WICHITA FALLS, TEXAS, FRIDAY, JUNE 21, 1907

NUMBER 30

AGREEMENT REACHED STRIKE IS AVERTED

WILL BE NO STRIKE

AGREEMENT OF TROUBLES BETWEEN OPERATORS AND COMPANIES REACHED.

POSITION OF COMPANY

Letter and is Satisfactory to the Operators.

June 20.—As a result of Commissioner of Labor and his suggestions made for the adjustment of the difference between the Western Union Telegraph Company and its operators has been reached and there will be no strike. President Clowry of the company today addressed a letter to Neill, Commissioner of Labor, stating the position of the company, which is admittedly satisfactory to all parties concerned.

Declares Efforts Useless.

June 20.—Secretary Russell said that the efforts of Commissioner Neill to bring about a settlement would be useless, and that a strike might be ordered at any mo-

ment. Mr. Russell telegraphed the union's representative in New York to meet the Commissioner and present the union's side of the controversy.

If the strike order is issued 2,500 commercial telegraphers in Chicago will leave their keys and every Board of Trade in the country will be tied up.

Mr. Russell said that it had not been decided whether the newspaper operators will be called out, but said it was probable. The general executive committee empowered President Small to call strike against either or both of the big telegraph companies. Secretary Russell said that if a strike order was issued it would be against both companies.

Added seriousness was thrown into the situation by Secretary Russell, who said that it was probable that if a strike was called the railroad telegraphers, who belong to the order of Railroad Telegraphers, might go out also. There are 50,000 of these operators, and most of them handle Western Union messages as well as train dispatches. The official said he understood that if a strike was called the officials of the telegraph companies would endeavor to send their business

by telephone over the wires of the American Telegraph and Telephone Company. "They are all owned by the same people," he said, "and will doubtless try to handle some business that way. However, they will have a hard time doing that, and there are many other ways to make trouble for them."

Arrested on Serious Charge.

From Thursday's Daily. While returning from Oklahoma with two witnesses who are to tell the grand jury what they know about a criminal abortion at Haskell several months ago, a constable from that place accidentally met the man who is wanted to answer to the abortion charge in the Denver depot in this city this afternoon and promptly placed him under arrest. The constable placed the man in jail and proceeded to Haskell with the witnesses. The abortion is alleged to have been committed on the prisoner's 13-year old sister-in-law.

Noted Newspaper Correspondent Here.

Louis Ludlow, the Washington correspondent of the Indianapolis Star, arrived in Wichita Falls yesterday for a stay of several days, during which he will gather information concerning the developments going on in this section. Mr. Ludlow is one of the ablest men at the national capital. Since the adjournment of congress he has been on a tour of the Southwest. He came to this city from the Panhandle country and will go from here to Archer county.

MAGAZINE ARTICLES ADMITTED AS EVIDENCE

ASSESSED VALUATION RAISED.

Notice is Given Property Holders of Increased Assessment.

Secretary Rye of the City Council is sending out postal cards today to property holders in the city, notifying them that the City Board of Equalization has raised the assessed valuation of their property and that a meeting of the board will be held July 1st, at which the property holders may show cause why their assessments should not be raised.

Judge Rye is sending out between three and four hundred of these notices.

It is estimated that the increase in the taxable values in the city have been raised nearly half a million dollars, and that the total valuation will exceed \$1,500,000.

Card of Thanks.

The Sisters of St. Mary desire to return thanks to the patrons and the many friends of Mary Immaculate Academy, and to those gentlemen who by their kindness and courtesy made it possible to present the Opera "Es-ther" at the recent commencement in the Court House.

READ TO THE JURY

APPLIED TO STEUNENBERG BY MINERS' MAGAZINE.

TO SUPPORT CONTENTION

Of the State That Federation Officers Incited the Murder of the Governor.

Boise, Idaho, June 20.—When court opened this morning Judge Wood announced his decision on the admissibility of the articles in the Miners' Magazine, as evidence. He said the court was thoroughly satisfied as to the admissibility of articles showing the animus of the Western Federation of Miners during the period of the commission of the crimes confessed by Orchard, and alleged by him to have been incited by the officers of the Federation. Articles appearing after that period, he said, would not be admitted.

Judge Wood said: "The court will admit articles bearing on former Governor Steunenberg, Governor Peabody,

(Continued on Page 7.)

KAHN THE CLOTHIER

FOR GOOD CLOTHES

Most men, when they buy clothes, think first of price, then style and fit, and they leave quality to the last, or don't consider it at all. It isn't the best way to buy clothes or anything else. But honestly that is the way most men buy their clothes. This being a fact ALEX KAHN has supplied himself with the very best quality of clothing that money and good judgment can secure, in order that his customers may never, after awoken to the sorrowful realization that they have purchased and inferior quality of clothing. There are no better clothes made than

Hart, Shaffner and Marx

make, and we are the only people in town that handle this famous brand. Young men do not overlook the fact that you should have one of these well made suits for this summer.

Felt Hats

The Bargains that we are offering in felt hats has never before been equalled in this town. A special line of \$2.50 and \$3.00 hats

**NOW GOING AT
\$1.50**

Furnishings In our large stock of furnishing goods, we have some articles that should not be overlooked. BAT FIES are going very rapidly. Don't fail to see our beautiful line of Suit Cases and Hand Bags. If you are contemplating a trip this summer you need one of our splendid suit cases or a hand bag. We have the largest line in town of these goods. Prices **\$2.50 to \$6.50**

OIL FIGHT BEGUN

BARNSDALE WILL WAGE WAR AGAINST STANDARD OIL.

COMPANY IS ORGANIZED

With a Capital of Ten Millions—Small Companies Will Be Consolidated.

Pittsburg, Pa., June 19.—The incorporation of the Barnsdall Oil Company a \$10,000,000 concern, under the laws of Delaware, today caused a slight ripple in Pittsburg, where all those interested have their headquarters. Theodore N. Barnsdall, head of the new concern, which will fight the Standard in the West, is one of the biggest independent oil men of the country, being largely interested in gas and oil in Kansas, Indian Territory and Texas, and the Barnsdall Company, it is learned, tonight will mean the consolidation of all the small companies of the West and Southwest. It will be a Barnsdall affair from first to last, as W. B. Clingman, H. B. Kestor and J. T. Furlong, who appear as the incorporators at Dover, are all employees of the Barnsdall Company at Pittsburg.

Barnsdall in his time has swung more big deals than any man in Pittsburg, his deals in the last fifteen years aggregating \$100,000,000. He is in St. Louis completing some arrangement for furthering his oil deal.

Wichita Falls to Have an Automobile Line.

From Tuesday's Daily.

The Wills Automobile Company is the style of Wichita Falls' latest and newest enterprise, which was organized today, with the election of the following officers: Ira L. Wills, president; H. M. Hughes, secretary and treasurer; John Tubbs, manager. A charter has been applied for and the company is already in receipt of a full carload of the celebrated Buick machines, said to be the best general purpose machine on the market.

It is the purpose of this company to operate a regular line of autos in the city and to all parts of the country. On Sundays regular trips will be made to Lake Wichita, enabling all those who do not feel able to hire a team for all day to spend the day on the banks of the largest and most beautiful body of water in this part of Texas.

The company will also make a business of caring for machines belonging to other parties and will have in its employ a competent man to do all necessary repair work.

The garage will be located at the rear of the Coleman-Lysaght-Blair wholesale grocery house.

The manager, Mr. Tubbs, is an expert automobile man, and understands thoroughly both the mechanism and operating of autos.

The Times is glad to make mention of this new enterprise, as it is not only a splendid advertisement for Wichita Falls, but affords the general public, including newspaper men, an opportunity of taking an occasional spin in an auto car without having to own the machine.

LADIES' AID SOCIETY SOCIAL.

Mrs. Bullock Pleasantly Entertained the Ladies of the Christian Church.

Mrs. W. J. Bullock entertained the Ladies' Aid Society of the Christian Church and invited guests yesterday evening from 4 till 6 o'clock. The handsome home was decorated throughout with beautiful flowers and presented a pleasing and inviting appearance. A large crowd of ladies were present and ice cream and cake was served.

A free will offering for the Ladies' Aid Society realized quite a nice sum. A social, good time was enjoyed by all who were there and Mrs. Bullock was voted a most charming hostess.

BIG CHIEF'S GUEST.

Ambassador Bryce is Dined at Quannah Parker's Home.

Lawton, Okla., June 17.—The British Ambassador, James Bryce, David R. Francis, of St. Louis, United States Judge Parker and President Davidson of the Frisco Railroad were guests of Chief Quannah Parker, of the Comanches, at the Chiefs mountain home, thirteen miles West of here, last night and dined with Parker and his family at 8:30 o'clock.

The special arrived at Cache at 6 o'clock. This station is near the Parker home. After visiting Chief Geronimo and his band of Apaches of the Fort Sill Reservation, and touring a portion of the historic Wichita Mountains yesterday afternoon as guests of Quartermaster Furlinton, the party entered Lawton at 7:30 o'clock, having driven more than thirty miles over the reservation.

Chief Parker and 200 of his Indians some of them gaily attired and bearing American flags, awaited the coming of the party all afternoon. Parker has been host for distinguished Americans from Congressmen to President, and the old chief was never in a greater state of enjoyment than when he realized that one of England's greatest men was to sup the juice of the grape at his table, smoke his cigars and talk to him of the ways of the red men.

"Glad to see you," said Ambassador Bryce, as he stepped from the train of the most dignified of American Indians.

"Thank you," responded the Chief, flipping back the plaits of his long hair over his shoulders.

"Would it not be an imposition for us, to visit you at this late hour," inquired the British historian.

"Yes sir," replied the Chief, and then his dignity fell.

He had committed the greatest error of his life.

"Sir," he hurriedly spoke, "I should like to have you go to my home."

"Then we're off," put in Governor Francis, and while the crowd dispersed Chief Parker pointed out to the distinguished guests from his stage coach window the domains of his estate, and the coach rattled toward the Wichita hills.

GOES TO OLD MEXICO.

Ed. McGrath Takes Responsible Position With the Kansas City, Mexico and Orient.

Edward M. McGrath, who recently graduated from the State University at Austin, where he received the degree of civil engineer, left today for Old Mexico where he goes to take a responsible position with the engineering department of the Kansas City Mexico and Orient railroad. Mr. McGrath is well and favorably known here, being the son of Mr. and Mrs. James McGrath living two miles south of town.

