

## "MY TURN"

By  
Carol

**WHOEVER SAID** "Politics makes strange bedfellows" must have had sleazy old Senator Packwood in mind. So the Senate kicked him out!

There is another Senator who has been in office for decades, is also a known womanizer, alcoholic, and several years ago he drove a car off a bridge, leaving a young woman to drown in it. Anyone who's name isn't Kennedy would have gotten the electric chair for that. Why is he still in office? Why can one person lose face and another person, equally as sleazy, retain the public's favor?

For instance, Gary Hart was kicked out of a presidential race when it was discovered that he was involved in hanky-panky. A few years later, another hanky-panky person (plus a draft dodger, to boot) was elected president. I don't understand this. Will someone please explain it to me?

We stand a pretty fair chance of getting that character re-elected to the White House along with the Iron Maiden wife and his cabinet-full of lesbians, midgits and misfits. They are already running for office; trying to shed the image of the "counter-culture couple." He's busy making himself over into a conservative and she's busy making herself over into a first lady...all poised, lovely and gracious.

Leopards don't change their spots, you know!

Congressional leadership in the GOP is, right now, doing a good job for America on economic and social reforms. A Republican president would assure us of continued progress along those lines.

The GOP will have to come up with a good strong candidate. Senators Dole and Gramm are the early front runners. Sadly, our own dear Senator Gramm probably won't make it. He's one of the most brilliant men in government and would make a great president. Unfortunately, this is the nineties when an ignorant electorate selects their presidents on looks, charisma and camera presence rather than on their views and abilities. . . sort of like a high school popularity contest.

I don't know if General Powell is just trying to sell a lot of his books or if he is running for office. He hasn't made it known at this point. The media is sure pushing him to the forefront, which immediately makes me suspicious.

Powell seems to have ruled out running as a Democrat. His views may be too liberal to be Republican. That sounds to me like an independent candidate. If he decides to run as an independent, he will only succeed in getting Clinton re-elected. Have we learned anything from the last election when we managed to get a president into office with less than a majority vote?

Someone pointed out that eleven of our former presidents have been military generals. Okay! By the time a man reaches that status in the military, he must be a leader. He must have the self-confidence to make hard decisions and stick by them. These are not qualities that we currently have in the White House.

Yes, Powell is black, but he certainly does not flaunt his race like Jesse Jackson.

The voters will need to learn a lot more about his views on economic growth and social issues, such as school prayer, the debase-ment of our culture, illegal immigration, getting tough on crime, etc. Where does he stand on tax cut initiatives to create jobs, boost incomes and insure the strength of our country?

Going from a draft-dodger to a four-star general would be a hoot, but as far as comparing Powell with Eisenhower. . . get over it! Don't make any decisions until all these issues have been addressed and don't fool yourself into thinking that an independent candidate has a snowball's chance of winning.

## Bovina Grad Is Canyon Principal

Former Bovina resident, David Dixon, was recently featured in an article in the *Canyon News* written by former *Bovina Blade* news reporter Diane Westbrook (Rogers) now of Canyon.

David graduated from BHS in 1971 and got his BS Degree in Elementary Education from WTSU. He taught for 13 years in Happy and two years for the Canyon ISD while obtaining his Masters Degree in Mid-Management and Administration.

The Canyon article is reprinted here for our Bovina readers.

By Diane Westbrook  
Canyon News staff

David Dixon has begun the school year as the new vice principal of Canyon High School.

"One of my goals is to try to learn at least the first names of all the students," he said. "I'm going to give it my best shot!" There are over 800 students attending the school.

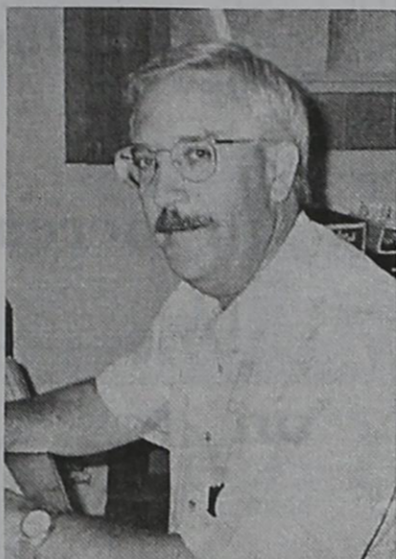

David is very caring of the students at Canyon High. He knows many of them from his days as an elementary teacher at Happy and at Gene Howe, so he has watched them grow up.

