

Bull Town Bulletins

By
Bill Ellis

WE MADE A TRIP to Clovis Monday, and at the Port of Entry at Texico, officials were set up to inspect all of the trucks entering Texas, to ascertain whether or not they contained any fruit or vegetables entering illegally from California.

As you undoubtedly know by now, California produce has been placed under quarantine for a period of a month, due to the outbreak of the Mediterranean Fruit Fly (Medfly) in California.

This quarantine will doubtless bring about the next noticeable changes at the supermarket. First off, there may be instances where certain fruits and vegetables are on the short side. Then, if and when the shortages are overcome, the prices on some of these seasonal products are apt to show an increase due to the shortage.

If the Med-fly problem happens to spread to Texas, or other states, one of the people who can be given credit will be California Governor Jerry Brown. Good old Jerry first refused to allow the use of the spray, for various and sundry absurd reasons. Next, he holds the action by officials in Texas and other southern states as contemptible, as if they were ganging up on California, to hurt the state's agricultural export business.

It would be nice if, just for once, Jerry Brown would become a part of the real world, and forget petty politics for just five minutes. Impossible, perhaps, but it would be nice.

The current problem would not be nearly as severe had not officials in California turned loose thousands of what was thought to have been sterile fruit flies, to combat the problem a year ago.

The flies released turned out to be anything but sterile, and hence the current problem.

IT NOW LOOKS as though the United States will soon have its first woman justice on the Supreme Court. And, despite all the furor from right wing Republicans and the "Moral Majority," everything we have read about Sandra O'Connor indicates to us that she would be a good member of the court, certainly an improvement over some of the members that controversial group has contained in recent years.

President Reagan fulfilled a campaign promise in naming a woman to the court. This may start a new concept in itself—attempting to carry out campaign promises.

The right wing Republicans immediately came up with charges that Mrs. O'Connor, among other things, supported the Equal Rights Amendment movement, and favored abortion, both of which turned out to just be scare tactics.

O'Connor did at one time favor the ERA, as did many women, who later decided that the side effects of this "pill" might make it a little hard to swallow.

