

"If a man had half as much insight, as he has hindsight, he would have twice as much foresight."

Wilson Selected For Top Republican Honor

The Republican Members of the U.S. Senate have nominated Mr. Don Wilson of Fort Clark Springs, Texas, to receive the Republican Senatorial Medal of Freedom. The Medal is the highest honor the Republican members of the United States Senate can bestow.

Mr. Wilson's nomination to receive this prestigious award is in recognition of a longstanding commitment to the Republican Party and dedicated support of Republican candidates for the United States Senate. Mr. Wilson's long-standing commitment to the GOP includes membership in the Republican Senatorial Inner Circle since 1993.

Mr. Wilson, having received the Republican Senatorial Medal of Freedom, will be invited to serve on the Texas National Delegation at the 1994 Republican Senate Mid Term Convention scheduled for May 10-11, 1994, at the Omni Shoreham Hotel in Washington, D.C. He will be publicly recognized during the Medal of Freedom ceremony at the Convention's closing gala on May 11.

Along with his wife, Linda, Mr. Wilson owns and operates Genesis Shoe Company in Del Rio. The factory produces ladies handsewn casuals under the brand name "Southern Comfort." In addition, Mr. Wilson has recently acquired the "Famolare" brand name and patents and is manufacturing Famolare branded sandals in Italy and importing them to the United States. (This news release has been supplied by Senator Phil Gramm, Chairman, National Republican Senatorial Committee)

Council Presents Falcon Cable With 560 Signature Petition, Hear Need For Firemen

Mayor Carmen Berlanga called the City Council meeting to order Tuesday evening, April 12, 1994, with council members Jean Seargeant, Mary Flores and Ralph Gonzalez present.

Minutes of the previous meeting were accepted as presented. The financial statement was accepted as submitted.

The council approved lowering the value of Lot 7, Blcok L to \$450.00 (from \$1,000) as suggested by the Tax Appraisal office. A prospective buyer has expressed interest in buying the lot.

The council approved a change in Election Judge to Rosie Garcia and set election salaries at \$6 per hour for the judge plus \$10 for services and a lunch. Salary for clerks was set at \$5 per hour plus lunch.

Brackett Volunteer Fire Department Chief Richard Wills told the council that enrollment in the fire department had dropped to 14, 6 to 8 attended the drills, and only 3 had responsed to the last 2 fires. Firemen receive no benefits, no salary, and no incentives; recruitment of new people is at a standstill. If immediate relief is not forthcoming, not only will protection to the public be virtually nil but insurance rates will increase. By increasing participation to 20 active members, 4¢ per \$100 key rate insurance credit can be gained. Another component of the key rate

is the absence of a fire marshall. The council voiced support to seek solutions including updating the fire marshall ordinance (of 1930) and seek a person to serve in that capacity. Duties would involve 8-10 hours per month, handle reports, conduct fire inspections on public buildings. A retiree would be acceptable.

Falcon Cable personnel accepted petitions with 560 signatures requesting the addition of the FOX network, but they also explained that even if the network was added NFL football might not be received. They pointed out that FOX has not released their programming as yet. Also, Falcon would need to petition the city for rate increase approval as soon as the rate freeze expired.

Fair Housing Ordinance 1994-04-12 was passed. Councilwoman Jean Seargeant drew the Randon Drug Testing name.

City Secretary David Luna gave staff reports that included: Fair Housing Proclamantion in place; street paving was going well; requested approval for a Rabies Clinic on April 30; reported negotiations on utility payment responsibility between the city and Fort Clark on the waste water project; spring cleanup postponed until paving completed; water line finished to the Rudman property with good pressure.

Hispanic Baptist Mission Pastor

Rev. Israel Roriguez, pastor of the Hispanic Baptist missions at Brackettville, Quemado, and Comstock, was guest preacher at the First Baptist Church, Brackettville, Sunday morning, April 10. His Kinney County congregation attended the services. A fellowship dinner was served at noon with St. John's Baptist Church family also as guests.

The Hispanic Baptist Mission holds services each Friday evening at 6:00 at the First Baptist Church, Brackettville. The mission also sponsors a Hispanic Sunday School Class at 9:45 each Sunday morning at First Baptist Church. Everyone is welcome at all times.

Jimenez And Mendoza Attend Student Congress In Piedras

Volunteer Fire Department Must Have Some Assistance

In recent months it has become increasingly difficult for your volunteer fire department to respond to fires during the daylight hours. THIS SITUATION CANNOT BE ALLOWED TO CONTINUE WITHOUT DISASTEROUS CONSEQUENCES.

The Brackettville Volunteer Fire Department, YOUR FIRE DEPARTMENT, currently has only 14 members on the roster. All these members have full-time jobs...most have families to support.

The department desperately needs volunteers to fill the gap between 7 a.m. and 7 p.m.

The State Commission on Fire Protection requires Brackettville to have a minimum of 20 members participating in its two fire drill meetings each month to qualify for insurance key rate credit. At this time, an average of 6 volunteers attend these meetings.

The Brackettville Volunteer Fire Department meets on the first Wednesday of each month for a business meeting. The second and third Wednesdays are for drill and training sessions. All meetings are at 7 p.m. and are held at the Fire Department at City Hall.

If additional volunteers are not added to the roster and properly trained, response time will continue to weaken, emergencies cannot be met, insurance rates will go up!

Whose responsibility is it to respond? Please ask yourself that question - men and women - and be very truthful in your answer.

You are welcome to attend any meeting of the Fire Department and find out exactly what it is all about!

The home...or life...you help save may be your own or your families!

Court Hears Kickapoo Park Ranger Stuart Judge Reports "No Hazardous Dump"

Monday morning, April 11, 1994, Commissioners Court was slightly delayed because Judge Tim Ward and Commissioner Cordelia Mendeke had been at an accident scene since early morning. (See Sheriff's Corner in this issue).

About 9:30 Judge Ward called the court to order with Commissioners Freddie Frerich, Plunker Sheedy, and Alvin McClure present. The pledge of allegiance was given in unison and Jean Faulkenberry voiced the invocation. Commissioner Mendeke arrived at this point.

Minutes of the March 14 meeting were approved as read by County Clerk Dolores Raney. Bills were reviewed and approved for payment.

The court approved:

*a lease extension agreement with Texas Department of Human Services:

*a resolution opposing Federal and State unfunded and underfunded mandates;

*use of the Civic Center, in case of rain, for the Nutrition Center

(Continued On Page 9)

School Board Seeks Input To Name Library

The BISD Board of Trustees met Monday evening, April 11, 1994, in the Board Room with Board President Jimmy Bader presiding. Other board members present were Pat Melancon, Jim McDonald, Gloria Garcia, and Stan Conoly.

Approval of the minutes were deferred to the next meeting. Action was deferred on a summer lunch program since the expected representative of Southwest Community Council did not appear to discuss a proposal. President Bader requested discussion/action on a board member appointment to fill a vacancy policy be deferred until the full board was present.

The board decided to seek input from the public in naming the "new library." (See separate news release in this issue).

The formation of an Athletic Review Committee to review facilities, staffing, and a 5-year plan was discussed. Information presented was that BISD offered the greatest number of athletic opportunities (26 teams) and had the smallest number of coaches of any of the schools in BISD's UIL district. Suggested makeup of the committee was Athletic Director

Carroll Petrosky chairman, a faculty representative from each campus, and two board members. Coach Petrosky suggested Candace LaMascus from Elementary, Candy Hobbs from Middle School, and Dee Curry from High School. Board president Bader requested board involvement be discussed in closed meeting session.

Superintendent Steve Mills reviewed the budget development process. Business Manager Gloria Benacci presented the need for budget amendments to conform to TEA guidelines developed since the 1993-94 budget was adopted. The board approved the changes.

Special Education Diagnostician Judy Blankenship explained procedures and tests used in identifying, admitting, and dismissing Special Education students. BISD is currently serving 139 Special Education students. Mrs. Benacci gave the financial report: 94.65% of the tax revenue and 57.60% of state/foundation funds have been received and accounts for 73.23% of the 1993-94 revenue budget collected. Expenditures are at 71.21% of the budget.

Jones Elementary Principal Carl Glass reported an enrollment of 333, UIL contestants scored 198 points, honor roll and perfect attendance certificates for the fifth six weeks had been awarded.

Secondary Principal Don Sims reported that 5th six weeks honor rolls had been compiled, 6 students were advancing to UIL Regional competition, one act play had performed well in area competition but did not advance. He also distributed information on graduation requirments.

Superintendent Steve Mills requested the May 9 board meeting be used to canvass the election votes of board members and set an additional meeting for May 23 for business.

Curriculum Director Taylor Stephenson brought reports on a parent survey.

Run-Off Election

Of the 1977 registered voters in Kinney County, 1158 cast a ballot in the Democratic Primary Run-Off. That is a 58% turn out. Of that number 540 (47% of those who voted) voted early by either personal appearance or by mail. On April 12, 618 appeared at polling places.

