Bovina, Texas

VOL XIII, NO. 16

## WHITTLIN'

By DOLPH MOTEN

Some of the Texas Tech football fans we know were even able to smile a little bit by Monday morning following the Tech-Aggie game Saturday night at Lubbock.

Just in case anybody in Bladeland hasn't heard yet, the Aggies, with a score on the game's last play, won by a 28-24 count. The Red Raiders had gone ahead with a touchdown with less than a minute to play and the outlook, frankly, wasn't bright for the Fightin' Texas Aggies. Outlooks, however, aren't what counts -- it's the final score.

All's well that ends well, somebody figured out once, and we were pleased and relieved at the game's outcome.

We can remember, all too well, two years ago on the same field when Tech, led by the great Donnie Anderson, came from behind in the waning seconds to outscore the Aggies. So, maybe turn about's fair play. But it's so much more fun when it's your turn.

Not that our Red Raider fans are interested, but we're going to pull for Tech in the remainder of the games.

Maybe the Raiders and the Aggies can go undefeated the rest of the season, who knows?

Bobby (Mrs. Allen) Cumpston is about to run off and hide from the rest of the contestants in Bovina Business Football Contest. After last week, the sixth of the contest, she had a total of 48 points. That's pretty good this far a long in the game. Making the situation even better for her is the fact that the nearest competition, H. J. Charles, is three points behind.

The lead she has is unusually good. By pointing this out, we don't mean to discourage the other contest players. The 13-week deal has seven weeks yet to run, including this one, and lots of things can happen.

Allen predicts that his wife is due to have a "bad" week sometime during the contest. And that's kind of the voice of experience talking because he's a previous winner himself. He took the title, and the Cotton Bowl trip, two years ago -- in '65.

Incidentally, Allen confides that he's being extra nice to Bobby because he thinks she has a chance at the grand prize trip for two. He hopes he'll get to go along, too. He says he has reminded her he took her the year he won!

And say, another trip for two to the same Cotton Bowl game is set with expenses paid!

The Bovina Mustang Booster Club will award such a trip at the Farwell game which will be played here early next month.

So, if you're not good enough at the football contest to earn the trip, you could be lucky enough.

You'll be hearing more about the Booster Club trip, probably this week.

We might even try to get in the running for that one.

Don't look now, but there's quite a bit of building activity going on in and around Our Town.

Sure signs of steady growth and progress these are.

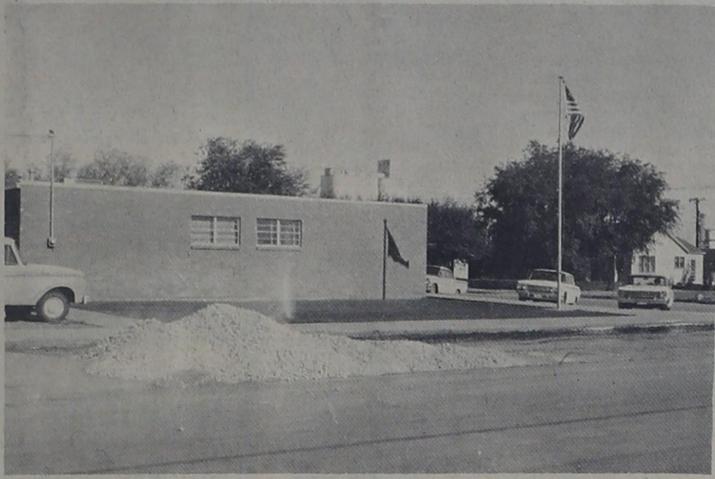

The city's paving program and the new school building being constructed are two worthwhile projects being paid for by forward-thinking citizens. And these are in addition, of course, to those being carried on by individuals and businesses. The proposed medical clinic for Bovina is on the drawing board, too.

This activity is encouraging. We expect it to continue.

Speaking of contests, as we were earlier, the deadline for the first freeze contest is past. It was Sunday, the 15th, and this year the area escaped a freeze until after deadline time, fortunately. Last year, we remember, the freeze and the deadline were almost, if not, the same day.

Frankly, the freeze contest isn't as successful as we would have liked for it to have been. There are 45 entries this year and we should have had 100 plus that many.

(Continued on Page 2)

**MORE PARKING SPACE**--Facilities for parking at Bovina Post Office at the corner of Second Street and Avenue B will be doubled when off-street paving is completed. The area on Avenue B originally was planted in grass, but parking spaces in front of the post office proved inadequate.

## Pentecostal Revival Planned

Revival services will begin Sunday and continue through the following Sunday, Oct. 29, at the Bovina Pentecostal Holiness Church, according to the pastor, Rev. Floyd Gray.

Services will be held at 8 p.m. daily. Rev. J. D. Nunn of Concord, Calif. will conduct the revival. Rev. Gray said, He has been pastor of several California churches and has also done extensive evangelistic work. He has served as youth director and on the conference board in that state.

Special music will also be presented each night of the revival. Everyone in the community and area is invited to attend.

45 Entries --

## First Freeze Event Closes

At deadline time Sunday, 45 area residents had submitted their predictions for the First Freeze contest, sponsored jointly by The Bovina Blade and W. E. Williams.

Predictions range from Oct. 12 to Nov. 21.

Several have predicted the same day. The one with the earliest postmark will be declared the winner in case of a tie. Prize is \$5 and the title Bovina Champion First Freeze Predictor of 1967.

A frost was received here Monday morning, but frost does not count. Only the first killing freeze will be judged as the correct date. W. E. Williams is the judge.

Following is a list of the entries and their predictions. The names are listed in order as they were received by The Bovina Blade.

- Oct. 12: Rita Mast;
- Oct. 14: Carl Rea;
- Oct. 16: Roy Allen;
- Oct. 17: J. E. Sherrill;
- Oct. 19: Glenn Floyd, Friona;
- Oct. 20: Al Kerby, Mrs. E. L. Cochran, A. J. Jarrell of Texico;
- Oct. 21: H. J. Charles;
- Oct. 22: Ed Isaac, Euell Hart, Alice Moore;
- Oct. 23: Gene Ezell, Bobby McFarland;
- Oct. 24: Tyler Vance, Friona;
- Oct. 25: Edna Jarrell, Texico; Buster Cochran;
- Oct. 26: Pearl Singleterry, Mrs. Ronald Minney;
- Oct. 27: Keith Garner, Wayne Peterson;
- Oct. 28: Erick Perkins, Kermit; Norma Lusk;
- Oct. 29: June Floyd, Friona;
- Oct. 30: Mrs. Gene Ezell;
- Oct. 31: Cathie Trimble, Vern Stewart, Fort Worth; Bill Ellis and Carol Ellis, Friona; George Baca.
- Nov. 1: J. W. Wright, Wahleah Beck, Friona;
- Nov. 2: Pat Read;
- Nov. 3: Mrs. C. E. Trimble, Patricia Read, Lanny Pullig;
- Nov. 4: Ronald Minney;

Mrs. Cumpston Leads --

## Mrs. Nola Read Winner In 6th Football Contest

Mrs. Nola Read took the \$5 first prize this week in the Bovina Business Cotton Bowl Football Contest, as the event neared the half-way mark. She picked nine winners, missing only the Arkansas-Baylor tie. Jamie Clearman, who also named correctly nine winners, was second with \$3. The leader in the overall contest, Mrs. Bobby Cumpston, won the \$1 third prize.

With the nine she correctly chose, Mrs. Cumpston went ahead of the field by three points, having 60 so far this year for a percentage of .800. Harry J. Charles is in second place with 45. Last week the two were tied for first place.

Tied for third place are Mike

Grissom and Albert Johnson of Farwell with 43. Five are tied at 42, Jimmy Clements, Rex Cumpston, Allen Cumpston, Leroy Lance and Mrs. Bill Malcolm of Tullis.

This week, five contestants correctly named nine winners. In addition to the three winners they were Rex Cumpston and Darrell Collier.