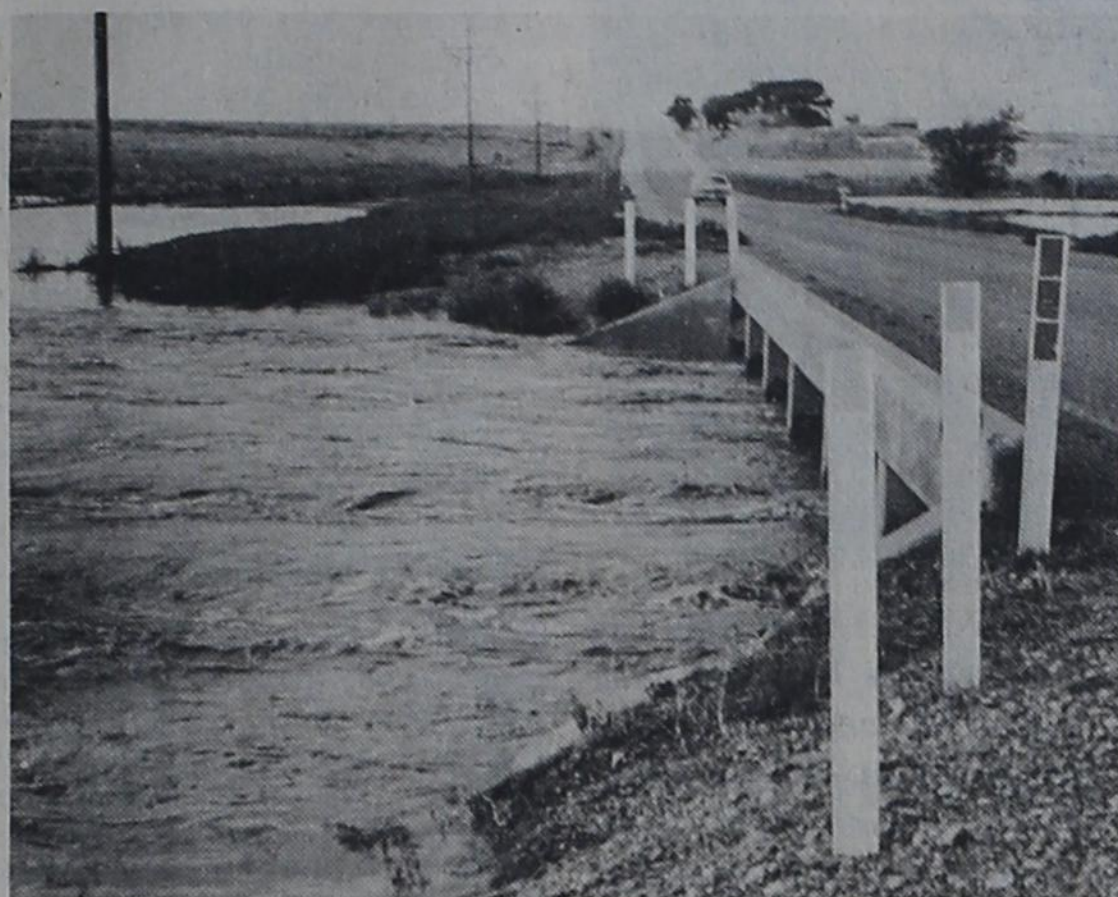

The biggest rap against O'Connor seems to be her lack of a long judicial record. But considering that this area is one in which women have been slowly gaining a foothold, this drawback is not surprising.

O'Connor will be Reagan's first appointment to the supreme court. One can hardly doubt that he would appoint anyone whose views on the major issues would vary much from his own.

And as one major magazine indicated, after 191 years, it will be sort of nice to have a supreme court justice named Sandra. Maybe it's a sign that equality can be achieved in our country—without the ERA.

State Comptroller Bob Bullock announced this week that payments of the optional one-percent city sales tax for 1981 to Texas cities are 17 percent higher on a statewide basis compared to last year.

Measurements

Due Now At ASCS Office

If farmers want to have their acreage measured, this is a good time to apply with the Parmer County ASCS office to have this done. Also, if area farmers are planning to do the measuring themselves, the ASCS needs for them to come in and fill out a report, so it can be filed.

The office wanted to remind those farmers who do their own measurement that accuracy is of the utmost importance. An inaccurate measurement could result in possible loss of program eligibility.

Parmer ASCS also reported that wheat yields in the area were good and these production records also need to be filed. This is necessary in order to complete a three year production record. So, the ASCS office must have your records on file.

Eligibility for participation in all programs administered by the ASCS established under the law without regard to race, religion, sex or national origin.

Board should be present at the meeting.

Margaret Meason is the interim Tax Assessor.

Plans Progressing For Bull Town Days

Plans for the Bull Town Days parade, which will take place on Saturday, August 15, at 4 p.m., are underway, and Chairman Suez Smith is asking all businesses who have not been contacted to contact her in order that she might know how to finalize parade plans.

Mrs. Smith said, "We have tried to contact several of the local businesses and have spoken with some, but if they have not been reached as yet, we need to have them let us know what they are planning to do, in regard to the parade."

Mrs. Smith may be contacted at her home number of 238-1677, or if there is no answer, call her business phone of 238-1324.

Also involved in the planning of the parade are Mrs. Norma Whitten and Mrs. Virgie Cary.

One of the main reasons for the need to contact the ladies at such an early date is that this year parade participants will have a designated spot in the parade, and any business or organization wishing to take part in the parade should contact one of the parade organizers in order to secure a spot in line in the parade. Those who contact the organizers early have the best chances at the better spots in the parade.

As mentioned before, the parade will begin at 4 p.m. on Saturday, August 15, and will begin at the ball park and go down Third Street, ending at the City Park on Halsell.

A deadline of August 1 has been set, but if entrants can't get their information in to Mrs. Smith by then considerations will be made,

depending on the situation.

As always there will be prizes awarded to the best four floats in the parade, and the prize money has been increased this year to entice more entries.

At this time organizers are still contacting organizations to come and perform in the parade, so there is a good chance there will be at least one musical organization at the parade.

There is no entry fee for the parade, but those who are interested should get their entries in before its too late.

FOOD COMMITTEE

Billy J. Charles, chairman of the food committee, says things are set in that department.

There have been 600 pounds of beef brisket set aside to be used for the barbeque, and 100 pounds of beans will be cooked for the celebration. Other items on the menu include pickles, onions, cherry peppers, and a fruit of some type. Charles says he hopes to secure cantaloupes for the fruit, but this has not been taken care of yet.

Members on this committee are Billy J. Charles, Harry Johnson, Larry Scott and Bubby Marshall. The Jaycees will be sponsoring their annual Slow Pitch Softball tourney on August 13-16.

According to Mike Spears, organizer of the tourney, it will be a double-elimination tournament, and the first 20 teams will be accepted. The deadline to enter is August 1, and each team can have a 15-man roster.

Trophies will be awarded to the

first, second and third place teams, and the first place team will be awarded individual trophies.

