WICHITA FALLS, TEXAS, FRIDAY, JUNE 14, 1907

NUMBER 29

CITY WILL BUILD ITS OWN SEWER SYSTEM

WAY TO BE MADE

SYSTEM TO BE ESTIMATED-BOND ELECTION.

COURSE ADOPTED

Joint Meeting of Council and Citizens Friday Night.

City of Wichita Falls is going to build a sanitary sewerage system. The sewers will be put down, laid and operated by the municipal government.

The course decided upon was the result of a mass meeting of citizens with the city council at the City Hall Friday night.

At the opening of the meeting Mayor Noble explained the purpose for the meeting which was called. He stated that Will McKemie of Gainesville was asking for a franchise from the city to put in a sewer system in Wichita Falls. He believed that the city would rather have the sewers owned by the city and operated by the municipal government than to see if some plan could not be worked out whereby the city could do

this. He explained that the tax rate was now as high as was permitted under the state law. Provision for an interest and sinking fund, he said, could not be made without diverting the money needed for street work.

At this point N. Henderson came into the hall, whereupon Mayor Noble asked him to explain a plan which he (Mr. Henderson) had said he had in mind.

Mr. Henderson stated that he knew of a town that had put in its own water works system when its tax rate was already as high as was allowed by the statutes. The plant had first been built by private capital and bonds floated. The city had then purchased the plant, paying a sum in cash and owned the plant subject to the bonds. The city then met the cost of maintenance and provided an interest and sinking fund by making a charge for the water used. He thought this plan could be worked here to good advantage.

Judge Carrigan, Mr. Kell and several others participated in the discussion of this plan and finally it was agreed that if it could be legally done that it would be better for the city to put in the sewers, issue bonds for

the costs, and provide a sinking, interest and maintenance fund by making a charge for the use of the sewers. Under this plan every piece of property in the city could be taxed to build the sewers and it was the opinion of several members of the Council that the money that would be taken from the general fund would be fully offset by the receipts from the sewer rentals. Under this plan it is thought that the necessity for an increased tax rate can be evaded.

Judge Montgomery suggested that a committee be appointed to investigate the probable cost and the legal phase of the question. Upon the motion of Mr. Kell, Mr. Montgomery's motion was amended and a motion that "It be the sense of this meeting that the people of Wichita Falls want a sewer system and that the City Council is hereby instructed to employ a competent engineer to make a survey for such a system and prepare an estimate of the cost, and that a bond election be ordered and that the City Council proceed in the regular manner to build the sewer, provided that the bond election is favorable to the sewer," was unanimously adopted.

After this action the meeting adjourned and the Council held an after-meeting to discuss plans for carrying out the order of the meeting.

Just phone us when wanting Welch's Grape Juice. We have it in 25c, 50c and 90c bottles.

TREVATHAN & BLAND.

BREAK THREATENED IN RANKS OF FEDERATION SERIOUS CHARGES

Mrs. Blair Informally Entertains.

Mr. and Mrs. Wiley Blair informally entertained a number of guests at their house party last evening at "Twenty" and "Forty-Two."

The color scheme in the decoration was pink and white and charming effects were wrought with sweet peas and roses. Several excellent musical numbers contributed to the evening's entertainment.

The guest list included Misses Sibyl Kemp, Frances Lysaght, Dot Walker, Flora Anderson, Mary Anderson, Eddie Lee Brooks, Lucille Brooks, Miss Turner of Gainesville, Miss White of Bonham, Misses Jewell Kemp, Eugenia Hubbard, Mildred Foster, Margaret Lysaght, Mr. and Mrs. Charles Huff, Mr. and Mrs. Herbert Marcellus Hughes, Mr. and Mrs. Wiley Pomeroy Blair, Claude Woods, Harley Heath, Jack Jones, Dr. Walker, Dr. Fejder, Tom Fejder, Joe Cave of Dallas, Miss Tiny Cave of Dallas, John Donovan, Ralph Darnell, Walker Hendricks and Mr. Fitzhugh.

If your coal man as been giving you dirt, try the Wichita Grain and Coal Company. They keep only the best.

J MILTON ERWIN, Mgr.

IS MADE AGAINST ACTING PRESIDENT MAHONEY.

WRONG USE OF THE FUNDS

Wrong Use of Funds and Employment of Thugs Among Charges Preferred Against Officials.

By Associated Press.

Denver, Colo., June 13.—A sensation occurred in the Western Federation of Miners today, when Acting President C. E. Mahoney read his report. It presages a break between the Western Federation of Miners and the Industrial Workers of the World, and perhaps a serious fight in the ranks of the Federation itself. Mahoney in his report said that resolutions had been adopted in the local meeting of the McCabe Union of Butte, charging him with using the funds of the Federation to help the Industrial Workers, and also charging Mahoney with being a traitor. Mahoney denies the charges and asks that written charges be filed before

(Continued on Page 7.)

Mentionings of KAHN the Clothier

We have a line of fashionable clothes which are recognized the country over by men who know as the acme of perfection in ready-for-service clothes. The most rigid inspection will convince you that the styles are absolutely correct, that the tailoring is of the highest order, and that the fabrics are of undoubted quality. The sweeping curves and graceful lines of the new Spring and Summer models can't be had elsewhere for the price we sell them. **\$10 to \$35**

Ederheimer, Stein & Co. MAKERS

Our Shirts

Here's news of a bargain that some people would exploit with great flourish of trumpets. We refer to a special line of negligee shirts that we can pass along at 50c. each, some that we have been selling for 75c. and \$1.00. :-: :-: :-: :-: :-: :-: :-:

HATS

We have a complete line of beautiful brown and gray hats in all the latest styles and shapes, :-:

• Both of John B. Stetson and Hawes

Our Summer Underwear, is being taken very rapidly as these long hot days begin to come. Remember we have it for you and it is of the very highest quality.

OPENING SESSION

OF THE AMARILLO PRESBYTERY HELD LAST NIGHT.

BABER FOR MODERATOR

Presbytery is Now in the Midst of Its Labor.

From Wednesday's Daily.

The opening session of the Amarillo Presbytery was convened at the First Presbyterian church in this city at 8:45 o'clock last night.

The session was opened by Rev. W. L. Livingston, who had been designated by the General Assembly at Columbus, Ohio, for that purpose.

Rev. Livingston preached from the text, "And as Thy servant was busy here and there he was gone." From the lesson it was shown that men judge themselves and that they are seldom any better or worse than they think themselves to be.

Continuing, he showed that this is a day of specialists and that it is almost impossible for one man to do two things well. He said that persons entering the ministry should take time to prepare and specialize just as they would in any other calling.

The greatest mistake that the churches make, he said, is that they try to tear down others instead of building up themselves. Discussions should be avoided, as all churches are peculiar enough without making any effort to make them more so.

At the conclusion of the sermon A. B. Haynes was called to the secretary's chair. A communication was then read from the General Assembly. It defined the boundaries of the Amarillo Presbytery and contained the official call for a meeting at this time and place. It showed that the Amarillo, Gregory and North Texas Presbyteries had been united to form the present Amarillo Presbytery.

Following the roll, the election of the moderator was taken up, and Rev. W. C. Baber of Quanah was unanimously chosen.

Following the appointment of a committee to examine two applicants for the ministry the session was adjourned until 9 o'clock this morning.

Those appointed to examine the candidates were S. O. Woods, chairman, and W. L. Livingston and Wm. G. Corey.

NEW TIME TABLE

Officials of the Denver and Wichita Valley Meet in Fort Worth.

Several Fort Worth and Denver railroad officials are in the city, conferring about a new time card that is soon to be placed in effect on that road and the Wichita Valley lines an allied system of the Denver. It was stated at the general offices of the Denver Monday morning that no material changes would be made in time of trains as now operated.

H. A. Gausewitz, superintendent of the Denver at Childress, and O. E. Maer, recently appointed superintendent of the Wichita Valley lines, with Seymour as headquarters, are among the men making the new time card. Both were too busy Monday to be seen relative to the matter.

Dr. Pruett Coming in October.

Rev. A. C. Burroughs returned last night from Dallas, where he had gone for a personal interview with Dr. George W. Pruett, pastor of the First Baptist church, in that city, with reference to securing Rev. Pruett to conduct a series of meetings here. Dr. Pruett's many admirers will be happy to know that Rev. Burroughs succeeded in consummating arrangements whereby Dr. Pruett will hold a series of meetings at the First Baptist church here in October.

METHODIST REVIVAL CLOSES.

Meetings Result in Thirty Conversions and Much Good That Cannot be Calculated.

Rev. Barton's text from the last chapter of Revelations last night was, "The Spirit and the bride say come, let him that heareth say come, let him that is athirst come, and whosoever will let him take of the water of life freely." He showed that the spirit was the Holy Ghost and that it called men in various ways to come to God, sometimes by a sermon or by sickness, death, or maybe a storm. He gave as an illustration an instance of which a man had told him. There was a church lady who was very sick and the doctors had told her she would have to die. She prayed God to save her life that she might raise her little children and promised that if she should get well she would work her very best for the Lord. She was restored, and true to her promise started a prayer meeting in her home and invited all others to meet with and help her. As a result of her efforts two churches were built in that community, two persons were called to preach and one offered to go to the foreign mission field. He emphasized the great need of men paying their vows to God and making greater efforts to serve Him.

He drew a word picture that it is hoped may be realized in a few years. He said that on a beautiful lot in the central part of the town he could see a magnificent Greek church, the prettiest in the world. The upper story of this church was a great auditorium, seating 1000 people or more, while in the lower story or basement there were great reading and rest rooms for those who were in town and had a few hours leisure. Here also the railroad men and the clerks could find a pleasant place to rest. He contrasted such a place with the present lack of it and said that the saloon was about all the place the man was looking for rest and something to interest him had to satisfy his desire. He never thought God should live in the best house in town. God never gave plans and specifications for but one house on this earth and it was the finest the world has ever seen.

