

## TESTS WITH JURY

**TWELVE MEN WHO WILL DETERMINE FATE OF HAYWOOD RETIRE AT 11:09 A. M.**

### THE JUDGE'S INSTRUCTION

**Asks Jury That They Are Not to Consider Evidence Showing Interest in the Conviction or Acquittal of Defendant.**

By Associated Press.  
Wichita, July 27.—Judge Woods' charge to the jury in the Haywood case this morning was a very lengthy one making about twelve hundred words. In concluding he said: "You are to determine the question as to whether the defendant killed and murdered Frank Steunenberg as charged in the indictment or aided and abetted in the killing. If so you should find guilty. If not you should find him not guilty. Under the indictment the defendant, may if evidence warrants, be convicted of murder in the first degree, murder in the second degree or manslaughter."

"Gentlemen of the jury, the court now delivers this case into your hands. It is your duty to consider it and decide upon it without fear and without favor. If evidence shows that any individual or individuals, and person in private or official capacity or any class or classes of people are interested in any way in the conviction or the acquittal of this defendant, such fact or facts should not be considered by you or have any influence upon your deliberations. You are here to try and determine this case between the State of Idaho and the defendant William D. Haywood."

The jury retired at 11:04 o'clock, and Judge Wood at 11:08 o'clock ordered a recess until 2 o'clock this afternoon.

### Haywood Wore a Confident Smile.

The reading of the Judge's charge and the instructions required just an hour and at the end of that time the twelve jurymen filed from the room in the custody of the Sheriff. "Shad his characteristic stoicism to Judge Wood's lengthy charge and when the jury retired went back to his cell with a confident smile about his lips. As he was leaving his gray-haired mother rushed up and kissed him. There were no other demonstrations. No one ventured an opinion as the jury retired as to the length of the time that would be required to arrive at a verdict. The jury may report at any time night or day. Idaho laws provide that a jury may render a verdict in open court on Sunday.

### Judge Woods in his charge gave the jury choice of five verdicts as follows:

- Murder in the first degree with a penalty of death.
  - Murder in the second degree with a penalty of ten years to life imprisonment.
  - Voluntary manslaughter, of one to ten years.
  - Involuntary manslaughter, with a penalty of one to ten years.
  - And not guilty.
- The charge is regarded by both sides as eminently fair. If anything, it is the consensus of opinion, that the court leaned to the defense.

Direct factory shipment of Jardina's, only 15c. to \$1.00 at Mrs. Hardesty's Nickel store.

## THREE KILLED A SCORE INJURED

**In Wreck on the Allegheny and Western Near Butler, Pa.**

By Associated Press.  
Butler, Pa., July 27.—Three killed, and a score were injured in a wreck on the Allegheny and Western railroad near this city today. A special train with physicians has been sent to the wreck.

Dead: Fireman, O. H. M. Bates and Charles Neal; a passenger of Dubois, Pa., and Ralph Dawson, a train master for the Buffalo, Rochester and Pittsburg road.

### Injunction Hearing Continued.

Word has just been received before going to press saying that the injunction proceedings at Lawton against the citizens of Kell at Lawton against until Tuesday.

## ANOTHER REVOLUTION.

**Argentine Republic is the Scene of the Latest Outbreak.**

Rio De Janero, July 27.—A revolutionary movement has broken out in one of the Argentine provinces bordering on Brazil. The Brazilian government has sent troops to the frontier to prevent a violation of neutrality.

### Weather Forecast.

Washington, July 27.—Oklahoma and Indian Territory; tonight and Sunday partly cloudy and probable showers.

East Texas, North—Tonight and Sunday, partly cloudy, probably showers in the West portion.

East Texas, South—Tonight and Sunday, partly cloudy, light to fresh southerly winds on the coast.

## NINE WERE DROWNED.

**When the Steamship Frontenac Burned on Cayuga Lake.**

By Associated Press.

Auburn, N. Y., July 27.—The steamship Frontenac on Cayuga Lake burned at 1:30 this afternoon. Nine passengers were drowned and several injured. The accident happened opposite Farley's Point.

### Demand His Discharge.

Because of the employment of a non-union foreman at the Denver round house and shops in this city, it is reported, that the shops employes have demanded his discharge. It is said that a committee of union men will come from Childress this evening for a conference concerning the grievances of their fellow unionists.

## AUTHORITIES CLASH

**FEDERAL AND CIVIL COURTS IN BAD MIX IN NORTH CAROLINA.**

### U. S. MARSHAL SEIZES MAN

**Who Had Been Arrested By Policeman—Courts Engage in Complicated Wrangle Over Authority.**

By Associated Press.

Asheville, N. C., July 27.—O. C. Wilson, the ticket agent of the Southern Railway, who was recently sentenced to thirty days on a chain gang for violating the new rate law and who was released on habeas corpus proceedings before Judge Pritchard, in the United States Court, was re-arrested this morning on warrants sworn out before police judge Reynolds, who figured as a witness in the habeas corpus hearing. Wilson was selling tickets to Lake Toxaway when taken into custody and many passengers, it is said were compelled to board the train without tickets. Interesting developments are expected to occur shortly.

