The Brackett News

Vol. 6 No. 14

Brackettville, Fort Clark, Spofford, and Kinney County, Texas

May 19, 1994

"If a man had half as much insight, as he has hindsight, he would have twice as much foresight."

Spofford City Officials Given Oath Of Office

At 6:00 p.m., Monday, May 16, 1994, the grandson of the first elected mayor of Spofford administered the oath of office to the newly-elected 1994 Spofford City Council.

Joe York, Sr. was sworn in, as the first elected mayor of Spofford, forty-eight years ago. Mr. York later served as Kinney County Judge. Monday night, his grandson, Kinney County Judge Tim Ward, had the distinct honor of declaring the Spof-

ford City Council duly, and legally, elected sworn officials of Spofford.

Judge Ward prefaced the formal ceremony by saying his grandmother, Mrs. Joe York, Sr., had been the post mistress when Spofford had a post office in the building that has been repaired and remodeled into a very attractive, modern City Hall where the rites were held.

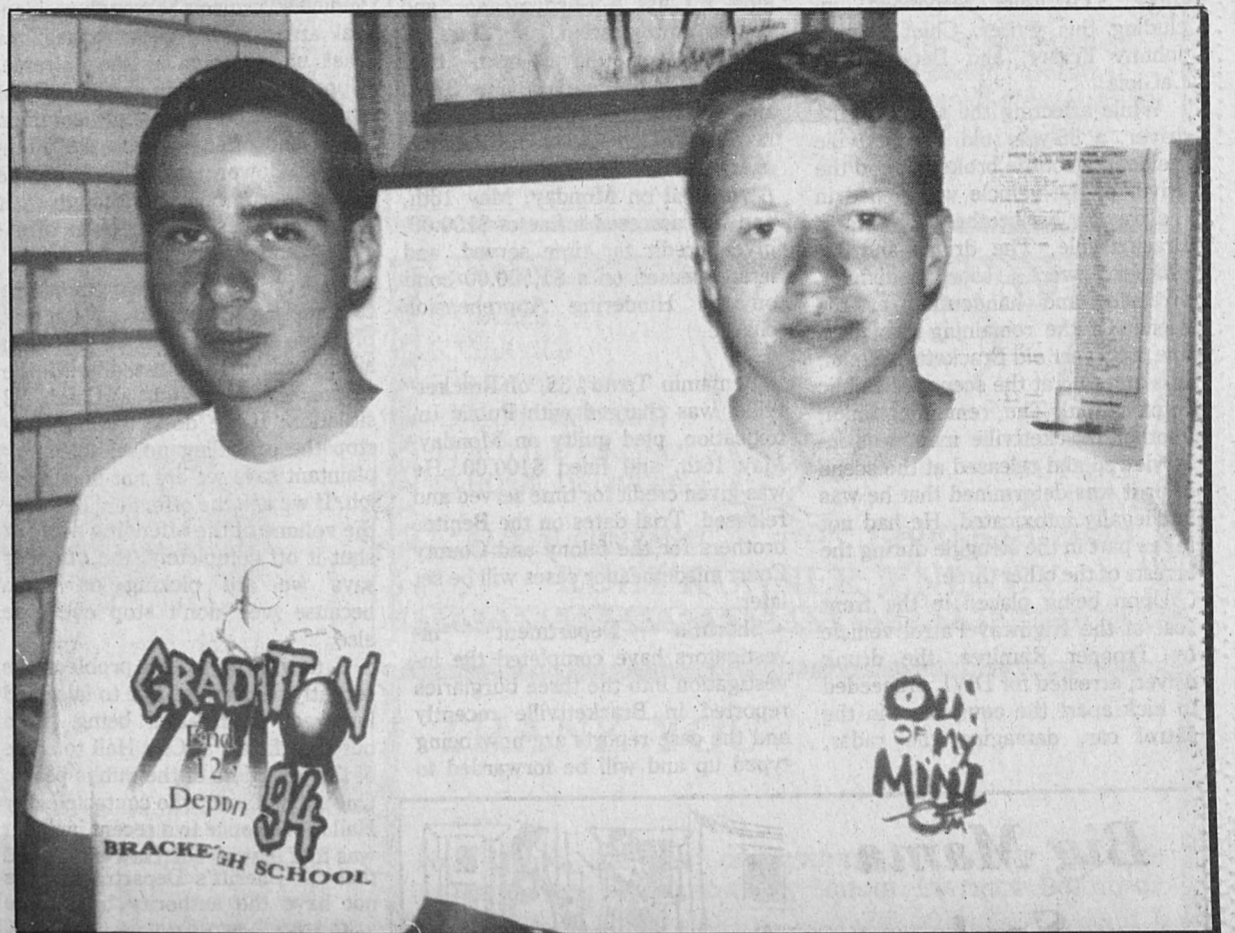

Not to be outdone in the "family-connecting, story-telling" depar-

ment, the Spofford Mayor, 82-year old J.B. Herndon, told Judge Ward that Mrs. Joe York, Sr., in 1924, had taught him in the Live Oak School (Spofford). He went on to say that his regular teacher, Lena Anderson, a sister of Mrs. York's and great aunt of Judge Ward, became ill and Mrs. York substituted for a week.

Regular meetings of the Spofford City Council will be held at 7:00 p.m., second Tuesday of each month, at Spofford City Hall.

(L-R) Judge Tim Ward, Ester Cruz, Warren Martin, Paulita Solis, Joe Cruz, Margaret Martin, Mayor J.B. Herndon.

Willie Allemeier

Bernie Allemeier

1994 Brackett High School Salutatorian - Valedictorian

High school graduation is always special and each class has its own distinct personality. But the 1994 Brackett High School graduating class has something that is extremely unique.

The valedictorian and salutatorian, both of who will give traditional speeches, are not only brothers, they are twins.

Bernie and Willie Allemeier, twins and friends to each other, fill those roles. Bernie, with a grade point average of 3.80 of a possible 4.0, has been declared the valedictorian, and Willie, crowding him with a 3.44 GPA is salutatorian. They entered the first grade in Brackett Schools and have attended every year since.

These young men have positive qualities that make them a pleasure just to have around. Although quiet and soft-spoken, they display ready smiles, quick wit, and easy interpersonal relations. Hardworking, they express maturity and directness.

They already know the path they plan to take through life. Much of

their out-of-class time is spent in doing part-time jobs and those employers speak very highly of their dependability, reliability, and thoroughness.

