NEW TARIFF SCHEDULES WILL AFFORD NO RELIEF TO THE CONSUMER.

### THE REVISION IS UPWARD

Rapacious Repulicans Will Override all Opposition-Taft is the Last Hope.

Washington, D. C., May 2.-Tha there is practically no hope for the relief of the ultimate consumer in the forthcoming tariff bill unless President Taft comes to the rescue, is the conviction that is becoming stronger about the senate and house.

Senator Aldrich and his lieutenants are gradually getting their forces organized for the passage of the tariff bill in the senate. Indications are becoming stronger that they will be able ultimately to force the bill through with comparatively little change from he language reported by the finance committee. Senator Aldrich professes confidence that four weeks more will see the bill either ready for the signature of the president or nearly so. He does expect the downward revisionists will be able to make much of an impression on the finance committee. The conference committee will play an important part in the fashioning of the bill, but a study of the personnel of that committee makes it clear that if George M. Bearce here is to be any downward revision must be accomplished before the bill goes to conference.

The republicans who will serve on he conference committee will be Sentor Aldrich of Rhode Island, Burrow of Michigan, Penrose of Pennsylvania and Hale of Maine, and Representaives Payne of New York, Dalzell of Pennsylvania, McCall of Massachuetts and Hill of Connecticut. The demograts on the conference commitee will include Senators Daniel of Virginia, Money of Mississippi and Bailey of Texas, Representatives Clark of Misscurl, Underwood of Alabama and Griggs of Georgia.

It might appear that the democrats on the committee would combine with enough republicans thereon to force ome of the schedules downward, but he fact is the republican members of he committee will shape the byl in

## Making Left-Overs Attractive

A food expert tells us that what the average American family throws away would keep an average French family.

We dont know how true that is but we do know that it isn't necessary for it to be true for its only a matter of handling the "left overs" and with Yacht Club salad dressing that's a very simple matter. 35 Cents per Bottle.

A number of women know the secret of serving 'left overs' ith an olive oil dressing and they are the ones whose families enjoy the best of health and whose grocery bills are not big snough to take care of an extra French family too.

Suppose you look up this week the many uses of pure olive oil

in cooking and try one or more of them, We offer you Monarch put up in half pint bottles at 40c. each.