### U. S. Marshal Interfered.

Warrants were also issued for President Finley of the Southern Railway. The warrant for Finley was placed in the hands of a policeman who went to the Battery Park to serve the papers upon the executive head of the Southern. In the meantime arrangements had been made for a habeas corpus proceedings before Judge Pritchard to secure Mr. Finley's release. The policeman did not succeed in reaching the police court with the prisoner. Just as he was ready to leave the hotel a deputy United States marshal walked into the hotel and took charge of Mr. Finley. Policeman stood aside and Mr. Finley was taken to the Federal court room where he was given his liberty by Judge Pritchard. General counsel Thom and other officials of the Southern left last night for Raleigh to consult with the State officials there in an endeavor to arrive at a settlement of the differences existing between the railroad company and the state. The attorneys who remained here are greatly disturbed at the new turn of events.

### A Conference at Three O'Clock.

Raleigh, N. C., July 27.—The Southern railway authorities and the attorneys representing it and the Atlantic Coast line, reached here this morning from Asheville and sought a conference with Governor Glenn on the matter of the railway rate litigation. Governor Glenn fixed the hour for the conference at 3 o'clock as he desires to have attorneys present.

### Railroad President Released.

Asheville, N. C., July 27.—Judge Pritchard released Mr. Finley just before 1 o'clock. In the police court the trial of the ticket agent, Wilson was postponed until Monday morning. The Railroad Co. through its counsel, has announced its willingness to proceed, but Judge Reynolds declared that there will be no further hearing today. The counsel for the company announced that bond will be given for Wilson, this being done to secure his release through the habeas corpus proceedings, but Judge Reynolds said he would take personal charge of the case. Later he remarked that Wilson could "follow him around all the time if he wanted to" and then walked off. Wilson went in an opposite direction and is still at liberty.

**WILLIAM D. HAYWOOD**  
Whose Fate is Now in The Hands of The Jury

## AGAINST THE PROVISIONAL GOVERNMENT.

**Cuban is Charged With Inciting Violence Against American Officers.**

By Associated Press.

Havana, July 27.—Senor Morna Delgado, a prominent liberal who participated in last year's revolt, has written a sensational letter which is published in the La Lucha in which he charges Maso Parra, a Spanish ally, with planning to work up the Cuban people and induce them to violence against the provisional government. Parra's object, Delgado says, is to show the Washington government that the Cubans wish a speedy end to the occupation and a quick withdrawal of their representatives. Parra denied the conspiracy and says he will conspire only when he is convinced that Cuba is being deceived by the Americans.

## ANOTHER FATAL AUTO ACCIDENT

**Machine Plunges Down Embankment One Killed Another Fatally Hurt.**

By Associated Press.

Pacific Grove, Cal., July 27.—One woman killed and another fatally hurt at the loop on the seven mile drive, yesterday. The party consisting of four women, two men and two children started for New Monterey in an automobile driven by A. Zimmerman of Rolter. Near the top of the rock at the loop the machine was stopped and in resting it slipped over the bank onto the rocks, twenty feet below, instantly killing Mrs. C. D. Eamer and inflicting apparently fatal wounds on Mrs. B. Shaw, and breaking Miss Edith Dempsey's jaw.

In a medium price Jam we offer our Pure Fruit, made from fresh fruit, apples and sugar; 35c. a quart jar. Try it.

TREVATHAN & BLAND.

## NOTED SCIENTIST DEAD.

**Dr. Varicle, Inventor, Scientist, Balloonist and Dentist Dies at Seattle.**

By Associated Press.

Seattle, Wash., July 27.—Dr. Antony Varicle, the Parisian inventor, scientist, balloonist, and dentist known from Paris to Dawson, died last night at the Providence hospital after an illness lasting several weeks. Dr. Varicle had been practicing dentistry in this city for some years past following his return from the north. In the realm of invention Dr. Varicle is known for the thelegraph invention which transmits hand writing and drawings, the combination key used by the French government in connection with the time locks on all post-office property, and a number of other small devices. Dr. Varicle is known in the north for his proposed dash for the north pole.

DEATH UNDER AUTO.

Frank Tucker Was Instantly Killed Near Amarillo—Five Others Receive Injuries.

Hereford, Tex., July 26.—Frank Tucker, of this city, was instantly killed yesterday evening in an auto accident about half way between here and Canyon, from which place, Tucker was driving a car with a party who had spent the day at the reunion. The five other occupants of the car escaped with only slight injuries.

Tucker, who was expert chauffeur for the J. P. Snyder Land Company and counted one of the best drivers in this part of the country, drove to the reunion in a high power car and started back yesterday evening at a rapid rate. The road between Canyon and Hereford is level and lends itself readily to high speed by automobiles. The car which Tucker was driving was a new Pope-Toledo, one of the most powerful machines ever brought to the Panhandle. It was probably going at a higher rate than the occupants realized when at one point the driver had to swerve slightly to one side to pass through an open gate. Instead of taking the turn, the heavy car tilted and turned completely over. The five occupants were thrown free but Tucker, wedged in by the wheel and controlling gear, went over with the machine and was crushed lifeless.

Help was secured immediately from the nearest house and the injured were cared for as well as possible. Mrs. John P. Sullivan and Mrs. Snyder, and two little girls who were the other occupants were only slightly injured.

—Amarillo Panhandle.

Mr. Rockefeller advises the newspaper men to save money, but he is making it difficult for them to follow his advice. Mr. Rockefeller has already saved a large proportion of the visible supply.