Entries naming eight winners correctly totaled 20; 34 named seven; 43, six; 24, five; six

picked four; four named three; and one entry got two right. Total entries this week were 137.

Results are posted each week in the office of The Bovina Blade. These include the correct number picked each week and a running total.

Overall winner of the contest will receive a trip for two to the Cotton Bowl game in Dallas. Weekly cash prizes are also awarded.

**BEST ENTRY**--Mrs. Nola Read submitted the entry in the Bovina Business Cotton Bowl Football Contest this week that took first place and a check for \$5. She named nine winners and came closest to the tie-breaking score.

## Weather by Willie

EL PASO -- A few cool days, but mostly warm and dry. No rain in sight from here. ---Willie

For Homecoming --

## Student Council Plans Activities

Plans were made last week by the Student Council of Bovina High School for Homecoming activities here Nov. 3. Highlight of the day will be the Bovina-Farwell football game at 7:30 p.m.

A parade will again be held in the afternoon and all persons, organizations or business institutions in the town are invited to enter a float, according to Margaret Jo Venable, secretary of the Council.

Plaques will be awarded first and second place floats entered by those other than school classes.

Cash prizes of \$25, \$15 and \$10 will be awarded the three best floats entered by classes in the schools.

No theme was adopted for this year's parade and entries are invited to use their own imagination.

In addition to appearing in the parade, the floats entered by the classes will also be paraded during halftime activities of the Homecoming game.

On Nov. 2, Thursday, a Homecoming bonfire will be held. However, each class will contribute its own pile of wood. The class having the largest pile being awarded the "Spirit Stick." This year the stick is given to the class displaying the most school spirit during that week. Winner each week receives the award from the cheerleaders.

After Announcement --

## 1968 Cotton Program Meets Mixed Emotions In Bovina

By Pat Jacobs  
Announcement of the 1968 cotton program by Secretary of Agriculture Orville Freeman last week shows changes for the coming year, but local cotton men view the outlook for the crop with little optimism.

Under the new program, an additional 15 per cent will be allotted for planting of cotton, but higher production goals have been set. Fewer acres will be required to be diverted, from 12.5 per cent to five per cent, at a subsidy of 10.76 per bale on projected yield.

Farmers will have the option of also diverting 30 per cent more, rather than last year's 35 per cent, but will receive

six cents per bale, as compared with 10.78 last year. On the domestic acreage, or 65 per cent, the price support has been set at 20.25 cents per pound for middling-inch at average location, the same price as 1967.

Curbs on skip-row planting have been lifted for 1968, which was met with pleasure in some areas of the cotton belt. However, farmers believe it will have little significance in Parmer County.

Following is how some of the Bovina area cotton men reacted to the new program:

Floyd Coates, manager of Oklahoma Lane Gin Co., said he hopes farmers will plant all of their allotment next year, with the exception of the five per cent that must be diverted. "It's a little early to tell, but I think the cotton program will help."

He continued that farmers in this area will probably do little

skip row planting, although it would be of value if used.

Charles Smith, manager of Union Compress and Warehouse in Bovina, says he is disappointed in the 1968 cotton program. "We need more planted acres. We can't get a 14 million bale crop out of the planted acres."

He says the lifting of restrictions on skip-row planting will help, but it won't help enough. For instance, Smith said, that it will be next to impossible to produce 750 pounds of lint on 11 million acres. The highest production average has been 525 pounds of lint per acre.

"We are on the brink of losing our foreign market, which would amount to four or five million bales. The government is down to poor cotton in its surplus now. If we can't guarantee a foreign market, they will contract to buy cotton in countries which have no controls."

He continued that the government claims the cotton industry is costing a tremendous amount of money, and Smith doubts this. He says that the cost of storing cotton is almost paid by corporation taxes of companies storing the surplus. Asked if the price support was the cause of high cost for the government, Smith pointed out that the government buys the cotton, then sells it for two or two and one-half cents more than it pays, thus making a profit.

Smith said the United States just can't expect to compete with foreign countries in the cotton industry unless more acreage is released for the planting of cotton. At this time, he added, there is more demand than supply.

Ovid Lawlis, owner and operator of Lawlis Gin Co., said he really didn't know how the 1968 program will affect the cotton industry. He has talked to a few farmers who think it is all right. This year, farmers could lay out 35 per cent of their cotton acreage and receive 10.7 cents per bale on projected yield. In 1968, this will be cut back to 30 per cent at six cents per bale. Lawlis thinks this may cause farmers to plant more cotton. However, he continues, it will depend (in Parmer County) on the outcome of this year's crop.

He noted that next year it will be mandatory to lay out five per cent of the allotment with a subsidy of 10.76 per bale, almost the same as this year paid for the 12.5 per cent diversion.

Farmers downstate, Lawlis (Continued on Page 2)

For Year --

## School Budget Figures Given

Total budget for the Bovina Independent School District, adopted by the school board at its last meeting, is \$619,358. This includes the \$200,652 currently in the building fund, according to L. F. Jacobs, superintendent.

Of the balance, salaries for teachers total \$244,341, for administration \$21,815, operation and maintenance of plant, \$13,800 and \$3,000, respectively.

Broken down into categories, including the above salaries, the 1967-'68 budget shows that \$28,815 goes for administration; instruction, \$260,370; attendance service, \$250; health services, \$5,000; pupil transportation, \$21,150; operation of

plant, \$5,000; fixed charges (such as insurance, etc.) \$1,970; student body activities, \$3,000, for a total of \$356,355. Other expenditures include \$192,000 for buildings, furniture and equipment; and \$71,003 for retirement of serial bonds and short term loans.

Estimated revenues to the school district come from four sources. Local sources will supply \$227,972; county, \$3,489; state, \$195,188; and federal, \$7,800 for a total of \$434,449.

The balance on hand Sept. 1, 1967 was \$79,106 in addition to the building fund, for a total of \$279,758, on Aug. 31, 1968 will be \$94,849.

County Attorney --

## Harding Seeks Re-Election

County Attorney Hurschel R. Harding has authorized this newspaper to announce his candidacy for re-election to that office, subject to the will of the voters in the May primary.

He was appointed to the office in 1958 to fill the unexpired term of Bill Sheehan. He was later elected for a term in that office and in 1964 was elected for a second term.

In announcing his candidacy, Harding said: "TO THE PEOPLE OF PARMER COUNTY:

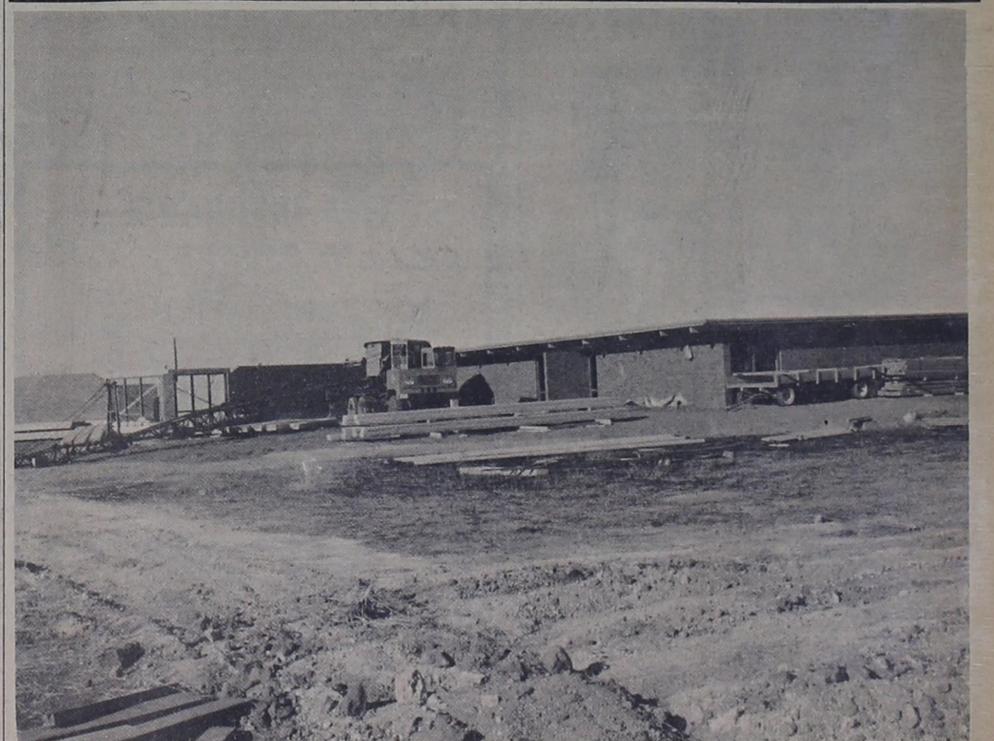

"I take this means of announcing that I will be a candi-

date for re-election to the office of County Attorney of Parmer County, Tex., in the Democratic Primary in May.