In Kinney County run-offs, Janis Floyd received 619 votes to Maria Elena Pena's 521.

For Justice of the Peace, Alvin F. Hall received 715 votes and Leonardo Luna received 426.

In Precinct 1, incumbent commissioner Plunker Sheedy was reelected with 179 votes to challenger Manuel Fuentes' 160.

Also on the ballot for state and district contests, Richard Fisher garnered 578 votes to Jim Mattox' 376 for U.S. Senator.

Raul A. Gonzalez received 522 votes and Rene Haas received 396 for Justice, Supreme Court, Place 1. Gene Kelly had 398 votes and Betty Marshall had 389 for Judge, Court of Criminal Appeals, Place 2. Two outstanding Brackett High School sophomores, Valerie Jimenez and Max Mendoza, were the Brackettville Rotary Club delegates to the International Student Conference in Piedras Negras held March 25 through March 27, 1994.

This annual conference, cosponsored by the Rotary Clubs of Eagle Pass and Piedras Negras, was attended by selected students from South and Southwest Texas and from Piedras Negras and surrounding area in Mexico. The American delegates stayed with Piedras Negras families, and the Mexican delegates stayed with families in Eagle Pass.

The Congress provided the delegates opportunities for getting to know their counterparts from across the border and also provided training in personal development. In addition to participating in social activities, our delegates attended seminars on drug-free living, career choices, and good family relationships.

Valerie and Max are shown with Brackettville Rotary Club President Frank Cheaney when they reported to the local Rotary Club Thursday, April 7, 1994, on the lessons they had learned at the conference. They felt strongly that the experience had deepened their understanding of life in Mexico and provided useful leadership training.

West Nueces-Las Moras Soil And Water Conservation Responds To EUWD Offer Of Free Water Woll Testing

Recently employees of the Edwards Underground Water District have been in this area seeking cooperation from local land owners to perform a study on how water in the Edwards Aquifer behaves (direction of flow, etc.) in Kinney County. Their stated objective is..."to get water-level measurements in a minimum of fifty Edwards Aquifer wells in northeastern Kinney County..."

We would like to caution you against allowing them on your property to take these measurements for the following reasons:

*** the information collected will be of little direct benefit to you

***the information collected could be used to regulate our ground water ***current information indicates that Edwards Aquifer water in our area **does not** flow toward San Antonio...a "study that alters this view could be used against us, to legislate a 'water grab'."

You are not legally required to allow them to check your well...they must get your permission.

As general word of caution, be careful who you give permission to check your water wells, or other assets on your property. You could be giving up your property rights.

West Nueces-Las Moras Soil and Water Conservation District /s/Bret Trant, Chaiman /s/ Jim McDaniel, Vice-Chm. /s/ Tully Shahan, Secretary/Treasurer /s/ P.H. Coates III, Member /s/ Stanford Conoly, Member Page 2

April 14, 1994

A serious one-vehicle accident that occurred early Monday morning, April 11, 1994, was tragic in many ways in its consequences, but served to demonstrate what can be accomplished by a combined community effort of people working together for a common cause without the interference of personal egos and self-serving desires.

The accident, which was reported to the Sheriff's Office at approximately 6:00 a.m., involved a tractor-trailer rig driven by Rusty Burkett, 25, of Hamilton, Texas, that turned over on its right side upon entering the curve in the highway at the intersection of Hwy. 90 and Hwy. 131 near the entrance to the REA building. The driver stated that he had dozed off and woke up after a fellow trucker called him on the CB radio advising him that his trailer was tipping over. The trailer was loaded with 130 head of crossbred cattle freshly exported into the U.S. from Mexico and slid approximately 50 yards on its side after tipping over before coming to rest just short of the fire hydrant at the REA entrance road off Hwy. 90.

ney County Sheriff's Department Patrol Deputy Scott McDonald arrived at the scene and after determining that the driver and sole human occupant of the rig was uninjured radioed that he would need assistance at the scene with traffic control and also asked the S.O. dispatcher to contact local ranchers to assist in off-loading the cattle trapped inside the trailer that had survived the wreck.

Help began arriving almost immediately with responders to the scene from the local U.S. Border Patrol to assist in traffic control and any other way they could. Further assistance was made available from the Texas Department of Highways and Transportation, the Kinney County Volunteer Fire Department, EMS personnel (who brought the Jaws of Life to the scene to assist in cutting escape hatches in the trailer to allow the trapped cattle a way out). DPS Troopers from Brackettville and Del Rio soon arrived at the scene to begin the official accident investigation. Cliff Fritter, County Road Supervisor, Armando Sanchez, and others from the Kinney

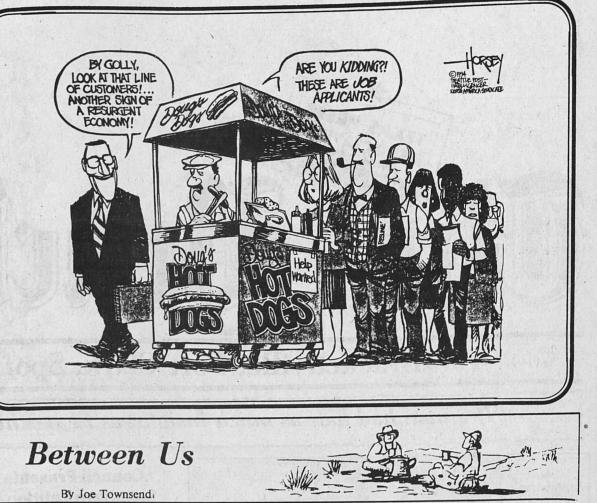

scene along with Herb Brion of Kinnev County Towing Service.

County Judge Tim Ward, former Kinney County Commissioner Joe York, current County Commissioner Cordelia Mendeke, and U.S. Border Patrol Agent Ronnie Hobbs soon arrived with several others in pickups and trailers to assist with the work of the very hard, dirty, and bloody job of off-loading the surviving cattle over the bodies of dead and crippled cattle still trapped inside the wrecked trailer.

Rio Trailer Wrecker Service from Del Rio responsed with three large wreckers and after all the unloading and reloading of the cattle had been completed the big tractor-trailer rig was slowly and professionally winched back upon its wheels. Though there was extensive damage to the truck and trailer, and though 21 of the 130 cattle inside the wreck were killed, there were no human injuries in the accident. There was some damage to trees and a fence belonging to the REA but taken as a whole, the accident could have been much worse. Many times at accidents such as this, especially when on a curve in the road, other vehicles drive into the accident scene causing further damage and destruction, and sometimes further injuries or deaths. The quick response of the U.S. Border Patrol, the Highway Department, and all the others who assisted at the scene is credited with the prevention of further accidents at the scene.

The work of off-loading and reloading the surviving cattle, the righting of the tractor-trailer rig, and subsequent cleanup of the accident site was completed within three hours from the time the first call came in. This in itself was exceptional due to the problems often experienced at such accident scenes involving livestock which often do not cooperate with the best intentions and efforts of man. County Judge Tim Ward and former County Commissioner Joe York supervised the handling of the cattle and their competent leadership in this difficult task shone brightly as only one of the cattle escaped to run off down Hwy. 131 and this through no fault of theirs as the frightened steer escaped through a hole in the roof of the overturned trailer. He was quickly put into a small pasture on the Joe York ranch thus eliminating the danger he might have caused motorists along Hwy. 131.

The local State Highway Department took the responsibility of

Six of thirty-six tests have sought

to prove the fatality of "second hand

smoke" so unthinking followers cry

out against being "exposed" to

A casual glance at the tests with

such claims will show the fallacy of

the claims. Second hand smoke has

already been filtered by the

smokers, so what's the danger? The

nicotine is addictive. So what?

Sweets are addictive to some. Soft

drinks of various types are addictive

This is all an attempt by some to

remove the blame from an individual

and assume the behavior of others to

fit their quaint and inane thirst for

Any person who smokes does

power.

smoke.

The great American pastime seems to be building straw men so they can be battled.

The idiocy of fantasy seems to be driving society. If a spider in a cave, a live salamander in the bowels of the earth, a minnow in a great natural spring, a sub species of a spotted owl are allowed to disappear from existence the entire "eco system" will break down and eventually the life on plant earth would be destroyed.

Rabid politicians goaded by wildeyed dreamers have convinced many people that global warming will destroy life on the planet sometime in the next million or so years.

I heard a pseudo-scientist, well paid by taxpayers, try to prove that the tobacco industry manipulated the amount of nicotine in cigarettes to make them addictive and some "non compus mentus" congressmen bit like a bass at a grasshopper.

Seminar To Address Effects Of Proposed **Health Care Reform On Small Businesses**

The effects and ramifications of the proposed reform to the nation's health care system on small businesses will be the topic of a seminar, "Small Business and Health Care Reform: The Clinton Plan - Pros and Cons.'

