Poise, personality and talent will determine who the 1991 Miss Kinney County will be Saturday, June 8th at the Civic Center. The evening of fun will kick off at 8:00 p.m.

This year's theme for the pageant is "Proud To Be An American." Everyone dress in red, white and blue-grab a friend, relative or whomever and join this patriotic evening filled with beauty.

The talented beauties participating in this year's pageant are Michelle Brandt, Charlie Hall, Wendy McDaniel and Jenifer Shahan. Talent, swimsuit and evening gown will be the areas the contestants will be competing in Saturday night. Friday at noon the girls and judges will meet at Alamo Village for lunch and personal interviews.

"I know that this will be an evening to remember. The girls' determination in becoming better in learning their dance, perfecting their talent and walking in high heels has been fantastic! Each of these young women would represent our county well," said pageant coordinator, Lashawn Wardlaw.

1991 Brackett Graduation

Brackett News Staff Writer

At 8:00 p.m., on Friday evening, May 31, 1991, the Brackett Tiger Band played *King James March* for the Processional as the graduating class and their sponsors marched across the beautifully manicured football stadium to take their places for the Commencement Services.

The Tiger Band played the National Anthem and Nancy Mendoza gave the Invocation. Clay Hunt gave the Salutatorian Address. Kasey Hall spoke as the Highest Ranking Girl, and Ernest Esparza gave the Valedictorian Address.

Vivian Luna introduced the Commencement speaker, Pete Gallego, District 68, Texas House of Representatives, who assured the graduating seniors that they could accomplish any goals they set for themselves.

Shelley McDaniel and Frank Rodriguez directed the presentation of special recognition.

Rogelio Herrera introduced Superintendent Bob McCall who introduced members of the school board - Jim Bader, President, Zack Davis, Vice-President, Jewel Robinson, Secretary, John Jones, Jim McDaniel, Lingo Sandoval, and Beth Ann Smith. Diane Bravo was presented a plaque for her service on the board. Mr. McCall recognized National Honor Society graduates Ernest Esparza, Kasey Hall, Clay Hunt, Shelley McDaniel, and Frank Rodriguez.

High School Principal Don Sims certified the graduates.

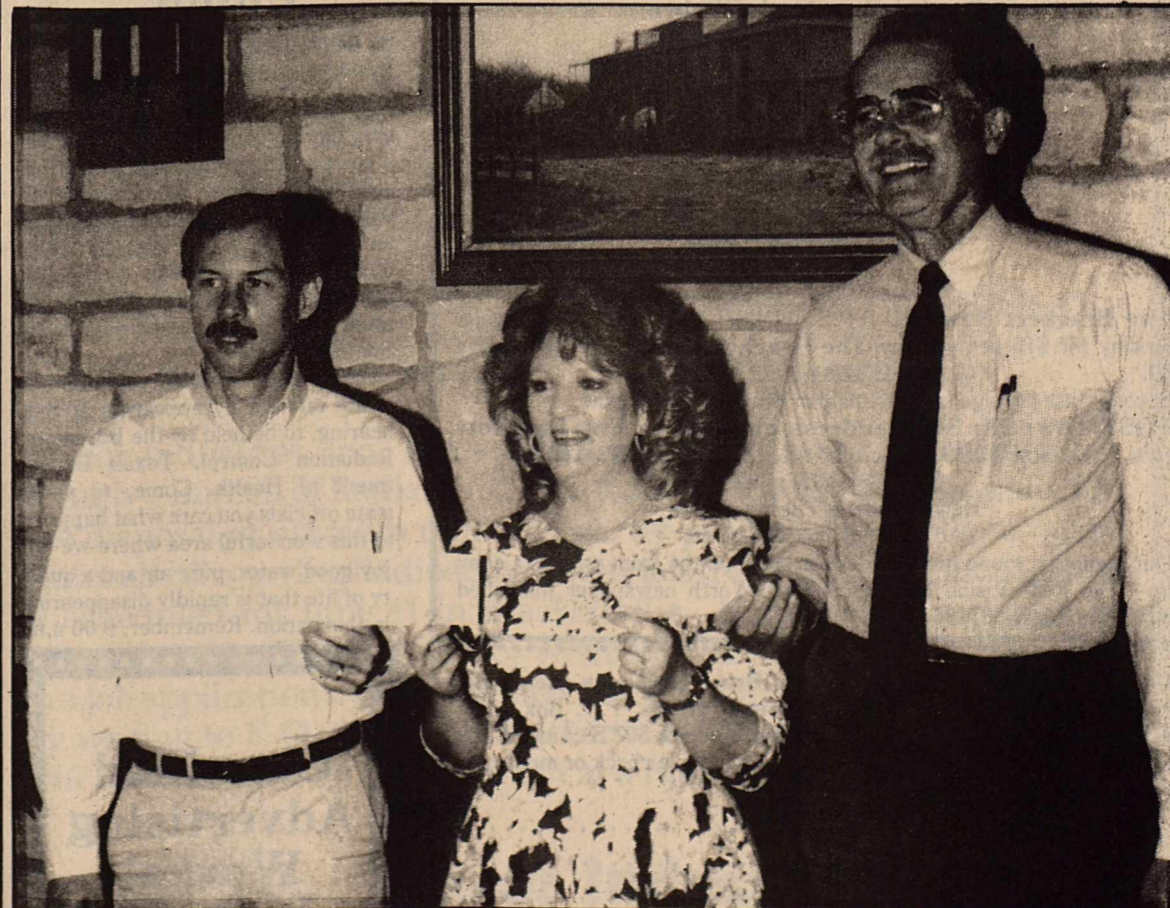

School Board President Jim Bader, and Board Member Jim McDaniel presented diplomas to Orlando Bermea, Rosalee Biera, Nolan Brandt, Jr., Steve Clementz,

Christobal Cruz, Mark Dimery, Ernesto Esparza, Armando Estrada, Arturo Falcon, Lina Falcon, Claudia Felan, Steve Gallegos, George Garcia, Jerry J. Guidry, Kasey Hall, Nancy S. Herrera, Rogelio Herrera, Henry Clay Hunt, III, William J. J. J. Guidry gave the Benediction, and the Tiger Band played the Recessional.

Ushers for the evening were Junior Class National Honor Society members Michelle Brandt, Luis Gonzalez, Selina Ramon, Jenifer Shahan, Jamie Shinaut, Scott Sims and Javier Solis.

"Project Graduation"

Susan Harrison is presented \$500.00 checks from Charles Salsman (Texcor) and Don Ralston (First State Bank of Brackettville), to help fund "Project Graduation." See related story on page 4.

Sheriff's Corner

By Sheriff Norman H. Hooten

Heads up action by U.S. Border Patrol Agent Steve Stafford led to the apprehension and arrests of two suspects in an auto theft case Saturday afternoon, June 1, 1991.

Agent Stafford was servicing his patrol vehicle near a local grocery store on Hwy. 90 in Brackettville Saturday afternoon at approx. 6:00 p.m. when he noticed two suspicious acting Hispanic males dismount from a 1990 Nissan Pathfinder 4 wheel drive vehicle. The two men were acting very nervous upon observing Agent Stafford and as they fit the profile of illegal aliens or alien smugglers and were in a new vehicle he ran a license plate check on the vehicle through the Sheriff's Department. The report received from the TCIC-NCIC computer network indicated the vehicle to be stolen out of San Antonio, Texas.

Upon receiving the "hit" on the vehicle, Agent Stafford called for assistance from the Sheriff's Department with Chief Deputy David Luna, Deputy Vito La Gioia, and this

writer responding to the call. Agent Stafford followed the suspect vehicle westbound on Hwy. 90 until responding units could reach him as back-up. The vehicle was then stopped approx. 3 miles west of Brackettville on Hwy. 90 using "felony stop" procedures and the two suspects were arrested and transported to the Kinney County Jail. They were later identified as Gerado Martinez, 36 (the driver), and Ruben Campos, 34, both of San Antonio, Texas. Both men were booked into the County Jail on charges of Unauthorized Use of a Motor Vehicle pending further investigation which led to the release of Campos with no charges filed. Martinez was magisterated by County Judge Tim Ward who set bond at \$10,000.00. Martinez posted bond on June 4, 1991 and was released.

The 1990 Nissan Pathfinder has been returned to its rightful owner, Byron Yarbrough of San Antonio, Texas. Mr. Yarbrough stated the vehicle was taken without his permission from the parking lot of the apartment complex in which he lives

on the night of May 31, 1991. The fact that the driver of the stolen vehicle, Gerado Martinez, had a Nissan key to the ignition in his possession at the time of his arrest which was not the original ignition key still in the possession of Yarbrough leads investigators to believe that the case may be linked to an organized auto theft ring out of San Antonio. We are being assisted in the investigation by DPS Auto Theft Agent Ray Salinas of Del Rio, Texas.

