WICHITA FALLS, TEXAS, THURSDAY JANUARY 30, 1908

NUMBER 223

THE AMENDED BILL

SENATOR ALDRICH REPORTS FINANCIAL MEASURE BACK TO THE SENATE.

NOTE LIMIT INCREASED

Amount of Circulating Notes Increased From \$250,000,000 to \$500,000,000. Other Features.

By Associated Press. Washington, D. C., Jan. 30.—The Aldrich financial bill, which has been in the hands of the committee on finance since its introduction in the senate on January 7th, was reported back to the senate today by Senator Aldrich. The character of the bill remains the same as when introduced. The limit of circulating notes which may be issued under the proposed act has been raised from two hundred and fifty millions to five hundred million dollars. An amendment is made, which is taken to mean that bonds issued by school districts and townships will be acceptable for circulating notes, providing they conform to the requirements specified. Banks are required to hold two-thirds of their lawful reserve in money.

OIL CASE UNDECIDED.

Session Day of Supreme Court Passes Without Waters-Pierce Action.

Austin, Tex., Jan. 29.—Another session day of the supreme court passed and no action taken on the application of the Waters-Pierce Oil Company for writ of error from the judgment of the lower court and affirmed in the appellate court appointing a receiver for the property. It is declared that as the application has been under consideration for about two months, the theory therefore advanced grows stronger than ever that the court is waiting the appeal and record in the main or outer and penalty case.

Motion for rehearing of the affirmation in the appellate court was overruled January 15th. The company has thirty days in which to sue out a writ of error. It will be February 14th before the company sends up application for writ of error. The supreme court appears to be waiting for this record and then consider both cases at once.

BRYAN ARRANGES CONFERENCE.

Will Have Culberson, Williams and Clayton as Dinner Guests.

Washington, Jan. 29.—Mr. Bryan will be back in Washington tomorrow morning to remain until Friday. Mr. Bryan has asked Senator Culberson, John Sharp Williams and Representative Clayton to take dinner with him tomorrow evening.

Mr. Clayton, in addition to being national committeeman from Alabama, is chairman of the democratic caucus in the house. It is understood that matters of importance, both with respect to legislation and party course, will be discussed.

The question as to the advisability of Mr. Bryan's being a candidate again will probably not be referred to, certainly not unless Mr. Bryan should bring it up.

WILL PLEAD INSANITY.

Moses Lewis, Charged With Leland Terhune, Suffers From Confinement. Special to the Times.

Roswell, N. M., Jan. 30.—Moses Lewis, charged with the killing of his cousin, Leland S. Terhune, of Iowa Park, Texas, is becoming more emaciated daily from his confinement and it was announced today that the defense would make a plea of insanity in the coming trial.

COLD IN PHILADELPHIA.

Minimum Temperature in Quaker City Was Eleven Below Zero.

By Associated Press. Philadelphia, Pa., Jan. 30.—The coldest weather in Eastern Pennsylvania this season was experienced today. The minimum temperature in this city today was eleven degrees below zero.

HUGHES IS ENDORSED.

Republican County Committee at New York Indorse Him for Presidency.

New York, Jan. 29.—Gov. Charles E. Hughes was strongly endorsed for the republican nomination for the presidency and the administration of President Roosevelt was commended in a resolution unanimously adopted by the Republican County Committee at a meeting tonight. The resolution further favored an instructed delegation to the Chicago convention from this State for Governor Hughes which shall use all honorable means to obtain his nomination until he is either nominated or directs the withdrawal of his name from the consideration of the convention. The committee under the resolution pledges itself to do all in its power to have congressional conventions and the State convention adopt resolutions instructing for Governor Hughes.

The indorsement of Gov. Hughes for the presidency has come up for consideration at two previous meetings of the county committee and each time resolutions to that effect were tabled after warm debates. The action of the committee on these occasions was productive of much feeling among the committeemen, and Secretary Parsons, chairman of the committee, stated that he did not desire his friends to divide his interest in any State which had a candidate of its own, and that he would greatly deprecate such a contest which imperils republican victory in New York in November.

