, set

aside: cream together remaining peaches, sugar and margarine: stir in egg and reserved syrup. Add flour and pecans, baking powder and salt, stirring only until flour is moistened, stir in the 1/4 cup chopped peaches. Fill 6 custard cups (6 oz each), lined with cupcake paper liners two-thirds full: arrange in circular pattern on glass oven tray (or use a microwave-safe cupcake pan). Heat 4 1/2 to 5 1/2 minutes at medium-low, repeat procedure with remaining batter filling 3 cups. Heat 2 1/2 to 3 minutes. Let stand 5 minutes: store covered until ready to serve.

A neat hint for making juicy pies--In making cherry, berry, rhubarb or any kind of juicy pies, cover the bottom crust generously with bread crumbs before putting in fruit and the pies will not boil over. This is much nicer than flour and cannot be detected.

My thought this week is: Boredom turns a man to sex, a woman to shopping, and it drives newscasters berserk.

Have a safe week.
Big Hugs and Special Love

Beyond The Horizon

By Dorothy Payne

The wagon came into use between 1865-1870. On drives of a few days cowboys had carried their own rations on pack mules or horses. Their rations were usually roasted coffee, bacon and hard biscuits.

During long drives in the 1850s supplies were carried on carts or wagons or "mess wagons" which evolved into the "chuck wagon."

Charles Goodnight was probably the first rancher to settle in the Texas panhandle. His chuck wagon carried rations in the back of a wagon with a swinging leg attached to the hinged side. As more and more ranchers used chuck wagons they became part of the round-up and branding.

The cook was sometimes called "Cookie," "Bean-Master", "Sourdough", or "Doughbelly". The shelves were above the let-down tailgate. There were shelves and drawers for staple goods such as coffee,

flour, salt, soda, baking powder, sugar, beans, lard, rice, dried fruit and always a jar or crock of sourdough to use for making biscuits for the hungry cowboys.

The box held 'in plates, cups, spoons, knives and forks, and cooking utensils, and most cooks kept a drawer for medicines.

The bed rolls were carried on the wagon behind the spring seat. A bag or two of grain were carried behind the driver under the seat. A water barrel was fastened on the side of the wagon. There was also a tool box on board. Another box held horse shoeing and hobbles, and extra rope.

Underneath the wagon there was a place for the heavier pots, skillets, and Dutch ovens. Most chuck wagons carried a shovel or spade for digging fire trenches, an axe, a large tub or two for the washing of dishes after meals.

Library Notes

We are currently doing some rearranging at the library and hope that our changes will enable our patrons to better use the services of the library. We wish to apologize in advance for any inconvenience our changes cause our patrons.

Our shelf inventory continues. We invite anyone who is interested in helping to come down to the library at their convenience. We currently have several ladies and one gentleman who come down two or three times a week to assist us. They enjoy themselves and we enjoy having them here. The work isn't difficult, just time consuming. Join us, you may even find a book you would like to read while inventorying.

We are tentatively planning a book sale during the month of October. This money will be used to purchase new books for our library. Too, we hear rumors that the Friends of the Library group is going to have a reorganization meeting on October 2, 1990. We encourage everyone to come find out more about this very worthwhile organization and how much good it can achieve for your library. As we get more information,

we will pass it on. Look for notices of the upcoming meeting and come join your friends in the "Friends". We have many new children's books in, so bring your children down and let them browse. Too, we have gotten in several best sellers for adults in fiction and non-fiction. We wish to remind everyone that we can order books not available in our library from San Antonio Library System if you have special requests. Ordinarily, these books arrive in three to four days from the date of request. Don't forget, we currently have two video program packets on the Depression and the History of Trains in Transportation which are most suitable for group presentations. Perhaps a civic group or some of the social studies teachers would be interested in arranging to use these while we have them from San Antonio. Other subjects are available from San Antonio in the same format. If you feel you might be interested, come let us show these new programs to you. Come on down to the coolest, friendliest little library in Kinney County!

Grapevine

by Gus Garcia

Hey folks, its about time we had cool weather! I'm really looking forward to a great fall and winter.

I'm a proud member of this community and I am especially proud of this community. Your involvement in writing the military and supporting them in their great effort to protect our country. Keep those pens and pencils writing.

FLASH! I just heard that the most thing wanted by our military is paperback books!

Congratulations Rosemary, Rose is going to state...again. She competed in Twirling Contest and received a superior rating. This is her third year for state competition...Go Rose! Win State!

Be sure to support our Tigers this week, they face the Rocksprings Angoras this week. Good Luck Tigers!