The meeting closed last night. There have been about 30 conversions and ten presented themselves last night for membership in the Methodist church. Two of them were baptized. The result of the meeting as a whole are not to be measured by the number of conversions alone. It is claimed that it is in a great measure responsible for the recent acts of the grand jury in certain matters and also influenced our officers and gave them courage to undertake the great things for our town that they are going to do.

SCHOLASTIC CENSUS

Shows Increase of Over One Hundred Over Last Year.

The scholastic census of the Wichita Independent school district recently completed by W. E. Frieze of the school board, shows a decided increase in the number of children between the ages of 7 and 17 over last year's report.

The total number of children between those ages of both sexes and colors this year is 898, while last year's census gave 748. This is an increase of one hundred and fifty within a year and gives some idea as to our increase in population. Of this number 853 are white and there are 438 boys and 415 girls.

The colored population numbers 45, of whom 28 are males and 17 females.

As a result of an adverse report by the grand jury as to the condition of the county jail, the commissioners court this morning awarded a contract to the Wichita Plumbing Company for \$169 worth of improvements on the interior of the building.

ONE EYE IS PUT OUT

LITTLE CHILD MEETS WITH DEPLORABLE ACCIDENT.

STRUCK WITH A KNIFE

Sight of the Right Eye is Probably Destroyed Forever.

From Friday's Daily.

The home of Charles Priebe, who lives two miles south of Wichita Falls, was visited by a sad and deplorable accident this morning.

Elsie, the bright 3-year old daughter, was playing in the yard with an open pocket knife when in some manner she stuck the point of the blade in her right eye. The child suffered excruciating pain after the accident and it is feared that the sight in that eye has been entirely destroyed.

Mr. and Mrs. Priebe left this evening for Fort Worth, where they are taking their little daughter to a specialist in the hope that he may be able to save the sight of the injured eye.

NEW LUMBER COMPANY.

Minnetonka Lumber Co. to Establish a Yard in Wichita Falls.

The Minnetonka Lumber Company of Oklahoma City have purchased lots 100x150 feet on the corner of Eleventh street and Ohio avenue. Work will begin immediately on the buildings and will be pushed with all possible haste. A complete stock of building material will be ordered and shipped so as to arrive as soon as the buildings are ready to receive it. J. R. Eldridge will be in charge and is now in the city seeing after the building arrangements. He says they expect to be ready for business in sixty days or less if possible.

Damage Near Byers.

Byers, Clay Co., Tex., June 5.—A severe rain storm from the north struck this place about 8 o'clock this morning, doing considerable damage to crops. The wall of the First National Bank, now building, was blown down. This same building was blown down about two weeks ago. One of the deep well rigs of the Corsicana Petroleum Company, three miles south of here was blown down. Farmers are planting cotton over for the third time. Seed is getting scarce.

FOOT CUT OFF.

Curtis Phillips, Formerly of This City, Happens to Bad Accident.

From Monday's Daily.

Miss Lenna Phillips of this city received a telegram this morning from Tecumseh, N. M., stating that her brother, Curtis, had fallen under a moving train at that place this morning and had one foot cut off. Miss Phillips will leave on the first train going north to be with her brother.

Among those subscribing for the Daily Times at Burk Burnett yesterday was Dock Brady, a colored man, who is in many respects remarkable. Brady is a professional cook and yesterday morning prepared dinner for 100 people without any assistance whatever. He is employed by the new hotel at Burk Burnett.

If your coal man as been giving you dirt, try the Wichita Grain and Coal Company. They keep only the best.

FRAUD IS CHARGED

BY BOTH SIDES IN OKLAHOMA GUBERNATORIAL CAMPAIGN.

HASKELL CLAIMS VICTORY

But Cruce's Managers Claim That Official Count Will be Required.

Oklahoma City, Okla., June 11.—C. N. Haskell today claimed to have been nominated for governor of the new state of Oklahoma at Saturday's Democratic primaries by a majority of 13,000, while Lee Cruce's managers said that it would require an official count to determine the winner. Both sides charge fraud. It is generally believed that when the counts are reported, it will be found that Haskell has won by a safe margin.

No. 8706.

TREASURY DEPARTMENT.

Office of Comptroller of the Currency, Washington, D. C., May 22, 1907.

WHEREAS, by satisfactory evidence presented to the undersigned, it has been made to appear that the First National Bank of Burkburnett, in the County of Wichita and State of Texas, has complied with all the provisions of the Statutes of the United States, requiring to be complied with before an association shall be authorized to commence the business of banking:

NOW, THEREFORE, I, William B. Ridgely, Comptroller of the Currency, do hereby certify that the First National Bank of Burkburnett, in the County of Wichita, and State of Texas, is authorized to commence the business of banking, as provided in Section fifty-one hundred and sixty-nine of the Revised Statutes of the United States.

IN TESTIMONY WHEREOF, witness my hand and seal of office, this twenty-second day of May, 1907.

[SEAL] **WILLIAM B. RIDGELY,** 27-St. Comptroller of the Currency.

A Fatal Accident.

In attempting to board a switch engine at Childress Saturday morning Walter F. Rush, an 18-year old switchman, fell under the wheels, sustaining injuries which proved fatal after he had been placed in a Fort Worth hospital. Both legs of the victim were crushed and he was also badly bruised. He died at midnight Saturday. Young Rush had been in the employ of the company only two weeks and was inexperienced in railroad work.

His home was at Tulla, where his remains were shipped from Ft. Worth yesterday.

WANTED—Subscribers for the Daily Times!

ROUNTREE-JOYCE.

Pretty Home Wedding Took Place Last Night.

From Friday's Daily. At a pretty home wedding last night at half past eight o'clock at the residence of the bride's parents, Mr. and Mrs. R. H. Joyce, on Burnett avenue, their only daughter, Willye, was united in the holy bonds of matrimony to Mr. Charles W. Rountree of Gainesville.

The ceremony was pronounced by the Rev. A. C. Burroughs, pastor of the First Baptist church.

The parlors of the Joyce home were prettily decorated for the event and a throng of friends were gathered to witness the ceremony.

The wedding march was played beautifully by Miss Pick Hyer.

The bride was attended by two brides' maids, Miss Evelyn Rountree of Henrietta, a sister of the groom, and Miss Elsie Holloway of Petrolia. Both wore gowns of pink crepe de chine.

The flower girls were Misses Mabel Tompkins and Mabel Simpson.

The bride wore a lovely gown of white lace over blue silk and never was prettier or more charming than on this occasion. The groom was attended by Mr. R. H. Helm of Henrietta.

Following the ceremony an elegant luncheon was served.

Mr. Rountree and his bride left today for Gainesville, where Mr. Rountree is engaged in the lumber business and where they will make their future home.

The Times, with their many other friends, extends congratulations and wishes for them a long and happy life.

Baylor County Cotton.

The ginning season closed at Seymour with a total of 5,715 at the two gins. The total number of bales shipped from this place was 15,453, against a total last year of 15,158. Much more cotton was raised in this country last season than the season before, but the extension of the Wichita Valley caused a large number of bales to be shipped from other points down the road. The acreage this year has been vastly increased, so that next season, if conditions are favorable, ought to bring 20,000 bales here for shipment. The compress, too, will prove a great drawing card and may run the total up to a much larger figure than this.—Baylor County Banner.

Pocket knives. Over 80 different patterns at E. M. Winfrey & Co's.

HOUSES UNROOFED

ANOTHER STORM DOES DAMAGE IN KENTUCKY TOWN.

STEAMER OVERTURNED

In the Fierce Gale and Went to the Bottom of the River.

Cattlesburg, Ky., June 11.—This city was in total darkness last night and there is scarcely a whole roof, skylight or window in the city. A number of houses were completely unroofed and one house was blown from its foundations by the severe wind. The streets are strewn with all sorts of debris, and the wires of the telephone and telegraph companies are tangled.

The electric light plant was smashed by the falling smoke stacks and will be disabled for several days. No casualties have been reported.

The steamer Cando was turned over on its side and went down the river. The Emma-Marie went to her assistance, but could not land her. She was valued at \$8,000.00.

The roof was blown from the county court house, the Methodist Episcopal church, the Meek Printing Company's building and a number of other buildings.

To the Public.

Some of the physicians of this place have taken special delight in reporting that Dr. DuVal, my partner, was not a graduate in medicine and had been practicing only one year. I take this means of denouncing these reports as wilful and malicious falsehoods, being told with the hope of injuring Dr. DuVal as well as myself. I have seen his diploma as well as his license to practice medicine and know whereof I speak.

ROBT. ROBERTSON, M. D.

Referring to the above will say I was licensed to practice medicine in 1892—15 years ago—and am a graduate of Tulane University of New Orleans.

BURKBURNETT SALENEW TOWN ON THE RED RIVER
OPENED THURSDAY.**LOT SALE WAS AUSPICIOUS**Many Residences and Business Houses
Will Be Built at Once and the
Future is Promising.

From Friday's Daily.

The opening of the new town of Burk Burnett with a big auction sale of town lots was an entire success and the number of lots sold to persons who intend to build homes and business houses upon them insures a goodly population for the new town from the very start and the splendid land surrounding the town and its excellent situation from a commercial standpoint makes the promise of future growth very bright. At the opening of the sale yesterday Mr. Donegby announced that every lot that was offered would be sold whether it brought \$25 or \$5,000. No bids for less than \$5 would be entertained and the terms were one-third cash, one-third in six months and the balance in one year. Another feature of the sale was that the man who bought a lot had first chance at the adjoining lots. He could take as many adjoining lots as he wanted at the price he was to pay for the one he bid in.

Another commendable feature was that the auctioneer's wagon was driven from place to place about, over the townsite and whenever a lot was offered for sale the wagon was standing on it. There could thus be no doubt in the mind of the purchaser about the location of his lot.

The entire morning was occupied with the sale of business lots. In the afternoon residence lots were offered. The highest bid on residence lots was \$110 and the lowest about \$30. Only about two blocks were sold when the bidding got to be a little slow and the townsites people, feeling that the people were not very anxious to buy and that they were not getting for their lots what they were worth or what they would sell for later, declined to proceed further with the sale and did not offer any more lots for sale at auction.

