NUMBER 27.

LICENSE FOR DRINKER

SPokane Man Proposes Novel Plan for Solution of the Liquor Problem.

NO LICENSE FOR DEALERS

Under Proposed Plan, Any Man Desiring to Do So, Could Sell Liquor. Only Licensed Persons Buy.

Spokane, Wash., June 11.—Competitive man and woman who deal in the exciting liquors to pay a license fee, exempt saloon men and permit anyone who desires to engage in the traffic of the sale restriction to be sold-out to license-holders.

These in brief are the chief points of a plan announced by E. E. Hall of Spokane, a candidate in the third district for the next legislature of Washington to solve the liquor question in this State, in which the republican party is pledged to local option, while the democrat sars on record as favoring absolute prohibition.

Mr. Hall has been a resident of Eastern Washington since the pioneer days and is a brother to former State Senator Oliver Hall, who is mentioned as a possible candidate for the lieutenant governorship on the republican ticket.

Outlining his plan, Mr. Hall said that while he is willing to stand squarely on the republican State platform and vote for the passage of a local option law, if elected, he will introduce a measure which provides that the man who drinks the liquor should pay the license. He added:

"My plan would be to abolish all saloon licenses, permitting any man desiring to do so to sell liquor. If a man wants to drink he should be compelled to take out a license to do so, and it should be a misdemeanor for any person to sell to a man who does not have such a license. Such license should be issued by city and county, a reasonable fee being about \$5.00 a year for county licenses and from \$1 to \$3.00 a year for city. This would bring in a larger revenue than under the present license system, and would put the burden where it belongs."

"Each license thus issued should have attached thereto a photograph of the person taking it out, so there could be no using of the license except by this man. It should also contain a provision that a conviction for drunkenness at any time would be punishable by a revocation of the license for a period of six months or a year. This appears to me to be the logical solution of the liquor question in districts where saloons are not barred by local option."

Wants Bids for Site.

A dispatch from Washington says that the supervising architect in the treasury department will open bids for the site for the proposed federal building in Wichita Falls on July 17th. The lot required must have dimensions of 120x130 feet.

Rails to the Coal Field.

The Wichita Falls and Southern railway is shipping in rails and other material preparatory to building the road to the coal fields. The grading is completed and it will probably not be long until the laying of the steel will begin.—Oiney Oracle.

TOWN OF EUFAULA QUIET AFTER COUNTY SEAT FIGHT.

Eufaula, Ok., June 9.—The disturbance of Saturday and Sunday, caused by an invasion of Eufaula by armed men of Checotah in their attempt to remove the county seat records from Eufaula to Checotah after an injunction of the supreme court of Oklahoma had been applied for to prevent same, has quieted down to normal conditions. The killing last night of General Dunlap has created considerable excitement.

1 COUNTIES WILL BE DRY IN OREGON

Portland, Ore., June 11.—As a result of the local option election held in Oregon this month, county prohibitions will prevail in twenty-one out of thirty-three counties after July. There are not a county in the State which has some dry territory. Nearly five hundred saloons have been closed in the State since the local option law was enacted.

KENTUCKY DEMOCRATS TO INSTRUCT FOR BRYAN.

By Associated Press. Louisville, Ky., June 11.—The indications now are that the democratic State convention will finish its work before adjournment is taken tonight. Harmony prevails all along the line and there is less factional feeling than has been known in a democratic State convention in recent years. An agreement has been reached whereby W. J. Bryan will be instructed for as Kentucky's choice for the presidential nomination.

Another New Building.

Fred Smith, the carpenter and contractor, has the material on the ground to begin the erection of a brick business house 25x50 feet on the ground occupied by his carpenter shop on Seventh street back of the First National bank. The building will be occupied by King & White, the grocers.

NEW CHURCH TO BE OPENED AT ELECTRA

For some time the people of Electra and vicinity have been looking forward with pleasure to an event which will take place next Sunday, June 14th, namely, the opening for worship of the new Methodist church, which will be completed before that date, unless there is some unexpected hindrance.

Rev. S. A. Barnes of Vernon has been secured to preach the opening sermon at 11 o'clock in the morning and the people of this community are expecting an interesting service.

The song service will be conducted by Rev. E. E. Campbell of Vernon.

The movement to build the church was begun at about the time of the town site sale last fall. The building is pretty and a neat structure and would do credit to a town much larger than Electra. It is a frame structure 32x36 feet, with a lecture room 14x32 feet. It has large triple windows in each gable. It is finished on the inside in natural wood, hard oiled, and is canvass papered on the ceiling and walls.

A social will be given to the members of the Junior League of the M. E. Church South at the home of Mrs. T. R. Noble tomorrow evening between the hours of 5 and 7 p. m. All members of the league are cordially invited to attend.

GEN. EVANS ELECTED COMMANDER IN CHIEF

Birmingham, Ala., June 11.—General Clement A. Evans of Georgia was elected commander in chief of the United Confederate Veterans yesterday over General Cabell of Dallas by a vote of 1,232 to 1,084.

General Evans, the new commander in chief, is a man of pleasant address, and one of the most loved in the army. He is a native of Georgia; born of North Carolina and Virginia revolutionary parentage. He was graduated from the Georgia Law school and began the practice of law at 19 years of age. He was elected judge of the county court at 22, and a state senator at 25.

The civil war commenced while he was a senator, and although he was exempt from military service, he joined a company in his county in January, 1861, and began his military career. He was first elected major of the Thirty-first Georgia regiment and then promoted to colonel. His regiment was put in Lawton's brigade, afterwards Gordon's brigade. General Evans succeeded Gordon when he was promoted major general, and again succeeded Gordon in command of the division. His service was in the Army of Northern Virginia, and he participated in all of the battles fought on the soil of Virginia, Maryland and Pennsylvania. He was wounded five times, two of his wounds being of a serious character.

In command of his division at Appomattox he made the last fight, which was after the surrender, because he had not received notice of the truce.

For all kinds of musical instruments see Ralph Darrell.

USE DYNAMITE AGAIN

ANOTHER ATTEMPT TO BLOW UP A STREET CAR IN SUBURB OF CLEVELAND.

SEVEN PERSONS INJURED

Seats Twisted, Windows Shattered and Floor Blown Up, Throwing Passengers in a Heap.

By Associated Press. Cleveland, O., June 11.—The police at Euclid Heights, where the traction car was blown up, by dynamite at an early hour this morning, are bending every effort today to run down the miscreants who placed the explosive on the street car track.

Seven passengers were injured, but none fatally, as a result of the explosion. The explosion was heard a mile away. The car windows were shattered and the seats were twisted. The floor of the car was blown upward, throwing the passengers in a panic-stricken heap on the floor.

The Newspaper as a Mirror.

In a lecture recently at the Northwestern University, Arthur J. Street considered the newspaper as a mirror of the times.

"The modern newspaper," he said, "is essential to a healthy, vigorous and wholesome product and type of American life. So long as that life remains what it is, so long will the American newspaper remain its mirror and its inquisitor, its biographer and its mechanic."

"From its sporting department, pulsing with the tales of physical prowess, to its first pages, dignified with the reports of the national capital, or blotting with shocking narratives of unexampled murders, or enlivened with the wit and trenchancy of the cartoons, the newspaper is nothing in the world but your life and mine and our neighbor's committed to print."

"If we bear scandal among ourselves, as we do, scandal shall be found in our press. If we rush hastily from all corners of the village or town because somebody has been shot, some life that we all knew has been wiped out, we shall continue to look for it all, for the details which we could not gather ourselves, in our village daily or in the dispatches of our village correspondent to the nearest metropolitan daily. Nor shall it be different in our larger cities, save that so few of us know each other there that it is rather the extraordinary of incident and the distinction of personality than the elements of acquaintanceship that dictate how much shall be set to type."

This view might very well be commended to those newspaper critics and hypercritics who complain of the horrible which they see in print. No one finds fault with history for recording the evil deeds of men. It would be considered an unreliable, a defective and worthless record which presented only one side. Such a history would have no meaning. The manner of printing news may be justly criticised, but not the fact of printing it if a paper expects to reflect life as it is.—American Press.

BOMB OUTRAGE UPON AN ITALIAN MERCHANT.

By Associated Press. New Orleans, La., June 11.—With a report that was heard several blocks away, a dynamite bomb was exploded early yesterday in front of the dry goods store owned by Joseph Seprio, an Italian, at Hospital and Decatur streets, badly wrecking the building. Seprio, his wife and four children were asleep in the building, but none of them were injured. Seprio said he knew who threw the bomb, but told the police that he was afraid to give the name of the thrower.

