LIBERAL RAINFALL **BLESSES SECTION**

HEAVY PRECIPITATION ALL OVER NORTHWEST TEXAS FALLS THRING THE NIGHT:

TWO AND A HALF INCHES

Wheat Not Daniaged Materially By the Moisture-Corn Crop Very Much Benefitted.

From Thursday's Dally. A good heavy ground-soaking rain, distributed impartially according to reports, over Southwest Oklahoma and Northwest Texas as far east as Denton, fell last night, beginning about 8 o'clock and lasting intermittently until fearly sunrise this morning. Two and one-half inches fell at Wichita Falls. rapidly and is already several feet The value of this rain to this section would be hard to estimate. The wheat crop was not hurt to any appreciable extent, nor was the oat crop, while present rate the river will be unusualcorn, which in some sections was just beginning to suffer a little, was benefitted beyond measure. The wind another column.

About 6 o'clock yesterday afternoon the sky became overcast with dark, rain-promising clouds and except for a blue streak in the south, the heavens united in one grand promise of wet weather. Disagreeable sultriness accompanied the clouds, Predictions of a heavy rain were to be heard on every side, save from a few with passifered to wager their worldly goods that it was all a bluff.

that there would have already been is one that demands attention. rain, but soaked in and wet things protection.

like they needed to be wet. It was thoroughly muddy this morning and those living a few blocks out were made to realize the need of street improvements, just as those down town were made to see the necessity of getting busy with the street paving.

It is not known just how general the a rain was. Reports from various points H. Maddox street commissioner. He Almost Without Exception Witnesses on the Denver, Northwestern, Southern and Valley roads are to the effect that they got their share of it and it is understood that points as far east as Denton were benefitted. SPANISH EMIGRANT STEAMER Amarillo also had a good shower, while Childress and other intervening points were also in the territory.

During the night the elements kept up a continual bembardment of thunder and lightning, but it is not known that any damage was done locally from this source,

At Quanah the rainfall was one and -half inches and at Henrietta it was slightly less. Reports from other sections are less definite, but indicate heavy precipitation through this sec-

The recorded rainfall of two and one-half inches here may seem little short of startling to some. It is the official government figures, taken by Local Observer Simpson.

Superintendent O. E. Maer of the Wichita Valley returned yesterday from a trip of inspection over his line, which he made in a motor car, and reports crop condtions in both Jones and Haskell counties as rather discouraging. In Baylor and Knox and Taylor more rains have fallen and as a natural consequence crop conditions are better. Along the line of the road in Jones and Haskell the grass was so engines would set it on fire. The wires, both telegraph and telephone, are all down west of Dundee, and it is not known whether the rain of last night extended south of Baylor county or not. Mr. Maer sent out early this lars to build and six millions a year for morning a crew of linemen to repair

rain fell here nearly all of last night.

Denison, Tex., June 10.—Twelve hours of rain has fallen here and in Southern Oklahoma. It is the most timely rain of the year, corn and other crops being saved.

Texas News Service Special. Childress, Tex., June 10.—A twoinch rain covered the lower Panhandle best condition ever known.

Stamford, Tex., June 10 .- While Northwest Texas and Oklahoma are joyful today over last night's rain, Jones county, which needed rain worse than any part of West Texas, did not get a drop and matters are approaching a serious point here. There was no rain south of Seymour.

WICHITA RIVER RAPIDLY RISING-TROUBLE FEARED.

From Thursday's Daily. As the Times goes to press, the Wichita river at this point is rising above the normal stage. This is due, probably, to the rains in Baylor and Wichita counties last night. At the ly high by night and the usual precautions are being taken.

Shortly before 3 o'clock this afterstorm did some damage, as reported in noon a shower fell locally, but the skies soon cleared.

SERIOUS DAMAGE RESULTS FROM STORM LAST NIGHT

last night, placing the crops in the Man is Killed at Mabelle—Washout at CASE OF JOHN EVANS IS Estelline-Many Houses Down at Other Places.

From Thursday's Daily. As a result of the heavy wind which preceded last night's rain in this section, several houses have been wrecked at other points, one man killed and other damage done. Davidson, Oklahoma, suffered considerable damage,-a number of houses being blown down, while Mabelle and Tolbert, Texas, were also the scenes of trouble more or less serious. At Mabelle a death is reported due to the storm.

Locally, several trees have been blown down, but no more serious damage has been reported.

Crops in the locality of Decatur and Alvord are reported to have suffered verely cut about the head. from a heavy hail storm. Wires are down from Dundee to the westward on the Valley route.

CONSIDERED EXCELLENT. GRADUATES ARE **GIVEN DIPLOMAS**

CLOSING EXERCISES OF ACADEMY OF MARY IMMACULATE HELD AT WICHITA THEATER.

PROGRAM OF INTEREST

Music, Elecution, Songs and Operettas Form Morning's Entertainment-Many Attend.

From Thursday's Daily.

Before a large and representative audience, filling the theater to its capacity, the closing exercises of the Academy of Mary Immaculate were held this morning, beginning at 9 o'clock.-Musical selections, addresses, operettas and songs were the features of the program, which set forth the work of the school in a most entertaining manner. Diplomas were awarded to three graduates of the academy.

It had been planned to hold the exercises last night, but the elements interferred and many who had expected to attend were unable to be present, consequently postponement to this morning was deemed advisable.

The exercises began with the open ng chorus, rendered by-a large number of Academy pupils in a pleasing melody. Then Miss Bessie Edith Qualls, the salutatorian, greeted the audience with her address, "Per Aspera Ad Astra." This was an enwarning against the trials to come, yet with hope for the glory in the end. Miss Qualls spoke in a clear unembarrassed voice that told much of the training.