The townsites officials, the auctioneers and the greater part of the people went on the train to Kell in the evening. These, together with the passengers who were going to Kell, filled the five passenger coaches to the limit. Returning to this city in the evening the train was not unduly crowded. It arrived here at 6:40.

Asked as to how the sale measured up to their expectations, Mr. Donegby, on his return trip, said: "We did well. We sold between \$20,000 and \$40,000 worth of lots today. We would have done much better if the weather had been more favorable, but under the circumstances I consider that we did very well."

Soon after the special arrived, a boy with a cornet called the crowd together at the corner of Scott avenue and Avenue B, near the depot and at 10:10 a. m., when the crowd had gathered Burk Burnett mounted the auction wagon and addressed the crowd. He said in substance:

Burnett's Speech.

Gentlemen and Fellow Citizens: I am truly proud to greet you on the site of a town named after myself. I am not a speaker, as you all know. I have never been to a round up like this one in this country. I have been to lots of round ups here, but this is the first time I ever saw all of them come on two feet. We usually brought them in on four.

"I am glad that I have turned this land over to such men as Kemp, Kell and Donegby, who will take it and build railroads, towns and homes. I didn't have sense enough to make of it what God intended it should be,

and I couldn't make out of it what they can.

"As I cannot possibly do justice to this grand occasion, I introduce to you T. J. Powell, ex-mayor of Fort Worth, who will represent me on this grand occasion."

Powell's Talk.

Mr. Powell then rose and acknowledging the honor conferred upon him by Mr. Burnett in selecting him as spokesman, he said in part:

"Mr. Burnett and Gentlemen: Mr. Burnett says he has selected me to represent him. I can't do that. No one can do that. He is in a class by himself and has many characteristics peculiarly his own. I shall not set myself to the impossible task of representing such a man.

"Coming on the train this morning we talked of the times and conditions thirty-two years ago and it seemed to me that there was in his conversation and general manner a lingering regret that he had turned this country over to those who were fast changing it from a cow ranch into a farming country. He was pretty much like the young orator. On one occasion a town was celebrating its twentieth anniversary and a young orator was selected to make the big speech of the occasion. He hiked to the woods and from Friday's Daily, fixed up his speech. On the day appointed he arose and addressed the crowd: 'Twenty years ago the site on which this town now stands was a part and parcel of a howling wilderness and—' he forgot his speech. He tried again and failed. The third time he braced himself, collected his thoughts and began: 'Twenty years ago the site on which this town now stands was a part and parcel of a howling wilderness and—d—n me if I don't wish it was yet. That's Burk. (Laughter.)

"Burk came from Denton county to this country thirty-two years ago. He hauled his first lumber from Ft. Worth with a six-ox team, to build, so far as he knows, the first frame house that was ever put up in Wichita county.

He Fought Indians.

"He fought the Indians to maintain his rightful possession of this land and fought the herds of buffalo that threatened at times to destroy his herds of cattle. But, he, like other men, had to give up his big pasture; had to yield to the man with the hoe. Even so almost everything had to give up to the man with the hoe. He is a ruler.

"In 1881 Burnett came from Birk station to this country and built his old ranch headquarters, using some of the same lumber he brought from Ft. Worth. He made treaties with the Indians, whereby he gained control of a large part of the big pasture across Red River and, he it said to his credit, he never once had the least trouble with them.

A Prophecy Fulfilled.

"On New Year's Day, seventeen years ago Burnett and I stood upon the ridge seven miles north of Red River. We had followed a bunch of turkeys that the hounds had run out of the bottoms. We looked across the river and saw the smoke ascending from the old ranch and the old ranch house. Burnett swung his old sixshooter around his head, saying that was the signal for the boys to come up. They came. Standing on the highest part of the country and looking across at the rich valley on this side he said: 'Powell, some day there will be a city in that fine valley over there. God never made a better farming country anywhere in the world.'

A Tribute to Burnett.

"There never was a truer and better man than Burk Burnett. Few indeed have such spirit and great character. He is who alert on the prairie, drove the Indians out and opened the way for the brain, brawn and genius of such men as Kemp, Kell and Donegby to build railroads and

develop the greatest country in the greatest State of the Union.

"I fear that we do not appreciate the efforts of these men who take first part in all these great undertakings. Look at the Kemp irrigation scheme. The value of that undertaking is not to be measured so much by the size of the dam, the area covered by the lake or the amount of land that it will irrigate, but the greatest benefit is the demonstration of a problem. It shows that this soil that is underlaid with clay will hold water like a jug. It is only a question of time when all these valleys will be irrigated and the yield doubled. The time of the cow man is gone and a new era is breaking upon us.

"Twenty thousand acres of land here have been cut up into 80, 100 and 160 acre tracts that will be sold to settlers and farmers. If Wichita Falls will do the same with the land around it the population in five years will be three times what it is now. The government officials showed great judgment in selling farms in Oklahoma to actual settlers. Mark what I tell you. In five years the country around Burk Burnett will contain more people to the square mile than any other section of the state, outside of our large cities.

"Burkburnett has one railroad. From the Dallas News, I see that another is to be built from Henrietta to this place, forty-five miles through the Red River valley land. Another, the Lawton & Southwestern, is headed this way.

The Future.

"This place is the natural market for all the products of the big pasture. No towns can be built this side of Kell and if that country grows cotton like they do east of it, there will be

Eternity

The boys and girls we cannot neglect at any time. The great men and women of the future are the boys and girls of today and they deserve to be properly shod in good shoes.

If you buy ill-fitting and uncomfortable shoes for your children, you may ruin their feet and make trouble for them the rest of their lives. If you buy shoes for them that are not well made, that allow their feet to get cold and wet, you may be doing something to make them sick, possibly invalids for the rest of their lives. You would not maliciously ruin their feet or make them sick, of course.

Why then, do you not buy "Eternity" school shoes for them? The shoes that fit and feel good from the minute they first put them on, wear well and please, and cost no more than the other kinds.

"Eternity" school shoes have two full soles from toe to toe that are put on with screw fasteners. That's why they keep the feet always warm and dry and the soles can't rip and pull apart.

As they have a neat dressy appearance, these shoes can be used for both service and dress.

Remember:—
"Nothing Lasts Like Eternity."

ETERNITY SCHOOL SHOES

STAR BRAND ARE BETTER

P. H. PENNINGTON CO.

more cotton marketed here than at any other town on the Denver railway.

"Another thing I wish to mention is that Burnett has lived here and planted crops for twenty years and in the twenty years there has been only one crop failure.

"Burk Burnett, the man that everything he touches turns to gold, has not held this great country from those

who want to improve it, but he has held it up. He has done his part in the matter and deserves credit for it. In my opinion he is one of the noblest men in the State of Texas.

FOR SALE.—One J. I. Case horse engine; one J. I. Case pump. Good as new. Easy to handle. Cheap.

Rock & Duke

The Style Store of Wichita Falls

COMING TO WICHITA FALLS.

C. L. Fontaine Will be General Freight and Passenger Agent for the W. F. and N. W. Ry.

Galveston, Tex., June 10.—C. L. Fontaine, for three years general agent, freight department of the Santa Fe, has resigned his position with that company to become general freight and passenger agent of the Wichita Falls and Northwestern Railway. Mr. Fontaine has made many friends for himself and the line he represents in local railroad circles during his service with the road in Galveston. His friends wish him unbounded success in his new field of endeavor and feel confident that he will acquit himself with credit.

The Wichita Falls and Northwestern is a new road which is built in two directions out of Wichita Falls. It is now being extended northeastwardly out of that city in the direction of Brownwood, Texas. The road is being financed by Texas capitalists and the Kemperns of this city are interested in the line. The country which will be traversed by the new line is rapidly settling up with an excellent class of agriculturists and is destined to be one of the most prosperous sections of the two states.

Mr. Fontaine expects to take charge of his new post by June 10. The headquarters of the road are at Wichita Falls and Mr. Fontaine will reside in that city in the future.

GIRLHOOD FRIENDS

Meet Today After Separation of Over Thirty-three Years.

A joyous yet pathetic meeting took place at the residence of Marshal R. P. Gwinn this morning. The principals were Mrs. C. C. Allen and Mrs. W. W. Bailey, both residents of Wichita county. These two ladies were girls together back in old Mississippi. Both left their old home after they became matrons and today was the first time they had seen each other in over thirty-three years. It so happened that both of their husbands had been drawn as members of the grand jury.

Knowing the girlhood friendship of Mrs. Allen and Mrs. Bailey, Marshal Gwinn arranged that both ladies and their husbands should take dinner at his home today.

Thus it happened that after a separation of over thirty-three years these estimable ladies are reunited. Exclamations of joy, mingled with tears, attended the meeting of the two long separated friends. The arms of each were entwined about the other and what a happy time they are having today talking together over the dear old days back in Mississippi.

Vernon's Population.

City enumerator Sherrill finished taking the scholars' census of Vernon Saturday, and while taking the census he made it a point to take the population of the town. The number is 2632, including 82 colored people. The number of children entitled to attend the school without pay runs up to 597. There is a goodly settled territory just outside the city limits, which if taken would run the number to 3000.—Vernon Hornet

Improvements at Frederick.

At the municipal bond elections held in Frederick, Okla., last Tuesday, the vote was in favor of the issuance of bonds to the amount of \$52,000 for public improvements. Of this amount \$25,000 is to be expended in the installation of an aseptic sewerage system.

The sum of \$17,000 was voted for the erection of a new public school system.

The remaining \$10,000 will be expended in the extension of the water system.

FOR SALE.

Choice residence and business lots, improved and unimproved. N. HENDERSON, Owner.

NEW ORLEANS LINE

ROUTE OF EXTENSION OF K. C. SOUTHERN ANNOUNCED.

SHORT BRANCH RAILROAD

Between New Orleans and Kansas City Will Be Built.