Evidence in the case will be presented to the Kinney County Grand Jury at their next meeting. Ironically, upon contacting the originating agency, the San Antonio Police Department, we were told that they WOULD NOT come to Brackettville to pick up the suspects (even though the crime originated in Bexar County) due to their heavy work load and lack of manpower. Instead we were advised that if our District Attorney did not wish to prosecute in Kinney County that we could send them copies of all reports related to the arrests of the suspects and they would then take the case to their Grand Jury. If indicted, warrants would be issued for the arrests of the suspects. They were not very encouraging in their indications of a future trial for the perpetrators of this felony crime. Justice? In these days and times more and more criminals are getting by with their crimes against society due to overcrowded court dockets, overcrowded jails, and the lack of manpower and money by overworked and understaffed law enforcement agencies.

While discussing this situation with a local friend, he related to me the way a newly elected judge handled such a similar situation in a town down in old Mexico.

As the story goes the town had an ever-increasing crime rate that had filled the local jail, taxed the local police department to the limit on money and manpower, and caused the judge to start turning loose most new criminals. In short, law enforcement became a joke. Sound familiar?

Well, the new judge ran and won his election based on promises to "clean up" the criminal problem with little or no increase in expenditures and no new burdens on the local taxpayers. When he took office he dismissed all existing criminal cases, emptied the jail, tore down the old jail building, and built a new one designed to hold only one prisoner. His friends and critics thought he had lost his mind and told him so. He only nodded wisely and said, "Time will tell."

It wasn't long until he tried his first case and he sentenced the man to jail. This of course filled the jail. Shortly thereafter he held another trial and the hardened criminal scheduled for trial bragged around town to his cohorts that he would be freed soon as the jail was full. To his surprise, the judge found him guilty and sentenced him to jail. His lawyer jumped up and cried out loudly, "You can't put my client in jail, it's full." The judge calmly replied, "There will be room for him soon." He then turned to the Chief of Police and ordered him to take the prisoner already in jail out and execute him immediately, which he did. The judge then turned to the criminal and his lawyer and said, "Now we have room for you until the next case."

Needless to say the crime rate in that town soon developed a rapid decline. I don't know if that story is a true one, but if not it should be. And maybe, just maybe, we could learn something from our neighbors to the south and cut down on our crime rate too.

THAT'S ALL!

Every resident of Kinney and neighboring counties should make it a point to attend the official hearing at the Civic Center, Brackettville, at 9:00 a.m. Tuesday, June 11. This is an opportunity to express your opinion about the plan by people from other areas to store radioactive trash in a huge hole 1/2 mile from Spofford.

It is essential that you demonstrate interest by appearing at this hearing, to be held by the Bureau of Radiation Control, Texas Department of Health. Come, to show state officials you care what happens to this wonderful area where we enjoy good water, pure air and a quality of life that is rapidly disappearing in this nation. Remember, 9:00 a.m.

Between Us

By Joe Townsend

The United States will surely survive. It will be in spite of stupidity in high places.

The latest stupidity came bubbling to the top last when a school principal arbitrarily and suddenly decided the Confederate flag could no longer grace the building nor be used as symbol of the school.

The school named for Robert E. Lee for 22 years has proudly used the Confederate flag. The school with 2000 students now has 71 black students. A few of these, driven by radical racism, began a drive to have the flag replaced because it "offended" them.

The principal bowed to the racial rantings and figuratively thumbed his nose at the 1929 white students, the alumni and 22 years of tradition.

The idiocy of the matter is seen by the ravings of the few blacks who so

loudly bleated that the flag represented slavery and therefore was offensive.

You can't expect prejudiced high school racists to examine history; they are too busy feeling sorry for themselves and trying to find excuses for their failures.

Any person who thinks the Civil War was fought over slavery is too ignorant to intelligently discuss the matter. Slavery was simply window dressing for the North to use as a flag waving issue to fan the fires to perpetuate their drive to economically control the South.

Aside from all that the action by the principal is symptomatic of what's wrong with the educational system.

When we have principals with no more thinking ability than to bow to the demands of racial activists, how can we expect to have a good educational atmosphere.

The question rises; can the school better educate because of this action? Is the learning atmosphere better? Has the principal solved a problem and exacerbated it? What will he do about the school name, Lee?

Questions could be asked by the multitude which would leave the principal in the position as a man incapable of clear thinking.

P. S. I'm glad to be writing for a newspaper with integrity and good judgment. Simply because a muck-racking T.V. show tries to capitalize on an almost insignificant incident is no reason for local news media to become their pawns.

The "news" item in a local paper ending in an editorial tirade did no good except to feed the egotism of the writer.

The refusal of *The Brackett News* to be made a fool of shows a great deal of integrity and commitment to the good of the school system and the community.

Days Past

by Dorothy Payne

June 27, 1499 - Amerigo Vespucci, an Italian navigator, sailed on a Spanish expedition led by Alonso de Ojeda, first sighted the South American coast around the mouth of the Amazon River. On this and a second expedition, 1501-02, Vespucci explored thousands of miles of the South American Coast line. It is his name, Latinized as America, that was first applied as a new continent on the 1507 maps of Martin Waldseemüller.

June 10, 1527 - Two English ships, the Sampson and the Mary Guilford, departed Plymouth for North America. The Sampson was soon lost at sea in a storm, but the Mary Guilford, captained by John Rut, reaches Newfoundland, and sailed all the way down to the West Indies, before returning to England

in the spring of 1528. More important was the inspiration to find a passage to Asia by the northerly route. So the search for the Orient still motivates most voyages that were slowly making the New World more accessible.

June, 1653 - The Iroquois appeared at Montreal to negotiate a truce. This lasted only for about five years, during which time the French ceased their explorations westward.

June 20, 1732 - James Oglethorpe received a royal charter to found the Georgia Colony, with rights of settlement for twenty-one years. Georgia became a refuge for all persecuted religious minorities save Roman Catholics, and for those who had endured debtor's prisons. The new colony made an ideal buffer against the Spanish in Florida, and

the French in Louisiana.

June 7, 1769 - Daniel Boone cased the Kentucky Territory from the Cumberland Gap. On December 22, Boone, his brother and two friends, were captured by the Shawnee Indians, released and recaptured.

June 17, 1781 - More and more settlers built proper log cabins and had house-warming parties known as bran dances (a term later corrupted to barn dances) in which corn siftings were danced into the wood floors to seal the raw wood.

June 26, 1784 - Spain closed the lower Mississippi navigation, interrupting trade and making settlement difficult, however in return Spain granted trade rights in many of her ports for the next twenty-five years.

Grandma's Kitchen

By Grandma

I've always loved coffee, especially the smell, but I shall never forget the delicious aroma of putting all the blends together. You find all these blends in a coffee specialty shop, and you won't want to leave. The National Geographic concluded that the world's annual bean production could make nearly 3 billion cubic feet of liquid coffee, a volume equal to the Mississippi's outflow for an hour and a half.

Now, this is what I don't understand, one health book says internal consumption can possibly cause a variety of health problems ranging from pancreatic cancer and genetic birth defects to elevated serum cholesterol levels and hypoglycemia.

Then, it says BUT - it does have therapeutic benefits. Some health authorities recommend rubbing the skin with a dry buffer brush in order to enliven the skin.

In some countries, people are buried up to their necks in roasted coffee grounds and rub them all over their bodies to shed old dead skin and stimulate circulation.

You can try the same thing on a more limited scale with the warm grounds rubbed on your face and neck in a rotating fashion. They say your skin will feel like new in no time.

My favorite use of old grounds is to perk up my pot plants.

Now, my other favorite health book says, and this has been confirmed by scientists - that coffee is a food that's good for you but only if taken without cream or sugar. The cream (or milk) transforms itself into a leathery curd blocking the digestive process. We all know about sugar being bad for us, but the

caffeine stimulates the adrenal cortex to produce more of its hormones, which in turn induce the liver to break down glycogen into glucose which flows into the blood stream. This is why a cup of coffee "gives you a lift."

I guess this boils down to, believe what you want. Our men fought a war on coffee, peanut butter, chocolate, Spam, powdered eggs and milk. Some of them are now in their 70s eating all those bad for you foods. Amazing, isn't it?

Personally, I cannot or will not live without my pot (or 2) of coffee every day, so guess I'm hooked on something else that's going to kill me.