The dinner meeting will be held at the Uvalde Holiday Inn located at 920 East Main Street, Uvalde, on April 21, 1994, from 6:30 to 8:30 p.m. Business owners and operators as well as the general public are invited to attend this event. Feature speaker for the event is Mr. Robert Howden from the National Federation of Independent Business. The event is sponsored by the MRGDC Small Business Development Center.

A key

The hypocricy of the position is seen in their ignoring of the problem of alcohol. To ignore the addictive character of alcohol and rave about nicotine is sheer idiocy.

The Brackett Hews.

To decry the "cost" of tobacco results and calmly accept the "cost" of the use of alcohol shows these devotees to be riding hobby horses as the true hay burners race merrily

scientific single Every measurement has shown that "global warming" is the wild fantasy of off-beat thinkers and yet politicans and their careless votes have added many millions of dollars to the cost of automobiles, refrigerators, and almost all manufactured products.

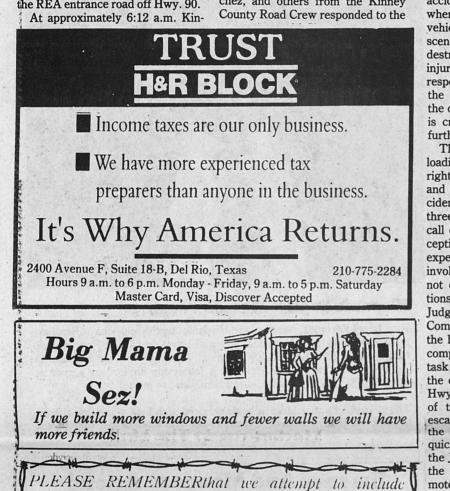

Nature itself sees many species of life and plants disappear from the earth every year.

The dinosaurs disappeared centuries ago and yet the planet wasn't effected.

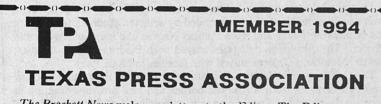

When the American people begin to think for themselves and elect legislators, governors, and presidents with integrity and objective thinking these facades will disappear and America will no longer be hindered by exorbitant waste of millions of dollars yearly battling straw men.

concern among the business community is whether the proposed mandates will cost or save a company money. "The seminar will provide business people with the opportunity to hear an expert explain 'The Clinton Plan' in terms of its effects on small business," comments Brenda Blackwood, SBDC Director. "This event will provide the opportunity to pose specific questions and get credible answers to these questions," she said.

Pre-registration for the event may be arranged by contacting Lucy Brooks, 210/278-4151, at the Middle Rio Grande SBDC, 209 North Getty, Uvalde, Texas 78801. The \$15 registration fee includes dinner and it can be paid at the door.

Composting. simple way to save a pile.

Composting saves you and your community money. It's an easy way to convert yard wastes into a nutrient-rich soil additive. Used on your lawn and garden, it can save water, improve soil quality and cut down on the amount of expensive fertilizers, peat moss, and mulch you buy. Plus, yard waste takes up as much as 20% of what we dump. So, composting can make your landfill last longer. That could mean lower sanitation fees and a savings of tax dollars to you. So heap it up! Compost and save. For more information visit or call: City Hall of Brackettville

> From the Middle Rio Grande Development Council Funds for this project provided by The Governor's Energy Office

tment of Public Safety will be at the County Courtroom, Kinney County Court House, each 1st and 3rd Thursday and each 5th Thursday, during the normal working hours of county offices.

The officer will be available to give driving tests, or to renew drivers licenses.

> Seven easy steps to building your own compost heap.

1. The Location An area with equal sunlight and shade. Make the pile freestanding or enclosed, 3 to 5 square feet.

2. The Base A 3 to 6 inch layer of old tree branches for aeration.

3. The First Layer 6 to 8 inches of leaves. grass clippings, sawdust, or kitchen scraps (fruit and vegetable only).

4. The Second Layer 1 to 2 inches of garden soil, manure, or a compost activator

5. Successive Layers Repeat steps 3 and 4 until your pile is 4 to 5 feet high.

6. Keep it moist Like a wrung-out sponge.

7. Turn it

The more compact, the more often you turn it (once a week to once a month). It's ready when it'scrumbly and a uniform brown.

Library Hours

9:00 A.M. - 5:00 P.M. Monday, Wednesday, Thursday, Friday **Closed Tuesday**

April is National Garden Month and the Kinney County Library has all the books you'll need to keep your garden in top shape. Check out The Gardener's Bug Book, Pruning Simplified, The Complete Gardener, The Joy Of Gardening, and The Complete Book Of Growing Plants From Seed.

If you've been noticing all the beautiful wildflowers growing along the roadsides, check out some of our wildflower identification books. We also have countless bird books to help you identify the birds that are in your backyard.

New books in the library are The Bishop As Pawn by William Kienzle, Flight Of The Intruder by Stephen Coonts, and On Dangerous the latest from Jack Higgins.

I apologize to our large print readers for the delay in receiving our San Antonio circuit books. The circuits are being updated this month so the wait will be worth it when you read some of the new large print titles. We will also be receiving audiobooks on cassette on circuit very shortly to supplement our own collection.

We still have plenty of income tax forms left, but they are on a first come first serve basis. However, we do have a master book to make copies in case we run out.

At the rear of the library is our booksale shelf. For 10¢ to \$1.00, you can take home a book. When we receive donated books and cannot use them in our collection, we put

them in the booksale. On sale now

for \$5.00 is a 1967 World Book En-

cyclopedia complete except for

KC Kickers: 2nd and 4th Thursdays, 7:30 p.m., Service Club. Knights of Columbus: 1st Sunday, 12 Noon, Parish Hall. Lions Club: 1st and 3rd Thursday, 6:30 p.m., Las Moras Restaurant. Masonic Lodge #444: 2nd Tuesday, 7 p.m., Lodge Hall, Ann St. Order of Eastern Star #204: 1st and 3rd Tuesdays, 7:30 p.m., Masonic Hall, 407 Bedell St., Del Rio.

Shriners: 4th Tuesday, 6:30 p.m., Las Moras Restaurant. Rotary Club: Every Thursday, 12 Noon, Las Moras Restaurant. Methodist Ladies Luncheon: 3rd Wednesday, Noon, Slator Hall. Please make reservations.

Creative Writing Group: Fridays, 9:30 a.m., Golf Club Snack Bar.

Querecho Flats Not Available This Week

I wish to express my most sincere gratitude and appreciation to my family, friends and supporters who stood by me so faithfully with their friendship, support and votes these past few months during my election campaign for the position of County Treasurer. Special thanks to my daughter, Martha Pena-Hooten, who worked for me far beyond the call of duty.

Though we were unsucessful in our efforts I will always remember in my heart the kindness, encouragement, strength and support given me by those who stood by me.

The people have spoken and I wish the best of luck and success to my opponent, Janis Floyd, and ask those who supported me to now give her and her office the support and respect she has earned by her victory.

In addition I wish to thank Ms. Floyd for running a clean and fair campaign. Thank You!

/S/ Maria Elena Pena

Pd. Pol. Adv. by M.E. Pena, Box 857, Brackettville, TX 78832

Well, hello there Kinney County. I know it has been quite some time since I have talked with you all but we have been very busy here at your Chamber. In March, we sent out the ballots for our annual Board of Directors election. Your board of directors for the next year are Larry Sofaly, President; Allen Kreiger Jr., Vice President, Jean Faulkenberry, Treasurer, Sondra Meil, Mary Flores, Archie Woodson, Jill Woodson, Jewel Robinson, Cash Letsinger, Tom Faulkenberry and Rusty Denman. Kathryn Letsinger was appointed Secretary.

We have some really big events about to take place here in Kinney County that we all have to be ready for. First of all, I want to remind you that we are having the annual meeting this Saturday. We had some last minute change in plans. Instead of a dinner, we are having a mixer. The cost will be \$4.00 per person. It will be held at the Cavalry

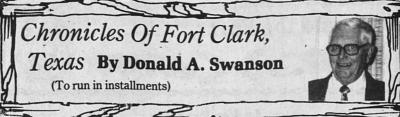

Room above the restaurant on Fort Clark. It will start at 6:00 p.m. with a cash bar. The program will start at 6:30. We are trying to get as many business people as possible to attend. Our guest speakers will be Jay Jordan and Ron Ralph of the National Speleological Society. They will have a very interesting video program plus they will be able to answer your questions as to the needs of the Conventioneers.

We will announce the Outstanding Citizen for Kinney County and present new members plaques. We will also give you a rundown on coming events that you will need to be on the lookout for. We have our monthly meeting on the second Thursday of each month. You are all welcome to join us and get involved to make Kinney County a better place to live and work.

See you at the annual meeting this Saturday.