Maszkowski's ''Valse Brilliante'' was rendered on two planes, two young ladies playing at each. On the first plano were Misses Gallagher and Skinner, on the second Misses Blanche Hardy and Carver. This difficult selection was faultlessly executed and was one of the most enjoyable features of the morning's program.

"No Step Backward," was the title eral John McDowell, grand marshal, of the paper by the essayist, Miss Margaret Mary Hatton. Miss Hatton ac-

> An octette of young ladies next rendered that charming overture by Wiber, 'Der Freischutz.' Misses Massie, Sieders, Simpson and Carver on the first plano, Misses Jackson and Hendrick on the second and Misses rendering of this selection.

> Then Rev. Father Dolje conferred the medals and diplomas upon the three graduates, Misses Bessie Edith Qualls, Margaret Mary Hatton and Ruby Grogan. As each stepped forward to receive the evidence of the completion of her school career, hearty applause, at once appreciative and encouraging came from the audience.

The valedictorian, Miss Ruby Gro-gan, gave the valedictory address, simply delivered by the valedictorian. Rev. Dolje in words of fatherly advice, warning and encouragement, addressed the graduates briefly. His talk to them was so unpretentious and unassuming as to make the word adspoke found a permanent place in the

The program concluded with two es. and the 'Parable of the Ten Virgins." These were participated in by numbers of the students and both were faultlessly rendered by the young actresses. They formed a fitting comclusion to the morning's exercises.

The out-of-town students leave today for their homes in various parts of the state. Indications point to an unusually large attendance next year.

DR. EDWARD EVERETT HALE DIES AT HOME IN ROXBURY.

Boston, Mass., June 10 .- Dr. Edward Everett Hale, for many years at his Roxbury home today.

Paying \$1.35 at Denton.

Denton, Tex., June 4.-Following the announcement that an advance in cash wheat in the eastern markets reached \$1.65, the highest price paid since 1868, new wheat contracts were made here today around \$1.35 or higher, if the market is higher. Thousands of bushels are being contracted for.

Threshing will start tomorrow.

Brewers Declare War on Low Dives. Atlantic City, N. J., June 4 .- War on the low dive was declared at the closing session of the United Brewers' Association today, and regulative ommended. According to Percy Atdrews of Ohio, the dives are respons :ble for nearly all of the anti-salcon agitation, the same view being expressed by William C. Manchester of Michigan. The association went on record as opposing disorderly saloons and as favoring a separation of the beer business from the evil influences with which it is commonly associated. Resolutions were adopted requiring brewers who ship into other States to conform to the rules of the brewers in the State shipped into, with regard to

New Brick Plant Practically Secured.

From Friday's Daily. T. S. Cole and Huby Wilson of Ferris are in Wichita Falls today and will probably complete arrangement for the new brick plant this afternoon. These gentlemen were here several days ago looking matters over in conenction with the proposed plant, but wished to look at other points before deciding to erect a factory here. The advantages of this city as a site, however, could not be overlooked, and the plant is now a certainty. It is expected to but the deal through today and begin construction work as soon as the railroad spurs can be built to the proposed site of the plant.

SEVERAL APPLICANTS FOR PRINCIPAL OF HIGH SCHOOL

The school trustees have not yet made an selection of a high school principal to succeed Prof. Fairchild, who resigned recently. There are several worthy applicants for the position and the board will probably make its choice soon. It is no easy task to thu the shoes of such men as Prof. Pairchild, and the trustees are determined to get the very best man available for the position.

FOR SALE-About 1000 bushels of the celebrated Mebane cotton seed. First picking will sell at 75c per bushel, late pickings will be sold for 50c per bushel. This seed was carefully looked after while at the gin. This seed produces the best yield and sel for the best price of any cotton on the market. See or address J. W. Henderson, Box 25. Bushels-More Coming. The first wheat of the season arrly ed in Wichita Falls late yesterday afternoon, being about seven hundred bushels from the farm of J. H. Musgrave, seven miles north of the city. The local elevator companies have al- Dallas and J. W. Hopper of Wichita These seven hundred bushels represent the threshing of one hundred acres, the average being seven bushels

> The wheat scaled sixty pounds to the bushel and was promptly taken by the Hunt Grain Company at \$1.30, or about nine hundred dollars for the entire lot.

Very promising reports are brought in from the section from which this grain came. The average of seven bushels is low, but the county as a whole will do better than that. George Musgrave, brother of the above grower, stated yesterday afternoon that he would begin threshing today.

'HIATUS'' APPEARS IN NEW WASHINGTON SALOON LAW.

Spokane, Wash, June 8.-If the mended criminal code, effective June 11, is enforced to the letter, any saloon man in the state of Washington is liable to arrest and punishment for empoying a servant girl in his household or a nurse or governess for his children. Conviction subjects him to a fine or imprisonment in the county jail. Stripped of its legal verbiage this is what one provision of the sec-

"Every person being an owner or manager of, or an employe in any drinking saloon, who shall knowingly give employment to any female person, shall be guilty of a misdemeanor.'

Another provision of the law says it is a misdemeanor for any person connected with a drinking place, or dance hall or music hall, where intoxicants are sold, to permit women or any person previously convicted, whether in this state or elsewhere, of any crime amounting to felony to enter these premises, or sell or give them liquor. Any one selling or giving liquor to a common drunkard or intoxicated person, shall also be guilty of a misdemeanor and subject to a fine and jail imprisonment. Test cases Beth, left for a few weeks' visit with will follow the enforcement of these

Governor Can't Eschew Politics.

