By

POPULATION FIGURES from the 1980 census have been released for the states and for the largest cities, and the figures reveal some interesting trends in the shifting of population in the nation.

Texas was one of the fastest-growing states, with a 1980 count of 14,228,383, up a whopping 27.1 per cent from the 1970 total of 11,196,730.

Texas, Florida and California—termed the sun-belt states, showed the largest gains of the populous states. Between them these three states gained almost ten million people during the last decade.

The 1980 population figures show a shifting of the population out of the north and east, and into the south and southwest. Experts say that people are also moving more into the Rocky Mountain area, as some Americans apparently are searching for regions with fewer people.

Among the state's largest cities, Houston grew 26.1 per cent, and with its 1980 population of 1,554,992, stands as the nation's fifth-largest city, behind New York City, Chicago, Los Angeles and Philadelphia.

Dallas, with a population of 901,450, is now the seventh largest city nationally, and San Antonio, which grew 19.7 per cent during the decade to 783,296, is tenth, giving Texas three cities in the nation's top ten for the first time.

El Paso moved ahead of Fort Worth as the state's fourth largest city with 424,522 people, and the border city went from 45th nationally in 1970 to 28th currently. Fort Worth, with 382,349 souls, held its previous rank at the number 33 position.

Otherwise, Austin holds down the sixth spot in the state, and grew by 35.4 per cent the past decade to 343,390, gaining 15 spots nationally.

In our area, Lubbock grew by 16.8 per cent, to a 1980 figure of 174,157 (seventh in the state) and also gained 15 spots, going from number 93 in the nation in 1970 to 78th at present.

Although Dallas showed a modest growth of 6.8 per cent, and Fort Worth actually showed a 2.8 per cent decrease, a better picture of the growth of that area could be seen by studying the population growth of the suburbs of those cities.

All of the figures have not been released as yet, but a good example is the city of Arlington, between Fort Worth and Dallas, which grew from 89,723 people in 1970 to 159,117 in 1980, a whopping 76.7 per cent.

Figures for other of the Dallas-Fort Worth suburbs are expected to show similar growth.

The figures for Amarillo were not included in the release we received.

As a result of its growth, Texas will gain three seats in the U.S. Congress, and hopefully our rural section will not have to be spread a lot thinner.

However, in the state government, both Bill Clayton's district and Bill Sarpalius' senatorial district will have to be enlarged, since our section of the state did not grow at the same pace as the rest of the state.

Hence, the residents of this area will lose part of their voice in state government, by having their districts enlarged. This is even more reason to elect strong, effective representatives, and we believe that the two we have fit this mold.

Certainly Bill Clayton has proven himself along this line, and although Sarpalius is a novice, he has exemplified good leadership capabilities, and is off to a good start in the young legislative session.

What's the worst natural disaster in American history? The great Galveston hurricane of 1900. Storm-driven tidal waves swept over the island, taking 6,000 lives.

Show Date Depends On Cagers

Bovina's 1981 Junior Livestock Show gets underway Tuesday, February 17.

Weigh-in will start at 8:30 a.m. and judging will start at 3 p.m. with the steers. Lamb judging is scheduled to start at 4 p.m. with barrow judging at 6 p.m.

Jerry Franklin, former ag teacher from Melrose, N.M. and currently a spot breeder will be judging steers and barrows. Kyle Smith, county agent from Seminole, will be the lamb judge.

Entered in the local show will be 100 barrows, eight gilts, 65 lambs and eight steers.

Students showing animals in the local show will be 4-H and FFA students attending the Bovina Schools.

The Lions Club and Chamber of Commerce and Agriculture will furnish the ribbons and trophies. Trophies will be presented to the breed champions, grand champions and reserve champions in each division.

New this year, the youth chosen for showmanship will be presented a trophy belt buckle instead of the usual trophy.

Members of the FFA and 4-H are selling chances on the redwood picnic table to be given away at the stock show. Tickets can be purchased until drawing time.

Materials to build the table cost \$150 and all steel used in building it was donated by Bovina Pump Co.

The stock show may be postponed until Wednesday, February 18, if there is a play-off basketball game with Vega. If Vega wins the game Friday night against the Mustangs, the playoff game will be Tuesday night. If this happens the stock show will follow the same schedule on Wednesday.