HEAVY RAINS AT PARIS.

Texas and Pacific Trains are Held at Blossom. Paris, Tex., June 11.—The east and west Texas and Pacific trains are held at Blossom waiting for the water, which covers a mile of track, to recede. A heavy rain fell here this morning.

Lem Norwood left last evening for Wichita Falls, where he and his family will reside. He is making the trip by wagon. Mrs. Norwood and baby left several days ago for Bokchito, Oklahoma, where they will remain on a visit until Mr. Norwood has their home ready.—Bonham News.

SURE OF NOMINATION

TAFT ALREADY HAS 504 DELEGATES IN THE REPUBLICAN CONVENTION.

FIRST BALLOT TO DECIDE

Interest is Now Centered in the Make Up of Committee and Planks of the Platform.

By Associated Press. Chicago, Ill., June 11.—With more than a majority of the contests filed before the national republican committee wiped off the books and with Taft delegates to the number of 504 already accredited to the convention, the interest in today's developments is centered on the make-up of the convention committees and the declarations which will be contained in the platform of the party.

The contests from South Carolina, Tennessee, Texas, Oklahoma and Arizona will be heard today.

The work of the committee has been simplified, owing to an agreement to consolidate the contests from Texas.

More Taft Delegates Seated.

The hearing of the contest from the first South Carolina district occupied but a short time and the committee decided in favor of the Taft delegates and ordered that they be seated.

Frieberg Happenings.

Special to the Times. Frieburg, Tex., June 10.—Rev. Edgar M. Wisdom, pastor of the Thornberry and Frieburg charge of the Methodist Episcopal church, in company with his wife and baby, returned from Dallas and Mabank, where they have been visiting for the past few weeks. They would have returned sooner had there not been so much high water, being water-bound twice.

Hanley White and Miss Etta Conkling of Dallas, relatives of Mrs. Wisdom, are visiting at the parsonage for a few days.

Dr. William Fielder, president of the Fort Worth University, will preach at Frieburg Sunday, June 14th, at 11 a. m. and at Thornberry at 8:15 p. m. All are cordially invited to hear Dr. Fielder.

Rev. Edgar M. Wisdom will fill his regular appointment at the Cashan school house Sunday afternoon at 4 p. m.

THE MARKETS BY TELEGRAPH.

Special to the Times. Fort Worth, Tex., June 11.—The total cattle receipts today were 3,400 head.

Beef Steers—Receipts, 1,400. Quality fair. Market active and steady at \$4.20@4.50.

Butcher Cows—Receipts moderate. Quality fair. Market active and steady at \$2.00@3.60.

Calves—Receipts 300. Quality fair. Market slow and steady. Tops sold at \$4.20.

Hogs—Receipts 350, the receipts still being light on account of many points in Oklahoma being shut off from the market by the floods. The quality was choice and the prices ranged from \$5.00 to \$5.48.

DOUGLAS ISLAND SUBMERGED.

Levee Breaks and Island is Under Fourteen Feet of Water. Shreveport, La., June 11.—A levee surrounding Douglas island, near here, broke early today and the entire island is now under fourteen feet of water. No loss of life has been reported.

REVOLVERS TAKEN FROM CROWD AT MURDER TRIAL.

Houston, Tex., June 11.—Nearly one hundred revolvers were taken from persons in the crowd that entered the court house today to attend the trial of R. O. Kenly charged with the killing of H. S. Robb and wounding Ranger Dunaway.

The search for revolvers was made after it had been reported that the friends of both the defendant and the man he had killed were preparing for a fight. The revolvers were taken from the court house doors and there were no protests or any trouble.

Lightning Bolt Strikes House.

During the rain this morning the home of J. L. Powell and family on Fourteenth street was struck by lightning and several of the family were slightly shocked. The bolt struck at the corner of the house and tore off a few shingles, but caused no serious damage.

FLEAS MAKE THINGS LIVELY AT FT. WORTH

Special to the Times. Fort Worth, Tex., June 11.—From the center of the city to its limits there is an embarrassing plague of fleas.

Open work stockings have given many a girl on the front porch an uneasy hour while William or George was calling. William and George, too, have cut short their visits, dodged around the corner and begun to scratch.

Indoors and out the fleas are taking possession. One woman has had all her carpets taken up and the floors rubbed with kerosene. Others are following her example and in all sections the war on the fleas has begun.

City Physician Solon Milton attributes the plague of fleas to the dogs running about town. Cats are also active carriers of the pests. Of ten men questioned in quick succession downtown Wednesday nine reported the fleas about their homes.

As a remedy, Dr. Milton suggests that all dogs about the place be sprayed with a 2 to 4 per cent solution of good old home industry Crescent anti-septic or some cretol oil saponification. The spray may also be used about the premises.

In this use a wise precaution would be to test the effect on the color of carpets or other things to be sprayed before taking the step.

STORM CAUSES DAMAGE AT DENISON

Denison, Tex., June 10.—One of the worst storms yet experienced swept this section this morning. There was a terrific wind and almost a cloud-burst of rain. The whole country in a few moments was literally flooded. The storm raged for two hours. The electrical disturbance was about the worst of the year. Reports coming in state that crops were seriously injured.

The storm tied the Missouri, Kansas and Texas bridge up for a number of hours. Three bents were forced out of line by the great volume of water. The river is rising, but it is given out at Katy headquarters that train service will be resumed this evening. There is every indication that another storm is coming. Great clouds are banked up in the northwest, the quarter from which all storms are at present coming.

The terrific wind this morning leveled corn, oats and cotton, beating them into the mud.

The farmers are giving up the situation in despair. There has now been almost three months of steady rain.

CARDEN SAYS EXPENSES OF OFFICE ARE TOO HEAVY.

Dallas, Tex., June 11.—George A. Carden, chairman of the State democratic executive committee, announced today that he would not be a candidate for re-election to that office. Mr. Carden declared that the expenses connected with the position were too heavy for him to hold the office for another term. His refusal to be a candidate for re-election to the office of State chairman was not unexpected.

MARCH ONCE MORE

MEN IN GRAY MARCH THROUGH STREETS OF BIRMINGHAM. THOUSANDS CHEER.

SPECTACLE IS STIRRING

Sixty Thousand Spectators Saw the Heroes of the Southland File Past in Fast Thinning Line.

By Associated Press. Birmingham, Ala., June 11.—Nearly one hundred thousand visitors in Birmingham today witnessed a heart-stirring pageant when several thousand grizzled veterans in gray, the remnants of an army whose valiant deeds of bravery, heroism and self-sacrifice illuminate the pages of the nation's history, marched with their hearts as brave and their spirits as high as in the time of battle, but with straggling and tottering steps to the inspiring strains of "Dixie," "Maryland, My Maryland" and other stirring strains which had once been their songs in battle.

The annual march took place shortly before noon today and was the crowning event of the annual reunion of the United Confederate Veterans.

At the head of the line rode General Clement Evans, the new commander in chief of the organization. With him were the few distinguished Confederate generals living, Generals Cabell, Walker and others who were in the city.

Sixty thousand persons saw the hosts file through the streets of Birmingham and cheered themselves hoarse at the spectacle.

The parade was under the clearest skies and the heat seemed to give way to a good breeze, which prevented any prostrations.

The Sons of Veterans, members of the Women's Relief Corps and other auxiliary organizations of the Veterans gave up their sessions today to join and escort the men in gray.

The sailors' organization was in the line, the surgeons following, while practically every civic organization in the city was represented. The parade was practically the closing event of the reunion.

The afternoon will be given up to band concerts and other amusements at the fair grounds and various parks throughout the city, while tonight a ball will be given in the Hippodrome Auditorium.

Today telegrams are pouring in on General Evans, congratulating him on his election as commander in chief of the Veterans.

Memphis was selected yesterday as the place for holding the next reunion.

HITCHCOCK ACQUITTED MUST FACE OTHER CHARGES.

By Associated Press. New York, June 11.—Raymond Hitchcock, the comedian, who was acquitted early today by the jury on charges preferred by several young girls, will appear in court today in connection with other indictments on similar charges. He was committed to the Tombs after the jury's verdict.

A motion to admit the actor to bail was denied by Justice Goff, who said he would consider the question of bail when court convened today.

HAVE FOUND NO TRACE OF MISSING MAIL POUCH.

By Associated Press. Kansas City, Mo., June 11.—There are no important developments here in the efforts to locate the missing registered mail pouch, alleged to contain at least \$50,000 in currency, which disappeared last Saturday night. No arrests have been made and the officers will not admit that any one is under suspicion.

