WICHITA FALLS, TEXAS, THURSDAY, MARCH 26, 1908

NUMBER 271

CAMPBELL IS FIRM

GOVERNOR REITERATES DECLARATION THAT HE WILL NOT BE A DELEGATE.

RUMORS FLYING THICK

Fort Worth is Bubbling With Political Reports Preceding the Bailey Meeting Saturday.

Special to the Times.
Austin, Tex., Mar. 26.—Governor Campbell was asked today if he would go to Denver as a delegate at large if nominated by the Fort Worth Bailey meeting next Saturday. The governor said he held the same position as previously and refused to discuss the matter further. Some time ago he declared that he would not be a candidate for delegate at large.

A Fort Worth dispatch concerning the Bailey convention Saturday says: A thousand stories are afloat as to what the convention will or may do on next Saturday. Foundations for them do not appear, although some who retell them claim to know.

Rumor That Bailey Won't Run.
One story is to the effect that Bailey will not permit his name to go before the primary as a candidate for delegate at large, but will emulate the example of Governor Campbell and Senator Culberson, and will make good his own declaration made in a former year to the effect that these party honors should go to men who hold no office. Attached to this report is a diagram, which assumes to explain why and how that decision has been or may be reached. It is to the effect that Senator Bailey's friends will or may say that the gathering and demonstration in his behalf next Saturday will be such as to show that the people of Texas are standing by him, and that there is no necessity for him entering the lists as a candidate for delegate at large. Parenthetically, it may be stated that a prominent friend of Senator Bailey has assured this correspondent that there is nothing in this report, and that in his judgment Senator Bailey will be one of the nominees of the convention and will run the race through. He said he thought it would be wholesome to have this contest now, settle the issue and clear the atmosphere, so that other things of vital interest to the State might be properly considered.

A Contrary Report.
Another report is quite the reverse of that above outlined. It is to the effect that the pro-Bailey forces plan to nominate not only Senator Bailey, but Senator Culberson and Governor Campbell as well, and that in response to the suggestion that Culberson and Campbell have already declined to be candidates, they will say that Senator Bailey himself does not want to be a delegate, but they believe that it is to the best interests of the party that all three of these gentlemen should be sent to the convention, and that they will be drafted for that service. Whether or not there is any plan to that effect does not appear. This much is true: Some of Senator Bailey's friends have expressed their desire that all three should be delegates to the Denver convention. It may be that this is all there is to the report.

Contests are Predicted.
There are rumors galore as to prospective contests in the State convention on May 2nd and at the National convention at Denver. To begin with, the holding of primaries rests with the Democratic executive committee in each of the respective counties. The opinion is expressed that the Bailey folks will interest themselves only in having the primaries called in those counties where they feel reasonably sure that Bailey sentiment preponderates, and that the anti-Bailey people will interest themselves chiefly in securing primaries in counties where the sentiment against the senator is most pronounced. Then it is predicted that there will be some counties in which no primaries will be held at all, and in such case a question will or may be raised as to the right of the delegates sent from such counties to have seats in the State convention and to have a voice in the nominations.

MANDATE ISSUED.

Judge Wilcox Orders an Execution Against Waters-Pierce Oil Co.

Special to the Times.
Austin, Tex., Mar. 26.—The final step was taken by the Texas courts against the Waters-Pierce Oil Company today, when Clerk R. H. Connerly of the court of civil appeals issued a mandate to the twenty-sixth district court that the hearing had been refused, and Judge Wilcox of the latter court then ordered an execution against the property of the oil company for the full amount of the judgment, \$1,600,000. This order will be executed unless the company gets a writ of error to the Federal supreme court.

BAILEY RALLY WILL BEGIN FRIDAY NIGHT.

Special to the Times.
Fort Worth, Tex., Mar. 26.—Bailey meetings scheduled for Saturday in Ft. Worth will open a day earlier according to a decision reached Wednesday by the Bailey campaign committee. A large number of Bailey's supporters will reach the city Friday afternoon and evening, and for the entertainment of these early arrivals and probably for the purpose of working up some enthusiasm among the Bailey supporters a meeting has been arranged for Friday night.

The city hall has been secured for this preliminary rally, and the meeting will open at 8 o'clock. The speakers for the evening have not yet been selected, but several of the eloquent in the Bailey ranks will endeavor to arouse the enthusiasm of the visitors. The arena of the Coliseum has been floored over and seats for 4,500 placed in this space. Together with the boxes and balconies of the big building, accommodations for nearly 10,000 are available.

Members of the Bailey committee are anticipating a very large crowd for Saturday's rallies and do not think the Coliseum will hold the throng. Some of the members called Wednesday on the hotel and restaurant proprietors of the city and notified them that they had best prepare to care for a very large crowd.

BURROWS MAKES OBJECTION.

Protests Against Seating of Senator-Elect Smith of Maryland.