Dallas, Tex., June 8 .- It was hardly be expected that Governor Campbell would eschew politics altogether in his address to the Dallas Press Club yesterday, and he didn't. It was his first public appearance since the legislature's adjournment and he just couldn't keep quiet about the Commercial Secretaries and the bank guaranty law. After remarking that he was glad there were no politicians present, he devoted his remarks very largely to political topics. He criticised the bond feature of the bank guaranty law and lauded the assess-

ment plan highly. J. H. Lowery, the sage of Honey Grove was present and the governor took occasion to explain, for his benefit that he hadn't said some of the things they said he said about the newspa-

per's right of contract The address was replete with good nature. He taffied the ladies present, handed out several bouquets to the Dallas newspaper bunch and made himself agreeable generally."

He goes from here to Mineral Wells for a short stay.

ERY FLATTERING NEWS COMES FROM SURROUNDING TER-RITORY AT PRESENT.

Wheat Arrives at Denton-Smith County Truck Moving-Fancy Prices for Oats.

In the crop edition of the Dallas News, issued today, appeared the beow very flattering report of conditions this county:

Wichita Falls.-Cotton acreage, 20 per cent increase; fine condition; lenty rain. Corn crop in good condition; 25 per cent increase in acreage. Wheat is principal crop up here. Harvesting has commenced; will average fourteen bushels; some few crops will make twenty bushels; first wheat will be marketed about June 15th. No oats.

Iowa Park-Cotton acreage 25 per cent increase; condition about the same; cool nights and dry weather injuring the crop. Corn acreage, 40 per cent increase; condition 25 per cent worse on account of dry weather. Wheat acreage 40 per cent decrease; condition 50 per cent worse, account of dry weather. Oats acreage 25 per cent decrease; condition 50 per cent

Electra-About same acreage of coton; prospect is 10 per cent better than last year at this time; nothing infuring crop. Corn acreage increased perhaps 50 per cent, making better howing than last year; but dry weather is hurting it in some places. Wheat erop average will be about 20 per cent of last year. Oats are about like the wheat; harvesting is now begin-

Burkburnett.-About 25 per cent increase in cotton acreage; about two or four weeks later than last year; some cotton is just coming up, while none has been up very long. Corn acreage about 50 per cent greater; much better condition. Wheat and oats are about the same as last year in acreage, but the grain is not as good; several of the farmers are cutting their wheat and it will average ten or twelve bushels per

Denton, Tex., June 8.-Scores of vagon loads of new wheat were marketed here today at prices ranging from \$1.45 to \$1.60 per bushel, according to the quality. The grade is unusually excellent, much of it scalng sixty-two pounds.

Tyler, Tex., June 8.—Smith county tomatoes, potato and cabbage crops today began to move in carload lots. Two cars of tomatoes, two cars of pctatoes and two cars of cabbage were shipped today. The strawberry crop is being gathered and the blackberry season is opening.

today at 65 cents, the highest price in decade for new crop oats.

Commencement at State University. Austin, Tex., June 8 .- One hundred and eighty-one young men and women of Texas, radiant with the happiness of work well done, yet half sad at the thought of the college pleasures left behind, this morning received their diplomas from the hands of President Mezes in the University Augitor. lum. The twenty-fifth commencement exercises were featured by the largest graduating class the univer-

CROP REPORTS Its Cause and How to Cure it.

Eat too much, Stomach feels bloated, All out of sorts,

Don't feel like work to-day. Guess 've another case of biliousness. "Take anything?"

"Yes; some pills, but no results; suppose I'm getting ironclad. Sometimes l louble the dose, then they physic me so hard I'm too weak to work. Think I'll have to try something new."

"Ever try Prickly Ash Bitters?" "No; I've heard a good deal about it.

out never tried it." "Well, you'll be pleased with the re-

sults." The purgative action of Prickly Ash Bitters not only removes hard impactions, gas and impurities, but it strengthens the muscular action of the bowels

which causes them to move regularly. Prickly Ash Bitters is a bowel tonic and regulator in the truest sense. It promotes daily evacuations, establishes healthy movements and is the best known remedy for disordered digestion, flatulence and a constipated habit.

D. M. Blackwelder, of Litchfield, Ill., says in the Litchfield News: "I am perfectly willing, in fact glad to testify to the value of Prickly Ash Bitters as a medicine for the kidneys, stomach and bowels. I have used it whenever I needed anything of the kind for the last fifteen years and it has always given satisfaction."

INSTANT RELIEF FROM DREAD CATARRH

Why don't you get rid of that nasty, umilating disease catarrh :

You can do it if you really want to. But you can't cure catarrh in a few days, that's an utter impossibility, be cause there is no remedy known that will kill the catarrh germs in that short

But you can cure catarrh if you will have a little patience and breathe in Hyomel (pronounced High-o-me) three or four times a day.

Hyomel cures catarrh by killing the germs and it kills the germs because it gets where the germs are.

Hyomei is a powerful antiseptic and germ killer air; It is made from the fluid extracted from the eucalyptus trees of inland Australia where catarrh has never existed.

It gives relief instantly, stops hawking in a few days and is guaranteed to cure catarrh, asthma, croup and bronchitis or money back. A complete outfit, including inhaler, costs \$1.00, and extra bottles of Hyomei if afterward needed, cost but 50 cents. Sold by leading druggists everywhere.