How many of you love pop corn? When you pop yours, how many kernels do you throw out unpopped? All you have to do is keep a small amount in your freezer and use that to pop the next time you crave pop corn. It not only pops up bigger, but nearly every kernel will pop. Believe it, it works.

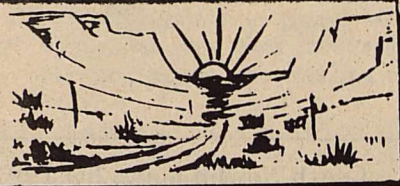

Today let's try some Delicious Tuna Spread.

TUNA SPREAD

3 - 6 1/2 oz cans water-packed tuna
1 Tbs lemon juice
2 - 8 oz pkg cream cheese
1/4 cup quartered stuffed olives
1/2 cup finely chopped walnuts
1 1/2 Tea dry mustard
1/2 Tea salt Pepper to taste
1/2 Tea Thyme, optional
Combine cream cheese and tuna. Blend in remaining ingredients and refrigerate until ready to serve. This is delicious on bread, crackers, or as a dip.

Beyond The Horizon

By Dorothy Payne

The five civilized tribes came into existence before the present state of Oklahoma began. The Choctaw, Chickasaw, Creeks, Seminole, and Cherokee were small republics voluntary, and maintained with a measure of success for more than half a century.

Of course, there were other tribes with the same idea of some form of government, but in the case of the five civilized tribes attempts were made to change the existing forms. These experiments had a wider appeal to the historian, the sociologist, the economist, law students, and students of research.

No report was ever made of the number of Cherokees who died on their "Trail of Tears," when the government conducted their removal to Indian Territory. Based on available data, over 4,000 Cherokee Indians died on the journey. When they first came, they could bring nothing with them. So, they started over again and made their own utensils. They used a spinning wheel and made their own

cloth and then made the dye to color it.

They raised indigo to dye with. If they wanted to dye cloth black, walnut bark was used. If purple was needed, maple bark was used, if mixed with hickory bark, it made yellow. Hickory bark, by itself, made green dye. To make red, madder and alum was mixed. Alum was found in caves. Sumac berries also made red. When salt was wanted, they went to a salt lick on the west side of Grand River.

The immigration of the Cherokee made a big change in the country and numbers of traders came to trade with the Indians.

A meeting was held July 1 with the cooperation of Ross and his follower, George Dequoyah.

Under the new constitution, John Ross was elected principal chief, and Joseph Vann, a chief for a second time. The National Committee was composed of 40 members - a committee of 16 and a council of 24 members. There were four district judges with Young Wolf as speaker.

Library Notes

School is out at last! We know that the teachers are looking forward to being able to spend some leisure time reading just what they want to read.

We want to remind the parents that the summer reading program begins June 12 for the Read-to-me group, and on Tuesday, June 18th for the Readers group due to the June 19th holiday. Thereafter, all meetings will be held on Wednesday.

We have calendars the parents may place on their refrigerators so that they know which group meets on which date. Come by, register your children and pick up your calendar.

We thank the first grade teachers - Ms. York, Ms. Bryan, Ms. Ahren, and second grade teachers - Ms. Benacci and Ms. Melancon - for bringing their students to the library so that we might familiarize them with the library and its function.

The children were extremely well behaved and had good questions about their library and its use.

We would suggest to all parents that a tour of the library by the librarian is most appropriate. We enjoy showing the children around and informing them of the rules of the library. Most children are well behaved provided they are aware of the rules they are expected to conform to. Also, if the children are informed of the rules by the librarian, she can then assist the parents in the enforcement of those rules while they are in this, or any other library.

Attention Local Employers: The library has recently obtained two books which should be most beneficial to the small business person who wants to avoid problems. The first: *Personnel Forms and Employment Checklists* provides forms which may be duplicated including employment applications, reference forms, confidentiality agreements, covenants not to compete, medical authorization releases, and many more. There are also specific do's and don'ts to help you avoid legal pitfalls.

The second book *Employment in Texas; A Guide to Employment Practices and Regulations* offers the employer up to date information on employment laws both state and federal so that he may avoid problems with wage and hour standards, health and safety, and many other issues so critical in today's work place.

As usual, we are expecting today's best sellers to arrive momentarily. We would be glad to add your name to an existing reading list or reserve a book with no waiting list for you immediately. We can order books not in our collection through the Inter-library loan agreement as members of the San Antonio Area Library System. This is not limited to Texas libraries. Come down and let us help you find that book you've been wanting to read but haven't been able to locate.

As always, we invite you to visit the coolest, friendliest little library in Kinney County.

Now, if you'd like something hot, here's another good and delicious for kids recipe.

BRAN MUFFINS

3 cups All-bran
1 cup boiling water
2 1/2 Tea soda 1/2 cup sugar
1 cup raisins 1 Tea salt
2 1/2 cups plain flour
2 eggs 2 cups buttermilk
1/2 cup salad oil

Mix boiling water and bran and let it stand while you beat eggs and add buttermilk and oil in large bowl. Mix all dry ingredients and raisins together and add to the egg mixture.

Grease muffin tins and fill 3/4 full. Bake at 375° for 15 to 20 minutes, or until nicely browned.

Here's something a bit different so let's see you try it. You don't want to hear about the first time I made a roll like this 50 years ago.

APPLE RAISIN ROLL

3/4 cup brown sugar
1 cup water
Place this in saucepan and bring to a boil. Let cook until sugar is

dissolved; pour into greased 8" square pan and set aside. Take

1 cup sifted plain flour
1/4 Tea salt 1 Tea baking powder
3 Tbs margarine 1/2 cup milk
2 large apples 1/2 cup raisins
Sift together flour, salt and baking powder. Cut in margarine, add milk to make biscuit dough. Knead lightly for a few seconds. Roll on a lightly floured surface to 1/4" thickness.

Core but do not peel apples. Then put apples and raisins into food processor and chop. Spread apple mixture over dough and roll up like a jelly roll. Cut in 1" slices and place the slices cut side down in the reserved sugar syrup. Bake in hot oven (425°) for 20 - 25 minutes. Serve plain or with cream.

Think about this - Our great grandfathers used to be thrilled at the rare sight of a girl's ankle. Today, men rarely notice that girls have ankles.

There's plenty of kids out there, so get your hug from one of them.
Love to All,
Grandma

FCS Community Council To Hold Ribbon Cutting

Brackett News Contributing Writer

The offices of the Fort Clark Springs Community Council invites everyone to attend the ribbon cutting ceremony at Shafter Hall - formerly the NATT Sales Office - on Saturday, June 8, 1991, at 8:45 a.m.

Guest of honor, Rozetta Pingent, president of the Fort Clark Springs Board of Directors, will do the ribbon cutting. Following, Vicki Nichols, Community Council Vice President, will conduct the business meeting.

Guest speaker will be Sheriff Norman H. Hooten who will bring updates on new laws and activities in Kinney County.

Door prizes - one to a lady, and one to a gentleman - will be drawn. Doughnuts and coffee will be served.

The Community Council expresses appreciation to the Fort

Clark Springs Board of Directors for getting Shafter Hall ready for use. Thanks also goes to the Maintenance Department for a job well done. Shafter Hall will be used for the monthly Community Council Meetings on the second Saturday at 9:00 a.m. It will be used every Friday night for Bingo at 8:00 p.m., and for other activities as well.

The building is air conditioned, has been newly painted and carpeted, and has two small meeting rooms in addition to the large room.

Harold Kauffman has been very instrumental in getting this building ready for use also.

Bridge Anyone

by Dot Burrow

On Sunday, May 26, the Duplicate players met in Fort Clark's Sabre Room. In Howell movement, Andy and Sandy Barnbey took high score. In second place were Anita Korbel and Norma Gould.

On Tuesday, May 28, the group played Mitchell. At North-South, Betty Inman and Ann Hible were first placers. In second place were Norma Gould and Walt Geeze. First place at East-West went to Gene Britton and Trudy Harber. Joan Lindley and Ruth Wilks had second place.

On Sunday, June 2, three and one-half tables played Howell. Joyce Bell and Martin Sheets were in first place, followed by Alice Seargeant and Ann Hible.

"Fund Cone"

Brackett News Staff Writer

The Kinney County Historical Preservation Society Ice Cream Social was a success. Mrs. Agnes Vondy exhibited a poster and coined the phrase "Fund Cone."

A great time was had by all May 23, 1991. The BHS band did a great job entertaining the crowd that gathered. Ms. Crane has done an outstanding job with her students and it shows.

