## TO ANNUL MARRIAGE

**EVELYN THAW'S ATTORNEYS  
TOOK FIRST LEGAL STEPS  
TODAY.**

## ON GROUND OF INSANITY

**Complaint Alleges That Thaw Was In-  
sane on Wedding Day—Defendant  
Seeks Reconciliation.**

**By Associated Press.**  
New York, Mar. 11.—The first legal steps were taken today by the counsel of Evelyn Thaw in an action to secure the annulment of her marriage to Harry Thaw. Daniel O'Reilly stated that he had sent papers to the Matteawan asylum to be served on Thaw and that he had also sent papers to be served on Thaw's mother.

It is stated that at a conference held yesterday afternoon between attorneys for Evelyn Thaw and for Harry Thaw's mother, the amount of money which the former is to receive from the Thaw family had been agreed upon. All the details of the suit have been arranged for. The suit for the annulment of the marriage was brought on the ground that on the day the marriage was performed Thaw was insane.

**Counsel for Both Parties Talk.**  
New York, Mar. 11.—Mr. Peabody, attorney for Harry Kendall Thaw, said today with reference to the proposed suit:

"I have visited Harry at Matteawan, and told him the intentions of his wife. He is willing to defend the suit."

Mr. Peabody added that his client, when apprised of his wife's intentions, made no comment, except to declare that he was sane at the time of his marriage and expressed his willingness to meet the issue.

Asked whether Mrs. William Thaw was active in the planned litigation, Mr. Peabody replied:

"No, she is not."

Mr. O'Reilly, counsel for Evelyn Nesbit Thaw, said that Evelyn would take the stand during the annulment proceedings and that several of the medical experts who testified at the murder trial would also be called. He added that despite his announced determination to defend the suit, he believed that Thaw would put no serious obstacles in the way of a separation, if for no other reason than that of gratitude he felt toward his wife for the aid she had rendered him when he was on trial for his life.

As to his client's financial resources, O'Reilly said that he thought she had funds enough to maintain her during the trial of the case, and, as for the future, was capable of earning a large income as a writer.

Both lawyers emphatically denied that Evelyn had been followed by detectives or that she had made any demand upon her husband's mother for a money settlement.

It is said that attorneys for Mrs. Thaw will depend upon the evidence introduced at the last trial of Thaw to prove that he was mentally incompetent at the time to contract a marriage.

It was, however, pointed out that Thaw, though committed to an insane asylum as having been insane at the time he killed White, has not been declared insane at the present time.

**Morse Gives Bail.**

**By Associated Press.**  
New York, Mar. 11.—Charles W. Morse, former banker, and Alfred H. Curtis, formerly president of the National Bank of North America, pleaded not guilty in the United States circuit court today to a joint indictment on twenty-nine counts. Eleven of the counts charged them with conspiracy, and eighteen charged them with making false entries. Bail was fixed at \$20,000 for Morse and \$10,000 for Curtis.

## A FATAL FIGHT FOLLOWS DANCE

Special to the Times.  
Shawnee, Ok., Mar. 11.—Following a fight at a dance at Konawa early this morning, a battle with revolvers and guns took place at the home of Thomas Nicholls, in which he and Mace McClotha were fatally shot and Joe McClotha was shot through the arm. His 16-year old daughter saved the life of Charles McClotha by striking up the gun aimed by Joe McClotha.

All the parties are prominent. Joe McClotha and Nicholls have been arrested.

## PASSED OKLAHOMA SENATE.

**Prohibition Bill Passed Without Emergency Clause.**  
Special to the Times.  
Guthrie, Ok., Mar. 11.—The senate passed the prohibition bill on roll call today and sent it to the house without the emergency section, which provides for the submission of the dispensary articles to the people. There was introduced into the bill when passed by the senate a resolution providing for and amendment to the constitution that will provide for a dispensary system.

## BODY WAS FOUND TODAY

**Believed By Some That Aged Man  
Committed Suicide—Others Think  
His Death Accidental.**  
Special to the Times.  
Amarillo, Tex., Mar. 11.—The body of Peter Hansen, an aged man, was found on the railroad track near this city today with his head blown from his body. Yesterday Hansen bought a stick of dynamite and started home. A part of the fuse was found near the body.

He leaves a wife and several children, but all were absent from their home at the time of the tragedy. Hansen was in good shape financially.

It is believed by some that he committed suicide, while others think that his death was caused by an accidental explosion.