"I appreciate the opportunity of having served as your County Attorney the past two terms, and would appreciate your vote and the opportunity to serve a third term in this office.

"If elected, I will continue to carry out the duties of this office to the best of my ability. I thank the people of Parmer County for the cooperation given me during the past."

HURSHCEL R. HARDING

**PROGRESS MADE**--Construction continues on the new six classroom elementary school in Bovina. At left is the classroom section, while the cafeteria, office, and library will

be housed in the section on the right. If work is completed on schedule, plans are to move into the new building about mid-term.

**WHAT'S AHEAD FOR WHEAT**

The present wheat marketing year, July 1, 1967 to June 30, 1968, started with the smallest carryover since 1952. The record 1967 crop of 1,543 million bushels, reports John McHaney, extension economist at Texas A&M University, plus the carryover gives the nation a supply of about 1,970 million bushels for the current marketing year, the smallest since 1957 other than last year.

He said the 1967 record crop was produced on 59,950,000 acres and that the increase of more than 10 million harvested acres was due primarily to the large increase in farm allotments.

Under the 1968 program, the national allotment has been set at 59.3 million acres, a reduction of 13 per cent from 1967.

McHaney added that total disappearance during the current marketing year may be larger than for the year just past. Domestic disappearance -- food, seed, industry and feed -- may total around 728 million bushels up from the 680 million bushels of the previous year. A minimum export target of 750 million bushels has been set for the current marketing year by the U. S. Department, says McHaney. This goal is about 8 million bushels more than was exported last year, but, says the economist, exports are off to a slower start than in 1966-67.

If domestic use and exports hold around present estimates and goals, the July 1, 1968 carryover would approximate 492 million bushels at about the time the 1968 harvest gets underway, says McHaney. This would be an increase of about 66 million bushels, and it could be larger, he adds, if the export goal is not reached.

The economist believes that the national average farm price for wheat in 1967-68 likely will be some lower than last year's average of \$1.63 per bushel but will likely remain above the loan rate of \$1.25 per bushel. Because of an expected large world crop, there have not been price pressures this summer as was the case of a year earlier. Marketing certificates issued to cooperating farmers in 1968 will reflect the projected production on 40 per cent of farm allotments, based on the national allotment of 59.3 million acres, says McHaney.

**'FIRST AID' FIRE FIGHTING**

Fire Prevention Week is a good time to check how well you are prepared to fight and hold in check a fire on your farm until the fire department arrives.

First and most important rule to follow, is for you and your family not to take any unnecessary chances in attempting to deal with a fire -- lives are irreplaceable, property is not.

But it's good sense to be equipped with "first aid" fire fighting tools, and for you and everyone on your farm to know how to use them.

One important tool is the fire extinguisher -- of adequate size and proper type for the kind of fire expected. The most reliable ones are those tested by nationally recognized laboratories -- they show a "UL" or an "FM" label.

Extinguishers should be placed strategically in all fire danger areas -- in some kitchens, barns, machine sheds, and near storage tanks of gasoline and kerosene.

The best extinguisher in the world won't be ready to go into action when you need it most, unless you check and recharge it regularly. Follow the manufacturer's instructions on this. And don't wait for a fire emergency to read the directions on how to operate the extinguisher -- know how to use it and make sure everyone on the farm knows how.

Another good fire fighting tool is a garden hose sprayer. Filled water buckets are also useful at spots in and around buildings.

Particularly for home safety, ladders to reach the highest roof tops and windows should be quickly available at all times.

To complete your "first aid" fire fighting equipment, you need to be prepared for field and brush fires -- with pump tanks or sprayers, fire swatters, brooms and burlap bags and water to set them.

**LIVESTOCK COMMITTEE**

The Livestock Committee met Sept. 29 at Bovina to discuss problems concerning livestock in the county.

Dr. Lowell Shake, Area Livestock Specialist, met with the committee to help set up some educational activities for 1968.

**Reflections**

From **The Blade**

TEN YEARS AGO

Oct. 16, 1957  
Flu caused the dismissal of classes for three days at Bovina Schools Monday afternoon at 2:15.

Roy Whisler, high school principal, said 25 per cent of the students -- 120 out of an enrollment of 455--were absent Monday, day. Sixty students were out Friday.

Mayor J. E. Sherrill, Jr. and City Secretary Henry Minter conferred with George C. Hawley, chief engineer of state insurance commission, last week in Austin in regard to Bovina's insurance key rate.

Rev. W. R. Baird, pastor of the Methodist Church, and Mrs. Bedford Caldwell, MYF counselor, announced Tuesday that plans are being made to continue the annual "Trick or Treat" appeal for overseas relief.

Farmers are reserving at least one hand for crossed fingers this week, knowing that the time of first frosts is at hand, if an average calendar time can be relied on, and also hope that the fickle weather will not further interrupt harvest and damage crops. Members of both the Rea Buster and Blanch Grove Circles of the Woman's Missionary Union of the First Baptist Church met in joint session Wednesday evening.

Fourteen members of the Woman's Society of Christian Service of the local Woman's Society of Christian Service of the local Methodist Church were guests Monday afternoon at Oklahoma Lane.

Jim Roberts, Parmer County deputy sheriff in Bovina, has appealed to teenagers of the community, and their parents, to observe Halloween, October 31, in a quiet, non-destructive manner. Happy's classy Cowboys, top-heavy favorites to become District 3-B champions, displayed a quick-striking offense and a stubborn defense Friday night at Happy as they spurred past Bovina's Mustangs, 34-0. It was a district game.

SIX YEARS AGO

Oct. 18, 1961  
Highlights of homecoming for ex-students of Bovina Schools Friday included a parade, a barbecue dinner, Bovina-Hart football game and crowning of a football queen and hero at halftime of the game.

At halftime ceremonies at the football game, Paula Howard was named football queen and Jerry Frazier, football hero. Ladies took over in last week's Bovina Businesses Cotton Bowl Football Contest. They captured all three first places during the week, which furnished largest number of upsets this season. Winners included Mrs. Bill Read, first; Mrs. J. W. Harris, second; Mrs. Ed Hutto, third.

For probably the first time in history, Bovina Colts, junior high football team, are district champions.

Coached by Doug Beaty, who is in his first year in the profession, the Colts sewed up the title, and an undefeated district season, with a 16-0 blanking of Vega last week.

Trash hauling rates in Bovina are going up. For residences, the rate increased from 35 cents a month to 75 cents a month. Business trash hauling rate goes up from 65 cents to \$1.

Bovina Volunteer Fire Department has answered calls to "three or four" minor grass fires during recent weeks, Fire Chief James Taylor reports.

Combines, trucks, elevators and gins have been operating at an ever increasing pace for the past week as Parmer County harvesting continues to gain momentum.

SIX YEARS AGO

Oct. 11, 1961  
Ties for all three top positions were the result of last week's Bovina Businesses Cotton Bowl Football Contest.