Kansas City, Mo., June 12.—J. A. Edson, president of the Kansas City Southern railway last night announced the route of the proposed extension of the line to New Orleans. The New Orleans branch will start from Leesville, La., and run southeasterly through Oberlin and Eunice to Crowley on the Southern Pacific, which will be paralleled as far as New Iberia. From that point the route runs easterly and southeasterly between the Texas & Pacific and Southern Pacific lines passing through a rich sugar plantation country. The length of the branch from Leesville to New Orleans will be about 250 miles and the distance from Kansas City to New Orleans 918 miles. This is to be the short line between Kansas City and New Orleans.

Big Advance in Feed Prices.

Talking with one of the liverymen a day or two ago we learned that during the past year prices on feed have advanced from 75 to 90 per cent, and his advices are that there is no prospect of a reduction this year.

For example, last year oats could be had at 32 and 33 cents, while now they cost, in car lots, laid down in Abilene, besides the cost of unloading, 60 cents. Corn, then 50 cents, is now 75 cents. Hay that last year sold at \$7 and \$8 a ton now goes at \$12.50. Bran has gone from \$1 per hundred to \$1.40. Chops have advanced from \$1 to \$1.45. As before stated, the crop reports from all over the United States are such that no let-up in prices can be prophesied for this year, and none until a better crop is made.

Now, what does this mean to the farmers? To us it indicates that the planting of feed crops is the part of wisdom and that it will mean better profits than even 12 cent cotton, if it should go to that figure. It is always safe to plant and take care of feed crops, and when prices are soaring as they are at this time, it is especially wise to look after the provender that almost every family in the land must have. The same informant tells us that he cannot engage feed for future delivery at the above figures anywhere and this shows that prices will probably go still higher.

Even flour has advanced about 30 cents in the past two or three months. It seems to us that there is an opportunity for the farmers to make some mighty good money, and to save a great deal by planting feed crops that will sell at good figures and will keep them from having to pay fancy prices for what they have to use in keeping their own work and milk stock.—Abilene Reporter.

TOWN MARSHAL KILLED.

Shot By Burglars Who Were Looting Saloon.

Fort Wayne, Ind., June 7.—Columbus Croy, town marshal at Shirley, a city fifteen miles northeast of here, was shot and instantly killed early today by burglars who were looting a saloon. The burglars escaped.

To Fight Green Bugs.

H. B. Dorsey, secretary of the Texas Grain Dealers' Association, will within a few days start on a trip over the Texas grain belt for the purpose of raising a fund of \$2,000 to be used in establishing and equipping a state laboratory at Plano for experimenting with green bugs and keeping on hand nature's enemies of this pest.

BEAN & STONE, Wichita Falls, Texas.

WILL DRILL FOR OIL

LOCAL CAPITALISTS WILL SIN A WELL AT ALLENDALE.

HOPE TO MAKE A STRIKE

Geological Formations Point to Existence of Oil in Paying Quantities.

Will Allendale prove another Petrolia? If it does it will fulfill the hopes and expectations of a number of Wichita Falls capitalists who are putting up some good money in the hope of developing a paying oil field in that vicinity.

Within the last few days a company has been organized in Wichita Falls to prospect for oil on L. B. Duckett's farm and the contract has been let for the sinking of the first well, upon which drilling is to begin within a few days.

Those comprising the new company are J. Markowitz, J. Nussbaum, J. A. Kemp, Frank Kell, Rod Oliver, A. H. Carrigan, J. C. Whaley, Bean & Stone and J. A. Lee.

The well will be sunk by J. A. Lee. The Duckett farm was selected by the company for the scene of its first operations, because the indications are better for oil than in any other section of Wichita county.

It is on this farm that gas flows from a surface well and this gas will be utilized by Mr. Lee to furnish the power for his drilling apparatus.

You can get pure cider vinegar from King & White. d&w-tf

We have a number of young people in the State University who will graduate next year, but so far as we know Mr. McGrath is the first young man from Wichita Falls to graduate from the State University. His many friends will join us in congratulations.

TEXAS AND THE OLD LINE LIFE INSURANCE COMPANIES.

The old line life insurance companies, the New York Life, the Equitable and the Mutual, are withdrawing from Texas as rapidly as they can, on account of the passage by the Thirtieth Legislature of that is known as the Robertson bill. The law provides that the companies doing business in Texas shall invest a certain per cent of their earnings in Texas securities. Against this law the three above named companies have entered a vigorous protest, and rather than comply with the provisions of the Robertson bill have determined to "move out" of Texas. The Dallas News has taken up the cause of the life insurance companies and is producing some strong editorials denouncing what it terms "the passage of a radical and unnecessary law." In fact the fervent protest of the News, while the bill was being discussed in the Legislature, compared with the vigorous fight it is now making for the life insurance companies, leads one to believe that if the News, with its wonderful influence, had made this strong protest sooner, it could have made its influence felt. Statistics show that the life insurance companies have taken out of Texas about \$10 for every one they have brought or left here, and now that the Legislature has seen proper to pass the Robertson bill, which seeks to cure this evil, the Times is of the opinion the law should be given a fair test. Even if the old line companies do leave the State, there is every indication that others will be, and in fact have already been organized to take care of the vast amount of insurance business that the old line companies declare they will refuse to carry. These new companies are responsible concerns, and in their advertisements say they are perfectly willing to comply to the letter with this "radical and unnecessary law." Texas has been greatly imposed upon by the old line life insurance companies for years, and the Times is only surprised at the stand the State's greatest newspaper, and perhaps her greatest friend, is taking in this matter. The Robertson bill is all right, and if those companies which have grown rich on Texas business do not wish to comply with its provisions, the matter of getting out of Texas is up to them.

Gore, the man who succeeded in winning the democratic nomination for United States Senator in the new State of Oklahoma in last Saturday's primaries, is a blind man and has been in that condition for years. He is a native of the State of Mississippi and taught school in that State for several years, even after he had lost his sight. Later he moved to Texas, making his home at Corsicana. While in Mississippi and Texas, he was one of the prominent leaders of the Populist party, and has great oratorical abilities. He claims his flop back into the Democratic party did not require the sacrifice of the principles for which he stood, while advocating Populist doctrines.

A STRONG PULL ALL TOGETHER NOW.

By a strong and united effort, Wichita Falls can secure a cotton factory. The opportunity for doing this will present itself at a mass meeting of citizens at the court house called by the Chamber of Commerce for Tuesday night of next week. At that meeting the man who proposes to establish and operate the enterprise will submit his proposition. As the Times understands the matter, he proposes to take for himself and associates one-half the capital stock, provided the other half is subscribed for by local people. He is a man well known to some of our citizens, and is the same party who established the cotton mill at Waxahachie, which has paid handsome dividends every year since the factory was placed in operation. He is not dissatisfied with his investments at Waxahachie, but on the contrary is highly pleased and expects to retain his holdings at that place. Owing to the fact that the Wichita & Southern is to be constructed, and when completed will open up one of the largest coal fields in the west, he thinks, and with good reason, that Wichita Falls will be an excellent point at which to establish a cotton factory, as it not only guarantees cheap fuel, but will also be in the midst of as fine a cotton raising country as can be found anywhere. This is a matter that should appeal to every citizen of Wichita Falls and the Times hopes that the mass meeting called for next Tuesday night for the purpose of considering the proposition to be submitted will be attended by every citizen who has the future welfare of Wichita Falls at heart and after the conclusion of the meeting it hopes to be able to announce on Wednesday of next week that the cotton factory will be built.

In the trial of Wood, Pettibone and Moyer now under way at Boise, Idaho, the testimony of Harry Orchard, the assassin and informer, if true, shows to what extent that particular labor organization has gone to carry its point. The public, however, should withhold its judgment for awhile. As yet, only a part of one side of the testimony in the case has been recorded. The defendants may be in a position to disprove by competent evidence every word of the testimony so far given in by Orchard, and in that event they should and doubtless will be acquitted of the awful crime for which they are being tried. Unless they can do this, however, it is very evident that there is a crying demand for the use of several strings of hemp in that immediate vicinity. It has already been established beyond the question of doubt, that Orchard is a criminal of the worst type and the mere fact that he has turned State's evidence and incriminated others along with him should not be the means of allowing him to escape the severest penalty that can be inflicted by the law.

Beginning July 1, every piece of mail which enters the local postoffice will be weighed, counted and classified. This will be done for a period of six months in all postoffices in the country. The postoffice claims to have discovered frauds in the weighing of mail on the railroads and that when the mails were weighed the last time that they were stuffed. This is the cause of the new order.

It is mentioned as an unusual thing that of all the lots sold to all kinds of people at the Burkburnett auction not a man as yet has failed or refused to take the lots he bid on. This speaks well for our citizens and those of other places who attended the sale.

The board of directors of the Wichita Valley Railway Company held their regular meeting in this city this morning. There was nothing of importance before them, outside of the regular routine of operative business.

AFTER THE TAX DODGER.

Commissioners Order Sheriff to Levy on Property for Unpaid Taxes.

In the matter of the delinquent tax list the commissioners court yesterday refused to accept the report of the tax collector, because they said there were some names on the list that could be made to pay their taxes by attaching property that could be levied on for taxes. The sheriff was given instructions to see these parties either personally or by deputy and if they still refused to pay their taxes to levy on such property as he might find subject to sale for taxes.

This is a local application of the general attack on the professional tax dodger and if the sheriff carries out his instructions and there is no doubt but what he will, the man who hasn't paid his taxes, but is able and can be made to do it, had just as well come across without saying anything about it. The less trouble, the less expense.

Attorneys for the Waters Petroleum Oil Company are complaining that the fines imposed on the company by the State in the recent ouster suits are excessive and amount to confiscation. Let's see. At the outset the State asked for the sum of \$5,000,000 in fines and penalties. The attorneys for the defendant company thought that \$50 per day for every day their clients had violated the anti-trust law, would have been punishment sufficient. Had the jury before whom the case was tried viewed the matter in that light, this "terrible" punishment would have amounted to just ten cents per day—on the supposition that the company has 500 agencies in the State, and that every one of them had violated the law. The verdict, as rendered by the Travis County jury, is more of a compromise verdict than anything else, and the fines and penalties are low enough. The proper thing to do now is to collect these fines and penalties, and this Attorney General Davidson seems determined to do. If he makes good, the people of the State will owe him a debt of gratitude which they will discharge at the first opportunity which may present itself.

