VOLUME XVIII

WICHITA FALLS, TEXAS, SEPTEMBER 13, 1907.

NUMBER 43.

## COTTON FIGURES LOW

NUMBER BALES GINNED UP TO  
SEPT. 1st, 191,418.

## CROP CONDITION 72.7

Report of Census Bureau and Crop Reporting Board are Both Bullish

Washington, D. C., Sept. 9.—The census bureau today issued its first bulletin on the cotton crop for the season, as shown by the returns from ginneries, showing a total of 191,418 bales ginned up to September 1 as compared with 407,551 bales up to the same period last year. In this statement round bales are counted as half bales. The great falling off is attributed to the lateness of the crop.

The reports show that there were only 4,067 ginneries in operation Sept. 1 this year as compared with 6,037 in 1906.

The output by States for the present year is as follows: Alabama, 7,345; Arkansas, 85; Florida, 34; Georgia, 1,207; Indian Territory, 3; Louisiana, 112; Mississippi, 1,123; North Carolina, 43; Oklahoma, 5; South Carolina, 3; Texas, 145,101. Last year Texas had ginned 328,686 bales before Sept. 1st.

Average Condition 72.7.

Washington, Sept. 9.—The crop reporting board of the bureau of statistics of the department of agriculture finds from the reports of the corre-

spondents and agents of the bureau that the average condition of cotton Aug. 25 was 72.7 as compared with 75 July 25, 1907; 77.3 Aug. 5, 1906; 72.1, Aug. 5, 1905, and a ten year average of 74.4.

## TO GRADE PUBLIC ROADS.

Business Men of Stamford Want \$10,000 and Raise Half.

Stamford, Tex., Sept. 10.—The business men of Stamford are raising money by subscription among themselves to grade and improve the public roads leading into the town and have already secured over \$4,000 and expect to make it \$5,000 before they stop. They realize that nothing will help the town more than good roads, and cannot wait for the county to do the work under the present road law. Farm lands are getting valuable and are being cut up into small farms, and good roads are absolutely necessary to meet the demands.

## Have Reached Their Destination.

From Thursday's Daily. The party of Dallas tourists who passed through this city about a month ago en route to Denver have reached their destination. Each week Deputy Marshal Tom Pickett has received a post card from one of the party, telling of their progress on the trip. Today he received the regular weekly card and this time the card bore the Denver postmark and told of the safe arrival of the party in that city.

## THE BOND ELECTION RETURNS CANVASSED

From Thursday's Daily.

The City Council met last night to canvass the returns of the election on the bond issue and alderman and formally declared the results.

The certificates and other papers pertaining to the election are to be filled out in the forms prescribed by law and forwarded to the Attorney General at Austin for his approval.

The city attorney was ordered to draft an ordinance for the issuance of the bonds and another meeting of the council will be held tonight to adopt the ordinance.

After all the legal steps necessary have been taken, the bonds will be offered for sale.

At their meeting last night the council took no further steps toward closing the deal for the purchase of the lot on Ohio avenue for the site of the City Hall. Much opposition on the part of the citizens has been expressed against the purchase of the site under consideration and the council may yet reconsider the selection.

J. J. Robinson, enumerator for the Fort Worth Directory Company, which is compiling a census and directory of Wichita Falls, states that he expects to complete his enumeration this week. The directory will be issued about the first of next month.

Get your chocolate and cocoa from King & White's new stock. d&w-tf

## HAD A BIG ROLL.

Stranger Found Helplessly Intoxicated Had \$1,140 in His Purse.

From Thursday's Daily.

The "stick-up" man and "purse rustlers" of Wichita Falls missed a rare opportunity for making a good "round up" last night.

A stranger who gave his name as R. N. Summerour, but who did not state his place of residence, furnished the bet which was overlooked by the local crooks.

Mr. Summerour was found by Night Policeman Pickett lying on the sidewalk in front of the Coney Island restaurant in a state of insensible intoxication at about midnight last night and was placed in jail by the officer. When he searched his man at the jail, Officer Pickett was much surprised when he found a wallet containing \$1,140 in bank notes and gold and silver certificates.

Summerour paid his fine which with the costs amounted to \$13.80 very cheerfully in the corporation court this morning and was very thankful to the officers for placing him in jail, which action very probably kept him in possession of his wad.

The Vernon Cotton Oil Company of Vernon, Texas, has been incorporated with a capital of \$75,000. The incorporators are: W. T. Waggoner, H. B. Wilhelm and S. T. Wilhelm.

S. T. Scaling and family of Dundee, who have been traveling in Colorado for the past month, were in the city today en route home.

## FIRE LOSS AT ALVORD

INCENDIARIES BLAMED FOR \$60,000 BLAZE—STARTED IN LUMBER YARD.

## SIX BUILDINGS BURNED

Entire North Side of Principal Business Block in Wise County Town Reduced to Ashes.

Alvord, Tex., Sept. 8.—Originating in Thomas Brothers' lumber yard at 1:30 o'clock this morning, fire, believed to have been of an incendiary origin, destroyed property of an estimated value of \$50,000, about two-thirds of which is covered by insurance.

From the lumber yard the fire spread to the principal business block of the town, two brick buildings and four frame structures on the north side of the block being destroyed. A partial list of the losses and insurance follows:

Thomas Brothers, lumber yard, loss, \$25,000; insurance, \$10,500; Lichtner's grocery, loss \$2,000; no insurance; Lillard & Johnson's hardware and buggy warehouse, estimated loss, \$3,000; insurance, \$1,000; insurance on building, \$750; loss, probable, \$2,500.

The following losses, the figures for which could not be obtained, were total, with no insurance:

Building belonging to Will Covington, Dr. Cox's office, building occupied by a number of secret societies as a lodge room, Thompson's blacksmith shop and Bradney's drug store.

# FALL 1907

My stock of Fall and Winter Goods are now ready. Never in our history was our stock more complete than now. Our World Renowned HART, SCHAFFNER & MARX Clothing is in and ready for your inspection. # ALMOST FATAL END

**WALKER HARGROVE, BOWIE BAD MAN, WORSTED IN SIX-SHOOTER DUEL.**

## BRODIE WAS THE VICTOR

**Two Men Empty Guns on Streets of Bowie—Hargrove Flees, But is Overtaken and Badly Beaten With Six-Shooter.**

Special to the Times. Bowie, Tex., Sept. 7.—Walker Hargrove, who has figured in a number of gun play incidents in this city and at other places in Texas, again appeared in the limelight of publicity yesterday afternoon, when he was one of the principals in a duel with six-shooters on the streets of this city. The other participant was Porter Brodie, a barber.

The two men were avowed enemies and a short time after Hargrove got off the train they met upon the street near Brodie's shop.

Hargrove opened fire at sight and Brodie promptly returned the fire. Both men emptied their six-shooters and then Hargrove turned and fled. He was pursued by Brodie, who overtook Hargrove as he ran into the door of a butcher shop. Hargrove was either knocked down or fell in the doorway and was set upon by Brodie, who beat him over the head with the butt of his empty six-shooter until he was pulled off.

An inventory of Hargrove's wounds showed that he had been shot through one arm and also struck a glancing shot on the side of his head, besides the wounds inflicted by the blows with the butt of Brodie's six-shooter.

Brodie was shot in the foot, but was only slightly injured.

R. C. Stoner, a boy who was passing along the street at the time of the shooting, was shot through the body by one of Hargrove's bullets. At 10 o'clock this morning the boy was still alive, but it is thought that his wound will prove fatal.

The officers took charge of Brodie and Hargrove and when the latter was searched, three six-shooters were found upon his person.

Hargrove was placed under a \$200 bond to answer a charge of pistol toting and was sent to a hospital in Fort Worth on the 4 o'clock train.

It is said that the cause of the shooting was a threat made by Hargrove to shoot Brodie on sight. When the two men met both reached for their guns, but Hargrove got the first shot.

### Mob Threatened Hargroves.

The affair created the most intense excitement and a mob armed with winchesters, shotguns and six-shooters quickly gathered. There was from 150 to 200 people in the gathering and it looked squally for Mr. Hargroves. In the meantime the officers had gotten busy and Night Watchman Simpson announced to the crowd that Hargroves had given bond in the sum of \$500 for his appearance, had given up his weapons and would be escorted to the train and started out of town. He also announced that there would be enough guns in the escort to give Hargroves safe conduct to the depot.

### Hargrove Under Bond Here.

Hargrove is under bond to appear before the county court in Wichita county on the first day of the October term to answer to a charge of pistol toting. Two six-shooters were taken from Hargrove in this city several weeks ago by Sheriff Davis.

