FACTS FOR SENATE

SECRETARY CORTELYOU GIVES A DETAILED STATEMENT CONCERNING BOND ISSUE.

ACTION WAS NECESSARY

Government Compelled to Take Resolute Steps to Alleviate Panic and Restore Confidence.

By Associated Press.
Washington, D. C., Jan. 29.—In response to the resolution agreed to by the senate on December 21st, 1907, Secretary of the Treasury Cortelyou today transmitted to that body a detailed statement concerning the award of the Panama bonds and three percent certificates in connection with the recent financial transactions of the government. Secretary Cortelyou defends the issue of the Panama bonds and treasury certificates by saying that it was advisable to take some strong and resolute step by which to convince the public, both at home and abroad, that the government was thoroughly alive to the situation and determined to give its aid in every possible legal and proper form. The total amount bid for Panama canal bonds, the secretary says, amounted to \$2,220,604,580, or more than four times the amount offered, but that on examination it was shown that many bids were made by persons who were personally incapable of making the small preliminary payment, if required.

McDONALD SAYS HE WILL SUE.

State Revenue Agent Announces Action Will Ensnare.

Austin, Tex., Jan. 28.—Captain W. J. McDonald, state revenue agent, stated today that he would sue persons who failed to pay their occupation taxes regardless of the fact that the criminal prosecutions are to be dismissed. The attorney general held that criminal prosecution could not be carried on under a law that had been repealed for the collection of taxes. This will prevent the filing of civil suits to recover the taxes due. The suits will likely be brought in Travis county.

NIGHT RIDERS BURN BARN.

Use Torch to Intimidate Grower Not Member of Association.

By Associated Press.

Odd Fellows Have Banquet.

Last Monday the members of Panhandle lodge No. 341 I. O. O. F. held a rousing meeting at which Hon. P. A. Martin of Graham delivered an inspiring talk. W. J. HARDING-COBB NUPTIALS.

Former Wichita Falls Girl Married to Amarillo Ranchman.

Amarillo Panhandle—Tuesday.
At high noon today in St. Andrew's church Rev. E. McQueen Gray of Carlsbad, N. M., officiated at the wedding of Miss Virginia Leoma Cobb to Mr. Henry Clay Harding.

For the wedding the attractive interior of St. Andrew's Church had been touched with color, with sprays of Southern smilax, which lined the arches in front of the church, twined about the organ, the desk, the pulpit and crucifixes. Smilax and ferns arranged over the rich cloth of the altar centered and completed the quiet beauty of the whole.

At 12 o'clock, in accompaniment by the organist, Miss Sadie Thompson, Mrs. Adrian Driggs sang "All For You." Then to the measure of Mendelssohn's wedding march, ushered by Mr. J. W. Hoover and preceded by the matron of honor, Mrs. Avery Turner, the bride on the arm of her father, Major Cobb, entered the door of the church. At the altar where Rev. Gray awaited them, they were joined by the groom, ushered by Mr. A. P. Mitchell.

During the giving and hearing of the solemn responses of the ceremony, Miss Thompson played softly and after the invocation she played the march from Lohengrin as a recessional, and Mr. and Mrs. Harding, the matron of honor, with Major Cobb, Mr. and Mrs. Stinnett, and the ushers, left the church to take the calls in waiting to carry them to the train.

Mrs. Harding is the daughter of Major Cobb of Wichita Falls, a distinguished Confederate veteran who was commander of Cobb's battery during the civil war. For over four years she has made her home in Amarillo with her sister, Mrs. A. S. Stinnett. Her charm and her social graces have made her a favorite with her friends and she is sped with best wishes on her wedding journey by a host of friends who wait to welcome her back home.

Henry C. Harding is one of the best and most favorably known men in West Texas today. As a member of the LX ranch till its dissolution, he showed the same ability to deal with the changing conditions in the business that has made him successful in his own business and as a commission man. Besides owning extensive ranching interests in eastern New Mexico, Mr. Harding is a member of the recently organized Western Land and Commission Company.