There has been much written of late about the rendering of property for taxation at full value, and many are under the impression that the law requiring this to be done was enacted by the Thirtieth legislature. This is a wrong impression. The law is an old one, but heretofore has not been enforced. The attempt to enforce this law is the work of State Revenue Agent McDonald. If he succeeds, property owners will not be required to pay more taxes than heretofore, for the simple reason that when the state finds that the tax levy is greater than is required to meet current expenses it will be lowered. The object of the law a good one and has for its purpose to require the man who has the property to pay his just share of the taxes. As is well known, most property holders, large and small, have been in the habit of rendering their property for only about 65 per cent of its real value. Under a strict enforcement of the law, this cannot be done, but all property will have to be rendered for tax purposes at its full value.

To the People of Wichita Falls:
I am managing a plumbing shop here for my boys. I know where all the mains and cutoffs are and can save you money on your plumbing and pipefitting. Respectfully,
J. L. MOORE, The Plumber.

And Agents for the best Fire Insurance Company in the United States.

JANUARY AND JUNE

MRS. STELLA HUNT AND MR. C. T. WILLIAMS JOINED IN WEDLOCK.

WIDE DISPARITY OF AGES

Was No Hindrance to the Course of True Love.

Mr. E. T. Williams, aged 80 years, and Mrs. Stella Hunt, aged 22, were united in marriage at the court house this morning by Judge Yeager. Both of the contracting parties live in the Thornberry neighborhood. Mrs. Hunt has two small children.

Mr. Williams' first wife died several years ago, and though he had plenty of the world's goods, there was that aching void in his heart that only the company and comfort of a true wife can remove. His young wife will be an eternal source of comfort to him and will be well-cared for while he lives and amply provided for when he shall pass away.

They took dinner at the Denison hotel today and start this evening on a wedding tour of the Northern States. They will go first to Griggsville, Ill., and on their return will visit St. Louis and other prominent points.

They will reside in the Thornberry neighborhood after their return from the North.

POSTMASTER GETS INCREASE.

Salary Raised From \$2,200 to \$2,300—

Many Other Towns Get Raise.

Beginning with July 1st, the salary of the Wichita Falls postmaster will be increased from \$2,200 to \$2,300 per annum.

A large number of Texas postmasters will get increases in their salaries at that time. The Abilene postmaster will be raised from \$2,500 to \$2,600; Amarillo from \$2,500 to \$2,600; Bowie from \$1,900 to \$2,000; Decatur from \$1,700 to \$1,800; Hereford from \$1,500 to \$1,800; Mineral Wells from \$2,300 to \$2,400; Quanah from \$1,700 to \$1,800; Seymour from \$1,400 to \$1,600; Stamford from \$1,900 to \$2,100; Vernon from \$1,800 to \$2,100.

MORRIS & FARRIS

Men's Gospel Meeting.

Sunday evening at the Methodist church a movement was set on foot to organize what is known as a men's gospel meeting. The movement, the name implies, is a religious one and is very similar to the common prayer meeting, except that only men attend and take part in the services. Besides the prayer service a subject is discussed at each meeting and helpful hints on church work are given and received.

It is not denominational in the nature and is for all consecrated Christians and others who are deeply interested in the advancement of church interests in the town.

Rev. Barton appointed a committee on arrangements as follows: J. W. Morris, chairman, Job Barnett, T. C. Thatcher and W. K. Perry.

This committee met after the service at the Methodist church Monday morning and arranged some preliminary matters. A partial program for Sunday was announced.

E. W. Morris will lead the service with a fifteen minute talk on "The Mission," which is the subject for the evening. Others will volunteer to follow with five minute discourses on the subject.

A male quartette will sing a song of their own selection. There will be three instruments used in the choir which will be in the hands of C. D. Durland.

The meeting will be held at 8 o'clock in the afternoon at the Methodist church.

SIDEWALKS ORDERED

COUNCIL MEETS TO DISCUSS SEWER BONDS.

ABSENCE OF A MEMBER

Made Proposed Action Invalid and Other Matters Were Considered.

The City Council met in special session Wednesday to take action upon the matter of the proposed bond issue for the sanitary sewerage system which is to be put down in this city, but on account of the absence of one of the members, the legality of the proceedings would have been invalidated and no action was taken.

The council heard a partial report from City Tax Collector, showing that \$260.26 in back taxes had been collected since January.

The next matter taken up was new sidewalks and before their adjournment the council had ordered new cement pavements as follows:

On both sides of Lamar avenue between Thirteenth and Sixteenth both sides of Thirteenth street from Lamar avenue to Bluff street; both sides of Bluff street from Tenth to Thirteenth street; from Bluff street to Brook street on both sides of Tenth street.

Two merchants against whom charges had been preferred for violations of the Sunday law in selling cold drinks, appeared before the council to have their fines remitted.

Upon investigation the council learned that no fines had yet been assessed against them, and therefore they could not take any action in the matter.

THE MASK OF HEALTH.

Few People are Really as Well as They Look—Cause and Remedy.

Many people in Wichita Falls, both men and women, who believe themselves to be in perfect health, are often in the greatest danger.

The most common cause of ill health is indigestion, with a myriad of symptoms, such as headache, sleeplessness, specks before the eyes, pains in the back and side, distress after eating, etc.

In the last few years the success of physicians everywhere with Mi-na stomach tablets has made them known far and wide as the acknowledged specific for the treatment of stomach diseases. They strengthen the digestive organs so that in a few days the stomach is in such shape that it takes care itself of all the food that is eaten without pain or distress.

R. Robertson gives an absolute unqualified guarantee that your money will be refunded unless Mi-na cures. R. Robertson takes the whole risk and the remedy will not cost you a penny unless it cures you.

From Thursday's Daily.

Ex-City Marshal H. E. Stearns was seen coming in from the country this morning with a good-sized bob-cat tied behind his saddle. A wolf hunt had been planned this morning, but for some reason the party failed to materialize. Mr. Stearns went out alone and succeeded in killing the cat.

If your windmill or pump is not giving satisfaction see M. O. Moore & Co., at the Wichita Grain & Coal Co. building. They will know how to make them do the work. 29-tf.

Registered Jersey cows and helpers and calves for sale. Also registered Poland China hogs. Write or come and see them. W. B. BUCKNER, w-1m Bowle, Texas.

At the market conducted by the ladies of the Presbyterian church on Saturday afternoon the neat sum of \$25.25 was realized.

CAN'T SUPPLY DEMAND.

Wonderful Activity in Cotton Goods Market.

In commenting upon the activity in the cotton mill industry, the Cincinnati Enquirer says:

"In cotton goods the demand is really very great. In the line of print cloths it can be rightly termed colossal. Manufacturers of these goods do not desire additional orders, for they have all they can fill for months ahead, and they look forward to much higher prices before the close of the year.

Many of the cotton manufacturers are more concerned about the filling of orders they already have than they are about the summer many of their operatives take vacation, and this cuts down the average output and this year more than any year before. It is apprehended by the manufacturers, more time will be spent by operatives on their vacations. The operatives have earned more money than in other periods. They have greater cash reserves than ever before, and it stands to reason that they will take more time for vacations than ever before. At the same time the pressure for goods upon the manufacturers was never so great as at present.

"Thousands more operatives could readily secure employment at the highest rate of wages ever paid, and with these conditions the mill owners face a certainty of a large diminution of their output, owing to the vacations of their operatives this summer. These are conditions throughout New England and New York State. That the cotton mills in the South are under the same pressure for goods is evidenced by the recent action of the cotton manufacturers of Augusta, Ga. They have posted in their mills official notices of an increase in wages of steady workmen.

"The mills pay every two weeks and the owners offer a bonus of 6 per cent advance on the pay of the employee who works the entire 12 working days in two weeks. To the employee who will work 11 days in the two weeks an advance of 5 per cent on the wage scale is offered.

"The purpose is to put a premium on the steady workmen and to keep the machinery going at the best possible gait. The statement is made that the wage scale of the cotton mills at Augusta, Ga., is as high as that of the New England mills and, as the cost of living in the South is much less than in New England, the operatives should save more money than those farther North. The Augusta plan of premiums to the steady operatives will be approved by the majority of the Northern manufacturers and it is quite probable that during the present summer some similar offer will be made by the mill owners of New England to their working people."

Notice to the Public.

On display at the spacious store of the Wichita Falls Implement Company can be seen one of the famous Bush & Lane Pianos in colonial style. A special invitation is extended to the public to call and examine this wonderful instrument. No matter whether you are ready to buy or not, we will take pleasure in showing its points of advantage. We especially invite the criticism of the musicians of Wichita Falls and will take pleasure in explaining the merits of the Bush & Lane. All we ask of the piano buying public is a chance to compare the celebrated Bush & Lane piano with others claiming superiority. You can buy a piano at the right price on the right terms and get the right quality right here at home. Yours for courteous treatment.

BREAK THREATENED IN RANKS OF FEDERATION

(Continued from First Page.)

the present convention and that he be given a chance to defend himself. He said that if the charges proved true, he would ask the convention to expel him from membership. The charges are based on the alleged actions of Mahoney and some other Federation men at the last convention of Industrial Workers held in Chicago. Vincent St. John, of Goldfield, Nevada, a member of the executive board of the Federation and one of the four Federation men at the Industrial Workers' convention, in his report to the convention, said a minority in the convention, supported by its officers, stole all the offices and refused to make a report of the condition of the funds and delayed the meetings in order to tire out the delegates. St. John declared that the officers employed thugs to slug those who protested against those high handed proceedings. He said that he himself was hit with a slung shot. Mahoney, St. John charged, was present when the thugs were employed and made no protest. He said also that John McMullen, a member of the executive board of the Western Federation of Miners, knew of the employment of thugs and conspired with C. O. Sherman, of the Industrial Workers, and others to steal the offices and run the convention with a high hand. Up to 1 o'clock, when the convention adjourned for the day in honor of the foundation of Butte Union No. 1, no charges had been officially filed against Mahoney or others.