## NEGROES WARNED TO LEAVE.

**Night Riders Continue to Terrorize  
Negroes in Tennessee.**  
**By Associated Press.**  
Trenton, Tenn., Mar. 11.—Night riders made a raid in Gibson county last night. They visited negro tenant houses and fired several shots into the houses, barely missing three sleeping children. Other negroes were visited and notes were shoved under their doors warning them to leave town. All the negroes visited are reported to be good citizens.

## Congress' Appropriations.

Washington, D. C., Mar. 10.—At the White House today Representative Tawney, chairman of the house committee on appropriations, who had called on the president at the latter's request to discuss legislation, expressed the opinion that the appropriations of congress at this session would be kept within \$900,000,000, exclusive of appropriations for battleships. If there are two new battleships, he said, the total would be about \$920,000,000, and if there are four battleships the total would reach \$940,000,000. The total appropriations in the last congress, he pointed out, were about \$920,000,000, and it was hoped to reduce the appropriations this year about \$20,000,000.

## BROWNSVILLE AFFAIR REPORT.

**President Sends Special Message to the  
Senate Concerning Reinstatement.**  
**By Associated Press.**  
Washington, D. C., Mar. 11.—In connection with the report of the committee in the senate on military affairs on the Brownsville riot which was presented today, President Roosevelt transmitted a message in which he said that the facts set forth in the order dismissing the soldiers had been substantiated in the testimony and recommended that the time for the reinstatement of the discharged soldiers, which had expired, be extended for another year.

## WILL RECONVENE STATE COMMITTEE

Special to the Times.  
Dallas, Tex., Mar. 11.—Chairman Carden of the Democratic State Executive Committee today announced that he had determined to reconvene the committee within a few days for the purpose of ordering a State primary to select four delegates at large to the national convention, and says that he will reply to Ousley and Riddle. The meeting will be held in Dallas.

It is the general verdict that Dr. Reed has been a most useful member of the city council. His place will be a hard one to fill and if he will consent to serve again, no one can fill his seat as well as he can.

## WANTS A PRIMARY.

**Chairman Ousley of Bailey Committee  
Wants Immediate Action.**

Fort Worth, Tex., Mar. 10.—Clarence Ousley, chairman of the Bailey campaign committee, tonight made public the following letter addressed to State Chairman George A. Carden of the Democratic Executive Committee, which deals with the letter of Chairman George W. Riddle of the anti-Bailey campaign committee to Mr. Carden, appearing in the News this morning:

"Fort Worth, Tex., Mar. 10.—Hon. George A. Carden, Chairman State Democratic Executive Committee, Dallas, Tex.: Dear Sir—We notice from the newspapers of this date that Geo. W. Riddle, chairman of the anti-Bailey clubs of Texas, has addressed a letter to you, taking up the correspondence we have been conducting with Hon. J. M. Edwards, in regard to holding a State primary for the election of delegates at large to the national convention. Mr. Riddle does what Mr. Edwards refused to do, and makes the request which we have asked Mr. Edwards to join us in making and we heartily concur in his request for immediate action.

Mr. Riddle also recognizes the fact that some provision must be made to secure the services of men to hold the election, and we agree in the opinion that patriotic men can be secured to perform this service without cost to the executive committee. Mr. Riddle seems to agree to abide by such rules and regulations for a primary for delegates at large to the national convention as your committee may adopt, and we pledge Mr. Bailey's friends to so abide.

In short, Mr. Riddle substantially agrees to the suggestions we made to Mr. Edwards, and we hasten to express our earnest desire for your committee to reconvene and arrange for the primary.

While we have not yet received a copy of Mr. Riddle's letter to you, we assume that it will be delivered, and we are sending him a copy of this letter.

## REPUBLICANS MEET AT OKLAHOMA CITY

**By Associated Press.**  
Oklahoma City, Ok., Mar. 11.—Fifteen hundred republicans are here today to attend the State convention, which is scheduled to meet at 2 o'clock this afternoon to name four delegates at large to attend the Chicago convention. The indications are that the delegates will be instructed for Taft.

**RELEASED FROM JAIL.**  
San Francisco's Graft Mayor Will Be Free Until He Is Tried On 38 Indictments.  
**By Associated Press.**  
San Francisco, March 11.—Eugene Schmitz, formerly mayor of this city, was released from jail yesterday where he had been confined for the past ten months a free man, until he again comes before the bar of justice to face the thirty-nine indictments which are still pending against him, and upon which he furnished \$345,000 bail before being released from custody.