By Associated Press.
Washington, D. C., Mar. 26.—Senator Burrows, chairman of the committee on privileges and elections, today made an objection to the swearing into office of Senator-elect Smith of Maryland, who was chosen to succeed the late Senator Whyte. Mr. Burrows based his objection on the strength that Mr. Smith's election was not in accordance with the form prescribed by the constitution.

ILLINOIS G. O. P. ENDORSE CANNON

By Associated Press.
Springfield, Ill., Mar. 26.—The republican State convention which will send four delegates and alternates from the State at large to the Chicago convention was called to order today by Roy O. West, chairman of the State central committee. George Buckingham of Danville was made temporary and permanent chairman. The convention is solidly for Joseph G. Cannon for president and endorsed his candidacy in as strong terms as language permitted. It also upheld the administration of Governor Deneen and commended his conduct of public affairs. All other State officials of the party as endorsed were United States Senators Cullom and Hopkins. The administration of President Roosevelt was highly praised.

WHEAT AND OAT OUTLOOK GOOD.

Secretary of Grain Dealers' Association Talks of Reports.
Fort Worth, Tex., Mar. 26.—Secretary H. B. Dorsey of the Texas Grain Dealers' Association, who has received reports from various points throughout Texas concerning the recent rains which have proven of inestimable benefit, said:
"Wheat and oats are all to the good, judging from the many reports I have received, and about the only apprehension now being entertained is that of the corn crop, which will quite probably be a dismal failure. This condition is attributed to the continued wet and cold weather, which has left the ground in a very poor condition and which will materially detract from the usual good corn crop."

AN EIGHTY-BARREL WELL.

Clayco Oil Company Reported to Have Made Big Strike at Petrolia.

A Henrietta dispatch to the Fort Worth Record says:
The Clayco Oil Company brought in a new well Monday at a depth of 745 feet, which has pumped eighty barrels of oil during the past fourteen hours. This well is southeast or in the direction of Henrietta, and is by far the biggest well yet struck. The big gas well which was brought in last fall still continues to be the great wonder of all who visit the Petrolia oil field.

Not a Candidate.

Mr. A. M. Walker desires to express his thanks to the friends who circulated a petition and filed it with the mayor, putting him up as a candidate for alderman. He is not a candidate for the position in any sense of the word—not even a receptive one—and wishes his friends to refrain from voting for him at the April election.

SHOWS TRUCE FLAG

POLITICIANS THINK ROOSEVELT HAS TREATED WITH TAFT'S OPPONENTS.

TO UNITE REPUBLICANS

Declared That Success of Secretary is Assured in Convention and Increased at the Polls.

Washington, D. C., Mar. 25.—Has the president, as a means of promoting the election of Secretary Taft, made a truce with the reactionaries of his party?
Whether justly or not, his message of today is accepted as evidence that he has. This construction is put on it, not only by democrats, but by republicans who have heretofore supported him steadfastly.

The circumstances of his message most remarked is its tone. Put in parallel columns with his message of January 31st, it would seem as if it were impossible that the same man had written both. With one or two exceptions, both messages advocate the same legislation, but whereas one demanded it, the other sues for it.

The message of today bears both internal and external evidence that as the campaign approaches the president has become more mindful of the political exigencies and more and more sensible of the need of uniting his party. The message, according to the testimony entitled to the highest acceptance, is intended to be, not a legislative program, but a party promise. It is the plan and specification of an architect who has an understanding with the men who will build the platform at Chicago.

No longer does one hear from the White House that the president will call an extra session if the measures he desires are not enacted; on the contrary, one hears that there is little prospect that these things will be done; that the president himself does not expect them to be done, but that the party will pledge itself to do them, at the next session, and that the president has been placated by this assurance.

A SAD ACCIDENT.

Body of Young Man Killed at Dayton, Ohio, Brought Here for Burial.

The body of Sylvester Spurling, a young man aged 23 years, who died in a hospital at Dayton, Ohio, Saturday night from the wound of an accidental gunshot fired by his 3-year old brother, was buried here this morning, the funeral being from the home of the dead man's uncle, J. W. Spurling, on Travis street.

The dead man was the son of Abraham Spurling, a brother to Mr. Spurling here, and was preparing to come to Wichita Falls with his father's family when the fatal accident occurred. For that reason his body was shipped here for burial.

His death was the result of an unusually sad accident. He was lying on a lounge at his home when his baby brother picked up a rifle and innocently pointing the weapon at the sleeping man, fired the shot which caused a fatal wound.

HEAVY VOTE IN ARKANSAS.

Returns Indicate Donaghey's Nomination for Governor.

By Associated Press.
Little Rock, Ark., Mar. 26.—Returns received early today from yesterday's democratic primary election indicate that George W. Donaghey of Faulkner county, has been nominated for governor over Kirby and Ninemon, the other contestants for the nomination. It is estimated that over 100,000 votes were cast in the State, being one of the heaviest polls recorded in a similar election in many years. The result will probably not be known until tomorrow, as the returns from the country districts will not arrive before that time.