HORRIBLE DEATHS FOR KOREAN REBELS

By Associated Press. Victoria, B. C., June 11.—It is reported here by steamers coming from Korea that a Japanese expeditionary force at Sejuin, in the course of a fight with rebels, surrounded a house in which the rebel leaders were entrenched and fired the building, burning sixteen Koreans to death. A large corps of Japanese troops have been sent to Korea to pursue an active campaign against the rebels.

TO MEET IN SANTONE

THAT CITY SELECTED AS PLACE FOR MEETING OF DEMOCRATIC STATE CONVENTION.

PROHIBITION QUESTION

Is Now Under Discussion and it is Probable State Prohibition and Local Option Will Be Submitted.

Special to the Times.
BULLETIN—Dallas, Tex., June 9.—The Democratic State Committee in session here this afternoon wired to John Mitchell at Indianapolis, asking if he had always been a democrat. If his reply is satisfactory his endorsement for the vice presidency is assured.

Both Prohibition and Local Option.
Dallas, Tex., June 8.—The State Democratic executive committee was called to order, today by Chairman Garden with 17 members present in person or by proxy. San Antonio was unanimously selected as the place for holding the State convention.

The committee recessed until 1 o'clock, when the prohibition matter will be taken up. It is now believed that State wide prohibition and local option will be submitted at the July primaries.

GUY WAGGONER TO BUILD FINE RESIDENCE.

One of the biggest real-estate deals in some months to take place in Fort Worth was announced Monday by Temple & Modlin, who made the trade. The transfer consists of two pieces of property with an aggregate value of about \$17,000.

Two hundred feet at Pennsylvania avenue and Seventh street, owned by Major K. M. Van Zandt, and a hundred feet adjoining owned by J. N. Clements, was purchased by Guy L. Waggoner, who anticipates the erection of a very fine residence.—Fort Worth Telegram.

MAIL SERVICE ON THE SOUTHERN

The following letter from Washington regarding the establishment of a regular mail service on the Wichita Falls and Southern from this city to Olney will be read with interest by all:

Washington, D. C., June 4, 1908.
Mr. R. E. Huff, Vice Pres't Chamber of Commerce, Wichita Falls, Texas.
Sir—Your communication of the 26th ultimo, in regard to the establishment of mail service on the line of the Wichita Falls and Southern railroad, was received.

In reply I have to advise you that an order has been issued authorizing the establishment of such service from Wichita Falls to Olney, Texas, effective June 15, 1908. Very respectfully,
JOHN W. HOLLYDAY,
Acting Second Assistant Postmaster-General.

Court Adjourned.

After returning a number of indictments the Wichita county grand jury adjourned yesterday afternoon until the second Monday in July, to give the members of the jury who are farmers an opportunity to harvest their crops. No cases will be tried where a jury is required in either the county or district court, if it is possible to postpone them until after the harvest.

Before the adjournment of the grand jury, among others, was returned the following true bills:

Sam Caldwell, burglary; W. F. Randall, robbery; J. T. Kelly, robbery; William Roosevelt, assault to murder; R. T. Chaffee, embezzlement; John Patterson, murder.

Sam Caldwell, a negro, against whom an indictment charging burglary was returned, entered a plea of guilty to the charge and his punishment was assessed by the jury at ten years' imprisonment in the State penitentiary. Caldwell, it will be remembered, was the negro who escaped from the city street gang and entered the home of W. L. Coleman, across the Wichita river, several weeks ago.

ROOSEVELT TO HUNT IN TEXAS.

Capt. McDonald Reports an Elegant Time With the President.

Austin, Tex., June 4.—Capt. J. W. McDonald, State revenue agent, who has returned from Washington and his visit to the White House wearing an English walking suit, reports an elegant time with the president, and says that Roosevelt is coming to Texas to hunt again if he can so arrange. Capt. McDonald told him there is plenty of deer and bears and aroused the president's hunting spirit.

FOR SALE—At a bargain, one 20-horse power double cylinder Pitts engine, J. I. Case 22-inch cylinder, 2 water tanks, 10 wheat frames, 2 pumps, cook shack and other paraphernalia of complete threshing outfit, 4 miles from Wichita Falls. See or write F. M. Griffin, McKinney, Texas.

MRS. LEAVITT MAY VOTE FOR BRYAN, HER FATHER.

Denver, Colo., June 4.—Mrs. Ruth Bryan-Leavitt, daughter of William J. Bryan, was today named as delegate at large to the State democratic convention to be held at Glenwood Springs on June 15. Mrs. Leavitt heads the delegation from Denver county. Mrs. Leavitt was named by the Denver county convention, which while it endorsed the candidacy of her father for the presidency, did not instruct for him. She was not at the convention, being present at her father's home in Lincoln and did not know that her name was to be presented.

MI-O-NA MEANS STOMACH COMFORT.

It is of Special Value to Many Here in Wichita Falls.

A notable discovery and one that appeals especially to many people in Wichita Falls is the combination of stomach help in the MI-o-na treatment. This preparation works wonders in cases of indigestion or weak stomach.

It acts directly upon the walls of the stomach and bowels, strengthening and stimulating them so that they readily take care of the food that is eaten without distress or suffering.

So positive are the good effects following the use of MI-o-na that the remedy is sold by the Robertson Drug Store under an absolute guarantee to refund the money if it fails to cure. A 50-cent box of MI-o-na will do the good the stomach needs, which is simply to make it do its own work. 26-21

W. W. Hund Sells Farm.

A deal was closed Saturday between E. T. Anderson of Hannibal, Mo., and W. W. Hund, formerly a resident of this county, but now located near Corpus Christi, Texas, whereby the former will become the owner of Mr. Hund's farm located two miles southwest of the city. The farm consists of over 1,200 acres and the purchase price is \$25 per acre.

The deal will therefore involve a consideration of over \$30,000 and is one of the largest that has recently been reported.

The sale was negotiated through the H. C. McGlasson and Jackson & Fain real estate agencies.

Succumbs to Typhoid Fever.

From Saturday's Daily.
W. J. Cook, the man who was brought to this city from Byers Thursday and placed in the Wichita Falls Sanitarium for treatment, died yesterday afternoon at 4 o'clock and the body was buried at Riverside cemetery this morning. He was a victim of typhoid fever and was in a dying condition when brought to the sanitarium for treatment, having been sick for fifteen or twenty days.

Twenty-Four Years

We have passed the 24th milestone in our existence as a Bank in Wichita Falls. This Bank having been organized May 15, 1884.

Twenty-four years ago Wichita Falls was a frontier town with one railroad outlet via Ft. Worth. No farmers in the surrounding country, with practically no rural districts and surrounded by sheep and cattle ranches on all sides, and people looked upon the town as only a temporary stopping place.

The organizers of this Bank were among the first to foresee the future development of this country, and today Wichita Falls is a bustling City of 6,000 people, with railroad outlets in seven different directions, rapidly forging to the front as the commercial metropolis of this section.

During this time we have grown from a small beginning to a large and successful business.

We have endeavored to keep abreast of the times, providing for ourselves every modern appliance and up-to-date system to facilitate our office work, providing for our depositors every safe-guard known for their protection and security.

We have given freely to every deserving charity; contributed to every enterprise that would tend to improve or bring trade to our City.

We enjoy the confidence of the people of this community, and take this opportunity to thank our customers whose patronage has helped to make the last year the largest and best in our history.

WE ARE HERE TO STAY.

A Big Fish Story.

Messrs. F. J. Seely and W. P. Brooks, with their families, went out to Holiday creek late Saturday afternoon to spend a few hours fishing, and had remarkable luck. The party provided itself with fishing rods, bait, etc., but on arriving at the creek soon discovered that these usual essentials were not really necessary in order to accomplish their purpose.

Near the creek Mr. Seely noticed a small hole of water which seemed to be greatly disturbed, and on further investigation found that in it were a number of large fish, which had evidently come up the creek from the Wichita river during the high water and had gone out of the creek into this hole of water in order to take a short rest. The fish evidently miscalculated and before they could get out of the hole the water fell and left them penned up.

The men folks secured a spade and ditched off the water and out of the hole secured eleven big fish, the largest of which measured four feet and one inch, and weighed 55 pounds, and the smallest about nine pounds.

All were of the mud-cat variety. The fish were loaded into two bugles and brought back to town, and after supplying themselves and their neighbors with a good supply, the balance was sold to restaurants and hotels.

READY FOR FREE MAIL DELIVERY ON JUNE 15th.