Mrs. Agnes Vondy wore an old-fashioned dress with a self-designed hat to complete the ensemble. All she needed was the dangling price tag, but a big "Howdy" was all that came.

A special thanks to Gandy's of Del Rio for supplying the ice cream; Burger and Shake donated the cones; Alfred Pena saw to it that the band members had a cold coke waiting for them after their performance; Agapito Saenz for all his help and organization; and Ms. Jewel Robinson for sending a reporter. With team work, anything is possible. Thanks to every one that participated.

The regular scheduled Kinney County Historical Preservation Society meeting will be June 27, 1991, Kinney County Courthouse, 7:00 p.m.

1991 Project Graduation

BISD Board President Jim Bader enthusiastically supervises Potato Race.

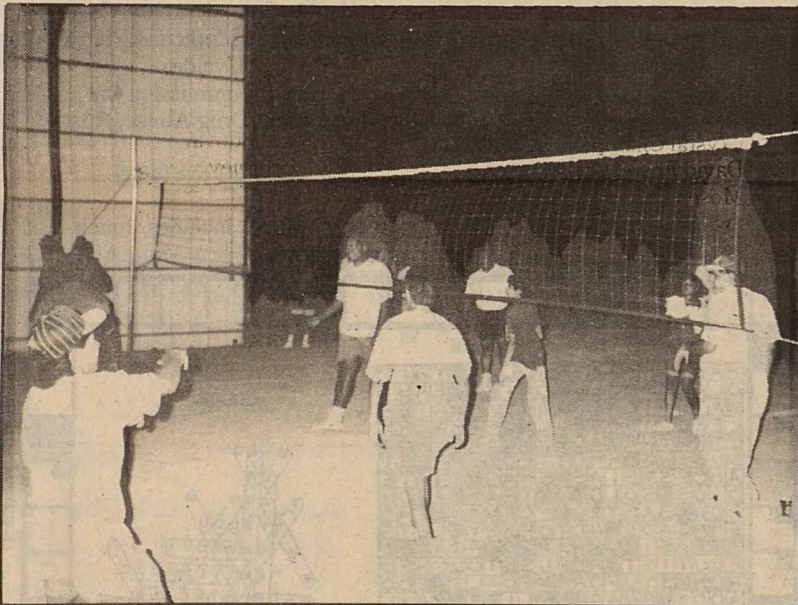

Susan Harrison welcomes graduates and guests to 1991 "Project Graduation."

If it's too windy to play table tennis, you can at least think about it.

Passing a life saver--on tooth picks, no less.

Volleyball is always in.

????????????????

This is what happened when Dorothy Ward whacked the pinata.

The first all-night chemical-free graduation party for Brackett High School graduates has been classified overwhelmingly successful by the graduates, guests, and chaperones who attended the extravaganza at LaFonda Ranch.

Following the graduation ceremonies at Tiger Field on May 31, 1991, 22 seniors and their guests boarded a school bus in front of the high school at 11:00 p.m. for the short trip to LaFonda.

Upon arrival, the young people hungrily devoured pizza and snacks before embarking upon a treasure hunt cleverly designed by Kathy Bader and Tulisha Wardlaw. The highly-motivated Regina Pena team successfully found the final clue at 1:00 a.m. and claimed \$100.00 for their clever sleuthing.

Drawings were held every hour for prizes purchased with money donated by ones who cared what the seniors were doing on graduation night. Names were drawn and seniors threw darts at balloons to discover what prize awaited them. The prizes were fabulous! Like a bicycle, watches, clock-radios, telephones, radar detectors, cameras.

Another can held the names of each senior present and as those names were drawn, the lucky one chose from a fistful of envelopes containing money. What they drew was what they got - from \$20.00 to \$100.00.

Between drawings, entertainment was continuous and included volleyball, basketball, table tennis, a relay of team games called *Graduation Mania*, videos, dancing, and even the *Limbo* and the *Hokey Pokey*. A pinata was short-lived, but was fun for everyone.

Grand prize winners at the final 6:00 a.m. drawing were:
Lina Falcon - GE 20" color TV
Rogelio Herrera - stereo system
Cris Cruz - microwave oven
Dorothy Ward - portable CD system.

For six hours, seniors and guests watched a gallon tea jar filled with money. The jar just sat there enticing them to guess how much money it contained. Jose Pena's guess was the closest.

Everyone agreed the time had passed all too quickly when it was time to board the bus at 6:15 a.m. on June 1, 1991, and return to the "real world."

This party was sponsored by the Brackett Drug Free Advisory Council in the hopes that the seniors would be able to have a safe, fun party following graduation. The chaperones unhesitatingly agreed that the behavior exhibited by the group of students - and former students, now - was exemplary, and continue to believe that some of the best kids in the world are right here in Brackettville - excluding none.

Advisory committee members who chaperoned the all-night party included Jimmy and Kathy Bader, Don and Joy Ralston, Tom and Jean Faulkenberry, Bob and Renetta McCall, Susan Harrison, Jim Runyan, Greg Nowlin, Jill Duncan, and Don and Sue Sims.

The 1991 seniors say a special thank you to the following who contributed so generously to make PROJECT GRADUATION possible:

- First State Bank, Brackettville
- Southern Comfort Shoe Factory
- Sonny & Susan Harrison
- Tom & Jean Faulkenberry
- Tim & Debbie Ward

Students Receive Presidential Awards

By DORTHY PAYNE
Brackett News Staff Writer

The Presidential Academic Award winners of 1991 were from the sixth, seventh, and eighth grades. The awards were made at the elementary school awards day for the sixth grade, and the seventh and eighth grade winners were announced at the eighth grade graduation on Friday at 11:00 a.m. in the BSD auditorium.

The Presidential Academic Fitness Awards are based on students having an "A" average for the combined 7th and 8th grade years of work in their core courses.

The core courses are language arts, history, math, and science.

From the White House in Washington, the President, George Bush, sent congratulations to each of the award winners. He wrote in part, "I commend you for your

academic achievements and hope you will continue to pursue your educational goals. Your community and your country are counting on you.

Barbara joins me in wishing you continued success as we share the pride of your parents, teachers, and friends. God bless you."

/s/ President George Bush

These awards were presented to sixth graders: Brandy Kathleen Meeks, David William Melancon, Lindy Raynese LaMascus, Courtney Brooke Harrison, Joshua James Crumley, Timothy Michael Hale, and Christina Gene Reschman.

Eighth graders receiving the awards were: Kim Ahrens, Kelly Henrich, Patrick Melancon, James (Wil) Shahan, Gerardo Cedillo, Karla Hall, Christopher Hale, Sean Burks, Manuel Ramon, Michael Munoz, Bryan Gidge, and Zoila Herrera.

37th Annual Beef Cattle Short Course:
Texas A&M University's 37th Annual Beef Cattle Short Course and trade show is scheduled for August 13-14. The program is designed to provide producers with useful information that can be turned into dollars back at the ranch.

The 1991 program will include a trade show and live animal demonstrations. Agenda items include complete discussions on lean beef production and the effect of low-fat products on American consumers and beef producers. Other items to be covered include profit management, breeding, forage management, nutrition, health and marketing. The talks will be from producers with varying size operations. Texas producers representing cattle herds of more than 1,000 head to small herds of 30 or 40 head will attend the meeting.

The trade show will feature more than 50 beef industry booths. The costs of the conference will be \$40 for participants and \$20 for spouses. For more information contact the county extension office.

Seminars Scheduled For Women Managing Farms & Ranches:

Women involved in managing farms and ranches may wish to attend one of the three educational seminars across the state in June by the Texas Agricultural Extension Service.

The seminars are designed to help women explore income-generating and tax-saving opportunities for their ranches.

Dates and locations for the meeting are:

June 13-14-Holiday Inn Airport, Corpus Christi

June 24-25-Sheraton Inn, Wichita Falls

June 27-28-Fifth Seasons East, Amarillo.

The discussions will center on income taxes, leases, business organization and estate planning. Leases and operating agreements will also be covered. The income tax planning portion will include tax saving opportunities for business growth, land sales, retirement income and assisting children and grandchildren.

A session on estate planning will deal with wills, trusts, estate tax deferrals, gifts and property titles.

Registration costs \$60.00 per person, which includes meals and materials. If you would like more in-

formation, please give the Kinney County office of the Texas Agricultural Extension Service a call at 563-2442.

District 13 4-H Sheep & Goat Project Workshop-Tuesday, June 18th - 8:00 a.m. Comfort, Texas

All Kinney County 4-H sheep and goat project members are encouraged to attend the annual workshop sponsored by the District 13 4-H Sheep and Goat Project Committee. The workshop program will be as follows:

- Tour of the Hillingdon Ranch (Robin Giles, Comfort, TX)
- Embryo Transplanting
- Wool and Mohair grading and market outlook.
- 4-H Show lamb projects.

