

BY BILL ELLIS

## BTD Schedule Is Shaping Up Here

**By R.D. LOONEY**  
Things are really shaping up for this year's Bull Town Days. Posters have been distributed and final plans are now being made.

The whole ball of wax starts Thursday, August 17, with the Jaycee Softball Tournament. Thirteen teams have signed up as of this date. A total of twenty is what chairman Mike Spears is shooting for.

On Friday, August 18, most of the action will take place. Civic booths will be set up all day at the City Park.

The Chuckwagon Breakfast will start at 6 a.m. at the City Park, and continue until 9 a.m.

At 9 a.m., the Old Timers Reunion

will start at the City Park and continue till 12 noon.

The Bar-B-Q will start at 6 p.m. at the City Park and continue until everyone has had their fill.

At 6:30 p.m., play will again start in the softball tournament at the baseball field.

The Tug of War Championship is scheduled to start at 7 p.m. at the City Park.

The "For the Good Times" Queen's Contest is slated to take place at 7:30 p.m. at the City Park. Also, at this time, the Bovina Volunteer Fire Department will raffle off the 1954 Ford Fire Pickup.

On Saturday, August 19, the day starts off with the softball tournament at 8 a.m. The Bovina

Roping Club will sponsor a Horse Show beginning at 10 a.m. At 3 p.m., the Style Show gets underway at the First State Bank, sponsored by the "Browsabout."

On Sunday, August 20, at 1 p.m. the softball tournament will start its last day of play.

There will be a carnival all week around the baseball park.

## Loop Ends '78 Season

The Lions Club Softball League has ended another year of play. With regular play now over, only the tournament remains to be played.

Results of last week's play are as follows: August 1, Latinos over Charles Oil by forfeit. Parmer County Spraying 9, St. Ann's 8, with James Shepard the winning pitcher.

August 3: Agri-Sprayers 12, Bovina Pump, 7, with J.T. Hammonds the winning pitcher. Baptist Men vs. Squirrels rained out.

August 4: Charles Oil over Jaycees by forfeit. Sherley Grain 10, St. Ann's 1 with Eldon McCormick the winning pitcher.

The league results are: Sherley Grain and Parmer County Spraying 8-1, Agri-Sprayers 6-3, Latinos and Jaycees 5-4, St. Ann's 4-5, Charles Oil 3-6, Bovina Pump 2-7, Squirrels 2-6, and Baptist Men 1-7.

DUST DEVIL....The whirlwind, or dust devil, has long been a curious weather phenomenon, and is especially prevalent in this section

of the country during hot dry periods. Blade publisher Bill Ellis caught this one roaming near a highway in this area recently.

## Reception Held For Prospective Doctor

The Bovina Medical Board held a reception for Dr. James Morrison last Thursday morning at the First State Bank in Bovina.

The purpose of the reception was for the people in the Bovina area and Dr. Morrison to get to know one another.

## Contestants Meeting Set

All Queen contestants are asked to meet at the Home Economics Cottage at 7 p.m. Friday, August 18. The letters that were sent out to the contestants had the wrong date.

The program will start at 7:30 p.m. at the City Park. All former Bull Town Days Queens are invited to attend. Butch McCain will be the Master of Ceremonies.

Dr. Morrison was accompanied by his wife, Kathleen. The Morrises are from Barnegat, New Jersey. They have two boys, Jim and Aaron. Jim, age 20, is presently going to school in California and Aaron, age 16, is in High School.

The reception was attended by about fifteen persons and the Board members.

Reports are that the prospects of Bovina obtaining a new doctor are looking better, and the Board expects to interview a few more doctors interested in the position.

## PONIES RETURN NINE

## Football Workouts Begin On Monday

Football practice for Bovina High School will begin August 14, at 9 a.m. All players need to have their physicals when they report.

According to the Top-O-Texas magazine, Bovina is picked to finish fourth in District 3A this year. Kress and Vega are picked to lead the district, followed by Farwell, Bovina, Springlake-Earth and Hart.

Bovina returns nine starters from last year and coach E.C. Jenkins feels better about the upcoming season.

"If the defense can contain our opponents from getting outside, we should be solid on that unit. Our

overall size is better than average, but we just don't have any speed. And that lack of speed may force us to drive the ball and avoid mistakes that can stop our offense," Coach E.C. Jenkins said in the magazine article.

The Mustangs, who for several years have been unable to depart from 3-A's second division, also have seven returning offensive players.

One of the four two-way returnees is 5-9, 200 lbs. guard-tackle David Steelman, who was All-District a year ago offensively.

Ruben Salazar, a halfback-cornerback, was an honorable mention pick offensively also.

The other two-way returnees are

quarterback-safety Ronnie Cary and center-end Eddie Garcia.

Tackles Randall Ritchie (5-9, 250) and Richard Lowe (6-2, 220) comprise Bovina's "size," but 185-pound linebacker Thad Rains also has enough bulk to punish people.