Ed's many friends extend their congratulations upon his securing the new position which is both a responsible and lucrative one.

NEW AUTOMOBILE GARAGE.

Arthur Reed Will Receive Shipment of Automobiles This Week and Will Open an Auto Livery.

Wichita Falls is to have a new automobile garage. The new establishment will be opened by Arthur Reed who recently returned from a trip to Ohio. At Toledo he purchased a carload of first class automobiles, which have been shipped and are expected to arrive this week.

As soon as they arrive Mr. Reed will open up a garage and will rent and sell the machines, and sell automobile supplies.

He has engaged the services of Ray Carter, an expert chauffeur and repair man, who will arrive from Toledo within a few days.

The Wichita Mill and Elevator Co.

A ROOSEVELT MAN

CHAIRMAN SAYS NO OTHERS NEED ANNOUNCE.

SILVER NO LONGER ISSUE

President's Critics Will Be Beaten Before Country Goes to Polls.

Kansas City, June 19.—Harry S. New, Chairman of the Republican National Committee in discussing the campaign of 1908 last night at the banquet of the Missouri Republican Club said: "The country is not going back to silver. New issues may be found. That issue must be the order of Roosevelt. The man who announces himself for office in 1908 must be a Roosevelt supporter." "Those who have been criticizing the president for his handiwork in various recent exposures cannot keep their equilibrium in 1908. They will be beaten long before the country goes to the polls."

The use of arms, except in self-defense, advocated. Judge Wood took the question under advisement and court adjourned at 11 o'clock until 2.

Death of B. L. McIntyre.

B. L. McIntyre, aged about 55 years, died at the home of his brother, John McIntyre, in this city at 12:30 o'clock this afternoon as the result of a paralytic stroke.

Mr. McIntyre's home is at Thornberry. He was in this city on a visit with his brother when he was stricken with paralysis at about 5 o'clock Saturday morning. His condition gradually became worse, until death required this afternoon.

He leaves a widow and a family of children.

The funeral arrangements have not yet been completed.

If animals could write, "man stories" would't there be a lot of chortling in the jungles?

SUNDAY CLOSING.

Law Rigidly Observed and Town Yet Be Tichter.

The lid in Wichita Falls appears have been hermetically sealed—double-riveted, padlocked and thrown away.

This was the thought of a transient salesman who spent last Sunday here. He came in on a late train and did not learn that the reform was swept over Wichita Falls until he attempted to purchase a cigar Sunday morning.

There was never a more quiet day in the city. The only thing that could be purchased was ice cream. The fine distinction was made that flavoring or "dope" could be put in the cream in the dish.

Next Sunday promises to be more quiet and the lid will settle closer than on last Sunday, for men are saying that they will not open their doors at all next Sunday.

Senior League Elects Officers.

From Saturday's Daily.

A business meeting of the Senior League was held at the residence of Mr. and Mrs. T. J. Wagner last night. Officers were elected for the ensuing six months as follows:

Frank Smith, president; Arthur Yeager, first vice-president; Miss Edith Staten, third vice-president; Lewis Stuekey, fourth vice-president; Carol Smith, secretary; Oral treasurer; Merle Waggoner, etc.

Death of Infant Hatcher.

From Saturday's Daily.

One of the eight months old sons of J. H. Hatcher and wife, died at the corner of Eighth street and Lamar avenue, died at about 9 o'clock last night, after a short illness.

The funeral services were held at 4 o'clock this afternoon.

ESCAPE IS FOILED

ATTEMPTED JAIL DELIVERY IS FRUSTRATED BY TRUSTY.

CLEVER RUSE IS WORKED

By Prisoners at the County Jail, Two of Whom Escaped, But Were Recaptured.

From Saturday's Daily.

An attempt, which came near proving successful for two of their number, was made by four prisoners at the county jail to make their escape last night. Had it not been for the faithfulness of William Wright, a trusty, it is probable that at least one of the prisoners would have made good in the attempt. Wright, who is serving a jail sentence imposed by the county court has been made a trusty about the jail by Sheriff Davis. At supper time last night he carried the meals up to the prisoners. Earlier in the day four of the prisoners had broken the hinges on the cell doors and Sheriff Davis had been compelled to chain them in their cells to prevent their escape. During the afternoon he had taken the county commissioners over to the jail to show them the condition of affairs in order to get an order for repairs. At that time the prisoners were apparently securely chained.

When Wright went into the corridor last night he believed that all the prisoners were either securely locked in their cells or were chained so that escape was impossible. Under this belief he left the corridor door open while he went to the last cell in the corridor to give one of the prisoners his supper. He had no sooner passed when four of the prisoners, who were thought to have been securely chained, made a dash for the open door and liberty. They succeeded in getting through the door which they closed and locked behind them.

Two of the number were recaptured before they succeeded in getting out of the jail building, but Clarence Bailey, who is under sentence of two years in the State prison for forgery, and a prisoner named Hughes, who is under indictment by the grand jury for robbery, succeeded in getting out of the building and made a dash toward Crescent Lake.

Sheriff Davis was soon in hot pursuit, and in the meantime some one from the outside had turned the lock and released Wright, the trusty, who followed the sheriff in pursuit of the fugitives.

Upon reaching the lake, the two fugitives plunged into the water, but the sheriff and Wright proved better navigators and overhauled them in the middle of the lake and led them dripping back to their cells.

Last night the State penitentiary agent arrived in town and took Bailey and a prisoner named Whittier to the State prison.

Boy Breaks Leg.

From Monday's Daily. The little son of W. R. Estelle of Dundee had his leg broken Wednesday. He was riding a pitching horse and his foot slipped through the stirrup. When the horse threw him his weight was all on one leg, which hung in the stirrup. It was broken between the knee and the ankle.—Archer City Dispatch.

FOR SALE.—One J. I. Case 20 horse engine; one J. I. Case tender. Good as new. Easy terms. Cheap.

Wichita Falls Imp. Co.

The citizens of Archer City will hold a big celebration on the Fourth of July. A number of prominent speakers have been engaged and it is planned to make the occasion the biggest day in the history of that town.

MEN'S UNION GOSPEL MEETING.

Organization Perfected and Officers Elected—First Session Interesting.

Forty men were present at the initial meeting of the Men's Union Gospel Meeting at the Methodist church yesterday afternoon.

The subject was "Man's Mission," and E. W. Morris discussed it in an entertaining and profitable manner. He brought out the point that man's mission consisted of two things—to honor and glorify God and to prepare for another world. He held the floor about twenty minutes and the subject was then taken up by others and discussed in its different phases.

An excellent quartette was rendered by four of the gentlemen.

The election of officers was then taken up and E. W. Morris was unanimously chosen chairman. At Honey Grove where this move originated, they had an executive committee of three, one of whom prepared programs and secured a leader, another had charge of the music and the third saw after the matter of publicity, printing programs, advertising the meeting, etc. On motion, the chair appointed an executive committee of five, one from each church in the city. The persons on that committee were T. C. Thatcher, Job Barnett, W. M. McGregor, W. L. Robertson and H. J. Bachman.

A motion was made that the meeting be held at the Methodist church at 3 p. m. each Sunday for a period of two months and was carried. When that time has expired it will be decided whether the meeting will continue there or move to some of the other churches. Mr. Durland was unanimously chosen as pianist for the meetings.

When this movement started at Honey Grove there were only thirteen present at the first meeting. It has not been organized there a great while and now they are sending out booklets containing testimonials from every business man in the town as to the great good it has done. With an initial attendance of forty, we may hope for even greater things here.

This meeting meets a long felt want. It yokes the workers of all denominations together and puts them in one solid body for right against wrong. In these meetings the preachers are relegated to the rear and the laymen are pushed forward and given a chance to assert themselves. All men in the city are given a cordial invitation to attend these meetings and profit by the discussions and helpful suggestions that may be offered.

TENDER LEFT THE TRACK.

Accident on the Katy Causes Train to Be Eight Hours Late.

About 10 o'clock last night the Katy from Monday's Daily. train from Dallas happened to an accident a few miles beyond Ringgold that caused a serious delay. It was running thirty-five minutes late and was trying to make up some of the time when the tender left the track. No one was hurt and no serious damage was done, but the train got to this place at 6:35 this morning instead of the scheduled time, 10:05, last night.

Nearly all desirable residence lots are now selling at such high prices as to prevent the ordinary wage-earner from purchasing, but the prices will go higher than they are now. To relieve the situation an addition to the city should be opened up. There are several desirable plots of ground just outside of the city limits which could be platted off into blocks and lots and sold off very rapidly if the prices asked for them are fixed at a reasonable figure.

Your choice of any suit in the house, only \$10.00.

W. E. Skeen.

It snowed in New York on the 3rd. Chilly days, these, for Wall Street.

ANOTHER RAILROAD

KATY PLANS EXTENSION FROM MUSKOGEE TO THIS CITY.

MANY NEW RAILROADS

Contemplated in the New State of Oklahoma.

Special to the Times.

Guthrie, Okla., June 16.—Extensive construction work by the Missouri, Kansas & Texas Company in the two territories is contemplated, including an extension of the line into Guthrie onward northwest to Denver, Colo. Officials in a position to know state the blue prints for the additional extensions are now in existence. They include also the extension of the Guthrie line from Falls, Okla., to Shawnee, where connection will be made with the Missouri, Kansas and Texas line to Atoka, on the main line to the Gulf. The desire is to obtain a western and Gulf connection. An extension from Muskogee on the main line southwest through Shawnee to Wichita Falls, Texas, is also contemplated.

In order to eliminate the sharp curves and heavy grades south of Alva in Woods county, the Atchison, Topeka and Santa Fe is having a new route surveyed in that locality and will change its main Panhandle line in that vicinity. The surveyors are now at work. The railway company is preparing for a change of the through business on the Panhandle branch instead of over the Kansas lines as heretofore. The contract for grading these cut-offs has been let to a Strong City (Kan.) firm.

The citizens of Frederick have signed a contract by which they will get the northwestern line of the Wichita Falls and Northwestern Railroad, to be constructed from Wichita Falls, Tex., across the Red river and northward through western Oklahoma into the Texas Panhandle. It is expected to have the road running into Frederick within a year. It will cross the Big Pasture, recently opened to settlement, and touch several of the Pasture's new towns.

Ball Team Assured.

C. C. Lucid of Corsicana, Texas arrived in the city yesterday and since his arrival baseball stock has gone above par. Mr. Lucid is one of the best known and most popular baseball men in the state. He has had a wide experience in the management of teams, having formerly managed the Temple team in the Texas League.