The free delivery of mail in the city of Wichita Falls will start at 8 o'clock on the morning of Monday, June 15th. The carriers will be W. H. Bachman, H. M. Campbell, Kelly Ross and T. P. Norwood. The substitute carriers will be W. A. Bartlett and Joe Holbert.

Those who will be served by free delivery are reminded that it will be necessary for the street and number to be given on their address, so that the work of the carriers can be facilitated. In writing social or business letters it is advisable to place your street and number on both the letter and return card on the envelope.

Damage to Bridge.

It is reported here that a sixty-foot span of the bridge over the Wichita south of Iowa Park was carried away by the flood last Wednesday. The bridge was recently rebuilt and if the report is true the damage will amount to several thousand dollars.

City Hall Bonds Sold.

Mayor Noble informed the Times today that he had closed negotiations with Mr. R. E. Huff, whereby the latter was to purchase a portion of the bonds issued for the new city hall to be built on Ohio avenue. The county, the city and several private individuals are taking the remainder of the bond issue and with those taken by Mr. Huff, the entire issue of \$15,000 has been taken care of, so that the money can be available as soon as the contract for the building is let.

Several different plans for the new building are being drawn by architects and a meeting of the council will be called soon to adopt plans and the contract will be awarded at the earliest date possible.

The contractors for the sewer are preparing to get to work in earnest as soon as the water in the flooded district near the river gets out of the way, and the city will soon have over \$40,000 worth of public improvements under way.

Death of Henry Hendricks.

From Friday's Daily. Died at his home in this city, 1011 Indiana avenue at 2 o'clock this afternoon, of typhoid pneumonia, Henry Hendricks, aged 22 years.

Mr. Hendricks had only been sick a short time and his death came very suddenly and was quite a shock to his family and friends. Mr. Hendricks was just entering into manhood and had bright prospects for a useful life when death claimed him. He leaves a wife and two children, his mother, Mrs. John Prang, and other relatives to mourn his loss. He was a member of the W. O. W. lodge at Denison, and will be buried in this city as soon as other relatives arrive here from Denison.

Cut With Butcher's Knife.

From Friday's Daily. Brent Taylor says he will never again attempt to show a butcher how to cut deviled beef with a butcher's knife. Yesterday afternoon while in the Palace-meat market Mr. Taylor picked up a knife on the block and started to exemplify the art of slicing deviled meat; but the second slice was across the palm of the demonstrator's hand, and several stitches were required to close the wound. That's why Mr. Taylor is wearing a bandage and carries his hand in a sling today.

One of the approaches of the Thornberry bridge over the Wichita was damaged by the flood last week so that it is impossible to cross the river at that place until the bridge is repaired. This bridge is located in Clay county.

High Quality Oil.

S. E. Dempsey of Petrolia, who was in town today, brought with him a sample bottle of oil taken from a new well being put down by the Clayco Oil Company on what is known as the Panhandle tract, adjoining the Lockridge tract. The oil was apparently "the stuff" and was nearly up to the standard of commercial naphtha without any refining. A gravity test made at the new refinery being built at Petrolia showed 73 per cent, this being much higher than the best crude oil in the Pennsylvania fields.

The oil was struck at a depth of about 1,600 feet and the well will be drilled deeper.

When the oil was first struck several barrels were baled out and left standing near the well. After having stood several days the oil was of such a volatile quality and evaporated so rapidly that the barrels were nearly empty.

Mr. Dempsey says that the new refinery being built by the Navarro Refining Company is nearly completed and that it will probably start work next week.

Local men who have been or are now interested in the oil business, say that if Mr. Dempsey's statement is true—and no one questions his reliability—the strike is one of the best ever made in the Petrolia field.

An oil that will test 73 gravity is something unheard of in this country, and is only found in a few spots over the entire world.

A well that will produce oil of this quality in quantities of five barrels or more a day, the oil men say, is a veritable bonanza.

BOARD OF EQUALIZATION CONVENES ON MONDAY.

The county commissioners will convene next Monday morning as the board of equalization, when they will hear complaints against the amount of assessment from property owners and will equalize the assessments.

As the commissioners are all men who have farms, it is probable that they will adjourn Monday until after wheat harvest.

Julius Truelson, (alias Jonathan G. Thaw) now confined in the Vernon jail, is receiving many letters from young men in answer to his letters wanting ranch hands in Texas. Thaw represents himself as a manager of one of the largest cattle ranches in Texas, and offers to pay transportation of young men to come out here and work on his ranch.—Vernon Call.

AS HUNGRY AS A BEAR

CAPTAIN GUION TO SUCCEED GENERAL LEE.

Washington, D. C., June 8.—The president today appointed Captain Lewis Guion of the Twenty-sixth Louisiana Infantry as a member of the Vicksburg national park commission, to fill the vacancy caused by the death of General Stephen Dill Lee.

Railroad Extension Plans.

Abilene, Tex., June 7.—Colonel Morgan Jones and associates have returned from a trip to Winters and have put surveyors in the field to make some preliminary surveys for the proposed extension of the Abilene and Northern railroad. Col. Jones makes no statements as to the route of the proposed extension, but speaks in very flattering

terms of San Angelo. As soon as the preliminary survey is completed, Col. Jones says he will make his route known, and then be in position "to talk business," as he puts it, to the towns on the route.

Kemp Talks to Texas Bankers.

Fort Worth, Tex., June 5.—Delegates arriving today swelled the number attending the Texas Bankers' Association to eight hundred, which is the largest number ever present at a meeting of the association.

The organization passed resolutions endorsing the "Fewer and Better Laws" campaign and requesting the members to refrain from political electioneering. J. A. Kemp of Wichita Falls and Thomas B. Love, State Insurance commissioner, were prominent among today's speakers.

Hams and Breakfast Bacon

There is a more noticeable difference in meat than most anything else you eat. There is a difference even in the same brands. If your hams and bacon are mouldy and strong when they reach you, if you are not getting the best brand and just the particular kind you want, then you are not getting **your money's worth**.

Swift's Premium Brand is recognized as the best that can be had. We sell this brand because it pleases our customers. We ship by express and receive from two to five shipments each week, thus insuring freshness. We make a specialty of this line and sell such quantities that we always have just what you want, if others haven't. **PHONE US.**

- For County Attorney: T. B. GREENWOOD.

It's an ill wind that blows nobody good. While the recent floods throughout Texas have washed away and destroyed many county bridges across rivers and creeks, with the bridges went the unsightly signs of merchants, many of whom have been dead or out of business for years, and apparently the only way to rid the bridges of the signs was to wait for a flood to come along and wash them away.

Six or eight months ago our Chamber of Commerce did some very effective advertising in the way of mailing out to inquiring home-seekers literature descriptive of the resources of Wichita Falls and surrounding country. Our present unprecedented wave of prosperity may, without doubt, be attributed in a large measure to the good work of our Chamber of Commerce. But the question now is, "Should this good work be stopped?" So far as the Times has knowledge, there is no literature to be sent out, the supply having been exhausted months ago and no steps have been taken to replace it. Nearly every mail brings to this office descriptive literature of some ambitious, growing town, and Wichita Falls should be doing the same thing. The cities that have been built without the aid of an organized body of pushers and boosters are few. Our Chamber of Commerce should get busy again and do something.

It is estimated that there at least 200,000 acres of wheat being harvested in the trade territory surrounding Wichita Falls. The damage done to wheat by the recent high waters is not more than 15 per cent and if the average yield should be, at a low estimate, as much as ten bushels per acre, it would mean that 2,000,000 bushels of wheat will be raised within a radius of thirty miles of Wichita Falls. In addition to the wheat crop, the oat crop is unusually good and the acreage is larger than ever before. A continuation of the present favorable weather for a week or ten days, both the wheat and oat crops will be harvested and in the shock. With the future looking so bright, Wichita Falls and Wichita county people need have no fear of hard times.

Attorney General Davidson will open his campaign for re-election to that office at Corsicana on next Saturday, the 13th. At that time it is to be hoped that he will defend himself against the charges preferred against him by his enemies and show upon what foundations they are based. If they are slanders the people should know it, and act accordingly. If true, then it is time the democrats of Texas should begin to wake up and select a man who is qualified to fill the office which Mr. Davidson now holds. His public record has been all that could be asked, but his private record has been attacked and it needs to be defended.

Caral Smith left this afternoon for a business trip to Stamford.