BHS Golfers Win District, Region Next

At the Fort Clark Springs Golf Course on Monday, April 11, 1994, the boys and girls golf teams both earned the right to play in region competition April 25-26 in San Marcos.

Colonel Sibley And The Second Punitive Expedition

History has fairly well publicized . down the bandits, without disabling General Pershing and the Punitive Expedition when they were seeking Pancho Villa. Not many know of Colonel F.W. Sibley's Punitive Expedition pursuing Captain Rodriguez Ramirez, a Mexican bandit. Many people are also aware that the period from 1906-1927 was a troubled time in Mexico which created many border problems for the United States but the problems or incidents are no longer fresh in the minds.

April 12, 1912, Colonel Frederick W. Sibley and the 14th Cavalry Regiment arrived at Fort Clark for an extensive service (1916) which resulted in varied duty due to the unrest in Mexico. The troops were being dispatched to sensitive spots on the border.

During 1912 troops and detachments were sent to Marfa, Eagle Pass, Del Rio, Pecos High Bridge, and the Big Bend Region. In 1913, the 14th Cavalry established patrol posts at Sanderson, Eagle Pass, Terlingua, and Marfa. Later posts were expanded to Maraville, Marathon, Boquilla, and Candelaria. By 1914, Colonel Sibley was assigned additional duties as Commanding Officer of Eagle Pass Cavalry Patrol District with Troop A at Langtry; Troops B,D, & F at Eagle Pass; Troop H Blocher's Ranch & Carrizo; Troops C & E, Del Rio: Machine Gun Troop; Eagle Pass, and Troop G, Fort Clark. Then in March 1916 the Provisional Squadron of Cavalry was sent to establish the Big Bend Cavalry Patrol District: Troop A, Alpine; Troop B, Presidio; Troop C, Valentine; and Troop E, Marfa.1

In 1916 there was a small village located at Glenn Springs and since 1914 a factory had been established to produce candelilla wax. Glenn Springs assumed its place in history because it was a reliable water source and for the same reason it was assigned a small detachment of nine troopers of Troop A, 14th Cavalry, to guard the village and anticipating the spring to be the calling card for bandits.

On the warm summer night of May 5, 1916, around 11:00 p.m., Captain Rodriguez Ramirez, a Mexican bandit and his men attacked the sleeping Glenn Springs. The well armed Mexican bandits no party and who had but a short awakened the community with

his men or horses, and to follow south as far as Cerro Blanca where the Boquillas captives, Deemer and Payne, were being held prisoners. Major Langhorne with his detachment, two wagons, and one motor truck left Deemers Ranch, May 11th. Colonel Sibley remained behind with the remainder of the 8th Cavalry and awaited the arrival of the 14th Cavalry. May 13th, Colonel Sibley and his

detachment of 8th and 14th Cavalry crossed the Rio Grande and made it to Sacatonal about 8 miles south of the river. Proceeding on the next day, Colonel Sibley's detachment arrived at Taraises where he received a message from Major Langhorne. The major had received a note written by Deemer saying he had been well treated by the bandits and that they wanted to trade him and the negro Payne for their men, captured by mining men south of Boquillas and being held at El Pino. Major Langhorne further stated that he had planned to make El Pino the night of May 13th but bad roads and horses near exhaustion from the dust, heat, and hard riding prevented it. Now, he planned to endeavor to remain in concealment at LaAguaita during the day of the 14th and rescue Deemer and Payne

that night. Colonel Sibley and detachment remained at Taraises until about noon, May 15th, then moved further south about 6 miles to a small spring called Los Llimes, a strategical point on the divide which covered all trails by which Mexican troops could enter this country, from either Cases Grandes or Ojinaga. Here Sibley received a second message from Major Langhorne and he had surrounded El Pino, early on the morning of May 15th, but that the bandits had escaped, having left the night before. Deemer and Payne, however, had been left behind. Sibley continued to move south to Los Llimes and here he received another message from Major Langhorne. The major stated he was many miles south of Cerro Blanca and that he planned to move further south, possible as far as Sierra Lajado. He stated that Sierra Lajado is the center of activity of these bandits who owe allegiance to

Environmental changes

The Brackett Rews.

Get To Seeing

How much of what is is accident and how much is destiny? Do I ever wait for the answer or do I just start writing? I've waited in a lot of places and the answers to the questions I had asked some other time finally caught up with me after I had already been using answers that I hadn't waited for. The new answers weren't all that much different but they had a certain polish that I could appreciate.

Often someone spots an occurrence and therein a question arises and almost as often in my place of employment I receive a call to respond to that question. Experience and a willingness to address questions associated with occurrences involving any natural thing in the park where I work is why I respond. My first response, even before I know the question, is to empty myself of any pre-conceived notions. My greatest errors are revealed when I feel confident before I see the occurrence as if anyone could know everything about anything even about a small area which Bastrop State Park is not.

Once empty of pre-conceptions I focus on lots of memories. Having always taken plenty of outdoor time and slowly observed many things I have read and re-read many field guides and magazines and books. Then when I get to where the question is being asked and I hear it most every time I have a good memory of what is new to this person. It's a good feeling to see someone discovering something and taking great interest in it and the last thing I would want to do is to make small or discourage this person's spirit of discovery.

Though I may have experienced the thing years ago the freshness of discovery is wonderful.

The first fresh rain came. The previously dry roadside grasses had a hatch of small millers that has postponed their appearance waiting for the more favorable conditions created by the rain to make their first flight into the balmy air. Dragonflies were revved up and waiting in their hangers patiently. When the first scout reported in the dispatcher sent out the dragonflies to attack the millers.

That is how I first saw them. Swooping and scooping, diving on the struggling little moths with frantic precision. It looked like not a single member of the hatch would survive, but I knew through other experiences that if the dragonflies took all of the millers then someday they would be out of supplies and I knew that would not be wise. I allowed that neither accident or destiny ruled and both were moderated by Wisdom.

Growing Turf Grass In High Shade Areas Is A Never

Ending Problem

I receive calls every year from homeowners wanting to know why the grass is not doing well under their live oak, mulberry or ash trees. The other calls deal generally with asking what type grass will grow if

Shade is very desirable in the landscape, but it is the number one problem in growing turf grass. There are many people who simply do not understand that grasses do not do well in shade as they do in full sunlight. There are areas that will not permit grass to grow and do well in the environment that exists in a particular landscape.

Looking for suggestions as to what to try in those shady areas? How about some great flowering annuals called impatiens.

The "Super Elfin" series of impatiens was named the outstanding selection for landscapes in 1987. The varieties reach a height of 8-10 inches with large, long-lasting flowers. At present there are 15 varieties in this series: Blush, Bright Eyes, - Coral, Fushia, Lipstick, Orange, Orchid, Pink, Red, Rose, Salmon, Salmon Blush, Scarlet, Twilight, and White.

Impatiens are most effective in mass plantings or in containers. Although hanging bas ts of im patiens are somewhat difficult to maintain, they can be spectacular on decks, patios and porches.

The Tigers set a team record score of 345. Brian Hooker, fourth from left, led with a fine 83 for medalist. Jared Shahan, second from left, was runner-up medalist at 85 after beating out team mate Michael Aguirre, third from left, on the first hole of sudden death. Other team members are Matthew Rocha, left, who shot 108, and Ignacio Aguirre, at 92, next to Coach McNew.

The Tigerettes, at 452, beat second place Lytle by 70 strokes. Lisa Dalton, top row left, was medalist at 101, followed by Charlie Hall, top right, at 108. That's proud Coach McNew between them. Bottom row right, Katie Hall shot a 114 for third place and Brandy Meeks tied for fifth at 129.

shouts of "Viva Carraza" and "Viva Villa." As soon as the Troopers were awake and realized what was happening, they abandoned their tents for an adobe building. For almost three hours the troopers exchanged fire with the bandits and were managing to hold off the attack. Then the bandits took another approach to routing the troopers by setting the thatched roof afire.

When the sparks started falling inside, the troopers attempted to abandon the building. The results was three of the troopers were killed and the rest were reportedly either wounded or burned. As a result of the raid, Glenn Springs suffered heavy losses: four people killed; four others severly injured; and the wax factory destroyed.2

Saturday, May 7th, 12:30 p.m., telegraphic instructions were received at Fort Clark from Headquarters, Army's Southern Department, directing Colonel Sibley to proceed with Troops F,H, and Machine Gun Troop, 14th Cavalry to Marathon, Texas. The directive stated railroad cars for the movement would arrive at Spofford about 8:00 p.m. but the cars did not reach there until 10:00 p.m. May 7th. Due to spotting difficulties by the railroad and lack of facilities for entraining the cavalry, the entraining was not completed until 4:00 a.m. May 8th. Marathon was not reached until 6:00 p.m., May 8th.3

When Colonel Sibley reached Marathon, he learned that Major George T. Langhorne4 with Troops A&B, 8th Cavalry from Fort Bliss (El Paso) had arrived in Marathon 6:00 a.m., May 8th, and by 11:00 a.m. had departed for Boquillas, Texas. Colonel Sibley had been directed to follow Major Langhorne's Troops, and upon the two commands joining, to assume entire command of the expedition.