The entry fee is \$75.00 and each team entered must provide one new ball.

For further information contact Mike Spears at 238-1626 or Bruce Caldwell at 238-1594.

The Bovina Roping Club will be sponsoring its annual Quarter Horse Show Saturday morning, August 15, and Erith Hawkins, president of the Bovina Roping Club, is in charge of the show.

There will be an \$8.00 fee per entrant, and this is an official Quarter Horse show, only quarter horses will be acceptable.

The trophies for the show have already been purchased and organizers are marking time until the show will be kicked off in the Bovina Roping Club Arena on Saturday, August 15.

Steve Sherrill is the person in charge of securing a carnival for the celebration, but so far, Steve says he hasn't had a great deal of luck. Sherrill also says, however, that he is sure something will turn up and there will be some form of entertainment for Bull Town Days.

And, speaking of entertainment, Mac Glasscock, chairman of the talent-entertainment committee, is still trying to find new and novel ways to make the talent show-entertainment segment of LTD a successful venture. He has said in the past that he would appreciate any ideas the citizens of Bovina might have regarding this matter.

Law Enforcement - Emergency Report

SHERIFF'S REPORT

In the sheriff's report for the past week, Sheriff Bill Morgan reported that Leon Langford had reported two magnetos stolen over the course of the past ten days to two weeks. They were stolen off irrigation wells and were valued at approximately \$150 each.

In charges filed in the sheriff's office. On July 19, Pedro Vanegas, 21, of Bovina was charged with DWI, and fined \$150 plus court costs. Also Julian Johnson, 39, of Bovina was charged with driving while license was suspended and was released on \$300 cash bond.

Charged with assault on July 19 was Barnaby DeLaCruz Moreno, 41, of Friona, and he is still in jail in lieu of \$5,000 bond.

POLICE REPORT

Police Chief John Detten said that the city was fairly quiet this past week, and there was not much to report. He did say however that they had assisted the Friona Police Department with a call at the Community Center in Friona, where a fight had broken out.

Detten also said that City Police wrote up about 20 citations for traffic violations the past week, and one of the more involved citations concerned some city youths who were drag racing through town on Saturday night.

There was one minor traffic accident reported also, but no other information was given at the time.

Detten also said the animal control officer picked up a white rabbit, which is apparently someone's pet. Detten said the rabbit did not try to run away when the officer approached him to put him in the car. Anyone who has lost a white rabbit needs to call John Detten and give him some additional information about the rabbit.

DPS REPORT

Department of Public Safety officers had a busy week as they

helped in several assists for area law enforcement agencies.

According to Officer Art Lopez, on July 19, Tito Vienes of Bovina was arrested at the Friona roadside park and was charged with public intoxication, for which he was fined \$53.50. The officer said that Vienes was parked on top of the grass when they arrested him.

Also in action handled by the DPS, Lopez reported that the department assisted the Friona Police Department with the arrest of a Mexican male on July 19, who gave

the officers a bit of trouble.

Barnaby DeLaCruz Moreno was charged in the county with simple assault after it took three law officers in order to restrain him. He was taken from his residence after his wife called the officer on a disturbance call.

Moreno, according to Lopez, was intoxicated and resisted arrest and he assaulted the local police officers, as he bit and kicked on his way to jail.

The Friona officers who handled the call were Jimmy Taylor and Mark Ancira.

Tex-Mex Team Takes Trophies For Season

Tex Mex, the slow pitch team sponsored by several businesses in Bovina, Farwell, Texico, and Clovis, took third place in the 1981 season last Saturday.

Entered in the Class C division of the USSSA-sanctioned event at Clovis, Tex Mex took fourth place.

Tex Mex had previously won the consolation trophy in the annual Clovis Memorial Day Tourney and later won a fourth place at a tourney in Littlefield.

Currently the sole possessors of second place in play in the Clovis league, with an enviable 11-5 record, Tex Mex has earned a berth in the USSSA National Tournament, which is to be held in Amarillo in August. The team will also compete in the New Mexico ASA State Tourney at Albuquerque in two weeks.

Players on the Tex Mex team are Richard Shepherd, Ricky Shepherd, Mike Spears, Ronnie Cary, and Dennis Willard, all of Bovina; Rick Ketcherside and Robin Mahaney of Farwell; Terry Yell, Pat Miner, Ron Hieronymus, Woody Hunter, Harold

Cast, Mike Shelly, Rick Switzer, and Perry Mason, all of Clovis. Player-manager is A.L. Nuttall, and Wayne Spears is the coach.