Thatcher Is Course Grad

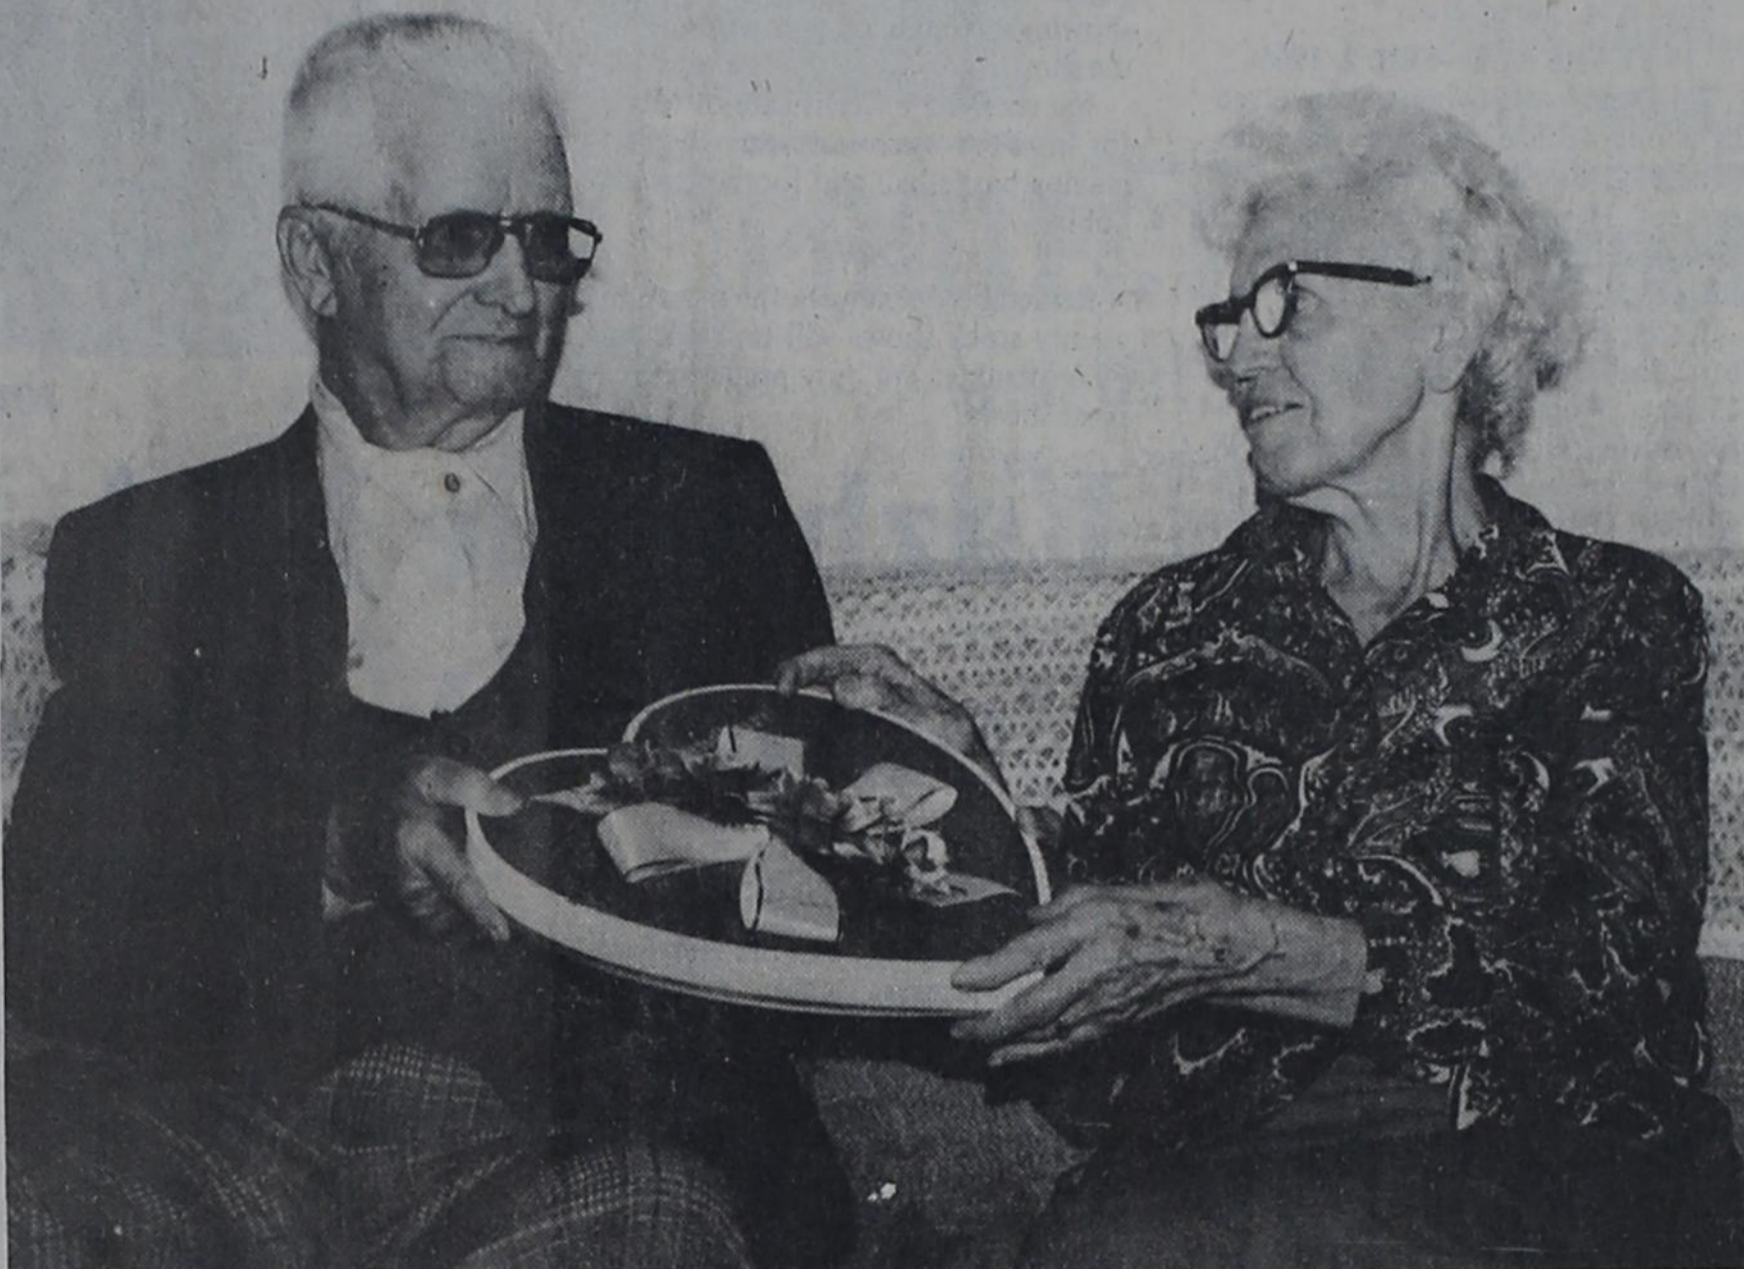

Wayne Thatcher received two certificates recently for attending two different short course schools.

Thatcher received a Grade C-Water rating in the course he attended at Lubbock. He also received a Grade C-Sewage rating in the course at Amarillo.

To qualify for these ratings Thatcher had to complete 60 hours and one year of experience of work to receive a grade C. Thatcher had previously completed 20 hours in another course in 1979.

City Sets Action On New Well

Bovina's Board of Aldermen met in a special session on January 16. Mayor Lusk, Aldermen O'Hair, Barron and Gober were present. City Manager, Tom Bonds, was present also.

Gene Barber and Richard Morris of the Merriman and Barber Engineering firm met with the board.

Gober made a motion for the Merriman and Barber firm to represent the City of Bovina in procuring an application for a water well and storage unit and improvements.

The City of Bovina will make application to FHA and will send a pre-application form for federal assistance and relative items, with an estimated cost of \$185,000. The motion was seconded by O'Hair and it passed.

The city manager will meet with the Panhandle Regional Planning Commission on February 19 to discuss the various aspects of this project.

In a regular session, the Bovina Board of Aldermen met on February 9. Present were Mayor Lusk, Aldermen Barron, O'Hair, Charles, Gober and Hastings and also City Manager Bonds.

Jay Sherrill was appointed the election judge for the April 4 city election, to replace two aldermen whose terms expire.

The Board rejected a 29.8 per cent rate increase filed by General Telephone Co. with the city, and plans to protect the proposed rate increase.

Filing Dates Set For City, School

Filing is now open for placement on the school election ballots. The deadline for filing is Wednesday, March 4.

To apply for a place on the school board ballots, go to the Superintendent's Office at Bovina High School.

The 1981 School Board Election will be Saturday, April 4.

Two terms will be expiring on the City Council this year, the ones currently held by Rouel Barron and Fred O'Hair.

Applications for filing for the spot can be picked up at City Hall. The deadline for filing is 5 p.m. March 4.

REFLECTIONS From The Blade

25 YEARS AGO--FEB. 8, 1956

A blizzard, possibly the worst in 25 years for Bovina, swooped down on the sleeping town Wednesday night and continued to cast its white blanket of fury through Sunday. Snow, totaling an estimated 15 inches, engulfed the area for miles around and stopped normal means of transportation until after the storm had "let up."

The home of Mrs. U.B. Wheeler was damaged by fire Wednesday afternoon of last week when gas in the bathroom exploded and started a fire that burned for a short while in the bathroom.