He proposes to put in a high class pennant winning ball team here if sufficient funds for the support of the team can be pledged. He is asking that the fans here contribute \$500 per month for the season of three months.

A subscription list to secure this amount is being circulated today and it seems probable that the amount will be pledged.

A meeting of all the fans in the city has been called for eight o'clock tonight at the City Hall when Mr. Lucid will present his proposition in detail.

Already he has nearly a full quota of players in view, and at the meeting tonight will read some correspondence he has had with old time favorites of the Wichita fans.

After traveling three thousand miles across the biggest and best country on earth General Kuroki is quite sure that there will be no armed strife between the United States and Japan.

GRADING HAS BEGUN

THREE OUTFITS MOVING EARTH ON W. F. & S.

WORK WILL BE PUSHED

Contractor Owens Will Put Seventy-Five Teams on the Ground.

From Friday's Daily.

The work of grading for the roadbed of the Wichita Falls and Southern railroad, which is to be built from this city to the Young county coal fields, has commenced. Contractor J. A. Owens, has four outfits at work, the nearest of which is on the second mile section out of Wichita Falls.

Mr. Owens says that it is his intention to have 75 teams at work on the grade within a short time. He expects some difficulty in securing this number of teams on account of the scarcity of both laborers and horses, but will exert every effort to rush the work so that the rails can be laid and the road in operation before Christmas.

Big Year For Weevils.

The recent rains have held cotton back a great deal and the boll weevil has been so favored that indications point more strongly than ever to a big weevil year," states Prof. W. D. Hunter of the government entomological station. "With regard to the statements which have been made that weevils have been found dead in great numbers this year, I think the mortality among the weevils has been no greater than is usual during the spring and summer, when some of the insects die of old age and exhaustion.

"When Paris green was used the presence on their plants of dead weevils confirmed the farmers many of them at least, in their opinion that the poison could be used successfully against the weevil. The weevils saw dead, however, were principally those that died naturally from general debility and exhaustion."

No. 8706.

TREASURY DEPARTMENT.

Office of Comptroller of the Currency, Washington, D. C., May 22, 1907.

WHEREAS, by satisfactory evidence presented to the undersigned, it has been made to appear that the First National Bank of Burkburnett, in the County of Wichita and State of Texas, has complied with all the provisions of the Statutes of the United States, requiring to be complied with before an association shall be authorized to commence the business of banking;

NOW, THEREFORE, I, William B. Ridgely, Comptroller of the Currency, do hereby certify that the First National Bank of Burkburnett, in the town of Burkburnett, in the County of Wichita, and State of Texas, is authorized to commence the business of banking, as provided in Section fifty-one hundred and sixty-nine of the Revised Statutes of the United States.

IN TESTIMONY WHEREOF, witness my hand and seal of office, this twenty-second day of May, 1907.
[SEAL] WILLIAM B. RIDGELY,
27-st Comptroller of the Currency.

R. A. M. Election.

TEXAS ROAD LAW.

Issuance of Bonds for Gravel or Macadamized Roads.

The Times publishes below the new statute upon the issuance of bonds for gravel or macadamized roads. We advise our country readers and others interested to cut this out and save it for future reference.

The law is as follows:
"Be it enacted by the Legislature of the state of Texas,

Section 1. Any county in this state, or any political subdivision of a county, is hereby authorized and empowered to issue bonds or otherwise lend its credit in any amount not to exceed one-fourth of the assessed valuation of the real property of such county or political subdivision thereof, and to levy and collect such taxes to pay the interest upon such bonds, and provide a sinking fund for the redemption thereof, for the purpose of constructing, maintaining and operating of macadamized, graveled or paved roads or turnpikes, or in aid thereof.

Sec. 2. Upon the petition of fifty or a majority of the resident property tax-paying voters of any county, in this state, to the county commissioners court of such county, such court shall have the power and it is hereby made its duty at any regular or special session thereof, to order an election to be held in such county or political subdivision thereof, to determine whether or not the bonds of such county or such political subdivision thereof, shall be issued in an amount not to exceed one-fourth of the assessed valuation of the real property of such county or political subdivision, for the purpose of constructing, maintaining or operating of macadamized, graveled or paved roads and turnpikes, or in aid thereof; and at such election there shall also be submitted to such resident property tax-paying voters the question as to whether or not a tax shall be levied upon the property of said county or political subdivision thereof, subject to taxation, for the purpose of paying the interest on said bonds and provide a sinking fund for the redemption thereof, and the amount of tax proposed to be levied shall be stated in the order ordering the election and the notice thereof, and the amount of bonds proposed to be issued with rate of interest thereon and date of maturity shall be stated in the order ordering the election, and in the notice thereof.

Sec. 3. Notice of said election shall be given by publication in a newspaper published in the county for four successive weeks, and in addition thereto by posting notices in three public places in the county, one of which shall be at the court house door for three weeks prior to said election. If said proposed issue of bonds and levy of taxes is for the entire county. If said proposed issue of bonds and levy of taxes is for any political subdivision of the county notice of such election shall be given by publishing in a newspaper published in the county for four successive weeks, and by posting in at least three public places in such political subdivision of the county for three successive weeks prior to said election.

Sec. 4. The commissioners court of the county shall determine the time and place of holding such election; provided, no such election shall be held at any time less than thirty days from the time of making the order ordering the election. The manner of holding such election shall be governed by the general laws of the state when not in conflict with the provisions of this act, and return of said election shall be made as now provided by laws for making returns of elections held for the purpose of determining whether or not county bonds shall be issued.

Sec. 5. The special tax hereby authorized to be levied, of the aggregate of all such special taxes, shall not ex-

Your business, large or small, will be appreciated

ceed in any one year more than fifteen cents on the \$100 valuation of property situated within such county or political subdivision thereof.

Sec. 6. Any and all bonds issued under the provisions of this act shall not extend in point of time beyond forty years, shall not draw a rate of interest greater than 5 1/2 per cent and shall not be sold for less than par. They shall be approved by the attorney general of the State of Texas, and registered by the comptroller of public accounts of the State of Texas, and all general laws not in conflict herewith shall apply to the issuance, approval and registration and sale of said bonds.

Sec. 7. The proceeds from the sale of such bonds shall be expended only in the county. If the issue is for the entire county, and only in the political subdivision of the county, if the issue is for the political subdivision. Said proceeds shall be paid into the county treasury of the county and paid out by said treasurer upon the warrant of the county clerk of the county, upon certified accounts which have been approved by the commissioners court of the county.

BEAN & STONE, Wichita Falls, Texas

THE OPEAR ESTHER

PRESENTED BY THE PUPILS OF MARY IMMACULATE ACADEMY.

GRADUATING EXERCISES

The Court House Attended by Large Crowd—The Opera Artistically Presented.

The program at the second annual commencement of the Academy of Mary Immaculate at the court house Tuesday night not only reflected great credit upon the pupils who participated and their instructors, but was a testimonial far more eloquent than words to the good work being done in that most worthy institution, one in which the citizens of Wichita Falls should feel a deep pride.

Long before the program started the court room was packed until scarcely another spectator could have found space in which to stand.

The commencement exercises proper and the presentation of the medals and diplomas preceded the presentation of the beautiful sacred opera "Esther."

This was the first public commencement ever held by the Academy. The class of 1907 contained three graduates: Miss Pick Hyer of this city; Miss Margaret Neville of Henrietta, and Miss Frances Elizabeth Snearly, also of Henrietta.

The presentation of the medals and diplomas were made by the Rev. Father Gossens of Henrietta and Dolje of this city.

The presentation of these medals and the diplomas and the crowning of the recipients with laurels made a pretty scene.

Miss Hyer, Miss Neville and Miss Snearly were each presented with gold medals and a gift book with leaves in blue and white, the class colors. Miss Glenn Massie of Vernon and Miss Virginia Winkler of Ennis were each presented with handsome hand-painted jars for having the neatest rooms in the dormitories.

The diplomas were presented to the graduates with an appropriate little speech by Rev. Father Dolje.

Following the presentation of the diplomas and several musical numbers of rare excellence, the beautiful and spectacular sacred opera "Esther" was given by the pupils of the Academy.

Full justice to this splendid performance cannot be done in a written description. All the splendors and mag-

nificence of Oriental conception were reproduced in the costumes and the stage settings, and the several scenes were both spectacular and beautiful. The characters interpreted their parts truly and exceptional talent was exhibited by more than one of those who took part. The chorus scenes were remarkable and the young voices blended in perfect harmony.

Altogether the performance was one of the most pleasing and charming ever seen in Wichita Falls and those who attended speak words of high praise for the participants and those who trained them.

The program of the evening's entertainment was as follows:

Program.

Opening Hymn.....Selected Chorus.

"Bien Venido".....Miss Margaret Neville Presentation of medals and diplomas. "Ere the Moorings are Loosened"

.....Miss Vena Beatrice Hyer Rhapsodie Hongroise II.....List

.....Miss Frances Elizabeth Snearly. Opera "Esther, The Beautiful Queen."

With the exercises last night the school year closed and today the pupils are leaving for their homes. The Mary Immaculate Academy was opened in 1905, and has enjoyed a well merited prosperity, and during the year just closed about 160 pupils were enrolled.

SEARCH FOR NEGRO MURDERER.

Fred Ford Wanted for Wife Murder at Frederick, Believed to be in Hiding Here.

Fred Ford, a negro, wanted at Frederick for the cold blooded and brutal murder of his wife in that city Sunday night, is thought to be in hiding near Wichita Falls. Ford is known by several of the negro population of Wichita, who have reported to the authorities that they have seen the murderer in the city. Acting upon this information, Marshal Gwinn, Sheriff Davis, Deputy Marshall Pickett and other officers organized a searching party yesterday and scoured the negro section of the town and the thickets east of the city, but failed to find any trace of their man.

Local officers are in possession of a very full and accurate description of the murderer and if he is still in hiding in this vicinity they hope yet to effect his capture.

ACADEMY PUPILS.

Leave for Their Homes at the Close of the School Year.

A number of the out of town pupils of the Mary Immaculate Academy left for their homes this morning after the close of the school year. Among them were the Misses Virginia Winkler, Louise and Prudence Lattimer, who left for their home at Ennis; Miss Bessie Smith, McKinney; Kathryn Hendrick, Vernon; Glenn Massie, Vernon; Nell Carroll, Dallas; Anna Laura Anderson, Chatfield; Huesta Vond, Terrell, Okla.; Essie E. Brown, Hereford; Mabel and Leon Scott, Archer City; Theresa Lovell and Mamie Thurmond, Denton.