Hargrove's attorneys announced here that he would plead justification for Hargrove on the ground that he was in constant danger of assassination.

## FINANCES OF TEXAS.

Cash on Hand Totals \$1,403,974 and Bonds Amount to \$15,512,351.

Austin, Tex., Sept. 5.—The State continues in a very fair financial condition, having had on Sept. 1 the sum of \$1,403,974 in cash and \$15,512,351 in bonds. Of the cash \$692,612 belongs to the general revenue fund and \$246,797 to the permanent school fund. Of the bonds the permanent school fund owns \$13,265,090, the permanent university fund \$601,900, Agricultural and Mechanical college fund \$209,000 and others to the asylums and private accounts.

Quite a number of persons are wrong in their views on the game law—and indeed, they have reason to be. There are still men who think the quail season opens October 15, when, as a matter of course, the open season for quail has been November 1 to January 31 for several years. The Index would also offer the information that the open season for dove shooting was by the last Legislature made to coincide with the quail season. Doves formerly may have been killed after September 1st.—Childress Index.

The trial of William Schmidt, the saloon keeper charged with selling beer on the day of the special election here, will come up for a hearing at the next term of the county court, which convenes on the first Monday in October. The case promises to attract considerable interest for Schmidt's license will be revoked if he is convicted. This is the first complaint that has been filed under the new liquor law.

Married at the First M. E. parsonage in this city Saturday night, Miss Lottie McLain and S. D. Stephens. The couple will make this city their home.

## THE FARMERS UNION IS A GREAT TRUST

Fort Worth Star. The following letter received by Capt. Paddock from Judge Grubbs of Greenville at least adds to the gaiety of the discussion produced by remarks made by Capt. Paddock on the Farmers' Union at the meeting of the Commercial Secretaries in this city.

Greenville, Tex., Sept. 2, 1907. Hon. B. B. Paddock, Fort Worth, Texas—Dear Sir: I have just read your statement in the Dallas News with reference to the attack made by D. J. Neill upon your position as to the attitude of the Farmers' Union toward combinations in restraint of trade. That the officials of that organization quartered themselves in glass houses is too plain for controversy. The ownership of the "gored ox" can not affect the principle involved in the slightest degree. It would be as highly offensive to considerations of public policy for a public official to accept employment from the Farmers' Union as from any other corporation, the various oil companies not excepted.

It is a notorious fact that certain leaders of the Farmers' Union are now and have been for months attempting to consolidate all of the local union cotton warehouses through the medium of which they propose to corner the entire cotton crop of Texas and fix the price of the same without the slightest reference to the law of supply and demand. And that is not all of it. These same self-constituted leaders, who never commanded for their service as much as \$600 a year before they got into the Farmers' Union, propose to levy a tribute of at least 25 cents per bale upon every bale of cotton controlled by them, for their own personal enrichment. This would put into their pockets the snug little sum of \$250,000 should they be able to get their clutches on one third of the probable cotton crop of our State. The "unselfishness" of the project is quite apparent. In my opinion, the rank and file of the membership who have hitherto been ignorant of the scheme are now beginning to "catch on" to the true situation.

Like you, I will be glad to see the farmers of Texas organize and maintain an association based upon strictly business principles, which would enable them to secure fair prices for their crops of all kinds, but it will never be done as long as they permit themselves to be led by the third-rate political "whoopers." Very truly yours, V. W. GRUBBS.

# SUITS, COATS, SKIRTS

SHERIFF DAVIS LANDS FUGITIVE  
AND FINDS BEER.

**A COMPLAINT IS FILED**

Billy Schmidt Charged With Selling  
Liquor on Election Day—Convic-  
tion Will Mean Forfeiture of  
License.

From Monday's Daily.  
A complaint was filed this morning  
by Sheriff Davis against Billy Schmidt,  
who conducts a beer saloon on Ohio  
avenue, charging him with selling li-  
quor on election day in violation of  
the State laws.

This morning Sheriff Davis saw M.  
C. Neal leaving the saloon with a sus-  
picious object under his coat. The  
sheriff gave pursuit and Neal fled to a  
nearby wagon yard where he was over-  
hauled and two pint bottles of Bud-  
weiser were found under his coat.  
Neal was taken before County Attor-  
ney Greenwood, where he admitted to  
the purchase of the beer in Schmidt's  
saloon this morning.

Under the new Baskin-McGregor li-  
quor law a conviction on this charge  
will forfeit Schmidt's license to do  
business.

This is the first complaint of the  
kind that has been filed in Wichita  
county since the new law went into ef-  
fect. The case will be heard before  
Judge Yeager in the county court.

**THE COMMISSION WANTS NEWS.**

Order Directs Roads Must Report by  
Telegraph as to Wrecks.

Austin, Tex., Sept. 7.—The railroad  
officials of the State who have always  
attempted to withhold from the press  
and the public information regarding  
wrecks, will be somewhat discomfited  
by the order issued today by the rail-  
road commission.

The order requires that when a  
wreck occurs, either freight or passen-  
ger, the company shall make prompt  
telegraphic report to the commission,  
stating the cause of same and the ap-  
proximate number of persons killed  
and injured, and when full information  
has been received shall make full writ-  
ten report. This order has been issued  
because of the action of the railroads  
in withholding information which  
should be given to the public.

For some reason the railroads have  
seen fit to keep from the newspapers  
the facts in such cases and then com-  
plain because the papers make mis-  
takes in picturing the catastrophe.  
The newspapers have never under-  
stood upon what grounds the railroads  
have stood with regard to the giving  
out of information about wrecks.

**MUCH DAMAGE DONE.**

Boll Weevils Will Cut Short the Cotton  
Yield in Grayson County.

From Saturday's Daily.  
W. D. Bentley, agent for the United  
States Department of Agriculture, re-  
turned today from Grayson county,  
where he has been delivering lectures  
this week at farmers' meetings over  
the county.

He reports that the boll weevils are  
doing great damage to the cotton crop  
in that section. He says that he went  
into many fields and found few stalks  
on which there were more than three  
or four bolls that had not been stung  
by the weevil. The infested bolls are  
dropping off and there are no new  
blossoms coming out. Mr. Bentley be-  
lieves that the cotton crop in the wee-  
vil infested section will be very short.  
He says that so far as he has been able  
to learn the weevils have done no dam-  
age along the Fort Worth and Den-  
ver, west of Bowie.

**PRAIRIE FIRE AT BYERS.**

First Bales of Cotton Brought to Mar-  
ket There—Modern Woodmen Will  
Organize Camp.

Special to the Times.  
Byers, Tex., Sept. 7.—Quite a little  
disturbance was created in town to-  
day when it was learned that a raging  
fire was sweeping across the Wichita  
Valley. At present no one can tell  
what the damage will be, as there is  
no one who knows the cause of the  
fire.

On the 5th no little excitement was  
created by the appearance of the first  
bale of cotton on the streets. A Mr.  
Taylor from the Deer farm was the  
happy owner of the first bale, which  
sold for 17½¢ per pound. This bale,  
however, was just a bit under weight  
and therefore could not receive the  
prize. Mr. C. P. Bobo from the Wich-  
ita valley brought in the second bale  
which proved to be up to the standard  
in weight and immediately the prem-  
ium money, \$25.00, was handed to him.  
The second bale sold for \$14.95.

Our business men are determined to  
make this a cotton market this season,  
and accordingly several prizes have  
been offered, including a residence lot  
Byers Bros., \$25.00 in gold by Leo J.  
Curtis, \$18.00 cook stove by Robert L.  
Ligon & Co., \$15.00 suit of clothes by  
R. P. Grogan & Co. These, with oth-  
ers, are to be given in order to the  
largest number of bales brought in by  
one man.

The First National bank has been  
fitted up with new furniture. It is all  
O. K., and would be a credit to a town  
of 5,000 inhabitants.

The Modern Woodmen are preparing  
to organize in our town. The district  
deputy will be here in a few days.

Little birds have been whispering  
around that something was about to  
happen and on Thursday the truth of  
their statements was verified when  
Mr. Ed. Lewis and Miss Bertha Moore  
were united in holy matrimony.

W. W. Robinson has been confined  
to his room for several days and is  
threatened with fever.

**REV. FRY ACCEPTS  
CALL TO PASTORATE**

From Tuesday's Daily.  
Rev. W. F. Fry of Goldsboro, N. C.,  
has accepted the call to the pastorate  
of the First Baptist church, recently  
tendered him.