A registration fee of \$5 per person will be charged which will cover the meal. Lunch will be in Boerne with the conclusion of the program. Registration is due by June 10, 1991.

Eastern Star Installation

Cubie Kurtz, Worthy Matron and James Connolly, Worthy Patron.

Brackett News Staff Writer

On Saturday evening, June 1, at the Masonic Lodge in Del Rio, Mrs. Cubie Kurtz of Fort Clark Springs, and Mr. James Connolly of Del Rio, were installed as Worthy Matron and Worthy Patron of Del Rio Chapter #204, Order of the Eastern Star.

After a musical prelude by Jonie Ayers, Dorothy Haga conducted an original program with Mary Jo Brown, Lou Lane, Martha Eaton, Dorothy White, and Mary Haynes presenting the star point emblems. Chet Pitts presented the Bible, and Betty Warden presented the square and compasses.

Chet Gearhart called the evening to order, the 1990-91 officers entered, Diane Ward conducted the Altar Service, and the Lord's Prayer was repeated in Unison. The pledge of allegiance was given and the national anthem was sung.

Elaine Gearhart extended a welcome and introduced Grand Chapter Officers and the installing officer, Catherine Athey. Mrs. Athey intro-

duced those who would assist her as installing marshal - Fanna May, installing chaplain - Dixie Connolly, installing organist - Jonie Ayers, and installing secretary - Beverly Agee. Virginia Nelson was registrar.

The 1990-91 officers retired and after a brief recess the 1991-92 officers entered for installation. In a ritualistic service the following were installed (*denotes either Fort Clark Springs or Brackettville, all others are from Del Rio):

- Worthy Matron--Cubie Kurtz*
- Worthy Patron--James Connolly
- Associate Matron--Jean Faulkenberry*
- Associate Patron--Tom Faulkenberry*
- Secretary--Dorothy Haga*
- Treasurer--Jeanne Fletcher
- Conductress--Jackie Grabie
- Associate Conductress--Evola Lampkin*
- Chaplain--Mary Haynes
- Organist--Charlie Lane
- Adah--Dixie Connolly
- Ruth--Bobbie Schafer*
- Esther--Martha Eaton
- Martha--Wilma Lewis*
- Electa--Ruby Miller*
- Warder--Jean Downing*
- Sentinel--Charles Downing*

Jackie Grabie did the altar duties, the closing ode was sung, and the Mespah Benediction was given in unison.

Mrs. Kurtz and Mr. Connolly each gave brief addresses and received traveling jewels from Mr. and Mrs. Gearhart who in turn were presented past matron and past patron pins. Mr. and Mrs. Gearhart then signed the Bible as the junior past presiding officers.

Jean Faulkenberry led the new officers in a program of tribute to Mrs. Kurtz. Blake Brown gave the benediction.

A reception in the dining room featured a table covered in blue and silver and centered with a floral arrangement and blue candles. Sandwiches, nuts, mints, cake, punch and coffee were served from silver appointments.

Del Rio Chapter #204 meets at 7:30 p.m. the 1st and 3rd Tuesday of each month at the Masonic Hall, Bedell Street, in Del Rio. The next meeting will be initiation. All Eastern Star members are invited.

Persons with Masonic eligibility who are interested in joining may contact any Eastern Star member for a petition.

Lions Come To Aid Of Neighbor

Brackett News Contributing Writer

A family who resides in Unit 3, Fort Clark Springs, graciously loaned their walker to a person who needed one for a few weeks.

When Lion Lou Sofaly returned the walker he discovered that this family had a problem. The man, due

to a heart condition, will now have to use a wheel chair. The family needed to have a ramp built so the man could get in and out of the house.

Lion Sofaly called Lions Don Parks, Harold Miller, Tom Faulkenberry, and Peter Pohl. In no time at all the ramp was built, and the family is very pleased.

Digging too close to power lines can be a grave mistake.

You know about underground power lines. And, you know you need to avoid them. Question is, do you know where they are?

We do. So, before you do any serious digging, give us a call here at CPL. We'll be glad to tell you where underground lines are

located. And, it won't take that long to do it. A little extra caution could help you avoid a grave mistake.

Desert Storm Vet Welcomed Home

Brackett News Contributing Writer

The family of Johnny Castro is very happy to have him safely home after his tour of duty in Saudi Arabia.

They thank his friends and relatives who were present to welcome him home, all who attended the barbecue in his honor, and every one who helped with it in any way, especially Ben Jr., Lupe and Julie Fuentes.

Johnny and his wife, Sue, are at Fort Sill, Oklahoma, but will soon depart for Ansbach, Germany, for his next tour of duty. He is a career soldier and has only two years left before he is eligible for retirement.

Mary Terrazas, her mother, Petra, Ben Jr., and his wife, Terry, and Ben Sr. plan to visit Johnny and Sue while they are still at Fort Sill.

They will also visit Mr. and Mrs. Henry Castro and family who live in Lawton, Oklahoma.

Pre-K Graduation

By DORTHY PAYNE
Brackett News Staff Writer

On May 30, 1991, Jones Elementary School held two graduation services for Pre-K in the BISD Auditorium.

One group graduated at 9:30 a.m., and the second group received their diplomas at 1:30 p.m.

The program was identical except for the students. In the following information, the first name of each activity is for the 9:30 service, and the second name is for the 1:30 service.

After the Processional, the Pledge of Allegiance was led by Nicole Johnson and Arnold Pinales. The graduates sang *You're A Grand Old Flag* led by Omar Rivas and Stacey Terrazas. Dr. Pat Seawell, Pre-K teacher introduced the speaker, Principal Steve Mills. Dr. Seawell presented awards. Mr. Mills presented the diplomas which was followed by the Recessional.

The Pre-K class of 1991 are: Princess Benites, Stacy Castilla, Jose DeLeon, Lalo Garcia, D.J. Lattimer, Valentino Morin, Davina Rios, David Samaniego, Angie Talamantes, Laura Tovar, Michael Bland, Crystal DeLeon, Ryan Garcia, Nicole Johnson, Glenn Morgan, Jr., Arnold Pinales, Jr., Omar Rivas, Liz Smith, Stacey Terrazas, and Sarah Waddell.

Dr. Seawell has had amazing results working with the 4-year old Pre-Kindergarten students and it shows. She was assisted by the full cooperation of the parents, school secretary, and other helpers.

Dr. Seawell holds a B.A. degree in English and Spanish from the University of Texas at Austin, a M. A. degree in Reading, and a Ph.D. at the University of Washington, D. C.

Dr. Seawell says "the single most important thing a parent can do to help a child succeed in school is to read to them every single day."

Getting High on the Guadalupe

By Rob McCorkle

El Capitan, background, has served as a landmark for travelers through Texas for hundreds of years.

To motorists traversing the vast, arid expanses of West Texas, the Guadalupe Mountains appear as a ghostly mirage, rising majestically several thousand feet above the surrounding Chihuahuan Desert.

To the backpacker crossing a rocky, windswept ridge along a narrow hiking trail in the wooded highlands, the Guadalupe Mountains form a surrealistic backdrop in an awesome panorama of conifer-studded hills and lush valleys that fall away on both sides to rugged canyons below.

From either vantage point, it's obvious why over the centuries, the Guadalupe have stood as a silent sentinel and cooling oasis for Spanish conquistadors, Mescalero Apaches and pioneers pushing ever westward. Today, 8,000-foot peaks beckon modern man to abandon his air-conditioned vehicle and experience the mystique of what many believe is the most beautiful spot in Texas.

The bald, rock face of El Capitan that thrusts dramatically from the desert floor is the distinguishing landmark of the almost 70,000-acre Guadalupe Mountains National Park that sits astride some of the mountain range's most scenic and rugged portions on the southern border of New Mexico 55 miles south of Carlsbad and 110 miles east of El Paso. It is the park's 8,749-foot-high Guadalupe Peak, however, that holds the distinction of being the state's highest point.

Perhaps not as well known as Big Bend National Park about 200 miles to the south, "the Guads," as locals call the mountains, are being discovered by more and more visitors every year. According to the National Park

with highland species like aspen and Douglas fir. The park's diversity of animal life is also astounding. Visitors are as likely to see common Chihuahuan Desert inhabitants such as kangaroo rats and collared lizards as they are elk and mule deer who tend to stick to the wooded canyonlands and highland forests.