Iowa Park Doings. Special to the Times.

Iowa Park, Texas, June 19, 1907.

The prohibition election at this place today is passing quietly. The general opinion now is that prohibition will carry, though some quiet work is being done and it is impossible to tell just how it will go.

A wagon load of the bad characters who were ordered to leave Wichita Falls last Friday arrived in this place this morning. Unless some official action is taken by the authorities they will remain tonight and possibly longer. They are not welcome visitors to the great majority of our people.

The band boys are to give an entertainment at the school building Friday night.

TO RATIFY NOMINATIONS.

Two Thousand Delegates From Oklahoma and Indian Territory Meet At Oklahoma City.

Oklahoma City, Okla., June 18.—Two thousand delegates met here today to ratify the nominations made at the Democratic primaries June 8th. Official returns show that C. N. Haskell has been nominated for governor, T. P. Gore and Robert L. Owen for United States Senators. William J. Bryan addressed the convention this afternoon.

From Tuesday's Daily. Sheriff Davis was busy this evening gathering a jury for the county court now in session, but he took time to mention to a reporter the fact that the delinquent tax people were "coming across" very nicely. The greater part of them, Mr. Davis says, have paid up all right and only a few are going to have to be forced by attaching their property. The delinquent tax list is growing less, the values are being raised and the county is in fine shape financially.

INCREASED VALUES

PLACED ON BOTH FARM LANDS AND CITY PROPERTY.

RATE WILL BE LOWERED

And a Great Majority of Property Owners Will Pay the Same Amount of Taxes.

From Tuesday's Daily.

The Commissioners Court finished their work as a board of equalization last Saturday and adjourned to meet Monday, July 1, to hear reasons why property should not be raised.

While some property was not raised any above last year, some but little above last year, and some considerable more than last year, it is estimated that the total increase over last year will be about one half to three quarters of a million. The county tax rate will be reduced so that most people will pay about the same taxes as now.

Town property is assessed at about 60 per cent of what it would bring at forced sale, and farm lands at about 50 per cent of what they would bring at forced sale. The Court carefully examined every assessment and tried to make the burden of taxation equal upon all. About 200 notices of raises will be mailed to tax payers from the clerk's office this week.

At the Court House.

There was nothing doing in the district court today. The jury for the week, reported for duty this morning, but as the lawyers in the cases were not ready to try them, the jury was paid off and discharged.

Marriage licenses were issued on Saturday to J. T. Barkley and Mrs. Fannie White and G. C. Davis and Miss Hattie King.

"Frosty" Hambrick was in the city Wednesday using a pair of crutches in getting around. He had a leg cut off below the knee at Wichita Falls several months ago. He returned to the hospital at Fort Worth that night.—Childress Index.

CULBERSON AND THE PRESIDENTIAL NOMINATION.

The effort being made by some of Senator Culberson's pretended friends to induce the senior Texas senator to allow the use of his name as an aspirant for the Democratic presidential nomination is not succeeding very well. Mr. Culberson seems to understand the situation pretty well, and while he differs with Bryan on some very important national issues, he is not ready yet, from all indications, to join in with the political enemies of the great Democratic leader in defeating him for a third nomination for the presidency by his party. He also recognizes the fact that if there is a chance for the Democrats to win in the next presidential contest, that the chances of winning with Bryan at the head of the ticket are far better than they would be should the leadership or nomination be given to some other prominent Democratic statesman. It is charged also that those most interested in booming Culberson for the presidential nomination look upon it as a nice way in which to get him to give up his present position in order that some of their friends can succeed him. The real friends of Culberson and the Senator himself, for that matter, recognize that no Southern man can at this day and time, ever hope to carry a single Northern or Eastern State as the candidate of the Democratic party for president, and his friends do not want to see him sacrificed in that manner. There may be a chance for the Democratic party to elect Bryan. Certainly the chances for a victory with him at the head of the Democratic ticket are much better than if the ticket was headed by any Southern man, and if he will accept the nomination, it is his for the asking. The party can never expect to win a victory so long as it permits its enemies to participate in its nation-things do not go exactly to suit them, are always ready and willing to either bolt or go bodily over to the Republican party and use their influence to elect the Republican candidates. Bryan and the Democratic party owe at least two national defeats to this element of the Democratic party. In order to cause their influence to be less felt, the party should cut them out to start with. Most of them are better Republicans than Democrats. The only difference being that the Republican party uses better judgment than the Democratic party does and will not permit these bolters to take a leading part, except as bolters. The Republicans think, and justly so, that such people should be satisfied by taking up a position in the rear ranks and voting the ticket for at least two successive presidential elections, before thrusting upon them the positions of leaders. The Democratic party could well afford to follow the plan of the Republican party in this respect.

ORCHARD'S RECORD.

Exchanges are reproducing the wonderful record of Harry Orchard, one of them being like this:

Here is the self-confessed record of Harry Orchard, on the strength of whose testimony the State of Idaho expects to send to the gallows William D. Haywood, Charles A. Moyer and George A. Pettibone, leaders of the Western Federation of Miners:

Killed Charles McCormick and Melbeck with a bomb at Vindicator mine in Cripple Creek.

Killed a dozen men by blowing up the depot at Independence.

Shot Deputy Sheriff Gregory in Denver, when the victim was helplessly drunk.

Killed Tom Wally with a bomb intended for Judge Gabbert of Colorado Supreme Court.

Killed former Gov. Frank Steunenberg of Idaho on New Year's evening, 1905.

Made unsuccessful attempts to kill Gov. Peabody of Colorado, Judges Gabbert and Goddard of the Colorado Supreme Court; Gen. Sherman Bell, Millionaire David Moffatt, Frank Hearne and dozens of other Colorado men, and Frank C. Bradley in San Francisco.

Born in Canada, from whence he eloped with another man's wife, abandoning his own wife and baby.

Later he deserted the second woman and committed bigamy.

Been an ore thief, powder thief, firebug, and stood ready at all times to commit any crime or betray anyone for money with which to gratify his passion for gambling.

Just why they do not stop the court and hang him (unless he be lying) is what we would like to know.

SEEK TO CREATE A WRONG IMPRESSION.

In speaking of the railroad now building from Wichita Falls to the Young county coal fields the Baylor County Banner, published at Seymour says: "It seems that Wichita Falls is doing all she can to knock the Henrietta proposition, and induce the Archer City people to fall down on the bonus." In making the foregoing statement the Banner probably believes it is speaking from the standpoint of self interest for the proposed Henrietta road is asking a bonus from Seymour to come there, but no matter which way Seymour's interests lie it certainly gives them no license to make such a statement as the foregoing.

Wichita Falls is represented as an evil genius simply attempting to knock out the Henrietta proposition for a southwestern railroad.

Now if the people over at Henrietta and at Seymour knew how little it concerned Wichita Falls how many railroads Henrietta and Seymour can get or what points they run between, both towns would probably subside and go ahead with the work of building their road.

The people of Wichita Falls believe that the undeveloped resources of the country lying southward from this place are so unlimited that all the railroads that will be built into that country within the next fifty years will make no decrease in the business it is believed the Wichita Falls & Southern will do. The more railroads that are built into that section the more rapid will be the development and the greater the advantage to Wichita Falls. Work is going right along on the Wichita Falls & Southern and would not be stopped if Henrietta was to build a dozen roads into the same territory. As has been stated, heretofore, the officials of the new road expect to be running cars before next Christmas. Henrietta is free, so far as interference from Wichita Falls is concerned, to build her road as soon as she can and where she will.

NEW OXFORDS

We received today by express a new line of ladies' oxford ties, in light weight patent twin sole, Cuban heel; they are beauties and the price is only \$3.50. If you need any come before the sizes are all gone and let us fit you.

The Style Store of Wichita Falls

IOWA PARK GOES DRY

PROS CARRY ELECTION BY SUBSTANTIAL MAJORITY.

PROHIS 57—ANTIS 32

Remaining Saloon Will Be Closed When Local Option Becomes Effective.

The Prohibitionists carried the day at Iowa Park in the local-option election Wednesday by a large majority. A good vote was polled and when the ballots were counted last night it was found that the vote stood 57 for prohibition, against 32 wet.

VALUES RAISED—RATES LOWERED.

The county commissioners are in session this week as a board of equalization, and property values all over the county, it is estimated, will be raised about thirty per cent over what they were last year. The total assessed values in the county last year were in the neighborhood of \$4,000,000. This year it is predicted that they will be nearer the \$5,000,000 mark. The rate of taxation, however, will be lowered in about the same proportion as the tax values were raised, and this, it is thought, will equalize matters so that very little more taxes will be collected for this year than was collected last year.

UNION MEETING

A union meeting of the Wichita Falls Epworth League, Baptist Young Peoples' Union, Christian Endeavor Society of the Presbyterian church and Christian Endeavor Society of the Methodist church will be held at the Methodist church from 7 to 8 p. m., Sunday, June 23rd.

Why Do You Like COFFEE?

We take it for granted that you do, but it is very likely that you cannot tell off-hand why you like it, except that it is good.

Just why it is good may puzzle you somewhat, but to assist you in selecting the kind you want the following information may be of interest to you.

The looks of the coffee has very little to do with the quality of it, for it is not the bean itself that satisfies your coffee appetite.

The bean is composed of a large number of little cells, invisible to the naked eye, but which contain the essential oil.

Before the coffee is roasted these little cells are not worth anything, but they contain the oil, that after being roasted to a certain point produces the flavor which makes coffee a delightful drink. There are therefore, two things which must be watched in buying coffee:

1st. To get a blend of growths which shall contain just the right kind of oil, and second, to have that blend so roasted so as to make the rich mellow flavor which you like so well our Spurr's Concord is especially recommended to suit your taste, packed in one pound bags at 25 cents per pound. Or better still, Spurr's Revere Mocha and Java in two pound tins at 75c per can. All we ask is a trial of either, the coffee will do the rest.

We are Sole Agents

BREAKS PADLOCKS.

Prisoner at the County Jail Defies Bolts, Locks and Bars.