Tied for first place were Travis Dyer and Charles Hawkins; second place, Emmett Tabor and Patsy Sherrill; third, Mrs. Frank D. Smith, James McLeroy and Burl Spears.

Wind blew and sand flew, but there was a good representation of qualified Quarterhorses on hand for Bovina's first annual show Saturday.

Friday will be homecoming for ex-students of Bovina Schools. Candidates for football queen are Dixi Hartzog, junior; Elaine Fuller and Paula Howard, sophomores; and Judy Strawn, freshman.

Quarterback Don Cumpston turned aviator Friday night, took to the airways, and led Bovina's Mustangs to a 21-13 win over Fort Summer Foxes in the New Mexico town.

A quorum of four school board members reviewed audit report on last year's school operation at a regular meeting of the board Monday night.

Tommy Keith Bonds, son of Mr. and Mrs. Tom Bonds, celebrated his eighth birthday Saturday with a party.

"Cotton John" Smith of KGNC in Amarillo will be guest speaker and narrator for film, "Tenderfoot in Europe," Thursday evening at Bovina Woman's Study Club open house.

Mr. and Mrs. Gene Ezell and Mr. and Mrs. Leon Grissom hosted a social for members of Hammonds Sunday School Class of Methodist Church Thursday evening at the church.

Parmer County wheat farmers may have to change their practices in order to maintain wheat income.

Starting with the 1962 wheat crop, premiums for quality, based on sedimentation tests, will be included as part of the price support operation. The sedimentation scale will replace the protein scale used in the past.

**WEIGHT WATCHER**

The heaviest horse on record was the seven-foot seal brown dapple Percheron gelding, "Dr. Le Gear," weighing 2,995 lbs. Foaled in 1902, this horse -- which measured 16 ft. from nose to tail -- died in St. Louis in 1919.

**FIRE INSURANCE that really covers**

Severe damage by fire could result in a claim that might pay little more than the amount of your mortgage. But this does not protect the full values of your home. See us today!

**Whittlin' --**

(Continued from Page 1)

The idea in starting the freeze contest originally was that a lot of people are interested in the freeze date, needless to say, and many will privately predict a date. We thought it would be fitting for the best predictor to be properly rewarded. We talked this over with Weatherman Willie Williams. He agreed and was willing to serve as judge. So we borrowed \$5 more for prize money and the deal was on.

Sometimes we wonder if we're not encouraging negative thinking with the freeze contest. However, this doesn't have to be the case. An early freeze is bad, crop-wise, of course, but a late freeze is good. Therefore, both pessimists and optimists can participate in the freeze contest with equal chances. Up until deadline time, that is.

**Cotton Program --**

(Continued from Page 1)

said, are receiving more than the loan this year, possibly due to the shortage of cotton surplus.

Johnnie Horn, manager of Bovina Gin Co., thinks the new cotton program will mean less money for farmers. "It is not going to be what we need. We need more acreage."

Farmers don't yet know what to do, Horn said, about the diverted acres. They may plant more cotton because of the six cent per pound for laying out 30 per cent of their land after the required five per cent is diverted. Some figure the land has to be worked anyway, he says, and cost for planting cotton may not be so much greater than it will be profitable.

Parmer County now has about 48,000 acres in cotton allotment, Horn estimates, with about 32,000 actually planted. A 15 per cent increase might mean about 5,000 more acres, but this is difficult to estimate until farmers decide what to divert.

**WORLD'S LARGEST** semicontinuous deodorizer can process eight tank cars of edible vegetable oils each day. It is made by Votator, Louisville, Ky., weighs 92,000 pounds, is 11 feet in diameter and stands 50 feet high.

**For Quality --**

**Right Soybean Harvest Vital**

Soybeans in Parmer County are fast approaching maturity and will soon be ready for harvest. However, says County Agricultural Agent Ronny McNutt, the moisture content of the beans should be checked closely before taking the combine into the field.

Ideally, this moisture should be below 12 per cent. At that time the beans are fully mature and the pods have not yet begun to shatter.

If the beans are harvested at a higher moisture content, they will likely wrinkle on drying and will deteriorate rapidly in storage, explains the agent. In turn, if they are harvested after becoming too dry or harvest is delayed, serious losses will result from shattering.

When the moisture content of the beans is less than 10 per cent at harvest time, they will be more susceptible to mechanical damage.

The county agent further advises producers to follow the manufacturer's recommendations closely to insure proper operation of the combine. Note-worthy items to check for adjustment are the cylinder speed, cutter bar and concaves. Careful attention to ground and cylinder speed and cutter bar height is important in harvesting high quality soybeans.

Extreme care should be exercised during the actual harvest. Mechanical damage which occurs during harvesting or later

handling is the chief cause of low germinating soybean seed.

Also contributing to this low germination is improper storage of soybean seed, says the agent. Soybeans should be stored only if they are thoroughly clean if their moisture content is below 12 per cent. If stored at a higher moisture level, seed germination and quality will be reduced rapidly, especially if temperatures are above normal.

**On Oct. 4 --**

**Bank Deposits Show Increase**

At the close of business on Oct. 4, the First State Bank of Bovina had on deposit \$2,362,826.39. This is possibly one of the highest reports of deposits at the time of "call" at the bank here, according to Cashier Alfred Moody.

At about the same time last year, on Sept. 20, deposits totaled \$1,668,008.82. On June 20, 1967, deposits were \$2,155,307.77.

The October, 1967 report

even surpasses the deposits at the end of the years 1966 and 1965, when deposits are usually at their peak.

At the end of 1966 the First State Bank reported \$2,010,953.00, while at the end of 1965 deposits totaled \$2,055,837.00.

In the report of condition in this week's issue of The Blade, figures show that total assets balanced against total liabilities and capital accounts are \$2,631,974.50.

# Leaders Attend State Meeting

Mr. and Mrs. A. L. Black and Mr. and Mrs. Dick Rocky will represent the Parmer County Soil and Water Conservation District at the 27th annual state-wide meeting of Texas Soil and Water Conservation District Supervisors to be held in Fort Worth, October 17-19.

The theme for this year's meeting is "Leadership -- Key to Districts Future." The entire meeting will stress the importance of local leadership in conserving, developing, and utilizing the soil and water resources of Texas.

People scheduled to be on the program include U. S. Senator John Tower; Congressman Jim Wright; State Representative Bill Clayton; Gilbert Kretzschmar, president of the Association of Texas Soil and Water Conservation Districts; Warren Fairchild, executive director of the Nebraska State Soil and Water Conservation Commission; Johnny Watkins, of KWTV-TV Waco-Bryan; and H. B. Martin, field representative, Soil Conservation Service, Fort Worth.

Irrigation --

# Wheat Tests Results Told

Efficient irrigation, or practical utilization of irrigation water, should be a major concern of all High Plains farmers. For this reason, an irrigation-fertilizer test on winter wheat has been conducted at the High Plains Research Foundation for the past three years, under the direction of James Valliant, Soil Scientist, and Loyd Langford, Associate Agronomist.

Research has shown that a winter irrigation on non-grazed wheat is neither practical nor profitable. If the winter wheat is to be grazed, an irrigation in January is probably necessary.

The Tascosa variety of wheat was used in the study, and two irrigation methods were utilized, with twelve different fertilizer levels. The irrigation method which proved most economical on non-grazed wheat

included an application at germination, jointing, early boot, and head.

It was interesting to note in the same test that the fertilizer levels of 120-60-0, 120-90-0, and 120-0-0 plus 30 pounds of sulfur produced yields with no significant differences. (Figures refer to pounds of Nitrogen, Phosphate, and Potash per acre). However, the level of 120-0-0 plus 30 pounds of sulfur produced the greatest return because of the lower cost of fertilizer.

It is believed that the sulfur increased the yield by making soil phosphate more available to the plant, rather than as a plant nutrient for the wheat.