Mr. E. W. Morris, who was a mem-  
ber of the committee appointed to no-  
tify Rev. Fry of the action of the  
church, in extending the call received  
a telegram from Rev. Fry yesterday,  
stating that he had resigned his pas-  
torate at Goldsboro to accept the call  
from the church here.

A letter is expected from Rev. Fry  
within a few days, stating when he  
will be able to assume his pastorate  
at this place.

**REMARKABLE RUNAWAY TEAM**

Runs Eleven Miles and Goes Through  
Nine Gates Without Damage.

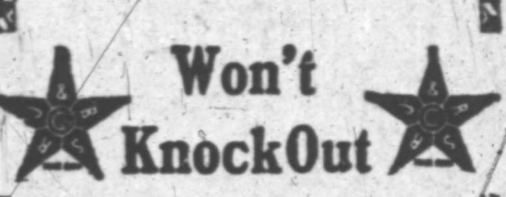

Olney, Tex., Sept. 5.—While Dr. Geo.  
B. Hamilton was returning from a trip  
to the country last night his team be-  
came frightened while he was out  
opening a gate. He was knocked  
down, but only slightly injured. The  
team made good its escape and when  
found three hours later was eleven  
miles from town, having gone through  
nine gates and fences. Neither buggy  
nor team was injured in any way  
which seems remarkable.

**Town Water Tank.**

A public meeting was held in Archer  
City one day this week for the purpose  
of devising some plan to secure a  
water supply.

It was decided to raise a fund to  
buy a block of lots just below the  
Snyder tank and build a dam costing  
not less than \$500. A committee of  
five was appointed to raise the money  
and superintend the work.

"We walk on stars, so can you."

This is an awfully strong statement  
isn't it? Well the Boys and Girls  
"Eternity" School Shoes are the  
Strongest proposition in the footwear  
line we have ever found, that's why  
they won't Knock out.

The Boys and Girls can kick all  
they want to but,

"They can't kick out  
Eternity!"

They are foot culture shoes because  
they give the young foot room to  
breathe. They are broad across the toe;  
each toe has room to breathe and grow.

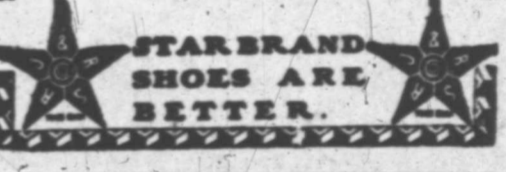

These shoes are made over neat last  
conforming lasts out of the most pop-  
ular leathers and every shoe is made  
by an expert in a big specialty factory.  
The soles are fastened with a screw  
which will not allow them to pull  
apart. They have double soles that  
will not allow the young people's feet  
to get wet. If Children always have  
warm, dry feet they won't be sick.

Watch them carefully and remember  
"Eternity" school shoes fill every re-  
quirement. "Eternity" shoes cost no  
more than the kinds that do not sat-  
isfy. The "Star" on the heel and the  
name "Eternity" on the sole protect  
you. These emblems of quality are  
a guarantee to you that the shoe is  
honestly constructed and full of satis-  
faction. "Eternity" school shoes for  
Boys and Girls are made by

**ROBERTS, JOHNSON & RAND SHOE CO.**  
MANUFACTURERS ST. LOUIS.

When you see the shoes  
and know the prices you  
will want them.

tween Indiana and Scott  
Avenues.

# THE WICHITA FALLS BARBERS

ARE PREPARING FOR PROPER OBSERVANCE OF THE NEW LAW.

## TWELVE RULES HAVE BEEN PRESCRIBED

Not Much Danger of any Skin or Scalp Affection in the Future If Tonsorial Artists Generally Observe Law's Edict.

The new barber law goes into effect the 12th day of September and the Wichita Falls barbers are spending much time familiarizing themselves with the provisions of the new law.

The following rules will govern all barber shops in cities in Texas of more than 1,000 inhabitants:

Rule 1—All cups and lather brushes must be thoroughly cleansed in boiling water before using.

Rule 2—Hair brushes must be combed after using, and both brushes and combs must at all times be kept thoroughly clean and washed after each day's work with water of ammonia or solution of borax.

Rule 3—Fresh and clean towels must be used for each patron, and all towels must be boiled before using again.

Rule 4—All astringents used for controlling bleeding or for other purposes shall be used in the powdered or liquid form. Crystals of alum, bluestone and like astringent substances shall not be used. All soaps, perfumes, bay rum, witch hazel and other toilet articles, and all antiseptic solution shall be used on each person after shaving.

Rule 5—No barber shall under any circumstances shave a person affected with any infectious disease of the skin or face where pus matter is upon or under the skin unless such person shall be provided with a separate individual cup and lather brush.

Rule 6—All razors, shears, clippers, needles, tweezers or other instruments used upon any person affected with erysipelas, or any affection of the skin of the face or scalp where pus or mat-

ter is upon or under the skin, shall be sterilized by immersion for not less than five minutes in a 20 per cent solution of formaldehyde or alcohol or trikresol before being used upon another person, and the barber shall wash his hands thoroughly in water that has been sterilized by boiling before serving the next customer. (Alcohol is best adapted to barbers' use. It does not injure the instruments.)

Rule 7—In case the face of the patron shows any indication of skin eruption the face is to be bathed with water that has been sterilized by boiling. No barber should undertake to treat any eruption of the skin, but should advise consulting a physician.

Rule 8—The use of finger bowls, powder puffs and sponges is prohibited and no barber shall keep either of them on his working stand.

Rule 9—No barber who has any venereal or other contagious disease shall practice his trade. No proprietor of any barber shop shall retain in his employ any barber known to have venereal or other contagious disease.

Rule 10—No barber shop shall be considered to be in a sanitary condition if any part of said shop is used as a living, cooking or sleeping apartment.

Rule 11—The floor, walls, furniture, and fixtures of every barber shop shall be kept clean. Every cuspidor and waste paper bowl shall be cleaned with boiling water at least once every twenty-four hours.

Rule 12—Every barber shop shall be supplied with a sufficient quantity of hot water for all cleansing and sanitary purposes.

### COTTON ARRIVING TWO LOADS COME IN

From Saturday's Daily.

The first bale of Wichita county cotton was brought into the Wichita Falls market this morning by J. H. Jones, who lives about three miles southwest of the city on the old Coffield farm. The cotton was not ginned and this load weighed 1460 pounds, field weight.

The cotton was purchased by Trevathan & Bland, at \$4.60 per hundred, the purchasers getting the seed.

In addition to the purchase money Mr. Jones will receive a cash bonus of about \$35.00 as a prize for the first bale of Wichita county cotton brought into the Wichita Falls market.

Shortly after the arrival of Mr. Jones' load, W. L. Bumgardner, who lives two miles northeast of town, arrived with the second load. This was also purchased by Trevathan & Bland at \$4.60 per hundred.

#### Death From Typhoid Fever.

Holiday, Tex., Sept. 7.—John Dupper, a German farmer, aged about 45 years, died at his home at this place at about 4 o'clock yesterday afternoon, after an illness with typhoid fever. The funeral will be held at 4 o'clock this afternoon at this place.

Dupper leaves a widow and three children. He came to this place last January from North Dakota.

FOR SALE—Twenty head of cattle, 9 cows, 9 steers and 4 helpers. See E. Meredith, Lake Creek, Archer county.

100-21-1tw

#### SOILED DOVES LEAVE.

Denizens of the "Row" Depart Rather Than Face Prosecution.

From Tuesday's Daily. Sixteen soiled doves, travelers in the "Great White Way," whose return to Wichita Falls after the grand jury had pronounced "so" several months ago, was quiet and unostentatious, will again shake the dust of the city from their feet and will leave, they say, never to return.

Their departure is the result of orders from the City Council and Mayor Noble, issued to the police authorities.