Three padlocks broken within less than twenty-four hours is the record of F. F. Hughes, one of the prisoners at the county jail. The breaking of the padlocks in itself is not so extraordinary, but when it is taken into consideration that Hughes is locked on the inside of his cell and the padlock is on the outside and so far the search of the officers cannot discover any instrument or object with which he could reach the lock, the feat becomes remarkable.

Hughes is convicted of burglary, Marshal Gwinn, Sheriff Davis and others made a careful search of all the prisoners and of the cells and corridors this afternoon, but found nothing.

Through a discharged prisoner information came to the sheriff that Hughes is in possession of a file and a pair of pinchers, but if he has these articles he has managed to hide them very effectively.

Needs Opera House.

Fram Wednesday's Daily.

The large crowd which attended the closing exercises of the Academy of Mary Immaculate at the Court House last night will no doubt, join with the Times in advocating the necessity of an opera house for Wichita Falls. The exercises were held in the District court room, but many were turned away at the door, and others who gained admission were forced to stand. The fact that there is no opera house here is embarrassing to every good citizen, who is asked by visitors and strangers to explain the reason for our not having such an essential and the only excuse that is usually made is that our promoters have neglected the smaller enterprises of a young and growing little city to go after the larger ones. In other words we have overlooked the fact that, in order to build a city, an opera house is just as necessary as good schools and fine churches.

To Be Made Shriners.

A party of eight gentlemen from this city will go up to Vernon, tonight on the "Shriners' Special," which leaves Fort Worth late this evening for the purpose of taking the "Shriner" degree of Masonry. The personnel of the party is as follows:

W. A. Reid, Alex Kahn, T. C. Thatcher, Dr. S. H. Burnside, R. F. Simpson, A. S. Fonville, Alex Kerr and J. D. Avis. Sheriff J. D. Powell of Archer City and Mr. George Knight of Iowa Park are also here to join the Wichita crowd and will go with them to Vernon.

The "Shriner" special will pass through this city at 2 o'clock tomorrow morning. It will require about twenty-four hours to confer the degree on the large number of candidates from this and other surrounding towns.

ANOTHER DEAL IN DIRT.

T. R. T. Orth Purchases 1580 Acres From C. E. Rodgers and J. P. Allen.

Another big deal in Wichita county dirt was consummated yesterday, when a contract was made by T. R. T. Orth for the purchase of 1580 acres of land, situated five miles south of town and owned by Charles E. Rodgers of Vernon and James P. Allen of Muskogee.

The consideration is said to be \$30,000. Mr. Orth, it is stated, made the purchase for a brother, who will divide the tract into small farms which he will sell to prospective settlers.

Davis-King.

Miss Hattie King of Denton was united in marriage to G. C. Davis of Byers at the First Methodist Episcopal parsonage by Rev. Stuckey late Saturday evening. Following the ceremony Mr. Davis and his bride left for Byers, where they will make their future home.

MAGAZINE ARTICLES ADMITTED AS EVIDENCE

(Continued from 1st Page.)

Judges Gabbert and Goddard and several others. As to articles following the commission of any crime, the court has some doubt and will reserve that doubt in favor of the defendant. Defense excepted to ruling.

Articles denunciatory of Steunenberg and other figures of the labor wars of Idaho and Colorado published in the Miners' Magazine, were read to the jury. An important article read was titled "The Passing of Steunenberg." It appeared in the issue of January, 1901. In this editorial epithets without stint were applied to Steunenberg, who was charged with getting rich on the "greasy dollars of the Standard Oil Company and mine owners, whose servant he had always been."

Condemning Steunenberg as a vile thing, deserving only contempt, hatred and political death, the article bids farewell to the "creature over whose political tombstone should be inscribed the words, 'Here lies a hireling and traitor.'" Judge Woods allowed the state to introduce a decision by the Supreme Court of Colorado, declaring unconstitutional the eight-hour law. Judge Goddard participated in the decision. When luncheon adjournment was taken, Senator Borah announced that the State would probably close tomorrow.

VERDICT FOR PLAINTIFF.

Jury Awards Terry \$650 in a Suit Against John Fennell.

After being out several hours this morning the jury in the county court returned a verdict for the plaintiff in the suit of Joe Terry vs. John Fennell and awarded him a judgment for \$650. The suit arose from a difference over the payment of a claim for \$960, which Terry alleged was due him as commission for the sale of a section of land for Fennell.

The defendant says that he will appeal from the verdict of the jury.

For Sale.

Several head of horses and mules; lot of farm machinery; about seventy head of graded cattle and three young registered short horn bulls, ready for service. See R. M. Moore, Wichita Falls. 20-2w

Combination coach No. 1, built for the Wichita Falls & Northwestern, has arrived from Chicago, and will be put into service immediately. The coach is a dandy. It is designed for both passengers and baggage.

Cotton Prospects Greatly Improved. Inquiry into the condition of the cotton crop from some of our farmer patrons brings the information that the prospects are far better for a good crop than the most optimistic hoped for last week.

Under the influence of the moisture of the recent rains and the hot rays of the sun the seed is germinating nicely and the plants are flourishing. While the stand is generally light, if the present favorable conditions continue the prospects for an average crop at least are very bright.

Small feed crops are also growing nicely and the season may not turn out so badly for the farmer after all.

Prospects for a good cotton crop at Thornberry have very much improved during the last ten days. Mr. George W. Rigsby, who bought the Reed place writes that he has bought a 60-horse power gasoline engine for the gin on his place. He will put in three more stands, which will make the gin one of the best equipped in this part of Texas.

To Exchange.

Boars for season of 1907. My animal is extra fine and registered Berkshire stock. See R. M. Moore, Wichita Falls. 30-3w

The Northwest Texas Press Association will meet at Plainview on June 25th and 26th. The program for the two days session will contain a number of good things and every effort is being exerted to make the meeting an enjoyable and profitable one.

The Wichita Grain and Coal Company are well fixed to supply your wants either in coal or feed. Phone 33. 24th J. MILTON ERWIN, Mgr.

Mail carriers should now prepare for an order requiring them to curl their mustache and plaster down their hair with bar grease.

Mr. and Mrs. George Clevinger have a new baby boy at their home, which arrived on the 15th.

"We walk on stars, so can you."

Patriot
SHOE
FOR MEN
\$4.00

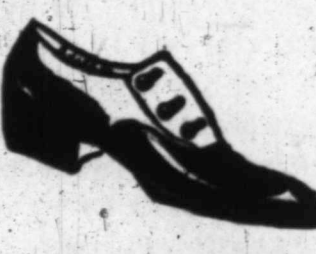

Some men plod along through life with their feet aching and paining them all the time. This of course interferes with their work and makes them nervous and ill at ease. A man can't enjoy life's pleasures as he should if his feet are worrying him.

There are a great many men who are "Walking On Stars". Their feet are feeling good and making their day's work lighter for they have no foot worry and can enjoy life, that is because they wear

"Patriots"

"The Shoes That Do Not Hurt." "Patriot" Shoes are made in all the Popular leathers over foot conforming lasts, made by experts and sewed with silk. They have an inner sole of ground cork that keeps out dampness. "Patriots" cost no more than the hurt kind. Being Goodyear welts they have no wax, tacks or threads inside to burn and blister the feet.

There is a shape, a fit and a pleasure for every foot. The star on the heel and the \$3,750,000.00 "Capital of Roberts, Johnson and Rand Shoe Co." are a guarantee that the "Patriot" is honestly, constructed and sure to satisfy. Over half a hundred styles. Remember Every "Patriot" is a Foot Doctor. Come and let us show you some "Stars".

BAD CROPS UNLIKELY

DEPARTMENT OF AGRICULTURE
SAYS THERE IS NO CAUSE
FOR APPREHENSION.

FAILURE IS IMPOSSIBLE

They Say, and Signs Point to a Very Bountiful Harvest.

Washington, June 17.—There is no occasion for hysteria over the crop outlook. Experts at the Department of Agriculture are unable to see in present conditions any cause for grave apprehension. Employed because of their peculiar qualifications, possessing sources of information denied outsiders, skilled in estimating results which given conditions should produce, these experts, disinterested in the speculative manipulation of the commodity markets, say that a crop failure is impossible and that all signs point to a bountiful harvest.

They agree with James J. Hill of the Great Northern that crops are a couple of weeks late, but say that spring wheat and all small grains are showing remarkably well and that the cool, damp weather which has prevailed so widely over the West and has given people the blues is in fact ideal weather for the small grains.

Secretary of Agriculture Wilson has been muzzled for the time being at least and does not feel at liberty to take the farmers and the public into his confidence through the medium of a newspaper interview. He has been a star witness in the Holmes cotton leak case, now pending in the local courts, and the attorneys for the defense have charged that the Secretary by submitting to newspaper interviews has been guilty of "aiding the gamblers in grain and farm products."

MISS HELEN GOULD'S TROUBLES.

People Think Her Sole Business is to Give Away Money.

New York, June 19.—According to a statement made public today, the requests for gifts sent to Miss Helen Gould aggregate near \$2,000,000 a week. They range all the way from asking for \$15 for a set of false teeth to \$1,000,000 to start a colony in Cuba.

Miss Gould gave an itemized list of a week's requests recently to Franz Kaltenborn, the orchestra leader. A movement is on foot among the music lovers of this city to make Mr. Kaltenborn's orchestral music a permanent feature in New York. For this subscriptions from wealthy persons would be necessary. Miss Gould was one of those consulted. She encouraged Mr. Kaltenborn, but, incidentally, cited the fact that this was not the only thing she was asked to encourage. Then she gave him the list.

In the week referred to Miss Gould received 231 requests for money outright. Out of these, 195 left the amount to her good will and discretion. Miss Gould was asked in that week to \$5,000,000 to help an anti-saloon league in Chicago. She received requests for aid for churches, 27 for educational institutions and 26 for libraries. More than thirty were for help for charitable institutions. Four persons, presumably young women, wanted Miss Gould to help them buy trosses. Eleven persons wanted pianos and twelve wanted Miss Gould to buy their inventions.

Following are some of the other wants: Bibles, bicycles, three cows, one invalid's chair, enough air pillows to supply a regiment, five sewing machines and fifteen railway tickets.

The Wichita Laundry Co. has received a new laundry wagon that is a beauty and a credit to the company and the town. It is now at Weideman Bros., where it is being retouched and put in first class condition, after being shipped.

A GOOD INVESTMENT.

Real Estate Recommended for Salary Employe Who Wishes a Competence.