On non-grazed wheat, the combination of eliminating a winter irrigation, plus the decreased fertilizer costs, should result in more net profit for the wheat farmer.

## On The Farm In Parmer County

By RONNY McNUTT  
County Agent

The latest information on fertilizer use and management will be presented at the Southern Great Plains Agronomy Symposium to be held at West Texas State University, Canyon, on Thursday, October 26.

Discussions will be featured on the characteristics, handling and application of ammonia; nitrogen transformations in the soil; fertilization of wheat, grain sorghum, cotton, sugar beets and vegetables; and inter-relationships of fertilizer use with production practices.

An outstanding slate of leading agronomic authorities will be on hand to present the program.

These include Leroy Donald and Ben Day, both with the Agricultural Nitrogen Institute, Memphis, Tenn.; Dr. James Parr, soil microbiologist, USDA Agricultural Reserve Service; Dr. Eugene Coleman and Dr. Kenneth Kilian, associate professor and assistant professor of agronomy, respectively, at Texas Tech; Dr. Charles Welch, soil chemist, Texas Agricultural Extension Service; Dr. Norman Nossaman, chief agronomist, Western Ammonia Corp., Dimmitt.

Also, Dr. Ivan Miles, chief agronomist, Olin Chemical Co., Little Rock, Ark.; Dr. Arthur Onken, assistant professor of soil and fertilizer, South Plains Research and Extension Center; Dr. Alex Pope, chief agronomist, Occidental Chemical Co., Houston; Paul Scott, agronomist, Holly Sugar Co., Hereford; Wes Fisher, Jorde Potato Co., Hereford; Dr. Robert Reed, professor of horticulture, Texas Tech; Dr. John Strauss, chief agronomist, Tuloma, Tulsa, Okla.; and Dr. R. L. Balsler, Gulf Oil Corp., Kansas City, Mo.

Presiding at the various sessions of the symposium will be Don Margo, president, Texas Fertilizer Association; Dr.

Tom Longnecker, director, High Plains Research Foundation; Dr. Bill Longstaff, president, Texas Plant Food Educational Society; Dr. A. W. Young, head, Department of Agronomy and Range Management, Texas Tech; and Billy C. Gunter, Extension District II agricultural agent.

Registration for the day-long conference will begin at 8 a.m. Advance registrations at \$5 each may be sent to the Agriculture Department, West Texas State University, Canyon.

All fertilizer dealers and interested agricultural producers in the county are encouraged to attend the symposium.

### COMMITTEES DISCUSS PLANS

The Crops and the Livestock Sub-Committees of the Parmer County Program Building Committee held planning meetings this past week. The purpose of these meetings was to decide what are the major problems in crops and livestock and set up some educational programs and result demonstrations that will be informative and help solve some of these problems.

**CROPS COMMITTEE**  
The Crops Committee met Sept. 25 at Bovina. Members of the committee attending the meeting were: Arlin Hartzog, A. W. Anthony Jr., Jimmy Mabry, Tom Caldwell, Donald Christian, Herman Gerles, Prentice Mills and Bill Boling.

Some of the problems the committee felt should be worked on this coming year are as follows: Controlling weeds, Johnsongrass and water grass; correct uses of chemicals and residue problems; insect and disease problems in grain sorghum (mite and maize dwarf mosaic virus); outcrosses or wild plants in sorghum.

CELEBRATE ANNIVERSARY--Mr. and Mrs. Windsor Lacewell of Bovina have celebrated their 62nd wedding anniversary recently. They have lived here since 1964, but have called West Texas home since 1922.

## Windsor Lacewells Celebrate 62nd Wedding Anniversary

Mr. and Mrs. Windsor Lacewell of Bovina recently celebrated their 62nd wedding anniversary in the home of a daughter and son-in-law, Mr. and Mrs. Richard Vaughn of Route 2, Friona. Thirty-nine members of their family attended.

The couple was married in 1905 in the home of the bride's parents, Mr. and Mrs. Billy Rudd in Energy, Comanche County. Mr. Lacewell is the son of the late Mr. and Mrs. D. H. Lacewell of Evant.

Living near Comanche until 1922, they moved to Tulla where they farmed for eight years. In 1930 the couple moved to Deaf Smith County near Bellview, N.M. Mr. Lacewell says the "people were nearly half civilized and not many Indians were left when we moved to West Texas."

They farmed and ranched there until moving to Bovina in 1964.

Mr. and Mrs. Lacewell have eight children, all living, 23 living grandchildren and 17 great grandchildren.

Mr. Lacewell recently received a bouquet of flowers for being the oldest man present at the Old Settlers Reunion at Bellview. He is 86.

### Party Honors

#### Lisa M. Gray

One-year-old Lisa Michele Gray, daughter of Rev. and Mrs. Floyd Gray, was the honoree Sunday when a dinner was held at the Pentecostal Holiness Church.

About 25 people attended the covered dish dinner to help the little girl celebrate her first birthday.

### Bookmobile Comin'

The Texas State Library High Plains Bookmobile will make its visit to Bovina from 12 noon until 3:30 p.m., Thursday, Oct. 19, according to Lorene Sooter, librarian.

West Camp will be visited from 9:15 to 10:15 a.m. and Lariat from 10:30 to 11:30 a.m.

### Meet Held At Sudan

Mr. and Mrs. Homer Kelly, Mrs. Ovid Lawlis and Mrs. Bob Caldwell attended the annual Llanos Altos Associational meeting at the First Baptist Church in Sudan Friday.

Rev. M. D. Durham of Sunnyside, a former Bovina pastor, was moderator. Rev. Jake Armstrong of Friona gave the annual sermon.

There are 34 churches and six Spanish missions in the Llanos Altos Association, Mrs. Lawlis said.

### Girl Scouts Have Outing

Girl Scout Troop 35 attended an outing recently at the Ralph Wilson ranch.

Seventeen girls spent the night, cooked on a wood stove and drew their water from the windmill there. Also on the agenda was a hike to a nearby lake.

Attending were Pam Wilson, Heidi Corn, Darla Hawkins, Cindy Read, Cathy Crump, Nancy Rhodes, Vivian Hise, Fontella Cox, Tina Isaac, Audrey Magness, Terry Willard, Evanna Johnston, Christie Trimble and Amanda Mason.

Accompanying the group were Mrs. Tom Rhodes, Mrs. A. M. Wilson, Mrs. Ralph Wilson and Miss Pat Simons.

Monday afternoon a fly-up ceremony for girls entering Girl Scouts from Brownies will be held following school in the Community Room of First State Bank.

Parents are invited to attend.

### Bridge Club Meets Here

Mrs. Leon Grissom was hostess to the Thursday Bridge Club in her home last week.

Mrs. J. E. Sherrill won high prize, Mrs. J. D. Anderson, Jr., travelling prize, and Mrs. Vernon Estes, low.

Four guests attended, including Mrs. Euell Hart, Mrs. J. B. Fowler, Mrs. C. E. Trimble and Mrs. Charles Smith. Other members present were Mmes. Bob Estes, A. M. Wilson, Jim Hemke, Durward Bell, and Bedford Caldwell.

Refreshments included miniature Danish sandwiches, shrimp dip, nachos, corn beef spread and "Fall Delight" dessert.

### Homecoming Dance Set

The Teenage Club will hold a dance in the American Legion Hall following the Homecoming football game here Nov. 3.

The Chords of Amarillo will furnish the music for the vent.

### BWSC Ladies Attend Caprock Workshop, Meet

Mrs. Earl Stevenson, Mrs. Ovid Lawlis and Mrs. Clarence Jones attended the eighth annual fall Caprock District board meeting and workshop of Federal Women's Clubs held in Littlefield Saturday.

Theme was "Service Through Harmony; Youth Education and Americanism." Mrs. Louis Cummings of Plainview, president of Caprock District, presided.