Frequently they are seen walking and in their words, they do this because 1) they like to; 2) it gets them where they want to go; 3) and for the excellent body conditioning it provides.

They have many of the same character traits but have distinct personalities. St. Mary Magdalene Catholic Church has had a part in shaping their characters.

After graduation Bernie will work this summer and enter either Southwest Texas State University or Angelo State University this fall. A degree in Computer Science is his goal. In high school, he has participated in University Interscholastic League (UIL) activities as well as basketball, baseball and track.

Willie will be sworn into the Air Force on June 21 and is scheduled to

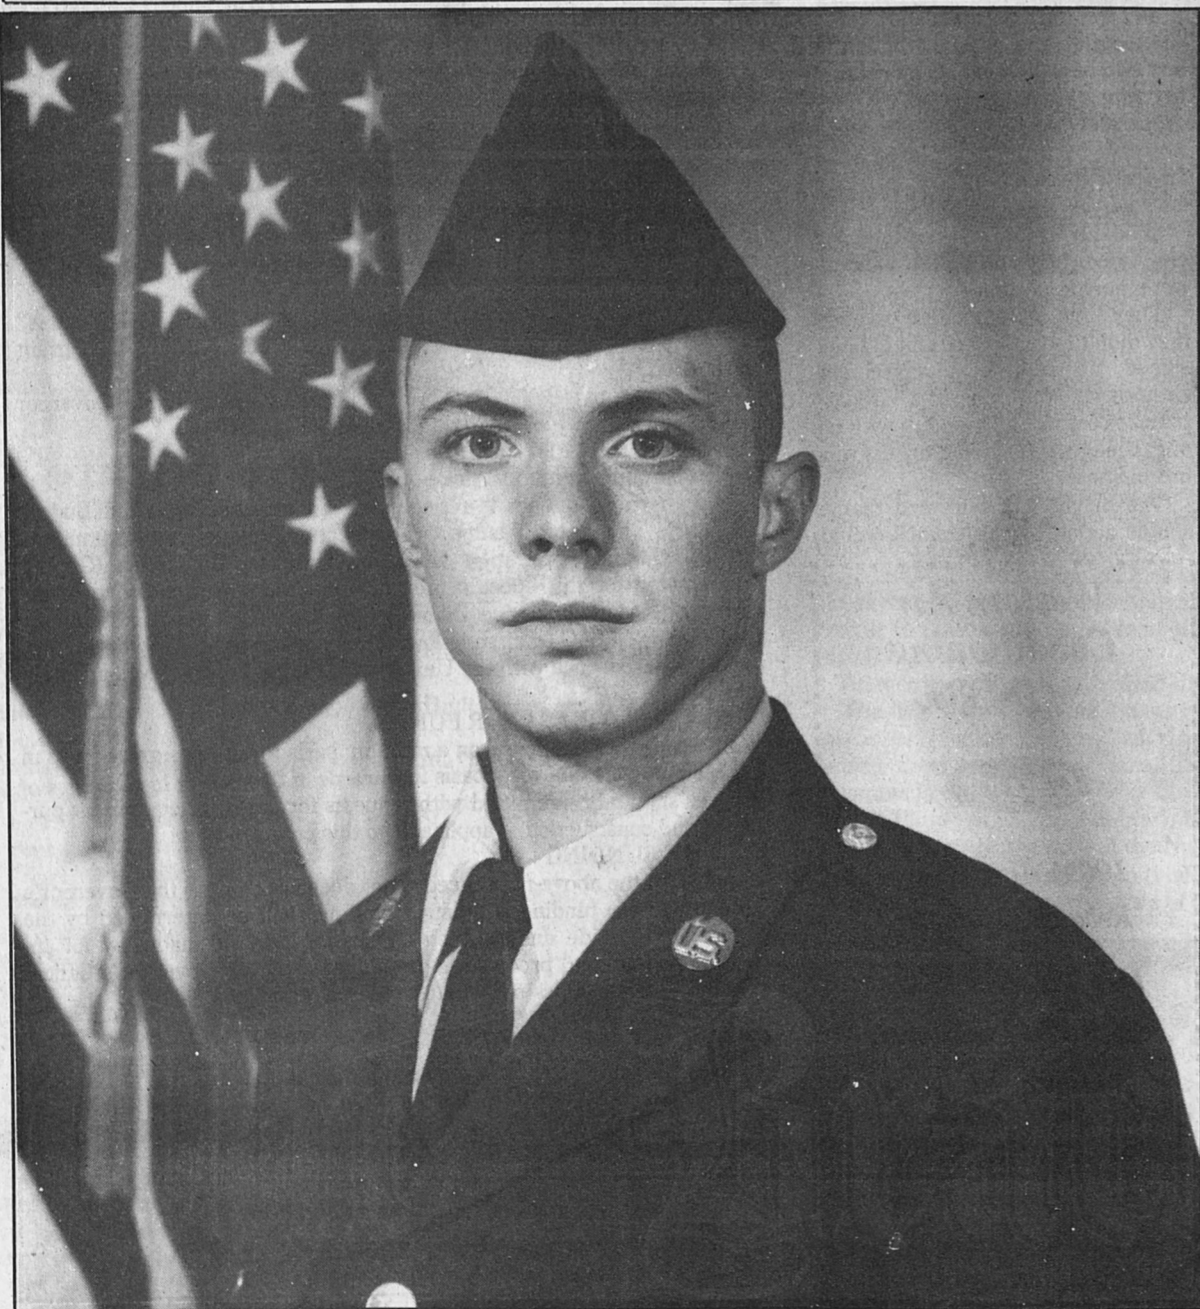

take his basic training at Lackland Air Force Base. His plans include obtaining a degree in Electrical Engineering with a minor in Computer Science. In high school, he has also been active in UIL and basketball.

They are the youngest of seven children in a family of achievers that include older sister and brothers Judy, Wayne, Keith, Jeff, and Gary.

Their mother is Norma Conner who makes their home on Fort Clark Springs a real home for her family. Their step-father, Marshall Conner, exhibits approval, pride, and affection for these outstanding young men. Their father is deceased.

Bernie and Willie Allemeier have been top students, good citizens, caring neighbors, diligent workers, strong Christians, and make Fort Clark Springs, Kinney County, and the world a better place...and certainly bring honor to Brackett ISD.

Their future looms as bright as their lives to this point. We all are proud of them and wish for only good things to happen to them.