Mr. and Mrs. Harding left on the 12:45 train this afternoon for El Paso and points in old Mexico, where they will spend several weeks. After March 1st they will be at home in their new residence at Sixteenth and Lincoln streets, in this city.

By Associated Press.
Dallas, Tex., Jan. 29.—Mistaking his father-in-law for a burglar, A. C. Burr shot and instantly killed William Connor early this morning. Connor, who was about 60 years old, made his home with his son-in-law in this city. Early this morning Connor got out of bed and was moving about the room. Burr was awakened and, thinking a burglar was in the house, fired at the dimly outlined figure. The bullet struck Connor in the forehead over the right eye, penetrating the brain and causing almost instant death. Burr is prostrated with grief over his deplorable mistake.

The Sick.

D. W. James is sick at his home on Scott avenue with pneumonia.

Miss Mary Stroud of Groesbeck, Texas, a student at St. Mary's Academy and a niece of Mrs. Leis Boyd, is sick with pneumonia. She is doing nicely and unless unlooked for developments arise, will soon recover.

Three members of the Times force are off duty today on account of illness. L. P. Webb, circulator and reporter, W. M. Huey, foreman of the press room and William Bachman, make-up man, are all victims of the grippe.

The 12-year-old son of C. W. Huey was seriously burned several days ago while making candy at his home across the Denver tracks. As the boy was stirring the melted sugar in the pan it flew up in his face, causing severe burns. He was burned about the eyes and it is not yet certain that his eyesight will not be affected by the injury.

J. W. Field, chief engineer for the Wichita Falls and Northwestern, who came home from Olney several days ago on account of being ill, is now suffering from an attack of pneumonia. He is at his room on Indiana avenue near Mrs. Joline's boarding house. Last night his condition was considered serious, but this afternoon he was some better.

TRUE GHOST STORY

WEIRD PICTURE OF A MAN APPEARED ON MIRROR AT GAINESVILLE.

HALF A HUNDRED SAW IT

Apparition Remained on Glass for Several Hours and Then Slowly Faded Away.

Gainesville Messenger.

Of all the peculiar stories that have been told in this city recently, the following takes the prize, but that it is absolutely true is vouched for by almost half a hundred people who saw the weird image which caused the excitement.

Last Friday afternoon Mrs. J. N. Shacklett was sitting in her bedroom at her home on South Clements street when she glanced in the mirror and noticed a dark spot on it. Watching the dark place, she saw it take the shape of a man's head and after a few minutes, she beheld the unmistakable features of her brother, Lester Harrison, who lives in Vernon.

Mrs. Shacklett was frightened and called to her sister. Her sister immediately recognized the features of her brother, and called for other people. Within the space of an hour, probably fifty people had been called in to witness the phenomenon, and everyone acquainted with Harrison recognized his features.

About 8 o'clock the next morning the picture began to fade and within a few minutes it had entirely disappeared.

The peculiar occurrence aroused the curiosity of all who saw it and thus far no one has offered any explanation. At first it was thought that the heat had affected the quicksilver on the back of the mirror, but when the image disappeared, the mirror was as clear as ever before; others offered the explanation that it was the reflection of a photograph, but this was upset for the reason that there was no picture of him in the room; in fact, the only picture of him in the house was a crayon drawing which was very different from the one on the mirror.

In one room of the house was his picture in which he had posed for the crayon artist and in this he wore a hat. The doors between the rooms were closed and yet in the mirror could be seen his bust, but he wore no hat, his forehead being plainly visible.

Soon after the image was discovered in the mirror, a phone call was put in for Harrison in Vernon and he responded promptly. He was told of the phenomenon and on the next morning he rang up to see how his picture was getting along.

Among those who were called in to see the image were Cad Shacklett, Mrs. J. R. Jordan and daughters, Miss May Stith, Mr. and Mrs. Bob Willis and Dan Bosley. There can be no question of fact that the picture was

on the mirror; it was seen by too many reputable witnesses to deny that; so it is now up to the scientist to explain it.