Other returning offensive starters are end Eddie Isaac, fullback Doug Roring, and tackle Stephen Stevenson. The other defensive holdovers are tackle Michael Wiseman, linebacker Pat Ware and safety Richard Villarreal.

Sophomores Gabriel Guevara and Harvey Shepard could earn starting berths in either the offensive or defensive backfields.

## Heart Attack Is Fatal To Youth

A young resident of Oklahoma Lane was dead on arrival at the Farwell Clinic Monday.

Tim Jones, 21, was found slumped over in a tractor at the Jones farm. An ambulance from the Farwell Fire Department was dispatched to the scene at about 12:30 p.m.

The young man was transported to the Farwell Clinic, but reportedly

died enroute. Jones died of a heart attack according to Parmer County Sheriff Charles Lovelace.

Jones was the son of Mr. and Mrs. Orie A. Jones of Oklahoma Lane. He was a 1974 graduate of Farwell High School.

Survivors include his parents; two sisters, Brenda of the home and Connie of Forrest; and one brother, Steve, also of the home.

READY FOR ACTION....The locker room at Bovina High School's Athletic Department was deserted when the Blade reporter visited on Tuesday, but by Monday morning

there should be considerable action, as football candidates arrive to check out equipment and begin workouts for the fall season.

## Some Farms Get Nice Rain Amounts

Well, we finally received some of the much needed moisture that everyone has been wishing for. Gregg Hromas reports that we received a total of 1 1/4 inches here in Bovina, 3/4 inch Wednesday and 1/2 inch Thursday.

Harry Johnson told this reporter that he had received reports of 3 to 3 1/2 inches of rain at Pleasant Hill, 2

inches south of Bovina, and 2 to 4 inches in the Rhea area.

Many of the Rhea residents got more than they wanted though. Accompanying the rain, were hail and high winds. Johnson said that he had personally seen some of the damage, and that it was very severe in some places. High winds were the cause of destruction of a barn.

Although the rains were a blessing to most farmers, the vegetables still in the fields may have been hurt, according to R.R. Lusk, manager of Gateway Produce.

## Clinic Set For Vaccine

Free clinics, which will offer vaccine giving protection against several childhood diseases are scheduled for the month of August in the area.

Protection is offered against polio, diphtheria, lockjaw, whooping cough, measles, rubella and mumps.

The nearest clinic to the Bovina area will be at Dimmitt, at the city hall, August 11 from 9 a.m. until noon.

## BTD Meet Needs Teams

Brackets are filling up for the Jaycees Bull Town Days Softball Tournament. If you have a team and would like to enter, please contact Mike Spears at 238-1626 or Box 486, Bovina, or contact any Jaycee.

There is a \$40 entry fee. Four trophies will be awarded, plus a sportsmanship trophy.

DON'T LOOK NOW, but the summer of 1978 is rapidly getting by. Already, the sure signs of fall have begun to pop up, and there will be more and more of them as the days go by.

The men's softballers are playing their annual tournament, which means that their season will be ended after this week. And the city's annual Bull Town Days celebration is just a week away.

Football practice begins on Monday for the local lads. Already the Dallas Cowboys have played (and won) an exhibition game. So, from all appearances, the sports season is about to make its transition from baseball to football.

Even the weather has changed dramatically within the past couple of weeks. We have gone from daytime temperatures pushing the 100-degree mark to high temperatures of 90 degrees or less. And at night, it has already dipped down to below 60 at least once.

Of course, the nice showers we received during the past week helped bring about the weather change. Farmers receiving the moisture found it more than welcome. They have been hard put to keep up with their irrigating programs this summer, and every bit of help from mother nature is a big bonus.

There was some crop damage suffered in the Rhea area last week, and this is regrettable. It is always tough to have hail and weather damage to farm crops, but especially late in the growing year, when the farmers have already made their investments in time and money, and it's virtually impossible to do anything along the line of replanting.

+++

REGARDING THE Bull Town Days events, we will be publishing our annual special edition to promote the celebration next week, and once again we solicit the help of our readers in making the issue an interesting one.

We are particularly requesting old-time recipes from cooks in the Bovina area. These can range from main courses to pies, cakes, ice cream—you name it.

We plan to publish all of the recipes that our readers send or bring by, and feel that this will be a collector's item that the womenfolk of the area will want to keep. But it will only be as successful as you make it, so we urge everyone to turn in at least one recipe—and more if you wish. And do it as early as possible.

+++

LAST WEEK, Scooter commented in her column about our summer intern, Robin Harrington, leaving to get ready for her fall schedule at Texas Tech. Robin will be managing editor of the University Daily this fall.

Some readers may not have known that Robin wrote our American Agriculture column this summer in the Blade, and did a very fine job.

Although she comes from a metropolitan area (Plano), Robin's father has a farming background, and owns a ranch in central Texas, so Robin knew some of the problems being faced by our farmers and ranchers.

We'll miss her help along this angle, but for the next few weeks, we plan to have a similar series. Pam Thompson has begun a series of articles on David Rockefeller, whom she calls "The Uncrowned King." Look for this article inside this issue, as we think it will be of interest to all of our readers.