Sargeant Completes Training

Pvt. David G. Seargeant, Jr. graduated in ceremonies at Fort Knox, Kentucky, Thursday, May 19, 1994 (today). He completed O.S.U.T. (One Station Unit Training) which is a combination of Basic Training and Advanced Infantry Training. After a ten-day leave, he will report to Fort Benning, Georgia, 19th Delta Cavalry Scout.

Pvt. Seargeant is a 1993 graduate of Brackett High School. In late January 1994, he entered the army at Fort Sam Houston and immediately reported to Fort Knox, Kentucky.

His grandmother, Jewel Robinson, and his uncle and aunt, Wes and Genie Robinson, attended the graduation services. David was scheduled to return to Kinney County with them.

Brackett City Council Sworn In

Friday morning, May 13, 1994, at 10:00 a.m. City Secretary David G. Luna administered the oath of office to council members (L-R) Jean Seargeant, Mary Flores, Charles Bushart, and Mayor Carmen Berlanga. Ralph Gonzalez and Larry Moore are the hold-over members who complete the council.

Madge Belcher Day In Kinney County

Wednesday, June 1, 1994

Monday night, May 16, 1994, the Kinney County Commissioners Court passed a resolution declaring Wednesday, June 1, 1994, as Madge Belcher Day in Kinney County.

The resolution emphasized contributions Ms. Belcher had made to

improve life and protect the environment of the area prior to her recent, untimely death.

Plans for the day include the distribution of green ribbons bearing the words "In Honor Of Madge" that will be distributed without cost from Casuals Plus, Stop-N-Shop, County Judge's office, and from individuals including Commissioner Cordelia Mendeke.

A tree-planting project will further honor Madge and donations, in any amount, to purchase trees may be made at Judge Ward's office beginning now.

In a special ceremony, the first tree will be planted at the Kinney County Swim Pool/Park at 10:00 a.m. Wednesday, June 1. The public is invited to attend the event where Judge Ward will preside.

Library Notes

By Cynthia Lockwood

Library Hours 9:00 A.M. - 5:00 P.M. Monday, Wednesday, Thursday, Friday Closed Tuesday

Now that school is out, you can hear "Mom, I'm bored" and "There's nothing to do." Have no fear...the Kinney County Public Library in conjunction with the Texas State Library is proud to present the 1994 Texas Reading Club "Familiar Faces...Faraway Places."

provides us with so much, we now have free refrigerator magnets for everyone. These are handy little reminders of our operating days and times.

Many thanks to Charles and Andre Bushart and everyone else who donated books and magazines to the library this past week.

Services of our fax machine are available at a very reasonable price. Outgoing faxes are \$2.00 for the first page, \$1.00 for the second page, and 50¢ for each page thereafter.

As always, we invite you to visit the friendliest little library in Kinney County.

Kinney County Library Staff & Volunteers

Bridge Anyone

By NORMA GOULD

The Duplicate Bridge Club met at Shafter Hall on May 10 with 4 1/2 tables playing a Howell Movement.

Fred and Nita Clayton won first with Mildred Harvey and Pauline Goodman second.

Ben and Rozetta Pingnot came in third.

All bridge players are welcome and are invited to join on Tuesdays at 7 p.m., Shafter Hall.

Cap Winner

Well, Seuver earned himself another cap but it took him until 9:00 a.m. Monday morning to figure it out.

The mystery picture was the chimney atop the Leona Ranch (Brackett News/Breen Gallery) building.

Keith needed this cap...the red one from The Brackett News that he was wearing when he came in was pretty dirty.

Around the Fort

Joy Williams

Ladies Exercise

Activity Center, Monday, 10 a.m. Wednesday 9:30 a.m. Friday 10 a.m.

Ceramic Shop Hours

Sat: Noon to 5:00 p.m. Sun: 1:00 to 5:00 p.m. Mon: 7:00 to 10:00 p.m.

Member Service has a new look and new business hours starting May 21st. The new office hours will be as follows:

Monday - Thursday 8:00 am - 8:00 pm
Friday 8:00 am - 9:00 pm
Saturday 8:00 am - 8:00 pm
Sunday & Holidays 8:00 am - 6:00 pm

The office will offer the same services as before the "new look," with the addition of a receptionist and cashier. Receptionist Bea Porter will receive all incoming calls and make appointments for the management staff.

Receptionist BEA PORTER

Motel Clerks ELSA MOSLEY - ROSA PENA

Part-time Motel Clerk MARGARET CRADOCK

Can you smell it? What's that great aroma? It's coming from the swim park! That's what everybody will be saying this Saturday night when the recreation department holds its first "Hamburger Cook Out!"

Get ready, get set for a fun-packed Memorial Day weekend. Fish fry - dance - pool opening the 27th and lots more. Read next week's article for more info...

MRGDC Regional Picnic

Sponsored By Kinney County Aging Center Friday, May 20, 1994, 9:00 a.m. - 4:00 p.m. Fort Clark Springs Swim Park

The Kinney County Senior Citizens will be host to the Middle Rio Grande Development Council annual nine-county regional picnic in honor of Older Texans Month.

Counties in the region are Val Verde, Real, Uvalde, Maverick, Dimmit, Zavala, LaSalle, Edwards, and Kinney. All are expected to be represented. County government officials are invited to attend.

A full day of activities with booths of all kinds, games, and a Bar-B-Q lunch with all the trimmings will be served. A local band will entertain.

All who participate in "the short-distance walk" will receive a tote bag. The EMS crew will be present in case of any emergency.

Refreshments were enjoyed by Marge Geeze, Mabel Parham, Mildred Borden, Oleta Townsend, Nakai Breen, Betty Schlatterer, Lily Schwandner, and the hostess, Orlean Riley.

Making A Difference

By TAYLOR STEPHENSON, Curriculum Director

Some End Of Year Thoughts

Don Sims is at home and is doing well. It's prayer answered. I've been trying to keep things tied together the past couple of weeks for my boss, Steve Mills. When the Superintendent asks, I try to do! The principal's job is a tough one especially at the end of the year. Reflecting now, I was very young when I was a principal (28 years ago). I had to work hard to make things work then. It's no easier now - especially at the end of the school year.

Lots of folks have helped me! Steve Mills is a good school man who has a strength as an organizational man. Knowing Brackett High and its traditions, he has looked over my shoulder and has tried to make sure that we had our stuff done. Thanks!

Our high school secretary has tried hard to help! Beth Ann Smith is new herself this year. So, it's the first time around for her, too. Grades, bubble sheets, proofs, attendance committees...all make an interesting life for her, too. She has done well!