The Times has been requested by several to "roast" the city council for allowing the streets to be used as a storage ground for great piles of brick, etc., by parties having in contemplation the erection of mammoth structures, but who, apparently, are taking their own good time and are not rushing work to that extent that there is any likelihood of breaking a blood vessel. To such persons it will state frankly that it is, judging by the good-sized lemon recently handed it, persona non grata with our city administration. It pays its taxes promptly, contributes to the sprinkling of our streets whether they are sprinkled or not, pays its pro rata to the night watchman who guards and protects our property and in various other ways, too numerous to here make mention of, disqualified itself to the extent that our council will not give it an opportunity to bid on any work in the printing line that it might need. It would suggest to those who might have some influence with the city council to advise that an ordinance be passed requiring those anticipating making improvements to take out a permit for that purpose and that a reasonable length of time be given in which they are allowed to block the public streets with building material.

The floods of last week resulted in much damage to the county bridges in Wichita county. At the meeting of the county commissioners court this morning it was reported that a fifty foot span in the bridge over the Wichita south of here had been washed out. The span washed out was one adjoining the river bank, which had been undermined, allowing the span of the bridge to drop down into the river. The approaches of two bridges across Beaver Creek, one located near T. G. Stearns' place and the other at A. A. Henson's, have been washed out and it is impossible to cross over the bridges until the approaches are re-filled.

All of the bridges are in districts where the farmers are cut off from hauling their wheat and oats to market until the bridges are repaired and on this account it is probable that the commissioners will attempt immediate temporary repairs.

Robert R. Bell, candidate for the legislature from Cooke county, has purchased the Daily and Weekly Gainesville Messenger. Doubtless he means to do his electioneering through the press, and concluded at the outset it was cheaper to buy a paper rather than pay the regular and customary announcement fees.

TESTIMONIALS.

In my judgment, this company is managed by some of the most wide-awake, progressive business men in our State; not only men of high character, but of strong financial ability. I am personally acquainted with several of the officers, and I believe The American National Life Insurance Company has a great future and deserves the patronage of all citizens of Texas. J. A. KEMP, President City National Bank, Wichita Falls, Texas.

I am much pleased to have investi-

gated your company and I consider it a favor to be able to become a policyholder in your company.

In view of the upheaval in insurance matters in New York City recently, it has demonstrated to me that the time has now come for a great insurance company in Texas, so the people of Texas can retain their premiums at home, instead of sending them outside the borders of our State. Your company, assisted by such men as you have associated with you in this company, is sufficient guarantee to any one seeking a policy, that the

money will be paid to his family after he is dead and gone.

Yours very truly,
FRANK KELL, President.

American National Insurance Co., Galveston, Texas.

Gentlemen:—I had the pleasure of meeting your representative, whom I found to be a most thorough gentleman, and also a thorough insurance man. I had explained to me the policy now being written by the American National Insurance Company, and I candidly say it is one of the best, and so strongly did I think so, that I took

a policy for \$5,000. I consider it the best of all I have, and I carry several. I am glad to see the strong men of Texas taking stock and pushing this company, as there is nothing like keeping Texas money at home. Be sure to keep your good work going, and also keep your agent at work in this part of the State, where he will not only help your company, but my friends also. Yours truly,
OTIS T. BACON.

As stated to you personally a few weeks ago, I believe that your Texas

company is a better proposition for one to insure in than any of the old line Eastern companies, for several reasons.

The first of many reasons is that the gentlemen who are officers and directors of the American National Insurance Company are thoroughly known to the people of Texas to be clear, clean-cut, honest business men.

Another reason is that the premiums paid to the Texas company will be invested in Texas.

It is a pleasure for me to take out a policy with your company today.
WILEY BLAIR.

BUSINESS SUSPENDS

WHILE CITIZENS OF BIRMINGHAM AND REUNION VISITORS PAY HONOR TO THE CONFEDERATE DEAD.

SESSIONS ARE IMPORTANT

Officers to be Elected This Afternoon and Cabell's Friends are Confident of Success.

Birmingham, Ala., June 10.—The second day's session of the reunion of the United Confederate Veterans began today with an attendance larger than yesterday, it being estimated that at least 5,000 veterans and visitors arrived since noon Tuesday.

The reunion of the Sons of Veterans, the Memorial Association, the Medical Officers of the Navy and several brigade and company reunions are in full blast.

The selection of the next reunion place and the report of the Battle Abbey Committee are on today's program and brought out great interest, the attendance at the opening being good.

The floral parade to be given this afternoon promises to be an especial feature of the social functions attendant upon the reunion. Between two and three miles of automobiles gaily bedecked will be in the line.

The official parade of the veterans will take place Thursday morning at 11 o'clock, by which time it is expected that the business of the reunion can be completed.

A general holiday has been declared for Thursday.

Gen. Lee Eulogized.

Gen. W. A. Montgomery of Edwards, Mississippi delivered the address at the memorial exercises held at noon today at the Confederate reunion.

In accordance with the usual custom, when the noon hour arrived all business was suspended for the memorial exercises to be held.

The speaker paid a beautiful tribute to the memory of Gen. Stephen D. Lee, who was a close friend of his.

Resolutions were adopted eulogizing General Lee.

Cabell's Friends Confident.

Gen. Cabell's supporters believe he will be elected commander in chief of the Confederate Veterans to succeed the lamented Gen. Lee. Gen. Cabell stated Tuesday, through Adjutant Milton Park of Texas, that he would be in the race. Said Gen. Park:

"Gen. Cabell is not himself asking for the honor, but his friends are asking it for him and will make a determined fight for him. Gen. Cabell is

in every way fitted for the place. We hope and believe that the delegates will so decide. It has always been the custom of the Veterans, on the death of the commander, to give the honor to the general next in line. By virtue of his position, Gen. Cabell is in line for promotion."

Old-Fashioned "Dixie" Good Enough for Vets.

Birmingham, Ala., June 9.—The words to "Dixie" will not be changed by the present Confederate reunion. It is considered hardly probable that any proposed change will be discussed at the present reunion. Adjutant General Mickle, when asked concerning the report that some effort might be made to change the words to "Dixie," stated that any endeavor along this line would be in vain. The Confederate Veterans at their reunion two years ago expressed their emphatic objections to any change in "Dixie."

The fight for the next reunion appears to have narrowed down between Atlanta and Memphis, with Atlanta running stronger tonight. This question is to be determined Wednesday. San Antonio and Chattanooga appear to have retired from the contest. Atlanta has a large representation here and Atlanta badges are in evidence on every side. State Treasurer Parks of Georgia will make the speech placing Atlanta in nomination for the 1909 reunion.

Recovers Long Lost Ring.

Gainesville Messenger.

Tom A. Hocker has recovered a gold ring which he lost eleven years ago and which he had given up as lost for all time. The ring was plowed up last week by Charlie Noble, who is acquainted with Hocker and who was kind enough to bring the ring to town with him as soon as he could make it over the roads.

Eleven years ago Hocker went out to visit his relatives who lived near Red River and north of Fish creek. While he was there, he went to the potato patch one day and lost his ring while hoeing among the potatoes. He had long since given it up as lost for all time.

Noble was plowing when he noticed the bright metal tuck up. Upon cleaning the ring, he found Mr. Hocker's name in it.

Fire at Henrietta.

Henrietta, Tex., June 9.—The flour mill burned this morning at 2 o'clock. Building and contents are a total loss. The origin is unknown and the insurance is unknown.

Even to Plenty of Drinks.

Wichita Falls is to have a new city hall. In fact, Wichita Falls gets up and gets whatever she wants, even to plenty of drinks.—Bonham News.

MULE HANGS SELF—
CLEAR CASE OF SUICIDE.

Oklahoma City, Ok., June 5.—
What is believed to be a clear case of suicide is the death of a mule belonging to Bud Myrick, near Cache. The animal insisted on getting out of the pasture and walking beside the team pulling the plow. Mr. Myrick did not like this, and tied the mule to a tree. The animal deliberately sukked for a while, then deliberately ran the rope around the tree and hanged itself.

ALTUS AND OLUSTEE IN A WARM COUNTY SEAT FIGHT.

The towns of Altus and Olustee in Jackson county, Oklahoma, are engaged in a hot fight as to which will be the county seat of that county. The following from the Altus News would indicate that the proposed extension of the Wichita Falls and Northwestern into that section is being used by one of the parties in a manner that is hardly fair to either the railroad or to its opponent in the contest. The News says:

Some parties are busy trying to make the people in the southeast part of the county believe that Altus has contracted with the Wichita Falls and Northwestern that the road should not build a depot between North Fork, where it would cross that stream, and Altus.