For a time Mrs. Shacklett thought it was some trick, and she took soap and water, sapollo and sal-soda and tried to wash it off, but this made not the least impression on the picture. It was as clear after each bath as it had been before.

ANTIS KEEP EYES ON POLL TAX RECORD.

BOTH SIDES AROUSED

The Way is Being Opened for Probable Anti Voters to Pay Their Poll Taxes.

Abilene Reporter.
 Information comes from El Paso that the saloon men and anti-prohibitionists in general are thoroughly organized and hold cash ready to pay one thousand poll taxes for those who can reasonably be counted on to cast an anti ballot. Not only does this condition exist in El Paso, but in all parts of the State, especially along the Rio Grande. The prospects for a State prohibition election have aroused both pros and anti, but there is a difference in the manner in which representatives of each side of the question are working, and it is very evident that the anti plan will prove more effective when the time rolls around to vote. While the pros are occupying the stump in almost every nook and corner of the State, telling of the evils of the open saloon and convincing the people that prohibition is not a political question, the anti-prohibitionists are keeping quiet and investigating the record of poll tax payments. Where a probable anti has not yet secured his poll tax an investigation follows, and if proved that his delinquency is from want of the required amount, the way is opened for him to become a full fledged voter. It occurs that the pros are sleeping on their rights and could learn something of value by watching the manner of procedure of the anti. It is the votes that count and when election time comes, it is the man with the poll tax receipt who is going to say how things are going.

DINGLEY RECIPROCITY.

The meaning of reciprocity under the Dingley system appears fully in the French trade agreement under the Dingley bill, signed in Washington yesterday, and scheduled to go into effect on February 1st, without being submitted to the senate as a treaty, though the constitution requires all treaties with foreign countries to be ratified by the senate before they become effective.

As the leading provisions of this reciprocity are defined, France will admit petroleum products and meat products from this country with minimum tariff rates on petroleum and less severe inspection of meat products.

This will be of great and immediate benefit to the Standard Oil Company and to the combinations in Chicago which control so much of the marketable surplus of exported dressed and canned meat products.

By way of "reciprocity" to France, the agreement provides as its greatest concession an "abatment of 20 per cent in the duty on champagne."

American taxpayers who wish to buy woolen goods cheaper for everyday wear must either pay the price charged them at home under the Dingley bill or the price in open market plus an average Dingley rate of \$89.42 tax on every \$100 worth of average woolen goods allowed to pass the Dingley guards. But those who want more and cheaper champagne as one of the necessities of their existence can get it past the Dingley lines at a reciprocity reduction of \$20 on the \$100. So the reciprocity fraud completes the system of fraudulent taxation for purposes of graft.—St. Louis Republic.

Down in the south part of the State a few days ago a fellow who is a candidate for county office was asked the question: "Are you for Bailey or against him?" His prompt reply was: "Mr. Bailey is not a candidate for office; I am. Ask him is he for or against me." The report does not say which side of the question that fellow was lined up on during the recent "Bailey investigation," but his manner of meeting the question is to be admired. Senator Bailey is a pretty big fellow, but he is not the whole cheese. It will be ample time to make "for" or "against" Bailey an issue when that gentleman again comes before the people asking for an endorsement of his record.

Only two more days left in which to take out "license" to vote in the 1908 election. These licenses are issued in the form of poll tax receipts and the price is \$1.75 for county and State, and \$1.00 for the city. In the event you reside within the city limits, you will be required to show before voting at any election both a city and county poll tax receipt, which must be issued prior to February 1st, 1908.

The man who has resided in a town for years and does not know what a poll tax receipt looks like is hardly in a position to give advice on matters concerning the general welfare of the public.

GOVERNOR PARDONS THREE.

Had Been Sentenced for Setting Fierce Dog on a Traveling Printer.