The Junior Class of B.H.S. is already taking orders for mums. Be sure and get yours now. The mums will be

made by E & M Florals of Brackettville.

The Brackett News' own Genie Gidge and partner Ron Lammert participated in the Uvalde Health Fair. She gave samples of her great massages. And the crowd lined up for her and Ron. Be sure to watch for her in Brackettville's own Health Fair.

One night last week, I witnessed a startling event. I thought I saw a snake on my front porch. I had a bundle in my hands and I saw a coiled shaped object on the steps, startled I stood still waiting to be bit and drop dead. I slowly opened my eyes and saw the "snake" noticing it had not moved. Staring at it more closely, I saw a coiled up piece of black wire my father had dropped. Silly isn't it? Made me wonder of things I had thought I'd seen, but really hadn't seen anything at all. So be sure to take a look at things when you see something or you could end up standing like a fool.

I guess its time to say goodbye for now folks, I'll talk with ya'll later. Best Wishes.

Bridge Anyone

By Dot Burrow

The Duplicate Club played a Howell movement on Sept. 9 with Flo Stafford and Helen Lynch coming in first. In second place were Fred and Nita Clayton of Del Rio. Sept. 11th a Mitchell Movement was played. In N-S, Flo Stafford and Helen Lynch took 1st. Taking second were Rozetta Pingnot and Norma Gould. On the E-W side: 1st were Tina Baugess and Anita Korbel of Del Rio. 2nd were Gene Britton and Trudy Harber.

Flo Stafford and Helen Lynch took 1st again on Sept. 16th in a Howell with Fred and Nita Clayton of Del Rio a close second.

On Tuesday, September 18, six tables played Duplicate in Fort Clark's Sabre Room, using Mitchell

movement. There was a tie at North-South, between Fred and Nita Clayton and Joyce Bell and Martin Sheets. At East-West, Tina Baugess and Anita Korbel tied Eileen Voracek and Joan Lindley.

On Sunday, September 23, three and one-half tables played, using Howell. In first place were the Clayton couple, followed by Anita Korbel and Tina Baugess.

From the Editor . . .

The weekly column by Dot Burrow on Bridge Anyone, was inadvertently omitted from last weeks edition of "The Brackett News". Dot's weekly bridge report contributes heavily to the success of our newspaper. For this error we extend our deepest apology to Mrs. Burrow and her faithful readers.

Annual Past Masters Dinner

By BRUCE CLEMENTS
SECRETARY

The Las Moras Lodge No. 444, Ancient Free and Accepted Masons held their Annual Past Masters Dinner Saturday Evening, September 22, 1990 in the Las Moras Inn. A total of 53 were in attendance, Masons and their Ladies. The dinner was honoring all Past Masters of the Lodge, of the 17 living Past Masters 8 were present. Special guests were our Junior Past Master, Brother Bob Thompson, who was Master of the Lodge in 1989, and the Senior Past Master, Brother Oscar Neuman, who was Master in 1953 and also served as District Deputy Grand Master in 1955. This was the largest crowd ever to attend the Past Masters Dinner in the eight years of its existence. The Restaurant is to be commended for the delicious dinner, and the court-

eous manner in which the two waitresses served it. Brother Richard Schafer, our Present Worshipful Master, presented the Junior Past Master, Brother Bob Thompson, with a Past Masters Lapel Pin, and thanked him for the very successful year he had. The senior Master Mason present was Brother Ben Nelson, who was raised to that degree in March 1944. The oldest living member of the lodge is Brother Willie Vincent, currently living in Houston, Texas. He was made a Mason in 1928, giving him 62 years as Mason. Due to health reasons Brother Vincent was unable to attend the dinner. The Las Moras Lodge Building has been placed on the Texas Historical Society Register. Dedication ceremonies will be Saturday, October 13, 1990 in front of the Lodge Building. The public is invited to attend.

Obituary

Mrs. Era Lee "Jackie" Truesdell of Spofford, Texas died September 21, 1990 in Val Verde Memorial Hospital in Del Rio, Texas. "Jackie" was born July 4, 1921 in Winters, Texas. She married Elmer Lee Truesdell in Wingate, Texas on November 2, 1939. She is survived by her husband Elmer Lee Truesdell of Spofford, Texas; daughter Doreen Toller of Spofford, Texas; granddaughters Tresa Scott of Uvalde, Texas and Sherri Ferguson of Midland, Texas; grandson John Mark Scott of Eagle Pass, Texas; and four great grandchildren. Her sisters are Dorothy Minor of Abilene; Rheba of Odessa, and Gwen

Bosch of Gorham, Kansas. Her brothers are J.B. Guy of San Antonio; Bill Guy of Abilene; Doyle Guy of San Antonio; and L.C. Briley of Midland. Services were held on Monday Sept. 25, at 10:00 a.m. in the Frontier Baptist Church in Brackettville, Texas with Rev. Joe Townsend officiating. Internment was in the Kinney County Cemetery. Pallbearers were; Bill Linderman, Norman Hooten, Joe Cruz, J.B. Grider, Sterling Goodloe and Richard Kuehe. Memorials may be given to the American Lung Association, West Texas Boys Ranch or Kinney County E.M.S.