The Philadelphia crook who confessed to sixty robberies probably was induced to confess and reform by the fact that, try as he would, he could not hope to equal the robbery record of some of the city officials.

President Winchell of the Rock Island railway officially announces that hereafter his company will not maintain lobbies at state capitols. If President Winchell means it he is giving the Rock Island some very profitable advertising.

The Wichita Southern Railway. Wichita Falls, Tex., July 19, 1907.

There is a scene of wonderful activity along the line of the new railway south of this city which is destined, in a few months to connect this young metropolis with the coal fields of Young county. A contractor told me today that work was being done on every mile of the line from here to Archer City. A large outfit of graders passed through today to join forces already at the front and there is a crying demand for labor at good wages, both on the railway work and on the farms.

Many are the questions one has to answer about Young county, Belknap, the coal fields and Olney, the fair young city of the prairie, and when I tell them that I have no land to sell and am not a land agent some of them seem to believe my story of the 31,000 bales of cotton we ginned last year and of the wonderful wealth of our coal fields and cotton fields down in Young. All eyes are turned in that direction, and I here advise our real estate dealers to get ready for the greatest rush of investors this fall they ever saw. If our people don't "set their sights" unreasonably high this fall they will have a chance to sell all they want to sell, in my opinion.

The new road enters this city on the tracks of the Wichita Valley and diverges from that road just east of the great lake. It is said that trains will be running to Archer City by October 1.

Wichita is only waiting for the cheap fuel from our mines to spring into prominence as a manufacturing city. Her bucket brigade now is of tremendous proportions, but with her many railroads and her favorable location she will go deep into the factory business when the fuel problem is solved. It is going to be a city soon. Her people have an air of confidence born of present prosperity and fed on future prospects, such as one seldom sees in a town of her size.

Mr. and Mrs. W. H. Heen, of Olney, passed through here today, en route home from a visit in the mountains of New Mexico, where they have enjoyed a pleasant sojourn. Mr. Keen told me some interesting experiences and observations among the Mexicans. So long.

H. A. M., in Graham Leader.

When your suit needs pressing, take it to Patty, just west of the St. Charles. 61-5t

GIRLS TO WEAR WHISKERS.

Chicago University Professor Says in Time Women Will Wear Beards.

Chicago, Ill., July 26.—The co-eds at the University of Chicago were agitated when Prof. Samuel W. Williston, head of the department of paleontology, made the startling statement that hair would soon grow on the faces of women.

Say, but won't John D. be mad when he hears that?

"The day will soon come when you will not only have mustaches, but will have full beards," declared the professor, who has won a national reputation as a scholar. He was addressing a class of co-eds.

"Horrors!" whispered one. "I'll have mine cut VanDyke," said another, "I always did like Van Dyke beards." "I'm going to part mine in the center," ventured a third.

"Everything is tending toward beard for women," continued the professor. "You girls have more hair on your faces than girls of a decade ago."

"Those who follow will have more than you, until the day will come when you will have long flowing beards like the pictures of Noah and Senator Pfeffer, of Kansas."

"When will that be?" queried one of the timid ones.

"Oh, a few centuries from now," answered the professor.

Notice.

On and after August 1st an extra charge will be made for delivery of boarding horses to owners' places of business or residence.

**The Call of the  
 Time Is For Men.**  
 By Cardinal GIBBONS.

**W**HAT THE TIME CALLS FOR IS MEN, sturdy men, endowed with the courage of their convictions. We need men who are controlled by CONSCIENCE rather than by expediency, who are guided by principle rather than by popularity, who are influenced by a spirit of pure patriotism rather than a desire for political preferment. Above all, we need men of strong Christian faith, who are prepared to uphold their religious convictions in the face of popular prejudice. In a word, we need men of upright character.

IF YOU REVEAL TO ME YOUR CHARACTER AS ABOVE REPROACH, I WILL REVEAL TO YOU YOUR DESTINY.  
 It is probable that you will not be presidents or governors or senators or bishops. But the attainment of these high offices is not the test of genuine success. THE TRUE TEST OF SUCCESS LIES IN THE FULFILLMENT OF DUTY. If you are faithful at the post to which providence will assign you, no matter what that post may be, you will be successful in life; you will merit the esteem of your fellow citizens; you will enjoy the testimony of a good conscience, and above all you will have the approval of heaven.

Your name may not be emblazoned on THE FADING PAGES OF EARTHLY HISTORY, but, what is infinitely better, it will be inscribed in the imperishable records of the Book of Life. No citizen of the United States should be a DRONE in the social hive. No man should be an indifferent spectator of the social, economic and political problems which are presented to his consideration. Exercise the right of suffrage by giving your influence only to candidates of clean hands and unsullied reputation.

BUT YOU WILL BEST SERVE YOUR COUNTRY BY THE INTEGRITY OF YOUR PRIVATE LIVES. POLITICAL LIFE IS THE REFLEX OF DOMESTIC LIFE, FOR THE STREAM DOES NOT RISE ABOVE ITS SOURCE. WHAT WOULD IT AVAIL YOU TO BE REGARDED IN THE PUBLIC WALKS OF LIFE AS A FREEBORN CITIZEN, IF IN THE SANCTUARY OF YOUR HOMES YOU WERE THE SLAVES OF INTEMPERANCE AND OF AN UNGOVERNABLE TEMPER?