At a recent meeting of the Bankers and Bank Clerks' Association of Pittsburgh, one of the leading financiers of that city made an address on the various kinds of investments that were open to the young man of limited means who desired to acquire wealth, and after describing the various kinds of bond investment that returned a favorable percentage of interest, spoke as follows on the stability and profit to be obtained from investments in real estate.

"A difficult task is set me, as circumstances under which young men commence life are so widely varied. But I think that more men fall in the investment of what they earn or receive than in any other way to acquire property. The temptations to speculate are so great, and the desire to become suddenly rich so strong that I believe that eight out of ten, if not more, of young men are wrecked at the very beginning.

If a young man is earning something more than the expense of his living, and has no object in view, he is likely either to increase those expenses carelessly or to loan his money to his friends, and in so doing in the majority of cases he will lose both money and friends. So that the best thing that he can do is to have an object gather up his money and to have a call for it. He makes no investment because, he says, 'I have got so little money that it won't come to anything; I will wait till I get more,' and in waiting generally what he has goes.

"When a young man has a very little let him buy some property, preferably a piece, however small, according to his means, of improved real estate that is paying rent, paying in cash what he can, giving his notes for the balance in small sums due at frequent intervals, secured by a mortgage on the property, and then use all of his extra income in paying up these notes. It is always safe to discount your own notes, and if the notes come a little too fast, as soon as he gets anything paid his friends will aid him when he is putting his money where it cannot be lost and where the property is taking care of the interest, and in a very short time he will find that he has got a very considerable investment.

EMPLOYES OF WESTERN UNION ISSUE ULTIMATUM.

Strike Fund Voted and General Tie-Up of Lines Probable.

Chicago, Ill., June 17.—Fifteen hundred telegraph operators, members of Commercial Telegraphers' union, at a meeting here yesterday afternoon voted to support the executive committee of their organization in any measures they deem necessary to bring about an adjustment of the operators' grievances. Those present were chiefly operators of the Western Union and Postal Telegraph Companies. Separate resolutions were presented by each group of employes, the Postal men advocating "drastic measures" to enforce their demands and the Western Union operators serving ten days' notice on the officials of the company in New York that "they must meet the employes' committee as represented by the Commercial Telegraphers' Union of America for discussion and adjustment of grievances, or bear the responsibility for interference with the public business which would follow action that "will be incumbent" upon the Chicago local. A \$5,000 strike fund was voted. The representatives of the Order of Railway Telegraphers assured the Commercial Telegraphers of their support and sympathy of their order, but no official action was taken.

WHEAT NOT SO BAD.
Crops in Hardeman and Foard Counties Will Make From Ten to Twelve Bushels.

Hardeman and Foard are the banner wheat countries in Texas this year. While this is saying a great deal, it is not surprising at all as this is about the only country with the exception of the Brownsville district where the seasons have been favorable to the farmer this year. While east of us the wheat has been nearly everywhere destroyed by green bugs, the damage done by them here has been comparatively small.

A record breaking crop would have been made by our farmers had it not been for the severe frost in May, which caught the cereal just when it was emerging from the bloom, and at this critical point in its life wrought great damage. Still the reports of the damage done at that time we find were greatly exaggerated. Mr. Durham, who baled his wheat after the frost has found out since that he would have made from ten to twelve bushels had he been less in a hurry. And he is not the only unlucky one.

One week ago the average farmer based his expectations on half a crop, but now he goes far beyond that. Did everything last year go to straw, this year the grain is much better filled out, and the cereal everywhere is a good No. 2, which is bringing \$1.01 at Kansas City, and brought even three cents more a few days ago at Chicago.

Oklahoma, where wheat was reported to have been a complete failure, is going to make from eight to nine million bushels, which, of course, has a tendency to bear the market.—Quannah Tribune-Chief.

Notice to the Public.
On display at the spacious store of the Wichita Falls Implement Company can be seen one of the famous Bush & Lane Pianos in colonial style. A special invitation is extended to the public to call and examine this wonderful instrument. No matter whether you are ready to buy or not, we will take pleasure in showing its points of advantage. We especially invite the criticism of the musicians of Wichita Falls and will take pleasure in explaining the merits of the Bush & Lane. All we ask of the piano buying public is a chance to compare the celebrated Bush & Lane piano with others claiming superiority. You can buy a piano at the right price on the right terms and get the right quality right here at home. Yours for courteous treatment,
WICHITA FALLS IMPLEMENT CO.

Young People Enjoy Pleasant Evening.
Wednesday evening found a number of young people assembled to await the arrival of the band wagon to convey them to the home of Mr. W. W. Brown, (three miles South of town), where they had been invited to spend the evening.

After a few minutes of impatient watching and waiting the wagon arrived, and the party was soon on its way chattering and singing as only young people can. They soon arrived at their destination, and received a cordial welcome from their charming hostess, Miss Imogene.

The guests present were: Miss Howard, Miss Walkup, Maggie Parker, Edith Walkup, Miss Roberson, Miss Bachman, Hattie Goodwin, Minnie Goodwin; Messrs. Norman Bachman, J. W. Dobbs, Morris Poore, Dan Walsh Clyde Winfrey, Robert Brown, Ira Brown Monie Turner, Eugene Isley, Roy Priebe, Melvin McIntire, Jack Hodges, Gene Dobson.

The hours slipped away all unawares, and the time to return home came all too soon. But it was time to go, and we parted, each of us reviewing the history of our young lives, but failing to find where we had spent a more pleasant evening.

PLUNGE IN THE TANK
HAS FATAL RESULTS FOR HOWARD PROUD.
WAS SEIZED WITH CRAMPS

Victim Sank and Came to Surface Seven Times Within a Few Feet of His Companions.

Special to the Times.
Electra, Tex., June 17.—Yesterday afternoon Howard Proud and eight other young men went to a small tank on the Bear farm, about five miles north of this place, to take a refreshing plunge. Young Proud was the first to enter the water and he had swam only about fifteen or twenty feet when he sank. He came to the surface and sank again. This was repeated seven times and then he sank to rise no more.

His companions thought at first that he was diving and were not alarmed. Later they thought there must be something wrong, but only one of them could swim at all and he was afraid to attempt to rescue his friend. About two hours later other help was secured and his body was recovered.

The fact that each time young Proud came to the surface he was in exactly the same position, with his hands slightly raised, leads to the supposition that he must have been cramping. This is also confirmed by the fact that he was unable to speak and call for help.

The body was taken to the home of George Proud, the boy's father, where funeral arrangements are being made. The deceased was about 21 years of age and came from Aurora, Neb., to this place last February.

THE MASK OF HEALTH.
Few People are Really as Well as They Look—Cause and Remedy.
Many people in Wichita Falls, both men and women, who believe themselves to be in perfect health, are often in the greatest danger.

The most common cause of ill health is indigestion, with a myriad of symptoms, such as headache, sleeplessness, specks before the eyes, pains in the back and side, distress after eating, etc.

In the last few years the success of physicians everywhere with Mi-o-na stomach tablets has made them known far and wide as the acknowledged specific for the treatment of stomach diseases. They strengthen the digestive organs so that in a few days the stomach is in such shape that it takes care itself of all the food that is eaten without pain or distress.

R. Robertson gives an absolute unqualified guarantee that your money will be refunded unless Mi-o-na cures. R. Robertson takes the whole risk and the remedy will not cost you a penny unless it cures you.

House Party Dance.
The Misses Sibyl and Jewell Kemp were hostesses at a most enjoyable dance given in honor of the guests at Miss Kemp's house party at the St. James hotel last evening. The guests were as follows:

The Misses Smith, Tyree, Cowan, White, Hubbard, Frankie and Margaret Lysaght Mary and Flora Anderson, Tot and Roberta Curry, Cobb, Walker, Flora Kemp, and Swisher and the Messrs. Smith, Martin Cave, J. W. and J. C. Griswold, Heath Malone, Priddy, Woods, Boyd, Walker, Darnell, Dr. and Tom Felder, Fitzhugh, Henderson, Gough and Jones, and Mr. and Mrs. Hughes, Mr. and Mrs. Blair, Mr. and Mrs. Montgomery, Mr. and Mrs. Reese, Mr. and Mrs. Woodward, Mr. and Mrs. Huff, Mr. and Mrs. Scoville and Mr. and Mrs. Duke.

For first class piano tuning leave orders at Wichita Falls Implement Co. 21d-1mw.

MANY NEW HOUSES

ARE GOING UP IN THE FACTORY DISTRICT—THINGS MOVING.

WORK HAS BEEN STARTED

On the Farmers' Union Warehouse, Wigham's Cotton Gin, and the Oil Mill.

The ordinary citizen is apt to think that there is little going on in Wichita Falls these hot summer days, but a trip down into the new factory district will convince him that he has a wrong impression.

The fact is that there has scarcely been a time in the town's history when more improvements and substantial new enterprises were in progress.

Arthur Reed & Company have commenced a \$5,000 contract for the Farmers' Union warehouse. As soon as this warehouse is completed the Farmers' Union will begin the erection of a big cotton gin on the same lot.

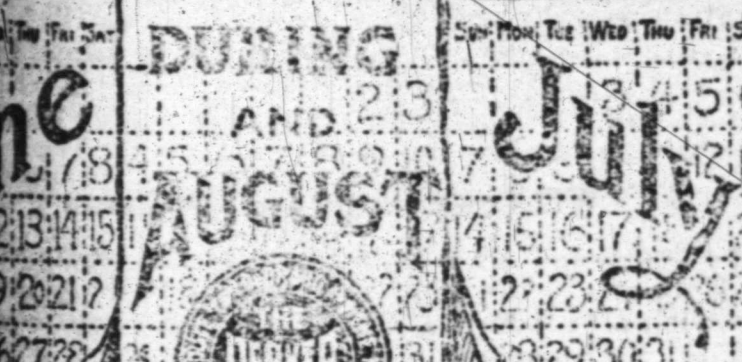

G. W. Wigham & Company have also started work on a two story frame building for the new cotton gin.

Work is progressing on the big oil mill in the same locality and nearby the ground is being staked off for a big cotton compress.

These new enterprises are all being built in the same locality and with the other enterprises already located in the same neighborhood, will form the nucleus of the greater industrial Wichita.

HAVE RETURNED

MESSRS. BEAN AND ORTH HOME AFTER A TRIP THROUGH THE COAL FIELDS.

BELTKNAP DEEDS SECURED

For the Mineral Rights in 9,000 Acres. Results of Investigations are Highly Pleasing.