Whitney, Tex., Jan. 27.—A pardon has been issued by Governor Campbell in favor of Lem Gribble, George Gribble and B. R. Hector of Mount Calm, Hill county, Texas. These are the men charged with setting a fierce dog on Legon Carlin, a tourist printer, nearly a year ago. It was also proved that the unfortunate printer was greatly intimidated and made to saw wood with a crosscut saw for a long time.

The offenders were convicted and sentenced to fifteen months imprisonment and a fine of \$500 each, the charge being aggravated assault and battery. The convicts had served ten months of their time when the pardon came from the governor. This case has caused more comment than any other case in these parts for years. Carlin has gone to parts unknown.

SAYS NO DANGER OF GREEN-BUG.

Secretary Dorsey of Texas Grain Dealers' Association Optimistic as to Texas Crop Prospects.

Fort Worth, Tex., Jan. 28.—"Considerable inquiry among the members of the association present today develops the fact that there is not the slightest sign of the greenbug and that Texas will be absolutely free from the pest this year. This is further assured from the fact that the green bug has already appeared in Kansas, and inasmuch as the pest goes north instead of south, Texas is not in the slightest danger."

Such was the statement of Secretary H. B. Dorsey of the Texas Grain Dealers' Association tonight at the close of the first day's session of the arbitration committee of the association. Mr. Dorsey also said:

"The Texas farmer certainly has the opportunity of his life before him, and with the best of prospects it is well that he pay considerable attention to the future oat crop. Inasmuch as the 1907 crop was decidedly short and the present prices are the highest recalled in the history of the State by many of the oldest settlers, Texas oats will no doubt be absorbed at the present prices, at harvest, and it is a chance not to be overlooked by the Texas farmer. The growing crop is in the finest condition and everything looks mighty good for the Texas farmer."

ODD THINGS IN A DAY'S NEWS.

Jacob Stauffer of Camp Hill, Pa., started four times to visit his daughter and met with an accident each time.

A barber at Vineland, N. J., had in his shop the other day at one time George Cain, Edgar Abel, Weber Adam and Eve Jackson.

Fritz Scheff's \$1,000 prize dog, Pom-Pom, was operated on yesterday in Boston for appendicitis. The animal travels in a private car.

Morris Lippman, aged 23 years, of New York, laughed so much that an attack of heart disease followed, and he died before a physician could reach him.

H. C. Ferguson of St. Louis gave up his seat in a street car to an elderly woman, a stranger to him, who asked his name and address, and a few days later he received an envelope containing a \$5 note.

A citizen in St. Louis says the 125 tons of garbage collected daily will yield about 5,000 gallons of alcohol, enough to furnish heat and automobile fuel and lights for every street and home in the city.

Lace Bags.

Lace handkerchief bags that can be lightly attached to the wrist or arm for evening wear, are among the latest of our dress luxuries, and will certainly "catch on" for "grand tenue." One seen the other day was shaped in "point de Flandre," delicately mounted over an ivory silk foundation, and finished with ribbon drawstrings and a frill of silk and lace at the top. For those who cannot run to such refinements of luxury there are the prettiest little "vanity bags" in Pompadour silks, which are charming for evening wear.

Leather or suede bags, in hues matching the tone of the gown, are the morning equivalent, and some of these are exceedingly "chic." No wonder our poor despised pockets are nowhere to be seen.

DENVER TRAIN KILLS MAN.

Henry Sawyer Receives Fatal Injuries Near Bellevue.

Bellevue, Tex., Jan. 28.—The south-bound fast mail train on the Fort Worth and Denver killed a section laborer, Henry Sawyer, today at Dick-worsham, nine miles northwest of this place. Sawyer was walking beside the main line and the cross track, but was so close that the crosstie on the pilot of the engine struck him on the back of the head, fracturing the skull and breaking the left arm and leg. He was picked up by the train crew, and when the train reached this place he expired before medical attention could be rendered.

We take this means of thanking those who gave us such liberal orders during the month just closing and solicit a continuance of same for February. Nutt, Stevens & Hardeman. 222-2t