**America a Land of Ideals.**

By JAMES BRYCE, British Ambassador to the United States.  
**I**DEALS are AS HIGH IN AMERICA AS ANYWHERE ELSE in the world. You prize the things of the mind and the soul as being the things which make the TRUE GREATNESS OF A NATION. You can the more safely do so because your material prosperity is assured by the marvelous resources at your command.

Happy is your lot compared with that of the states of Europe for you have no external enemy to fear. You need no vast fleets or armies to protect you.

IN YOUR INDUSTRIES AND TRADE THERE WILL OF COURSE BE UPS AND DOWNS, BUT YOUR SOIL AND YOUR MINERALS ARE MORE THAN SUFFICIENT TO PROVIDE AN EVER EXPANDING EMPLOYMENT, WITH AN EVER INCREASING WEALTH.

The unique mission which Providence seems to have intrusted to you is to show the world how immense natural resources may be used, not in boastfulness or for luxury, but as a foundation on which to build up THE HIGHEST FORM OF NATURAL LIFE, to cultivate the delights which intellect and tastes open to us, to set the noblest example of a people NOT ONLY PROSPEROUS AND FREE, BUT ENLIGHTENED, HAPPY AND CONTENTED.

**Work a Cure For the Hobo.**

By ORLANDO F. LEWIS, New York Sociologist.  
**V**AGRANCY in the United States is a NATIONAL PROBLEM. Thus far its treatment has been almost always local. Our present methods of treating vagrants err in being neither sufficiently repressive to the vagrant by intention nor sufficiently helpful to the accidental wayfarer. Preventive measures must be based on two principles. First, that the able bodied vagrant must WORK for what he receives; and, second, that the punishment for intentional vagrancy must be so severe and so conspicuous as to act as a STRONG DETERRENT.

The moving on of arrested vagrants should cease. They should be sentenced to hard labor, and the sentences of convicted vagrants should be cumulative. They should not be lodged in police stations. A municipal lodging house with work test should be established in all cities having a vagrancy problem. Compulsory bathing, fumigation of clothing, sanitary sleeping quarters and adequate food, in return for reasonable labor, serve to EDUCATE both the vagrant and the public.

VAGRANTS TRESPASSING ON RAILROADS SHOULD BE ARRESTED AND IMPRISONED AT HARD LABOR, UNLESS STRICTER REPRESSIVE MEASURES ARE ADOPTED TO DETER VAGRANTS THE RECENT PENNSYLVANIA TRAIN WRECKING OUTRAGES MAY BECOME TOO COMMON.

At least one compulsory labor colony for habitual vagrants should be established in each state. Even if such treatment fails to better or to cure the vagrant, it will have rendered him HARMLESS for a time to society and at an expense slight in comparison with what he might cost society if free, and his incarceration will act as a deterrent and warning to others.

Wichita Falls, Texas, July 27th, 1907.

The Times has been asked to state that the ordinance recently passed by the city council requiring the houses to be numbered does not mean that the council have given an exclusive contract to any man or company to do this work. It is entirely optional with the owners of property whether they hire this work done or do it themselves, and parties who are soliciting this work and leaving the impression that if owners do not get the work done by them, will come to grief are imposters and should be treated as such.

It is immaterial to the city council who property owners get to do this work. The man who is now putting up these numbers on houses has only been given permission to solicit the work, and has no authority whatever to represent that he is clothed with any higher authority than that of an ordinary vendor or peddler of wares.

## MRS BLANCHARD DIES

WIFE OF LOUISIANA'S GOVERNOR  
DIES AT MINERAL WELLS.

### WAS PROMINENT SOCIALLY

Dead Woman a Leading Figure in  
Washington Society for Sixteen  
Years.

New Orleans, July 27.—Dispatches received here today from Mineral Wells, Texas, announced the death there this morning of Mrs. Newton C. Blanchard, wife of the Governor of Louisiana. Mrs. Blanchard had been in ill health for over a year and it is on this account that she and the Governor went to Mineral Wells. Mrs. Blanchard before her marriage was Miss Barrett of Caddo Parish, La. during the time her husband was a member of the National House of Representatives and later of United States Senate, covering a period of sixteen years, she was a prominent figure in Washington social life. The funeral will take place Sunday in Shreveport.

### VALIDITY OF INDICTMENTS ARE QUESTIONED.

San Francisco Riot Cases Will Be  
Decided in Supreme Court.

By Associated Press.  
San Francisco, July 27.—Whether or not the indictments returned by the present grand jury are valid and whether that body had any legal existence since February 1907 is seriously questioned in a decision handed down by Judge Carroll Cook, of the superior court yesterday afternoon, and the supreme court of California will within the next few days, be asked to decide the matter. The decision is the outcome of an action of the attorneys for men under indictment in connection with the recent strike riots. The appearance before Judge Cook and demurring to the indictment, arguing that as the present grand jury continued in service after the new panel had been drawn, the term of the service of the old body had expired and they no longer were a part of the machinery of the court. It is this question that Judge Cook passes up to the supreme court. Some of those under indictment who will be freed by a favorable decision from the supreme court are: A. K. Detweiler, T. V. Halsey, Louis Glass, Patrick Calhoun, William M. Abbott, Tyler Ford, G. H. Umbren, W. I. Brobe, E. J. Desabla Jr., F. G. Drum and John Martin.

### THE SALEM A NEW TYPE.

New War Cruiser Launched Today Is  
Expected to Add to the Efficiency  
of the Navy.