JUMPED THROUGH WINDOW.

Bond Jumper Gains Liberty By Leap From Train.

Fort Worth, Tex., Jan. 30.—Monte Needham, aged 25, who was arrested at Tyler, Texas, after skipping a \$1000 bond given at Comanche, Oklahoma, escaped here early this morning by jumping through a car window on the Rock Island railroad.

FLOTILLA SAILS FOR PUNTA ARENAS

By Associated Press. Buenos Ayres, Jan. 30.—The flotilla of American torpedo boats under command of Lieutenant H. I. Cone, on its way from Hampton Roads to Magdalena Bay, sailed from this port at 9 o'clock this morning for Punta Arenas, after a stay here of four days.

The North American Society of the River Platte entertained the visiting officers and men yesterday, with field sports of various kinds and a collation. Over a thousand residents of Buenos Ayres were among the guests.

AN INSULT TO MOTHERHOOD.

Minneapolis Women to Enjoin Theatre From Giving Away Baby.

By Associated Press. Minneapolis, Minn., Jan. 30.—Incensed at what they term "an insult to motherhood," certain women of Minneapolis are banding together in an effort to compel the managers of a local theatre to desist from their announced plan of giving away chances on a six weeks old child to all women who attend the matinee performance at the play house in the near future. As a last resort it is declared they will attempt to secure an injunction from the court to prevent the giving away of the baby.

Citizens Remonstrate.

The county commissioners met in special session today to consider the remonstrance of residents of the Crescent Lake addition to the post house recently built in that vicinity by the county.

The citizens declare that the pest house in that neighborhood is a menace to the health of the residents of the addition and say that if the commissioners attempt to place persons afflicted with virulent or contagious diseases there that they will institute injunction proceedings.

The commissioners were out looking over the ground this afternoon and what action they propose to take could not be learned.

It is estimated that the initial cost of the new plant will be about six million dollars. New steel plants are also projected in Japan and India. The total cost of the three plants is in excess of twenty-five million dollars.

AMARILLO COURT BILL PASSES.

House Tacks Two Amendments on Culberson Measure.

Washington, D. C., Jan. 29.—The house this morning passed the bill introduced in the senate by Senator Culberson establishing a division of Federal Court for the Northern District of Texas at Amarillo. The bill was called up under the unanimous consent rule by Mr. Stephens.

Two amendments were adopted, which will necessitate the return of the bill to the senate for concurrence.

One of these amendments provides that the terms of court at Amarillo shall begin on the first Monday in April and the first Monday in September. As it passed the senate this was left to the discretion of the judge.

MAN AND CHILD DIE IN FIRE.

Father Rescues Four Children and is Burned to Death Near the Fifth.

McAlester, Ok., Jan. 29.—Howard Ratliff and his young child were burned to death in a fire which totally destroyed their home at Hartshorne last night. When the flames awoke the father he rescued four children sleeping in another room and, returning for the younger, which had been sleeping with him, he was overcome by the flames and probably never reached the child, as his body was found just inside of the door and that of the child on the bed. Both were burned to a crisp. The mother and two other children were away from home.

ALL ROADS BEHIND SUITS.

Intangible Tax Question Will Be Carried Into U. S. Supreme Court.

Dallas, Tex., Jan. 30.—It was announced here today that all the Texas railroads were backing the Katy's suit testing the intangible tax law. The Katy is seeking injunctions in Dallas, Fort Worth, Sherman and Denison to restrain the county collectors from obtaining more than fifty per cent of the amount demanded. Assistant Attorney General Pollard is here this afternoon and is defending the statute before the district court. Both sides declare that they will fight it out in the Federal supreme court before quitting. Should the court hold the law invalid the State will lose over a million dollars annually.

JEROME'S CLOSING SPEECH.

Great Crowd in Court Room to Hear District Attorney.

By Associated Press. New York, Jan. 30.—There was another crush in the criminal courts building today to hear District Attorney Jerome make his closing address for the State. Evelyn Nesbit Thaw and Josiah Thaw were the only members of the defendant's family present when Mr. Jerome began at 11 o'clock this morning.