+++

THE MOTHER playfully asked seven-year-old Timmy about the little neighbor girl, a newcomer to the block. Timmy replied that he intended to marry her.

"And where will you go for your honeymoon?" she asked.

Came the immediate answer: "Disneyland!"

# Reflections

From The Blade

**20 YEARS AGO—AUGUST 6, 1958**  
Mr. and Mrs. Roy Hawkins and her sister, Mrs. N.E. Bonds, spent last week in New Mexico. They were fishing and vacationing at Conchas Lake, near Tucumcari.

Bovina friends of L.D. (Dave) McCurdy received word of his death Tuesday morning. Mr. McCurdy died Tuesday morning in an Albuquerque, N.M., hospital after a lengthy illness.

A number of families of this area and their relatives from throughout the state gathered recently for an informal family reunion. The group went to Conchas Lake Saturday of last week and spent several days

fishing, water skiing and boating. Mrs. Frank Burnett returned home yesterday (Tuesday) from a visit in California. Mrs. Burnett had spent the past ten days in Marysville, Calif., as a guest in the home of her father, W.P. Patton. The local woman made the trip with her sister and husband of Denver City.

**15 YEARS AGO—AUGUST 7, 1963**  
Mr. and Mrs. Buster Lehenbauer, Steve and Karen, visited Sunday in the home of Mr. and Mrs. Delbert Morris.

Mr. and Mrs. Cecil Sisk visited in Odessa over the weekend. Their children and Bob Sisk, who had been visiting in the home of Mr. and Mrs. Dick Martin returned with them.

Mrs. Clifford Leake and Mrs. Jack Owens and Michael visited in Wichita, Kansas over the weekend.

Mrs. Mildred Davies was released from Parmer County Community Hospital in Friona Saturday afternoon after suffering injuries in an auto accident last week.

**10 YEARS AGO—AUGUST 7, 1968**  
Army Private First Class Raul A. Barraza, 20, son of Mr. and Mrs. Antonio Barraza, Bovina, was assigned July 19, as an infantryman in the 1st Infantry Division near Quang Loi, Vietnam.

Lou Harbison, daughter of Mr. and Mrs. Billy Harbison, cut her foot on a piece of glass at the city park last week. She was taken to Bovina Medical Clinic for treatment.

Mr. and Mrs. Truck Lusk became the parents of twins—a boy and a girl—Friday night in Swisher County Hospital in Tullia.

Suzanne Wilson and Bruce Caldwell were honored with a party on their 16th birthdays in the home of Mr. and Mrs. A.M. Wilson Tuesday, July 29.

**5 YEARS AGO—AUGUST 8, 1973**  
The Riata CowBelles of Parmer County will sell tickets on a hooked or latch rug and a hind quarter of beef during Bull Town Days, announces a Bovina member of the organization.

Mr. and Mrs. Willie Watts of Lubbock announce the birth of a son at 11:42 p.m. Tuesday, July 31 at St. Mary's Hospital in Lubbock.

A budget hearing will be conducted at the regular meeting of the Board of Trustees of Bovina Independent School District Monday at 8:30 p.m., announces Superintendent L.F. Jacobs.

# "Uncrowned King" Has Massive Power

## BY WAY OF INTRODUCTION....

There always seem to be people determined to make us face the uncomfortable facts in life, which in itself is unsettling, but especially so when we have managed to delegate those facts to a dark corner of our minds and are striving to ignore them. And not only do they make us face these facts, they then leave us to wrestle with the responsibility incurred by simply knowing them. The responsibility incurred is that of making others face the unpleasant facts, too.

Last week a dear friend made me face a "truth" that I simply did not want to believe because it made me uncomfortable. I now assume my responsibility incurred for knowing the truth by sharing it with you.

By PAM THOMPSON

FDR once said, "In politics, nothing happens by accident. If it happens you can bet it was planned that way." And James Forrestal once made this succinct statement, "If our leaders were just making mistakes, it seems to me that occasionally, they would make one in OUR favor."

FDR and Forrestal were right. What is happening in America today, the oil crisis, the devaluation of the dollar (it is now worth 26 cents) and the constant, ever spiraling inflation are not simply "accidents" in our history, and neither are they caused by the "mistakes" of our leaders.

But if we rule out accidents of history and mistakes by humans, what is left? "If it happens you can bet it was planned that way." But who has at their disposal the money and power required to create an oil crisis or an energy shortage?

In the CBS special entitled, "The Rockefeller," Walter Cronkite made this observation, "The Rockefellers have mastered to a frightening degree the art of using economic power to build political power which enhances economic power even further." Could the Rockefellers have amassed enough economic and political power to actually plan and create crises in the United States?

We are constantly being told there simply isn't enough oil, that there is an oil crisis. The dollar is losing value, so there is a monetary crisis.

Here is a partial listing of the Rockefeller Empire's corporate holdings. Look closely and ask yourself, "Do the Rockefellers control enough oil and money to create crises in these areas?"