By Associated Press.  
Quincy, Mass., July 27.—A new type of war vessel and one that is expected to add greatly to the efficiency of the navy in time of war is to be launched here at noon today from the yards of the Falls River Ship Building company. The new vessel is the cruiser Salem whose duty it will be in war to look for and report the movements of the enemy. The Salem is to have a speed of 24 knots. This is greater than that of any cruiser in the navy. Several scout boats now building for the British navy are to have a slightly greater speed, but the American scout boat is expected to maintain her gait in any sort of weather and have twice the coal capacity of the British ships, thus giving her a much greater radius of action. The Salem is 423 feet 2 inches long, has a breadth of 46 feet 8 inches and a draft of 19 feet 11 1/2 inches. Her battery consists of three 5 inch rapid fire guns and has quarters for eighteen officers and 340 men will be provided.

"We Sell It For Less"

Indiana Avenue

WICHITA FALLS, TEXAS

### No Word From Lawton.

Up until four o'clock this afternoon no word had been received here by persons interested from the injunction proceedings against the citizens of Kell which was set for a hearing in the Federal court at Lawton yesterday. The people of Kell are being represented by Judge Ray, of Lawton and Hon. Horace Speed of Guthrie formerly United States Attorney in Oklahoma.

The case was set for a hearing at 1:30 p. m. yesterday and it is believed here that the case is still in progress. In connection with this case it was rumored late this afternoon, that some of our home people who were successful bidders in the Big Pasture land allotment, had been dispossessed and that the money they had paid on their claim had been forfeited. This rumor lacks confirmation and it is thought to be without foundation.

### Picnic at Petrolia.

Pertolia Woodmen of the World will give a picnic at Petrolia on Friday, August 9. The grounds are located in C. C. Groves' pasture a mile and a half north of the town.

Judge A. H. Carrigan of Wichita Falls, P. A. Martin of Graham, and S. A. Denny of Henrietta, have been invited to speak, and there will be other attractions besides the dinner. Every body is invited to come and bring a full chuck box.—Henrietta Independent.

### SENATOR PETTUS DYING.

Became Unconscious at Breakfast Table and Physicians Pronounce His Case Hopeless.

By Associated Press.

New York July 27.—A telegram from Hot Springs, N. C., received here today states that United States Senator Edmund W. Pettus, of Alabama was dying. He became unconscious while at the breakfast table yesterday at Hot Springs and has since remained unconscious. The physicians pronounce the case hopeless and say that the end may come at any time.

The fact that in case of war with Japan the Japs would seize the Philippines is advanced by a few administration supporters as an argument in favor of war. Anything to rid the administration of that "burden thrown into our laps by providence."

It is reported that New York harbor is too shallow to accommodate some of the big ocean liners. If it is lack of water the harbor commissioners might induce Harman to finance the harbor.

In figuring on the fine imposed upon the Standard Oil company it is to be hoped that Judge Landis will take into consideration the fact that the people are now experiencing difficulty in financing the ice box.

ANDY NORRIS.

### SEVEN THOUSAND POLICEMEN

Patrol the Highways and Byways of Berlin Hoping to Capture Fiendish "Jack the Ripper."

By Associated Press.

Berlin, July 27.—The criminal who yesterday stabbed five little girls on the streets of Berlin is still at large. The theory that finds the greatest favor among medical men, is that the man is an epileptic who has probably recovered his normal condition and is now without any recollection of what he did yesterday. That his attitude towards these dreadful acts is that of a complete stranger. He next will be heard of when in another seizure of the attack he kills another child. The newspapers have published warnings to parents and in all sections of the city children today are being kept in doors. All policemen, whether they were off duty last night or not, have been ordered out on patrol duty. Between 7,000 and 8,000 guardians of the peace are thus doing patrol service. Over six men were arrested during the night, but released this morning.

Instrumental Music.—Selected—Miss Ruby Morris.  
Vocal Solo.—Selected—Miss Katie Lou Avis.  
General Discussion of Japan, conducted by Mrs. J. F. Reed.  
Everybody is cordially invited to attend this special service.

**Threatening Panic.**

Whenever the people show any disposition to stop the extortion practiced by the trusts the trust magnates then threaten to bring a panic if they are disturbed. They learned it from the tariff barons who have for a generation warded off reform by the threat of panic.

Now comes the manipulators of our great railroad systems and threaten panic if they are interfered with. The trust magnates, the tariff barons and the railroad magnates have their hands in the pockets of the people and they demand that they shall be permitted to continue their exploitation of the public as the price at which they will allow the people to enjoy prosperity.

Have we reached the point where all legislation must await the consent of the beneficiaries of privilege and favoritism? Is this the condition to which the republicans have brought the country? The sooner reform comes the easier it will be accomplished—the longer it is delayed the more radical the change.—Bryan's Commoner.

When you have a trip to make to the country or some neighboring town let us run you out in one of our cars. We have never made a trip with our machines and had a breakdown or delay enroute. Phone 89.  
4-57-4f

WILLS AUTO CO.

"What is a liar?" queries the Baltimore American. The dictionary gives the old definition. The definition is: "One who has been 'big, sticked' and dares to resent it."