William R. Edens, son of Mr. and Mrs. Robert Edens of Bovina was enlisted in the U.S. Navy at Albuquerque, N.M., on January 31, and departed immediately for San Diego, California, where he will receive his recruit training.

This week's FFA member is Joe Black. Joe is sixteen years old and is the son of Billy Joe Black, Sr. He has one brother named Tommy, and one sister, who lives in California.

In the picture, Joe is standing with his steer named "Blue." Joe will be showing him in the upcoming stock shows.

For his first year in FFA, Joe had pigs as his project. He says he enjoys showing his animals and working in the shop.

Joe received a Certificate of Merit for his FFA work last year. He lists playing basketball and football as his hobbies.

Remember, next week the local and county stock shows will be held. All FFA members are busy preparing for these shows.

Child Welfare Board Met January 24

On Monday, January 24 the Parmer County Child Welfare Board met.

After a program by Homer Ann Hooper, Child Placement Supervisor for the seven county area, the Board discussed having a workshop in late spring which would be aimed at helping churches deal with the child abuse problem. The intention of the workshop would be basically helping folk become aware of the extent of the child abuse and neglect problem in our area, and then helping people understand what they could do when confronted with child abuse or suspected abuse.

Other business, like a Board member for Bovina, the key responsibilities of the Board, etc., were discussed.

The group set up two task forces, one to deal with community awareness and publicity, and one to begin dealing with fund raising.

The program for the next meeting, February 24, will deal with the qualifications and role of foster parents.

Those present at the January meeting were: Bessie Holt, Friona; Carrie Christian and Betty Stewart, Farwell; Ona Patterson, Rhea; Rev. Skip Sircin, Friona; Homer Ann Hooper, Child Placement Supervisor; Katy Jackson and Beth Ingle, Child Placement workers and Judge Porter Roberts.

If there are questions or if the Board can help you in any way, please let us know.

It says it's an ST 491A...

BUT IS IT?

1. FLANGE NOT HARDENED
2. NOT SELF-ALIGNED
3. UNSAFE LUBRICATION

The bearing shown here has the part number ST 491A stamped right on it. That's a clear cut case of false impersonation for at least three reasons:

1. The imported "look alike" bearing does not have hardened flange plates. The flanges run in the dirt; they will wear rapidly and lose their ability to properly support the arbor bolt.
2. Their bearing is not self aligning. The genuine ST 491A will absorb arbor bolt functional deflection, reducing bearing load stresses to avoid early bearing failure.
3. This "will-fit" has a threaded grease fitting; its loss will permit internal contamination. The fitting on a genuine IH ST 491A is pressed in from the inside to avoid this problem.

Scooter's Scoops

By Scooter Russell

On our way back from a truck trip to Demming, New Mexico, last Thursday we stopped at a Western Sizzlin steak house for a meal and found out it was run by the Don Sudderth, who lived in our area for many years and has relatives here.

We didn't get to see them but did get to visit shortly with their pretty daughter Sharon who was working there. She told us she had recently married a detective in the Alamogordo police department.

Anyway it is an excellent place to eat if you are ever out that way. The service was super, the food delicious and the steaks fantastic. It is located at 1010 Sands Boulevard.

Our daughter Tami underwent an appendectomy last Saturday in the Deaf Smith County Hospital in Hereford and is getting along fine.

You know it's bad enough to have your washing machine broken and have to go to the laundry but sure

'nuf bad when you get your clothes stolen as I did last week. Just want somebody to know that I hope you needed them as badly as me and also hope that you have real 'boogery' nightmares everytime you crawl between MY sheets!

NEWS AROUND TOWN...

Mrs. Elmer McKay was in Amarillo over the weekend and visited with her sister, Nina Nelson and Elmer's sister, Laverne Marler.

We understand George Douglas had to go back to the hospital for a day or so but friends say they expect him to be released early this week.

Willie Mae Ross enjoyed company over the weekend: friends, Mr. and Mrs. Barc Hollingsworth of Lubbock.

Mr. and Mrs. Wayne Moody of

Albuquerque, New Mexico were guests of Jerry Ware over the weekend. They went to Pampa to see Jerry's sister Mrs. Clyde Dorman while the Moodys were here.

Diane Heard, who is a student at San Marcos Baptist Academy, visited family and friends in Bovina recently. She is the daughter of Jim and Jan Heard. She came Friday and left Monday.

Les and Rose McCain went Saturday to Fieldton and helped Les' dad, W.C. McCain celebrate his 80th birthday. Rose took her father-in-law a birthday cake.

Brother and Mrs. J.J. Terry had their son and daughter-in-law visiting over the weekend, Mr. and Mrs. Melvin Terry of Lubbock and their daughter Allison Terry of Amarillo.