The Rockefeller empire owns Exxon, Standard Oil of California, Mobil Oil, Phillips 66, Chevron Oil, Chase Manhattan Bank, First National City Bank of N.Y., Chemico Bank of N.Y., IBM, Eastman Kodak and General Electric.

Also, Texas Instruments, Three M Company, New York Life, Metropolitan Life, Equitable Life, International Harvester, Inland Steel, Marathon Oil, Quaker Oats, Pittsburgh Steel, Freeport Sulfur, Safeway Foods and Standard Oil of Indiana.

Exxon is the largest corporation in the nation, and has holdings in 127 countries.

The Rockefellers control through trusts such companies as Texaco Oil, I.T.T., Westinghouse, Boeing, International Paper, Sperry-Rand, Xerox, National Cash Register, Kaiser, Avon, Penn Central Railroad, National Airlines, TWA Airlines, Eastern Airlines and United Airlines.

The empire controls through stock holdings such companies as Motorola, Honeywell, General Foods, General Packers and Burlington Industries.

They control through interlocking directorates such names as Allied Chemicals, Anaconda Copper, Dupont, Monsanto, Olan-Mathison,

Borden, National Distillers, Shell, Gulf and Union Oil, Dow Chemicals, City Service, Stauffer Chemicals, Continental Oil, Union Carbide, American Motors, Bendix, Chrysler Motors, CIT, Kress Stores and Macy's.

The Rockefellers own or control 37 of the top 100 industrials. They control three of the four largest insurance companies.

The Carnegie and Ford foundations are each controlled by the Rockefeller empire.

The Rockefellers own or control 12 of the major oil companies and three of America's largest banks. The Chase Manhattan is the third largest bank in the U.S., but it is the most influential bank in the world because of its international connections. It has 50,000 affiliate banks located all over the world. The Rockefeller family also has controlling interest in the First National Bank of New York, which is the nation's second largest.

The Rockefellers do virtually control the world's oil industry and have used this power to create an imaginary oil crisis to further their aims...to control a one-world government with David Rockefeller as the head.

"Because so much of the Rockefellers massive wealth is outside the United States, David Rockefeller is fanatically interested in our Foreign policy. He is the world's number one internationalist and is pursuing a goal of a so-called "New World Order"—which can

only be interpreted as a one-world socialist government dictatorship for the good of the investments of the Rockefellers." (Quote from a speech by Jan Turner on Trilateralism).

# News And Views From American Agriculture

### Question?

What is the difference in having a law that requires all goods to be labeled if they are imported and considered unconstitutional for food stuffs to be labeled if they are imported.

This is the situation that exists today. There is a law that requires all clothing, cars, TVs, and all solid goods to be labeled if they are produced outside of the United States. But in trying to get a labeling bill passed to show the point of origin mainly for beef, pork and fowl or poultry, it is considered unconstitutional or as discriminating. Now just what is the difference?

In recent work before the special session of legislators in Austin, by the American Agriculture Movement, it was discovered that there was a labeling bill that had been on the books in the state of Texas since 1965 but has never been enforced or any money appropriated for the enforcement of the bill. This bill concerned the labeling of beef, pork and poultry that had origin somewhere except within the United States.

This bill also set forth the law that all beef, pork and poultry had to

carry the label of origin, regardless of the refinement that the product received here in the United States. This means that halves of beef arriving in the United States and going to breaking plants and put into small packages ready for the housewife as hamburger or other cuts had to maintain the label of the point of origin.

In further checking on this bill in Austin, it was thought that this bill was in contradiction of the federal governments stand on imported meats and the law in Texas was never enacted.

Why is it right to label one commodity and unconstitutional to label another? If it is wrong to label meats as imported then why is it right to label clothing, TVs, cars and all other such goods as imported.

It is this writer's opinion that I had rather have my foodstuffs labeled as imported, than I had the shirt that I wear. I know that I would feel safer eating American produced meats and vegetables where plants have to meet federal inspection than to eat foodstuffs that come from some foreign country where there is very little inspection if any.

There are also laws in the United

States that prohibit the use of certain chemicals on our foodstuff production, but this may not be the case in foreign countries.

At the same time our governmental inspections and restrictions cost the U.S. producer untold millions of dollars each year. At the same time these services cause huge increases in the cost of production, yet we are expected to produce at the same price as our foreign competitors who have no such restrictions. THIS IS NOTHING BUT DISCRIMINATION OF THE VERY WORST FORM. Discrimination of our own producers, by our own government, in favor of a foreign people with an inferior product.

+++

### AAM NEWS

At the district meeting held in Panhandle last Friday night, the 4th of August, every one was urged to write their congressman in support of the DEAR COLLEAGUE LETTER being submitted by Mr. Dole. This Dear colleague letter is the very same letter that was submitted by the then congressman, Bob Bergland, in 1976 to the then Sec. of Agriculture, Earl Butts. This letter will be submitted as a resolution

mandating that the Sec. of Agri., through power that he already possesses, to set all farm prices at 90 per cent of parity. The American Agriculture Movement, the National Farmers Union, and the N.F.O. all are in support of this measure only as a stop gap measure, but one that would give some relief to hard pressed farmers and ranchers. This measure would not be through any subsidy payments, but rather a price at the market place, with the exception of part of the wheat crop that might have been already sold. Isn't it strange how when Bob Bergland was a congressman, that he fought for the very same things that the AAM is fighting for today, but when he becomes secretary, with the power to really do something all of a sudden he is on the other side of the fence, and pretends not even to know how to spell the word parity.