Firemen & Ladies Attend Convention

On Sunday, September 23, the Brackettville Volunteer Fire Department and Ladies Auxiliary attended the Winter Garden District Fireman's convention in Uvalde, TX. During the meeting, Mary Jane Garcia, President of the Brackettville Ladies Auxiliary was nominated and elected as District Historian. The women then competed in the ladies pumper races. Placing 4th in the 6-man were Mary Jane Garcia, Margaret Reyes, Diane Puda, Debbie Buanello, Yvette Buanello and Rachel Ladimer. They were 3rd in the District in the 3-man competition. Racing members included, Mary Jane Garcia, Margaret Reyes and Debbie Buanello. Racing Captain this year was Andrea Garcia.

The men placed 4th in the 3-man competition. Runners were Joe Escamilla, Reuben Buanello and Oscar Martinez. The BVFD did not race in the 6-man event. In the water polo tournament, the Brackettville Ladies team were out-gunned by Eagle Pass. Margaret Reyes and Yvette Buanello gave a great performance. They held Eagle Pass back, but were over-powered. The men's team of David Martinez and Oscar Martinez won their first game of water polo against Devine. Their second game against Dilley VFD ended in defeat. David and Oscar held Dilley back for a good while, but finally the curtain closed and Dilley was victorious. Dilley later went on to claim the championship.

Birth Announcements

On September 14, 1990, a son was born to Claudia Felan and Salvador Pacheco Jr. of Brackettville. Gerardo Cruz Pacheco was born in Val Verde Memorial Hospital in Del Rio, Texas. He weighed 5 lbs, 14 oz. and was 20 inches in length. Grandparents are Estella Gujardo and Cruz Felan, deceased; and Elizabeth Pacheco and Salvador Pacheco, Sr.

Mr. and Mrs. Richard C. Pena of Spring are the proud parents of a son, Ricardo Atancio S. II, born August 29, 1990, in The Woodlands Community Hospital in The Woodlands. He weighed 7 pounds, 12 ounces and measured 20 1/2 inches in length. Paternal grandparents are Mr. and Mrs. Pedro Richard Pena of Brackettville and great-grandparents are Mrs. Ruby Pena and the late Atancio Pena of Brackettville and Mr. and Mrs. Serapio T. Cardenas of Del Rio. Maternal grandmother is Mrs. Beatrice Sarzoza of Sabinil. He is welcomed by his sister, Renae Marcie.

Bride, Leticia Valenzuela-Ramos and Groom, Joe Don Ferguson.

Mrs. Avilee Frerich with some of her earlier art work

Avilee Frerich To Be Honored

Rev. David Zumaya invites you to join the friends of Avilee Frerich to attend a memorial service of liturgy in her honor on October 3 at 6:30 p.m. at Saint Mary Magdalene's Catholic Church. An exhibition of her art work will

be seen in the Parish Hall following the mass. The art work for this exhibition is from the private collection of Mr. and Mrs. Hubert McKelvey, Mr. Edwin Frerich, Mr. and Mrs. Alan Frerich and Rev. David Zumaya.

The Bible Says

By JOE TOWNSEND
FRONTIER BAPTIST

"He that cometh unto me, I will in no wise cast out" said Jesus. Jesus is a gentleman of the first order. He will never trespass upon the feelings or desires of an individual. He always allows a person to make his own decisions. He does want us to know however that He is always "On Call."

In any circumstance, under any conditions, at any time He stands

ready to respond to any plea, any call for help. He will bring peace to a disturbed mind.

He gives assurance where there are questions. He makes the future to be bright where darkness invades. When man does his best and that isn't enough, then Jesus can add the difference to make a potential loss a win.

He stands ready to help; all He wants is an invitation. To anyone who comes to Him, He will in no wise turn away.

ATTENTION

The Friends of the Library are alive and well! We will have an important meeting Tuesday Oct-2, 1990 at 7 pm in the Library. All members past, present and future are invited to please attend.

News From First United Methodist

Sunday, September 30, Claus H. Rohlf, visiting pastor at the First United Methodist Church at Brackettville, will have as his sermon topic, "So Great a Love" from the scripture John, Chapter 3, Verses 16-21.