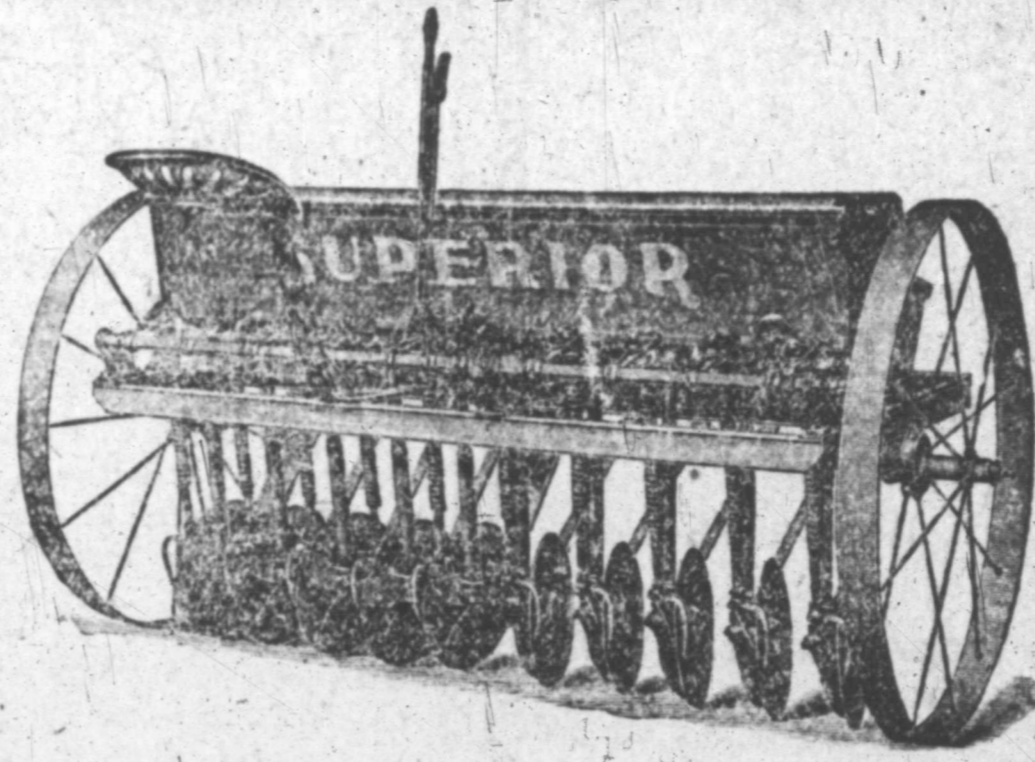

These orders were given out Saturday and sixteen of these women, all who were found in the city, were summoned to appear in the corporation court this morning to answer complaints filed against them. Upon answering the summons they were given to understand that their continued residence in the city would result in complaints being filed against them each day they lingered here. Rather than remain under those conditions many of them, it is said, have already left town and those who are still here have announced their intention to leave before 6 o'clock tomorrow morning.

#### For Fifteen Cent Cotton.

Jackson, Miss., Sept. 8.—The Southern Cotton Association executive committee, which has been in session here for three days, has declared for a 15c minimum price on cotton and not less than \$20 for cotton seed per ton. The declaration of the committee has already had the effect of stimulating the farmers.

**VERNON WANTS SERVICE.**

Board of Trade Forwards Resolutions to Western Union.

Vernon, Tex., Sept. 8.—The Board of Trade at a called meeting today passed the following resolutions and forwarded to J. C. Smith, superintendent of the Western Union:

"Resolved, That inasmuch as the Western Union Telegraph Company claims that it is open for business, and is transacting all business offered it, and that other offices in towns on the Fort Worth and Denver railroad are open, we request that the Vernon office be opened at once."

On account of having to give five days' notice to the State Railway commission, the proposed excursion to Lake Wichita next Sunday over the Wichita Falls and Southern's tracks, has been postponed until the following Sunday.

**For Sale.**

Five or six hundred bushels of Flautz Seed Wheat. Jos. Stephenson, Thornberry, Texas. w-2tp

The Wichita Grain and Coal Company are leaders in the coal and feed trade. Phone us. No. 33. 104-1f-d&w

**From Friday's Daily.**

The court house has a rather deserted appearance today, which is explained by the fact that County Judge Yeager, County Clerk Walter Reid and Sheriff Davis are attending the picnic at Weeth's Grove. It is said that each of the above named gentlemen are on the program for a speech. A number of their friends went out to hear them.

**From Monday's Daily.**

A marriage license was issued this morning to Richard A. Furlow and Alma Louise Raiming.

## BOND ISSUE CARRIES

SEWER AND CITY HALL BOND ISSUES AUTHORIZED.

## FAIN FOR ALDERMAN

Received a Majority of Nine Votes Over Mr. Lysaght.

From Tuesday's Daily.

J. G. Fain was elected alderman and bond issues for a new City Hall and fire department and for a sewerage system were authorized in the special election held in Wichita Falls yesterday.

In the election for alderman, J. G. Fain received 87 votes and Ed. Lysaght received 78.

One hundred and fifty-five votes were polled in favor of the issuance of the \$20,000 bonds for sewer purposes, only eight votes being cast against that proposition.

The proposition of issuing \$15,000 bonds for a City Hall and fire department building met with more opposition, but a substantial majority was voted in favor of this bond issue. The vote resulted in 131 for the bond issue and 31 against.

The City Council is already in correspondence with several engineers regarding a survey for the proposed sewer system and will probably close up a contract with one of them within the next few days.

An option has already been taken on a piece of property on Ohio avenue for the site of the City Hall and plans for the building are already on file with the city secretary.

As soon as the vote is canvassed a copy of the record and all necessary proofs will be sent to Austin for approval and if the proceedings are found to be regular the bonds will then be offered for sale to the highest bidder.

**GAUSEWITZ OPTIMISTIC.**

Superintendent of Denver Foresees a Bumper Panhandle Crop.

H. A. Gausewitz, superintendent of the Denver road, with headquarters at Childress, spent yesterday in Fort Worth. He says fine rains fell along the line Monday, but that crops and grass were not in need of rain. However, good will result and prospects for bumper crops have therefore taken on a more promising hue. In its entirety, the Panhandle is in fine shape, says Mr. Gausewitz.—Fort Worth Record.

**MR. ORTH'S NEW POSITION.**

Experienced Railroad Man Appointed to Position With W. F. & N. W.

T. R. T. Orth has been appointed to the office of Assistant General Manager of the Wichita Falls and Northwestern railway and has entered upon the discharge of his duties in that office.

Mr. Orth is well qualified by his experience in railroad work for his new position, having been for a number of years a conductor and later a successful contractor and superintendent of railroad construction work. He knows the railroad business, especially that part pertaining to the physical department work from A to Z, and it is expected that his force and experienced judgment will be felt at once by the new railroad.

It is reported that Mr. Orth will at once take charge of the construction work on the extension being built from Kell to Frederick, Oklahoma.

**A WEATHERFORD MAN**

From Wednesday's Daily.

Buy the Gorsline Stable From the Wichita Investment Company.

A deal was closed yesterday whereby John G. Gilbert became the owner of the horse, buggy and other stock of the Ed. B. Gorsline livery stable on Indiana avenue.

This stable and the real estate on which it is located was sold by Mr. Gorsline several months ago to the Wichita Investment Company, and since that time has been under the management of W. A. Carrigan. Mr. Gilbert is now in charge of the business, but Mr. Carrigan will remain at the stable until the first of next month.

The new owner has had a successful experience of ten years in the livery business at Weatherford.

**HOME IN ASHES.**

Family Returned Home From Church to Find Home in Ashes.

The report of a fire last Sunday which completely destroyed the home of George Volmer, who lives on a ranch near Atwood, close to the Baylor and Archer county line, has reached this city.

According to the report Volmer and his family were at church when the fire broke out. When they returned they found their home in ashes. The origin of the fire is unknown.

Wichita Falls is now assured of a good sewerage system, a City Hall and fire department headquarters. The next thing to demand the attention of our local capitalists is an opera house.

# Our Advertising Man Has Been Up Against It!

During the extremely hot weather it is awfully hard to keep a complete line of Groceries. A great many things are unattainable, others will not stand transportation, and others keep such a short time it is almost an impossibility to have them reach the consumer in first class condition.

## We Hate to Advertise an Article

and then be out, or the quality not be up to par when called for, and for that reason have failed to advertise a great many nice things we *have* had for fear of disappointments. We believe the worst of the hot weather to be over and will soon be receiving **New Fall Goods** and will be in a position to fill your order with anything you want of the best possible quality. It will pay you to watch this space for new arrivals, and in the meantime remember we have every thing the other fellow has and "then some."

Amarillo and Wichita Falls are pointed out as boom towns, the result of being "wide open." If that's the best the anti's can point at, we feel sorry for their argument, as both towns have been made the dumping grounds for the scum of the large cities, and as a result hold-ups, thefts and knock-out drops are flourishing there. To offset these disadvantages, the business men there cannot even claim to have half as good towns as Quanah or Chillicothe. Our people have the advantage in every possible way.—Quantah Tribune-Chief.