Bob Wear, minister of Littlefield Crescent Park Church of Christ was the luncheon speaker on "The Abilities of Women."

The meeting was held in the First Baptist Church.

Mrs. Lawlis is Tours and Pilgrimage division chairman

## Of Interest To THE WOMEN

SPEAKS HERE -- Mrs. J. Howard Hodge of Midland, center, said a new birth of freedom is needed in America when she visited the Bovina Woman's Study Club Thursday. Mrs. Earl Stevenson, left, is president of the organization and Mrs. Ovid Lawlis, right, introduced the speaker.

## Mrs. Hodge On Program At Woman's Study Club

Mrs. J. Howard Hodge of Midland, chairman hostess to speakers of General Federation of Woman's Clubs, was the speaker at the Thursday afternoon meeting of Bovina Woman's Study Club.

She was introduced to the group by Mrs. Ovid Lawlis, program chairman.

After discussing Federation of Woman's Clubs in Texas Mrs. Hodge spoke on the "Challenges of Our Time." She said that a new birth of freedom is needed in America.

This begins in the home, she said, where young people learn values. The home must be staple. "Our freedom comes from faith in God," Mrs. Hodge said. Americans must also have faith in their fellowman and their country.

With this faith come responsibility to both, and responsibility comes from education. Young people must be educated as to what the world holds for them.

Mrs. Hodge told the group that ladies are prone to state their convictions without knowing why they have them. Ladies are as smart as men, she said, but do not take the time to think through why they believe as they do.

Mrs. Hodge visited the Bovina Woman's Study Club in the absence of the state president, Mrs. E. F. Seay of Andrews, who was in Washington, D.C. Two new members were welcomed into the Study Club, Mrs. Travis Dyer and Mrs. Bob Caldwell, and a new honorary member, Mrs. L. F. Jacobs.

Guests attending were Mrs. Frank Spring, Mrs. Wesley Foster, Mrs. G. E. Tannahill, Mrs. Paul Spring and Mrs. Dan Ehridge, all of Friona, and Mrs. W. F. Taylor of Big Spring.

Members attending were Mmes. Earl Stevenson, Lloyd Battey, Clarence Jones, Lawlis, Earl Richards, Charlie Ross, Reagan Looney, A. E. Crump, Henry Ivy, Billie Sudderth, J. R. Caldwell, H. D. Bradshaw, Buck Ellison and Amos Steelman.

Cookies and punch were served from crystal appointments. The table was laid with a white lace cloth centered with an arrangement of chrysanthemums. Hostesses were Mrs. Battey and Mrs. Jones.

## Methodist Women Planning Program

Members of the Woman's Society of Christian Service and the Wesleyan Service Guild of Bovina Methodist Church will participate next week in one of the most important annual observances of Methodist women throughout the United States, according to Mrs. Billie Sudderth.

The "Call to Prayer and Self Denial," initiated by Methodist women in 1887, will be held at 2 p.m., Tuesday in the church here.

The program focuses on guided mission study, an offering for special mission projects and a deepened spiritual life. More than 1 1/2 million women in the 50 states will join in the observance.

Mrs. Sudderth said that all women are invited to attend whether members of the Methodist Church or not.

## Marriage Licenses Issued

One marriage license was issued from the office of Parmer County Clerk, Bonnie Warren, last week. The permit to wed went to Stanley Jesse Baldwin and Mildred Joan Baldwin on Oct. 12.

## SCIENCE SKETCHES

STARLINGS, which have become pests in some areas of the United States, were brought to this country on a "poetic license." A wealthy New York manufacturer introduced this bird to the U.S. in an effort to bring to this country every bird mentioned in Shakespeare's work.

CHILDREN can blame their parents for certain blank spots in their learning ability. A Northwestern University pilot study concludes that genetics sometimes plays a role in the occurrence of learning disabilities.

## Know The Truth

By Lavern Stewart

There is one baptism, Eph. 4:5. There was John's baptism, Matt. 3:7; Christ's suffering was called a baptism, Matt. 20:22; one degree of influence of the Holy Spirit was called a baptism, which was experienced only twice, Acts 2 and 10; further, torment will be a baptism in fire for the disobedient, Matt. 3:10-12. By the time Paul wrote Ephesians, about A.D. 62, there was only one baptism. The one baptism is a burial in water, Col. 2:12, by the command of Christ, Matt. 28:19, Mark 16:16, for the people who have believed and repented, Acts 2:38, 8:36-38, and for the purpose of washing away man's sins, Acts 22:16.

Notice the importance of this baptism, Eph. 5:25-26, "Husbands, love your wives, even as Christ also loved the church, and gave himself for it; that he might sanctify and cleanse it with the washing of water by the Word." The following text shows anyone who approaches God in prayer must have his heart full of faith, Christ's blood applied to his evil conscience, and his body washed (baptized) with pure water, Hebrews 10:22, "Let us draw near with a true heart in full assurance of faith, having our hearts sprinkled from an evil conscience, and our bodies washed with pure water."

Just as long as there are sins for which men seek remission, just that long will water baptism, the "one" baptism, be necessary because it is for remission of sins, Acts 2:38. This baptism is indispensably a part of the plan by which God saves us because it puts us into Christ, Romans 6:3-4.

Hear "Know The Truth" Over KNNN, Friona, At 12:15 p.m., Monday-Friday.

## Type Happenings...

Until Johann Gutenberg invented movable type 400 years ago, each page of type had to be printed from a single block.

Gutenberg's BIBLE published in 1456, was the first book printed from movable, reusable type. Within 50 years there were more than 150 type faces.

TODAY, the typographer can select from 5,000 type faces to meet the needs of modern visual communications.

# Bovina Area Churches Welcome You!

## Church Chuckles by CARTWRIGHT

"On the other hand, what proof do you have that Heaven ISN'T like Disneyland?"

### I Am A Thankful Child Of God.

"In everything give thanks", I Thessalonians 5:18.

I am a thankful child of God because I have so much to be thankful for. However God wants me, as His redeemed child, not only to be thankful FOR everything, but IN everything. In evil days as well as in good days. In sorrow as well as in joy. In disappointments as well as in successes. This is possible because as a child of God I believe that "my times are in His hands", and that "all things must work for my good"; my failures as well as my triumphs, my afflictions as well as my joys. For it is through these failures and disappointments that God takes me outside of myself, and lets me see the greater good of His loving kindness. Because I believe that God's will is best—always best—I can say with the Psalmist in confident faith, "It is good for me that I have been afflicted."

"All praise and thanks to God  
The Father now be given;  
The Son, and Him who reigns  
With them in highest heaven;  
The one eternal God,  
Whom earth and heaven adore,  
For thus it was, is now,  
And shall be evermore."

Herbert F. Peiman, pastor  
St. John Lutheran Church  
Lariat, Texas

# At Home In Parmer County

By CRICKET B. TAYLOR  
County HD Agent

The yearbook committee of the extension clubs met last Friday in the county agent's office and planned the yearbook. Mrs. Edmund Kitten, chairman, led the discussion and plans are well underway for 1968 program.

Some of the program in the area of consumer competences selected by the group are: "Furniture Selection Tour", "More for Your Money When Buying Meat", "Which Wax & Where" (floors and furniture), "Points to Consider When Buying Children's Clothing".

The fast pace of technology accounts for some complex jargon to puzzle consumers. Poor decisions in the market place cause problems. Sometimes the information needed by the consumer to make wise decisions isn't available or he doesn't take the trouble to buy wisely.

The local home demonstration clubs will study subjects to assist them in becoming wise consumers. A new 4-H organization leader, Dwayne Phipps has been added to the list of leaders of Friona. He will work with the senior 4-H Club that meets the second Monday night of each month.

4-H project leaders will receive training in first year food guides in Bovina on Tuesday, Oct. 31. All leaders will be notified but this date may be held in reserve for those who will attend.