Word had been received May 10th, upon Colonel Sibley's arrival in Boquillas, that the bandits had recrossed into Mexico and were proceeding slowly south. The Colonel decided a smaller select detachment might have a better chance for a fast pursuit so he directed Major Langhorne to select 80 of the best mounted troopers from 8th Cavalry and cross the Rio Grande at Harris's Ranch at Vicinte Ford and take pursuit. Major Langhorne was directed to make every effort to run

a command of Carranzista soldiers sent there as a protection to that locality.

time prior had attacked and defeated

Colonel Sibley decided that he desired a conference with Major Langhorne so he took Troop F, left the remainder of detachment at Los Llimes, and proceeded to El Pino. Enroute he received another message from Major Langhorne. He stated in the message that one of his detachments under command of Lt. Cremer, 8th Cavalry, on the evening of May 15th, had struck a band of twelve bandits at Santa Anita, wounded five or six, captured two of the wounded, and brought in about 15 ponies and small mules with considerable of the loot taken from Deemer's store, together with ten stand of arms and ammunition.

Colonel Sibley met with Major Langhorne at El Pino and discussed the entire situation, then proceeded together to Cerro Blanca. The guides and the detachments came in to meet with Colonel Sibley and reported that on the previous scout they had not seen any bandits. The friendly Mexican residents of the country reported the bandits badly scattered and to have taken to the mountains. Convinced that the bandits now

all knew of the army's presence in the country and had been driven so far south, also had been so badly scattered and punished, the mission as outlined in the instructions from the Department Commander was completed. The detachments were consolidated and returned to north of the Rio Grande.

Chronicles cont. next column

shade have a major effect on grass. Reduced light, less extreme temperatures, increased humidity, restricted air movement, competition from trees, increased disease problems and shallow root systems are all products of shade.

Additonally, grass in shade has less ability to use nitrogen, less photosynthetic activity, less growth, less wear tolerance, more susceptibility to preemergent herbicides and less tolerance to cold.

The problem is not fertilizer or water, it is light. To grow turf in the shade, you must have a shadetolerant grass. Although you can keep a grass alive in the shade, you will lose it the first time it encounters adverse conditions.

Bermuda grass and buffalo grass have very little shade tolerance. St. Augustine is probably the most shade-tolerant warm season grass, followed closely by centipede grass and zoysia. Tall fescue, a cool season grass, will grow in moderate to heavy shade where St. Augustine fails.

For any success at growing grass in filtered shade, you may want to try these practices:

1. Start with a grass variety suitable for shade

2. Raise the mowing height

3. Water deeply and infrequently

4. Apply nitrogen moderately in fall and spring

5. Avoid high nitrogen applications in the summer

In most heavily shaded areas, it is best to use ground cover plants or other landscape materials rather than wasting time and money trying to go against the effects that nature dictates in a particular area.

Chronicles Of Fort Clark Continues

ficer along the Rio Grande whose aristocratic family connections and income matched the Pattons. Lt. Patton admired Langhorne's 8cylinder Cadillac. Had not Patton wrangled his way on Perishing's staff, there is little doubt that he and Langhorne would have shared the. Cadillac in the pursuit of the Glenn Spring raiders. Herbert Malloy Mason, Jr., The Great Pursuit, New York, Random House, 1970, page 185

5. George T. Langhorne, 2nd Lieutenant, 3rd Cavalry, served at Fort Clark, 1889. Retired as Colonel, 1931.

Impatiens may be started from seed indoors 4-6 weeks before the desired planting date. Plants also root easily from cuttings. Most impatiens are grown as transplants purchased from retail outlets. After danger of frost these should be placed in the garden about 16-18 inches apart. Impatiens thrive in dense shade and have a tendency to wilt in partially sunny locations, so keep them shaded. Be sure to plant in a well-drained area for best results. For long-lasting color, remove flowers as they begin to decline.

If you would like more information on landscape varieties or management schedules, the Kinney County office of the Texas Agricultural Extension Service has numerous bulletins free to the public located in the lobby area of the second floor of the county courthouse.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap, or national origin.

Ladies Golf

Tuesday, April 12, 1994 Twenty-six ladies played "Odd Holes - ½ Handicap." 1st: Pat Long - 31 2nd: Melba Turner - 31.5 3rd/4th tie: Betty Tarbell, Margo Kendrich, 32 5th, Mary Stephenson, 32.5

Ladies 9-Hole League

Six ladies played. The game was mystery partner. Winners were Jean Land and Eileen Voracek. The second place winners were Nancy O'Brien and Evelyn Whitely.

The Brackett Reus.

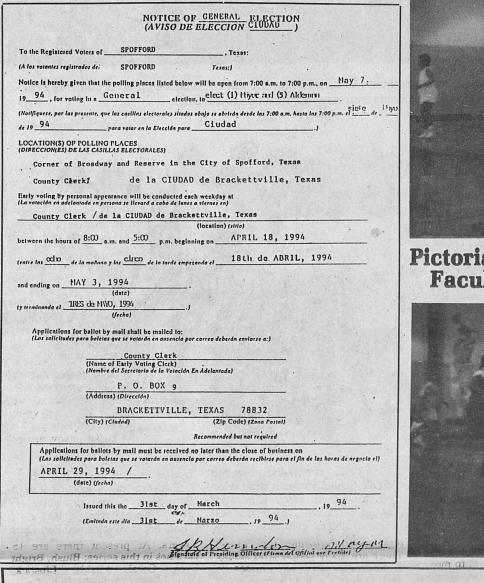

Brackettville Rotary Club's only charter member, Happy Shahan, manned the popcorn machine while long time member Joe Townsend served cokes. The two have accepted the concession stand responsibility for every contest between the Rotary and Faculty.

Referee Rotarian Lingo Sandoval seems to be trying to explain a "stupid call."

With "tongue-in-cheek" this writer just must ask "where are all those gorgeous hunks and beautiful dolls" who played for the Rotarians on Thursday noon when the Rotary meets? Just two more comments...Brackett ISD Superintendent Rotarian Steve Mills ran the clock for both games. It appeared that the Faculty got the most points on the board in each game ... but the real winners are the youth of Brackettville. Proceeds will be used for a scholarship for a graduating BHS student and for other Rotary sponsored youth activities.

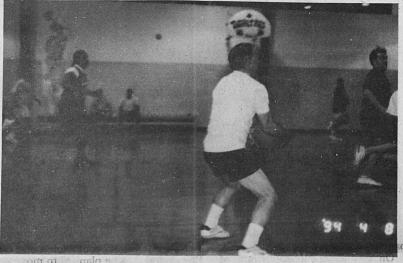

Rotary president Frank Cheaney is doing what all good presidents should do - assign duties, put hands in pockets, and keep out of the way.

Volunteer referee Ray Smallwood keeps pace with the game. He is one of those "always willing to help" guys and is greatly appreciated for his contributions to the evening's success:

The thing that must be said over and over...Thank you to everyone who participated in any way...Rotarians, Faculty, Friends, Thank You!

If there was a "Rotarian of the Evening," it would have to be Lingo Sandoval. He organized the event, he recruited the workers and the players, he called the women's game

April 14, 1994

Public Notice

On February 22, 1994, Southwestern Bell Telephone Company ("Southwestern Bell" or "Company") filed an application with the Public Utility Commission of Texas ("Commission") to restructure the Company's Local Transport and Directory Transport categories of its Switched Access Service. This matter has been assigned to Docket No. 12784. The tariff sheets in Southwestern Bell's application, if approved, will bring the Company's intrastate Access Service Tariff into structural parity with the Company's interstate Tariff No. 73 for Local Transport. Southwestern Bell's companion interstate tariff became effective on January 1, 1994.

The transport rate elements provide for the transmission facilities between the cutomer's premises and the end office switch(es) where the customer's traffic is switched to originate or terminate the customer's communications.

Southwestern Bell proposes to implement the revised tariffs on a revenue neutral basis. Although the proposed tariff changes will affect all customers subscribing to Switched Access Service, the Local Transport and Directory Transport categories of Southwestern Bell's Switched Access Service is primarily for interexchange carriers. If approved, this application will result in an increase in Southwestern Bell's revenues of approximately \$1682.00 during the first year. Southwestern Bell proposes that the changes be effective on December 1, 1994.

Persons who wish to intervene in or comment upon these proceedings should notify the commission as soon as possible, as an intervention deadline will be imposed. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission's Public Information Office at (512) 458-0256 or (512) 458-0221 for text telephone. The deadline for intervention in the proceeding is May 6, 1994.