**GAINESVILLE 9, WICHITA 7.**

**Locals Defeated in a Slugging Match— Teams Play Tomorrow.**

Gainesville, July 26.—With catcher Connor back in the game today, Gainesville won for the first time since his injury last week, taking a game from Wichita Falls by a score of 9 to 7. The features were the heavy hitting of the locals and the batting rally of the visitors in the ninth. The teams play at Wood Lake near Denton Sunday. Score. R. H. E. Wichita Falls ..... 7. 7 4 Gainesville ..... 9 7 4 Batteries—Heigelfort and Woods; Westmoreland and Connor.

**Wichita Has a Fast Team.**

A delayed dispatch to the Times telling of Thursday's game has the following to say of the teams work Thursday:

Wichita's playing was of the hair-raising variety—brilliant fielding, and hard hitting, interspersed with daring runs on the bases marked the play of our boys on every given opportunity and had it not been in the miscarriage of team signals on two different occasions a higher score would have been made by our club. This fault will be remedied just as soon as the boys become accustomed to each others playing.

Bunch's work, while not up to the standard of past performances in the box was most "heady" especially when scores were imminent.

The consensus of opinion of those that witnessed Wichita's work yesterday is that the club that at present represents our city is one of the strongest teams, not excepting Denton, that has played in Gainesville this season and it is freely predicted that when Denton and Wichita play their series here next Monday, Tuesday and Wednesday a big surprise will be in store for the D. A. C's.

Manager Lucid, overlooking no opportunity to add strength to our club, has infused new blood into the team by the addition of "Dit" Spencer, first base; Pelby, left field; Neatherly, right field; Oram, pitcher; Woods, catcher. The two first named players were in yesterday's game and their fielding was of the most brilliant, while at the bat the new recruits carried off the honors of the game.

The club that Manager Lucid will return to Wichita Falls will be of the highest order and the people of our city, if they desire to maintain this fine club here, should begin a crusade at once among our citizens to raise more funds to meet the increased salary of the club.

At the request of both teams Frank Collier has consented to officiate as umpire for the series of three games with Denton. Frank knows all the points of the game and with him as umpire everybody is assured of a square deal.

**Plowing For Wheat.**

A number of Wichita Falls County farmers have already begun to plow for wheat sowing in the fall. This is especially true of those who did not plant their wheat fields with cotton last spring after the wheat had been destroyed by the green bug.

It is thought that the wheat acreage this fall will be considerably smaller than in former years. This is certain to be true if the cotton crops this season is a good one.

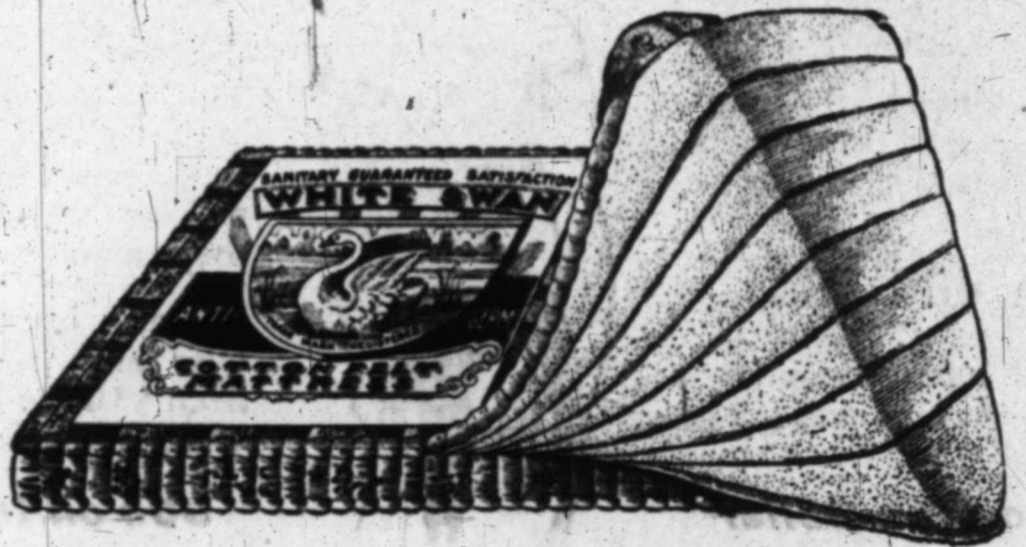

Very little wheat was thrashed in this county this season. In fact the only thrashing of which the Times has been informed was done on R. S. Hawkins farm near Burkburnett. His crop yielded four bushels per acre and in all 436 bushels were thrashed. Mr. Hawkins has sold all his crop for seed at \$1 per bushel.

**Are You Superstitious?**

If you are superstitious about the number 13 you had better give us all your quarter dollars, for on each one is 13 stars, 13 letters in the script in the eagle's beak, 13 leaves on the olive branch, 13 arrow heads and 15 letters in the word "quarter dollar." Now it's not safe to keep them, just bring them in and get credit on your subscription for the full amount.

Do you need a mixing bowl, or a baking dish? We have just received a large shipment. Get yours now before our stock is broken. Mrs. Hardesty's Nickel store. 63-3t

### LAND BUREAU OF THE M. K. & T. ASKS FOR COLLECTION OF AGRICULTURAL PRODUCTS

### TO ADVERTISE WICHITA

Exhibits Will Be Displayed at the State Fairs in the North and East.

J. A. Kemp is in receipt of a communication from G. S. Langston, secretary of the Missouri, Kansas and Texas railway land bureau asking that he give his aid in securing an industrial exhibit showing the agricultural products of the Wichita country.