District Attorney Jerome in his plea today stated that there was absolutely nothing in the case presented to the jury to show that Thaw was so insane on the night of the tragedy that he did not know the nature and quality of his act or that the act was not wrong. He signified his willingness, however, to accept a verdict of less than murder in the first degree.

Justice Dowling announced as the luncheon recess was taken today that he would not charge the jury until tomorrow. Attorney Jerome will conclude his speech this afternoon.

SEVERAL SUITS FILED.

Katy Road Will Fight Payment of Intangible Tax.

The Missouri, Kansas and Texas Railway Company has filed injunction suits at Dallas, Greenville, Sherman and other places in the State to enjoin the collection of intangible taxes. In all of the suits the complaints are similar to that of the Wichita Falls Railway Company, filed in the district court here several months ago.

In the case here a statement of facts has been presented to Judge Carrigan and he will take up the consideration of the statement as soon as he finishes the criminal docket in his court. It is probable that a decision will be given in the local suit before any of the Katy suits are decided and for this reason much interest will be centered upon Judge Carrigan's ruling.

NOT GUILTY WAS JURY'S VERDICT

After being out a little over four hours the jury in the trial of Ed. Waggoner, charged with the murder of John Bufford, a negro, returned a verdict of "not guilty." This morning the work of securing a jury from a special venire for the trial of Will Bennett, a negro, who is charged with murder for the killing of Gus Collins, another negro, was begun.

Bennett is being defended by Attorneys L. H. Mathis and Joe Barwise.

MCKINLEY ARRESTED.

Man Convicted of Land Grabbing is Caught at Hong Kong.

By Associated Press. Portland, Ore., Jan. 30.—The Oregonian today says that Horace G. McKinley, who was convicted of stealing government land and who escaped from this country to the Orient while awaiting sentence, sailed from Hong Kong for Portland yesterday in charge of detectives.

SHERIFF'S POSSE IN PURSUIT.

Safe Robbers at Soper, Ok., Escape After Running Fight With Citizens.

Special to the Times. Norman, Ok., Jan. 30.—A gang of robbers early today dynamited the postoffice safe at Soper, a small town near here, and secured several hundred dollars in stamps and cash. The explosion wrecked the building and the robbers escaped on horseback, after a running fight with citizens. The sheriff with a posse and bloodhounds is in pursuit.

ELLIOTT SANDERS DEAD.

Rock Island Traveling Passenger Agent Succumbs to Pneumonia.

Special to the Times. Dallas, Tex., Jan. 30.—Elliott Sanders, a traveling passenger agent for the Rock Island railroad, died in this city this morning of pneumonia. The deceased was a nephew of J. Sanders the democratic nominee for governor of Louisiana.

LOST THEIR SAVINGS

ANNOUNCEMENT OF BANK SUSPENSION DISCONCERTED THE OPERA PERFORMERS.

NEW YORK BANK CLOSES

New Amsterdam National Bank Taken Over By the Comptroller of the Currency.

By Associated Press. New York, Jan. 30.—There was consternation among the singers at the Metropolitan opera house last night when the news was made public that the comptroller of the currency had assumed charge of the New Amsterdam National bank.

Many of the singers had all their savings on deposit at this bank. Among others, Enrico Caruso is reported to have had \$40,000 on deposit in the suspended bank.

The news of the failure could not help affecting the singers at last night's performance, as it became known while the opera was in progress. The manager, fearing that the news would so disconcert the singers that the performance would have to be given up, attempted to prevent the news of the failure from reaching them, but his efforts were unsuccessful. While the singers were disconcerted by the news, the performance was not delayed.

Hanna Appointed Receiver.

By Associated Press. Washington, D. C., Jan. 30.—Bank Examiner Charles Hanna, temporary receiver for the National Bank of North America, was today appointed temporary receiver for the New Amsterdam National Bank of New York. The general belief is that all depositors will be paid in full, with a considerable sum remaining.