Child Abuse Prevention Month

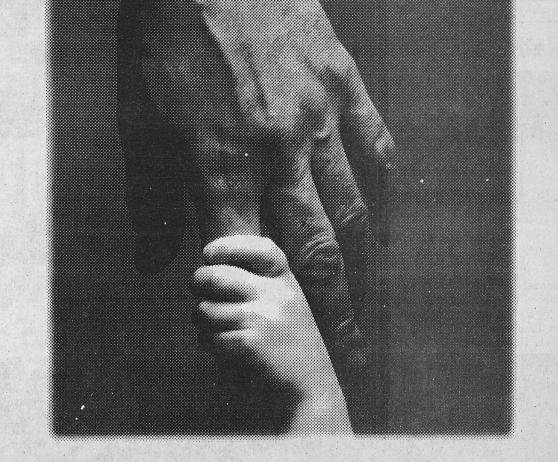

The Texas Department of Protective and Regulatory Services has designated April as "Child Abuse Prevention Month," and have developed a series of public awareness articles. These articles, provided to The Brackett News by Rose Mary Slubar, will be printed as space permits beginning today.

In Kinney County, the Child Services Board meets on the second Tuesday of the month, every four months. Members of the board are: Rose Mary Slubar, chairman; Enemencia Starzel, vice chairman; Ralph Gonzalez, secretary; Jean Householder, treasurer; and Yolanda Williams, Mary Luna, Debbie Coe, Carl Glass, and Lucy Negrete.

Clarkson Enlists In U.S. Marine Corps

The day after high school graduation, James Charles Clarkson is scheduled to report for duty at the San Diego, California, Marine Corps training center.

James enlised in the high school recruitment program and was accepted into the Marine Corps. He has participated in various weekend exercises/activities held for recruits in the area. The running and calesthetics programs are designed to give these young men a head-start on the training they will receive at boot camp. James has been an active participant helping the young members of Larry Kaminiski's Karate classes. He hopes to be stationed in Korea and further his interests in ancient martial art forms.

His grandmother, Sarah Clarkson Donahue, and an aunt, Michele McIntyre, live at Fort Clark Springs. Another aunt, Carmela Clarkson formerly of Fort Clark, resides in San Antonio. His uncle, Charles Clarkson, is the Val Verde County Safety Officer, and his father, James L. Clarkson, also lives in Del Rio. His mother, Marie Avery Clarkson Parlet, lives at Clearlake, California.

James' family is proud of him for his decision and expresses appreciation to the Brackett School Staff, athletic teacher Larry Kaminiski, and the Slubar family for the encouragement and assistance they have provided to James.

walk cafes, for example. You will feel more relaxed about dining and you'll often get more help keeping your child happy.

Phone first. If you are going to a restau-(rant for the first time, call ahead to - make sure children are welcome. Ask if they have high chairs or booster seats. If not, you can take a clip-on seat that fits most tables or improvise a booster seat by wrapping a couple of old telephone books with contact paper. Find out if you can place your order before you arrive to cut down on waiting time once you are there.

Bring your own special items. You know your child best. If he needs special equipment, like a bottle or cup with a spout, bring it along. Diversions in the form of snacks or toys can keep your little one occupied until your meal comes.

4 Keep the experience as familiar as pos-sible. If your child eats little or is not used to a variety of foods, order a small

portion of a food he does know, split dinners between two or more children, or bring along peanut butter and jelly. It will cost you less, waste less, and, in all likelihood, your child will be happier and so will you.

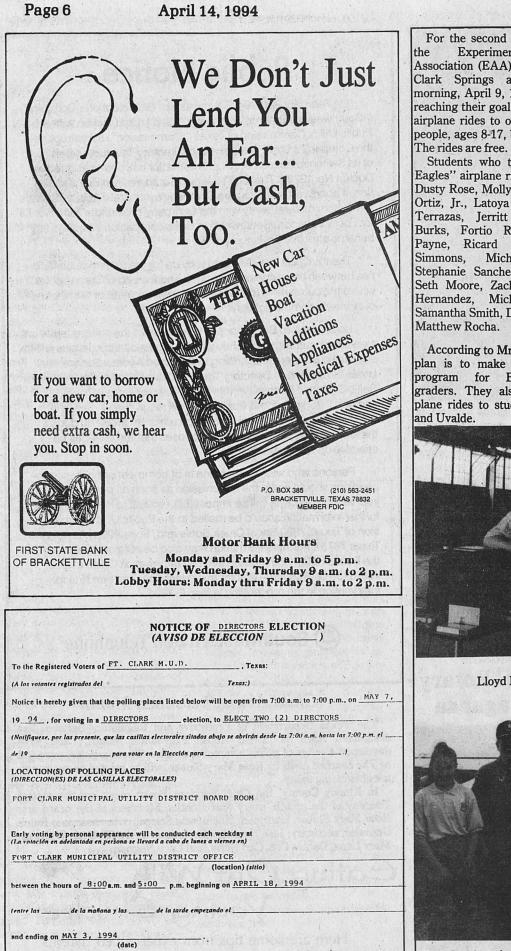

Arrive early. Try to get to the restaurant at an off-peak time. This way you can avoid long waits and crowded condi-

Try to sit by a window. The activity outside can provide novelty for your child while you are waiting to be served.

The quick fix. If you could not order ahead of time, ask if there are foods that can be prepared quickly. If you must wait for your food, one parent can take a restless child for a short walk to the lobby or parking lot.

Bail out. If all your efforts fail and your child starts falling apart in the restau-O rant, have one parent or an accompanying adult or teen-ager exit with him quickly to avoid spoiling the meal for everyone else. You can take home the food he has not eaten.

BISD Perfect Attendance - Honor Rolls

For the second consecutive year Experimental Airplane Association (EAA) was at the Fort Clark Springs airport Saturday morning, April 9, 1994, working on eaching their goal of providing free airplane rides to one million young people, ages 8-17, by the year 2003.

Students who took the "Young Eagles" airplane rides: Misty Rose, Dusty Rose, Molly Montalvo, Jaime Ortiz, Jr., Latoya Wright, Melody Terrazas, Jerritt Meeks, James Burks, Fortio Rocha, Samantha Payne, Ricard Moses, Barkley Simmons, Michelle Villarreal, Stephanie Sanchez, Jeffrey Luna, Seth Moore, Zachry Davis, Susie Hernandez, Michelle Melancon, Samantha Smith, Daniel Hernandez, Matthew Rocha.

According to Mr. Davis, the EAA plan is to make this an ongoing program for Brackett's sixth graders. They also give the free plane rides to students in Del Rio and Uvalde.

Lloyd Lee Davis

Don Smith, of Uvalde and Fort Clark, explained to Michelle Villarreal, left, and Michelle Melancon what to expect when they took rides in his Cessna 120. Mr. Smith teaches counseling for Sul Ross State University at the Del Rio campus.

EAA Took Students On Plane Rides

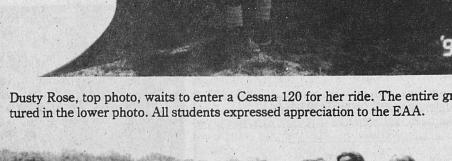

In 1993, twenty-five Brackett Middle School students were selected through an essay elimination contest. This year, the format was changed slightly to include only sixth graders...by application...no essay required.

Saturday, each youngster was given a 15-minute flight, at 1,000 feet over Brackettville, Fort Clark, and Alamo Village. Each youngster will receive a membership certificate in "Young Eagles" and two free issues of the offical magazine. EAA members participating in Saturday's airplane rides were: Jim McIrvin, Del Rio Don Smith, Uvalde and Fort Clark Tom Craig-Stearman, Del Rio Ian Archibald, Del Rio Bill Haskell, Rio Frio Buck Wyndham, Del Rio Pete Bland, Brackettville Roger Tanner, Del Rio Earl Love, Fort Clark Lloyd Davis, Brackett

Brackett placed second with 3681/3 points. Six schools competed.

Allemeier, NHS vice president, was taking a physical required for entrance to the National Air Force Academy.

Mr. Taylor Stephenson, BISD Curriculum Director, urged students to find their "Field of Dreams." High School Principal Don Sims congratulated the students.

Mrs. Sue Sims, NHS Sponsor, praised new members for their outstanding qualities and , also, praised the Brackett Tiger Yearbook Staff for their hard work on the yearbook.

Mrs. Doug Davis planned the lovely reception serving punch and cookies for all new members, probationary members and their families after the ceremony. Mrs. Mary Lee Haby hosted the reception in the Homemaking Cottage.

Summer 1994 Exit Level Test Administration

The summer administration of the exit level Texas Assessment of Academic Skills (TAAS) and the Texas Educational Assessment of Minimum Skills (TEAMS) tests will be conducted on the following dates: TAAS, July 12 - Writing; July 13 - Reading; July 14 - Mathematics. TEAMS will be administered: July 13, English Language Arts; July 14, Mathematics.