Susan Harrison works with Project Graduation - a major event for our seniors. She has been so busy with TAAS end of the year tests, but has managed to help with lots of details. Thanks.

Teachers have helped! We've tried to be more visible in the halls, on the grounds and in the cafeteria. Dee Curry always tells me about something that she thinks I have done well. Merry Beth Mills always has a nice, kind word - and sometimes lights up the atmosphere by poking fun at something that I have done. Carroll Petrosky, AD (football coach, is always there ready to go in and TACKLE (like the pun?) a problem. Chuck Hall helped me immensely with exemptions and other assorted problems. Tony Ramon knows what's happening, and I like to go by and see how we're doing. He calls the old high school building Fort Apache - the last outpost. Chuck Wilson, band director, always is there with a smile laughing at some of my serious facial expressions. Thanks to all of the faculty for helping in difficult times!

The students at BHS have been very good. We don't have lots of troublemakers...in fact, very few. Think about a senior skip day. Not right, but it happened. The seniors were caught. Next day, seniors and school administration gathered in the old high school library. Before punishment was handed out, seniors were told that we try to instill in our

students an honor code. They were told that "you're on your honor here." The students absolved one of the students of guilt, and all said we were there! Though I don't condone what was done, I was touched by their resolve to say "I did it." This was one of the most positive moments of my career (34 years). Our kids responded well. Lots of awards would not have fared as well.

The awards ceremony at the high school was a dignified ceremony. Those that were there wanted to be there and wanted to give honor to those who had earned it. It went well. Faculty, students and school administrators did it well.

Final exams are scheduled this week. Graduation is Friday night at the football field at 8:00 p.m. The last day of school is Friday, May 20. It's been a tough year, but a good one for BISD. Everyone working together can make it work. Public schools don't have time for those that can't be on the team. We need administrators, teachers, students, and parents who will work for the good of the students. It has worked well this year.

How about the DARE program sponsored by the National Park Service. Ranger Dennis Anderson taught the fifth grade in a 17-week program - once each week. DARE means Drug Abuse Resistance Education. Our kids have been very positive about the program. Dennis took part in the field trip and tried to get to know our fifth grade. After the program Tuesday, there were lots of hugs and handshakes for Dennis. He became a part of their lives. Instruction in DARE focuses on peer pressure, reversal activities - how it feels to be in the other person's shoes. There's lots of role modeling. It's about how to say no to friends. Good job. Proud of you fifth grade with teachers McNew and Jimenez. DARE essay winners in each class are:

LYNN McNEW's CLASS
1st place Jeffrey Mills
2nd place Jarrett Harrison

HECTOR JIMENEZ's CLASS
1st place Christina Luna
2nd place Jessica Gutierrez

Well, that's all for now. For making a difference, lots of folks at BHS that helped pick up the pieces at the end of the year and helped get the job done. Project DARE and Ranger Anderson should receive a grand salute. Anything that we can do to help our kids learn the evils of drugs should be done. Good job.

Come help the Senior Class of 1994 have a grand graduation Friday night.

Brackett Campus

Tigers Beat Mustangs

Last Tuesday the Tigers travelled to Natalia for what would end up being the last game of the season.

The Tigers got there and prepared themselves for a tough game, which they DID get.

The Tigers, as well as the Mustangs, only two runs in seven innings, it was left up to the extra innings. No one scored in the eighth.

Going into the ninth, the Tigers put on their game face and scored 4 runs, they came out in the bottom of the ninth inning and kept them from scoring.

In the end, the Tigers defeated the Mustangs 6-2 in nine innings of play.

Hernandez Takes 7th

Shot putter Lolly Hernandez went to state competition last Saturday. She finished in seventh place. Lolly is a junior and is eligible to compete again next year.

LETTER TO EDITOR

Thanks for all your help and support this past year. Great job and we really appreciate it.

Hetu On SWTJC's Dean's List

Neelia A. Hetu of Brackettville was named to the Dean's List at Southwest Texas Junior College, Uvalde, for the academic year 1993-94.

Honor students were honored with a reception hosted by the SWTJC Library Division.

Alamo Village Welcomes Saunders

By MIKE BOWLIN

Patrick Saunders wears many hats. He's a teacher (with a master's degree in Social Science), stage actor, film critic, and film historian.

This summer, the Dothan, Alabama, native will be wearing a different hat - a wide-brimmed black cowboy hat and he will have a six-foot strapped to his side.

Saunders will be spending the summer performing in the daily western melodramas that are staged at Happy Shahan's Alamo Village Movie Location from Memorial Day through Labor Day.

A lifelong student of both American and foreign cinema, Saunders has concentrated his studies on legendary Western film director John Ford and Italy's Bernardo Bertolucci.

On a visit to the Brackettville area last year, he stopped in at Alamo Village. "I wanted to know more about Ford's role in the making of 'The Alamo,'" Saunders said.

He was directed to Happy Shahan and a fifteen-minute talk turned into a three-day visit with Shahan and his wife, Virginia.

Saunders returned to Alabama, but now he's back here on a permanent basis and looks forward to his first summer at Alamo Village.

Saunders said he believes that the Western is the soul of the cinema and "not only the factual but more importantly the mythological west is a part of our heritage we must maintain and cultivate to keep alive the better part of ourselves as men and women and as Americans."

Public Hearing Closes Library/Paving Grant

At 7 p.m., Monday, May 16, 1994, Kinney County Judge Tim Ward announced that the public hearing that had been advertised to close out the grant used to build the library expansion and to pave streets and parking lot at the Nutrition Center and parking lot at the Civic Center was open. Although a quorum of the commissioners court was not required, Commissioners Freddie Frerich, Cordelia Mendeke, and Alvin McClure were present.

Grant Administrator Charlie Trost reported that, by law, the public hearing was required and that if any citizen had a complaint it must be heard and addressed. None were forthcoming.

He gave the following figures: Community Improvement (library) budget \$63,265.00 - expended \$63,263.95; paving budget \$18,740 - spent \$18,155; engineer fees budget \$3,270 - spent \$3,000; administrative budget \$7,000 - used \$6,403. Only a few minor costs remain to be settled and the grant can be closed out June 3.

The hearing adjourned at 7:06 p.m.

Commissioners Pass Resolution Supporting HIDTA Grant

At a special meeting of the Kinney County Commissioners Court, Judge Tim Ward called the court in session at 7:15 Monday evening, May 16, 1994. Commissioners Freddie Frerich, Cordelia Mendeke, and Alvin McClure were present.