Be sure to write your congressman to get him to co-sponsor this very important legislation.

This will be the last week that you will have the opportunity to get a chance on the Chevy pickup to be given away by the AAM. Don't miss your chance.

# Let It Be America

Our world is in a state of moral decay. There needs to be some nation that will take a bold step forward. This nation needs to be first: Not merely in matters material, but in things of the spirit. Not merely in science, in inventions, motors, and skyscrapers, but in ideals, principles, character.

Not merely in calm assertion of right, but in the glad assumption of duties. Not flaunting her strength as a giant, but bending in helpfulness over a sick and wounded world like a Good Samaritan. Not in splendid isolation, but in courageous cooperation. Not in pride, arrogance, and disdain of other races and people, but in under-

standing. Not in treading again the old, worn, bloody pathway which ends inevitably in chaos and disaster, but in blazing a new trail, along which, pleases God, in which other nations will follow.

Some day some nation must take the path—unless once again we lapse into utter barbarism—and that honor I covet for my beloved America. Some day some nation must give its heart and soul to God to save us. And so, in that spirit and with these hopes, may we all say with our hearts and souls—"LET IT BE AMERICA."

# Scooter's Scoops

By Scooter Russell

Nice showers, and cool days....so goes another week in Bovina....

The Richards family held their annual family reunion August 4, 5, 6, at the Holiday Inn in Lubbock with fifty-five attending. They ranged in age from two years to eighty-six years. Those attending were from Texas, New Mexico and Oklahoma. Swimming was the main attraction for the younger set and visiting and shopping for those older and in between.

Earl reports a grand time for all.

Roland and Dorothy Lusk had a brief visit from their son, Robert, and his wife and two children from Japan. Robert has returned to Japan but his family remained with relatives in Lajunta, Colorado for a few days. The family is living in Japan and Robert is a Hospital Crewman in the Navy there.

Denise McCormick of Lubbock visited her grandmother, Mrs. Lawrence Gray and also with the Jim Russells in Bovina over the weekend.

A.G. White of Bovina entered the Friona Hospital Friday and remains a patient there. He is the father of Ruby and Doris Wilson of Bovina.

Jo and Reagan Looney of Bovina and June and Bob McMeans of Amarillo flew to Pensicola, Florida, Sunday, July 23, where they vacationed for a few days and Friday, attended the graduation exercises of Stuart McMeans, who graduated from the Helicopter Flight School there.

McMeans is the son of Mr. and Mrs. Bob McMeans and grandson of Mr. and Mrs. Reagan Looney. Mrs. McMeans was asked to "pin the wings" on her son Stuart.

Cleo and Lucy Thomas recently returned from Durango, Colorado where they visited friends, the Jesse Jones family. They were gone for about a week.

Mr. and Mrs. Clifford Leake of Bovina, entertained dinner guests in their home Sunday. Those attending

were: Mr. and Mrs. Alvin Peach of San Antonio, Mr. Charles Peach of Abilene, Mr. and Mrs. Iverson Leake of Canyon, and Mr. and Mrs. Tommy Williams and daughter, Kathy, of Bovina.

This past weekend, Rose McCain of Bovina, her brother and his wife, Mr. and Mrs. James Sheek and her mother, Mrs. C.M. Sanders of Pettit, Texas attended a family reunion at Cleburne, Texas.

I talked with Lavoida Hawkins, who said their son, Chet, is getting along fine and is gradually returning to his normal activities after having "Cat Scratch Fever" a few weeks ago. He will have to go again in November for a checkup.

Last weekend Mr. Charles Peach of Abilene and Mr. Alvin Peach and wife of San Antonio were guests of their sister, Mrs. Clifford Leake of Bovina. They also attended their class reunion at the Pleasant Hill Community Center.

Doug Roming flew to Sierra Vista, Arizona and drove back to Bovina with his sister, Dianne, who will be staying in Bovina for about a month. Her husband, Dan Lusk SP-4 of the 521st Signal Company in the Army is on TDY at Fort Carson in Colorado Springs, Colorado.

Dianne is the daughter of Mr. and Mrs. Ralph Roming and Dan is the son of Mr. and Mrs. Roland Lusk of Bovina.

Dianna Harris and son Johnathan, of Stinnett, Texas are with her parents, Mr. and Mrs. A.T. Morgan of Bovina for two weeks while her husband, Charles, is attending the World Evangelism Conference in Taiwan. Charles is pastor of the First Baptist Church in Stinnett.