## WILL BE TRIED TODAY.

**Kincheo Positively Refuses to Deliver  
Alfalfa County Ballots.**  
Special to the Times.  
Guthrie, Ok., Mar. 11.—County Clerk Kincheo of Alfalfa county was arraigned before the bar of the house today and positively refused to deliver the election returns of his county. A committee of procedure was appointed and the trial will be held this afternoon.

## A MURDER AND SUICIDE.

**Unbalanced Young Woman Kills Girl  
Student and Then Ends Own Life.**  
**By Associated Press.**  
Boston, Mass., Mar. 11.—A murder and suicide at the Laurens school, an exclusive finishing school for young ladies at Audubon Road, was reported to the police today. It appears that Miss Sarah Weed of Philadelphia shot and killed Miss Elizabeth Hardee of Savannah, Ga., and then committed suicide. Miss Weed had been confined to a sanitarium, but escaped last night and was being cared for by a friend at the school when the tragedy occurred.

## ITALIAN CAR MEET SMISHAP.

**Sprint Ends in Mudhole With a Broken  
Jack Shaft.**  
Cheyenne, Wyo., Mar. 11.—The sprint which the Italian car has been making to overcome the lead of the American car in the New York to Paris auto race, ended a short distance west of Paxton, Nebraska, late last night, when the Italian racer dropped into a mudhole and broke the jack shaft. Unless a duplicate shaft can be secured, the Italian car will be tied up at Paxton indefinitely.

## RELATIVES WANT MONEY WILLED BY A WEALTHY FARMER TO COOKE COUNTY.

**Special to the Times.**  
Gainesville, Tex., Mar. 11.—Twenty relatives of William Bourland, a very wealthy farmer who was killed a few months ago, today filed suit to break the will, which leaves to Cooke county property worth about \$10,000.

## NEW BUILDINGS

**165 NEW BUSINESS BLOCKS AND  
RESIDENCES COMPLETED IN  
YEAR 1907.**

## 60 STARTED SINCE JAN. 1

**Year 1908 Promises to Surpass Pre-  
vious Year in Number of New  
Buildings.**  
Wichita Falls grew some during 1907 and is even now growing at a more rapid rate than last year.

Before starting his work in the county tax assessor, W. J. Bullock was asked by the Times to keep count of the new buildings erected last year, and of the buildings started since January 1st, 1908.

This morning Mr. Bullock reported the results of his count. During the year 1907 he found that 165 residences and business blocks had been completed and made ready for occupancy within the corporate limits of Wichita Falls.

Since January 1st, 1908 60 residences or business blocks have been completed or are now in course of construction. At the present rate at which new buildings are being started, the building record for 1908 will far outstrip that of 1907 and it is not probable that the number of buildings completed within the present year will reach 250 or even 300.

Signs are abundant that the present year will set a new record in building operations in Wichita Falls. Right now it is certain that the value of the buildings in course of construction will be \$150,000.

Among the more important buildings now going up are Wylie Wyatt's new business block on Seventh street; the Cohn, Orth and Seitz & Seeley buildings on Indiana avenue and Mr. Carrico's building on Seventh street, in addition to which there are several scores of new residences, among which may be mentioned Mayor T. B. Noble's, Dr. W. H. Walker's and Clyde Thatcher's handsome homes.

Among other buildings and improvements in immediate prospect are an opera house, sewer system, city hall, brick plant, machine shops, R. M. Moore's proposed new business block and various other business buildings, industries and private residences.

## SANTA FE OFFICIALS VISITS THIS CITY

Col. S. G. Pettibone, vice president and general manager of the Gulf, Colorado and Santa Fe railway, accompanied by Charles H. Moore and D. W. Kempner of Galveston and Messrs. Frank Kell and Joseph Kemp of this city, made a trip to Frederick, Oklahoma this morning in Col. Pettibone's private car over the Wichita Falls and Northwestern.

The party returned at about noon and the Galveston people left this afternoon for Fort Worth over the Fort Worth and Denver. From Fort Worth they will go to St. Louis.

Col. Pettibone is one of the owners of the Dale ranch in Clay county. With his party he came up over the Denver yesterday to Henrietta, where they were met by Messrs. Kell, Kemp and Jourdan in an automobile and driven out to the ranch. Last night they came to this city, where they remained over night.

Col. Pettibone and the others interested in the Dale ranch are arranging to stock it with fine horses and convert it into a horse ranch.

### ROBBED IN FORT WORTH.

Wichita Falls Man Overpowered by Four Robbers and Robbed of \$260 Fort Worth Telegram.