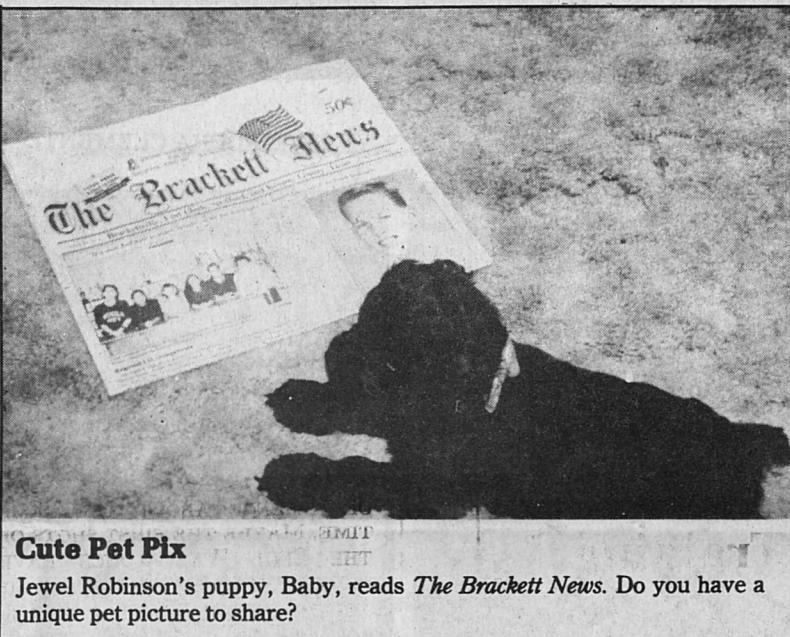

A resolution in memory of Madge Belcher was passed declaring Wednesday, June 1, 1994, Madge Belcher Day in Kinney County (please see separate story in this issue).

The county maintenance agreement was discussed and because of the much-needed, much-appreciated rain, grass and weeds have "gotten ahead of the mowing." The court set cutting grass at the cemetery a top priority and agreed that if the contractor needed assistance he could obtain it at no cost to the county. They also decided to possibly review the contract at the next meeting.

A resolution in support of a 1994-95 HIDTA grant application was passed to be submitted to the Criminal Justice Department of the Governor's Office.

The funds would be used to pay 1/2 of the salaries of the Amistad Drug Task Force for long-term investigations.

Judge Ward announced he had received approval for Kinney County to serve as the Task Force grant administrator. The notification will be printed in its entirety.

Other pictures are from among those who received awards for UIL participation, subject medals and certificates, senior certificates of participation and legislative, honor roll, UIL Scholar, Tandy Technology, and Presidential Academic Fitness.

Laughlin Set To Celebrate Armed Forces Day

America will honor members of its armed forces May 21.

Armed Forces Day, celebrated since May 2, 1950, has provided an opportunity to pay tribute to the men and women of the armed forces. Prior to 1949, each service conducted its own day of ceremonies at varying times of the year.

Congress approved the National Security Act, which combined the executive departments of War and the Navy into a single Department of Defense, created a new cabinet post of Secretary of Defense and consolidated the U.S. Army, Navy and Air Force into a single national military establishment.

Two years later, Defense Secretary Louis Johnson announced the creation of Armed Forces Day to replace Army, Navy and Air Force days. The annual date was to be the third Saturday in May.

Del Rio and Laughlin will celebrate Armed Forces Day at Plaza del Sol Mall with displays and demonstrations throughout the day May 21.

Many Laughlin organizations will present displays and demonstrations along with those of other military services. The observances will reflect the national theme of this years Armed Forces Day, "Peace Through Readiness."

The majority of the displays will be provided by organizations from Laughlin, which co-sponsors the event with the mall.

Displays will be provided by the 47th Operations Support Squadron Weather Flight, 47th Logistics Squadron, 47th Civil Engineering Squadron and the 47th Medical Group.

The Del Rio High School Junior ROTC drill team will do a demonstration at 11 a.m. followed by a 47th Security Police Squadron military working dog demonstration at 11:30 a.m.

Buckle Up, Already

If you could save thousands of lives with a simple click, would you try?

The Texas Department of Transportation (TxDOT) is trying. TxDOT announced today that May is the month for Texans who don't to buckle up!

BUCKLE UP TEXAS! month will spotlight the importance of safety belts, air bags, and child safety seats. This month will also be celebrated with increased education and enforcement efforts. Translated, that means you are more likely to get a ticket for not wearing your safety belt, so you'd better learn to like it.

"Many people just don't realize how much your chance of serious injury or death is reduced if you wear safety belts," said Bill Burnett, TxDOT executive director.

Every state has a child safety seat law, and 46 states require drivers to wear seat belts. TxDOT is providing police departments with grants to conduct a special enforcement effort during May.

"Safety belts saved an estimated 34,794 lives from 1983 to 1992," said Burnett. "We plan to culminate this awareness month on Memorial Day weekend, the opening of the tourist season, so more lives can be saved."

"It's too bad that the risk of getting a ticket is the only thing that will make some people buckle up," he added, "but TxDOT supports safety-belt use and the laws requiring it."

State law requires all drivers and front seat passengers to buckle up. State law also requires all children under the age of two to be restrained in a child safety seat and children 2-4 years old to be restrained in a child safety seat or a safety belt. Fines for not buckling up range from \$25-\$50.

More than 60% of the 3,037 people killed in accidents last year in Texas were not wearing a safety belt.

Spofford Reunion Dedicated To The Memory Of Madge Belcher

Two hundred residents, former residents, and friends of Spofford, dedicated their annual reunion on Saturday, May 7, 1994, to the memory of Madge Elizabeth Belcher in a short but moving ceremony. Madge was a friend who dedicated much of her life to the fight to keep a radiation dump from being installed on the outskirts of Spofford.

Paul and Linda Malone and Joe and Mary Sam York welcomed former residents from as far away as Wisconsin and Washington for a day of food and fellowship at Malone Lodge, the former Spofford school.

Mr. and Mrs. George Cox displayed an extensive collection of old time Spofford pictures, which were enjoyed by all. Mr. Cox's mother operated the Spofford Hotel from 1910 to 1919.

The Reverend Yvonne Vincent Quigley, whose family were early settlers of Spofford, gave a tour of the old Vincent family cemetery.

Beloved teachers J. Lee Ballantyne, Agnes Vondy, Else Sauer, and Glenline Shannon visited with their former students and the children and grandchildren of those students.