Students who were 10th graders, 11th graders, or 12th graders in the spring of 1994 are eligible to take any section of the exit level test that they have not yet mastered. In addition, individuals who are out-of-school may test at the summer administration.

Out-of-school students and enrolled students who wish to test at a site other than their home district will be required to register for the summer assessment. Registration packets will be provided to districts and education service centers by May 13, 1994. Completed registration forms for out-of-school students or students not testing in their home district must be received in Iowa City, Iowa, no later than 5:00 p.m., June 10, 1994

Contact BISD Counselor Susan Harrison at 563-2491 to obtain a packet.

Community Input Desired

The Brackett Independent School District has just completed a new library/media complex which is a great addition to the school facilities. The Board of Trustees requested, during the regular April meeting, for an article to be placed in the paper asking people of the community to please submit names for the new complex.

The new building houses all district library facilities, and all district computer facilities. Any person interested in submitting a name for the w facility is to write the name down and send it to the address listed

Making A Difference By TAYLOR STEPHENSON, Curriculum Director

A New Idea For Scholarships For BHS

I like to see service organizations take the time to raise money for student scholarships. At the Rotary -Faculty basketball game this past Thursday night, \$270 was raised for a scholarship for Brackett kids. Several local scholarships that I have heard of in Brackett are: Athletic Booster Club First Baptist Church Lions Club Marion Wills Scholarship PTO Rotary

We have about 40 graduates each year at Brackett ISD. Its not unheard of to think of raising enough dollars each year to make tuition scholarships available to each of our graduates that has a desire to go to college. To do it, more of us will have to get our act together and make it work. For example, we up the teams, reserved the gyms. could establish some criteria like: each graduate having a 75 GPA, who has passed TAAS, and is of good character would apply to the scholarship committee.

The committee would make it a point to solicit donations -- small and large to cover the 40 graduates for their first year in college - paying tuition and books. We could have a flat amount like \$1,000 each year for each student. This might not cover the expenses to large private colleges, but it would be a start. All of our students would not meet the criteria. I would hope that someday they would. Not all of our students would want to go to college. The point is that we would have a pretty good carrot out there for those that did want to do so.

We're small enough in Brackett to Faculty: make this idea a reality. I would like some input into this idea. With the resources that we have in Kinney County and with the hard working folks that I have seen, we could make this one work. We would have to have memorial scholarships, service club scholarships, private donations, and a few chili suppers. If Rocha, Ellen Pastor, Nancy Menyou have interest in helping or doza. telling me what you think about this project, call or write: Taylor Faculty: Carl Glass, Tommy Stephenson, Brackett ISD, P.O. Box Castillo, Gary Grubbs, John Paul 586, Brackettville TX 78832.

This idea is particularly ap-

throw line ... "Stand on the line, Stephenson & don't even think about going into the yellow area! You can go into the yellow area when you run to the other end of the court.'

In other words, I could get in the lane on defense. It was good advice as the action was pretty heated in the yellow area on offense. I had told Carl earlier that I would play, but when I got tired I would come out. He said, "OK, as soon as I can get a sub for you." I said, "You don't understand...when I hold up my hand & indicate a one - that means I'm going one full lap more ... then I go to the bench."

Folks my age don't wait for subs in faculty town basketball games.

Lingo Sandoval deserves lots of applause for this one. He rounded played basketball in the mens game and refereed in the women's game. He deserves a Tiger Salute for doing a great job.

Joe Townsend & Happy Shahan always do a good job on the concession stand. I enjoyed watching Ray Smallwood, Candy Hobbs and Lingo do the refereeing. Clock keepers were Carl Glass, Steve Mils and Susanna Castillo. Ticket takers were Charles Schmidt, Hubie McKelvy and Frank Cheaney. Phyllis Stephenson tried to lighten things up dressed as an occupational therapist with a bag that included deodorant and a blood pressure, device.

A big round of applause for the players:

Tigers Give One To LaPrvor Bulldogs

Friday, the Tigers travelled to LaPryor for their first district outing against each other. The last time these two teams met, LaPryor pulled away with the win. It was sure to be different this time.

To start the game off, Jesse Terrazas hit the first pitch thrown over the short stop's head for a base hit. Brian Hooker hit the second pitch thrown to the left field wall. After two pitches, the Tigers were up 1-0. After the first full inning, the Tigers were ahead of the Bulldogs 6;0.

After two complete innings, the Tigers were still up 6;0. To start the third inning off, the Tigers scored 2 more, 8-0, Tigers led. In the bottom of the third, LaPryor came back and scored 3 runs. After 4, it was still 8-3. In the fifth inning, the Tigers committed 5 errors handing LaPryor 11 runs. After 5, the score stood 8-14, Bulldogs.

The Bulldogs scored in the sixth inning, it was 8-15. In the seventh, the Tigers scored 2 to end the game with a score of 10-15.

The Tigers gave that district game to LaPryor. Tiger growl ... "It won't happen again!"

Tigers Eat Natalia **Mustangs' Lunch**

Tuesday, the Natalia Mustangs came to Brackett for their first district outing against the Tigers. The last time these two teams met the Mustangs came away the victors. They had something coming.

The Tigers pulled ahead early and were never caught. The final score ended at 6-3.

This game was important to the Tigers. It put them tied for first place in district play.

The Tigers loss to LaPryor put them tied for second place against Dilley in district play.

Tigerettes Stomp Del Rio Queens

Tuesday, the Tigerettes traveled to Del Rio to take on the Queens. The Tigerettes came on strong and blew the Queens away 18-3.

Leading the Tigerettes was strong sophomore Denice Frerich. she went 4-4 playing right field. Just behind Denice as the strong freshman Amy Bader going 3-5 and catching for the first 2 innings, then playing left field.

The Tigerettes had to earn their runs. They came away with 17 hits.

"The girls have really improved. We needed a game like this to pump ourselves up for district play against Marathon. Marathon will be tough but we will give them good competition and should come away with the win." said Head Coach Greg Nowlin.

Cheer With Them

The 1994-95 Cheerleaders were selected recently. The Tiger Squad consists of Debra Frerich, Lindy LaMascus, Samantha Luna, Yesinia Garcia, Katy Hagler, Cherrise Ward, Chica Garza, and head cheerleader Amber Davis.

The cheerleaders are expected to do their best, to be a leader in school, and to do their best in pulling for their mighty Tigers.

The cheerleaders selected are exceptional in school and will do their best in the 1994-95 season. Support them!

April 14, 1994

Natasha's Stars

ARIES (March 21 to April 19) A home or financial concern seems difficult to unravel as the week begins. However, once you put your mind to it, you will come up with a good solution. Later on, it's a good time for dealing with bankers and getting things done at home.

TAURUS (April 20 to May 20) Talks with others seem to be going nowhere for a while early in the week, but through your persuasive skills, you will turn the tide in your favor. Partnership interests are highlighted but watch a tendency to let things slide at work.

GEMINI (May 21 to June 20) The work week may start out with a problem but your problem-solving skills are tops now. You will end the week with a business success and financial gains! Extra drive and determination are in your favor. Avoid overspending this weekend.

CANCER (June 21 to July 22) A relative with a problem is ready to cause a big commotion but you will quickly nip this problem in the bud. Crossed signals between business partners may be a problem early in the week. A loved one needs reassurance.

LEO (July 23 to August 22) It appears as if you won't get the privacy you need to accomplish your goals, but after a few interruptions, you will be right back on track. Try not to overreact to a real or imagined slight. You make major progress when tackling unfinished chores.

VIRGO (August 23 to September 22) You will need to watch your judgment about spending this week. However, get-togethers with friends are happily accented later in the week. Travel is also a plus. Minor aggravations clear up after a rocky few days.

LIBRA (September 23 to October 22) You are more than capable to deal with the business problems that arise. In fact, you will end the week on a note of accomplishment. Financial gains are likely. It's best to be direct, down-to-earth and all-business.

SCORPIO (October 23 to November 21) Your ego could get ruffled early in the week, but later, you will put your ideas across to good effect. Others respond to your good advice. Despite some delays, it's a wonderful time for travel. A philosophical difference could arise. **SAGITTARIUS** (November 22 to December 21) It may be hard to get a straight answer as the week begins, but once you research the situation at hand, you will know precisely the right action to take. Beware faulty judgment about financial interests. Seek advice.

CAPRICORN (December 22 to January 19) Difficulties may arise with one friendship this week, but otherwise, it's a time of social suc-

cesses for you. Your need for independence could interfere with relationship harmony. However, if you are willing to compromise, you'll be fine.

AQUARIUS (January 20 to February 18) It's stop and go for career interests during the early part of the week, but things turn out for the better. Talks of a business nature will indeed be successful.

PISCES (February 19 to March 20) Someone you have to deal with now is a stick-in-the-mud, but otherwise, it should be a happy time for you. Guard against an inclination to be extravagant. It's a great weekend for a pleasure trip.