TREVATHAN & BLAND.

WILL INVESTIGATE

NEWBY WILL GO TO WAXAHACHIE TO INSPECT COTTON MILL.

WILL ORGANIZE COMPANY

Wichita Falls Capital Will Be Invested in Enterprise if the Reports are Favorable.

On account of the oppressive heat and the threatened storm the mass meeting at the court house last night for the purpose of taking steps to locate a big cotton mill was not largely attended.

No effort was made to secure subscriptions for stock in a company to locate a mill here, but a number expressed themselves as willing to make liberal investments in such an enterprise if it seemed feasible and there was a prospect of getting good returns on the investment.

Finally it was decided to send A. Newby to Waxahachie to inspect the mill at that place and to make a full investigation of the proposition. Mr. Newby was authorized not only to go to Waxahachie, but to other places where cotton mills are operated. Upon the nature of his report will depend whether further steps will be taken to organize a company here.

SUNDAY AT THE M. E. CHURCH.

Two Splendid Sermons and a Large Offering.

After the regular Sunday school work had been finished an offering was made by classes, for the foreign mission work. There was a brief caucus, after which each class announced the amount it pledged to give. Rivalry between a class of boys and a class of girls of the same ages caused the amount of their pledge to be raised, first one and then the other, until in the final wind-up the boys pledged \$18 and the girls \$20. As a whole the school pledged \$105 for missions. The first Sunday in each month the collections taken will be credited on this mission pledge. This school now stands third among the schools of the North Texas Conference in the amount pledged for missions.

At the regular hour Rev. Barton preached upon the compassion of Christ for the multitude, taking for his text Mark viii:1-2: "Jesus called his disciples unto Him and said, I have compassion on the multitude." He said the word compassion carried with it a meaning of being so thoroughly in sympathy with a person that we suffer with them and make their sorrows our sorrows. His sermon had underneath its surface and skillfully interwoven with it a mission tone. He made the point that the compassion Christ had we should have in a great degree. We should have compassion on those in foreign lands who have never heard and are dying without the gospel.

In this connection he said he was glad to announce that the Woman's Foreign Missionary Society had sent two ladies to the foreign field recently and had elected two others to the Scarritt bible training school, where they will be trained for work in the foreign field. One of these last goes from this city and is a member of the church here. Miss Helen Hickman, who taught in our public schools this year, will attend the training school for two years and then go to the foreign fields. Miss Hickman has an innumerable host of friends in this city and in this county as well who will regret to lose her from the school and city, but we are proud to know that to her already noble Christian character she has added a complete sacrifice of personal interests and flattering prospects and will cheerfully take up the work to which God has called her.

An earnest appeal was made for the

support of the work of the Mission Board and a collection was taken for that purpose. The congregation paid in cash and subscriptions \$155. This, together with the pledges of the Sunday school classes, made a total of \$260. It should be borne in mind that this is extra over and above the regular mission assessment of the church.

At 3:30 in the afternoon Rev. Barton preached to the men on "Choosing a Great Chieftain." His text was the words spoken by Joshua to Israel: "And if it seem evil unto you to serve the Lord, serve—, but as for me and my house, we will serve the Lord."

He illustrated the benefits of a choice for God by the magnetic lives of old men such as Gladstone and others of that type. Contrasted to that he called to remembrance the contemptible old man who had always lived in sin and disrepute. The men were thoroughly stirred and at the suggestion of Rev. Barton a move was inaugurated to organize a men's gospel meeting, a report of which will be found elsewhere in today's paper.

At the night service the church was crowded to its utmost capacity. Rev. Barton preached an excellent sermon from "Be not deceived; God is not mocked; for whatsoever a man soweth, that shall he also reap. Several persons gave their names for church membership. On account of the crowded and uncomfortable condition of the house, they were not formally received. That matter will be attended to tonight.

A collection for the singer, Mr. Ramsey, was taken, which together with the one taken at the men's services, amounted to \$134.40. A grand total of \$394.40 was raised for church purposes yesterday.

This does not include the regular incidental offerings nor the regular Sunday school collection.

A RIDICULOUS RULING.

Protest Against Commission in Holding Travelers at State Border.

Mr. J. A. Kemp,

Wichita Falls, Texas.

Dear Sir:—

I desire through the columns of your local paper to make a most earnest protest against the regulation recently put in force by the Texas State Railway Commission, requiring all trains starting from terminal stations to leave on schedule time, without waiting more than thirty minutes for through connections.

I was recently made the victim of this absurd and ridiculous ruling as a passenger on Southern Pacific train No. 8 en route from Los Angeles to Mexico City, via Eagle Pass. Our train reached El Paso twenty minutes late and we found to our dismay and disgust that the connecting train on the G. H. & S. A. railroad had left only ten minutes before. This necessitated our laying over in El Paso twenty-four hours and missing a number of very important engagements ahead. This ruling is so absolutely a measure "in restraint of trade" that it should certainly be abolished.

What possible right has the Texas Railway Commission to hold up the traveling public at its borders in this outrageous fashion? No other State authorities of the Union have ever shown such discourteous regard to the convenience or rights of its neighbors or the world at large who are obliged to pass its borders, and I trust it may not be long before your commissioners will realize that while local traffic may be better served by a law intended to compel the railroads to run their trains on time, the great traveling public on through trains have some right to be considered and should not be forced to lose a whole day at their borders because their trains happened to be detained a few minutes or a few hours in making connections.

Sincerely yours,
JAMES D. SCHUYLER.
Los Angeles, Cal., June 6, 1907.

TOO MUCH RAINFALL

IS MAKING CONDITIONS BAD IN THEN COTTON BELT.

WEEDS AND THE WEEVIL

Are Doing Much Damage and Favorable Weather Must Come to Save the Crops.

Dallas, Tex., June 11, 1907.

Editor Wichita Times,

Wichita Falls, Texas.

Dear Sir:—

Incessant rains in the cotton belt have put the farmers in worse shape than in the Little Wichita country. It will require three, or four weeks to get the crops in normal condition and this period must be free of excessive rains, in order to obtain the results.

Some cotton is too grassy to be saved under the most favorable weather conditions. Some complaint is heard of the boll weevils eating the buds and leaves of the young plants, also a small black nat sucking the life out of the plant, similar to the green bug on wheat.

Cotton in many instances has been planted from two to four times and still the stand is very poor, and with the daily rains they are having here the outlook is far from promising.

Tell our Wichita boys to clean out their cotton patches, and to plant more feed, for the corn belt looks bad and we will be compelled to send north after feed and at an enormous price if this unfavorable weather continues.

Wichita and Archer counties look good to me when compared to land here worth from \$80 to \$150 per acre.

Will bring you a sample of boll weevils and other cotton pests.

J. L. McCONKEY.

Jesse James Gets Diploma.

Kansas City, Mo., June 7.—At the graduating exercises of the Kansas City school of law held tonight Jesse James, who has received the highest grade for the year's work, and a son of the notorious bandit, Jesse James, was given the degree of bachelor of laws with high honors. James has been a packing house employe, cigar stand keeper, pawn broker and law student. He was tried for train robbery eight years ago and acquitted. He is married and has two children.

CRUCE THE NOMINEE.

Late Returns Indicate the Defeat of Haskell in Oklahoma Contest.

Late returns received from the Democratic primaries in the Oklahoma and Indian Territories indicate that Lee Cruce, has been nominated for Governor by a plurality of about 11,000 votes.

In the senatorial race, Roy Hoffman is conceded the winner on the Oklahoma side, while Robert L. Owens is believed the winner in the Indian Territory.

In today's Dallas News appears a long list of graduates of the State University at Austin. Among those receiving the degree of Civil Engineer is the name of Edward Michael McGrath of this city. Ed. is well known to many of the younger people in and near Wichita Falls, being the son of Mr. and Mrs. James McGrath, who reside two miles south of this city.

The commissioners court this morning canvassed the returns of the recent prohibition election held in the Gilbert precinct and found eleven votes for prohibition and none against it.

TWO FACTORY PROPOSITIONS.

Two Separate Propositions for Woven Wire Fence Mills.

Two men with separate propositions for the establishment of mills or factories for the manufacture of woven wire fences, arrived in Wichita Falls today, each without having knowledge that the other was to be here.

The men are Dr. Howard of Louisville, Ky., and T. K. Blewett of Deaton, Texas.

Mr. Howard wants to organize a stock company to build a machine foundry and woven wire fence mill. He proposes to take stock in the concern himself and apparently his proposition is a good one.

Mr. Blewett is the owner of a new patent for woven wire fences. He also proposes to organize a stock company and establish a factory here for the manufacture of his fence.

Both gentlemen will lay their propositions before the Chamber of Commerce and will try to interest local capital in the organization of stock companies.

In the near future there is going to be a great demand for these products in Texas and the few factories of the kind already established cannot now supply more than a small part of the demand. That these two gentlemen should seek to put in factories here is another indication that the commercial and industrial advantages of Wichita Falls are becoming known abroad.

The greatest wire fence manufacturing center in the world today is Adrian, Michigan, which has no less than fifteen great plants for the manufacture of this product.

All of these factories began in a small way with a small capital. They are now mammoth concerns, but yet are unable to supply the demands for their products.

The Times predicts that the first Texas city to establish such factories will enjoy a like prosperity. If either or both of these gentlemen have good propositions to offer, they should be encouraged to establish factories here.

THE LID IS ON.

Sunday Closing Law Was Rigorously Enforced Yesterday.

From Monday's Daily.

Following the session of the grand jury last week the Sunday closing law was rigorously enforced in Wichita Falls yesterday.

Even such drinks as lemonade and cocoa cola were under the ban and the purchase of a cigar or a cut of chewing tobacco was out of the question.