Vows Exchanged

Leticia Valenzuela, daughter of Jose and Antonio Valenzuela of Ojinaga, Mexico was united in holy matrimony to Joe Don Ferguson, son of Emily Honeycutt of Del Rio, Texas and Sam G. Ferguson of Brackettville, Texas.

The wedding took place August 18, at 7:30 p.m. in Santa Teresa Catholic Church in Presidio, Texas, with Rev. Romvalde Rangel officiating.

The bride was given away by her father Jose Valenzuela. Rosy Ochoa, sister of the bride, was maid of honor. Arturo Ochoa served as the groom's best man.

The bride was dressed in a wedding gown of pearl white, covered with seed pearls, the veil was white lace, and had an eight foot pearl satin train trimmed in lace and pearls. The bride is a bank accountant and holds a B.S. degree in Clinical Technical Analysis from the University of Chihuahua.

The bridegroom attended S.W.T.J.C. in Uvalde and is a graduate of the United States Border Patrol Academy.

After the reception, the bride and groom spent a honeymoon in Matzalan, Mexico. Mr. and Mrs. Ferguson are at home in Presidio, Texas.

1990 Buick Donated

Cecil Atkission Motors Inc. and General Motors have donated a 1990 Buick Century to Southwest Texas Junior College for use in the automotive technical school.

the fully computerized car will allow SWTJC to modernize its instructional curriculum by offering students an opportunity to work on a vehicle featuring the most modern technology.

Atkission and General Manager Allen Mumme made the official presentation Thursday to President Billy Word, Dean of Instructional Services, Dr. Robert Aguero and auto mechanic instructors George Hall and Ricardo Benavidez. According to Hall and Benavidez

In accepting the donation Word said, "The donation by Atkission Motors is another example of the community support SWTJC has enjoyed over the years. We greatly appreciate the donation and feel that it will be an asset to our auto mechanics program."

Altar Society of St. Mary Magdalene: Meets 7pm the 1st Mon of each month at the Parish Hall.

County Agent News

by Allan L. McWilliams

Kinney County may never see a dry month again (or it seems that way). We continue to receive rain in our area. Good for everyone but our local farmers which have had a hard time getting rain when they need it instead when they don't.

On Monday, September 17, 1990 the Kinney County 4-H Club met in the county courthouse. This was the biggest meeting we have had since I came to the county. There were about 100 persons attending, the majority being new and old 4-H members.

Project enrollment is up this year with 50 signed up for market lambs, sheep and goats, 40 in the foods & nutrition project, 33 youth in the shooting sports (rifle) project, 18 signed up for market swine and 10 members enrolled in the rabbit project. The Kinney County 4-H Club has 88 county youth enrolled to date. We also have 7 project leaders enrolled. This is the area where we need more participation. The projects conducted in this county need more adult leader involvement in order for them to be more

coordinated and organized so the youth get the most chance for a learning experience.

One of the most rewarding things an individual can do for tomorrow's leaders is to serve as a 4-H adult volunteer today. Volunteers not only give leadership to 4-H experiences for youth, they keep the program relevant to local community needs and interests. The 7 volunteers we have will work with members 9 to 19 years old and share their skills and experiences by assisting these young people in a variety of 4-H projects and activities.

Volunteers do not have to experts in any specialized field. They can rely on the Extension Service staff in this county and at Texas A&M University to provide them with training, educational materials and resources to use in the 4-H program.

There are over 30,000 volunteers in the state, 620,000 nationwide. Volunteers are the backbone of basic and cost effective system which delivers practical educational experiences to some 4.5 million 4-H members in the United States. The time, travel and

support volunteers contribute is valued at \$1 billion annually.

There are still many opportunities for volunteers in this program. You do not have to have youth participating in the club.

Some of the projects that we need more volunteer leadership for as of this date are sheep and goats, foods and nutrition, photography, dog, horse, vet science, swine and wild-life. These projects have members signed up but simply do not have enough or in some cases no adult

volunteer leader

If you are interested or would like to find out more about the role of a 4-H volunteer leader, call or come by the Kinney County Extension Service located on the second floor of the county courthouse. When you help youth today you are affecting tomorrow's leaders.

The Kinney County office of the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

YOUR HOROSCOPE

by Charles King Cooper

ARIES (March 21 to April 19) Though you may be nervous about a romantic matter, the way is clear for happy ties with friends. Accept party invitations. Do further work on a career matter. You'll make valuable progress now. You may be overly impressionable in romance now.