Local sponsors are Sherley Grain, Bovina Pump Company, Lawlis Gin Company and Sudderth Contractors, all of Bovina.

Each of the communities from which these players come should be very proud of their efforts and they should back these men all the way to the finals.

St. Ann's Makes Plans

Members of St. Ann's Society met in a regular meeting at 8 p.m. Monday, July 21, in the Church.

They discussed plans for the Bull Town Days celebration, in which the society will sponsor an ice cream booth, and this will serve as a dessert to follow the barbeque dinner. Also discussed were plans to have Nelle Craig for the speaker in August. She will discuss "The Special Child", a seminar on how to cope with, raise and care for children who are mentally retarded.

The "Special Child" seminar is open to the public and everyone is cordially invited. It will be held in August also.

NEWS AROUND TOWN...

The third annual reunion of the Lloyd family was held in the Parmer County Community Center July 19 in Friona. There were 245 people in attendance coming from Oregon, California, New Mexico, Arkansas, Oklahoma and various cities in Texas.

Those attending from Bovina were Buck and Freda Lloyd, Sid Lloyd, Elbert Kelley, Julia Moody, Odome and Elsie Smith, Helen Muzurek and Billy and Suezey Smith.

Mabel Evans of El Paso has been in Bovina three weeks visiting her sisters, Jeanne Kerby and Bobby Cumpton. During this time Al, Jeanne, and Mabel went to Carlsbad and visited their brother, Rosco Frederick and two nephews.

O.B. Johnston's brother, mother and sister-in-law have been guests in their home, Edwin and Hazel Johnston and Goldie Johnston, all of Albuquerque, New Mexico. They came Tuesday of last week and left the next day.

Also coming by for a visit Monday of this week were their daughter's

mother and father-in-law, Mr. and Mrs. Marvin Ford. Geneva said they were on their way to Denver, Colorado.

Tom and Janie Beauchamp have had 38 members of their family visiting last week. They were the McMichiels of Dallas; the Wallaces of Jackson, Mississippi; and the Blinds of Ohio. Janie said there were also relatives from Sudan and Farwell. The family enjoyed a good time together.

We received a note from Pearl Moore of Clovis this week and she said she had enjoyed having visitors, Kathryn Gromowsky of Bovina and Kathryn's sister, Sondra Green of Wheatridge, Colorado. They are the daughters of the late Mr. and Mrs. Charlie Jefferson, long time Bovina residents.

The Senior Citizens will have their regular luncheon Wednesday, July 29, 11:30 a.m. You are asked to come and bring a friend.

Tommy and Kay Williams visited last week in Munday with their daughter, Lezli, and son-in-law, Gary Tidwell. Kay said the weather was hot.

We want to express our deepest sympathies to Don Spring and Jack Patterson. Don's father of Friona passed away last Friday and Jack's mother in Chatsworth, Georgia also passed away during recent days.

Ed Ross, a long time resident of Bovina passed away Tuesday of last week and services were held last Friday. Ed had been in the rest home in Dimmitt for several years.

Wesley and Carla Harris of Odessa have been in Bovina visiting during recent days. Their children are spending the week with their

grandparents, Jay and Furne Harris.

Talked with Shirley Ware this week and she said her neices are with them and probably will be all summer. They are Lisa and Sherry Hand of Great Falls, Montana. Shirley said Lisa would be attending college at Texas Tech in Lubbock this fall and Sherry would go back to Montana when school starts. Said the girls had been hoeing in the fields for Leon and they'd been having lots of fun with the girls.

Charlie Gray entered High Plains Baptist Hospital in Amarillo last Thursday. I talked with his daughter-in-law, Hattie and she said they would be bringing him back to Friona Tuesday of this week.

Heath Wright of Truth or Consequences, New Mexico, is in Bovina visiting his grandparents, Mr. and Mrs. Woodrow Wright and Mr. and Mrs. Dean Hastings. Heath said he would be here for another week or so. His parents are Jerry and Carol Jean Wright.

Two families of Bovina have been having fun in the Red River, New Mexico area. They are Larry and Judy Hodnett and daughter Jo Linda, and Donald and Nita Dale and their children, Marci and Belinda.

Judy said they fished, played golf, and just did all the fun things in Red River, Taos, and Angel Fire. The families went a week ago Sunday. The Dales returned the following Thursday and the Hodnetts came home Sunday.

Bess Rea has been in Parmer County Community Hospital in Friona for several days, but was released Monday of this week.

Frances and Phillip Johnson have had company, Frances' mother, Theda Williams of Friona came to

Bovina and spent time with her family.