The sale of liquor neither makes or unmakes any town. That "bums" do flock to "wide open towns" where whiskey is licensed to be sold is an argument that cannot be successfully combatted. Wichita Falls is a live, bustling city—not because she supports nine or ten open saloons, but simply from the fact that she is the commercial and railroad center of Northwest Texas, supported on all sides by as fine agricultural lands as can be found anywhere. As for the prospect of the town being dependent upon the open saloon, that is an error. It is true that many of our best citizens are under the impression that to close the saloons would injure the town, and there are a sufficient number of them to out-vote those who view the matter in a different light. There are many towns in Texas the size of Wichita Falls which have voted whiskey out, and some of them are good towns—better, in fact, than they were before they voted out the saloons. When the saloons of any town are voted out the best people of such towns should be of one mind. If they are about equally divided it will be a hard matter to enforce the local option law and unless the law is enforced, it is far better to have the saloon run open, provided the officers will insist on the enforcement of the law. Quanah is a good little town, and will continue to be such, whether the people vote for or against the open saloon. Wichita Falls is not envious of the reputation she has gained abroad as being a rendezvous for toughs and saloon "bums." In tolerating the presence of "toughs," "tin horn gamblers" and pimps in their places of business the saloon proprietors are doing missionary work for the local optionists. They may be made to realize this after it is too late to remedy the evil.

And now it is the print paper trust that is making it hard for us newspaper fellows. The Times is advised by supply houses that blank paper, which it is now required to pay \$3.60 per hundred pounds for, is soon to be advanced to \$6.00 per hundred pounds—nearly double the present price. The International Paper Company, capitalized in 1898 at \$18,000,000, and operated under a charter granted by the State of New York, is controlling the paper market of the United States. Until every State in the Union passes a law making it impossible for a trust to collect a debt, the people will get but little relief. Such a law may not sound exactly right to some people, but it would only be paying the trusts back in their own coin. They resort to extortion, which, to use a harsher

term, is nothing more than stealing, and if the laws of the United States legalize that sort of theft they might just as well go a step further and put the stamp of approval on the other kind.

A good rain has a wonderful effect on the people of this country. The one which fell here Sunday night and Monday morning of this week came at a time when it was needed badly. While the cotton crop was already greatly damaged, those who ought to know say that if Jack Frost will delay his annual visit a month or six weeks the rain will revive the cotton and add greatly to the yield. It has also helped in other ways. Stock water was scarce and wheat lands had become hard to plow. The ground was soaked to a depth of three or four inches and fall plowing has been started again. In fact, a good rain does not only help the farmer, but business interests generally revive and take on new life after the coming of a good rain that has been long needed, and seemingly these good rains always come just at that time when we begin to think we cannot exist a day longer unless it rains.

The demand for an opera house for Wichita Falls is growing greater every day. Several plans have been submitted for such a building, but so far as the Times is aware, none have been adopted or settled upon. There is nothing that is needed more than a first class opera house and those who have investigated the matter claim that such an enterprise will pay handsomely. No one, however, seems willing to finance the enterprise by himself, therefore it begins to look as if a stock company should be organized for that purpose. This could be done if the proper parties could be induced to take the matter up and push it to a conclusion. Delay in this matter of an opera house for Wichita Falls is doing injury to the town. For three years we have been threatening to put up such a building and each time the proposition, for soem reason or other, has fallen down.

There is a fine opening for some man with sufficient capital to establish a pressed brick factory in Wichita Falls. One contracting firm in this city used over two million brick during the past twelve months, and all of them had to be shipped from distant towns. Those who have investigated the matter say that there are millions of tons of the best brick clay located near this city, samples of which have been sent off and tested, and the bricks made of it compare favorably with the best pressed brick that are manufactured. That there will be a great demand for brick for building purposes in Wichita Falls during the next two or three years there is but little if any doubt and if some one could be interested to the extent of putting in a pressed brick factory, it would mean much for Wichita Falls.

A good suggestion having for its purpose the cleaning up of the town has been made to the Times. The suggestion is this—that the City Council employ one or more men with teams and wagons to go over every street and alley and call at every house in town to haul away the accumulation of dirt and trash which will accumulate in spite of the work of the most cleanly housekeeper. This to be done at stated periods and the residents of the city to be asked to co-operate in the work of a city housecleaning. At the same time the gutters and streets would be cleaned of all trash.

For the past five or six years nearly every State in the Union has been making or pretending to make a hard fight against the trusts and during all this time the cost of living has grown greater. Will somebody please explain why this is so?

## W. B. McClurkan & Co.

THE BIG CORNER DRY GOODS STORE.

The striking telegraphers are still out and notwithstanding the almost daily reports sent out to the effect that the companies are taking care of all the business they can get, business interests in nearly every town and city in the United States has suffered greatly on account of the fact that no telegraphic service worthy of mention has been given them since the strikers left their keys. It is true the larger cities have suffered less for lack of service than have smaller cities and towns, which is due to the fact that the operators who remained loyal to the companies who were in charge of the offices in smaller towns have been instructed to close their offices and go to the larger cities and take the positions of the strikers. Yet both the Western Union and the Postal Telegraph Companies have the nerve to say they are serving their patrons just as well as they were before the strike was inaugurated, and lots of people accept their statements as truthful.

Now that it is a settled fact that we are to bond for the building of a City Hall, the next question to be settled definitely is the location of the building. There is considerable opposition to locating it on the corner of Ohio avenue and Tenth street mainly for the reason that, at the present time, it is entirely too far removed from the business portion or center of the city. The will of a majority of the people should be respected in this matter and in order to determine their wishes they should be given an opportunity to choose between the site already selected and another one or two more centrally located.

During the past two years more than \$25,000 has been paid out by property

owners in Wichita Falls for the building of cement sidewalks and as fast as the walks are constructed the city connects them by putting in cement street crossings. It is estimated that at this time there are at least ten miles of cement sidewalks already constructed and the work is still going on. Good streets and good sidewalks do much towards advancing and advertising advantages of any city and in this respect Wichita Falls is in the lead of any town of twice its size in Texas.

The problem of securing daily telegraphic cotton market reports is one that is perplexing the cotton buyers and others interested in the market conditions. Owing to the strike of the leased wire operators it is doubtful whether this report can be received here unless the strike is ended. Seymour, Haskell and Stamford cotton dealers are also anxious about the report, which is handled under ordinary conditions through the local office of the Western Union. Unless this report can be had by telegraph it is probable that an effort will be made to get it by long distance telephone.

If a majority of the taxpayers of Wichita Falls decide that the new City Hall ought to be constructed on a certain site, then our City Council should, in all consciousness, locate the building at that point. The right way to determine this matter is by the circulation of two petitions, and the one which contains the largest number of signatures of taxpaying citizens of Wichita Falls should govern. There is nothing more fair than a proposition of this nature. The taxpayers should never be denied the right of petition by a governing body.

Now is the time to advertise Wichita Falls to the outside world. We have the railroads and the fuel lines are close at our door. What we need now is manufacturing enterprises, and these can be obtained if we but make the proper effort to get them. One of the first enterprises we ought to secure is a cotton factory. Statistics from factories now in operation in Texas show that enterprises of this kind pay handsome dividends. We have the agricultural lands to produce the cotton and the railroads to bring in the cheap fuel and carry away the manufactured product. With these advantages there is not a better location to be found in Texas for a cotton factory than Wichita Falls.

We already have a nice trade, but are prepared to take care of more. If you are not a customer of ours we would be pleased to have you. We have two teams and plenty of coal. Call at our office or phone No. 23. Wichita Grain and Coal Co. 104-tf-d&w

Good schools, good streets, and good sidewalks are helping to advertise Wichita Falls as much as any other thing. During the past two years more than \$25,000 has been expended in the building of cement walks and more are being built.

The dispute as to whether Quantrell is living continues to go on. If he is alive he should say so.

LOST—Buggy cushion between Burnett avenue and the Convent. Finder will please deliver same to R. C. Hardy's grocery store and get reward.

From Thursday's Daily.  
Contractor Owens, who has his men at work on the grade of the Wichita Falls and Southern between Archer City and Olney, came into town today. He says the work is being retarded somewhat by the scarcity of water. It is difficult, he says, in many places to find sufficient water for his teams, the ground being still unbroken in that section of the country. Between Archer City and Olney there was only a light sprinkle Monday, when the big rain fell here.

## BIG GAIN SHOWN IN POSTAL RECEIPTS

Notwithstanding the fact that the local postoffice was without a supply of stamped envelopes during the month of August, which is usually a dull month, the receipts were unusually large, reaching the sum of \$1,274.50.

## Excursion to Lake Wichita.

Three excursions will be run over the Wichita Falls and Southern's new track to Lake Wichita and return next Sunday. The first train will leave the M. K. & T. depot at 8 a. m. The last train will leave at 7 p. m. and will return at 9:30 p. m.