J. H. Johnson, a railroad man of Wichita Falls, was held up on East Ninth street Monday night by four men and robbed of \$260.

The Johnson resisted and grabbed two pistols thrown in his face, he was quickly overpowered and relieved of the money, carried in a leather wallet. Johnson at once reported the matter, but in the dark was unable to secure a good description of the men.

### Olney to Have Commercial Club.

Some of the public spirited men of Olney have gotten together and after privately discussing the idea for several days, decided to call a meeting to be held in the Woodmen Hall on next Monday night, March 9th.

In talking to some of the business men of Wichita Falls, we were told that the Chamber of Commerce there in connection with their newspapers had played a great part in the building up of that town. While Olney people do not think of making anything like a city of the size of some of the larger ones, yet it is well for the citizens of Olney to get together and work as a large, happy family, all working to one end—for the betterment and upbuilding of the town and country.—Olney Oracle.

### Benefits of the Railroad.

It has been said that the railroad would not help Olney for a year or two and that all of the money in the country would be used in paying the bonus to the railroad and as a result that all business would be greatly crippled until another crop was made. But since the railroad has built in town so as to haul off wheat, it has proven that there is more ready money in the country now than before. There has been something like 20,000 bushels of wheat, at an average price of \$1 per bushel, and over \$10,000 worth of cotton sold within the last few days. Then there has been thirty cars of lumber received by the lumber yards, besides several cars of merchandise received by the merchants of the town. It is easy to see that the road has already been a great benefit to the town.—Olney Oracle.

So far as the Times can learn, no petitions for the nomination of any candidate, either for mayor or for the two vacancies in the city council have yet been placed in circulation. The time in which these petitions may be filed is growing short and if you have a friend whom you think would make a good official, hurry up with your petition.

The friends of W. E. Skeen, the well known dry goods merchant, who is now a member of the city council, are urging him to become a candidate for mayor.

**Green Bugs Appear at Hobart.**  
Hobart, Ok., Mar. 11.—The dreaded  
green-bug is already making its appear-  
ance in the volunteer wheat, around  
old straw stacks and other protected  
places. It is in these places that their  
eggs are sheltered and are commencing  
to hatch out.

Farmers in different sections are  
energetically commencing the work of  
stamping out the pest and are spread-  
ing the straw over the volunteer wheat  
and burning it, thus destroying the  
eggs; as well as the bugs already  
hatched out and keeping them from  
spreading over the adjoining fields. As  
yet the fields are not infested. But  
the united action of all the farmers is

to follow the example and check the  
pest now before it is too late. If this  
action is not taken it is very likely  
that the green bugs will again destroy  
our small grain as well as endanger  
the corn. The insects are at present  
very small and almost invisible to the  
naked eye, but they are there in big  
number, so do not fail to do your part,  
because you are not able to find them.  
Kill them off before they spread over  
your field.

"Inn By" in yesterday's Times states  
quite forcefully some pertinent reasons  
why Wichita Falls should have a  
"traders' day" or "sales day." Con-  
ditions are ripe for inaugurating such a  
day in Wichita Falls and the Chamber  
of Commerce and the retail merchants  
couldn't do anything of greater bene-  
fit than to take hold of the sugges-  
tion and push it along.

### Another Real Estate Deal.

## WOMEN ARE GROWING UGLIER DAY BY DAY

A Chicago dispatch says: Unless  
factory and shop conditions are chang-  
ed materially, America is threatened

with the appearance of a race of wo-  
men like those of the peasant class of  
Russia, according to Professor Edward  
A. Ross of the University of Wiscon-  
sin. Professor Ross made this asser-  
tion during an address before a public  
meeting held under the auspices of the  
Illinois Federation of Women's Clubs  
at Hull House last night.

After quoting from statistics to show  
that one-third of the women of the  
country between the ages of 15 and 25  
are engaged in industrial occupations,  
Professor Ross said:

"With many of them it is only tem-  
porary, but do you realize that for the  
few years they are at the loom or in  
the shops the conditions surrounding  
them are not shaped or influenced by  
anybody who has any interest in them?"

"The truly feminine girl, the one of  
frailty and delicacy, will pass from our  
working classes. There will be a re-  
version to the type of masculine wo-  
men, squat, flat-chested, broad-backed,  
low-browed creatures, working in the  
fields side by side with the men and  
the burdens of wifehood and mother-  
hood coming but as an accident to a  
day of toil.