"Hyomei certainly saved my life an I accord it the credit which it descrives and merits. There is nothing too strong for me to say regarding Hyomei.''-Mrs. Ada Hopkins, 8 Cutter Ave., Coldwater, Mich., August 22, 1908

FRIENDLY BOXING MATCH IS FATAI

GEORGE KOPPE KNOCKS OUT ED LYONS AT AUSTIN, LATTER DYING THIS MORNING.

ATHLETIC CLUB FIGHT

njuries Did Not Seem Serious Until Today-Murder Charge Has Been Filed-Koppe Arrested.

Austin, Tex., June 5 .- Ed. Lyons, aged 30 years, died at 10 o'clock this morning as a result of injuries received in a boxing match here last night with George Koppe in a local gymnasium. Koppe has been arrested charged with murder and other arrests are expected.

Lyons was knocked out in the 11th ound of a bout which was scheduled o last twenty rounds. The fight was fierce from start to finish, both combatants receiving considerable punishment. By the end of the fifth round both men were covered with blood, and even the referee was covered with the blood of the fighters. Lyons made a dash for Koppe in the eleventh and Koppe landed two powerful blows upon his jaw, sending Lyons to the ropes, He rose feebly and entered the fight to again receive a blow in the face which sent him sprawling to the floor. Lyons walked home, but his condition became serious this morning, he dying

before a physician could arrive. An athletic club here has been con fucting boxing matches for some time, only members being admitted. Last night's bout was one of the biggest yet held, both men having good repuations with the gloves. Koppe is said to be from Milwaukee. The unforunate affair will doubtless stop any Memphis, Tenn., June 8 .- The fam- further bouts and may result in the arous rebel yell, resounding throughout rest of the promoters on prize fighting

Stamford is to have a daily paper and if the enterprise receives proper encouragement it will do much toward giving publicity to that little live-wire town. People, as a rule, judge the town or city by the papers which it puts out, and if the papers have a le 1, hungry, half-starved appearance, the fellow who is looking for a location is All communications intended for apt to pass that town or city and lopublication or pertaining to business matters should be addressed to The cate in some other place where, judging from the appearance of the town papers, everybody seems prosperous and enjoying life. If the Times mistakes not, the proposed daily for Stamford will receive a hearty welcome.

The thirty miles or more of cement valks which have been constructed in Wichita Falls during the past three years have advertised this little city fully as much as any other one enterprise, and the Times is glad to note that the good work, after a short stop, has been renewed, and the prospects the year. Wherever a string of cement walk is put down and connected up with cement street crossings-property is not only made more desirable but it is more valuable and will always sell for more money than property located on streets where walks have not been constructed, which is proof conclusive that the investment is always a good one, and is sufficient argument to urge the construction of more cement walks.

Assistant Attorney General Light-Hopkins county is about to produce foot won his spurs along with Attoranother joker in the gubernatorial ney General Davidson in the successrace. In the last campaign it was ful prosecution of the Waters-Pierce Blacksmith Williams, and this time it Oil Company. Mr. Lightfoot now says is Windsmith Thomas.—Weatherford it is his intention to spend the summer collecting evidence for the prosecution of Pierce on the charge of perjury, A great many people are counting the As he is a candidate for attorney genhours when they can go to the big eral, it will be best, perhaps, to delay lakes and fight mosquitoes and flies, the trial of Pierce until after the elecpossibly get drowned, in effort to tion for the reason that he will find string the finny tribe. There is not it much easier work to convict a conmuch pleasure in it after all .- Olney cern and have a heavy fine imposed on it, than it is to put stripes on a rich man for merely swearing to a The Moore County Pioneer of Dumas falsehood at the suggestion of his legal is the handle of a new publication, No. advisers. In this matter Pierce was 1 of Vol. 1 having just reached this not so much to blame as his lawyer,

the legislature for the purpose of enacting a law against prize fighting. In the face of this law the press dispatches tell us of an affair pulled off at the State capital the other night which was witnessed by five officials of Travis county (including the sher iff, a police sergeant and three State Rangers). The result of the fight was that one of the contestants was knocked over the ropes in the eleventh round and died early the next morning from the effects of the terrific drubsends in his bill his employers will bing which he received in the prize ring within plain view of offcers of the law, who certainly knew that the law was being violated. Under circumstances like that, should a county crop of Wichita county this year will officer whose duty it is to see that our make an average of seven bushels per laws are enforced, be allowed to hold

some of the blessings (?) of a commission form of government. At a the express purpose of protesting against the removal of Police Commissioner George Mulkey by Mayor W. exchanged between prominent citizens to the following: "When public serwho believe in establishing an olithan a commission form of governts subjects.

In the twenty-sixth annual readjust- died fro mthe effects of some of the physical culture jabs received from the fist of his opponent, will doubtless again awaken the people to the fact that Texas has one of the most strinfrom \$1,700 to \$1,800; Henrietta from gent anti-pugilism laws of any state \$1,800 to \$1,900; Graham from \$1,700 to in the Union, but has been out of business. In late years the requirements of the law have been tresspassed upon had reached the point where old time slugging matches had gotten to be very common events in some of our principal cities. News dispatches tell us that the Austin bout which resulted in the death of Victor Lyons was witnessed and applauded by the sheriff, chief of police, state rangers and district clerk, and there was no interference even after blood was flowing as freely as if the arena had been the stabbing booth in a slaughter house .-Abilene Reporter.