The launch Benton has been placed in first class condition and will make regular trips up the lake throughout the day.

## Notice.

Wichita Commercial College will sell to all who enroll with us from this date, September 9th, until 6 o'clock, p. m., September 16th, \$40.00 life scholarships in either bookkeeping or shorthand for \$30.00, and after that date we will positively make no discount to anyone. See or address T. H. Vinson, Wichita Falls, Texas. 102-6t-1tw

## DEATH OF A PIONEER.

**Mrs. Milanda Moody Dies at Age of 80 Years.**

Mrs. Milanda Moody, widow of the late Lindey Moody and one of the pioneer residents of Wichita county, passed into eternal sleep at the home of her daughter, Mrs. Nancy Chiddicks, at the eMansion hotel on Ohio avenue at 4:20 p. m. Wednesday.

Her death resulted from the infirmities of old age, which were aggravated by injuries received in a fall last April.

Mrs. Moody was one of the oldest residents of Wichita county and was a woman possessed with many Christian virtues. She came to Wichita Falls from Georgia with her family on the first passenger train that entered the city.

For many years she lived on a farm between this city and Iowa Park, but of late years has made her home in this city with her daughter, Mrs. Chiddicks. On account of her long residence here and her pleasing personality Mrs. Moody was one of the best known and most respected women in the county.

Six children survive her death. Two of them, Mrs. Nancy Chiddicks and Walter Moody, live in this city. A son, J. C. Moody, lives in Arkansas, a daughter, Mrs. Jennie Crockett, in old Mexico and another daughter, Mrs. George Knight, and a son, R. N. Moody, live at Iowa Park.

The funeral service was held at the Baptist church in this city at 3 o'clock this afternoon and was conducted by Rev. Morgan of Iowa Park. The body was laid to rest in Riverside cemetery.

## COTTON COMING IN.

**Four Loads Sold Here Today—Prices Range From 4 to 4½ Cents.**

The recent rain and the warm sunshine of the last few days are causing the cotton bolls to open rapidly and the fields are dotted with the pickers.

The fleecy product is beginning to come into the market in greater quantities and the cotton buyers are much in evidence.

Four wagon loads of the unginned product came into town before noon today.

L. B. Cox brought in a load which weighed 1720 pounds and which was bought in the seed by Trevathan & Bland at 4 cents. J. W. Cook sold a load of 1515 pounds to the same firm at the same figure. J. F. Pool sold a load of 1655 pounds to the same firm at \$4.15.

Ben Overturf sold the last load to L. H. Lawler at \$4.25.

## Wichita Falls Man Honored.

Governor Campbell has appointed B. P. Hatcher of this city as one of the delegates to represent Texas at the Farmers' Congress to convene at Oklahoma City on October 16th to 19th. Mr. Hatcher has written the governor, accepting the appointment, and will attend the congress.

## A Slick Citizen.

From Thursday's Daily.  
About a week ago a stranger giving his name as J. C. Moore applied to contractor Fred Smith for a job as a carpenter and was employed. The stranger got the best of Mr. Smith to the tune of about \$20 in money and night before last left on a north bound

train, carrying with him about \$25 worth of carpenter's tools which belonged to his employer.

Mr. Smith, accompanied by Marshal Gwinn, went north on the Denver this morning for the purpose of apprehending Mr. Moore, if they could succeed in locating him.

## CROP OUTLOOK BLUE

CALVIN PREDICTS A HALF COTTON YIELD IN TEXAS.

## FARMERS HOLD COTTON

In Spite of the Price Now Offered They are Storing Crop as Fast as Gathered.

Houston, Tex., Sept. 6.—Ex-President Calvin of the Farmers' Union, has returned to Houston after a tour of the central and southwestern cotton belt, and discussing crop conditions with a Record reporter today stated that from his viewpoint it looked as though there would be less than one-half of last year's crop in Texas, or less than 2,000,000 bales.

"There are a few scattering places in the State where the crop is as good as last year," he said, "but in other places, and for that matter, in most places, cotton conditions are deplorable. They are worse than I had any idea they were. I have been through the central portion of the State and through the southwestern portion and the southern portion. Out in the Brownwood and Coleman sections conditions are very bad. It requires about eight to ten acres to the bale and down in the San Angelo country conditions are worse. If there will be as much as half that was produced last year, I do not know where it is to come from."

The farmers for the most part, stated Mr. Calvin, are storing their cotton, notwithstanding that the price is 13 1/2 cents in the interior or 14 cents in Houston. He believes that it will be wise for the farmers to hold it for 15 cents, feeling sure that the price will reach that figure and beyond. The Farmers' Union Warehouse and Compress Company, of which Mr. Calvin is the manager, is receiving some cotton already, which is being stored and a certain percentage of its value loaned on it. The company has not renewed its lease on the Inman press and warehouse, but has secured storing room and the Cleveland press.

Mr. Calvin was anxious yesterday to hear what action had been taken by the convention of the National Farmers' union at Little Rock relative to the minimum price of 15 cents. During the meeting of the State Farmers union at Fort Worth recently, a resolution was adopted asking that the national body adopt 15 cents as the minimum price. A couple of days ago a committee was appointed by the national president, the duty of which was to make an investigation and report of what should be the minimum price. President Neill of the Texas Farmers Union was selected as a member of the committee.—Fort Worth Record.

### WEEVILS IN CAROLINA.

Insect Resembling Texas Boll Weevil Damages Cotton Crop.

Waterloo, S. C., Sept. 9.—Farmers through this section are very much concerned about the appearance on their cotton of a small insect resembling in many respects the Texas boll weevil. It stings the cotton bolls and they die in a very short time. Very young bolls die in a day, wither and drop off.

The insect is small and looks to be harmless and innocent, but it has been caught on the bolls, getting in its deadly work.

Some farmers say their crop will be cut off considerably on account of the ravages of this insect.

Persons here who have seen the Texas boll weevil declare this insect resembles it closely, and that they are one and the same.

The attorney general has ruled that under the new act regulating the practice of medicine druggists cannot prescribe in any manner whatsoever, the penalty being a fine of from \$50 to \$500 for each offense.

### Archer City's New Gin.

Wednesday evening at 3:30 the new gin blew the whistle loud and long, and at the sound of which a few people gathered to witness the first bale of cotton ginned in Archer. The machinery seems to be well arranged and in fine working order, when the new is worn off.—Archer City Reporter.

The burning of a freight caboose in the Denver yards Saturday night caused a fire alarm to be turned in. The fire company responded and prevented the flames from spreading to other cars standing in the yards, but the caboose was almost completely destroyed.

Mr. E. B. Carver called at our office Tuesday. He had just finished a week's rounding in the Club pasture of 220 head of three-year old steers, which he had sold to Tom Cook of Henrietta. Consideration, \$32.50.—Archer City Dispatch.

### From Wednesday's Daily.

The three-months old infant of John Doyle, living near Charlie, died this morning. The infant was one of the twins born some months ago. The mother died a short time after their birth and one of the babies died a few weeks later.

The funerals of two small children were held at Windthorst Monday, the cause of their untimely death having been pronounced diphtheria. They were a son of August Berent and a daughter of Jacob Martini.—Henrietta Review.

The ladies of the Methodist church netted a neat sum from their school

## LARGE DEPOSITS

OF FIRE CLAY, ROCK AND CONCRETE IN YOUNG COUNTY.

## QUALITY IS SUPERIOR

Fire Clay Makes Splendid Brick—Concrete is of Too Fine Quality.

T. R. T. Orth brought into the Times office this afternoon a brick of fire clay, burned at Gainesville, from clay taken from the clay deposits in Young county along the line of the Wichita Falls and Southern railway. The brick has been pronounced by experts to be equal to the best products of the famous Pennsylvania kilns. Mr. Orth, who has made several prospecting trips into the Young county territory, says that the fire clay exists in beds of inexhaustible quantity and is easily accessible.

In the Chamber of Commerce room are also on exhibition samples of the concrete rock found in the hills of great size in the Young county district. These deposits are said to be among the largest in the country.

The fire clay and concrete deposits will offer unlimited fields for investment and development as soon as they are reached by the railroad and are already attracting the attention of men in those lines of business.

According to recent reports from the coal fields in Young county preparations are being made to begin mining the black diamonds on an extensive scale this fall.

All signs indicate great development and progress along the line of the new railroad.

### A Guest of Noted Lineage.

From Friday's Daily.