TAURUS (April 20 to May 20) Travel seems to bring out the best in loved ones now. Meetings with agents and advisers are favored. Expect some favorable work developments now. Discuss with family possible changes around home base. Seek extra credit.

GEMINI (May 21 to June 20) Couples grow closer now through shared leisure time activities. Expenses could escalate now, but you'll have pleasant times. Whether it's a do-it-yourself project or left-over office work, you're happily engaged. Luck is also with you in domestic matters.

CANCER (June 21 to July 22) Stay clear of clandestine involvements. Good news comes early in the week. Leisure time activities and romance are rewarding. Don't loan valuable possessions to others. Guests may put a strain on the household. Privacy abets concentration later.

LEO (July 23 to August 22) Enjoy short trips and visits with friends. Group activities are especially favored. You're effective in presenting ideas. You'll find ways to improve income. Judgment is good when shopping. Travel could lead to unanticipated expenditures.

VIRGO (August 23 to September 22) Opportunities come through friends. A confusing romantic situation could arise with an acquaintance. Enjoy higher minded pursuits. You might pull a few strings in your own behalf. Some research on your part leads to important financial and career developments.

LIBRA (September 23 to October 22) A party atmosphere brings

couples closer together. Participate in group functions and community events. Your popularity increases. You'll put the finishing touches on a career project and gain new inspiration as well. Contacts you make now are important.

SCORPIO (October 23 to November 21) Travel and cultural activities are emphasized. Children are a source of delight. In romance, you receive encouragement. Make plans for domestic improvements. You receive a gift from a family member. Cooperative financial efforts succeed.

SAGITTARIUS (November 22 to December 21) Communication with a loved one improves. In a setting that's conducive to romance, you'll find your heart strings stirring. You derive great satisfaction from work and now, at your own speed, you'll make important progress toward your goals.

CAPRICORN (December 22 to January 19) It's the perfect week for leisure activities. Sports, hobbies and creative interests bring you pleasure. Romance is also likely. You'll busy yourself with chores around the house. Some time alone replenishes your spirit. An unusual purchase is possible.

AQUARIUS (January 20 to February 18) Inspired thinking marks this week. Speak up at group meetings. Social life is active and others respond to your ideas. You'll work overtime on career interests. New insights come when you're alone. A chance arises to improve your financial status.

PISCES (February 19 to March 20) Investigate educational options. Listen to that inner urge for self-improvement. Some good news comes from a distance. Loved ones reach agreement about investments and financial concerns. You'll do further research on these matters now.

Hunter Gives Workshop

Evelyn Hunter will be giving a 3 day workshop in watercolor painting, October 16, 17, 18, which will follow a demonstration at the Del Rio Art Club Meeting on October 15, at 7:30 at the Del Rio National Bank and Trust.

Evelyn lives in Brackettville on the Fort with her husband, Harian, who retired in 1986. She has always loved studying art. She studied Architecture at Auburn University before she was married. In 1966 she began

studying with many nationally known artists who came to San Antonio, to give workshops. She has studied with Lee K. Parkinson, Charles Reid, Robert Wood, Ed Whitney, Finish Collins, Mary Alice Levin, Frank Webb, Clay McGaughey and Judy Gard.

While overseas she studied with a Chinese Brush painter, Mr. View Hand in Vietnam, and with Raheim Braig and his wife, Maher, both from Pakistan and India.

Her paintings hang in the offices

of Henry G. Gonzales, the American-Arabian Oil Company, the Bechtel Company in Saudi Arabia, in the palace of Prince Bandar, the Ambassador to the US, in Taiwan and in the homes of many retired Air Force generals.

She displays in San Antonio, Dallas, Odessa and Brackettville at the Breen Gallery. For more information, contact Dorothy Brown at the Book Stop in Del Rio, at 1-512-775-2350. The fee is \$60 for 3 days.

Fashion Extravaganza

For the fashion event of the season, join the Fort Clark Springs Golf Association and Jeans of Brackettville as they Present "An Evening Under the Stars" on Friday evening, October 5, on the club house patio starting at 7:00 p.m. Refreshments will be served followed by a fashion production that both men and women, old or young, will enjoy. The party and show will premier the Sugar and Spice Ladies Invitational Golf Tournament which is open to the public.

All of the lovely models are well known local personalities who have been putting many hours of overtime as they prepare for this fashion extravaganza. As they glide through the crowd radiating their charm and beauty the crowd will easily recognize Lisa Conoly, Beth Ann Smith, Gina

Esparza, Mary Lee Trollinger, Joy Ralston, Lucille Schroder, Delia Curry, Dee Dee Starks, Molly Ardrey, Betty Dennis, Mary La Gioia, and Fern Dyer.