The only articles that could be purchased yesterday were ice cream, ice and other perishable products of a like nature, daily newspapers and periodicals.

Notice of the proposed enforcement of Sunday closing was given the merchants and shop keepers by the officers Saturday night and Sunday a close watch was kept to see that the law was not violated.

It is reported that several violations were discovered during the day and several parties have been summoned to appear in court as a result.

It is given out also that a crusade is to be inaugurated against the women of easy virtue and that the town is to be rid of houses of ill fame and the class of idle males of both colors who hang around such places and derive their existence from the unfortunate women are to be given the skidoo sign.

Your choice of any suit in the house, only \$10.00.

W. E. Skeen.

J. M. Williams of Harold, who went to Colorado several weeks since, has returned home. While in Colorado he bought a nice piece of property, but owing to the fact that one of his eyes was falling him he had to return to Texas. The weather being too cold for him.—Vernon Hornet.

At the Court House.

From Saturday's Daily.

J. T. Jones plead guilty in the district court today to a charge of assault with intent to rob. The jury had not assessed the punishment when we had our last information, but it will likely be two years in the penitentiary.

Clarence Bailey plead guilty today to two charges of forgery and will probably be given two years in the penitentiary on each charge.

Marriage licenses were issued on the 6th to George W. Cottrell and Miss Birdie Moss, and yesterday to Charles W. Morgan and Miss Merle Man.

A man by the name of McCowan, who was arrested yesterday on a charge of drunkenness and put to work on the streets, was released today. A phone message was received from his wife, who had gone on to Stamford without him, stating that their little child was sick with measles and was not expected to live. Under the conditions the authorities did not think it expedient to hold him longer.

The grand jury adjourned at noon today to meet again July 15. They have returned three indictments for felony since our last report.

Right of Way Secured.

Railroad committeemen J. D. Powell, W. E. Forgy, S. Wilson and C. A. Montgomery secured the right of way for the Wichita Falls & Southern Railway Company from the Little Wichita river to the north line of the county this week.—Archer City Dispatch.

EASILY WALLOPED

BOWIEITES FALL A PREY TO COL-LIER'S SLANTS AND LOSE.

SEASON'S OPENING GAME

Proves an Easy Victory For Locals
Second Game of the Series Today.

From Tuesday's Daily.

Wichita walloped the boys from Bowie yesterday in the initial game of the series to the tune of 8 to 3. The trick was turned so neatly and easily that the lads from down the Denver were never once in sight of the money, and the game was too one-sided to be intensely interesting.

Collier handled the horse-hide for Wichita and did the stunt in such a stylish manner that the Bowieites never found the locality of his slants to any damaging extent only in one inning. On the other hand Minor, the slab artists for the visitors, was found at several stages of the game and his offerings were tumbled out into the tall grass with a frequency that brought delight to the hearts of the home fans, of whom a considerable number were out to witness the inaugural number. Then, too, Minor was generous with his complimentaries to the first sack and several times with men on the stations, his team-mates gave exhibitions which entitled them to consideration for an aeronautic prize.

Wichita started in with her run getting in the first session. F. Smith drew a pass and was sent in home by clean drives by Carrol Smith and Huff. In this inning, Bowie executed the first of her three double plays. Collier sent a feeble fly to Minor, who nabbed it and shot the ball to Stallings before Smith could get back to the canvas.

The Bowieites got one bingling hit in the first and then were retired in order through four hitless innings.

In the sixth inning the laddies from down the Denver road became very familiar with Prof. Collier's hitherto elusive slants and rapped out four screaming hits in close succession, which in conjunction with an air flight on the part of the locals, netted them three scores. This was destined to be the extent of Bowie's scoring, and not because they needed it, but just to show the visitors what they could do if necessary. Wichita added another to her score of seven in the eighth and closed the score making.

Carrol Smith's work with the willow was one of the bright features of the game. In four times at bat he slapped out two rollicking singles and a screaming two-sacker. The last time at bat, however, he made three futile sweeps through the atmosphere and then ingloriously retired.

For the visitors, the work of Donald, who presided in the middle garden, was especially pleasing.

The two teams are playing again this afternoon. Bowie has made some changes in her line-up and has her crack slabman in the box, and if intentions have anything to do with the results, Bowie will have a different story to send home tonight.

The score by innings follows:
R. H. E.
Bowie . . . 0 0 0 0 3 0 0 3 4 7
Wichita . . . 1 0 2 0 4 0 0 1 8 9 4

Two base hits—Carrol Smith and J. Smith.

Three-base hit—Collier.

Bases on balls—Off Collier, 2; off Minor, 4.

Struck out—By Collier, 8; Minor, 8.

Umpire—

Good Pasture For Stock.

I have plenty of fine grass pasture, on my place 1 1/2 miles north of town. Those having stock to be pastured can learn my terms by calling at my farm.

BOY MANGLED BY BINDER.

Henry Pundt Loses Two Limbs When Horses Became Frightened on Farm Near Henrietta.

Special to the Times.
Henrietta, Tex. June 7.—With his right arm and left foot cut off and the right thigh terribly mangled, Henry Pundt, 12 years of age, is not expected to live as the result of being thrown from his seat on a binder two miles south of this place yesterday. The left foot was amputated about four inches above the ankle this morning.

The boy, whose father, H. Pundt, is a farmer, was riding the binder about 2 o'clock yesterday afternoon, when the team he was driving became frightened. Young Pundt lost his seat and was thrown into the sickle, badly mangling him before his father, who was near by, could stop the animals.

The boy's right arm was severed from his body three or four inches from the shoulder. The bone in his left foot was crushed, the flesh and skin lacerated and the foot left hanging by a strip. From just above the right knee to the thigh the skin and flesh was torn and arteries severed.

Although very weak from the loss of blood, the boy rallied after surgical attendance and withstood the operation this morning well. From later reports today, however, it is learned that he is not expected to live.

Later—A message received from Henrietta today states that the boy is dead.

Kell Has Not Moved.

From Saturday's Daily.
The report that the town of Kell had capitulated is not true. A few of those who had located at Kell moved to the government town, but most of them refused to abandon Kell. At the command of the government they have moved the buildings from the highway onto the railroad right-of-way. The work of moving the buildings commenced Monday and is now completed.

A postoffice has been established at Eschita and a mail route is in operation between Kell and Eschita and mail is received at the new town daily. The Wichita Falls & Northwestern now has a daily train service between Wichita Falls and Kell. The company's second locomotive has arrived and has been placed in use and the other rolling stock will be ready as soon as required. Even in its present incomplete condition the railroad is doing a good business.—Frederick (Okla.) Enterprise.

A Nice Treat.

Mr. T. B. Snyder has the thanks of the entire Times force for a nice basket of peaches, presented this morning. They were grown in his orchard in the western portion of the city and in the opinion of the boys in the office Mr. Snyder will have no trouble whatever in disposing of his entire crop at fancy prices.

Next to Noble's store you will find King & White with a new, clean stock of groceries. Let us serve you. Courteous treatment, prompt service. Phone 261. 29-74

Your Attention!

We Have Just Received

A late purchase of Lawns, Batiste and Dimities, and White Gowns with small figures that are worth 12 1/2c to 15c per yard, but we are going to make a 10c price on them.

Also have a new line of Embroidery and Laces that came in the same lot and are being offered at a low price.

Bare Foot Sandals.

We received a delayed shipment of Bare Foot Sandals, all sizes, some of which were damaged in transit by having been wet. These we offer at about 50c on the dollar.

Millinery.

Some new offerings in early Summer Millinery. Everything new and clean.

YOURS TO PLEASE,

W. E. Skeen

MORGAN—MAN.

Popular Couple Give Their Friends a Surprise.

Miss Merle Man, who was a teacher in the Wichita schools last term, and Charles W. Morgan, the son of Mr. and Mrs. C. W. Morgan, completely surprised their friends by being quietly wedded last night and getting out of town before the fact became known.

The marriage ceremony took place at the First M. E. parsonage and was pronounced by the Rev. Stuckey at about 11 o'clock last night.

After the ceremony the couple took the early morning train for Fort Worth, where they will spend their honeymoon.

They will make their home at Stamford, where the groom has business interests.

FAILED TO RETURN INDICTMENT

No Bill Returned By the Grand Jury Against Officer Pickett.

The grand jury today completed its investigation into the shooting of Fremam Russell at the City Park several weeks ago by Deputy Marshal Pickett and as a result of their investigations no indictment was returned.

It is reported that the grand jury was divided upon the question, five being in favor of returning a bill and seven standing for no bill.

Prospects in Archer County.

While the rains, storms and hails are doing great damage in other parts of the State, Archer county is in a most prosperous condition. Crops are looking fine, and judging from their appearance at present, there will be an enormous yield. Last year's crop of cotton was good, but from present indications, this year's crop will beat it, both in acreage and cotton to the acre. Prospectors seldom go through here without being struck with the beauty, fertility and cheapness of our farms.—Archer City Dispatch.

Wichita Mill and Elevator Co.

WERE EASY PICKIN'

BOWIE LAMBASTED AGAIN TO TUNE OF EIGHT TO ONE.

SENT HOME TO PRACTICE

Third Game of the Series Will Not Be Played.

Fram Wednesday's Daily. The batteries for yesterday's game were Donald and Jennings for the visitors and Collier and Fred Smith for the home team.

The first ball Jennings threw was sent ripping back to third by Huff, but he fell short of first. Frank Smith split the air with the bat and retired to give Carrol Smith a chance and he landed a two-bagger, which was followed by another from Collier's bat. Jones received one of Jennings' complimentaries and was followed by A. Huff with a two-base slug to center. Jennings gave two complimentaries and was batted four times in the first inning. Wichita ran in three scores.

Out of five bats in the first inning Bowie made four hits. Pender drove a grounder through the pitcher and second base and on to center. Giles fowled and then flew to right, where Jim Smith muffed it. Donald and Jennings hit but failed to reach first.