Reunion day pictures were taken and loaned by Marcus Tidwell.

Mrs. Paul Malone and Wanda Whitworth.

Joe York, Jr. and Yvonne (Vincent) Quigley reminisce over the Spofford Memory Quilt.

Judy Laman Burks, Betty Laman Tidwell, Mary Sam Williams York, Mildred Williams, and Clara (Mrs. Doc) Laman.

Agnes Vondy and Tim Ward.

Milton Winkenwerder and Spofford Mayor J.B. Herndon.

Left to right, Betty Laman Tidwell, Mildred (Mrs. Speedy) Williams, Viola (Mrs. Buck) Johnson, Judy Laman Burks, Clara Laman and Paulita Solis.

Wynell (York) Coates, P.H. Coates III, Glen Olive Shanon, Barbara Shanon Ammer.

All The Williams Clan...SANS Betty: Tommy Tot, J.R. (Speedy), seated, J.R. (Budgie), Mary Sam York and Mildred.

Golda Martin and Viola Johnson.

Joe Jr. and Mary Sam (Williams) York.

B.J. Carpenter Family: Vera, Ray, Jo, Leonard Poehler, Claire, Joyce and David Laman. Jimmy Pirtle hanging around in the rear.

Icy Faye Bricker Harbroth and Glen Olive Shanon with a quilt depicting Spofford memories. Icy Faye made the quilt.

Installs New Officers At Meeting

Mountain Laurel Garden Club's Spring Flower Show

At their last meeting until fall the Mountain Laurel Garden Club of Kinney County met at the Fort Clark Adult Center on Thursday morning, May 12.

Entry halls of the Adult Center were laden with the flower arrangements that members had brought for a non-judged show.

The 1964-66 Award Winning scrapbook from the local garden club was displayed. It will be placed in the Kinney County Museum.

Plans were made to have two flower shows next year - one in October and one in April.

Projects chairman Rozetta Pingnot reported that there had been a lot of work done on the Rose Garden (behind Members Service) and reminded members that it will need a lot of care this summer.

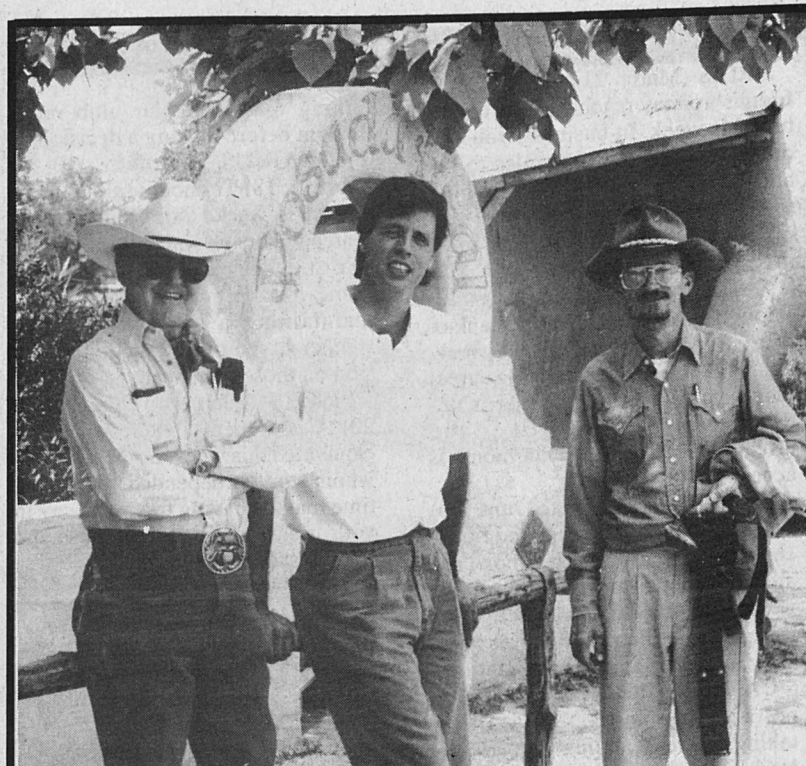

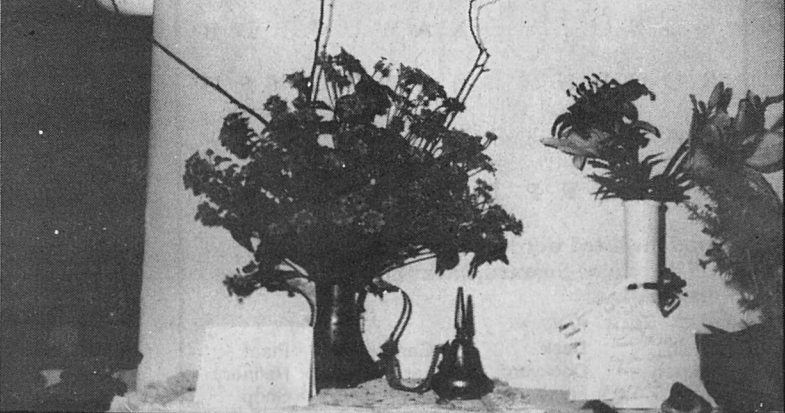

An oak tree was donated to the Fort Clark Beautification Project by the club in memory of deceased member Fran Swanson.

Georgia Cook installed Ruby Cheaney as president, Patsy Callnan as First Vice President, Juanita Robertson and Mary Williams as Second Vice Presidents, and Pat McKelvy as secretary-treasurer.

Elected officers not present were Dee Gaston and Iola Jones.

The club wants to thank all those non-garden club members of Fort Clark and Brackettville for sharing their flowers with the membership to make the flower show a success.

Cake and cookies were served by Charlotte Powell and Joan Kealy to Patsy Callnan, Ruby Cheaney, Norma Conner, Gita Conoly, Georgia Cook, Fern Dyer, Edwina Gaebler, Betty Gibbs, Hazel Ivey, Esther Kesteloot, Pat McKelvy, Rozetta Pingnot, Juanita Robertson, Beverly Schafer, Oleta Townsend, Mary Williams, Jo Spohnholtz, and Molly Schroeder.

(L-R) Happy Shahan, Brian Hawkins, and Richard Curilla plan strategy for filming a feature for "Texas Country Reporter."