Suzanne Murphy and sons, Kip and Adam of Abilene are in Bovina visiting her parents, the A.M. Wilsons and her husband's parents, the Don Murphys. Suzanne's husband, Rod is attending coaching school this week.

We want to congratulate the Floyd Englights on the birth of a new grandson. The young man entered this world Friday, July 17, weighing seven pounds, four and one-half ounces and has been named James Turner.

James Turner, son of Charles and Katie Collins of Littlefield, has two older sisters, Saunya, seven years old, and Carla, four years old.

His grandparents are the Floyd Englights, and great-grandparents are Bessie Webb of Bovina and Hugh Webb of Burkburnett.

DAILY USES FOR HAIR SPRAY.....

Spray any cut flower with hair spray to make it last longer without shedding. Hold the spray can about one foot away from the bouquet and spray in an upward direction, so as not to cause the flowers to droop.

To stop a run in panty hose, apply hair spray or rub with a wet bar of soap. Of course, the old standby, clear nail polish, is still a good run stopper.

If a wasp or bee gets into the house, reach for the hair spray. Most insect sprays only infuriate them, but the hair spray stiffens their wings, immobilizing them immediately. This works on all winged insects.

After polishing baby shoes, spray with hair spray to prevent polish from coming off so easily.

Have a great week and thank you for helping with Scoops.....

Five Attend Child Welfare Board Meeting

At the July 7 meeting the Parmer County Child Welfare Board completed the writing of its constitution and by-laws.

The final approval will be made at the August 25 meeting. With by-laws and constitution, the Board has completed work on self-organization and is again ready to become active in promoting awareness and assistance for child abuse victims. At the August meeting Board members will be deciding specific actions to be undertaken. One public event at which the Board will seek to have information is the Christmas in November festival at the Community Center in Friona.

Skip Sirnic attended the quarterly meeting of the Regional Council of Child Welfare Boards and reported back to the local Board some of the concerns and support found at the regional level.

Those present at the July meeting were Ona Patterson, Bessie Holt, Don Spring, Robert Gallman and Rev. Skip Sirnic.

Kathy Jackson, the caseworker for

Parmer and Castro Counties, will be leaving her position as of July 15. She will be missed. The Board looks forward to the Department of Human Resources finding a replacement for her promptly.

Blade's Edge

By JANET WILKE

Well, we decided that since Bill was having all of the fun of getting out a column each week, we would also join in the fun, and maybe throw in a few pointers here and there, and maybe even brighten your week with something of humor. So, here is our first offering.

In the Hereford Brand, recently, we saw this eye-catcher, which I thought was just too good to pass up: "Have you been planning to start an exercise program and just haven't got around to it? Here are some exercises for the non-athletic which were published in View magazine and some tongue-in-cheek calorie counts:

Beating around the bush-75 calories; jogging your memory-125 calories; jumping to conclusions-100; throwing your weight around (depending on your weight)-50-100; dragging your heels-100 calories; pushing your luck-250; making mountains out of molehills-500; spinning your wheels-175 calories; flying off of the handle-225; beating your head against the wall-150; eating crow-200; and pouring salt on wounds-200.

Well, it seems as though Kent Hance is always making the news lately, because of his stand for tax cuts which might give his constituents

a break. In the most recent address to the news media, Kent said, "There were no shouts of joy, but I've made my position known for some time that I am supporting the President. I supported his budget cuts and now I am supporting his tax cuts."

It seems that there is no rest for the weary, Kent, but we all want you to know that we are proud that you can stand your ground and not listen to the bickering from those bureaucrats in Washington, who do not even know the meaning of the word, "Constituents."

Who says Governor Bill Clements isn't a good horse-trader? Why, he paid a Baptist minister \$1,000.00 for a T-shirt that said, "Missions to Mexico" just the other day. Actually, that was Clements' way of giving the organization a personal donation. The project, which will provide volunteers and medical aide in

Zaragoza, Mexico, 20 miles east of El Paso, will provide sixty workers and a 4,000 square foot building to be used as a medical clinic. I wonder if the shirt was made of cotton?

We know that, at times, we don't always get around to covering all of the area news, but we do try very hard to. We also feel that it is our job to get stories from places who don't usually get the coverage that towns with papers do.

I am speaking about communities such as Lazbuddie, Rhea, Oklahoma Lane, etc. These folks matter just as much to this paper's circulation as larger towns do, and they appreciate the coverage because so often they are forgotten. I know that you, as Bovinians will have big enough hearts and open minds to let us occasionally cover news from the outer regions of the county. After all, these are your neighbors, too.