The Times has now been running as a daily proposition for a little more than two years. Before starting as a daily, it was run as a weekly for about seventeen years, during which time there were as many changes in the ownership as it was years of age. Every man who has touched it was worth less money when he turned it loose than he had before he became its proprietor. Now that the present management has succeeded, financially, what is more natural than that in accomplishing that result it has engendered the ill will of a few 'knockers' who, by their generous advice and patronage, have, in past years, assisted in sending to the newspaper graveyard something like a dozen editors or proprietors of newspaper ventures' in Wichita Falls who were foolish enough to believe they could not make a success of the newspaper business in Wichita Falls without first securing the endorsement and seal of approval of these few conceited individuals. They have always "'knocked" on the Times and its persent management, while the Times has gone right ahead and made money for itself and hem, and will continue to do so. If these fellows really want a paper run after their own ideas, let them be good enough to put their own good money into it, and not bunco some fellow into believing that the Times is a weakling and cannot stand opposition or a newspaper fight. ''Come on in, boys, the water-is fine," and if you really are in earnest and want to know something about running a newspaper business there never was a finer or more inviting field to learn in than that furnished by Wichita Falls. The Times is getting a little old, and who knows but that it might succumb if the opdesk. R. H. Beard is doing the show- and a fair-minded jury would rather fight. It feels, however, that there ing and has made a good start, the bring in a verdict to disbar a lawyer is just about one more good fight left first issue being newsy and with a good who would advise his client to make a in it, and nothing could please it more false affidavit than to inflict punish- than to wade right out in the broad field and give the present little bunch. of knockers a battle for supremacy.

> The high record price at which new wheat is being contracted for will help out very materially the shortage of the crop caused by the dry weather and small acreage. Up to the present time binder twine dealers report that in the neighborhood of 75,000 pounds of L twine have so far been sold to farmers in the trade territory adjacent to Wichita Falls, which, estimating that it will require one pound of twine per acre on an average, indicates that there will be at least 75,000 acres of wheat and oats cut and bound with twine in the territory above referred to. In addition to the crops which are of sufficient height to be cut with a regular binder, there are many which will have to be headed, or not harvested at all, and for this purpose one implement dealer in this city unloaded today a car of header attachments, every one of which will be sold before the end of the week. Many wheat crops have already been sold at \$1.25 Fort Worth is just now enjoying per bushel and today even a higher figure than that is being paid. As to the probable yield of the wheat crop, mass meeting held in that city last, only a guess can be made. Most farmnight and attended by more than five ers, however, say the average will be hundred citizens, which was called for between 7 and 10 bushels for wheat, There will be a few crops of wheat which will make an average yield of 20 bushels per care, and perhaps more. D. Davis, some very warm words were On the other hand there will be a great many crops which will not go above It seems that Mulkey had been elected five bushels per acre. All things conby the people to that office, but was sidered, the small grain crop outlook not acceptable to the mayor and was for this section of the country is much removed. Clarence Ousley, editor of better than it was one week ago. The the Record, was one of the speakers, heads are filling out nicely, and the and among other things gave utterance sample is fine. Those who are judges say the wheat will easily grade No. 2. vants ignore and refuse to obey the A few weeks ago most farmers predictwill of the people, then representative ed a failure of wheat and oat crops, government is destroyed." Those and would have been well satisfied could they have been assured of getgarchy which, after all, is nothing more ting their seed back. Now it looks as if the few light rains which fell durment, might do well to read over and ing the past two weeks had come just over again the truth as uttered by Mr. at the right time to make small grain Qualey and let it soak in on them. He crops, and while the total yield will was one of the many promiennt citi- be less than half what it would have zens of Fort Worth who contended for been had the season for small grain just the kind of government Fort crops been favorable, it will be so much Worth now has, and now that he has better than was expected that everygot it, he seems unwilling to be one of body is incluined to be just a little bit more cheerful than they were before the rains came.

Just a Few Jars of Those Preserves Are Left

The price we made on those fine Heinz preserves are moving them fast and there are only a few jars left, but you will be in time to get one if you hurry, although we suggest that you phone your order to make sure.

We said in our last ad that we were making the price of 75c per jar to sell them for immediate use, as they would not keep well during the hot weather. That does not mean that they won't last for several weeks, but what we did mean was that they would not keep well it we carried them over till fall.

Remember, they are perfect in every way and the highest quality of preserves that are put up.

We have peach, strawberry, raspberry and cherry, the regular price was 90c and \$1.00, but to close them out this week we make

75c per 3 lb. jar

TOOTH JERKERS' MEETING IN CONVENTION AT WACO.

26-11 two hundred and fifty present,

Ordinance No. 115.

An ordinance to license, tax and egulate, Hackmen, Ommnibus drivers and rate herein established, and it and Carriage Drivers, and to prescribe shall be unlawful for them to refuse heir compensation and to provide for heir protection and to make it a misdemeanor for any person to defraud or make any attempt to defraud them for any legal charge, for service rendered by them:

Be it ordained by the City Council of the City of Wichita Falls, Texas. Section 1. Every person or corporation, desiring to keep, for public use and hire, any Hack, Omnibus, Carriage Automobile or other vehicle, for the transportation of passengers within the limits of Wichita Falls, shall, before engaging in the business of transporting passengers for hire within said City, obtain from the City Tax Collector, a license, in which shall be animals to be used, if any, and the period for which said license shall be enforced, and all owners, drivers or persons running any of the vehicles hereinafter described for the transportation of passengers for hire, shall execute a bond in the sum of \$200.00 for each Hack. Omnibus. Carriage. Automobile or other vehicle, with two or more securities, to be approved by the City Tax Collector, payable to said City and conditioned as follows: That said person or persons shall well and truly perform and discharge each and all duties and obligations devolving upon said person or persons, and incumbent upon them under the ordinances of the City of Wichita Falls, now in existence or hereafter enacted, regulating and prescribing the duties of drivers of Hacks, Omni-

buses, Carriages, Automobiles or other vehicles for the transporation of passengers for hire within the limits of the City of Wichita Falls." Every owner or driver of any vehicle herein named and used for the transportation of passengers for hire, shall also pay to the said City Tax Collector, the following license dues, to-wit:

For each and every Hack, Omnibus, Carriage, Automobile, or other vehicle used for the transportation of passengers for hire, the sum of \$5.00.