Monday night of this week Brother and Mrs. Terry accompanied Rev. Howard Rhodes, pastor of the Oklahoma Baptist Church to an evangelistic conference in Dimmitt which was held at the First Baptist Church there.

John and Elouise Dixon enjoyed a good weekend with John's sister and her husband, Mr. and Mrs. Forrest Hill of Amarillo. They had a good time playing forty-two Saturday night and Sunday attended church together.

While Larry and Judy Hodnett were in Mexico for the Crusade Judy's parents Mr. and Mrs. Preston Neff of Lubbock babysat their children, Jo Linda and Rebecca.

Tonya and Dale Gober and friends, Doyle and Susan Johnson and Mick and Shirley Wilson of Hereford have recently returned from a snow skiing trip to Wolf Creek, Colorado. They went last Tuesday and returned home Saturday.

Visiting over the weekend with the Billy Smith's was Jamie Wilson who is attending college in Lubbock. She is Darlene's roommate. The girls came Saturday and left Sunday.

Kay and Glenn Kelley of Pleasant Hill were in Lubbock over the weekend visiting with their daughter and son-in-law, Regina and Doug.

Ricky Kunselman and his wife

K.C. are in Bovina visiting friends and family. Ricky and K.C. have been stationed in Germany and will be in Bovina for several days then will be stationed at Coleen, Texas. Ricky is the son of Mr. and Mrs. Pat Kunselman.

Becky Willingham, our home economics teacher, was kind enough to bring information concerning household hints, money saving tips, and recipes and thought we could use them in the Scoops so here are some that may be of some help to our readers:

FOOD STRETCHERS AND MONEY SAVING TIPS

A butter stretcher: To make 2 pounds of butter, slowly beat in 2 cups of evaporated milk (a little at a time) to 1 pound of butter or margarine. Pour into butter tube and chill.

To keep cottage cheese fresh, store carton upside down. It will keep twice as long.

Popcorn should always be kept in the freezer. Not only will it stay fresh, but freezing helps eliminate "old maids."

"Old Maids" can also be

eliminated by running ice cold water over the kernels before throwing into the popper.

Make your own cake flour by sifting together 6 times 3 cups all purpose flour and 1 cup cornstarch. Use as you would regular cake flour.

A leftover baked potato can be rebaked if you dip it in water and bake in 350 degree oven for about 20 minutes.

You can crisp soggy cereal, crackers and chips by putting them on a cookie sheet and heating for a few minutes in the oven.

Cut stale chocolate cake in cubes. Thickly pile on a meringue made from 6 teaspoons sugar and 1 egg white. Sprinkle with grated coconut or chopped pecans. Heat in a 400 degree oven until the meringue is brown.

Line the bottom of the vegetable compartment with paper toweling. This absorbs the excess moisture and keeps all vegetables and fruits fresher for a longer period of time.

Thanks for helping with the Scoops and have a good week....Scooter.

Jamboree Slated By Facility

Prairie Acres Nursing Home, in association with the American Heart Association, is sponsoring a "Rock 'n Roll Jamboree" on Friday, February 13.

Local residents are asked to make donations to the Heart Association through the nursing home on that day.

Prairie Acres will be competing with other nursing homes in Texas, on a "per bed" basis, with the winning home to receive a stationary cycle exerciser.

"Heart disease and stroke are the number one killer. All donations to the Heart Association will go to work for the funds needed to continue the association's research efforts," says Debbie Shirley, activity director at Prairie Acres.

Refreshments will be served at Prairie Acres throughout the day, from 10 a.m. until 5 p.m., and residents are encouraged to come by and join the fun--and make a donation.

There will also be neighborhood volunteers who will canvass the city on a door to door basis for donations to the Heart Association.

Annual Crop Symposium Set

The Fifth Annual Crop Production and Utilization Symposium will be held February 12 at the Texas A&M Research and Extension Center. All persons interested in the latest agricultural research are invited. "What's Ahead in Crops and Production Practices?" is the theme for the event.

Three Attend Zone Meeting At Plainview

The Immanuel Rhea LWML met Wednesday evening, February 5 at the Parish Hall. Kathy Terry called the meeting to order.

Cecelia Schueler gave an object lesson devotion called "What Is Dedication?" and had prayer. Roll call showed the following members present: Kathy Terry, Martha, Cecelia, Lorna, Anna and Donna Schueler and Ruth Drager.

Ruth Drager, secretary, read the minutes of the last meeting. Donna Schueler gave the treasurer's report. Kathy Terry, Cecelia and Martha Schueler attended the High Plains Zone Winter Retreat at Methodist Camp, Ceta Glen, Texas on January 16 and 17 and reported this was a very inspirational time for all those who attended.