Mr. Kemp has turned the letter over to Mr. Myles, the secretary of the Wichita Falls Chamber of Commerce, who will take steps to get up a good exhibit.

As explained in Mr. Langston's letter, the M. K and T. will make an exhibit of the products from the country along its lines at the principal state fairs in the North and East. The exhibits from each town will be labeled with the name of the exhibitor and the place from which the exhibit came, and will be accompanied by such advertising matter as will be provided.

A special train will go over the M. K. and T. lines collecting these exhibits. The train is scheduled to be in Wichita Falls on August 13th and 14th.

A more detailed statement concerning these exhibits will be published in the Times next week.

The proposition offers a splendid opportunity to advertise this country effectively without expense, and everybody should work together to get up a good exhibit.

### OIL FIELD NEWS.

Eight Rigs Working—Clayco's Deep Well.

J. E. Harper of Petrolia, was in town Wednesday and reported eight rigs at work in the oil fields.

Some new wells have come in recently, but none of them come up to the one brought in on the Lockridge tract in March. This well is pumped regularly and gives up 75 barrels a day. Most of the wells brought in since, he says, are around 25 barrels. Heath Oil Co. got a 50 barrel well, but in attempting to go deeper lost the drill and had to abandon the hole.

The Clayco Co. is doing some experimental work on a deep well.

### A Story From Burkburnett.

A rather remarkable story reaches the Times from Burkburnett. As the story goes a mule running at large, strayed in a yard where some of the housewives of that town had hung out some washing to dry. While perambulating through the line, the mule, in some manner ran its head and long ears through a "wrapper" on the line. The mule frightened lunged forward carrying the garment with it. With the loosely fitting dress flapping about its houlders the mule became wild with fright and ran a mad course of over six miles frightening all the horses it met. The mule's fright was finally brought to an end in a barbed wire fence, where the poor animal was badly cut.

The Washington Herald, noting the attacks on Collier's Weekly on Vice-President Fairbanks, ventures the opinion that Collier's is "dubbing around a dead card." We confess ignorance to the technical meaning of the expression, but it sounds about right.

A Wisconsin man has just received a letter mailed to him in Norway in 1875. Show this to your wife and convince her that it is not your fault if her letter failed to reach its destination in proper time.

### HINTS FOR FARMERS

#### Grinding Corn For Hogs.

For the past nine years the Wisconsin experiment station has been conducting tests to determine whether grinding corn for hogs is desirable. In the tests previous to 1903-04 middlings were fed with the corn. That year corn was fed alone, but the results were so unsatisfactory as regards thrift, appetite, gain and feed consumed per pound of gain that it was not considered desirable to omit middlings in subsequent years.

The results have varied a little from year to year, but considering the average of all the tests—117 hogs fed dry shelled corn and wheat middlings made an average gain of 96.8 pounds each, while an equal number fed corn meal and wheat middlings gained 110.9 pounds each, the feed required per pound of gain in the two cases being 5.19 pounds and 4.88 pounds. The saving from grinding, therefore, has amounted to 5.7 per cent.

#### Shredding Corn in South.

Those who have been neglecting their corn fodder in the south would do well to heed the following advice from Southern Cultivator: Shredding corn is one of the economic problems of the farm. No farm should think of wasting anything that has food value. The food problem is the greatest problem we have for solution. It is much larger than "king cotton." We must learn to grow and save food for plants, animals and people. To feed animals and thereby save the manure to feed our plants should demand our very best skill and efforts. Prepare to save your cornstalks.

#### Poultry on the Farm.

Farmers are coming to realize that nothing on the farm pays larger returns than poultry for the money and time invested. Therefore they are giving more and more attention to their poultry each year and seeking the best ways to improve their flocks. Many flocks are earning big profits for their owners, but these owners are men that give poultry the place on the farm that it should fill. The care of such flocks take thought, time and money, but they give ample return for each and all of these expenditures. Why not try it yourself?—M. L. Dawson in Successful Farming.

#### To Give Medicine to Horses.

Ordinary remedies can be administered to horses in the form of a drench by adding a pint of water or a ball by mixing with linseed meal and molasses and making a roll half an inch in diameter and two inches long. Harsh remedies should always be given in water, gruel or beaten up with an egg. To make a horse eat medicine in a mash or in grain, take some of the medicine and rub the horse's nose with it before you allow him to smell the grain. The smell of the medicine on his nose deceives him, and he will eat the grain without any trouble.

#### Starting a Sheep Flock.

A successful sheep grower of wide experience says: The flock of twenty-five will yield better results per head than 100 and 100 better than 300. There are a great many things about handling sheep that cannot be put on paper, nor learned through instruction, nor in any other way than experience. We know of no business in which there are greater returns for the money invested than in this, and we know none which so absolutely requires that the right thing be done at the right time and in the right way, so don't start with too many.

#### Dry Corn For Sheep.

Dry corn gives better results than soaked corn for sheep owing to the better secretion of saliva in eating the dry corn. Oats make a satisfactory ration when given to fattening lambs, but it requires about 25 per cent more oats than corn for a given gain. It requires about twice as much corn as grain for lambs. Roots should be fed in combination with grain. A ration of equal parts of corn and oats or two parts of oats to one of corn, fed with roots, is an economical ration for fattening lambs.—Farm Progress.