Miss Mary Shackelford, of Courtland, Ala., is visiting Col. and Mrs. W. C. Sherrod of this city. Miss Shackelford is a granddaughter of the late Captain Jack Shackelford, for whom Shackelford county was named, and who was in command of the Red Rovers at the massacre of Goliad. Captain Shackelford, the students of history will remember, was spared by the Mexicans on account of his knowledge of surgery and was carried a prisoner to the City of Mexico, where he was kept in confinement for two years. Captain Shackelford's complexion was dark and his hair very black and during his confinement he learned to speak the Mexican language very fluently. He was liberated by a Mexican woman, who furnished him with provisions for his long journey to New Orleans. Upon his arrival at his old home at Courtland Captain Shackelford found that he had been mourned as dead for two years. Only two others of his company, which he himself had equipped at Courtland, Ala., escaped in the massacre at Goliad.

Miss Shackelford, who is the granddaughter of this noted figure in Texas history, will probably remain here for a visit of a month or more.

Frank Kell, general manager for the Wichita Falls and Southern, states that the temporary delay in the track laying on that road is occasioned by the fact that the tracklayers have caught up with the bridge gang. The bridge men are building a bridge over the spillway at Lake Wichita. The track is laid as far as this bridge and until it is completed the tracklayers cannot work. On this account they have been transferred for a few days to work on the Frederick extension of the Wichita Falls and Northwestern.

As soon as the bridge at Lake Wichita is made passable, the tracklayers will return to work on the Southern, and the laying of the track into Archer City and from thence to Olney will be pushed as rapidly as possible.

Magnolia coffee can't be beat for 25c a pound. Sold by King & White.

## LIVE WIRE KILLS HORSE.

Little Negro Who Was Riding Horse Also Slightly Shocked.

From Monday's Daily.

This morning a negro boy rode a horse up in front of Nutt, Stevens & Hardeman's grocery store on the corner of Ohio avenue and Eighth street and as he was preparing to dismount and hitch, the horse touched its neck against a guy wire which, from some cause or other, was charged with electricity, and the current was sufficiently strong to kill the horse instantly. The little negro was also considerably shocked and addled, and fell off the horse into a grocery wagon and then scrambled out of the wagon and made his way into the store, exclaiming to Mr. Henderson to catch him. He was considerably shocked, but not hurt. The horse was the property of Bill Garrett, a negro restaurant keeper.

The light plant was outfitted immediately of what had occurred and the engine was shut down until the defective wire could be remedied.

Manager Malone was seen by a reporter of the Times a short while after the accident occurred, and after an examination was under the impression that the accident was not the fault of defective wiring, but was due to the faulty make of the transformer.

The heavy rain and wind which occurred during the night probably had something to do with the accident, as the electric wires were disturbed in another part of the city, and one wire had been broken and the ends were lying on the ground.

Manager Malone had the dead horse hauled off, after settling with the owner for the loss of the animal.

## VERNON WANTS PRESBYTERIAN COLLEGE

Our neighbor, Vernon, up the Denver, is going after the new Presbyterian college and if Wichita Falls wants to be in the running we had better get a move on ourselves.

The Vernon Hornet has the following to say about Vernon's efforts to land the new educational institution:

"On Tuesday, Sept. 4, at 8:30 p. m., a large number of our leading citizens met at the court house to discuss the question and decide whether Vernon should make an effort to secure this college. The meeting was called to order by Mr. B. Houssels, president of the board of trade, who made a statement of the object of the meeting.

Judge S. P. Huff was elected chairman and Prof. Witty was elected secretary of the meeting. Mr. Stephens, in a few well chosen words, laid the plans of the locating committee before the meeting. He also spoke earnestly of the great advantage of such a college to any place where it might be located. He became very enthusiastic as he spoke of the splendid advantages that Vernon possessed as a location for the college. He closed with an earnest appeal to our people to seize this splendid opportunity and by a prompt and united effort locate this school in our city, and pledging our hearty co-operation. The meeting was then thrown open for an expression of opinion by those present. Quite a number of our leading business and professional men made splendid talks, all appealing for immediate and united effort of our people to secure the school, and all of an optimistic nature.

"A motion was made and unanimously carried that we put forth our best effort to secure the college for Vernon. Splendid committees were appointed to take charge of the matter of raising a bonus, securing a location and attending to any other business connected therewith."

From Saturday's Daily.

Hot, clear weather prevailed again today, the thermometer attaining the 100 degree mark in Wichita Falls. Clear weather prevailed throughout Texas yesterday and not a drop of rain was reported at any point in the State.

## A Checking Account

Puts System into your business

When you pay all bills by check your business is recorded accurately. Each item shows for itself. There is a correct record of all receipts and expenditures in your bank book. ## DROUTH IS BROKEN

HEAVY RAINS OVER WICHITA AND PANHANDLE COUNTRY.

## THE COTTON IS REVIVED

Ground in Excellent Condition for Plowing for Wheat—Pastures Also Greatly Benefitted.

From Monday's Daily. Heavy rains fell throughout the greater part of the Wichita country and the Panhandle last night and early this morning. The rain started to fall here at about 3 o'clock this morning and continued almost in a steady down pour until nearly 8 o'clock.

The Fort Worth and Denver reports rains as far north as Childress and yesterday it is reported that rain fell in the Panhandle country as far north as Texline.

Reports received here indicate that the rain this morning was general over Wichita county. The Wichita Valley had reports of light rains at Dundee and Holliday at 7 o'clock this morning, but at that hour no rains had been reported west of Dundee.

The rain will be of great benefit to the farmers, insuring the maturity of the cotton crop in good shape and placing the ground in fine condition for plowing.

### Light Rain at Archer City.

Marshal Gwinn arrived at noon today from Archer City, where he had gone on official business. He reports that the rain was very light at that place, being hardly heavy enough to lay the dust well. Between Archer City and Wichita Falls the rain was light until a distance of about two miles from Wichita Falls was reached. Mr. Gwinn says that Archer City is facing a water famine and rain is needed there very badly.

### Good Rain at Burkburnett.

A telephone message from Burkburnett reports a very heavy rainfall there this morning.

### Robertson-Boyd.

The marriage of Miss Mary Boyd to Ralph R. Robertson took place at the home of the bride's mother, Mrs. J. P. Boyd, on Tenth street at 5 o'clock Sunday morning, Rev. W. A. Stuckey officiating. Only the immediate relatives of the contracting parties witnessed the ceremony.

Following the ceremony, a wedding breakfast was served, after which Mr. Robertson and his bride left on a wedding trip which will include Niagara Falls, New York City, Washington and points in Canada. They will return about September 22nd and will be at home in this city.

The bride is one of the most popular and accomplished young ladies of Wichita Falls. Mr. Robertson is the local ticket agent for the Fort Worth and Denver Railway and is a young man who has a promising future in the railroad business.

The Times, with the many friends of these popular young people, extends congratulations and best wishes.

Married, at the home of the bride's parents, Mr. and Mrs. F. M. Stanfield, on Wednesday morning, September 4, 1907, Mr. Drew Arrington of Springtown, Texas, and Miss Daisy Stanfield were united in the holy bonds of matrimony, Rev. Crutcheff, a former minister of the Methodist church at this place, officiating.—Iowa Park Register.

### Cheap Lands For Sale.

Located in Northwest Oklahoma. This land will produce from 20 to 40 bushels of wheat to the acre, and other crops in proportion. Has fine water on it and climate is excellent. If interested write to

**E. C. NORWOOD,**  
35-3m-w Jergensen, Okla.

subscribe for the Daily Times.

### JONES-FORD.

Henrietta Young People Married Here Thursday.

Henrietta Independent. G. P. Jones and Mrs. Rose Ella Ford, both of this city, were married at the Denison hotel at Wichita Falls at 10 o'clock yesterday morning. Rev. T. R. Bowles performing the ceremony. Mr. and Mrs. Jones arrived on the 3.25 Katy train and are at home at the corner of Gilbert and Graham streets. Several friends were at their home on their arrival to give them a fitting welcome.

The bride was returning from California, where she had been for several months visiting her mother, and was met at Wichita Falls by Mr. Jones. The original intention was to have the ceremony on Wednesday afternoon, but the bride's train was delayed in Colorado and she did not reach Wichita until Thursday morning.

### From Saturday's Daily.

The old-fashioned mother who properly corrects her son by means of a string applied to the part of his anatomy covered by his hip pocket will have to be more careful hereafter. On Monday last a Wisconsin mother who thus attempted to punish her son exploded a dynamite cap in his rear pocket, the explosion tearing off two of her fingers and mutilating the boy until it is thought he will die. Mothers had now best search the pockets of their young hopefuls before spanking them.