That any person desiring to obtain a license under the provisions of this ordinance, shall make application, in writing, to the City Tax Collector, describing therein the vehicle, for which he desires to obtain a license, which application shall be filed by the City Tax Collector, and upon payment of the license dues, hereinbefore prescribed, said City Tax Collector shall issue a license which shall authorize said-person to use said vehicle for hire, within the limits of the City of Wichita Falls, for the period of one year from the date thereof. If any person destres to obtain license for more than one vehicle, under this ordinance, then such person shall specif; shortly. ically describe such vehicles in his Open High Close application, so as to distinguish it cense to him.

Section 2. It shall be unlawful for any person to use any vehicle of the kind referred to in this ordinance, for the transportation of passengers for hire within the limits of the City of Wichita Falls, without first having The future market opened quiet and obtained a license, as herein provided \$1.00 and agreement to build a church for; and any person who shall violate Open High Clos the provisions of this section, shall July 10.76 10.84 10.78-79 upon conviction, be fined in any sum,

October 10.69 10.80 10.77-78 not less than \$5.00 nor more than \$25. Section 3. The following tariff of prices which shall be posted in a conspicious place in each venicle, licensed cotton is steady and unchanged. Mid- under the provisions of this ordinance; is hereby established for transportation of passengers within the limits of this City by licensed Hacks, Omnibuses, Carriages, Automobiles or other vehicles, and it shall be unlawful for the driver or any other person using such vehicle, to ask or receive more than July 10.99 11.03 10.99-11 the rate hereby established:

October 10.72 10.80 10.78-79 Twenty-fire (25) cents for each passenger between all points in said city east of Brooks street; from all points in said city east of Brooks street to all points in said city west of Brooks street, and from all points in said city west of Brooks street to all points in said city east of Brooks street, 50 cents for each passenger each way; between all points in said city west of Brooks street, 50 cents for each passenger each way.

No additional charges shall be nade for the transportation of hand baggage with each passenger, not exceeding 50 pounds in weight, but for any baggage in excess of said weight, and not exceeding 100 pounds in weight, an additional charge wenty-five cents may be made.

Section 4. After 12:00 at night, and before 6:00 a. m., the owner or driver or person in charge of any vehicle, licensed under the provisions of this ordinance, may charge the following amount in addition to the prices fixed by the foregoing provisions of this ordinance: 25 cents for each pas. senger each way between all points

East of Brooks street. Section 5: Whenever any vehicle licensed under the provisions of this and they are hereby required to carry sas.

any person or persons who wish it. to any point of this city, for the sum to do so.

Section 6. Any person or persons refusing to pay the fares, as herein established, after being carried to their destination, or place where they leave such vehicle, if demanded, without delay by the owner, driver or other person in charge of such vehicle shall be deemed guilty of a misdemeancr.

drive, or use for the purpose of transportating passengers for hire, within this city, any vehicle required to be licensed, under the provisions of this ordinance and who shall fail to procure a license therefor, or who shall fail to post in a conspicuous place in such vehicle the tariff or prices as fixdescribed the vehicle, the number of ed by this ordinance, or who shall ask demand or receive, for any services performed more than the price fixed therefor, under the terms of this ordinance, or who shall refuse to transport any passenger as required by the provisions of Section 5 of this ordinance, shall be deemed guilty of a misdemeanor, and upon conviction shall be fined in any sum not less than \$5.00 or more than \$25.00.

Section 8. Any person or persons refusing to pay the fares as provided in Section 6 of this ordinance, shall upon conviction thereof, be fined in any sum not less than \$5.00 nor more than \$25.00.

Section 9. This act shall take effect ten days after its passage and publication, as required by law.

Carried this 7th day of June, 1909 Approved this 8th day of June, A. D.

T. B. NOBLE, Mayor, (Seal.) Wichita Falls, Texas EDGAR-RYE, City Secretary.

"CERTAIN CONDITIONS MUST BE REMEDIED

From Wednesday's Daily. The grand jury completed its work about 2:30 yesterday afternoon, Teporting the following indictments late in the afternoon: John Grimes, robbery and theft from person; Travis Keys and Ab Jones, petty theft; one other not arrested.

In its report to Judge Carrigan, the grand jury states that 'there are certain conditions existing in the city of Wichita Falls, which if not remedied soon, will be followed by indictments and prosecution." It is not known just what conditions are referred to

Business Men of Austin and City and State Officials Are Among the Witnesses.

Austin, Tex., June 9.—Nearly a score of witnesses have been examined in the investigation new in progress to establish the responsibility for the bout in which Victor Lyons met death last Saturday morning.

It is testified that the contest was clean one, without brutality, and that there was no knockout until the last round. Albert Raatz, at whose gymnasium the fight occurred, testified that the bout was merely a friendly one and that no prize was offered.