"The All-Time Favorites" - chicken nd turkey new publications, Turkey and chicken use to be "company or Sunday" treats. Now research and modern production and marketing practices have made fine birds available the year-round.

**LADIES SALAD**  
1 package lemon-flavored gelatin  
2 cups hot water  
2 tablespoons vinegar  
1/2 teaspoon salt  
1 cup cut-up cooked turkey or chicken  
1 cup cooked peas  
2 tablespoons chopped pimento  
1/2 cup mayonnaise salad greens

Dissolve gelatin in hot water; add vinegar and salt; chill. When slightly thickened, stir in other ingredients. Turn into salad mold and chill until firm. Unmold on salad greens and garnish with mayonnaise. Serves 6 to 8.

This is one of the many recipes from the new bulletin, "All Time Favorites." It's full of tested recipes of chicken and turkey.

## Hospital Notes

Dan Cox, first grade student and son of Mr. and Mrs. Gary Cox, received a broken collar bone last week while playing football during recess.

Jesse Walling was admitted

## Letters To The Editor

Dear Dolph:  
I decided that since everyone else is doing it, I would try my luck at picking the winning teams this week. This is my first time, so maybe I will be lucky.

Dolph, I want to congratulate the citizens of Bovina in their excellent job done toward securing the Clinic. I feel that Bovina now has a lot going for it and if the people will continue to carry the ball as they have in recent months Bovina will get off the ground.

Sincerely,  
Warren Embree

## Five Inducted In U.S. Army

Local Board #18, Hereford, announced that five men have been inducted into the Army during October.

They include Daniel L. Stocker, Gary L. Carver, Sam W. Cummins and Jesse W. Sheets, all of Canyon, and Jerry D. McCuan of Farwell.

# Football CONTEST

## You May Win Weekly Prizes Of \$5-\$3-\$1 PLUS THE GRAND PRIZE! Of An Expense-Paid\* Trip For Two To The Cotton Bowl!

★ Expenses include two tickets to Cotton Bowl game, paid hotel reservations for two and \$55 for food and traveling expenses.

**It's Fun - It's Easy - You May Win! Enter This Week And Every Week -**

**All You Have To Do Is Pick The Winners. There's Nothing To Buy!**

### Contest Rules

1. There are 10 high school and/ or college football games listed in ads on this page.
2. Pick the team you think will win in each game and place the WINNER'S NAME beside same advertiser's name in the contest entry blank at bottom right of this ad.
3. Pick the score of the tie breaker game and place your guess in the appropriate blanks on the entry. The tie breaker game will not count on your won-lost record. It will be used only in case of a tie.
4. Winners will be named by the Monday following the contest deadline each Friday and they will be named by Saturday, if possible. Cash prizes of \$5 for first, \$3 for second, and third prize of \$1 will be awarded.
5. Tabulations of individual entrants will be kept all season and at the end of the season a grand prize winner will be named. Grand prize winner will receive two free tickets to Cotton Bowl game plus hotel, food and travelling expenses to Dallas and the January 1, 1968 football classic.
6. There is nothing to buy. No requirements other than to bring the entry blank, filled out, to The Blade office by 5 p.m. or postmarked by 5 p.m. Friday.
7. Only one entry blank may be submitted per individual. If more than one blank is submitted by an individual, all will be disqualified.
8. Tabulations will be available for public inspection. Members of Blade staff will serve as judges for contest.
9. Contestants must be 10 years old or older.
10. Everyone, except employees of this newspaper and their families, is eligible to enter.

Friday Night There --

# Mustangs Meet Wolverines

In search of their first District 3-A win, Bovina's Mustangs journey to Springlake-Earth Friday night for a fray with the Wolverines.

The Mustangs will possibly have the favorite's banner this week. That's a rarity in itself. Springlake has a 1-5 record while the Mustangs are 2-4. Both clubs are 0-1 in district competition.

The Wolverines were whitewashed last week by Farwell, 20-0, in their district opener while Bovina was stung by the Sudan Hornets, 33-8.

After winning their first two games against Class B competition, the Mustangs have dropped four consecutive tilts. They'll be fighting to get back on the winning road this week and pick up their first district victory since being promoted to the ranks of Class A at the beginning of the 1966 season.

The Ponies were winless in four district games last season. The Wolverines operate their offense from a single wing formation. This is unusual in that the vast majority of teams now use a version of the T formation. With Springlake-Earth's offense, the ball is centered directly to the tailback or fullback.

Roy Stone, Mustang mentor, says he's coached against only one other single wing team during his career. "We'll have

some problems in adjusting our defense for this unusual offense," he observes.

Springlake-Earth's lone win came over the Hart Longhorns, a Class B team. They have been defeated by Amherst, Hale Center, Dimmitt, Tahoka and Farwell. That's a rough group of

opponents barring Amherst and Hart.

The Wolverines are led by their fullback, Terry Bridge and their tailback, Randy Washington.

Kickoff time for the Friday night tilt is 8.

Springlake-Earth won last year's tilt, played here, 37-20.

In other District 3-A action this week, the Farwell Steers take on the Kangaroos at Kress.

Sudan has a non-conference game with O'Donnell.

Kress, Farwell and Sudan are considered favorites to take the district crown.

Saturday --

## 4-H Council Meet Planned

County 4-H Council will meet at the First State Bank of Bovina at 9 a.m. on Saturday, October 21.

Several items of business will be discussed. Election of officers for 1968 and planning the County 4-H Achievement banquet and awards presentation are the two main items of business.

The 1967 officers of the Council are: Ann Blackstone of Lazbuddie, chairman; Loy Dale Clark of Lazbuddie, first vice chairman; Lynne White of Farwell, second vice chairman; Cheryl Kaltwasser of Oklahoma Lane Club, secretary and treasurer; Jan Jameson of Friona, reporter. Ann Blackstone and

Cecil Bowery of Farwell are the delegates to the District Council.

All newly elected presidents and Council delegates from all local clubs are encouraged to attend this meeting. They will be members of the Council for 1968 and this will be a good opportunity for them to learn more about the functions of the council, according to county extension agents.

Purpose of the County Council is to make decisions and plan activities for 4-H on a County basis.

Adult leaders and parents are also invited to attend this meeting.

BRUCE CALDWELL

## Caldwell Bandsman Of Week

Bruce Caldwell has been named Bandsman of the Week by Bovina High School Band.

He is the 15-year-old son of Mr. and Mrs. Bedford Caldwell.

A sophomore in Bovina High School, Bruce has been in band for two years previous to this year. He is the head of the snare drum section and plays the trap set in the stage band.

Two Games --

## Sudan Defeats Junior Teams

Sudan seventh and eighth grade football teams stung the Bovina junior high teams here Thursday in the first games since the squad here had been split into two teams.

The Bovina seventh graders lost by a 40-6 margin, and the eighth graders by a closer 16-7 score.

Bovina scored late in the second quarter of the seventh grade game on a pass play from Quarterback Benny McCain to Halfback Jeff McCormick. The play covered about 45 yards, Coach Bill Nicholais said.

Sudan scored in all quarters of the game, with the halftime score standing at 24-6.

Eighth graders hit the scoreboard first when Halfback Jimmy Harris went over the goal line from six yards out on an end sweep. Harris' kick for extra point was good.

### NO JOY IN MUDVILLE

On August 21, 1887, in a game with the N.Y. Giants, Dan Casey, southpaw pitcher for the Phillies, struck out the ninth inning, thus inspiring Ernest L. Thayer's immortal "Casey at the Bat."

Sudan returned the favor in the first stanza of the ball game and again in the second quarter, running over both extra points.

No one was able to cross the stripe in the second half of play. Outstanding on defense were Raymond Hise, Hugh Rogers, Roy Ramirez and Steve Douglas.

## School Menus

Oct. 23-27

Monday: Oven fried meat, macaroni and cheese, green beans, bread, butter, milk, fruit cocktail with pineapple.