"Respect" is the theme in Canyon Schools and this is a philosophy that David believes strongly in.

"I believe in treating the students with respect and dignity," he said. He believes in encouraging the creativity in each student, "whether it's playing sports or baking cookies, each one has something that they excel at."

David grew up in the small town of Bovina, the son of John and Eloise Dixon. He went all 12 years in Bovina Schools before coming to WT where he obtained his Bachelor of Science Degree in elementary education. He taught 13 years in Happy, Texas and then two years for the Canyon School District while obtaining his Master's Degree in mid management and administration.

He met his wife, Bobbie, while

DAVID DIXON

attending WT. They have been married 22 years and have three children. They have lived in Canyon since 1973.

"This is home," he said.

Bobbie teaches in the nursing department at WT and runs her own business doing OSHA consulting. She grew up as a "missionary's kid" and her parents are presently serving in the mission field in Brazil.

Their sons, Brandon, a senior, and Michael, a junior, attend Canyon High School. They each work as well as attend school. Their daughter, Jennifer, is a sixth grader at Canyon Junior High School.

Dixon's hobbies include playing racquetball and listening to all kinds of music—jazz, and easy listening, "a little bit of everything," he said.

He enjoys spending time with his family and taking family-oriented vacations.

Each morning, David is in the halls of the school as the students come in to begin their day. He is well on his way to his goal of learning each name.

"There are excellent teachers at the school," he said, "and I have excellent role models in the administration."

**SECOND WEEK'S BIG WINNER.....**Virginia Steele accepts her \$10 top-prize for winning the Bovina Blade's football contest during the second week of competition. Presenting her check is Dean McCallum of Agri-Plan, Inc. McCallum Agency, a long-time sponsor of the contest.

## Virginia Steele Wins Second Week's Contest

When the Dallas Cowboys scored a touchdown in overtime to defeat Minnesota 23-17, it made Virginia Steele a winner over Susan Kerby in the second week of the Bovina Businesses Football Contest.

If the Cowboys had kicked a field goal instead, Kerby would have won with her tie-breaker score of 21-17.

Instead, Steele's tie-breaker guess of Dallas 24, Minnesota 17 was only one point off, and Kerby was 2 points off to claim second prize.

J.T. Roach and Al Kerby, Jr. tied for third place and will split the \$5 prize. They each guessed Dallas over Minnesota 27-17, four points off the score.

Steele, S. Kerby, Roach, and Al Kerby were among a group of nine contestants to pick 13 out of 14 winners in the second contest.

Others who picked 13 out of 14 were Gilda Garner, Mike Read, Roy Lee Stowers, Scott Sudderth, and Janie Sudderth.

UCLA's loss to Oregon, and Oakland's overtime loss to Kansas

City were the two "most missed" games this week.

Of the nine contestants to pick 13 out of 14, seven of them had picked UCLA, and the other two had picked Oakland.

Eighteen other entries picked 12 out of 14 winners.

Leading in overall points is Mike Read with a two-week total of 25, followed by Denise Anderson, Jo Blackwell, Daniel Hernandez, Susan Kerby, Al Kerby, Jr., Dee King, J.T. Roach, and Scott Sudderth, all with 24 overall points.

Remember there is a \$100 prize for the overall winner at the end of our 13-week contest. There is plenty of time to enter and win, with eleven more weeks to go.

Weekly winners receive \$10 for first place, \$7.50 for second, and \$5 for third.

A listing of overall points can be found elsewhere in this issue of the Bovina Blade, as well as this week's football contest. Entries must be received in the Blade office, or postmarked, no later than 5 p.m. each Friday.

## Bovina PD Gets Grant Money

Attorney General Janet Reno announced that 330 police and sheriff's departments nationwide, including 10 in Texas, will receive more than \$93 million in grants.

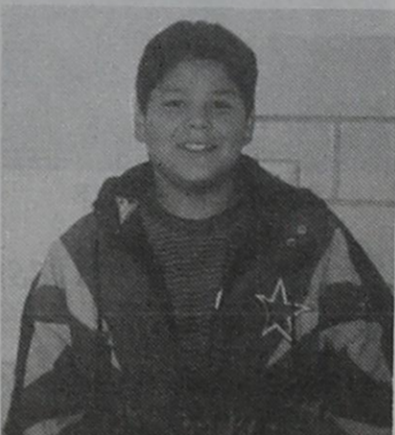

Bovina's police department was awarded \$3000.00, which will be used for an improved computer system.