These three ladies and Ruth Drager also attended the Zone Administrative Board Meeting at Plainview on February 3. The Spring Rally for the Zone was planned that day and it will be in Plainview on Sunday, April 5. The speaker for that day will be Pastor Jim Jensen with Lutheran Social Services of Lubbock, Texas.

The Braille Workshop will be held on February 16 at Lariat. Prairie Acres Workday with the Methodist ladies is Tuesday, February 24. The group would like to thank all those who gave money to the Prairie Acres Shampoo Fund. Most of the money was used to buy the new shampoo bowl at Prairie Acres and pay for the plumbing. The account at the bank now is called the Prairie Acres Beauty Shop Fund and all donations to it will be used towards a new standing, portable hair dryer for Prairie Acres.

Ruth Drager served coffee and banana cake to those present. Cecelia led the topic called "Bay Windows Are For Growing" with Scripture texts: Eph. 3:14-16.

The outlook for new farm implements, improved irrigation, dryland water conservation techniques, and a new greenbug biotype are program features. Alfalfa varieties, sunflowers, perennial grasses, minimum tillage, wheat grazing, and new herbicides also will be discussed by scientists from Bushland and Amarillo.

Registration starts at 9:30, and the morning session entitled "Alternative Crops" begins at 10:00. Dr. Charlie Rogers, lead-off speaker, will discuss the potential of sunflowers in the Southern High Plains. Dr. H.V. Eck will detail his research with irrigated perennial grasses, and Dr. Dan Undersander will discuss alfalfa varieties. Undersander says selecting the proper variety can increase alfalfa production several tons annually.

The keynote address, "Farm Implements--A Look Into The Future," will be presented by William W. Jackson, who is in charge of planning for tillage and planting equipment, Deere and Company, Moline, Illinois.

After a Dutch treat lunch, Dr. Frank Petr, Area Agronomist with the Texas Agricultural Extension Service, will moderate a session on "Alternative Production Practices." Dr. B.A. Stewart, USDA Research Director at Bushland, will discuss a new system of furrow irrigation. Seeding rate, fertilizer rate, and furrow diking are integrated into the system so neither rain nor irrigation water leave the field. Stewart says water-use efficiency for sorghum was doubled in 1979 and yield efficiency was greatly improved in 1980. Reggie Jones, USDA Soil Scientist, will describe methods of increasing dryland crop yields by retaining all rainfall on the land. New herbicides will be discussed by Dr. Allen Wiese. Ron Allen, USDA Agricultural Engineer, will outline several minimum-tillage systems that reduce fuel cost, while increasing yields and profits.

The final session will be moderated by Dr. Ed Runge, recently-appointed Head of the Soil and Crop Sciences Department at Texas A&M University. Research with greenbug biotype E that attacks greenbug-resistant sorghum will be discussed by Dr. K.B. Porter. The Texas Agricultural Experiment Station small grain breeder found the new biotype last spring while evaluating wheat lines for greenbug resistance. Dr. Dave Hutcheson, Texas Agricultural Experiment Station Animal Nutritionist, will discuss his experiments on grazing wheat. He will be followed by Dr. Runge describing highlights of research in the Soil and Crop Sciences Department at Texas A&M University. Dr. Steve Winter, Texas Agricultural Experiment Station sugarcane researcher, will complete the program by discussing agricultural research in Australia.

The Symposium is sponsored by the USDA Conservation and Production Research Laboratory at Bushland, Texas Agricultural Experiment Station, Texas Agricultural Extension Service, and Panhandle Economic Program.

Letter To The Editor

Dear Bill,
I see in the Star that General Telephone has asked for a rate increase in Friona and Bovina. I would like to go on record, stating that townspeople better wake up and start doing something about these increases!

General has been approached in the last couple of years by another company to sell the Friona-Bovina area. General refused, reason stated "They bring in too much revenue." General refuses to repair or install new equipment in their exchange building--therefore all the trouble reaching numbers on the Hub

exchange, and from Hub to Friona, are from General.

Most people do not know that there are two exchange houses between Friona and Hub. One belongs to Rural Telephone Co., and the other to General. We on the Hub line take our manager to task when we start having problems. RTA in turn tries to get cooperation from General. This isn't always easy to do, and so far has not been accomplished.

Now--what can you do? Please write to the:
Texas Utility Commission
7800 Shoal Creek Blvd.
Austin, Texas 78757
or call (512) 458-0100-Complaint Dept.

Thrifty Club Holds Meeting

Members of the Thrifty Club met with Charlsie Eubanks Monday, February 1. Cake, Jello, filled crackers, soft drinks and coffee were served to guests.