TAGGART'S REPRESENTATIVE FINDS TEXAS FAVORS BRYAN.

Dallas, Tex., Jan. 28.—R. C. Herrick, of Indianapolis, personal representative of Thomas Taggart, chairman of the national democratic committee, reached Dallas today. State Chairman Carden of the Texas democratic executive committee, was absent from Dallas and Mr. Herrick did not see him. Mr. Herrick is feeling the democratic sentiment in Texas on the presidential question. He finds it strongly in favor of William J. Bryan.

He said tonight: "Bryan looms up as the logical candidate. Senator Culberson, Governor Johnson, Judge Geo. Gray, or Judge Harmon would make a winning candidate. Any of them could defeat Taft, who appears to be leading for the republican nomination."

"Taft would be defeated, in my judgment, on the same ground that Harrison was defeated for re-election in 1896—because his nomination was brought about by Federal office holders."

DECLINES TO INTERFERE.

Federal Judge Will Not Interfere With County Officials in Enforcement of Sunday Law.

By Associated Press.

Kansas City, Mo., Jan. 30.—Judge Smith McPherson in the United States District Court here today handed down a decision declining to interfere with county officials in this county in the enforcement of the Missouri statute, making unnecessary labor on Sunday a misdemeanor. The decision was rendered in a case brought in the name of Nannie O'Neal, the actress, and local theatres, who sought permanently to enjoin the county grand jury from indicting them.

It is estimated by a local physician that there are now no less than thirty cases of pneumonia in Wichita Falls, while the number of persons afflicted with the gripe will exceed five hundred. The worst epidemic of the gripe now prevails which has ever been known in this city and nearly every other person one meets is afflicted with the epidemic.

The People Will Decide.

Just as the Post expected, Mr. Bryan has summarily disposed of the silly talk about his going to Washington to ascertain from the democratic congressmen whether it will be best for him to accept the democratic nomination. The suggestion was widely circulated over the country and probably by correspondents who believed the report to be true. It is strange that so absurd a rumor could be seriously considered, even by inexperienced newspaper men, much less by those who are deemed competent to handle and appraise the news grist ground from the Washington rumor mills.

Mr. Bryan does not have to rely upon members of congress for information regarding public sentiment. He pays frequent visits to all the States and keeps in touch with political conditions and public sentiment. He knows quite well where he has lost strength and where he has gained it, and he is closer to accurate sources of information respecting the country at large than any member of the party. What could he expect in the way of enlightenment from the minority members of congress? The most intelligent of the minority members are those from the South, but few of these men ever visit the Northern States in a way to ascertain the thoughts of the masses, and few of the Northern democratic congressmen are men of unusual political acumen. Mr. Bryan has gone among the people and learned, for himself and his announcement that the people have the sole right to decide is accurate and democratic.

It is a mistake to appraise Northern sentiment upon the basis of declarations made by newspapers that do not support democratic nominees and which would not even support any of the several gentlemen they are so strenuously advocating for the nomination. None of these papers supported Mr. Bryan before and when the party nominated Judge Parker they did not support him. So it is a waste of time trying to please either newspapers or men that have no idea of supporting the nominee.

Conditions are greatly different from those of 1904 and are in nowise similar to the conditions of 1896 and 1900. It is probably true that if conditions this year were similar to those of the last three presidential years, Mr. Bryan could not be elected. It is by present conditions that Mr. Bryan's candidacy must be judged and no one can say that his chances are not good. As against the predictions of certain newspapers and alleged democrats, we find the republican leaders in a state of alarm because of the feuds within the party and because of the large number of men in the debatable States who are no longer in sympathy with republican policies.

Mr. Bryan is on safe ground in submitting the question of his candidacy to the people. They will decide and their decision will be acceptable to the country.—Houston Post.

CHILDRESS HAS 5250 POPULATION

A census of the population of Childress, just completed by J. W. Mitchell of that city, shows that the town has a population of 5,250 by actual count. The census taken of Wichita Falls several months ago showed only 5,050, just two hundred less than is credited to Childress. After the publication of the directory here, however, the census was found to be inaccurate in that many names had been missed altogether

er by the census taker. The addition of these names would probably give Wichita Falls a larger population than Childress has been found to have, but the fact remains that the official census gives Wichita Falls 5,050, while Childress has an official count of 5,250. The census at Childress was taken at the request of parties who are making an effort to establish an Elks' lodge there.