Police Chief Leon Saddler filed the necessary paperwork last March to apply for grant money. Grants were approved last week.

Chief Saddler says that now he has to file a budget outline to the Justice Department before the grant is actually paid.

The computer system will allow Bovina Police to more efficiently handle paperwork such as offense reports, juvenile reports and other required police records.

The new system will also be equipped with a scanner that will allow Bovina PD to store fingerprints and photos of suspects. The computer will accept both small and large floppy discs, as well as have CD-ROM capability.

Tubas date back to ancient Rome where they were used during military and ceremonial occasions.

Modern versions of the tuba developed from John Philip Sousa's 1898 invention, the sousaphone.

## Young BHS Mustangs Are Gaining Experience

Coach Mike Royce says the young Bovina Mustang team has played their two toughest opponents, Olton and Kress, in the first three games.

"Our kids need experience and confidence to keep from making costly mistakes," says Coach Royce. "Against Whiteface, we could have won the game several times, but mistakes cost us."

## Fillies' Runners Frolic at Frenship Race Meet

The Bovina Fillies had their best team finishes ever as the 7th-8th and high school teams brought home ten medals from the Frenship Cross Country Meet last Saturday, September 16.

For the varsity, the dynamic sister duo of Carmen Campos and Maria Fragoza ran their fastest two-mile times ever and led the Fillies to a 3rd place team finish.

The Fillies scored 94 team points in the tough 11-team field.

According to Coach Rundell, they used patience at the start, pack running, and a strong second mile. The entire team finished in the top half of the field.

Rundell added, "Carmen and Maria won their first ever cross-country medals. They ran a tremendous race. They ran with some of the top runners in the area. We were very proud of their performances and winning attitudes."

All varsity runners ran personal best times. Results were: Campos-6th-12:54, Fragoza-7th-12:55, Melissa Cantu-22nd-13:19, Lori Beauchamp-30th-13:39,

Stephine Villarreal-40th-13:56, Alex Dopp-46th-14:11, and Marcy Guevara-47th-14:15.

The Fillies Jr. Varsity produced some great performances as they placed 2nd in the team standings with 36 points.

The JV was led by freshman Leslie Wilkins, who won a medal with her 7th place finish at 14:14.

Other runners earning medals were: Monica Perez-11th-14:26, Kristie Buckley-13th-14:43, and Brandie Munoz-16th-15:11.

All other JV runners showed big improvement. Jackie Gonzales-26th-15:45, Evang Casas-30th-16:10, Paula Borquez-33rd-16:25, Elia Maruffo-39th-16:38, Tricia Kessler-45th-17:05, and Jessica Viemes-50th-18:23.

The Middle School Colts made school history by competing in the first cross country race ever for Bovina Middle School.

Four girls earned medals and the team placed 2nd with 49 points.

The Colts were paced by 8th grader Melissa Cano, who ran a fantastic race, placing 3rd with a time of 13:16. Coach Rundell said, "Melissa came from the back of the pack and made up a lot of ground, passing over 50 other runners."

Other medalists were: Marisol Antillon-7th-13:50, Lety Vargas-13th-14:22, and J.D. Jones-19th-14:41.

Other runners were: Krysta Morris-23rd-14:54, Laura DeLa Rosa-39th-16:26, Misty Pruitt-40th-16:29, Lindsey Pruitt-44th-17:35, and Julie Grisham-54th-18:14.

# Scooter's Scoops

By Scooter Russell

We get letters that brag on us because we are finally getting school news in the Bovina Blade. Over the years we have had complaints that that was all there was in the Blade. What that means to me is that you are still reading the Blade and, "Hey, man, you know...like that is what it's all about!" Whatever.....

We have received good rains over the past week and temperatures are predicted to drop pretty low by the end of the week. It is time for the freeze contest so place your entries through the slot in our door where the football entries are placed. Be sure to put the date that you turned the entry in besides the time of day and the date of the freeze.

**NEWS AROUND TOWN.....**  
If you are watching Lewis and Clark Adventures on Sunday night, it could be that you will see a

familiar face...Ben McCain. The show airs on ABC at 8 p.m.

Asa Smith was released from the hospital in Muleshoe a week ago Monday. He spent ten days in the hospital and his wife, Lois, stayed with him at that time so they are both glad to be home. Asa's condition has improved.