Of course, this is done to try to control some votes in that part of the county for Olustee in the county seat election. They must take the voters in that part of the county for fools. In the first place Altus has no contract with that road and, secondly, if she had made such a contract with that road it would not be worth the paper it was written on, for if the people anywhere on the line from North Fork to Altus wanted a station and the railroad would not give it to them, all they would have to do would be to present the matter to the corporation commission who, if their cause was just, would compel the railroad to put in a station where desired. There is nothing too low and contemptible for the enemies of Altus to father at this time.

Again, Olustee is claiming that she is going to get this road, but her claim in this is on a par with her claim about getting the county seat.

BEN WILLIAMS, Proprietor.

THE LEADING SIX CHAIR SHOP IN THE CITY

Seventh Street. Wichita Falls, Texas

DR. W. H. WALKER AND BRIDE ARRIVE IN WICHITA FALLS.

From Saturday's Daily.
Dr. W. H. Walker and bride arrived in this city yesterday afternoon from Tulsa, Oklahoma, where they were married on the evening of June 5. On account of washouts they were compelled to come to Wichita Falls via the Frisco and the Wichita Falls and the Northwestern.

The bridal party comprised of the bride and groom, Miss Dot Walker, and Harley Heath left Frederick at eight o'clock yesterday morning but on account of the derailment of a coach on the train near Kell City they were delayed and did not reach this city until late yesterday afternoon, and even then had to make the last stage of their journey in a box car.

On the same train were Q. Terry, of Temple, Okla., and W. H. Hudelle, of Fort Worth, who were on their way to waiting brides.

But all's well that ends well and the bride and groom are now happily located in their elegant new home on Scott avenue, where they are receiving the warm congratulations of many friends.

The Tulsa Morning World of June 4, gives the following account of the wedding:
"A wedding of wide social interest was solemnized last evening when Miss Esther Howard, daughter of Mrs. John Howard, was married to Dr. Wade Hampton Walker, of Wichita Falls, Texas.

Simple elegance marked the ceremony, which was at the home on Denver avenue and witnessed by a small company, including besides the relatives of the bride and groom the most intimate friends of the families in this city.

In the marriage room was an altar of palms and smilax, studded thickly with pure white flowers and suspended from the overhanging arch was a white flower wedding bell.

The bridal party included besides the bride and groom, Miss Lottie Evans, cousin of the bride, maid of honor, and Mr. Harley Heath, best man. Miss Berry played Mendelssohn's Wedding March preceding the entrance of the party, and as they paused at the marriage altar Rev. Father Heiring read the simple and beautiful ring ceremony.

The bride wore a gown of mescaline, made with a deep yoke of real lace, and finished with a satin girdle, pearl trimmings, pendant ornaments, and narrow soutach braid. Insets of lace, finished the Japanese effect of the short sleeves, which were met at the elbows with long gloves. The skirt ended with a train and was completed with bands and tucks. She wore no ornaments save an aigrette in her coiffure, and carried a shower of roses and valley lilies, caught with a tulle bow.

Miss Evans wore a gown of white pompadour satin, with lace trimmings and carried a shower bunch of pink roses.

Following the wedding the Misses Berry gave a large reception which was attended by about fifteen hundred friends. For this occasion the spacious Berry home was transformed into a bower of roses and carnations. The Phi Alpha Club Girls, of which the bride was one, assisted in the affair. The only out of town guests were Miss Sue Walker, sister of the groom, from Wichita Falls, Texas, and Mr. Harley Heath, best man.

Dr. Walker and his bride left on the Frisco for Wichita Falls, where a lovely home has been fitted up for their occupancy. She wore a blue voile traveling suit, with hat and gloves en tone.

The bride of last evening has spent four years in this city, having come here from the city to which she returns. The wedding was the culmination of a romance which has lasted between the two almost since childhood. She has been a promising member of the literary and musical clubs of the city and also of the young ladies' card clubs. She is a gifted musician and possessed of those sweet traits of character which made her the favorite she was, and the most popular girl in the city. She received beautiful and substantial evidences of the high regard in which she is held by the many gifts sent by friends since her invitations for the wedding were issued.

The groom, who is a practicing physician and surgeon, is one of the leading figures in his profession in North Texas, and is assistant chief surgeon for the Wichita Valley and other railroads. He belongs to a family prominent socially.

Early Fruits.

Mr. J. H. Osborne of Thornberry has the thanks of the Times for a basket of fine apricots, gathered from his orchard.

Ex-Sheriff W. J. Howard, who is now agent for a Sherman nursery, presented the Times yesterday afternoon with three fine peaches grown from trees which he is selling. They are known as the Early Wheelers.

Death of Baby Girl.

The little baby girl of Mr. and Mrs. George Vandueir died Saturday at 1:15 p. m., at the age of 1 year 2 months and 3 days. Their friends extend heartfelt sympathy to the parents.

Funeral services were held from the home of the parents at 404 Austin avenue, the baby being laid to rest Monday morning at 9:30 a. m.

HYDROPHOBIA CAT BITES FIVE PERSONS.

New York, June 6.—Five persons suffered severe injuries in Brooklyn last evening, when a large cat ran wildly through the streets, attacking every one passing until it was killed. All of the persons bitten have been advised to seek the Pasteur treatment, as the cat is believed to have been afflicted with a form of hydrophobia.

A Lawn Party.

From Friday's Daily.
Miss Hesba Ziegler delightfully entertained about forty young people at her home on Tenth street with a lawn party last night in honor of Miss Annie Carrigan, who leaves tomorrow for a visit at Hope, Arkansas. Old and new out of door games were played, but the particular event of the evening was a needle threading contest; for which a prize was offered to the one who would, while seated on a rolling crock, thread the most needles within a minute.

Jerome Stone, who was the only guest who succeeded in threading a single needle, was awarded the prize. Dainty refreshments were served and a thoroughly enjoyable time had by all the guests. Those present were:

The Misses Bessie Jackson, Della Stone, Gertrude Orth, Willie Dean Jourdan, Lula Coleman, Agnes Reid, Grace Nolan, Katherine Brothers, Jennie, Ester Bean, Mary Orth, Bonnie Bullock, Annie Carrigan; Catherine Coffield, Adele Woods, Flossie Murphy, and the Messrs. Ned Murry, Carter McGregor, Bob Rae, Grady Barnett, Ewing Leach, Geoffrey Shaw, Earl Helm, Clarence Barnett, Alphonse Boger, Withers Lee, Parker Young, Alfred Carrigan, Carol Smith, Ernest Pain, Albert Clasbey, Lillard Wallace, Ben Childers, Ellis Robertson, Harry Jourdan, Jerome Stone, Rhea Howard, James Murphy and Joe Hatcher.

Endorses Judge Davidson.

Judge W. L. Davidson, the presiding judge of the court of criminal appeals of this State, is a candidate for re-election.

That he has discharged the duties of the office to the satisfaction of the lawyers of this county is evidenced by the following signed indorsement, which was today forwarded to him:
"Wichita Falls, Texas.—We, the undersigned members of the Wichita County Bar, recognizing that Judge W. L. Davidson, the presiding judge of the court of criminal appeals of Texas, is a man of most courteous bearing and manner to the bar of this State, is a man of commanding intelligence, of pronounced judicial temperament and of unswerving impartiality, take great pleasure in pledging to him our support in his candidacy for re-election to the place now held by him and cordially commend him to the support of our fellow citizens throughout the State and especially in our home county.

A. H. Carrigan, district judge; Edgar Scurry, R. Cobb, L. H. Mathis, A. A. Hughes, N. Henderson, J. T. Montgomery, T. B. Greenwood, Edgar Rye, Charles C. Huff, M. F. Yeager, county judge; C. B. Felder.

A Pretty Children's Party.

The Misses Gladys and Mary Hampton Herron delightfully entertained quite a number of their little friends at a party at their home on Barnett avenue last Saturday evening. The house was beautifully decorated with ferns and roses. After many games were played the merry crowd was served dainty refreshments and each little guest expressed themselves as having had a delightful time. Those present were the Misses Lella Bell, Anderson, Gracie Anderson, Pauline Richolt, Pauline Harris, Pauline Mears, Mary Orth, Mary Jourdan, Mary Barnett, Lillian McGregor, Dorothy Beavers, Marie Johnson, Ethel Maude Jackson, Louise Montgomery, Laura Hall, Mabel Jones, Audrie Adlickes, Una Cook, Mabel Higgs, Carrie and Jessie Kerr, Ethel Rainey, Anna Morris, Vera Hineckley, Alice and Helen Andrews, Ruth and Celia Stayton.

Heavy Business in Corporation Court.