T. R. T. Orth and Charles W. Bean have returned from a week's trip through the Young county coal fields and over the route of the Wichita Falls and Southern railroad.

While at Belknap, in Young county, signed deeds were delivered to them, giving the new railroad company an interest in the mineral rights of 9,000 acres of land covering the better portion of the coal lands and the deposits of fire clay.

Mr. Orth, who is by profession a mining engineer, made investigations into the coal beds at many points. He went down into the shafts already opened, and also descended into wells which have been dug into the coal stratas. He made the investigations not only for the purpose of finding whether the coal existed in quantities to warrant its being mined on an extensive scale, but he also examined the stratas to find whether they would support a roof over the mines. The investigations as to both these points proved satisfactory beyond his highest anticipations. In addition to these pleasing features, the two prospectors found that the land above the coal beds was covered with timber more than sufficient to furnish the timbers for the mines.

Before returning to Wichita Falls Messrs. Bean and Orth contracted for the sinking of a number of holes and shafts at different points in the coal area for the purpose of making further investigations, with a view of opening up mines at the most favorable points.

DOINGS AT IOWA PARK.

Iowa Park Register.

Married.—Wednesday, June 12, at 10 o'clock a. m., at the home of the bride's uncle, Mr. N. C. Herrol, Mr. John Henry Milley and Miss Cora May, Brown were united in marriage, Rev. Ramage, Episcopalian Minister of Ft. Worth officiating.

The bride is one of our nicest girls, accomplished and possessing many fine traits of character. Mr. Milley is a prominent attorney in the employ of the M. K. & T., and also the H. & T. C. road. His home is at Bastrop. They have the best wishes of many friends.

Ralph and J. C. Hines bought out their brother H. B. Hines and will now occupy the two stores just west of the bank.

A wedding occurred at the corner of Hyde's store one day last week, the contracting parties being Geo. W. Cottrell and Miss Moss, Justice A. L. Brubaker officiating. The parties sat in their buggy while the ceremony was performed. This was the first called upon to officiate in this line and was somewhat embarrassed, knowing the boys would guff him. Never let a little thing like this bother you Mr. Justice.

Smallpox Case Discovered.

From Monday's Daily. A case of smallpox of a mild form was discovered in Wichita Falls today. The victim is a railroad man named Smith. He was sent out to Lake Wichita this afternoon, where he will remain until he recovers and the danger of infection has passed.

Good Pasture For Stock.

I have plenty of fine grass pasture, on my place 1 1/2 miles north of town. Those having stock to be pastured can learn my terms by calling at my farm.

E. V. FRIBERG.

We hereby make the announcement that W. F. Jourdan has this day purchased the entire interest of K. A. White in the furniture business heretofore conducted under the name of the Jourdan-White Furniture Company. The business, now entirely owned by W. F. Jourdan, will hereafter be conducted under the name of W. F. Jourdan Furniture Company. All notes and accounts payable to Jourdan-White Furniture Company are the property of W. F. Jourdan, who will pay all the indebtedness of said company.

This June 5th, 1907.

W. F. JOURDAN.

K. A. WHITE.

WILL BUILD NEW MANSE.

First Presbyterian Church Will Build \$3,500 Structure.

As soon as the contract can be let the First Presbyterian church will begin the construction of a new manse on the lot adjoining the church on the west side of Tenth street. The manse, when completed, will cost about \$3,500 and will be a tasteful structure.

The building committee, which will award the contract and have charge of the building is comprised of Messrs. G. D. Anderson, A. H. Richolt, R. S. Rodgers, H. T. Canfield and H. J. Bachman.

A Solid Train Load of Vegetables.

The truck farmers of East and South Texas are now shipping out their products in solid train loads to the North and northwestern markets. Last night yardmaster Turton reports that a train load of potatoes, melons, tomatoes, rice, consisting of 940 tons, passed up the Denver. Occurrences of this kind are by no means rare, and is evidence that truck farming pays provided that the crop is handled properly.

Pocket knives. Over 80 different patterns at E. M. Winfrey & Co's.

SKIRTS

We have just received a complete line of the famous Fashion brand of shirts, made of imported materials and best styles.

Prices from \$6.50 to \$17.50

SAILORS

We have just received about 100 Sailors, bought late at a low price. We have all the styles, and are making cost to you very low.

SHOES

We have just received a late purchase of Utz & Dunn shoes. Come in and be fitted before the stock is broken.

YOURS TO PLEASE,

W. E. Skeen

FIFTEEN DRUNKS

CORRALED N ROUND-UP BY OFFICERS SATURDAY NIGHT.

RECRUITS STREET GANG

Two Pay the Customary \$13.80—Thirteen Will Labor on the Streets.

From Monday's Daily. The local police officers did a little cleaning up Saturday night in preparation of an orderly Sunday.

On their round-up they invaded the precincts of the bull pen, an enclosure at the rear of one of the saloons, where they found a mixed company of Mexicans and Americans in various stages of intoxication. This gang of drunks was gently awakened and marched off to the county jail, where the doors were locked behind them almost before they had awakened to a realization of what was happening.

This morning the gang again did some marching. This time their destination was the corporation court, where the customary \$5.00 and costs making a total of \$13.80 for each offender, was assessed. Two of the fifteen had money with which to liquidate their fines. The remainder were put to work on the streets, where they will serve out their fines under the hot summer sun.

If your windmill or pump is not giving satisfaction see M. O. Moore & Co., at the Wichita Grain & Coal Co. building. They will know how to make them do the work. 29-1f.

H. H. Love of Iowa Park has been appointed rural mail carrier on route 1 out of that place. D. F. Love has been appointed substitute carrier at the same office.

Repairing of all kinds at E. M. Winfrey & Co.

MATER-SMITH DRUG CO

WEAR PURITAN CORSETS!

If perchance you have not previously worn a pair, it is requested that you make sure the next model purchased is a PURITAN. There are many different styles in this popular corset, insuring a perfect fitting garment for every individual form.

A Shape for Every Figure

STYLE 59. Is made of fine Batiste. The dip hips and reverse sections combine to create the swooping curve effect for new gowns to be fitted upon. The bust is high enough to accommodate the new waists and the long skirt secures the hips. Good hose supporters, front and sides, white only. The pair **\$1.00**

PURITON STYLE 680. Made of fine Batiste 12 inch, 5 hook front, steel; sizes 18 to 30. Trimmed at top and bottom with handsome lace, run with ribbon. This corset is medium in length over hips and a perfect fitting garment. **\$1.00**

TAPE GIRDLER STYLE 1254. Made of fine tape. There is probably no more servicable and no more useful corset than the girdle. For immature figures, for growing figures, for slender forms or for physiques not requiring much corset support, they are ideal. Many women wear them about the house in the morning. They say they are just the thing to wear with a Kimona or morning gown. Price only **50c**

LADIES' SHIRT WAISTS, made of dainty sheer lawns, handsomely trimmed with Val. laces, insertion and tucks; elbow sleeves. The new styles. On sale at 50c, 75c, \$1.00, **\$1.89**

Many Companies Will Discontinue Business in Texas on July 11th.

Special to the Times.
Dallas, Tex., June 18.—Following a conference at New York between the managers of the non-resident life insurance companies doing business in Texas, Maurice E. Locke, attorney for most of the larger companies, yesterday announced definitely that all of the larger companies will withdraw from Texas on July 11, and will not continue to do business in this State. Some of them have already transferred their records to points outside the State, and have removed their office fixtures and sublet their offices.

The cause for this action is the professed inability of the companies to comply with what is known as the Robertson bill, passed at the last session of the Legislature, which will go into effect July 12. This bill requires companies doing business in Texas to deposit 75 per cent of the reserves on Texas business in the State depositories. It also requires a tax of 1 per cent on gross premiums collected.

Many people fear that the effect of this withdrawal will mean a financial contraction, and an enormous loss to Texas. On January 1 there were over thirty foreign companies with permits to do business in Texas. While all of them are not direct investors, their funds are so invested as to foster enterprises which make the State great.

In statements issued by the representatives and agents of the companies yesterday it was declared in most instances that policies now held in Texas will not be impaired. Premiums will be payable in most cases at the home office of the company.

The following companies have issued statements: Washington Life, Mutual Life of New York, Northwestern Mutual, Equitable Life, Penn Mutual, Manhattan Life, Massachusetts Life and Home Life.

A Mexican Automobile Party.

From Saturday's Daily.
One of the most enjoyable and novel features of the house party of which Miss Jewell Kemp is the hostess, was a "Mexican Automobile Trip," given in honor of Miss White of Bonham, and Miss Cowan of Fort Worth yesterday afternoon by several of their gentlemen friends.

The young ladies anticipated the party with both wonder and pleasure, for they had never enjoyed a trip in a "Mexican Automobile."

When the gentlemen drove around to the Kemp home yesterday afternoon in a tally-ho drawn by a handsome pair of donkeys with the longest ears ever seen they found the ladies awaiting their arrival attired in full automobile costume.

WORK IS STARTED.

On Amarillo's Street Car System—Foundation Laid for Power House.

Work began today on the site near the intersection of Tyler street and the Denver track for the construction of the street-railway powerhouse. W. J. Beck has the contract for furnishing the cement blocks of which the building will be made. All foundations both of walls and for the machinery will be of solid concrete. The building will be 40x80 in size and will house all the power machinery for the operation of the cars. Car barns will be erected on another site.

Four offenders plead guilty to charges of public intoxication before Judge Rye in the corporation court this morning and were assessed fines.

Would a Cotton Mill Pay?

Fort Worth Telegram.

The Telegram has faith fully and persistently advocated a cotton mill for Fort Worth, and has repeatedly given assurances that such an enterprise would pay a handsome dividend on the investment. As there may be desire for evidence on that point, it affords the Telegram much pleasure to give the official figures for a mill now operating in the state of North Carolina. J. H. McDowell is the owner and operator of five mills in the state of North Carolina, one of which he made pay for itself in one year. Mr. McDowell was met in Virginia recently by J. M. Hagood, who resides in Enloe, Texas, and he closely inquired into the McDowell method of managing cotton mills.

Mr. McDowell said that they had the advantage of water power, which was some cheaper than our power, and that labor was some cheaper there than here, but that the secret of their success was due to the grade of the product that they turned out. They manufacture lawns and high grade stuff that there is a much better profit in than what the Texas mills turn out. He admitted that Texas black land cotton is the best that is in the market, and said that he wouldn't handle any cotton that he could not make net him 30 cents a pound. He said if the people build a mill he would advise them to manufacture a better grade of cloth.