Graveside services were held for Alice Moore a week ago Friday. She was a sweet person and lived in Bovina for many years. Alice's only daughter, Sheryl Meason, spoke at the funeral and Sheryl's daughter, Nicole, sang, "Amazing Grace".

It was very impressive and Sheryl and her family were Alice's life. She loved them dearly. The family suggests memorials to the Schneider House Apartments, 120 So. Russell, Pampa, Tx. 79065, or

to First Baptist Church of Bovina Missionary Fund.

Velma Richard's sister, Pat Condif of Lubbock, underwent surgery to remove four small tumors from her neck area. She will be having to take treatments but is getting alone fine now.

Luis Serna has been hospitalized in the St. Mary's Hospital in Lubbock. He is suffering with problems with his pancreas. Our thoughts are with him and his family.

Visitors in the home of Jack and Ona Paterson were Jack's nephew and his son, Calvin and Keith Dunn of Chatsworth, Georgia. Ona said the men were fishing this week at San Juan River.

Kammi, two-year-old daughter of Jerry and Stephanie Birdsong, celebrated her birthday in recent weeks. Stephanie said her sister is attending Tech this year and the family went to Lubbock to see her new apartment so the birthday party was held there for family members.

Kammi's grandparents attending were Kenny and Mary Ford of Friona and her great grandmother, Ila Burchett, also of Friona.

Keith and Laqueta Garner have had company in recent days. Keith's army buddy and his wife were here, Elzie and Dollie Combs of Oklahoma City. Keith and Elzie were stationed at Ft. Bliss. They had a good visit.

Jay and Sue Barrett took an enjoyable few days to Colorado. They spent time at the San Luis Valley near Alamosa and saw lots of pretty country.

Sid Lloyd spent a couple of days in Hale Center with her daughter and son-in-law, Patsy and Larry Webb. Larry and Patsy grew up in Bovina and Larry managed the Bovina Wheat Growers for a time. He then moved to Adrian and managed that Co-op for the past thirteen years. In July, Patsy and Larry moved to Hale Center where Larry will manage the Co-op there.

One day while Sid was with them, she and Patsy spent a day in Lubbock shopping and eating out. They had a good visit.

Dellie Horton is back home in Bovina. She underwent surgery several weeks ago and spent time

**PUBLIC NOTICE  
BRIEF EXPLANATORY STATEMENTS  
OF PROPOSED  
CONSTITUTIONAL AMENDMENTS  
SPECIAL ELECTION  
NOVEMBER 7, 1995**

**PROPOSITION NO. 1  
ON THE BALLOT**

House Joint Resolution 50 proposes a constitutional amendment providing that the legislature by general law may authorize the Texas Higher Education Coordinating Board to issue general obligation bonds of the state in an amount not exceeding \$300 million to finance educational loans to students. The maximum interest rate to be borne by the bonds must be set by law. The legislature may provide for the investment of bond proceeds and may establish an interest and sinking fund to pay the bonds.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment providing for the issuance of \$300 million in general obligation bonds to finance educational loans to students."

**PROPOSITION NO. 2  
ON THE BALLOT**

Senate Joint Resolution 36 proposes a constitutional amendment that would authorize the legislature to exempt from ad valorem taxation the property of an organization chartered by the Congress of the Republic of Texas if the property is used primarily for the charitable, benevolent, or public service activities of the organization as defined by general law. The Comptroller's Property Tax Division has identified the Grand Lodge of Texas, also known as the Masonic Lodges, as the primary organization which would qualify for this tax exemption.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the legislature to exempt from ad valorem taxation property of an organization chartered by the Congress of the Republic of Texas that is used primarily for the charitable, benevolent, or public service activities of the organization."

**PROPOSITION NO. 3  
ON THE BALLOT**

Senate Joint Resolution 51 proposes a constitutional amendment that provides that the farm and ranch finance program fund shall be administered by the Texas Agricultural Finance Authority and not by the Veterans' Land Board, as provided by current law. In addition, the proposed amendment provides that the proceeds of \$200 million of the \$500 million in bonds authorized by the Texas Constitution for the farm and ranch finance program fund may be diverted to the agricultural fund and the rural micro-enterprise development fund, also authorized by the Texas Constitution, to be used for agricultural and rural economic development programs.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment allowing the use of existing bond authority of the farm and ranch finance program to include financial assistance for the expansion, development, and diversification of production, processing, marketing, and export of Texas agricultural products."