Those attending were Ruby Jones, Alene Russell, Minnie Kelson, Ola Pesch, Sid Lloyd, and hostess, Charlsie Eubanks.

We, the people, are rapidly losing any say in matters affecting our welfare, and it should be worth fifteen cents and ten minutes of our time to write a letter.

The more calls and letters the commission receives, the sooner they will act.

Bill, these increases are getting serious. I hope there will be many letters written.

Sincerely,
Betty Louise Rector

Senator Bill Sarpalius Reports

Reports

AUSTIN -- Inflation, no stranger to any of us these days, has become a major problem for state employees and teachers. Government, like any employer, always has to try to balance economy with pay high enough to attract and keep good employees.

In the past few years, state employees have fallen behind in this balance. In response to this, the Legislature has passed an emergency pay raise for state employees of 5.1 percent, with a minimum raise of 50 dollars. This measure should go into effect for the February pay period.

Teachers have not been forgotten, either, although they will not receive a raise through this bill. There are two proposals to give raises to teachers. Senate Bill 63, introduced by Sen. H. Tati Santiesteban would increase teachers' salaries 33 percent over the next two

years beginning September 1, 1981. The Legislative Budget Board has recommended a 11 percent increase for teachers' salaries, again effective September 1, 1981. We are studying both of these proposals to decide which one, if either, best suits the needs of both teachers and taxpayers.

The whole issue of compensation for state employees and teachers is a difficult political problem. We need good employees and teachers. State employment has become, in many cases, a training ground for private industry. Many employees are leaving their state jobs after they learn a skill, and when they leave, they cost the state money. Any businessman can tell you that training an employee is a very expensive proposition. Last year, for example, turnovers in classified positions alone cost the state about \$42 million. While we will never be able to eliminate that expense entirely, this pay raise will help us save money in the long run.

Teachers, also, are leaving. The hardest teachers to hire and keep are those in science and mathematics because private industry pays them much more than the state. There can be no question today that our children need a good education in the sciences and mathematics more than ever before.

On the other hand, the state must operate on a balanced budget, and the inflation that pushes up the cost of everything we buy also makes the cost of state government higher. We must find a balance between spending too much and not spending enough to keep our good employees and teachers. As prices continue to rise and the population of the state continues to grow, the problem of more efficient state government will be with us throughout the eighties.

Texans are taxed by their state less than the citizens of all but ten other states. One thing we need to keep in mind is that low taxes are an advantage for several reasons. Not only do citizens who pay lower taxes have more money, but a climate of low taxes attracts business to our state, which in turn increases the prosperity of all of us. The pay raise the Senate approved will not raise taxes. If it has, it would have thrown the balance too far in the other direction.

For more information, call or write: Senator Bill Sarpalius, State Capitol, Austin, Texas 78711 or Phone (512) 475-3222.

IT'S TIME TO BUNDLE UP

Winter is here and time to bundle up to be warmer and more efficient with the energy you use.

Here are some tips that will help you wrap up your home to use energy more efficiently:
* Add an extra blanket of insulation in the attic.
* Secure ductwork joints with screws and wrap with tape to stop air loss.
* Feel warmer by installing storm doors and windows.
* Change the heating and air filter when dirty.
* Caulk and weatherstrip air leaks and infiltration around all doors and windows.
That about wraps it up for the basics. It's good to know there are some things you can do and depend on to be more comfortable this winter.

BHS Varsity Team Takes Four Wins

Bovina Varsity basketballers played four games this past week in the second half of district play. Both teams won all four games.

Bovina's Fillies gave Springlake-Earth Wolverettes their first district loss in the game Tuesday night at Springlake-Earth. The Fillies were determined to take the game, and that they did and in good style.

Filly defense held S-E to five points in the first quarter of play as it ended 12-5. S-E came back with just over 2 minutes left in the first half when Kellar's two points for S-E put them one point ahead of the Fillies.

Bovina's Fillies rallied back to lead at halftime, 28-21. In second half action Bovina kept the lead by a narrow margin still leading going into the final quarter by three points, 34-

7th Graders Win 33-0, Vs Farwell

Bovina's Junior High teams traveled to Farwell for roundball action Monday night.

Seventh and Eighth grade girls both came home with wins.

The seventh grade girls held the Farwell girls scoreless with the exception of one basket which was scored for the Bovina team. Bovina won 33-0.

The eighth grade girls won their game, 26-20. Farwell led in the first quarter, Bovina came back to take the lead at halftime and finished the game ahead.

In roundball action against Hart in Williford Gym Friday night the Fillies added another win to their record. Bovina got off to a slow start, letting the Longhornettes score three baskets before the Fillies could get started.

With nearly three minutes elapsed, Kathy Williams scored the first two points for the Bovina team. Bovina took the lead with just over a minute left in the first quarter to go to win 60-37.