Tuesday: Barbecue, potato salad, sliced tomatoes, rolls, butter, milk, cherry pie.

Wednesday: Orange juice, fried chicken, gravy, creamed potatoes, peas, rolls, butter, milk, cookies.

Thursday: Pizza, beans, lettuce and tomatoes, milk, fruit.

Friday: Pork chops, gravy, creamed potatoes, turnip greens, rolls, butter, milk, rice pudding.

Crippled Children --

## Clinic Planned This Saturday

St. John's Crippled Children's Clinic will be held Saturday at 1 p.m. at St. John's Methodist Church in Lubbock, according to Mrs. Lonnie Fowler.

The clinic is free to anyone needing the services of a specialist for crippled children. The clinic will treat any child needing treatment within the limits of its resources, a newsletter to Mrs. Fowler said.

This includes examination, follow-up treatment, and sometimes surgery when necessary. The clinic is sponsored by the Fellowship Class of St. John's Church, which is located at the corner of 15th Street and College Avenue.

Anyone knowing of a child in the area needing such treat-

ment is urged to contact Mrs. Lonnie Fowler, or J. B. Fowler.

The free clinic has been in operation for several years. However, only one day is set aside for children to undergo examinations at St. John's. The Fellowship Class finances the clinic and following treatment.

### Community Conversation

Joe and Henry Seit of Michigan City, Ind., are here this week visiting Mr. and Mrs. Roy Hawkins and family.

## Friday, The 13th, Hornets Take 3-A Opener By 33-8

A movie was made once about a "Bad Day at Blackrock" and Friday, the 13th, was a bad night at Sudan for the Bovina Mustangs as they were stung by the Hornets to the tune of 33-8.

The game was the District 3-A lid-lifter for both clubs. For the season, the Mustangs are now 2-4 with four games remaining. Coach Roy Stone's charges put a tremendous fight during the first half.

They went ahead in the early stages of the second quarter and led by a score of 8-7 until the final play of the first half. It was this point that the Hornets staged a sensational screen pass play which was good for 42 yards and the go-ahead touchdown and Sudan was in command throughout the second half. The double extra points were tacked onto the touchdown after time had run out in the half to make the score, 8-15.

Sudan took the lead with a scoring effort on the fourth play of the game. Fullback Larry Hanna blasted four yards for the tally which was set up on a 62-yard pass play from Quarterback Ronnie Hill to End Shawn Potter. Potter was caught from behind at the Bovina four

yard line by Rodney Murphy. Hanna scored on the next play. Jerry Bellar's kick made it 7-0 Sudan.

A penalty cost the Mustangs a good break following the kickoff. The Ponies were forced to punt after gaining only five yards in three plays.

Sudan's Steve Martin fumbled Mike Grissom's kick at the Sudan 25 and the ball was recovered by Rodney Murphy. If this play had been allowed to stand, Bovina would have had a first down on the Sudan 25. However, the penalty wiped it out and the ball was moved back to Bovina's 30 from where Grissom booted it again.

Bovina's lone score came after a 78 yard drive which originated at the Mustangs' own 22 yard line where Kent Stenberg pounced on a fumble by Bellar. Fullback Carl Harris and Halfbacks Lynn Murphy and Tommy Sisco took turns in moving the ball downfield and had it on the Sudan 15 yard line in 16 plays. From there Quarterback Daryl Kirkpatrick rifled a pass to End Rodney Murphy who was all alone in the endzone. Kirkpatrick booted the two extra points across and the Mustangs had an 8-7 lead and their fans had something to cheer about.

There was 10:20 left in the second period when the Bovina touchdown was made.

The teams then battled on even terms until the final play of the half when Hill got the screen pass off and instant before he was tackled. Gary Gatewood gathered it in and made a spectacular dash to the goal line in spite of determined efforts by Mustang de-

## Bad Night For Mustangs At Sudan

fenders. Hill passed to Martin for the two extra points for the 8-15 count.

A Mustang fumble early in the third period gave the host team ball possession on the Bovina 21 and the score came seven plays later on a pass from Hill to Billy Gore. Bellar ran the extras to boost the count to 8-23.

The Mustangs couldn't get their offense in gear following the kickoff and were forced to punt from their own 13. A Hill-to-Martin pass for 27 yards got the Hornets back in scoring position but their drive bogged down at the Bovina six yard line. Faced with a fourth down at that point, the Hornets summoned Bellar to boot a field

goal. He was successful and the score was jacked to 8-26.

The Hornets' final TD came with 5:06 remaining in the game. Hill got it on one yard dash. Bellar kicked the extra and the scoring was over at 8-33.

Harris led the Bovina ball-carriers with 60 yards net in 14 runs. Murphy made 40 yards in the same number of attempts. Stuart McMeans picked up 12 in three times. Royce Sisk made one yard on each of two times his number was called. Kirkpatrick completed two passes for 21 yards.

Nine Injured --

## Two Fatalities In September

The Texas Highway Patrol investigated 15 accidents on rural highways in Parmer County during the month of September, according to Sergeant W. E. Wells highway patrol supervisor of this area.

These crashes resulted in two persons killed, nine persons injured and an estimated property damage of \$10,075.00.

The rural accident summary for this county during the first nine months of 1967 shows a total of 90 accidents resulting in five persons killed, 44 persons injured, and an estimated property damage of \$62,311.00.

Trafficwise, the month of October signals the beginning of the most deadly season of the year. From past experience these last three months of the year almost double the number of deaths occurring during the first three months of the year.

The Sergeant listed some factors why these three months are more deadly. (1) October marks the beginning of shorter days and longer nights. These increased hours of darkness will hide dangers otherwise visible during the daylight hours. (2) An increase in traffic due to vehicles conveying school children, football games, harvest vehicles and trailers, and

the holidays. (3) Inclement weather conditions. These factors in varying degrees coupled with high speed cause accidents that would not occur in the daytime.

## Two Enroll In College

Two Bovina students have enrolled for the fall semester at Lubbock Christian College.

They are Beverly Jo Pinner and Billy Marshall.

Miss Pinner, daughter of Mr. and Mrs. Joe M. Pinner, is a 1967 graduate of Bovina High School. She is majoring in education.

Marshall, son of Mr. and Mrs. B. L. Marshall, is a 1966 graduate of Bovina High School. He is majoring in agri-business at LCC.

LCC is a private liberal arts junior college, founded in 1957. It offers associate degrees in 12 different fields and also offers technical vocational training in welding, machine shop and electricity.

## THE LAND AROUND US...by THOMPSON

IN THE YEAR 1 A.D. -- THE POPULATION OF THE WORLD WAS ABOUT 250 MILLION -- ONLY SLIGHTLY MORE THAN THE PRESENT U.S. POPULATION.

### WANKING INCREASES BY 7000

PEOPLE EVERY HOUR OF EVERY DAY, DOUBLING THE POPULATION EVERY 35 YEARS. AT THAT RATE THERE WILL BE 7 BILLION PEOPLE IN THE WORLD IN 2000 A.D. AND 14 BILLION IN THE YEAR 2035!

### DO FEED THESE PEOPLE

MORE FOOD MUST BE PRODUCED ON LESS AVAILABLE LAND. THANKS TO SAFE, EFFECTIVE PESTICIDES AND OTHER CHEMICAL TOOLS, ONE FARMER TODAY PRODUCES FOUR TIMES AS MUCH AS HE DID IN 1900!

## Hurry! Hurry! Get Your Slurry!

This week marks the beginning of our third year of marketing SLURRY, the greatest fertilizer advancement since anhydrous ammonia . . . and the best fertilizer bargain on today's market.

When applied at its recommended rate of 300 pounds per acre, SLURRY eliminates the need for dry fertilizers as it has an available source of 16 pounds of useable phosphate per 100 pounds plus eight pounds of nitrogen and all the trace elements your soil and crops need.

As you plan your fertilizer program for next year, let us talk with you about SLURRY.

Introducing the new 1967