Mr. and Mrs. A.T. Morgan entertained guests the earlier part of last week. Visiting in their home were Merle's brother and his wife and son, Mr. and Mrs. Earl Holmes and Bud, her sister, Hazel Hawkins, her sister-in-law, Annie Lee Holmes, all from the Waco area.

The group enjoyed seeing the

production "Texas" and also went to a Dinner Theater in Amarillo and saw "Fiddler On The Roof."

Owen and Margaret Jo Moore, their son, and Marie and Elton Venable enjoyed an outing at Ute Lake over the weekend. Owen has just finished his schooling and as soon as he locates a residence, his family will join him in Almagordo, New Mexico where they will be stationed for three years. Margaret Jo is the daughter of Mr. and Mrs. Elton Venable of Bovina.

Vernon and Ellen Estes were at Ruidosa for six weeks entertaining grandchildren. They took their three grandsons, Scott and Chris from Spearman and Charles from Clovis. One weekend they were joined by another grandson, Vernon from Clovis, his granddad, parents and a friend, Doug.

Libby and Nita Marie, the Estes' granddaughters from Bovina spent a week with them, also.

Ellen said they enjoyed their role as grandparents and their children enjoyed the vacation away from their little ones for a few days.

One of the highlights was celebrating Scott's fifteenth birthday while in the mountains.

Regarding the Bull Town Days events, we will be publishing our annual special edition to promote the celebration next week, and once again we solicit the help of our readers in making the issue an interesting one.

We are particularly requesting old-time recipes from cooks in the Bovina area. These can range from main courses to pies, cakes, ice cream--you name it.

We plan to publish all of the recipes that our readers send or bring by, and feel that this will be a collector's item that the womenfolk of the area will want to keep. But it will only be as successful as you make it, so we urge everyone to turn in at least one recipe--and more if you wish. And do it as early as possible.

Seventy-one members of the Ellison family celebrated their 16th

annual reunion at Nogal Canyon, New Mexico, August 4, 5 and 6.

Sunday the sixth, the family joined together for the morning worship service with Michie Ellison bringing the message. The Howard Ellison family and Ellison and Leane Glover provided the special music. Pat Read and Buck Ellison arranged the services.

The group enjoyed a tournament that consisted of games of wahoo, horseshoes, 42, ping pong and washers. Buck won at best all around.

Had a good week at our house....number four daughter, Denise, spent a couple of days.... rains brought Jim home for three days...still canning...still jogging...if you're not....you're still missing the best part of the day!....Hope your week was a good one....

Thanks for calling-- Scooter

## Hospital Report

### ADMISSIONS--

Edgar Wilson, Friona; Ann Gee, Friona; Arnold Hromas, Bovina; A.G. White, Bovina; Woodrow Whitaker, Friona; Larry Powell, Grady, N.M.; Martha Salazar and baby girl, Bovina; Mariela Aguirre, Hereford; Eulolio Perez, Friona; Ralph Ramon, Bovina; Maria Zuniga and baby girl, Hereford; and Tisha Harris, Friona.

## Group Sets Dinner Date

The Guadalupanas Society from St. Ann's held a meeting Sunday, August 6. Members present were Rita Villarreal, Tonna Tamez, Lupe Rodriguez, Lupe