Alamo Village To Be Featured On "Texas Country Reporter"

By MIKE BOWLIN

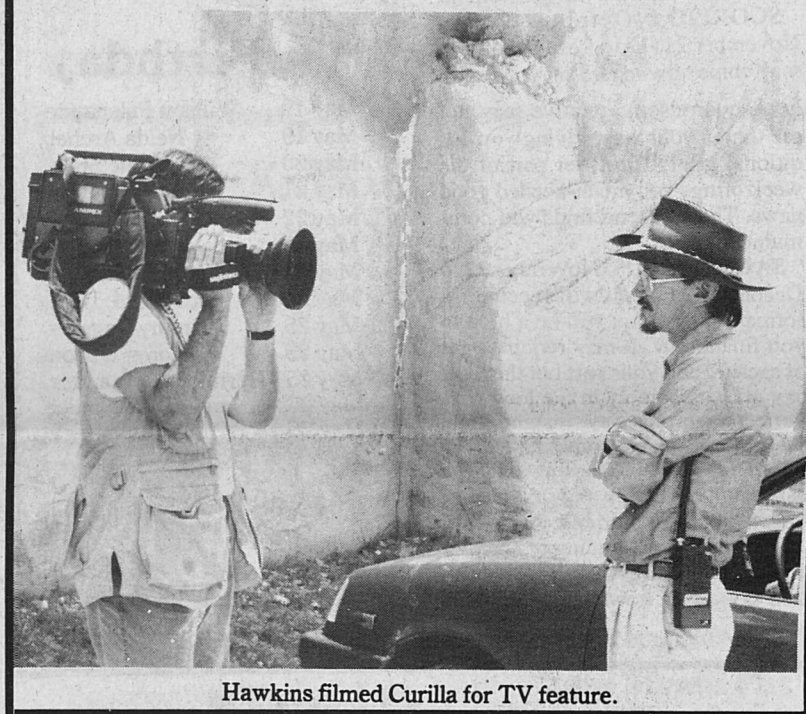

Alamo Village, Brackettville's famed movie location will be featured on the popular "Texas Country Reporter" TV series Sunday, May 29, at 9:30 a.m. on KENS TV Channel 5. (The date is tentative).

Producer Brian Hawkins from Kerrville was in Brackettville last week to do a feature on Richard Curilla, who heads the film and video department at Alamo Village.

Hawkins plans to be back in June to do another piece on Alamo Village for the TV series "Discover Texas."

This place (Alamo Village) is a videographer's dream," added Hawkins. "It's one of those places you've always heard of but you've never been to and once you go, you kick yourself for not coming earlier," Hawkins said.

Hawkins said he was impressed with Curilla's knowledge about "The Alamo" movie as well as the actual history of the mission turned fortress. "Richard represents what every kid fantasizes, who didn't grow up in Texas," Hawkins explained. "This was definitely a fun piece to do," concluded Hawkins.

Hawkins filmed Curilla for TV feature.

Pruning, Feeding and Watering

- Helpful Tips For The Care of Trees and Shrubs -

Spring has sprung and summer is on its way. That means now is the time to tend to your yard's trees and shrubs, so they'll look their very best throughout the entire growing season.

To help facilitate a beautiful landscape that's lush and thick with plant growth, the experts at The Scotts Company offer the following tree and shrub care tips:

Pruning

Broadleaved and needle-bearing trees and shrubs, such as poplars, maples and evergreens, are especially susceptible to the damaging effects of freezing rain, winds and snow. Often, the results are broken branches and weak, spindly growth that prevents plants from maintaining their shape and staying attractive. Pruning is the secret to restoring trees and shrubs to their former luster.

The myth that all pruning must occur during the dormant season isn't true. When to prune, how far to cut back, and the methods of cutting vary depending upon the season, the plant's condition, and its reaction to weather and previous prunings. Contact your nurseryman of local county extension agent for specific information.

Once you know what to prune and when, one of two basic pruning methods can be employed - thinning or heading cuts. Thinning cuts create space and reduce the effects of pressure caused by rain, snow, sleet and wind. The cut follows the branch to be removed to its source, with the cut made close enough to leave a short stump, called a branch collar. A thinning cut enables remaining limbs to continue growing naturally.

Heading cuts, on the other hand, lead back to a bud or buds, rather than follow a branch back to a limb. Such cutting promotes further

bud growth and encourages remaining buds to thrive in full sun.

Feeding

Like people, plants need to be fed regularly to survive and thrive. For years, however, homeowners have been confused by the many fertilizer types on the market. As a result, their plants tend to have been either over- or underfed. Modern technology offers an ideal solution. A new product called Once Season Long Plant Food for Trees, Shrubs and Evergreens® is a time-saving and convenient plant feeding system that delivers vital nutrients and minerals for an entire growing season. As its name suggests, the Once product need only be applied one time in order for plants to enjoy all of its benefits for up to nine months.

Once contains Osmocote, unique resin-coated granules which swell into capsules of liquefied plant food, and continuously release a controlled amount of nutrients into the soil, as plants need them. This means plants receive more food when they're hungry and less when they're not, which eliminates the feast or famine cycle often associated with ordinary plant foods.

Watering

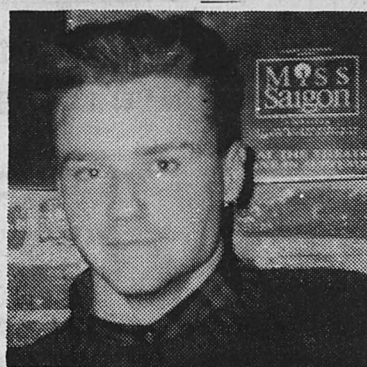

Plant roots thrive where there's ample water, air and nutrients, so it is vital that water reaches deep into the soil. Rainfall is not enough, as much of it evaporates or drains off before the soil absorbs it. The same applies to watering with a hose. Regular (but not frequent) deep waterings are recommended, and this can best be accomplished with a soaker hose, sprinkler or drip irrigation system. In areas where water is in short supply, soaker hoses or drip systems will do the job well and will not waste water.