The Fashion Show Committee is headed by the vogue minded and vivacious Vickie Nichols. Rounding out her committee are Nelda Archer, Avis Anderson, Carl Spray, and Andy Anderson.

This glamorous and gala affair is a community event involving both Brackettville and Fort Clark Springs. This is not a formal affair so casual dress is the order of the evening. Tickets are \$5.00 per person and can be purchased by calling 563-2527 or 563-2065.

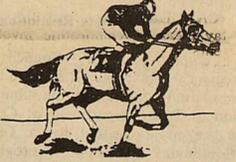

Seating is limited so plan on coming early and enjoy "An Evening Under the Stars."

Mary La Gioia and Gina Esparza

Nueces Canyon News

The above picture is of Elena McCurdy (left) showing James Greer (right) her new Citizenship Certificate that she received on Monday of last week during ceremonies in San Antonio.

Around the Canyon

BY JAMES O. GREER
CONTRIBUTING WRITER

The Camp Wood Convalescent Center has two new residents that have arrived in the past two weeks. One is Lona Richardson of Uvalde, and a former resident of Camp Wood, Mrs. Richardson's husband was one of the managers of the Alamo Lumber Company a number of years ago. The other new resident is Lena Burleson of Barksdale who is one of the Old Timers of the canyon.

Open Hearing Scheduled

The Texas Department of Health will be having an open hearing at the Camp Wood Convalescent Center. It is to be held in the Activity Room on October 11, 1990.

All residents, relatives or legal guardians are encouraged to attend. This will be a beneficial meeting for all of those mentioned above, so attend if you can.

City Council Adopts Resolutions

Camp Wood City Council in regular session Sept. 10, adopted two resolutions, one authorizing submission to Texas Department of Commerce an application for a Texas Community Development program grant in the amount of \$369,150 to be used for the installation of a filtration system in the City's water supply.

Mayor Tucker explained that the public hearing had to be postponed until September 17 because the meeting had not been timely published.

The second resolution adopted concerns an agreement entered into with other government units to serve as a "watch dog" to insure Central Power and Light Co. does not charge city ratepayers more than residents in other adjoining areas are paying.

The 1990-91 budget was adopted after the Mayor related that no change had been made in it since its submission at the previous meeting except that provisions had been made for some salary increases.

City Secretary Doris Ward, in giving the financial report, stated that the \$75,000 debt to First State Bank of Uvalde had been paid.

Mayor Tucker disclosed that the new Convalescent Center Administrator William Walston of Abilene is also a qualified lab technician and hopes to add a lab to the facility.

After the routine examination of City and Convalescent Center monthly bills, and a motion to pay the same, the meeting adjourned.

Camp Wood Water Okay

Two microscopic cysts discovered in the Camp Wood water supply do not pose a health hazard, despite a state warning to the contrary, according to Texas Department of Health Region 6 Chief Sanitarian Nick Fohn.

"We did a filter run and came up with two giardia cysts," Fohn said. A scale of 1 to 10, that's about a 2 in terms of priorities."

According to Fohn, the giardia cysts are capable of causing giardiasis, but no cases have been reported in the Camp Wood area.

"Almost all cases of giardiasis that we see in the state follow the fecal/oral route," Fohn said. "That is, people not washing their hands before handling food."

"If anyone in Camp Wood thinks he has a diarrhea situation caused by giardiasis, he should visit the local doctor," Fohn said. "We don't feel that we have a rampant infestation or outbreak."

Concerns were raised in the community after the state conducted tests on the water supply and issued a warning that a potential health hazard existed.

"They tested raw water at the

report were given. They were approved as read.

Bingo was first on the agenda, and after some discussion it was voted on and approved that we have another Super-Bingo around Thanksgiving.

It was decided on to have this special bingo on Saturday, November 24th which is the Saturday after Thanksgiving on Thursday 22nd.

The Fund Raising Committee reported that we should have another Bake sale on General Election Day. It was decided that the bake sale will be on Tuesday, November 6th. It was also voted on and approved that the EMS would have another Christmas raffle since we did so good on the fire truck that we sold chances on last year.

The Board of Directors voted to send mail-outs which will be sent to land owners of Nueces Canyon. This was about 4 years ago asking for donations for a new ambulance and did exceptionally well on this.

The mail outs would go in the mail some time next fall to give the donors plenty of time to take it off their income tax report. The number 1 project of the EMS is to get them a new building built.

Lee Aguerro was reappraised as back-up driver on the Ambulance on the week-ends.