From Saturday's Daily.
There was a heavy run of business in the corporation court this morning, eleven pleas of guilty being made to charges of public intoxication by as many men who had the "morning after" feeling and were ready to sit on the stool of repentance. Six of the offenders paid the customary \$13.00 and regained their liberty, while their less fortunate companions will toll upon the city streets until the demands of justice are satisfied.

Rev. J. A. Stafford received a telegram this morning from Rev. E. W. Alderson of Terrell, stating that he could come to this city for the revival meeting of the M. E. Church South on Thursday and could remain here for nine days. For this reason Mr. Stafford stated that it has been decided to begin the meeting earlier than had been planned. Dr. Alderson is one of the ablest men in that church in the Southwest and his coming is looked forward to with much pleasure by his admirers here and great hope for much good to result from his visit.

100 CARS OF ALFALFA WILL BE SHIPPED FROM VERNON.

Vernon Record.

In conversation with Agent Shannon of the Frisco road this week, we learn that the company has been doing a little missionary work and the result is that they are pretty sure to take at least 100 cars of Wilbarger county alfalfa from Vernon to the Delta City, New Orleans, where the demand for this popular forage is very great. If this amount should be considered with what the Frisco will handle to near-by points, together with the shipments of the Denver road, it is not difficult to understand something of the magnitude of the business now being conducted in this particular department of the farm. This product is being met by a big demand at from \$12 to \$15 per ton, and all the alfalfa growers are wearing the broadest kind of smiles, and their pockets jingle with the richness coming therefrom.

Among those who are looking to this county for their supply from neighboring towns is George W. Eagle, a prominent dealer of Wichita Falls, who was here this week and ordered John A. White to ship his company a car of his first cutting.

The Southwestern Railway.

The first annual stockholders meeting of the Southwestern Railway of Texas was held at the Wortham bank in Henrietta on Tuesday. Some necessary business was transacted, but owing to the absence of some members the routine was not completed, and adjournment was taken to the first Tuesday in August.

This road has had to suspend extension operations lately as it has suffered some in common with the rest of the earth from high water. No bridges were carried away, but those over Cottonwood, Deer and Post oak creeks were damaged and in places the track was displaced.

The Southwestern is a solid business proposition of its own and is building on that basis—without any rush or boom reasons or ulterior motives. And in the building it is "making haste slowly." A small force has been kept at work on the extension, and the road will be completed to Goose lake, or Scotland, within this month. A passenger train equipment has been ordered, and soon Henrietta's new railroad will be an all-round fact. The road will be extended to a southwestern connection.

Bowie Truck Farmers Damaged.

The passenger, mail and express service at Bowie have been out of joint all week. The Denver, after the wash-out of last week, had gotten its service in good shape again. But Tuesday night a second break in their track, caused by a storm north of Wichita Falls, brought them to a stand still again. They sent a Denver train north Thursday noon that it is expected will get through. The Rock Island has been operating from Fort Worth to near Waurika. Bowie's fruit and truck shippers have been badly hurt, their stuff being perishable and the roads not offering them an outlet.—Bowie Cross Timbers.

Eschitt and Kell.

J. B. Simpson, editor of the Eschitt Banner, is in the city shaking hands with his old time friends. Mr. Simpson says the compact between his town and Kell for the joining of issues and building up a big town on the line of the Wichita Falls and Northwestern railroad has been closed and as soon as the location can be secured both towns will move to the new location. Town fights sap the energy that can be better utilized in town building and past experience demonstrates that Eschitt and Kell have both done the wise thing.—Lawton Democrat.

HENRIETTA HAS TROUBLE WITH "DRUNKS" TOO.

Henrietta Independent.

It has been remarked by officers that there has been an unusual number of drunks recently. On Wednesday there were nine in custody at one time; and what is most aggravating, they are all broke and have to work out their fines on the streets. The custom is to keep them in the calaboose until they sober up and then transfer them to the jail, because the calaboose is far too small to house them all. Sheriff George is getting mortally tired of them.

Relief Fund for Flood Sufferers.

A committee consisting of J. B. Marlow, Myles O'Reilly and others started out with a subscription Saturday to raise funds for the relief of the families who suffered from the flood last week. About \$260 had been raised this morning and a member of the soliciting committee stated that more subscriptions would be secured.

It is the intention to apply whatever is needed for the flood sufferers from this fund and if any money remains to make it the basis of a permanent relief fund for similar cases of necessity.

Prof. E. O. McNew spent a few days in town this week on his way from Wichita Falls, where he has been superintendent of schools for two years past, to Mineral Wells, where he has lately been elected at a salary of \$1800 per year.—Bowie Blade.

Plumbing

I have had 17 years practical experience in the plumbing business and am the only practical man in the plumbing and heating business in this city. Will be glad to figure with you on anything in my line. Will give a strict guarantee, if necessary, on all work. We can furnish you with goods made by any of the leading manufacturers of the United States. Am now making a special price of \$22.50 on Porcelain Bath Tubs, which can't be bought for the money by any of my competitors. Will open up for the present at Abbott Paint Co., corner of Eighth street and Ohio avenue.

W. W. Coleman.

POSTPONE SESSION

COMMISSIONERS REQUEST TAX ASSESSOR TO GIVE ESTIMATES OF ALL VALUATIONS.

DISCUSS BRIDGE REPAIRS

Will View Damaged Bridges Near Iowa Park Next Thursday to Decide What is to Be Done.

From Monday's Daily. The county commissioners, with Judge Yeager presiding, met as the county board of equalization at the court house as required by law this morning, but owing to the fact that the harvest is now demanding the immediate attention of the farmers, the meeting of the commissioners as the board of equalization was postponed until further notice. Believing that County Assessor W. J. Bullock is probably the best posted man in the county on property values, the commissioners have asked him to go over all the assessments very carefully in the meantime, and indicate the value he thinks should be placed on every piece of property under the full rendition law, and it is probable that they will be governed by his estimate. Mr. Bullock says that he will start upon the work at once. He further states that he proposes to be conservative and feels sure that he will raise few assessments, while many values already rendered will be reduced. The laws of the State provide a very rigid oath which the commissioners must take as members of the board of equalization. The oath is as follows: "I, —, a member of the board of equalization of — county, for the year A.—D., hereby solemnly swear that in the performance of my duties as a member of such board for said year, I will not allow any taxable property to stand assessed on the tax rolls of said county for said year at any sum which I believe to be less than its true market value, or if it has no market value then its real value; that I will faithfully endeavor and as a member of said board will move to have each item of taxable property which I believe to be assessed for said year at less than its true market or real value raised on the tax rolls to what I believe to be its true cash market value, if it has a market value, if not, then to its real value, and that I will faithfully endeavor to have the assessed valuation of all property subject to taxation within said county stand upon the tax rolls of said county for said year at its true market value, or if it has no market value, then its real value. I further solemnly swear that I have read and understand the provisions contained in the Constitution and laws of this State relative to the valuation of taxable property and that I will faithfully perform all the duties required of me under the Constitution and laws of this State, so help me God."

Discuss Bridge Repairs. The greater portion of the session today was taken up with a discussion of the repair of the Wichita river and the two Beaver creek bridges damaged in last week's floods. It was decided that before the kind of repairs was determined that the commissioners should go out to Iowa Park and from that place drive to the several bridges. This will be done next Thursday and as soon as the work to be done is determined, notice will be given to bridge builders and bids will be received so that the work can begin at once.

Two-Cent Postage. Patrons of the local postoffice are reminded that when free mail delivery is inaugurated on Monday, June 15th, sealed letters mailed to addresses within the city of Wichita Falls or on rural routes, must bear a two-cent stamp where a one-cent stamp has been used heretofore.

This is one of the rules of the post-office department in force in all cities which have free mail delivery. The change may result in some letters being returned to the senders or the recipient having to pay the additional postage of one cent at the start, but a few mistakes of this kind will soon remind those mailing letters of the new rule.

NURSE KILLS PHYSICIAN WHO HAD WRONGED HER. New York, June 8.—Sarah Koten, the young trained nurse, who lured Dr. Martin W. Auspitz to a house in Harlem last night by a false telephone call and shot him to death after she had laid in wait many hours, declared today that she had no regret for her act. "I killed him because he had wronged me and then refused to help me," she said today.

Missouri marketed 107,155,658 dozens of eggs last year, for which was received more than \$16,000,000.

UNCLE SAM WANTS A SITE.

Treasury Department Explains Method to be Employed to Select Site for Federal Building.