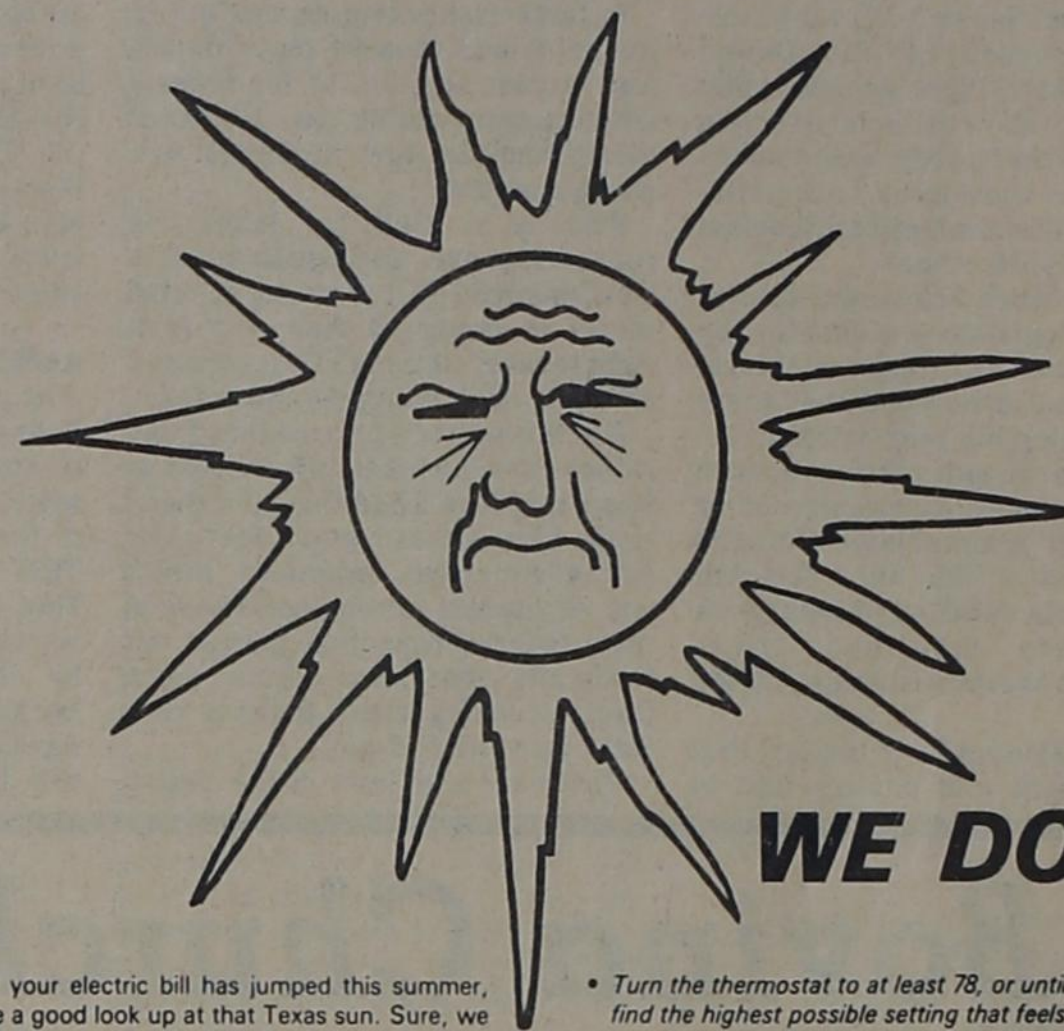

DeLeon, Anita Alonzo, Manuella Beavers and Juanita Ramirez.

Plans for the Mexican Dinner, which will be held September 10, were made.

Tickets for the Mexican Dinner are now on sale.

These are available from any of the society members. Tickets are \$2.50 each.

HE'S MAKING YOUR ELECTRIC BILL HIGHER!  
WHO CARES? YOU DO AND . . .

WE DO!

If your electric bill has jumped this summer, take a good look up at that Texas sun. Sure, we all like sunny days, but our friend the sun can be a villain in disguise. On these Texas scorches, you'll need your air conditioning to run more. Sometimes running day . . . and night . . . all night. Well, that runs up your electric bill. Just when vacation and school expenses are here.

We know you care about higher electric bills. And we want you to know that we care, too. We can't cool off the sun, but there are still time and ways to keep your bill from going much higher. Here are just a few:

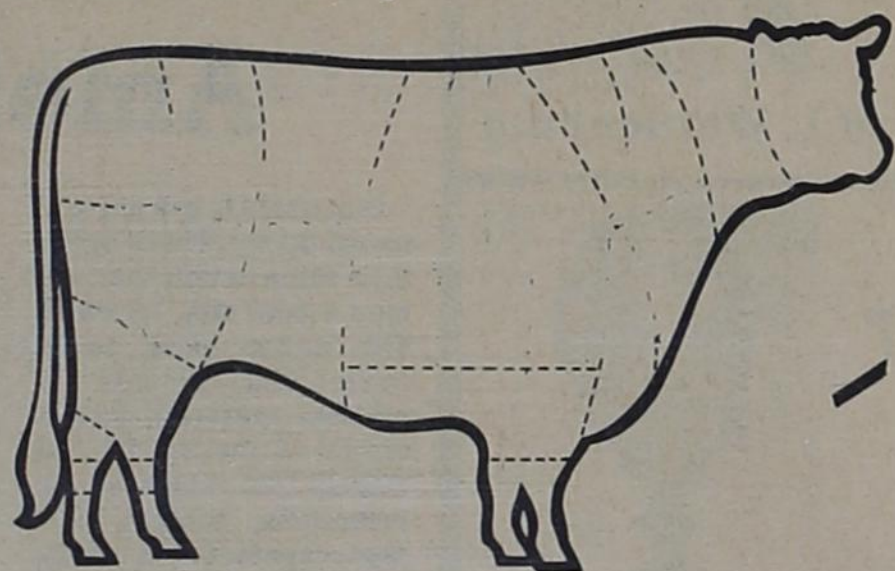

- Turn the thermostat to at least 78, or until you find the highest possible setting that feels reasonably comfortable to you. If you have window air conditioning units, run them only as much as is absolutely necessary.
- Check your insulation.
- When you buy major appliances, including air conditioners, be sure to check the EER (Energy Efficiency Rating). The higher the EER, the more energy and money you'll save.
- Clean and replace the filters regularly.
- Keep your drapes closed to block out direct sunlight.
- Weatherstrip around doors and windows.

At Southwestern Public Service, we care about you getting the most for your energy dollar. Call us for suggestions to help you change the size of your electric bill for the better.

1930.1001

## The cost of a college education is growing almost as fast as your children are.

Consider the fact that those cute little kids will be ready to try out for the college cheerleading squad before you know it. Then consider the skyrocketing costs of a college education. Shouldn't you be putting aside money for that time right now?