Steve Jechow was voted Training Officer, Susie Jechow as Supply Officer, Marion Roberts as Maintenance Officer, "Bubba" West as Communications Officer and the reporter is Virginia Courtney!

Register to Vote

October 7, 1990 is the last day for eligible unregistered persons to submit an application for registration as a voter in time to vote in the 1990 General Election. Please contact Donna Brice at the Tax Office in the Courthouse, for more information.

October 7, 1990 is also the last day for a voter who has moved from one election precinct to another election precinct in the county to notify the voter registrar of a change of residency, in time to vote in the 1990 General Election. Donna Brice's address is: Tax Office, P.O. Box 909, Courthouse, Leakey, Texas 78873.

September 7-October 30 is the time period to submit an application for an absentee ballot by mail. You can contact Rosemary Clark at P.O. Box 656, Courthouse, Leakey, Texas 78873.

October 17-November 2, 1990 is the time period for absentee voting by personal appearance in the General Election.

November 6, 1990 is General Election Day.

Senior Citizen's Luncheon

31 Senior Citizens of the Nueces Canyon turned out Friday for the September luncheon/meeting at the Senior Citizens building in Camp Wood. There was no one present that had celebrated a birthday and to sit at the birthday table, so they missed a beautiful birthday cake.

L.J. Dean was Master of Ceremonies in the absence of Wanda Hynson and Herbert Barrows.

During the meeting, Hope Anderson, L.J. Dean, Flunky Ring, Virginia Fowler and Muriel told of their recent trip to Missouri. They all reported a grand time, and were ready to go back.

Morris Merritt gave a report on Bob Marshall. We all wish him a

speedy recovery.

Three memorials were received by the Senior Citizens. These included one for "Tunie" Greer and Guy Hutcherson from Mr. and Mrs. Robert McGowan. A memorial for "Cop" Merritt and Effie Dean from Mr. and Mrs. I.W. Wells and another for Effie Dean from Mr. and Mrs. Wesley Craig.

Next month is Halloween, so they want all of the Canyon Senior Citizens to come dressed SPOOKY.

Center Could Use Piano

The Camp Wood Convalescent Center could use a piano if some one had one they could give or loan the center. This gracious gift would add more entertainment for the residents.

On Thursday of each week we have Wayne Russel and Bill Clepper to drive over from Utopia to play Country-Western music for the residents. If we had a piano Annalee Burns, another Utopia resident who is well known throughout the area, would be willing to take time out to come over with Wayne and Bill and accompany them on the piano. We might even talk some of our local people to come out once in a while to play.

We really appreciate Wayne Russel and Bill Clepper coming all the way from Utopia to entertain the residents here at the Center. We understand that this group makes trips to Uvalde to entertain the residents of the Nursing Home there in Uvalde.

If anyone knows of a piano anywhere the Center could use, please let Veronica Guerra, Activity Director of the Convalescent Center know about it.

Remember When

I wonder how many people can remember the most devastating flood in the Nueces River in history. It was on the afternoon of June 14, 1935 that the stream went on a rampage after cloud-bursts on the upper watershed of both the main river and the west prong and caused damage that ran into the millions of dollars.

No lives were lost, but there was untold property damage to farms, ranches, railroads and highways. Several spans of the Southern Pacific Bridge at Hacienda were destroyed. The highway bridge on Highway 90 was badly damaged, and the bridge on highway 83 and the Missouri Pacific Bridge which paralleled it were completely destroyed.

On the upper reaches of the west prong the water is estimated to have reached a height of from 60 to 75 feet. One government agency later it, "...the most destructive flood in the nation's history, in proportion to population." It has been said by some of the ones who can remember it here in the canyon that the water was up to the platforms on some of the windmills over near the west prong.

This was the same time that all the stores here in the canyon ran out of bread, and an airplane from Uvalde flew up and dropped boxes of bread out for the merchants. The water was not as high here in the canyon as it was in other places.

Cub Scout Rally

Cub Scout master Dolores Vernor wishes to remind all interested parties of the Cub Scout Rally which will be held on October 2nd at the Elementary School Cafeteria in Camp Wood. It will begin at 6:30 p.m.

All boys who are interested in the Cub Scout program, and their parents, should plan to attend this very important rally.

Board of Trustees

Members of the Nueces Canyon Board of Trustees, meeting in regular session on Tuesday, September 18, voted to buy a 12-passenger van for use on school trips. They accepted the low bid which was from Loeffler Motors in Junction after a long discussion, and authorized Superintendent James C. Deatherage to make purchase arrangements as soon as possible.

Board vice-president Steve Jechow presided at the meeting in the absence of president Don Jackman. Board members present were George Sweeten, L.A. Field, Sr., Carl Walzel, and Billy Boatright. Absent were Jackman and Jerry Halsell.