A Gorgeous Garden of Azaleas, Rhododendrons and Camellias

The vivid blooms produced by azaleas, rhododendrons and camellias are among the most beautiful in the world. Ranging in colors from purple to yellow, there are a wide variety of these acid-loving plants available to fit any size of garden, as long as the growing conditions are right - especially the soil. Here are some plant care tips from the experts at The Scotts Company to help keep your plants healthy all season:

- Remarkably hardy, these plants grow best in dappled sunlight or partial shade and in moist, acidic soil. Plants should do well in full sunlight, but flowers tend to last longer in shade.
- When preparing the planting site, well-drained and aerated soil is a must. The soil must contain humus - peat moss or compost - to hold moisture long enough for it to be absorbed. To test drainage, dig a hole about 18 inches deep, and fill it with water. If it takes more than 10 minutes to soak in, drainage needs to be improved.
- Putting fertilizer directly in the bottom of the planting hole can be fatal to these types of plants. Moderate amounts of light, water and pruning are recommended.
- Azaleas, rhododendrons and camellias all require acidic soil - a pH level of 4.5-5.5 is best (neutral is 7.0). If soil is alkaline, add a water-soluble plant food such as Peters Professional® Azalea, Camellia & Rhododendron Food (24-12-12) in recommended doses. Applied every 7 to 14 days, the Peters product is absorbed directly through leaves and roots. Two iron sources stop leaves from yellowing. Also, it slowly acidifies the soil so that available nutrients can be absorbed, resulting in greener foliage and brighter blooms.
- Plants seldom need pruning except to control size and shape. Pruning should be done with proper sharp tools after the plant has finished blooming.

Critic's Corner
by Michael Greene

BAD GIRLS

On the surface, the idea of this film is a good one. Basically, it's your standard Western with the exception that there are no heroes, only heroines. And, while we are used to the image of the swaggering, tough-talking male cowboy doing all the hard riding, roping, shooting, drinking and swearing (as well as rescuing), there were a lot of women in the last century who were as tough because they had to be. They were carving out a life in a rough new land and they had to be able to match their men. Would that this film had succeeded in accurately depicting that!

Madeline Stowe stars as Cody, the owner/operator/madame of a saloon which, as the film opens, is the scene of a protest by temperance leaguers. Cody gets upset when one of the male customers gets rough with one of her "girls" and engages in a gun battle with him. Being the better shot, she wins but is promptly hustled off to be hung for her audacity.

She and three of her girls escape with the idea of claiming a homesteaded one of them has for some land in Oregon. Their plan is to open a sawmill there. The three girls are Anita (Mary Stuart Masterson), Eileen (Andie MacDowell) and Lilly (Drew Barrymore). That's an impressive cast list.

The women's sisterhood is a wonder to behold. They are as loyal and devoted to each other as any male was ever portrayed to be on the big screen. The trouble is, the movie descends into cliches and stupidity as one by one, the women fall into the hands of various bad guys and need to be rescued. It's all too Perils of Pauline-ish for my taste. It's as if the screenwriter and director couldn't decide which direction to take the movie, so it just flounders around between the stereotypical Western and the revisionist Western.

From where I sit, if you want to see a good Western about a strong, liberated woman, stay home and watch "Dr. Quinn: Medicine Woman" on television. At least, it takes a stand and sticks with it.

Taking Life Seriously

To realize how short life really is, think of a life span of seventy years as a single day - from 7:00 in the morning until 11:00 at night. If your age is:

- 15, the time is 10:25 a.m.
- 20, the time is 11:34 a.m.
- 25, the time is 12:42 p.m.
- 30, the time is 1:15 p.m.
- 35, the time is 3:00 p.m.
- 40, the time is 4:08 p.m.
- 45, the time is 5:16 p.m.
- 50, the time is 6:25 p.m.
- 55, the time is 7:34 p.m.
- 60, the time is 8:42 p.m.
- 65, the time is 9:51 p.m.
- 70, the time is 11:00 p.m.

This exercise reminds us that we don't have a lot of time to serve God. Let's get busy and make every day count for Him.

Natasha's Stars

ARIES (March 21 to April 19) A friendship may reach a critical juncture this week. In business, you will meet with new opportunities to get ahead. Talks with those in high places are favored now. You may revise your thinking this week about investments and finances.

TAURUS (April 20 to May 20) Though a minor business setback or delay is possible early in the week, you will have luck in reaching agreements with others. A partner is understanding, supportive and affectionate. Domestic harmony is accentuated.

GEMINI (May 21 to June 20) Talks relating to business and financial interests are favored now. Be alert for opportunity. Later in the week, you may find yourself at an impasse regarding a concern at work. Do your best to avoid confrontations.

CANCER (June 21 to July 22) It's not a good time for financial risk-taking. Instead, follow a partner's lead. This person's knowledge of investments will serve you well. This weekend, romance and recreation beckon.

LEO (July 23 to August 22) You will have to be willing to compromise to make a partnership work this week. Clear thinking and good judgment bring job successes now. You and a loved one may not see eye to eye later in the week. Avoid stubbornness and open your mind.

VIRGO (August 23 to September 22) You may meet with delays or setbacks in business early in the week. Have patience. This all sets itself right by week's end. Creative interests are highlighted now. This weekend, entertainment plans come to fruition.

LIBRA (September 23 to October 22) You may find yourself hit with some additional expenses this week. However, on the positive side, real estate dealings are a plus. A family member seems a bit upset this week. Try to find out what the problem is.

SCORPIO (October 23 to November 21) Extra responsibilities may come now regarding your family. A quarrelsome relative may not see things your way, giving you additional grief. The latter part of the week brings you much-needed good news. The weekend finds you communicative.

SAGITTARIUS (November 22 to December 21) You will receive information now that will be a help to you financially. It may require a bit of sacrifice on your part but this will pay off handsomely in the long run. Reflection brings new insights into the past.

CAPRICORN (December 22 to January 19) Money may come between you and a friend this week. Avoid this by not lending or borrowing money. An opportunity for group activity arises now. However, give

joining this particular club more thought before making a decision.

AQUARIUS (January 20 to February 18) Try not to sell yourself short this week. Extra study or research will make you more confident about your career. Do your homework. You do best now by maintaining a low profile. This weekend, you make a good impression on those you meet.

PISCES (February 19 to March 20) A new mental interest has you captivated this week. Someone upon whom you've depended for a long time may be having too much say in your life. It is time to cut loose and find your own solutions.

Mail Recovery Centers Aid Customer

On July 30, 1994, the New York Dead Letter/Dead Parcel Office will close and responsibility will transfer to the St. Paul Dead Letter/Dead Parcel Office. The transition began April 16.

At the same time, all remaining Dead Letter/Dead Parcel offices were renamed "Mail Recovery Centers." This change reflects the responsibility of these offices to return valuable undeliverable mail to customers in a timely manner.

Mail Recovery Centers will be located at Atlanta, Georgia, Philadelphia, Pennsylvania, St. Paul, Minnesota, and San Francisco, California.

Texas, with the exception of zip codes 797-799 will be served by the Atlanta office. San Francisco will serve Texas zip codes 797-799.