You've got everything going for you when you have a savings account with us. First, you get a high rate of interest. Second, that interest is compounded. Third, your money is safe being insured by a U.S. Government Agency. And fourth, it's available whenever you want it.

While your children and the cost of educating them continue to grow, let your money grow, too, in a savings account with us.

**LEGAL NOTICE**

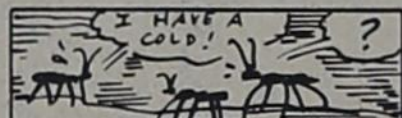

I. Patsy Nance, Tax Assessor-Collector for the Bovina ISD, in accordance with the provisions of Section 20.03 (c) of the Texas Education Code have calculated the maximum tax rate which may be adopted by the Board of Trustees of the Bovina ISD without holding a public hearing as required by Section 20.03 (d) of the Texas Education Code. That rate is as follows:  
70.44 cents per \$100 of assessed value  
Patsy Nance  
Tax Assessor-Collector  
August 7, 1978

II. To maintain the same general level of revenue as was generated last year the Board of Trustees of the Bovina ISD would have to adopt a tax rate of 70.44 cents. The Board of Trustees, in accordance with the requirements of Section 20.03 (d) of the Texas Education Code, hereby announces its intent to adopt a tax rate which will exceed 70.44 cents per \$100 of assessed value. A public hearing on this action will be held at Ridgelea Elementary School on August 17, 1978 at 8:30 P.M.  
Edwin Lide  
President, Board of Trustees  
August 7, 1978

III. The Board of Trustees, Bovina Independent School District, in accordance with the requirements of Section 23.45 of the Texas Education Code, hereby announces its intent to adopt the official Budget for the 1978 fiscal year. A public hearing on this action will be held at Ridgelea Elem. School on Friday, August 18, 1978 at 8:30 P.M.  
Edwin Lide  
President, Board of Trustees

**FACTS**  
By **John Ricci**  
American farmers' unique ability to combine education, technology and hard work into an unrivaled productive capacity can be as important to the future as superior military power has been to the past. This vast potential is now being threatened by an unrealistic concern over prices. By depressing the prices paid to farmers we strongly inhibit the main ingredient in the recipe for success... the initiative to continually improve. Low farm prices encourage producers to shorten needed inputs. Poor profit margins increase instances of overworked land, lead to careless planning, create the false economy of under-working crops and turn many truly talented farmers to more profitable pursuits. What we must have is a free market stabilized by realistic support to rekindle incentive, encourage reinvestment in land and promote the planning vital to long-range production and success.

MR. AND MRS. ROY MELUGIN

## Roy Melugins Slate 50th Anniversary

A reception honoring Mr. and Mrs. Roy Melugin of Clovis, on their 50th wedding anniversary, will be held Sunday afternoon, August 13, from 2 p.m. till 4 p.m. The reception will be held in the parlor of the First United Methodist Church, 1501 Sycamore St. in Clovis. Hosting the event will be their son and wife, Mr. and Mrs. Roy Melugin, Jr. and their daughters, Annella and Cynthia. Also their friends, Mr. and Mrs. Harlon Beasley of Clovis. All friends are cordially invited to attend. The family requests no gifts, please.

GINA VILLARREAL celebrated her first birthday Sunday, August 6. Gina is the daughter of Mr. and Mrs. Zeferino Villarreal, Jr. Grandparents are Mr. and Mrs. Joe Lucero of Clovis, and Mr. and Mrs. Zeferino Villarreal Sr. of Bovina.

## On The Farm In Parmer County

By Seth Ralston, County Agent

May or June beetles are emerging from the soil and starting to swarm late in the evening. The females are laying eggs and the white grub worms that hatch will soon be feeding on the roots of bermudagrass and St. Augustinegrass in home lawns. Once the grubs begin feeding, control measures should be taken.

Treatment time varies with the particular area of the state and ranges from early July in South Texas to mid-August in the Panhandle. Homeowners in Parmer County will need to treat the first two weeks in August. Timing of application is critical for adequate control.

White grubs in excessive numbers can heavily damage lawns. Check for white grubs by cutting a square foot section of sod with a shovel and examining all of the roots and soil to a depth of 4 inches. Examine at least one square foot of sod for each 1,000 square feet of lawn area. Chemical treatment is needed if there are more than four grubs per square foot of sod.

Diazinon provides adequate control and should be used at the recommended rates given on the chemical container label. The granular form is easier to apply and easier to wash into the soil than the liquid or spray formulations. After using granules, drag the grass with a tow sack or water hose to knock the granules down to the soil. Then apply enough water to soak the granules into the soil.

Apply diazinon sprays at the rate of 25 gallons of water, including the insecticide, per 1,000 square feet to wash the insecticide into the soil. Wetting the lawn before spray application also helps. Always keep children and pets off the treated lawn until the grass is dry.

The key to white grub control in home lawns is proper timing of chemical applications and getting the insecticide through the grass to the root zone where the grubs are feeding.