Since the government has appropriated \$50,000 for a federal building for Wichita Falls, the following statement of the methods employed by the Treasury Department in securing sites for federal buildings will be of interest. The following statement has been ordered by the department to be given to the Times for publication. The statement follows:

Treasury Department, Office of the Supervising Architect—Under the enactment of a law authorizing the acquisition of a site for a Federal building the Treasury Department invites, through a local newspaper, proposals for the sale or donation of a suitable corner. This advertisement gives such information as to the dimensions of the site and the general requirements as will enable intelligent preparation of proposals.

The offers are opened in Washington at the time stated in the advertisement, and as soon thereafter as practicable an agent of the Department is sent to make a personal examination of the proposed locations and such others as he deems desirable. Upon this report, together with representations in writing from other sources, the Department selects the site, and, if the property is to be acquired by purchase, accepts the offer of the successful bidder, subject to the conditions stated in the advertisement and the Attorney-General's approval of the title.

Whenever the Department is unable to purchase an acceptable site at a reasonable price, or where acceptable title cannot be secured by voluntary conveyance, a selection is made and the title acquired by condemnation proceedings, in which the price to be paid is judicially determined.

The buildings (if any) on the site should be reserved by the vendor, to be removed upon notice after payment for the land has been made. Generally, notice to move is not given until the construction of the Federal building is about to begin, if the vendor is willing, pending such removal to pay a reasonable ground rent.

Plans for public buildings are taken up in the order in which the titles to the sites therefor are vested in the United States and the contracts for their construction are let at as early a date as practicable.

SINCERE THANKS

If You Have Catearrh, Asthma, or Bronchitis, Read What Thankful People Say About Hyomel.

Mrs. M. A. Drake, Utica, N. Y., writes: "I could not speak above a whisper. I inhaled Hyomel, and it gave me instant relief. Hyomel will cure catarrah and bronchitis if used as directed."

Lodwick Edwards, 1323 Madison Ave., Columbus, Ohio, writes: "I will let you know what your Hyomel inhaler did for me. It cured me of my Bronchitis all right. I feel very thankful to you for your valuable medicine."

Mrs. Bertha Weekly, Pleasantville, Pa., writes: "I want you to know I used your Hyomel for Hay Fever with good results, having suffered with it form any years, and this is the first thing I ever found that gave me any relief."

Hyomel will cure Catearrh, Bronchitis, Hay Fever, Asthma, Coughs or Colds, and the Robertson Drug Store will give you your money back if it don't. It is a pleasant remedy, and gives relief instantly.—Just breathe it in through the pocket inhaler that comes with every \$1.00 outfit. Extra bottles for subsequent treatment are only 50 cents. 26-2t

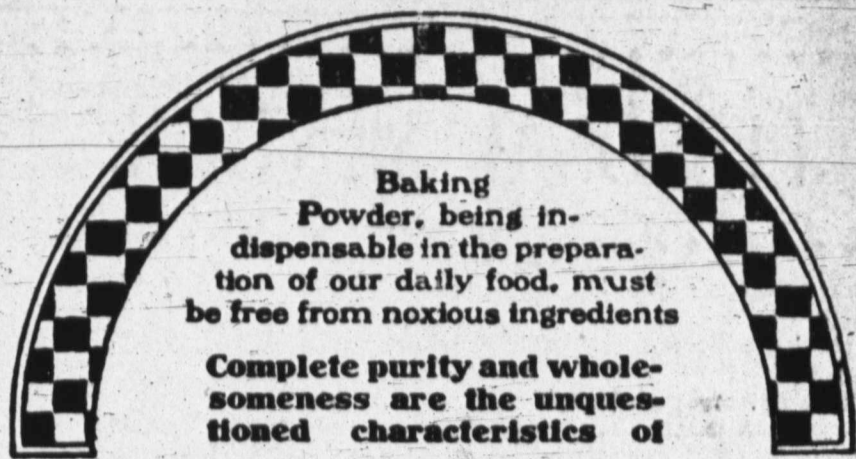

BYERS BOY HEAVILY FINED FOR CARRYING UGLY WEAPONS

Henrietta Independent. Thurston Nail of Byers was muled in county court on Saturday to the amount of \$242, including costs. The charges against him to which he pleaded guilty, were carrying a pistol and carrying knuckles.

Nail is a boy about 18 years old. His troubles began at a party given at a neighbor's house one night last week. He called another young man against whom he had a grievance out of the house, and in the course of a quarrel over their differences drew two pistols on the party. He did not shoot, however. After the gun play the party assaulted telephoned Deputy Sheriff Ervin, who overtook Nail at the home of two young ladies whom he had escorted to the party, and searched him in the presence of the ladies, finding two guns and a pair of knuckles.

All UNION STORES in the city employing UNION CLERKS and complying with the regulations of the Retail Clerks' International Protective Association, have a UNION STORE CARD on display in their place of business. You should look for this card when shopping. 4-12t w-4t COMMITTEE.

One hardware firm in Wichita Falls reports that their sales of binder twine, have already reached the high figure of \$2,000 pounds, and while they have a small supply on hand, they have been unable to get more shipped to them and fear they will run out before the close of the season.

DR. PRICE'S CREAM BAKING POWDER

Its active principle, cream of tartar, a pure, health-giving fruit acid, is derived solely from grapes

Poisonous ingredients are found in the low-priced baking powders. Their active principle is a mineral acid derived from sulphuric acid, oil of vitriol

Study the label and buy only baking powder made from cream of tartar

KILLED BY A NEGRO

SHERIFF GARRISON AND DEPUTY SMITH OF OKLAHOMA CITY DIE IN PITCHED BATTLE.

Oklahoma City, Ok., June 5.—Sheriff George Garrison of Oklahoma City and Deputy Sheriff Smith of Watonga were shot and killed and a negro wounded in a pitched battle between a posse and seven negroes, which occurred three miles west of Hitchcock, Ok., this evening. News of the shooting was received here at 9 o'clock over long distance.

7 NEGROES DEFY ARREST

A special train of 200 armed men will leave this city for the scene, and the negroes will be taken dead or alive. According to reports received in Oklahoma City by the local police department, seven negroes were in a party that opened fire on the sheriff when he attempted to arrest Alf Hunter, alias James Kingsbury, who killed Susie Pride in Oklahoma City on the evening of May 19th.

A long distance telephone message received from Hitchcock is to the effect that a posse of fifty has gone in pursuit of five of the negroes who escaped. With Sheriff Garrison and his deputy were Sheriff McArthur of Blaine county and Deputy Billy Phillips and Jim Rouse.

The discovery of Kingsbury's hiding place was made through his effort to see his wife. He sent a guide to Oklahoma City to bring his wife to him. By an agreement with the negro's wife, officers were to follow her to the hiding place. Accordingly the sheriff, Deputy Smith and Todd Warden, formerly night police chief, left Oklahoma City yesterday morning for Watonga, near Hitchcock, with the woman and her guide on the same train. It is supposed that Warden is also a member of the party that stormed Kingsbury's stronghold.

The negro whom the officers sought to arrest is the notorious Alf Hunter, alias James Kingsbury, who shot and killed Susie Pride, wife of Charles Pride, both negroes, and wounded two other persons in this city on May 19. Kingsbury ran south and east toward the North Canadian river bottom, making good his escape.

Those who use the classified or want columns of the Times are the best judges of the results obtained. One customer yesterday, who had inserted a "If" ad, ordered it out after only one insertion, saying that he had one house to rent and not a dozen, indicating that he had received that many responses. There are other evidences that go to convince the Times that no column in the paper is more generally read. If you have anything to dispose of worth having, or want to buy or rent something, let the people know it through the Times.

The Dervish Wine Yacht Race. Hamilton, Bermuda, June 8.—The schooner yacht Dervish, owned by Commodore Morse of the Corinthian Yacht Club, won the ocean race from Marblehead to Hamilton in Class B. She finished at 12:40 o'clock this morning. None of the competitors in her class were in sight at daylight.

Mr. and Mrs. McCune Entertain. From Tuesday's Daily.

Mr. and Mrs. W. Y. McCune entertained a few friends informally last evening at progressive "42." Bowls of cut flowers decorated the rooms where the tables were laid for sixteen guests. Mrs. T. W. Roberts made the high score.

Refreshments of ice cream and cake were served. Those present were Judge and Mrs. Carrigan, Mr. and Mrs. Duke, Mr. and Mrs. Ogden, Mr. and Mrs. T. W. Roberts, Mr. and Mrs. Harrington, Messrs. J. T. Roberts and Shumate.

Beginning with July 1st, Floyd Billingsley and Joe Wigham, clerks at the postoffice, will receive increases in their salaries of \$300 each per annum.

We buy poultry every day and pay the cash. Bring them to A. B. Patterson & Co., Wichita Falls, Texas. 24-4t