McKittrick Canyon is a good place to witness the Guadalupe's

incredible variety of flora and fauna. It is also one of only three official entrances to the park, the other two being the main Visitor Center off U.S. Hwy. 62/180 and the Dog Canyon ranger station at the northern end of the park accessible via New Mexico State Highway 137.

Park visitors who don't plan to camp overnight or do extensive hiking on portions of the park's 80 miles of trails, should head for McKittrick Canyon to view some of the park's most interesting scenery. This area of the park is open for day use only. Moisture-loving maple, walnut, ash, oak and chokeberry trees living along shady, spring-fed McKittrick Creek put on a dazzling display of color each fall, making this a popular destination. A rocky, but rather flat, 3.5-mile canyon trail crisscrosses the shallow creek bed leading to picnic facilities near the old Pratt Cabin and on to the "grotto" further down the trail.

Camping is permitted year-round on a first-come, first-served basis at Pine Springs and Dog Canyon campgrounds. There is a \$5 per night camping fee at Pine Springs. Camping at Dog Canyon is free and charcoal grills are provided.

To truly appreciate the Guadalupe, plan on spending at least a day or two exploring the park's cool, verdant high country accessible by foot or horseback. Trails range from easy, short nature trails to strenuous mountain trails with ascents of as much as 3,000 feet along rocky switchbacks. Trails with names such as Tejas, El Capitan and Blue Ridge lead to a limited number of primitive, wooded campsites that require a camping permit for use.

Some of the more popular backpacking trails lead to The Bowl, a highcountry forest of pine and Douglas fir 2,500 feet above the desert, and Guadalupe Peak, the state's highest peak.

Golf News

By Vicki Nichols

Beer and snacks were served Wednesday courtesy of Ward Pomeroy due to his "hole-in-one" shot on #15. It wasn't just a lucky shot because Ward went on to shoot a three-over par 38. Good game, Ward, and thanks for the party.

I have never seen our greens in better condition than they are now. This can be tough because there is not a darned thing that you can blame a missed putt on.

The good players have told me many times that the most important asset a golfer can have is good concentration. I hate to admit it, but I have never been able to figure out what they are concentrating on. The way I play, I just tee the ball up and try to hit it. I'm not thinking of anything except, "please, Lord, let me get it past the end of the tee box." I must be missing something about the game.

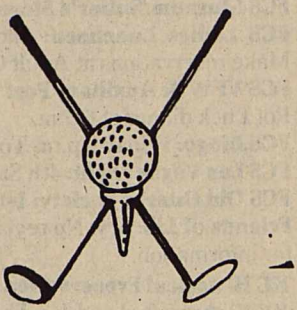

The thing that I do know about golf is that it is the most exasperating, humiliating, frustrating, and aggravating game a person can love to play.

Postscript

The Beautification Crew is still hard at work on Mondays. So, if you are good with a shovel, can drive a tractor, need exercise, or like to play in the dirt, sign up, they need help.

Frank Eckenroth, Bill Mitchell, and Ward Pomeroy came in looking like three moles and with a "Whopping" appetite. Maybe all that hard work is what keeps them so slim and trim.

Unsung Hero

by Joe Townsend

Another departure this week. I'd like to pay tribute to three people. These lovely young ladies came to Brackettville several years ago to work at Alamo Village.

They came basically as entertainers to sing during the music shows. They have generally worked in the stores, and taken time to sing as singles and as a group.

They have come to be outstanding singers. They are called upon on many occasions and always thrill the audience.

They are of the highest character and always friendly. They are conscientious, capable and dedicated to their aspirations. It is a treat to know these fine young ladies.

Surely, Mary, Carol, and June Templeton are three "Unsung Heroes."

Greer Family Reunion

The Greer clan gathered in Camp Wood at the Senior Citizen building over the Memorial Day weekend.

Sixty descendants of Cephas Sebastian and Mary Aldora Roberta (Pope) Greer came for the reunion. Cephas Sebastian Greer was born in Clayborn Parish, Louisiana on January 16, 1863. He was married to Mary Aldora Roberta Pope on July 7, 1887. Their children were, Jesse Edmund, Nancy Lillie May, Minnie Lucretia, (infant born dead), Walter Lee, Cornelia, Annie Zora, Ewell and Curtis.

On Friday there was a lot of "back slapping" and "hand shaking" as families arrived. Some they had not seen since the 1950's.

Saturday morning was spent reminiscing of days gone by, and catching up on the news of each family, and what they had been doing.

A lot of good food was consumed during the three day reunion, and the Nueces River with its cool clear water proved to be the main attraction for the younger folks, and some young at heart.

A business meeting was held Saturday afternoon when officers were elected. Eloma Ashwin was elected President, Judy Greer was elected Vice-president, and Peggy Greer was elected Secretary and Treasurer.

A number of awards were given out during the meeting. Elsworth Greer received a certificate for having the most great-grandchildren, which was four. Bryce Greer received the certificate for having the most grandchildren, which was 12. The certificate for the

couple that had been married the longest went to Ewell and Edith Greer who had been married 53 years. Ewell Greer is 87 years old, and the oldest one attending the reunion. The certificate for the ones most recently married went to Russell and Jennifer Greer. The most children went to Curtis Greer and Bryce Greer. The Globetrotters Award for the family traveling the greatest distance to attend the reunion went to Ronnie and Renie Turzich who came from Colorado.

Sunday morning after breakfast every one started packing for that long journey home, and saying good bye to everyone, hoping to see everyone next year.

Those attending this year's reunion were, De Laura Grace Hicks and children from Crane, Mary Aldora Lemmon and girl friend from Royal Oaks, Michigan, Mr. and Mrs. Ewell Greer from Imperial, James and Eileen Coleman from Camp Wood, Phillip D. Greer from Brownwood, Lynoma and Monty Martin and children from Crane, Mr. and Mrs. Curtis Greer and boys from Springfield, Va., Paul and Dixie Frizzell and son from Laredo, Ronnie and Renie from Longmont, Colorado, Donna L. Dafoe and two children from San Angelo, James and Bryce Greer from Camp Wood, Max Burleson from San Antonio, John Cronin from Austin, Richard and Geraldine Tucker from Camp Wood, Elsworth and Judy Greer from Rankin, Leldon and Peggy Greer from Imperial, Eloma Ashwin from Crane, Dan E. and Marlene Greer from Odessa, Kraig and Shirley Peel from Del Rio, Mike and Diahann Terzich from Dallas, Ronnie Large from Montell, Russell and Jennifer Greer from San Angelo, and Mooris Merritt from Camp Wood and Marion and Kay Smith of Camp Wood.

Petty Officer Comes Home Returning from Desert Storm

U.S. Navy Petty Officer 2nd Class Mark D. Miles, son of Mr. and Mrs. George Miles of Barksdale, returned to the United States from Operation Desert Storm April 17.

He has been aboard the aircraft carrier USS America, which was deployed to the Gulf area December 28, 1990.

Mark's duties included overseeing aircraft launch operations aboard the America during the Gulf War. On two occasions of citations for exemplary service, Mark was awarded the National Defense Medal and the Navy Achievement Medal.

Mark is a 1987 graduate of Nueces Canyon High School. He recently visited his family and friends in Barksdale.

Awards Banquet

The NCHS Annual CVAE Awards Banquet was held at the Old Timer Restaurant on Monday, May 20th, and plaques were presented by Building Trades Instructor Wayne Grove to this year's outstanding students.

Chad Hamilton, NCHS junior and son of Hal and Kathy Hamilton, was named Student of the Year, at the conclusion of the program.

Nominated for the Best Craftsman Award were Barry Cowen, Chad Hamilton, Anthony Estrada, and Edmund Winston. Chosen as winners were Barry and Anthony.

Nominees for the Most Attention to Detail Award were Carie Fontenot, Jesse Gomez, Ben Carabajal, Jennifer Noblett, and David Satterwhite. Winners were Carie Fontenot and David Satterwhite.

Those nominated for the Hardest Working Award were Chad Hamilton, Don L. Evans, Jerry Arredondo, and Edmund Winston. Don L. was named the winner.

Rene Sanchez, Carie Fontenot, Brenda Reed, Alex Fernandez, and Jennifer Noblett were nominated for the Most Imaginative Award. Brenda and Jennifer were chosen as winners.

Nominated as the Most Improved Students this year were Don L. Evans, Tammy Tidwell, Jerry Arredondo, Marvin Nelson, and Angie Whitley. Tammy and Jerry were selected as recipients of the award.

The Fourth Hour Class was named this year's honor class, and Robert Lee was complimented for his work with this year's outside project, the erection of the cross on the mountain south of Camp Wood last fall. The class worked on this project in coordination with the City of Camp Wood, the Chamber of Commerce, and the Catholic Church.