BRYAN A FAVORITE AMONG CONGRESSMEN

Washington, D. C., Jan. 30.—By a poll of the democrats in the house of representatives, made by three well-known Washington newspaper correspondents and completed today, William J. Bryan is shown to have a strength of 107 votes out of the membership of 168 in the lower chamber of congress.

Sixteen members expressed a preference for Johnson; seven for Gray; four for Culberson; one for each for Smith, Harmon and Justice White, and two anti-Bryan. Nineteen members were noncommittal, and ten are absent from the city.

The poll is the outgrowth of one made several days ago by a Washington newspaper regarded as hostile to Bryan, which gave Bryan ninety-eight votes and Johnson thirty-one. The accuracy of the poll was questioned by many members of the house, and the second poll is the result. Every republican who gave his opinion was assured that his name would not be used publicly.

In the first poll the twelve Missouri democrats were given as voting eleven for Bryan and one for Johnson. The second poll gives the delegation as voting solidly for Bryan. Texas, which has a delegation of sixteen democrats, the largest of the house, voted twelve for Bryan, three for Culberson and one anti-Bryan. Oklahoma democrats voted solidly for Bryan, as did the five Illinois democrats. Six of the seven members of Arkansas were for Bryan, the other member being absent.

Wichita Falls, Texas, Jan. 30th, 1908.

From 1880 to 1907, inclusive, citizens of Texas have paid as premiums to life insurance companies the neat sum of \$90,892,142 and have received in return \$30,004,400. These figures will give some idea of the enormous rate the people of Texas are paying for life insurance and yet there are a few who are inclined to believe that our laws requiring the life insurance companies to invest a portion of their profits in Texas should be repealed. Three of the old line companies have withdrawn from the State. The law is a good one and should stand as it is now.

Governor Folk of Missouri has announced himself as a candidate for the United States Senate, to succeed Senator W. J. Stone, and will open his campaign in a speech at St. Joseph on February 1st.

Wichita Falls is short on one thing—dwelling houses. Money invested in that kind of property is bringing from 10 to 20 per cent and tenants are more than glad of the opportunity to pay it.

Tomorrow is the last day in which to qualify as a voter for the elections of this year. Pay your poll tax and vote for the candidates of your choice.

According to a recent census taken by one of her reputable citizens the city of Childress has a population of 8,250 people.

An authority says that out of every one million people born here are blind. He might have added that the other 992,300 cannot see their own faults.

Babe Born Unto 88-Year Old Couple.
New York, Jan. 30.—And a son was born unto him at the age of 89. This isn't a scriptural wonder, but an up-to-date phenomenon which might turn green with envy any anti-race suicide of the olden times, says a writer in the World.

Thomas Ludway, a white-haired old farmer, who lives in Redding Ridge, Conn., is the present day Methuselah who welcomed the stork to his little yellow cottage last week.

A 16-pound boy the bird bestowed upon the ancient farmer, and though he is old there isn't a happier father in the universe.

Brother 72 Years Old.

There hadn't been a baby in this family for many a year. His next youngest child is a venerable infant on the shady side of sixty. The 7-day-old babe is already the uncle of a 50-year old nephew, the son of his eldest brother, a white-haired, rheumatic person of seventy-odd years.

A reporter who went to see Mr. Ludway was asked into a tiny kitchen not much larger than the tabloid version which goes with a Harlem flat, while a woman called the venerable Thomas. He came, with his axe on his shoulder, a small, grizzled old man, wonderfully hale and hearty for his age. His face is weakened and wrinkled with a network of deep-cut lines, and he looks as if he had weathered many a storm on life's troublesome seas. He has a heavy crop of short, snow-white hair, his eyes are blue and exceptionally clear, his step is incisive and quick, and he looks much younger than his oldest son.