An amusing incident in the second caused the catcher to apologize to the batter. He had caught a ball and was watching third and at the same time started the ball to the pitcher, but it was hardly out of his hand when it landed on the batter's left jaw and dropped at his feet.

There was a delay in the third caused by both balls being over the fence and as soon as they were in Wichita made their only double. Jennings handed a liner to Frank Smith. Second was played and then easy connection was made at first. Bowie made their double in the eighth.

In a high throwing contest among the Bowletes in the ninth, Carrol stole second, third and home in rapid succession.

The score by innings:

	R.	H.	E.
Bowie	0	1	0
Wichita	2	1	0

Two base hits—Carrol Smith, Collier, Jones, A. Huff and Pender. Bases on balls—Off Smith, 2; off Jennings, 7.

Struck out—By Smith, 11; by Jennings, 8.

On account of the poor showing made by Bowie in the two games, they were sent home last night to give them a chance to practice and the third game of the series will not be played.

How to Have a Good Band.

Regarding the question of having a good band in Wichita Falls, I, as an experienced band man believe that the only way it can be secured is to have the business men take an interest in the matter, and whenever they have a position open in their business, to give the place, whenever practicable, to a good musician.

In this way a lot of good musicians can be collected in Wichita and a good band built up. The organizing of a good band takes time and patience, but if the business men will interest themselves in the matter we can have one of the best bands in the State here.

A band is one of the most enjoyable things a town can have, and is worth all the time and money it costs as an advertisement.

I hope the business men and musicians of the city will get together on this proposition and organize a first class band. A. J. SEITZ.

A stage 20x30 feet and 2 1/2 feet from the floor is being built in the court house to accommodate the opera "Esther," to be given by the pupils of St. Mary's academy soon.

SELLS FT. WORTH BARBER SHOP.

L. H. Lawler Returns to Wichita and Will Devote Attention to Shop Here.

L. H. Lawler returned last Saturday from Fort Worth and informs the Times that he has disposed of his barber shop in that city to Messrs. Chas. Scott of Fort Worth and J. F. Boswell of Bonham for a consideration of \$6,000, which gives him a nice margin over the price he paid for the shop a few months ago.

This shop was one of the finest in Texas, having sixteen chairs and all the latest improved equipments known to the tonsorial world. It was paying handsomely on the investment, but Mr. Lawler concluded that it was taking him away from home too much and on that account made the sale.

He will now devote his entire time and attention to his shop in Wichita Falls. He says that while Fort Worth is a large and hustling place that Wichita Falls looks good to him and that he has an abiding faith in the town's growth and prosperity.

Notice to the Public.

On display at the spacious store of the Wichita Falls Implement Company can be seen one of the famous Bush & Lane Pianos in colonial style. A special invitation is extended to the public to call and examine this wonderful instrument. No matter whether you are ready to buy or not, we will take pleasure in showing its points of advantage. We especially invite the criticism of the musicians of Wichita Falls and will take pleasure in explaining the merits of the Bush & Lane. All we ask of the piano buying public is a chance to compare the celebrated Bush & Lane piano with others claiming superiority. You can buy a piano at the right price on the right terms and get the right quality right here at home. Yours for courteous treatment.

WICHITA FALLS IMPLEMENT CO.

For first class piano tuning leave orders at Wichita Falls Implement Co. 312-1st-1st

NEW TELEPHONE LINE.

Bowman & Lake Creek Company is Connected With the Southwestern.

A gang of linemen are stringing wires today which will connect the Bowman & Lake Creek Telephone company with the Southwestern exchange in this city.

This connection will add over thirty-five telephones to the Southwestern's list and will give the patrons of the Bowman & Lake Creek line telephone connections with the entire Southwestern system.

The patronage is increasing at the local office of the Southwestern so rapidly that a larger exchange and increased facilities will soon be an imperative necessity.

CHILD SWALLOWED SAFETY PIN.

Point Penetrated Throat and Pin Was Not Dislodged for Several Hours.

On Monday evening the seven-months old infant of Mr. and Mrs. Walter Scott, living about ten miles out in the country, swallowed a safety pin. The pin was open at the time it was swallowed and the sharp point penetrated the child's throat and could not be dislodged until the little victim was brought to this city, where Doctor Guest succeeded in extracting it.

The child suffered agonizing pain until the pin was dislodged, but no serious results have followed the accident.

Local officers arrested two negroes here last night that were wanted in Sherman. They had escaped from that place recently and the officers say they showed a disposition to escape last night and would have done so if they had given them half a chance. The sheriff of Grayson county is to be here today to get them.

WIND MOVES HOUSES

HARD BLOW LAST NIGHT SHAKES STRONGEST BUILDINGS.

TWO HOUSES DAMAGED

Were Lifted From Foundations and Moved Several Feet.

Fram Wednesday's Daily. The high wind which preceded the rain and hail storm last night did considerable damage to movable objects in and around Wichita Falls.

In the city the home of J. L. Givens, at the corner of Holliday and Fifteenth streets was lifted from its foundations and moved about five feet. Mrs. Givens and her three children were in the house at the time and were badly frightened. Considerable damage was done to the kitchen stove and furniture.

The house was a small structure containing only two rooms. Mr. Givens is employed at the Fort Worth & Denver round house.

Sparrows Killed By Hail.

Under the trees and at the sides of buildings scores of sparrows and other birds were found in many places this morning. The birds had been killed by the hailstones last night, which were of more than ordinary size and were driven at an extraordinary velocity by the high wind. Peaches and other fruits were also knocked from the trees by the hail.

Hard Blow at Frieberg.

Farmers living in the Frieberg neighborhood report a heavy rain and high wind last night. A tenant house on the farm of John Moore was lifted from its foundations and blown some twelve or fifteen feet. It was occupied by a family named Rhodes, but none of them were hurt.

Storm Houses Popular.

Special to the Times. Iowa Park, Tex., June 12.—Standing room in the storm cellars at this place was in demand last night. A very threatening cloud came from the north and frightened our people. The wind was not enough to do any serious damage and the rain amounted only to a very light shower.

Wind Mill Blown Down.

A water tank and wind mill belonging to the Texas Realty Company, and situated on the river north of town, was blown down in the storm last night. No other serious damage was done in that vicinity.

Mrs. Mater Entertains at "Forty-Two."

Fram Wednesday's Daily. Mrs. Mater again delightfully entertained a party of young people at her home on North Lamar street last night with a "forty-two" party.

The guests included the Misses Meota Curry, Lucille Brooks, Willia Mae Kell, Elizabeth Young, Margaret Ly-saght, Laura McGlasson, Evelyn Coffield, Nellia Dorsey and the Messrs. James Smith, Arthur Huff, William Huff, Joe Jones, Elmer Filgo, Ben White, Everett Stonecipher and Mr. Bipe.

Finger Mashed By Binder.

T. P. Simmans, a well known farmer living five miles south of town, had the tip of the forefinger of his left hand mashed off yesterday in a binder while cutting oats.

Three colored women were arrested and jailed here last night on charges of vagrancy.

Divorce Granted.

Fanny White was granted a divorce from S. J. White by Judge Carrigan in the district court today.

Do you want to trade where you can get the best of everything? We have it. Just phone us. TREVATHAN & BLAND.

PERSONAL MENTION

From Saturday's Daily.

Miss Sazie Field has returned from Abilene.

Sidney Webb of Belleue was here last night.

J. N. Kemp of Stamford was here last night.

Sim Warren was here from Iowa Park today.

Mrs. L. B. Hardesty returned today from a visit to friends at Iowa Park.

F. M. Gibson of Bonham was in the city today on his way to Archer City.

John Hirschi and son, Fritz, of near Iowa Park, were in the city trading today.

E. B. Carver of the Club ranch in Archer county, was in the city last night.

J. E. Sporter, who has been on a vacation for a couple of weeks, is again at his place at Kahn's.

Mr. and Mrs. W. L. Hancock of Waxahachie are visiting Mr. and Mrs. A. B. Hancock of this city.

Mrs. C. B. Felder is visiting her parents at Terrell. She will be absent about one month.

Mrs. V. G. Skeen and children left yesterday for a visit to her parents at Pittsburg, Texas.

Within a few weeks the star route from Wichita Falls to Archer City will be discontinued and instead the route will go from Holliday to Archer.

Attorney A. A. Hughes returned to his home at Hillsboro today after a visit of several days with friends in this city.

Mrs. J. Milton Erwin, accompanied by her nephew, Master Floyd Ford, has returned after a visit with relatives at Denison.

Mr. and Mrs. Will Baskin passed through this city today en route to their home at Seymour. They have been at Dayton N. M., for some time, visiting Mrs. Baskin's folks.

W. L. Mathers of Mobita, Wheeler county, was here today. Mr. Mathers formerly lived in this country and was on his way to Archer City to see after his ranch interests near there. He will return here Monday or Tuesday.

Rev. G. A. Fitzgerald, wife and family passed through this city today en route to Charlie. Rev. Fitzgerald will preach at that place tomorrow and tomorrow night. He will return Monday. While in town he gave his name as a subscriber to the Daily Times.

Mrs. W. M. Dyson was quite severely injured at the office of the Wichita Bottling and Manufacturing Company this morning by the falling of a bracket, which struck her on the head, causing an ugly scalp wound.

Prof. J. C. Smith and family will move to Harold in a few weeks. Prof. Smith was superintendent of the Vernon public schools for 10 years and all regret to see him leave, but glad he is not going so far away.—Vernon Hornet.

J. Doneghy left today for a visit to Northern points. He goes first to Muskogee and the oil fields. He owns extensive areas in this oil country and says he wants to see if it looking greasy yet. He will also go to St. Louis before he returns.

Parties were at the City National bank today, wanting to buy an interest in the new bank at Burkburnett. They stated that if they could not buy stock in the one already started there, they would buy lots, build and put in another one. One bank building already nearing completion and another bank probable speaks well for the new town.

From Monday's Daily.

Mr. and Mrs. J. C. Hunt returned last Saturday from Dallas.

Ben C. Jackson, of Kell, Oklahoma, was a visitor here yesterday.