Mr. Grove also thanked Dan Colwell, Carie Fontenot, Juan Gonzalez, Bill Newman, Alex Flores, Martin Sweeten, Joe Gomez, and Robert Sherman for making the

plaques that were used as awards this year.

He reported that the 90-91 school year had been a good one and that he was very pleased with the work of the classes.

Guests other than the CVAE students were Mr. and Mrs. Warren Colwell, Mr. and Mrs. Roe Burleson, Mr. and Mrs. Floyd Collins, Carla Talley, Mr. and Mrs. N.J. Sweeten, and Mr. J.C. Deatherage.

Perfect Attendance

Special congratulations to those students who did not miss a day of school all year. Elementary principal Floyd Collins has released the names of the following students who attended school every day all year.

Shane Patton and Oscar (Tince) Winn were the only kindergarten students with perfect attendance all year.

Crockett Centennial

Brackett News Contributing Writer

All roads lead to Ozona July 1-7 as Crockett County celebrates its centennial.

Festivities begin Monday, July 1, with a reenactment of the first commissioners' court meeting under the same tree that shaded the original court.

The evening of July 3 is set aside for an all-male beauty pageant.

Craft, food and game booths on the town square, a parade, walking tour, 8 p.m. historical pageant, fireworks and street dance fill the program on July 4.

On July 6, registration for the all-school reunion begins at 9:30 a.m. in the civic center. A reunion of pioneer families is scheduled for 2 p.m. in the Crockett Room. The historical pageant will have its second performance that evening at 8 p.m.

Sunday's activities conclude the celebration. A 10:30 a.m. church service on the town square will be followed by a picnic lunch. Dedication of the E.M. Powell historical marker at 1 p.m. on the square ends centennial events. Powell drilled the first water well and donated land for a school, courthouse, jail, water works and the town square in Ozona.

Related activities planned prior to centennial week include a trail ride June 22-23, youth tennis tournament June 26-27, adult tennis tournament, washer pitching contest and softball tournament June 29-30.

For additional information, call Ozona Chamber of Commerce at 915-392-3737.

ARIES (March 21 to April 19) This week looks quite promising regarding business and monetary interests. Still, loved ones could quarrel about money after dark. You're popular and sought after. The party life appeals to you now. A rumor may irk you, but stay clear of arguments.

TAURUS (April 20 to May 20) Social life brings some gains, but privacy is what you need to finalize your career plans. Home developments are to your liking. Make a point of saving money. Those little expenses could get out of hand. Enjoy sports and recreational pursuits.

GEMINI (May 21 to June 20) Seek raises and new sources of income. A co-worker may be jealous over your good fortune, but shrug off others' negativity. If you're not self-insistent, others will be more cooperative. An invitation for a short trip delights you.

CANCER (June 21 to July 22) Be responsible about obligations. Financial gain is likely and home life is a plus. Be less critical of friends and loved ones. Serious discussions bear fruit. Don't argue over petty things. Good times are in store for you. Make plans for the future.

LEO (July 23 to August 22) An important breakthrough occurs career-wise. You'll receive recognition or lucky new assignments. Keep peace at home base. A friend seems superficial, but a partner shows the way to exciting times. Accent togetherness. Financial judgment is good.

VIRGO (August 23 to September 22) Financial opportunities are within your grasp. Watch friction on the job. Close ties give you valuable advice. Don't skim the surface. Seek long-term career gains. Luck is with you in travel and romance, but a family member is argumentative.

LIBRA (September 23 to October 22) The way is clear now for career

successes. Schedule interviews and go after what you want. A friend is unusually taciturn. Social life is promising, but a family member may feel left out. Someone met through business is attracted to you.

SCORPIO (October 23 to November 21) Don't let a friend undermine your relationship with a child or romantic interest. A busybody makes his influence felt. The unusual in entertainment suits you fine now. Romance has a touch of glamour. A co-worker seems hard to fathom.

SAGITTARIUS (November 22 to December 21) Too much secrecy can make a family members feel out of. Remember to communicate! Work gains come now. Profits are likely. Others will take advantage in financial dealings if you let them. Loved ones buoy your spirits.

CAPRICORN (December 22 to January 19) Once an argument gets started, you'll never hear the end of it. Don't make waves. Consult with bankers about property improvements. Outside celebrations are favored over home activities. You may be getting into a rut. Make a point to do something different.

AQUARIUS (January 20 to February 18) Jealousy rears its head in romance. Concentrate on career where success is assured. Complete assignments. Continued luck is with you in the work place, but a co-worker seems underhanded. This person could well be up to something!

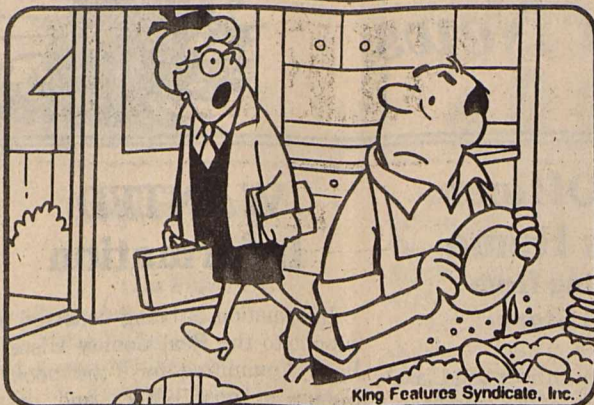

PISCES (February 19 to March 20) Don't reveal your hand in monetary dealings. Others don't want to compromise. Don't raise controversial issues now. Agreements are hard to reach about money. Intuition proves to be your best adviser. Distant affairs are happily accented.

PUBLIC NOTICE

Texas Department of Health
Notice of Proposed Issuance of a Radioactive Material License with Notice of Hearing and Availability of Environmental Assessment

Texcor Industries, Inc., a Texas corporation, has applied to the Texas Department of Health for authorization to construct and operate at a designated site of 1,400 acres, more or less, near Spofford in Kinney County, Texas, a facility to transfer, to receive, to acquire, to possess, to process (including to store), to dispose and to make such use or uses of such radioactive materials as both (1) are described in the application and (2) may be licensed by an exercise of authority under Chapter 401 of the Health and Safety Code. The radioactive material covered by this application includes any "byproduct material" as defined in Section 401.003(3)(B), Texas Health and Safety Code, naturally occurring radioactive material (NORM), within the meaning of Section 401.003(17), Texas Health and Safety Code, and any other waste material which is radioactive but is not "radioactive waste" within the meaning of Section 401.003(18), Texas Health and Safety Code.

Notice is hereby given by the Texas Department of Health that it proposes to issue Radioactive Material License No. L04336 to Texcor Industries, Inc. (mailing address: Texcor Industries, Inc., P.O. Box 311228, New Braunfels, Texas 78131-1228).

The issuance of this license would authorize receipt, possession, temporary storage and disposal of byproduct material, as set out at Section 401.003(3)(B), Texas Health and Safety Code, at the proposed facility, consisting of approximately 430 acres, located near Spofford in Kinney County. The proposed license would place certain requirements on the licensee, as specified in the conditions of the proposed license, regarding handling of the authorized material, worker protection and protection of the public health and safety and the environment. The Texas Department of Health does not propose to issue a license to process "byproduct material", as set out at Section 401.003(3)(B), Texas Health and Safety Code, or to transfer, to receive, to acquire, to possess, to process, to dispose or make any other use or uses of NORM (within the meaning of Section 401.003(17), Texas Health and Safety Code), or any other waste material which is radioactive but is not "radioactive waste" as set out at Section 401.003(18), Texas Health and Safety Code.

An environmental assessment (TBRC EA-19) titled, "Environmental Assessment Related to the Texcor Industries, Inc. Byproduct Disposal Project, Kinney County, Texas," has been prepared and is available through this Agency. This notice affords the opportunity for written comments from the public within 30 days of the date of publication of this notice.

The Division of Licensing, Registration and Standards has determined that the applicant has met the standards appropriate for the issuance of the license: a) the applicant is qualified by reason of training and experience to use the material in question for the purpose requested in accordance with Texas Regulations for Control of Radiation (TRCR), in such a manner as to protect public health and safety, and the environment; b) the applicant's proposed equipment, facilities, and procedures are adequate to protect public health and safety, and the environment; c) the issuance of the license will not be inimical to public health and safety, nor have a detrimental impact on the environment; d) the applicant has demonstrated financial capability to conduct the proposed activity including all costs associated with decom-

missioning, decontamination, disposal, reclamation, and long-term care and maintenance (if necessary); e) the applicant satisfies all applicable special requirements in TRCR, Part 43; and f) neither the construction and operation of the proposed facility nor the issuance of the proposed license should have any significant impact on the human environment.