Never Too Late to Love.

"I married Mrs. Ludway two years ago, but people tried to make out I was crazy, but I guess I'm as sane and sound as anyone in this neighborhood. It's never too late to love, is it, Mary? I've had experience in love affairs, and I ought to know. This is my fourth marriage. Still, one of my wives wasn't my wife, for she had a husband when she married me, and I had that marriage annulled; so I suppose it's really only three times that I got hitched up.

"We went down to New York to buy the fittings for this here youngster. When it's the first day in sixty years it calls for a celebration, so we wanted to have the best for the little fellow.

"Don't you think he looks like me?" he asked, holding up his latest child. "One thing we've got in common, we ain't either of us got upper teeth.

"But I'm a strong old fellow," he went on. "Every day I saw and chop wood at the sawmill over yonder, and

Swiss Naval Wars.
References to the Swiss navy are usually jocular, but it is none the less a fact that ships of war were floated and even fought on the waters of the lake of Geneva. The great fleet was that of the Duke of Savoy, who at the beginning of the fourteenth century maintained a number of war galleys armed with rams and protected by turrets and propelled by a crew of oarsmen varying in number from forty to seventy-two. These vessels besieged Versoix and even blockaded Geneva. But Geneva also had a fleet which helped in the capture of Chillon in 1536, and when the Bernese annexed the canton of Vaud they, too, had their flotilla. Their largest vessel was the Great Bear, with 64 oarsmen, 8 guns and 150 fighting men.—Westminster Gazette.

Handsome Dogs Are Good Dogs.
In the most characteristic of English dogs, with the English bulldog as an unfortunate exception of a glaring sort, common sense principles in the canon of judging are distinctly marked. In the case of hounds any good eye can pick out the best animals. This was curiously illustrated not long since in private when an artist taken over one of the bigger kennels of foxhounds picked out the prize and pedigree dogs one after the other. He went purely by his own sense of what was strong and comely; of "strength and beauty met together," as Shelley says in a very different connection.—London Outlook.

The British Breed.
British bred animals, whether they be horses, cattle, sheep or even pigs, are superior to all others in quality and stamina. There is some strange and admirable power in our soil which puts a stronger fiber and a more enduring stamp of excellence into the live stock bred in our islands than are found in the same breed or species in any other part of the world.—London Times.

A City of Happy Homes.
Dublaviv took a walk in the cemetery, where he noticed on the tombstones, "Good Husband," "Good Wife," "Good Son."
"It is evidently here that the happiest homes are found," he reflected.—New Lokian.

The Nation's Bread.

Harry Snyder in Harper's Monthly. That bread is justly entitled to be called the "staff of life" is fully borne out by investigations of the United States Department of Commerce and Labor. This department made an investigation to determine the amount spent for food by a "normal" laborer's family. The data obtained from the 11,156 families whose expenses were studied showed that the average amount spent for food by a family consisting of a husband, wife and five children to be \$329.19 per year. It is interesting to note how the so-called normal family of the average laborer, which seems rather above normal in size, apportions its money for food and other necessities. Twenty-nine dollars and twenty cents is expended for bread, flour and cereals, and while the cost of the bread is small compared with that of other foods, the amount of nutriment and energy derived from it is large. The laborer's meat bill is the largest of all. He spends \$110.50 per year for all kinds of meat, three and a half times as much as for bread. His butter costs him about as much as his bread, and sugar half as much, while about the same sum is spent for potatoes and vegetables as for bread. Thirty-eight dollars goes for milk and eggs. More coffee is used than tea; about \$10 is spent for the one and \$3 for the other. Religion, charity and tobacco claim nearly equal amounts, while intoxicating liquors come in for a much larger share. Labor organizations get about \$9 per year, while \$5.79 is contributed to the support of State and local governments in the form of taxes. Sickness and death on the average claim \$20.54. It is quite apparent that bread and flour do not form a very large item of the food expense of the normal laborer's family, as only 9 per cent of the cost of the food goes for bread and 91 per cent for all other food articles.