The witnesses included many prominent business and professional men and some city and State officials. The investigation is still in progress this afternoon and a large crowd is in at-

AUSTIN IS STIRRED UP OVER FATAL PRIZE FIGHT.

Austin, Tex., June 9.-The grand jury here is today investigating the recent prize fight which resulted in the death of Victor Lyons. The city commission is also making an investigation to determine the responsibility of the police department in the matter.

REPRESENTATIVE FARMERS DISCUSS WHEAT CONDITIONS.

From Wednesday's Daily. J. G. Hardin of Burkburnett was in the city today, as was also Hi Willis of the same section of the county, and William Friberg, whose farm is located eight miles northeast of the

In reply to the questions asked by a Times reporter in regard to the condition of the wheat crops in their respective neighborhoods and the probable average yield per acre, Mr. Hardin said that there were between 160 and 170 acres of wheat on his farm this year and that harvesting was nearly through. One piece of wheat on his farm he thought would make an average yield of twenty bushels per acre, and that all of it would make an avusual committee be appointed to look erage yield of from ten to twelve bush-Carrigan will announce this committee least would average up to the other crops in his section of the country.

Mr. Willis, whose farm is within six miles of Burkburnett, says he has on his farm 190 acres, which will make an average yield of between ten and twelve bushels per acre. Like Mr. Hardin, he has some wheat which will make as much as twenty bushels per acre, and feels quite sure that the entire 190 acres on his farm will yield an average of ten or twelve bushels per acre.

Mr. Friberg's farm is located eight miles northeast of this city, and he Mrs. L. M. Boyd, Linn Boyd, Mary has just finished cutting his 150 acre-Robertson, Ralph Robertson and R. E. wheat crop, which he thinks will make Huff to the city of Wichita Falls, 32 an average between eight and ten feet off the south side of lot 2 in block bushels per acre. our merchandise in

Then listen to the comments of the family. They will be sure to ask you to repeat the experiment. Hawaiian pineapple is so different. Compare it with other canned pineapple and you will find it tenderer, more delicious and more perfectly flavored. Again, compare it with fresh pineapple and the Hawalian product has attll the advantage. It is a better variety than any other that can be shipped profitably; it has been fully ripened on the plant; it has no woody fibre. The meat is so tender that it cuts with a spoon just like a peach.

Keep a few cans in your pantry for emergencies. Sliced Hawaiian pineapple is a delicious ready-to-serve dessert. It cost no more than other fruits.

Spokane, Wash, June 7.—Grant Turnbull, a stage driver, operating between Newport and Elk, Wash., north of Spokane, bad as experience with a full-grown cougar which he will not forget for some time. While driving along the narrow mountain road hear Rogers Pass his horses became frightened and bolted. The driver managed by sheer fortune to keep the wheels of the coach in the ruts, and CLEAR WATER VERY SOON after the horses had expended their energy he made an investigation. Perched in the fear of the coach was a feroclous cougar. Before the animal could spring upon him, Turnbull used the butt of his heavy whip, but the big cat leaped over his head and disappeared in the timber before he could inflict the death blow. Settlers in the northern part of Spokane county report cougar numerous, but this is the first instance of a stage driver having one as a passenger. Turnbull claims a new record for driving a coach from the point where he discovered the cougar to Newport. There is a bounty on the head of cougar in the state of Washington. Tom B. Hopper, a hunt there with trained dogs.

ENCOUNTER WITH COUGAR. IMPROVEMENTS AT WATER PLANT

> NEW ENGINE HAS ARRIVED AND IS BEING INSTALLED-NEW PUMP IS EN ROUTE.

Completion of New Basins Will Put An End To Muddy Stream-Work is Being Rushed.

The improvements at the water and light plant, aggregating over fifty thousand dollars, are well under way and it is announced will be completed within about thirty days. The new basins will be completed within ten days and then the red, muddy water which Wichitans have patiently endured for some little time will be replaced by pure, clear-water,

The improvements at the plant in clude the erection of a large addition noted bear slayer, who has killed to accommodate the new pump and the hundreds of cougar and wild cats in new engine. The pump will add one this part of the west during the last and three quarter million galions daily the city. The new engine is on the ground, and will be installed shortly, as soon as its foundations can be com-R. L. Crain, lot E of the Thatcher sub- pleted. It is capable of generating 350 division of block 33 of the Barwise and horse power. Two new basins are under construction, one of them being basins, of considerably over two million gallons.

> Work on all these improvements is being rushed as rapidly as possible better product, or which is turning and it is the hope of the company to have everything completed and in running order by the middle of next farmers therefore know the details of month, at the latest

"BOUND FOR TEXAS" IS MINNESOTANS' SLOGAN

Saint Paul, Minn, June 8 .- 'Bound for Texas' '-this is the slogan of several-hundred farm families that have rendezvoused in Saint Paul during the past sixty days for a pilgrimage to far-off Texas, and the number and quality of the farmers who have been interested in the far-off lands of that state is begining to arouse considerfact that although Minnesota has gained heavily in population by incomers from other States, it has also lost heavily to other states wide areas of fertile farm lands.

The Texas movement has several peculiar characteristics which differentlate it from movements during the past several years to other sections of the continent. Texas does not lie in will continue as heretofore. Smith the natural path of imigration from the northwestern states. In climate dred majority, of which Tyler contri- it is somewhat similar to Minnesota, but in many other important characteristics it is quite different. There was no interest in Texas in the farm districts of Minnesota until eighteen, months ago, when land firms, many of them located in Saint Paul, became interested in Texas and began to profarmers to that state.