Others attending the meeting included Deatherage, Kenneth Perkins, Floyd Collins, Joe Templar, Richard Tucker, and Karen Collins.

Representatives from the City of Camp Wood (Tucker and Templar) explained that the City needed more lots near the water tower in Camp Wood for the purpose of additional ground storage of water and for a new filtering system. Board members agreed to sell the City the requested lots, and authorized Deatherage to check into the deed transfer requirements and have the necessary papers prepared.

Board members next discussed the problems with parking and traffic at the elementary school campus at times when young children are dismissed from classes. It was agreed that cones would be set up near the crosswalks to prevent people from parking in these areas and that school officials would ask law enforcement personnel to patrol the area regularly.

In the superintendent's report, Deatherage reported that Denis Russell had been moved from first to third grade because of more students than expected in third grade, and less than expected in first. He also asked for approval for the employment of a Chapter 1 aid or teacher to help with first grade, and stated that Chapter 1 funds would be available for this expense if the application was amended to show this need.

Problems with the band program and the building program were discussed, and it was reported that Roe Burleson, school counselor, would be spending two afternoons per week at the elementary campus working with students there. It was also reported that due to the resignation of Jan Sutton, Peggy Phillips has been employed as a custodian on the elementary campus.

Policy updates and guidelines were discussed as was the possible move of the administrative offices to the two-story building. It was agreed to have both items on the agenda at the October meeting. Mr. Deatherage also reported that the paving on both campuses and the sidewalk at the high school were completed before the first day of school.

The names of the following people were approved for the substitute teaching list: Lois Watt, Louis Webb, Connie Webb, Leda Winston, Rebecca Stopper, Tracie Schneider, Homer Stephens, Kelly Ward, Michelle Tucker, Sally Lockhart, Mike Vernor, Pat Wright, Billy F. Collins, Dana Hutto, Luann Luce, Roy Ewing III, and Beth Shipman. Three other names will be on the agenda at the next meeting.

Cafeteria substitutes approved were Patricia Malott, Jolyn Haggeron, Stella Burkholder, Patsy Sanders, Jeanne Rains, Yvonne Falcon, Dale Nevarez, and Zayne Walzel.

A school board workshop will be held in Austin on Saturday, Sunday, and Monday, September 22, 23, and 24, and it was reported that board members Walzel, Boatright, and Field plan to attend with Mr. Deatherage.

Read-In Set for Saturday

Teachers at the Nueces Canyon Elementary School are busy this week finalizing plans for their first "Read-In" program which is scheduled for this weekend.

Students in first, second, and third grades are invited to come to the elementary gym at 6:00 p.m. on Saturday, September 29th, and read for the next twelve hours—or until they get too sleepy to read. All who attend the Read-In should bring sleeping bags or blankets and pillows so they can sleep when they get tired of reading.

Teachers are trying to get the attention of both students and their parents to focus on the importance of reading, and hope that this unusual program will do just that. They plan to schedule read-ins on a regular basis to help everyone realize that reading is important, and can also be fun.

Teachers who are working with the program include Peggy Luce, Emma Dean, Denise Russell, Joan Malechek, Bobbie Sue Hatley, and Chris Vernor. Other faculty members will also attend to listen to the children read.

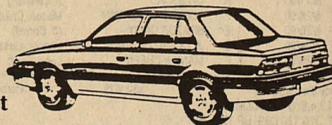

Such programs have been tried in other parts of the state and have proven successful in drawing attention to the fact that most children spend many more hours watching television than they do reading.

Lab

Gervus Cummins of Barksdale presented the Camp Wood Convalescent Center with a check for \$10,000 as a gift endowment to set up a lab in the Center.

The City of Camp Wood and the Camp Wood Convalescent Center cannot express their appreciation enough for this thoughtfulness on Mr. Cummins behalf. Hopefully, we can begin to set up the lab in the very near future with this help.

Mr. Cummins is the uncle of Wanda Pope who lives in Barksdale. He moved here from California several years ago after his wife died.

Gervus Cummins (Left) presenting check for \$10,000 to Mayor Pro Tem Joe Templar (Right).

He was retired from the Air Force after serving 21 years and retired with the rank of Warrant Officer W3. During his 21 years of service he was stationed at March Field in California. He was stationed in Alaska when World War II started, and was in India, Burma and China when the war ended. Mr. Cummins served 4 years in Japan he was with the Occupation forces. Cummins also spent 2 years in Bangkok, Thailand as a military Advisory at the Embassy there.

Mr. Cummins has been a big asset to our community.