Prof. H. H. Gulce of Greenville, Texas, has been employed as English instructor in the Wichita Falls high school to take the place of Prof. Griggs of Odin, Arkansas, who failed to come as he had agreed. Mrs. J. J. Dalton, wife of Rev. Dalton, has been appointed as teacher of the high seventh grade. Both Prof. Gulce and Mrs. Dalton have assumed their duties.

### Attention, Farmers.

List your land with Cobb, Marlow & Huey and they will give it a dose of Selling. St. James Block, Wichita Falls, Texas. w-11

## WILL TRY TO LAND TECHNICAL SCHOOL

### From Tuesday's Daily.

A. E. Myles, secretary of the Wichita Falls Chamber of Commerce, has written to Rev. W. H. Franks, of Canadian, chairman of the committee appointed at the meeting of the Amarillo presbytery, to select the location of the proposed Presbyterian technical and trades college, asking him to furnish the Chamber of Commerce some detailed information as to what will be required from the city which will be selected as the location for the college.

It is probable that a meeting of the Chamber of Commerce will be called soon to take some action in this matter.

Rev. J. J. Dalton and J. A. Kemp are members of the committee which will select the site of the new institution. A number of Panhandle towns are making active efforts to land this college.

### Iowa Park Schools Open.

### From Monday's Daily.

The Iowa Park public school opened today with a large enrollment. The Park school ranks among the best in this section of the State. The teachers for the ensuing year are: Prof. Lee Clark, principal; Miss Ellis of Haskell, assistant principal; and Miss Gallman, Miss Arnold and Miss Haynes.

If your windmill or pump is not giving satisfaction see M. O. Moore & Co., at the Wichita Grain & Coal Co. building. They will know how to make them do the work. 29-11

The choicest production of both American and foreign weaves. Fashion followers will find much to interest them as the display comprises a grand collection of that which is new. Fashion followers will find much to interest them in our woolen goods, as the displays comprise a represented collection of that which is stylish in colors according to prediction of fashion authorities. Plain shades will have a strong run; brown will be the favorite shade, while blues, greens and garnets in their various hues will be the less prominent. Novelties will be much worn, particularly so in Broadcloth and worsteds.

## SHORTAGE GENERAL

BEEF STUFF SHORT OVER THE ENTIRE COUNTRY.

## INDEPENDENT PACKERY

Colonel Ike Pryor Says Cattlemen Will Establish One Only as a Protection.

There is a shortage of beef cattle all over the country and many sections are extremely short on big steers, according to Colonel Ike T. Pryor, president of the Cattle Raisers' Association of Texas. This condition is certain to be prolonged and intensified for several years, and the natural consequence will be higher prices, says Col. Pryor.

"In South and Southwest Texas there are fewer big steers than in many years," he said. "Owing to the good prices that have predominated, the shipment of steers to the markets has been unusually heavy and the movement to territory ranges has also figured in lessening the number on Texas ranges. This year has witnessed the fullest season of good prices within my recollection, and the cattle-men of the State are generally satisfied with the situation.

"Conditions continue dry in South Texas, but nothing is suffering. Water has been well distributed as a result of improved and wiser management, and cattle are in good shape, taking everything into consideration."

Speaking of the reputed movement of Texas cattlemen to establish an independent packing plant in Ft. Worth, Colonel Pryor said that the agitation had subsided since the Big Five packeries rescinded the obnoxious post-mortem inspection order.

"Cattlemen of Texas do not really want to establish an independent plant," said Colonel Pryor, "and they will not do so except as a protectionary measure. So long as the present packeries treat them fairly, there will be no independent movement, but they stand ready and able to put in a plant in the event they are not given a square deal."—Fort Worth Record.

## DIAMOND SALE

## A TRAIL OF BACON LED WOLF CHASE

From Tuesday's Daily.

According to a story which comes to the Times office a lot of old time wolf hunters followed a pack of hounds over town last night on the trail of a piece of fried bacon. The Times won't vouch for the truthfulness of the story, so it can't publish the names of those who participated in the chase.

For several weeks it has been reported that a half grown wolf has been seen under the electric lights at Dr. Burnside's corner almost nightly. The boldness of the wolf in invading one of the most populous districts of the city aroused the sporting instinct of the old time hunters and they vowed that they would teach his wolfship a lesson and at the same time enjoy some good sport. Accordingly, arrangements were made with the owners of two packs of hounds and at about 10 o'clock the dogs and men were on hand for a good old fashioned chase.

Now, it had happened that a practical joker had heard of the intended chase and at once bethought himself to have some fun of his own at the expense of the nimrods. He conceived the plan of hiring a small boy to drag a sack of fried bacon across the street where the chase was to start and then proceed by devious ways on a circuitous route over the city with the sack of bacon dragging behind him. This plan was executed at an opportune time.

The dogs had no trouble in taking

up the trail of the supposed wolf and pursued their howling way through the city, awakening many inhabitants from their peaceful slumbers. At last they lost the trail and the disconsolate hunters retired from the chase.

They didn't know that the dogs had been following the trail of a piece of bacon until this morning, when kind friends informed them of the fact.

Readers who desire more information are referred to Tom Pickett, Uncle "Harve" Stearns or Dr. Walker.

Men who are in a position to know believe that there will be a better cotton crop in this section than most people think. They say that the crop in the northern part of the county along Red river is very promising. The recent rains have improved the prospects and if the frost comes late, many fields will yield as much as half a bale per acre. Reports indicate that there will be a good crop in Oklahoma and the work on the Wichita Falls and Northwestern is being pushed with a view of handling a large part of this crop.

### Parks-Ligon.

From Tuesday's Daily.

At the home of the bride's parents, Mr. and Mrs. Cox, at the corner of Austin avenue and Eighth street, at 1:30 o'clock this afternoon, the marriage of Mrs. Minnie L. Ligon and Mr. J. H. Parks took place.

The ceremony was pronounced by Rev. A. J. Bush in the presence of a few friends.

Mr. Parks and his bride left this afternoon for Ardmore, I. T., where he is engaged in contracting work.

From Wednesday's Daily.

Mr. J. W. Henderson met a Times man at the Farmers' Bank and Trust Co. one day this week and handed him a \$5.00 bill to pay for the daily one year in advance, remarking that he liked the paper and found it more convenient to read the local happenings of the day as recorded by it than it was to inquire of his friends of what was going on. The subscription list of the Times is growing, but is not yet what it ought to be. While we believe we are publishing a good paper, it could be made much better if every good citizen would follow Mr. Henderson's example.

From Monday's Daily.

J. C. Boatright, a deputy United States Marshal of McAlester, I. T., accompanied by Marshal Gwinn, drove down into Archer County yesterday in search of two men wanted at McAlester on serious charges. The officers had received a tip that the men wanted were located some miles below Archer City, but when they went out to get them they found that the birds had flown. Deputy Boatright has not given up his pursuit and believes that he will yet land his men.

County Attorney Drowns at Childress.

From Tuesday's Daily.

News reached this city yesterday of the drowning of County Attorney Mac. Grimmer at Childress last Sunday. According to the report received here Mr. Grimmer went out to a tank to wash off his horse and while doing so was drowned. Grimmer was one of the best known attorneys in the Panhandle.

If you get it from King & White you know it is all right. d&w-ft

WALSH & CLASBEY

Edins, which is quite sick, and not expected to live. Mr. Edins is a nephew of T. B. Noble.

Perry Frank, who has charge of Gen. J. E. Rollers interests in this part of Texas, was in town yesterday, and said to a Times reporter that he was preparing to put in a big wheat crop on Gen. Roller's lands in this county. On the farms known as the Waggoner pasture lands located on the Red River, he has started six gang plows to work with six mules to each plow and since the rain on Monday of this week is turning between 30 and 40 acres of land each day. He also has carpenters at work putting up several tenant houses on the place. Perry believes that next year a bumper wheat crop will be raised and is doing his utmost to get every acre in that he can.

IN CONNECTION WITH TRAGEDIES  
Four Men Arrested Following Mysterious Oklahoma Crimes.

Lawton, Ok., Sept. 11.—Four men, Henry Anderson and three sons, Geo., Mike and Royal Anderson, were arrested in their bunk car in the Rock Island yards at El Reno today in connection with the killing of the unknown and unidentified victims of the box car tragedies, which have caused so much mystery in Oklahoma. The bodies of the dead men were horribly mutilated, having the ears cut off. One was found in a Rock Island car at Chickasha and the other at Oklahoma City.

United States Marshal John Abernathy made the arrests, assisted by Rock Island detectives Darnall, Duhin and Beardon. The men were taken to Oklahoma City to await a hearing.