Mr. Hagood requested him to send a statement of what one of his mills had made, and we give below his letter written a few days ago, together with a statement of what one of his mills had earned for the year.

Concord, N. C., May 21, 1907.

Mr. J. M. Hagood, Enloe, Texas.

Dear Sir: I am mailing you a statement of one of our mills. This I regard as very good; but the one of the Lowell mill is even better.

It made last year about \$90,000 on a capital stock of \$100,000.

Should I be able to find my last statement from this mill I will forward it also.

Hoping that the enclosed statement will be of interest to you, I close.

Yours very truly,

JOHN. H. McDOWELL.

Statement of Ozark Mills

Gastonia, N. C., April 1, 1907.

HICKS FINDS A BIG SUNSPOT.

Preacher Astronomer Says There Will Be Storms This Week.

St. Louis, June 19.—Rev. Ira R. Hicks, the astronomer, has issued a bulletin telling of the discovery of the largest sunspot ever known on the sun. From the conditions existing he draws deductions that lead him to forecast terrific electrical storms from today until Friday, with all the United States in the storm area.

Coleman-Lysaght-Blair are having considerable work done on their wholesale building. All the wood-work is being treated to a new coat of paint and the windows are being profusely decorated with beautiful and attractive designs. Other business men will likely follow their example.

PERSONAL MENTION

From Saturday's Daily.

Mrs. H. B. Hines and daughter of Iowa Park were here today.

Dr. H. A. Bourland and wife of Dallas are visiting with Mr. and Mrs. J. L. Lea, Jr., of this city.

Evening prayer will be held at the church of the Good Shepherd at eight o'clock Sunday evening.

A car of horses enroute from Pueblo, Colorado, to Fort Worth was unloaded and fed here this evening. They were in charge of a Mr. Meadows.

Mr. and Mrs. J. J. Haigh and Miss Mary Nicholson, of Tulsa, I. T., are visiting the families of Allen Darnell and J. T. Montgomery.

T. A. Keith, a friend of Supt. E. O. McNew, spent two days with him here this week. He has just graduated from the State University and was on his way to Petrolia to see a sister.

Judge Hendry and family, formerly of Mineral Wells, arrived here last night and are registered at the St. James. They will make this city their home.

Prof. Lee Clark was here today from Iowa Park. He and his family returned yesterday from Ft. Worth, where they attended the convention of the Christian church. While there they made a visit to homefolks at Thorp Springs. Mr. Clark is still talking Jersey cows and creamery.

Judge W. E. Forgy of Archer City, was a visitor to the Falls today and while in town called on the Times to have his name placed on our daily subscription list. He reports Archer City as lively but says not much building will be done until after the Wichita Falls and Southern railway reaches there, from the fact that it is too expensive to haul lumber and building material from here to that place by wagon. When the railroad reaches there the town will then begin to put on city airs.

From Monday's Daily.

H. C. McGlasson was a visitor at Fort Worth yesterday.

D. N. Hardy, of Throckmorton was a visitor here yesterday.

Ed. Scott has returned from Mineral Wells, feeling much better after his sojourn there.

Miss Lola Strange of Wynnewood, I. T., is visiting her grandparents, Mr. and Mrs. E. L. White, of this city.

Mrs. Myron Barwise and daughter, Miss Nina, spent Sunday with friends at Seymour, returning home today.

A. H. Smith, of the firm of Coleman, Lysaght and Blair, is spending the week at Waureka, Okla., on business.

C. L. Fontaine, general passenger and freight agent for the Wichita Falls and Northwestern, is in Dallas today on business.

R. C. Malone went over to Burkburnett this morning on business connected with the new cotton gin which is to be built at that place.

Mrs. H. B. Patterson and little Miss Elizabeth, who have been visiting with relatives at Henrietta for the past month, returned home Saturday.

A. F. Jones and J. C. Whaley, two Gainesville capitalists who have investments in Wichita Falls are in the city today looking after their interests.

W. W. Hitchcock of Fort Worth, and W. H. Sneed, of Amarillo were in the city today looking after the interest of the International Correspondence Schools.

Mrs. N. Snearly of Henrietta is here to attend the commencement exercises of Mary Immaculate Academy tonight, her daughter being one of the graduates.

S. Edwards, of Seymour, Roy B. Burnet, of Fort Worth, W. R. Moore, of Ardmore, I. T., and W. A. Bennett,

of Seymour, were among the visitors in Wichita Falls Sunday.

Misses Ruth and Agnes Elliott returned yesterday from a two weeks visit to their uncle, Mr. T. G. Stearns, who lives in the upper end of this county on Beaver Creek.

Rev. A. J. Bush leaves today for Stamford to conduct a meeting. He was accompanied by his daughter. Prof. Lee Clark of Iowa Park will fill his regular appointments at this place next Sunday.

Mrs. Beavers and children, formerly of Rauf, I. T., arrived here Saturday to join Mr. Beavers, who is the head miller at the Wichita Mill & Elevator Company. They will make this city their home.

Mr. and Mrs. A. D. Magner came up from Fort Worth yesterday and will again make this city their home. Mr. Magner is one of the conductors of the Denver plug and has decided that it is more agreeable for him to reside here than at Fort Worth.

Rev. W. L. Livingston of Seymour was here today en route to Dalhart. Rev. Livingston was recently called to the pastorate of the Presbyterian church at Seymour. Now the Dalhart church is wanting him to come to that place.

Rev. W. A. Stuckey left today for Royse City, where he will conduct a two weeks revival service, with the assistance of Evangelist Singer Ramsey. During his absence Mrs. Stuckey and daughter, Christina, will be the guests of Mrs. Stuckey's mother at Ladonia.

J. M. Young, who was formerly engaged in the blacksmithing business in this city but who is now located at San Dieguito, Mexico, arrived in the Falls city last night with his wife and baby. They are on their way to Byers where they will spend the summer months with Mrs. Young's parents. Mr. Young is now engaged in the banana raising business and his many friends here will be glad to learn that he is prospering.

From Tuesday's Daily.

R. S. Cook of Electra was in our city today.

Judge S. H. Hodges left this evening for Nocona to visit his mother.

Mrs. S. E. agsdaje left yesterday for a short visit to relatives in Dallas.

R. S. Rodgers, of the real estate firm of Heath & Rodgers, left this morning on a business trip to Bonham.

Miss Helen Mahoney has gone to Wichita, Kansas, where she will spend the summer with her grandparents.

P. T. Bradford, proprietor of the Commercial hotel at Burkburnett, was here today on business.

Miss Lizzie Napier returned to her home at Dallas today, after a visit with her mother, Mrs. Clasbey.

Joe Terry, the general landlord of the hotel at Harrold, was in the city today on business.

W. E. Cobb, the real estate man, has returned from a trip into the Southern portion of the State, where he closed up several large deals.

G. T. Mater, of the Mater-Smith drug store, has gone to Chanute, Kansas to attend the wedding of his sister.

Dr. McGhee of New Boston is in the city today, the guest of his friend, Wm. Russell, of the Robertson-Russell Hardware Co.

Sims Warren, who has been in this city for several days, returned to his home at Iowa Park today. In speaking of the prohibition election at that place tomorrow, Mr. Warren said it was doubtful as to what would be the result. Both sides are at work and both expect a victory.

Editor Hendricks and L. J. Massie of Vernon were visitors to the city today. They came down to attend the commencement exercises of the Academy of Mary Immaculate, to be held at the court house tonight. Both gentlemen have daughters who attend this school.

Chafe Short, C. W. Hess, Clint M. Hess and S. G. Stalnaker, all of Chico, Texas, arrived in this city this afternoon. They will be joined tonight by J. S. Riddle and T. B. Maxwell, also of Chico. They will leave tomorrow for Burkburnett. Messrs. Riddle and Maxwell attended the auction sale there and bought business lots. They have returned and brought their friends with them and will spend several days looking over the country. All of them intend to locate near there if they can find lands that suit them.

From Wednesday's Daily.

E. W. Grogan was here from Byers yesterday.

Dr. J. H. Wilson was here from Quanah yesterday.

B. H. Cook and W. W. Brown were here from Electra yesterday.

Mr. J. W. Blacklock of Petrolia, was a visitor to the city today.

J. H. Barwise and wife of Ft. Worth were here last night.

Land agents Lutz & McCue of Vernon are in the city on business today.

Miss Lucy Barwise left for Fort Worth today for a visit with relatives.

County Clerk Reid issued a marriage license today to Roy Johnson and Miss Signa Cox.

Vice President Keeler of the Denver stopped in our city a short while today while en route north on a tour of inspection.

N. Snearly and wife of Henrietta were in the city last night attending the commencement exercises of the Academy.

Deputy Tax Collector J. A. S. Free-

man has gone to Bonham where he will spend the week on official business.

Rev. Father Nolan of Gainesville, and Rev. Father Goessens of Henrietta, attended the Commencement here last night.

W. H. Myers, F. P. Neville and wife and Misses Ena Neville and Jesse Chostnutt were here from Henrietta last night to attend the Mary Immaculate commencement.

Father Frowin of Windhurst and Father Bernard of Munster were among the number who were in the city last night to attend commencement.

Mr. and Mrs. E. B. Carver of Archer City attended the commencement exercises of the Academy of Mary Immaculate at this place last night. They have two daughters attending the school.

Mrs. C. Carrol of Dallas, whose daughter is attending the Mary Immaculate Academy at this place, was here last night to be present at the commencement exercises at the court house.

Walter J. McDaniel of Abilene has been appointed resident civil engineer of the Abilene and Northern and Wichita Valley lines, with headquarters at Wichita Falls. Mr. McDaniel was formerly with the Santa Fe.

L. H. Mehaffie has resigned his position with the Coleman, Lysaght and Blair grocery company, and will leave with his family in a few days for Ft. Worth where they will reside in the future.

The following pupils of the Mary Immaculate Academy left for their homes today: Eddie and Genevieve Carter to Archer City; Ruth Jones and May Neville, Frances Snearly and Miss Ena Neville to Henrietta; Nell Condon, Vernon; Helen Smith, Corsicana; Ruth Grogan, Clementine Trusty and Mabel Robertson, Byers.

Clothes for All Wearers

Some Clothes seem to be only fair weather clothes, and cockle and droop in the mist and rain. Woolen clothes don't, and ours are woolen—

STEIN-BLOCH MADE AND TESTED