The Mustangs outlasted the Springlake-Earth Wolverines to keep their record clean 78-71 at Springlake-Earth Tuesday night. The game got underway with Richard Shepherd making the first two points for the Mustangs. Bovina had four out of five players in double figures Tuesday night.

Bovina's Maroon Mustangs outscored Hart's Maroon Longhorns 79-57, Friday night at home. Harvey Shepherd's 34 points led the Bovina team to their eighth district win. The Mustangs remain undefeated in district action.

Bovinians Make List At LCC

Among the 158 students who are on the 1980 Fall semester Dean's List at Lubbock Christian College, two are from Bovina.

They are Kevin McClaran and Kara Mills.

Kevin McClaran, who has a 3.50 grade point average is a senior biology major. He is the son of Mr. and Mrs. Jerry McClaran of Bovina.

Kara Mills, the daughter of Mrs. Pauline Mills, a freshman drama major, compiled a 3.57 grade point average.

Mustang JVs Win; Filly JV Loses

Bovina's Junior Varsity squads played a total of three games last week. The J.V. Mustangs played two and the J.V. Fillies played one.

Mustang J.V.'s won both games they played. Tuesday night action against Springlake-Earth saw the JVs win 63-56. Bovina led all through the game, but Springlake-Earth threatened in the last minutes as they came within three or four points of Bovina. Joe Pat Wright was top scorer with 14 points. Monreal had 16 for Springlake-Earth.

Friday night, the Mustang Junior Varsity hosted the Hart Junior Varsity, taking another win, 57-42. Dale Gilbreath was high pointer with 16 points for Hart, DeLeon had 15 points.

Season record for the Mustang Junior Varsity is 11-4.

The JV girls met Springlake-Earth

Friday night also losing 40-30. Lisa Schilling was top scorer with 10 points.

Irrigation Conference Scheduled Thursday

Bailey County Electric Cooperative is sponsoring an "Irrigation Conference," a program for irrigation farmers, agricultural agencies, power suppliers, financial representatives and all interested persons, beginning at 9:30 a.m. on Thursday, February 12 at the Bailey County Coliseum on the Clovis Highway in Muleshoe.

The program is designed to provide a look at the present cost of pumping water, and will also look at the projected growth in electric powered systems, and the projected cost and availability of energy for the 1980s and beyond.

Appearing on the program will be Wayne Wyatt, manager and Dwight Adams, ag-economist, with the High

Plains Underground Water District in Lubbock, and Myron Namken, civil

engineer for the area ASCS office, Lubbock.

Also, Leon New, ag engineer with the area Extension Service, Lubbock, will speak on "How pump and power unit performance affect energy costs."

Don Gray, assistant director of the electric division of Hicks and Ragland Engineering, Lubbock, will speak on "Irrigation Rate, Now and Projected."

Other specialists in the field of irrigation will also be on the program.

A free lunch will be served at noon. The conference will conclude at approximately 2:45 p.m.

The world's largest dump truck is the "Terex Titan," made in 1974 by General Motors. It stands 56 feet high and holds 700,000 pounds of dirt.

A \$100 FACTORY REBATE

Install Gas Air Conditioning now, and you'll not only be cool the first day this spring . . . you'll save a cool \$100! Buy before May 1st and you'll receive a \$100 rebate direct from the factory . . . plus you can defer monthly payments until May, too. But \$100 and deferred payments are not the only reasons for installing Gas Air Conditioning.

Gas Air Conditioning Systems are very energy efficient. They now use less gas energy because the constantly burning gas pilot has been replaced with a new pilotless ignition system. Pilotless ignition saves gas, and saving gas will save you money.

Gas Air Conditioning is also very dependable. It's built to last and last with no loss of cooling capacity. Hand-crafted of sturdy stainless steel components, Gas Air Conditioning has fewer moving parts and no compressor to wear out or break down. That means less wear and lower maintenance costs. And to prove its dependability, Gas Air Conditioning gives you the longest warranty — the 10-year "No Sweat" limited warranty** — twice as long as all others.

Gas Air Conditioning. It's energy efficient. It's designed to lower maintenance costs, to lower operating costs. Gas Air Conditioning will save energy and that will save you money. And when you combine Gas Air Conditioning with adequate conservation measures, like caulking, insulation, storm doors and windows, you'll save even more.

But don't wait too long. The \$100 rebate ends May 1, 1981. Call now for a free home cooling survey and cost estimate. There's no obligation.

**Manufacturer's limited warranty covers all defects in material and workmanship on the sealed refrigeration unit for ten years from date of installation of the air conditioner when it is installed in a single-family residence. All other parts are warranted for one year from date of installation.