This notice affords the opportunity for a public hearing upon the application of Texcor Industries, Inc. and the decision to propose issuance of the license. The public hearing on the application and the proposed issuance of the license will be held if the Agency has received written request for hearing no later than 5:00 p.m., thirty days from the date of publication of this notice in the Texas Register, from a person affected. A person affected is defined as a person who is a resident of a county, or a county adjacent to a county, in which the radioactive materials are or will be located, including any person who is doing business or who has a legal interest in the county or adjacent county, and any local government in the county; and who can demonstrate that he has suffered or will suffer actual injury or economic damage. A hearing may be requested by writing David K. Lacker, Chief, Bureau of Radiation Control (Director, Radiation Control Program), 1100 West 49th Street, Austin, Texas 78756-3189. Any request for a hearing must contain the name and address of the person who considers himself affected by agency action, identify the subject license, specify the reasons why the person considers himself affected, and state the relief sought. If the person is to be represented by an attorney, the name and address of the attorney also must be stated. Should no request for a public hearing be timely filed, the license will be issued.

A public hearing, if requested, shall be conducted pursuant to the provisions of Sections 401.054 and 401.264, Texas Health and Safety Code; the Administrative Procedure and Texas Register Act, Article 6252-13a, V.T.C.S.; The Formal Hearing Procedures of the Texas Department of Health, 25 Texas Administrative Code (TAC) 1.21-.34; and Parts 11, 12, 13, 21, 22, 41 and 43 of the Texas Regulations for Control of Radiation (TRCR), 25TAC 289.111-.114, .121, and .123. The hearing, if requested, will be convened at the Civic Center in Brackettville, Texas on June 11, 1991, at 9:00 a.m.

The purposes of the hearing are as follows: a) to establish jurisdiction; b) to designate parties; c) to identify issues to be covered in the hearing; d) to resolve discovery disputes and to set a discovery schedule, if necessary; e) to receive comments from "interested parties"; f) to receive evidence and argument relevant to the issues to be covered in the hearing from persons designated as parties to the hearing; and g) to fix dates, times, and locations at which further evidence or argument will be received. Each person who timely appears at the hearing, requests party status and demonstrates that he or she is a "person affected" as defined at Section 401.003(14), Texas Health and Safety Code, as amended, and TRCR 13.2 (25 TAC 289.112) has the right to be designated a party in the hearing. Subject to some limitations, a party may, for example, be represented by counsel, cross-examine witnesses, participate in scheduling, and present argument. However, proof of a person's "justiciable interest" may be required as a pre-requisite to participation on some issues. A party also may be subjected to special obligations or burdens; e.g., observance of the Agency rules of decorum, observance of procedural rules for contested case hearings, submission to discovery requirements, or payment of assigned transcript costs. Sanctions may be imposed for a party's failure to abide by applicable requirements. Failure to appear without prior notice in writing to the Hearing Ex-

aminer may be construed as a withdrawal of the request for hearing.

Copies of all relevant material are available for public inspection and copying at the Bureau of Radiation Control, 1212 East Anderson Lane, Austin, Texas. Information relative to the issuance of this specific radioactive material license may be obtained by contacting David K. Lacker, Chief, Bureau of Radiation Control (Director, Radiation Control Program), Texas Department of Health, 1100 West 49th Street, Austin, Texas 78756-3189, (512) 835-7000, or by visiting 1212 East Anderson Lane, Austin, Texas.

Issued in Austin, Texas on May 3, 1991.

Meditations

Did you ever take a trip in an airplane? If so, you may have noticed that the plane wings are flexible. They bend a great deal while the plane is in flight. Such a sight may frighten the passenger who sees it for the first time, but such elasticity is necessary to keep the aircraft from breaking apart.

In order not to split apart, trees bend in stormy or windy weather. Oil derricks and buildings sway back and forth continually. The sailor moves with the "roll of the ship." All of this should say something to us about the "give and take" of life.

Elasticity is needed for home life. Ruin will come if one remains rigid, unmovable. Lives will be destroyed unless there is a love which

bends and stretches while under pressure.

A school, a nation, a church, or community must have a love that will stretch. Pressures from many angles pound down upon us. If we never learn to bend, then we will break and shatter like glass. Quite often it is healthy to "Roll with the punches."

On an automobile there are the springs and shock absorbers that make riding over rough roads painless. Every road that we travel in life will have detours, rough spots, and curves, as well as flawless driving conditions.

An elastic love, a forgiving spirit, and a deep rooted faith in the Eternal Lord will hold life together, and make traveling more enjoyable. Try it.

Frontier Baptist Church

by Joe Townsend

At Frontier Baptist Church regular activities captivated the day.

In the message of the morning, the pastor pointed out from the Scriptures that God is above us, He is before us, He is behind us, He is beneath us, He is all around us, and He is within those who are his children because of their faith in Jesus Christ.

Following the message the congregation observed the Lord's Supper as Jesus had instructed.

The congregation then retired to the Fellowship Hall where all enjoyed a covered dish lunch. This is the regular program for the first Sunday of every month.

Regular worship will be Sunday morning at 11:00 a.m. This offers an opportunity for every person in the community to be blessed by worshipping God with a warm-hearted Christian group. Come and see!

Services were held as usual Sunday morning in the San Fernando Church at Alamo Village.

Stores were closed and the staff gathered for the regular Sunday worship service. Mary, Carol, and June Templeton favored the group by singing *Amazing Grace* as only they can sing it.

The message of the pastor was concerning being "In Tune." He pointed out one must be in tune with himself. Then, he must be in tune with his fellow man. These can only gain full fruition when man is in tune with God. This can only be through faith in Jesus Christ.

Services were concluded and each of the staff went to his or her responsibilities.

The Bible Says

"Then also you can do good who are accustomed to do evil." No matter how long a person has done evil; he can change.

Sometimes a person has done "evil" so long he has come to feel it's not bad. The evil has not changed; just the evil doer.

A person does what he chooses to do. He can change if he will. A smoker can quit smoking if he will. An alcoholic can quit his alcohol if he will. A homosexual can change if he will. The thief can quit stealing if he will. And so it goes.

A person doing evil can do good.

Some say, "I want and intend to be a Christian and join the church. I'm going to straighten up my life and when I do I'll be in church."

How wrong can one be? Christ and His church are for the purpose of helping one clean up his life. For a person to continue to do wrong because "he can't help it," is a cop-out.

There is no person alive who has not and does not do evil. But the person is not alive who cannot do good. He determines what he will do.

"Then also you can do good who are accustomed to do evil." Ps 13: 22b.

50 GOLDEN YEARS

Walt and Tina Bauguess celebrated their Golden Anniversary on June 1.

Walter and Albertine (Tina) Bauguess celebrated their golden wedding anniversary with a family get-together in San Antonio for sight-seeing and a family dinner June 1 at Oak Hills Inn.

Hosts were their children and their spouses: Jane and Mike Pyle of Fort Worth, Texas; Ruth and Clay Boyd of Austin, Texas; and Barbara and David Bauguess of Montrose, Colorado.

They have eight grandchildren

and one great-grandchild.

The North Carolina natives were married June 15 in Ashe County, North Carolina. Tina is the former Ruth Albertine Hurt.

Walt is retired from McNeil Pharmaceuticals, and Tina is retired from the Fort Worth Independent School District.

They reside on Fort Clark Springs, and are members of First United Methodist Church.

Compare For Yourself...

ARE YOU PAYING TOO MUCH FOR RENT?

Last year, Jim Walter financed 98 percent of the homes we sold and built. This included large homes and small, yet the average monthly payment was ONLY \$372.62. Compare this with what you're paying for rent. Shouldn't you be buying a home of your own? We think you should, and Jim Walter would like to be your builder. We can build a home for you at a payment you can afford. Ask one of our more than 280,000 customers.

Jim Walter will build to almost ANY stage, from the "shell" home, completely finished inside, to one 90% complete, or just about anywhere in between. Any of our sales representatives will gladly explain these various stages...and more. You'll be given the cost of the home you choose, built to your choice of stages, and you'll know exactly what your monthly payment will be, even before construction begins.

To cut building costs, you can do some or all of your own interior finishing. The more you do for yourself, the more money you'll save.

Our most complete home, we believe, is an outstanding value, including central heat and air conditioning. You'll need simply to paint or decorate walls, add floor covering and connect to outside utilities.