The Texas movement is therefore and the remaining undeveloped lands. Discussing the matter of the Texas the direct result of advertising and of the western border have profited attention, the engineer said: the success of advertising is best ill- largely by these efforts and promise ustrated in the fact that a single train to receive the benefits during the com- legislature was retoed, seriously interteaving Saint Paul within six weeks ing two years, of a 'movement' from carried 160 families out of Minnesota the central and eastern states, similar to become settlers on the new lands to that which Texas is enjoying and in Texas. This is a fair example of that which has made a farming coun-Minnesota's contribution to the devel- try out of the flat and desolate plains ginning work in Texas immediately. In the New York State league Utica of valuable Minnesota farm lands, this being true principally in the older districts of Minnesota has netted comfortable sums, entirely sufficient for Little Rose has been the surprise the perchase of large areas elsewhere, of the Southern league season so far, with a surrplus left over in the bank.

farmers who come to the state when it was chiefly famous for its broad. undeveloped plains, undeveloped wheat plains, the lure of the wild prairie has overbalanced all other considerations. These men have not seemed willing to leave prairie country to engage in breaking up the lands in the hardwood country of northern central and northern Minnesota. The appeal of the Texas plains, and plains of Alberta and Saskatchewan and the new valleys of the Pacific country has been especially strong to these men who love the open country and know opencountry farming better probably than any men in the United States.

Minnesota's contribution to Texas will prove of the utmost value to that state. The men who have gathered in Saint Paul for their journeys to new homes are experienced, hardheaded, practical farmers who know the business of agriculture and how to make money at it. Their farm implements and household gods have gone by freight and constitute an admirable and wholly adequate equipment for their new work. Minnesota has taught these men how to raise cereal crops to advantage, and has given them execedingly valuable practical experperience in stock raising, especially in the raising of hogs for profit, and as well has taught them how to de-27 years, is organizing a party to make to the capacity of the plant, and will velope and successfully maintain the insure splendid pressure throughout dairy industry. The section from which the bulk of the southwestern movement has come is one which led the entire United States in the develsuccessfully carrying them through the early stages of their existence, when nearly completed. These basins have many causes were conspiring to sap a capacity of nine hundred thousand the confidence of the farmers in the 8, 9 and 10 of Block 148 of Wichita gallons each, a total, with the old practibility of the plan. In this particular section of Minnesota there is no creamery industry in the world except that of Denmark which turns out a

ation of such products. Minnesota has also lost to Canida during the past five years, and a large number of the men who are breaking up the Saskatchewan valley and turning it into a great wheat granary were those who broke the virgin soil of Southern and Western Minnesota some years ago. The Canadian immigration is waning and has not in all respects been a successful venture for many of the men who ventured their hope's of successs so far north. Some have returned again and are very content with their home state, while other men, it is fair to say, have met forable comment and activity among Min- tunate opportunities and have become the prohibition map of Texes on Sat- nesotans who have been brought face valuable agents in the development of

MUCH INTEREST

A. THOMPSON MAKES PRE-DICTION REGARDING THE NORTHWESTERN.

The following interview, published in yesterday's Dallas News under an Austin date line, is of more than passing interest as an outline of the prospective policies of the 'Wichita Falls

The Wichita Falls route, or system, contemplates broad expansion, according to R. A. Thompson, who was chief engineer of that group, and left it to become an attache of the Interstate Commerce Commission. Mr. Thompson is here securing data for the Interstate Commerce Commission from the records of the Railroad Commission of Texas, of which he was once chief engineer. According to Mr. Thompson, the veto of the consolidation bill halted the Texas plan, but the company is active in its work in Oklahoma. The line now in operation from Wichita Falls to Frederick, Okla., fiftyone miles, is being pushed to Altus. twenty-seven miles further, and the deal has practically been closed for an extension from Altus to Elk City, sixty miles, and on which work will begin when Altus is reached. Extra attractive inducements have been offer ed for the extension. A further projection is beyond Elk City via Woodward to some point in Western Kansas, a total distance of about 250 miles from Wichita Falls and traversing one of the greatest grain sections of the world, besides intersecting numerous important lines, such as the Frisco, Rock Island, Santa Fe and others. Mr. Thompson says enterprising cit-

izens of Wichita Falls, who are owners of the rallroad, propose to concentrate a great grain business into and through Wichita Falls, making it the grain market for Western Oklahoma and Kansas. Mr. Kell, general manager of the road, is one of the largest grain buyers in Texas and Oklahoma. The road has made favorable traffic agreements with its connections and is an unusual property in that its owners control the principal tonnage of the territory in which the road operates, thereby insuring it plenty of business. According to Mr. Thompson, the Wichita Falls and Southern end of the system will be extended into South Texas as soon as favorable legislation is had. At present the road operates from Wichita Falls south to the coal Young county, and is to be extended to a connection with the Texas Central and Pacific at Cisco, and also to a conat Brownwood, which would give it a its immense grain tonnage from Northwould be able to make the very best

nections. A further plan, stated Mr. Thompson, is to continue the line south of needed fuel for the development of the great iron deposit,

consolidation bill which passed the last fering with the plans for Texas construction, for arrangements had been practically completed for financing the consolidated lines with a view of befact, J. A. Kemp, president of the road, guaranteed the governor that if the consolidation bill was allowed to be-Washington, D. C., June 9.- A \$5,000 come a law he would construct not less this section of the State, lies in the Wichita Falls road."

Mr. Thompson spoke enthusiastically of the push and enterprise of the people of Wichita Falls and that section of Texas.