"The cost of the cure, the prevention  
of such a state, is in the hands of so-  
ciety today. The day when a man  
could sell himself into slavery is in the  
past of all civilized countries. A fur-  
so-called 'freedom of contract' cannot  
be considered bold. The law can tell  
be considered bold. The law can tell  
a girl just how many hours of her  
time she may sell."

I am prepared to fill orders for Ice  
cream and loes in any quantity. Ralph  
Darnell. 254-4f

### SALT IS AN ESSENTIAL

In Handling Cattle and Sheep on the Range.

The requirements that all cattle, horses and sheep grazing under permit on the national forests be given salt at frequent intervals is a regulation which has been found to go a long way in protecting the range and conserving the forage crop.

Experience has shown that the want of salt makes stock restless. If cattle and horses are not supplied as they need it they roam and wander, hunting old salting grounds used the previous season, trampling the forage plants instead of eating them, pawing the ground and in other ways injuring the range. But if their cravings are supplied, they scatter peacefully over the pasture grounds and feed at their leisure.

Salt is so necessary to the easy and profitable handling of sheep on the range that no flockmaster would think of getting along without it. If sheep do not receive their usual supply it is only with great difficulty that they can be held in bonds or kept in camp at night. So far as the sheep are concerned, no regulation by law is really necessary, because the owners, for their own convenience, will salt their flocks. But cattle are not herded and the owners might neglect to salt them, if the regulations were not strictly enforced.

Stock on different ranges require varying quantities of salt. Sheep need less on dry ranges than on green. An average quantity for 1,000 head of sheep would be from 1,000 to 1,500 pounds each year. For a like number of cattle from 5,000 to 10,000 pounds a year is required. Horses need less than cattle.

Old hunters, in the days of the pioneers, knew that deer and buffalo traveled long distances to lick salt in saline springs. The Blue Licks, on Licking river, in Kentucky, and a similar mineral spring on Elk river, in West Virginia, were famous for the herds of deer, buffalo and elk which frequented them. The adjacent ground was so deeply tramped that the marks were to be seen many years after the places ceased to be visited by these animals.

### No Swearing.

Swearing or the using of loud or indecent language upon the streets or other public places is forbidden by the city ordinances. Notice is hereby given that I will arrest any person heard using such language upon the streets or wherever forbidden by the law.

### TELEPHONE GIRLS HAVE CORNS IN EARS

Special to the Times.  
 Fort Worth, Tex., Mar. 11.—Hush, a secret, guarded well and long, is out. The telephone girls have corns in their ears. They are not caused by listening too anxiously to conversations of love-lorn youths and maidens over the wires, but to the continual wearing of "head receivers."

This clumsy article of headgear, while useful to the girls in their work, has none of the artistic properties of a Gainsborough hat, and as it is not worn for beauty's sake, grows heavy at times.

It is the left ear that is generally affected, as all right handed girls wear the receiver upon the left ear as they work. Thus are the beautiful pink ears of the pretty girls who call "Number, please," when you go to the telephone, being rudely sacrificed to the mercenary usages of trade and traffic. There are about 150 telephone girls in Fort Worth.

### AN AFFECTIONATE WIFE.

Home Wrecked By a 45 Second Kiss: 6 a Day Enough!

Chicago March 11.—Six kisses a day are the limit for Ora M. Ledom. He promised detective Stark and Johnson, who arrested him for deserting his affectionate wife, that he would stay with her on that basis. They found him in Springfield, Ill., where he went several weeks ago.

"It is a case of too much 'I've got my own business,'" said Ledom on the way back from Springfield.

"My wife—she was married once or twice before—is a good woman and a fine housekeeper, but she's too strong on the love business to suit me.

"Now, I am not a chilly guy or anything like that, but I don't want a woman kissing me all the time. And when I come home from work in the evening I like to sit down and read the paper. My wife would want me to hold hands with her and say foolish things.

"A few days before I jumped out of town, some actress down in New York made a hit with a kiss that lasted forty-five seconds. When my wife read about that in the paper she said she could beat it with one hand tied behind her back. I'm ashamed to tell you what happened.

"The only fault I had to find with Anne was her loving nature. I'll agree to go back and live with her if she'll only cut the kissing business out. I don't mind a little kiss now and then, but I draw the line at more than six a day."

### Frost Caused No Damage.

Although a heavy coat of frost covered the ground and the roofs of buildings this morning, small fruit growers do not believe that the freeze was sharp enough to cause much damage.

The rains yesterday made so much moisture that the frost was prevented from doing any considerable damage. Horticulturalists say that it requires an unusually heavy frost to cause damage when the atmosphere is laden with moisture.