**PROPOSITION NO. 4  
ON THE BALLOT**

Senate Joint Resolution 46 proposes a constitutional amendment that would allow an encumbrance to be fixed on homestead property for an owelty of partition. In divorce and probate situations, a piece of property may be owned jointly by two

or more people, and each person owns an undivided interest in the property, as opposed to a specific portion of the property. If one owner wishes to purchase the other person's interest in the property and wishes to obtain a loan to finance the purchase, the lending institution requires all interests in the property to be used as security for the loan; this is called an owelty of partition. Senate Joint Resolution 46 would allow the lending institution to foreclose on the homestead property for an owelty of partition if the purchaser defaulted on the loan. In addition, the proposed amendment would allow the refinancing of a lien against a homestead. Finally, the proposed amendment would allow a purchaser or lender to rely on an affidavit that states that the property to be conveyed or encumbered is not the homestead of the affiant.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment permitting an encumbrance to be fixed on homestead property for an owelty of partition, including a debt of a spouse resulting from a divorce proceeding, and for the refinancing of a lien against a homestead, including a federal tax lien resulting from the tax debt of the owner."

**PROPOSITION NO. 5  
ON THE BALLOT**

House Joint Resolution 34 proposes a constitutional amendment which would increase by \$500 million the constitutional authorization of the Veterans' Land Board to issue and sell general obligation bonds of the state to provide housing financing to Texas veterans. The proceeds from the bonds authorized by this amendment shall be used to augment the Veterans' Housing Assistance Fund II to be administered and invested as provided by law. The bonds authorized by this amendment shall be incontestable after execution by the Veterans' Land Board, approval by the attorney general, and delivery to the purchaser.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to increase by \$500 million the amount of general obligation bonds that may be issued to augment the veterans' housing assistance fund II."

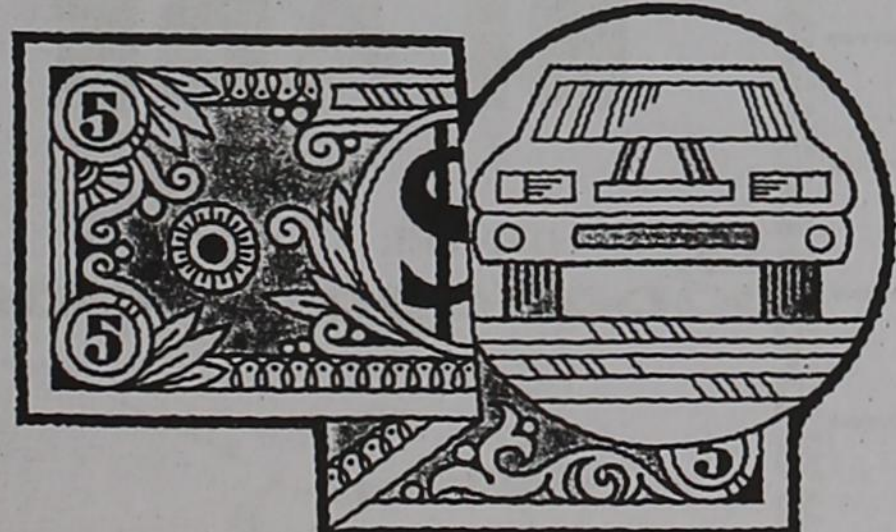

**PROPOSITION NO. 6  
ON THE BALLOT**

House Joint Resolution 64 proposes a constitutional amendment which would extend the tax exemption under article VIII, section 1-b(b) of the Texas Constitution for the residence homestead of a person age 65 or older to the surviving spouse of a person who received the exemption. The surviving spouse must be age 55 or older when the deceased spouse died, and the property must be the residence homestead of the surviving spouse when the deceased spouse died and remain the surviving spouse's residence homestead. A surviving spouse who already receives an exemption under this section of the Texas Constitution is not entitled to an additional exemption under the amendment.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment exempting from ad valorem taxation the residence homestead of the surviving spouse of an elderly person."

**A Safety Reminder**

Improper handling of electrical appliances can cause fire. Don't let wires overheat. Disconnect if there are any sparks. All electrical wires are designed to carry only a certain amount of electricity. Overloading them causes them to overheat, gradually destroys the insulation, and can create a hazard. Turn off any appliance that smokes or stops running.