#### Remedy For Hog Cholera.

Here is a good recipe for hog cholera, which I wish you would publish. writes an Illinois farmer to Farm Progress. It's not a humbug remedy: Wood charcoal, one pound; sulphur, one pound; sodium chloride, two pounds; sodium bicarbonate, two pounds; sodium hypsulphite, two pounds; sodium sulphate, one pound; antimony sulphid, one pound. These ingredients should be completely pulverized and mixed. Dose, one table-spoonful to each 200 pound hog.

#### The Hen in Summer.

Summer is the time when the farm poultry makes up for lost time. Fresh eggs are in demand, too—in fact, they always are. Market often. It pays. Feed milk to the laying hens. It contains just the ingredients for producing eggs. Biddy likes it, too, so give her plenty of it if you wish eggs.—Western Life.

## PERSONAL MENTION

Born—To Mr. and Mrs. Chaney, a nine-pound boy today.

Lon Bennett, the Seymour miller, is in the city today on business.

W. E. Thomas of Burkburnett was a business visitor here yesterday.

Mr. Joseph Stephens of Thornbury, was among the farmers who were transacting business in this city today.

Miss Hazel Hunt, of Bowle, who has been visiting the family of Dr. S. T. Coffield, returned home today.

Edison and Miss Nellie Jalonick, who have been visiting their uncle in Dallas for the past month, returned to their home in this city.

T. R. T. Orth has purchased the quarter block adjoining his residence which was known as the Dr. Reed house, and will at once begin the erection of a six room house, which is to be a duplicate of the old Presbyterian Manse.

F. D. Smyth and wife, of Dundee, Texas passed through the city today enroute to Ft. Worth to meet their son, C. C. Smyth, who has been in the U. S. navy for the past four years. Mr. Smyth will return home with his parents to enjoy the pleasures of home life again.

J. L. McConkey, W. S. Bentley, W. H. and J. E. Downing and H. B. Karrenbrock have returned from College Station where they attended the farmers congress. They report an excellent meeting from which all of them received many practical ideas.

Mr. and Mrs. Walter Long were among those who attended the Old Settlers Reunion at Decatur this week. They returned Thursday and report a large attendance. The day Senator Balley spoke the crowd was estimated at 10,000 people.

Sheriff Baker, of Montague County was here today and upon his return took with him, the prisoner Hughes, who was convicted on a charge of burglary several days ago and sentenced to two years imprisonment. Hughes will be tried at Montague on a similar charge.

Miss Lillian Bachman entertained a crowd of young folks last evening in honor of her sixteenth birthday at the home of her parents, Mr. and Mrs. H. J. Bachman. Refreshments were served and a happy time enjoyed by the guests.

Congressman John W. Stevens, is in the city.

Born—Today to Mr. and Mrs. Chaney; a nine pound boy.

Craig Boyd, of Amarillo is in the city visiting his mother.

Mr. and Mrs. H. B. Patterson are visiting friends in Amarillo.

Mrs. W. H. Harris is visiting with friends at Celeste this week.

Mr. and Mrs. R. C. Napier of Dallas are visiting with relatives in this city.

Mrs. W. H. Harris is visiting relatives and friends in Celeste, Texas, this week.

Doctor Meredith, of Dundee, Texas, was hand shaking with his friends here today.

Mrs. S. E. Clansnitzer and children of Qunah, are in the city, visiting relatives.

James B. Dickson, a prominent real estate man of Seymour, is in the city on business.

Jim Dean returned home today from Amarillo where he had been visiting his brother, Scurry.

Messrs. J. C. Whaley and A. F. Jones, of Gainesville were in the city yesterday on business.

Miss Joy Brightwell, of Waco, and Miss Nancy Jessey, of Qunah are the guests of Miss Eula Havener.

Miss Hazel Hunt, of Bowle, who has been visiting the family of Dr. S. T. Coffield, returned home today.

J. S. Vick, an old time Wichita Falls resident, but now of Hollis, Oklahoma, accompanied by his wife, passed through here today on his way to Seymour, where they will visit Mrs. Vick's relatives.

Mr. Sshwab says: "This country can build five battleships to Japan's one." What Mr. Schwab means is that this country can pay for five battleships to Japan's one, and Mr. Schwab and his merry trust friends can build 'em as fast as the country will pay exorbitant prices for them.

The five year lease held by the Federal government on the room occupied by the post office in the Kemp & Larker block will expire in Sept.

It is understood that if the lease is renewed the government will ask the owners to enlarge the room, as the volume of mail now handled makes the present quarters inadequate.

**Here is Something We Never Mentioned!**  
**Although we have handled it for 15 years**

Its Hudson Table Syrup—a blend of Pure Vermont Maple and Cane Syrup—not a drop of glucose or any other foreign substance. Maple and Cane Syrup only—one as pure as the other—complies with all pure food laws, State and National. Our sale on this syrup has been so large and satisfactory we have not deemed it necessary to advertise it, but have concluded it is to our best interest to let everybody know about a good thing. If you were not told you would not know but what it was a strictly pure maple syrup and in fact if you will take the trouble to read the labels you will find that most of the high-priced, so-called "pure" Maple Syrups are pleading to a mixture of cane. So, why pay from \$1.50 to \$1.75 for an article you can buy for \$1.00. That's the price of Hudson. Your money cheerfully refunded if not satisfied.