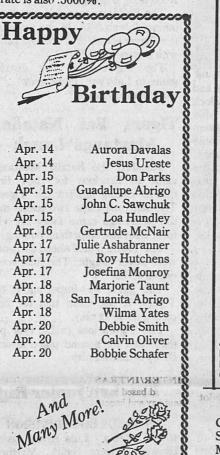

Sales Tax Rebates

A total of \$113.3 million in April sales tax rebates has been delivered by State Comptroller John Sharp to 979 Texas cities and 111 counties, a 1.4% increase over the payments of one year ago.

This month's sales tax rebates include local sales taxes collected in February and reported by businesses filing monthly tax returns in March.

Brackettville's 1.000% sales tax totaled \$2,386.83 which was a 1.91% decrease from the same period last year of \$2,433.52. The year to date drop was 3.65%.

Kinney County's .5000% brought in \$1,746.35 for a year to date total of \$8,666.21. The Kinney County Health rebate was \$1,748.93 for year to date total of \$8,882.27. The rate is also .5000%.

First Baptist Church Rev. Gil Ash, Pastor

The Pastor's Pen''

The way our weather has been for the last several weeks it has been a little difficult to decide whether it is winter, spring, or summer. I look forward to spring because it reminds me of the fresh new beginning that is made available to all of God's creation. Just as trees lose their leaves and flowers their blooms in the fall and are buried in the grave of winter, spring arrives with the power of resurrection so that life begins again.

Christ made it possible for a fresh beginning as we seek Him and His forgiveness. May the following poetry of Susan Coolidge be your reminder that each day can be an opportunity to ...

BEGIN AGAIN

Every day is a fresh beginning. Every morn is the world made new, You who are weary of sorrow and sinning, Here is a beautiful hope for you,--A hope for me and a hope for you.

Every day is a fresh beginning, Listen, my soul, to the glad refrain, And, spite of old sorrow and older sinning. And puzzles forecasted and possible pain, Take heart with the day, and begin again.

Hispanic Worship Services Each Friday Night At 6 p.m. Spanish Service By Rev. Israel Rodriguez First Baptist Church, Ann & Veltman Streets **Everyone Welcome!**

St. John's Baptist Church

Rev. W. P. Adams, Sr., Pastor

Praise To The Gracious GOD

I will extol thee, my God, O King, and I will bless thy name forever and ever.

Everyday will I bless thee, and I will praise thy name forever and ever. Great is the Lord, and greatly to be praised; and his greatness is unsearchable.

My mouth shall speak the praises of the Lord; and let all flesh bless his Holy Name forever and ever. Psalms 145:1-3,21

Praise God! Praise God! Praise God!

Every Thursday Night, 7:00 p.m. **Gospel Preaching COME PRAISE THE LORD WITH US!** If Transportation Needed, Call 563-9175 or 563-2582

Frontier Baptist Church Rev. Joe Townsend, Pastor

Condemnation is the verdict of God on the sinner. This means condemnation comes upon all people for "all have sinned."

Suddenly God says there is no condemnation on His children. added strength to throw off temptation.

The penalty, the guilt, and condemnation are all taken away. In addition, God sends His Holy Spirit to dwell in our hearts. He "seals" us for His own for all eternity by His Holy Spirit.

THANK YOU

We are truly grateful to the good friends and acquaintances who did so much for us during our loss of our beloved father.

May we take this means of saying thank you for the many comforting expressions of your friendship and affection.

May God bless you.

The Family of Guillermo Hernandez Uvalde, Texas

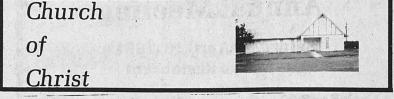

It's Back!

You got it! Little League Baseball and Softball is back and its back in full swing. It's time to get cleats and a new ball glove, the season is less than two weeks away.

The annual baseball BBQ is coming up on April 22, from 5:30 to 7:30. The plates are free but a donation of \$3.50 is asked. The money raised is to pay for the

athlete's insurance. The BBQ will be held at Fort

Clark's Rendezvous Park just to the right of the entrance. Hope to see you there!

Alleluia, an A Cappella Christian Choral Group, will present a special concert at the Brackettville Church of Christ, 808 N. Ann Street, at 2:00 p.m. Sunday, April 17. The public is invited to attend.

Lutheran Congregation: Meets 1st and 3rd Saturday evenings, 6:00, Fort Clark Golf Club. 563-2047.

Wealth Measured By Friends...I Am Rich

If friends are the measure of a man's wealth, then I am rich beyond all imagination.

Loving care continues to be showered upon me although I am now "up and around." I thank God every day for the food, good wishes, phone calls, visits, and "just checking on me!"

Particularly I mention Joan Lindley, Barbara Miller, Shirley Stephenson, Rev. Bill and Judith Adams, Bruce Clements, Rev. Joe Townsend, Bonnie Goulich, Happy Shahan, all my Masonic brothers, Shriners, Rotarians, Christian congregations at Frontier Baptist, St. John's Baptist, and First Baptist, and my many friends and neighbors. I am so blessed to live in Kinney County where people care.

May God bless you as you have, and continue to, minister to me. /s/ Henry M. "Robbie" Robertson

Telecommunicators Week April 10-16

In tribute to the thousands of dedicated telecommunicators who daily serve the citizens of the United States and Canada by answering their telephone calls for police, fire, and emergency medical services and by dispatching the appropriate assistance as quickly as possible, Texas Governor Ann Richards signed an Official Memorandum proclaiming the week of April 10 through April 16, 1994, as Telecommunicators Week. Officer D.L. Lane of the Denton Police Department composed this poem to honor Telecommunicators of Denco 9-1-1 District and it is reprinted here with permission.

DISPATCH

By D.L. Lane

I'm 10-41 just starting my tour With eight solid hours to work and endure "At 23 hundred," dispatch replies With eight solid hours to watch for our lives.

Yea, sure we're the ones that stand in the street When people in cars mistakenly meet And we are the ones that stand in the way Doing our best to keep evil at bay.

Those who have trusted Jesus Christ suddenly come into a new relation to God.

Jesus has taken their sin upon himself. He has taken their burden of sin upon His own soul and became sin for those who were condemned.

He has become substitute for each person who has been declared a condemned sinner.

Because the wages of sin is death, and because the penalty must be paid, the Son of God, Jeus was put to death on the cross.

He had no sin of His own to die for so He was an appropriate candidate to die for the sin of others. By offered appropriating that atonement every person in the world can be free from condemnation. This freedom brings not only relief from the load of sin but also brings

The instant a person accepts Jesus Christ as Savior, he has the Holy Spirit in his heart. The scripture says, "If anyone has not the Spirit of Christ, he is none of His." Jesus told His followers as He prepared to return to the Father in Heaven that He would send a "Comforter" to be with them, so the Holy Spirit comes to each follower of Christ.

Because sin has been paid for, justification has come and the Holy Spirit dwells within so there is therefore now no condemnation to those who are in Christ Jesus.

Another message from God's Word, the Bible, awaits all who worship at Frontier Baptist Church Sunday morning. Come and see.

Military Retirees

A vitally important meeting has been scheduled, to discuss the closing of the Laughlin Air Force Emergency Room, Thursday, April 14, 6 p.m. (tonight) in the Cavalry Room above Las Moras Restaurant.

Retired Major Judy Alexaitis will be the speaker. Her thrust will be the impact that closing the Emergency Room has on area military retirees, emergency health care for active military stationed at Laughlin, the over-load thrust upon Val Verde Memorial Hospital and other area hospitals, and the fall-out consequences on the civilian population. Petitions will be available for signatures supporting re-opening the facility.

The meeting is open to the public and military retirees are especially urged to attend. For additional information contact John Camp at 563-9593.

I Appreciate Your Vote

Thank you for your support in the April 12th run-off election. I appreciate each and every vote I received. When sworn into office, I will do my utmost to uphold the duties of my office and to keep Kinney County's best interest at heart.

Thank you again and when you are in the Courthouse, please stop by, my door will always be open to the citizens of Kinney County. /s/ Janis J. Floyd

Pd. Pol. Adv. by Janis J. Floyd, P.O. Box 1621, Brackettville TX 78832

But back at the hall, at consoles alone They dispatch our calls and answers that phone And listen to things our voices convey The stress in our tone and not what we say.

When things go bad and the world falls apart The tension so strong it touches their hearts They never falter, they haven't got time They know their job and my life's on the line.

My backups enroute, they covered each base But god! It's so hard to finally face That all they can do is sit there and wait With no way to know what might be my fate.

My backup arrives - requests flood the air We never think twice cause dispatch is there With all that we need to handle the call Whatever we ask they give it their all.

The crisis is past, but one fact remains Through all of our joys and all of our pains Dispatch will be there to help pull us through And play a big part in all that we do.