KOREAN'S SHOTS PROVE FATAL

By Associated Press.
San Francisco, Cal., Mar. 26.—Durham White Stevens, the diplomat who was shot by Whan Chang, a young Korean, died at the St. Francis hospital last night, following an operation. His death was due to peritonitis. The operation disclosed that the assassin's bullet had perforated the intestines in six places.

When Whan Chang, the Korean who fired the shots which proved fatal to Stevens, was informed last night at the jail of his victim's death, he received the news without surprise and with manifest delight.

TAGGART STILL RETAINS CONTROL

By Associated Press.
Indianapolis, Ind., March 26.—The second day's session of the Indiana Democratic convention opened today with the work well in hand. A platform will be adopted and a state ticket nominated today. The committee on resolutions was in session nearly all night on the platform, and the committee on credentials spent the night in laboring with the contests between the Taggart and anti-Taggart followings in the seventh district. Indications were this morning that National Chairman Taggart was in control of the convention and that his wishes would be followed.

The platform instructing the thirty Indiana delegates to the national convention to vote for Bryan, was adopted as read.

FORM BAILEY CLUB

MEETING OF FRIENDS AND SUPPORTERS HELD HERE WEDNESDAY AFTERNOON.

DELEGATES APPOINTED

To Represent Wichita County at Bailey Convention—First Step Toward a Permanent Organization.

The Wichita county Baileylites propose to be in the thick of the fray and take an active part in the campaign to send the senator as a delegate at large to the national convention at Denver in July.

At a meeting of the Bailey men in the Chamber of Commerce rooms yesterday afternoon, delegates to the big gathering of the Bailey clans in Fort Worth next Saturday were selected, resolutions eulogizing the senator were adopted with acclamation, and the first step was taken toward the permanent organization of a Bailey club.

The meeting was attended by about fifty men who gathered in response to the short notice given.

Judge Edgar Scurry, who was instrumental in calling the meeting, briefly stated the purpose of the assembly and was elected chairman of the meeting. Tom Felder was elected secretary.

A resolutions committee comprised of W. F. Jourdan, R. E. Huff and Job Burnett.

The committee reported the following resolutions which were adopted with hearty approval.

Resolved, That we recognize in Hon. J. W. Bailey one of the greatest statesmen in modern times, who in his public career has ever been true to the people of Texas and we deplore the attempt now being made to discredit him and cripple his influence.

Second, Believing in the purity of his character, and his devotion to Democratic principles, we endorse him as a candidate for delegate from Texas for the state at large to the national Democratic convention at Denver in July.

W. F. JOURDAN, Chm'n.

The following were selected as delegates to the convention in Fort Worth to represent the Bailey democrats of Wichita county:

Judge Edgar Scurry, chairman, Dr. J. C. A. Guest, W. F. Jourdan, J. T. Young, Job Burnett, W. J. Howard, Tom Felder, N. Henderson, Ben Williams, Ed. Cobb, Dr. Bell, E. A. McCleskey, J. D. Avis, Will Ferguson, H. C. McGlasson and M. J. Gardner.

W. M. McGregor, Walt Smith and Tom Felder were appointed a committee to arrange for badges.

Before adjournment it was voted to be the sense of the meeting that a permanent Bailey club be organized, and the meeting adjourned to meet upon the call of the chairman.

Arrangements have been made with the Fort Worth and Denver to attach an extra car to train No. 8, leaving Wichita Falls at 2:25 a. m. Saturday morning, for the accommodation of those going to Fort Worth to attend the Bailey convention. A rate of \$4.60 for the round trip will be given and an effort will be made to secure enough passengers to fill the coach. It is understood that a number of Iowa Park Baileylites will join the local delegation.

MAILING PRIVILEGE WITHDRAWN.

Paper Published by Alleged Anarchists Not Considered Second Class Matter.

By Associated Press.
Washington, D. C., Mar. 26.—Postmaster General Myer today issued an order annulling the second class mailing privilege to the "La Question Sociale," an Italian publication issued by an alleged anarchist group at Patterson, New Jersey. The order declares that the publication is not a newspaper within the meaning of the law, but is devoted to what the editors term the "science" of extolling assassination as a virtue.

THREE NEW DEPOTS.
Railroads Unable to Agree and Amarillo Likely to Have Three Passenger Stations.
Three new passenger depots will soon be erected in Amarillo unless, at the last minute, the unexpected should happen and the Rock Island, Fort Worth & Denver and Santa Fe should be able to agree upon a union station project. The chances for the latter are very slim, indeed, and the three roads have abandoned hope of arriving at a satisfactory agreement.

The disagreement about the depot between the three big lines began four months ago when Commissioner Oscar B. Colquitt, upon returning to Austin from an inspection of the three roads in question, issued his improvement orders wherein new passenger stations were prescribed for Amarillo. As a means of saving expense to each, individual line mentioned in the order, the officials thought that it would be a wise idea to combine and build a union depot.

Plans were drawn, estimates made, and everything seemed fair sailing between the roads until the question of a site was reached. First the Santa Fe insisted that the union depot be located in a certain portion of the town. Then the Rock Island and the Fort Worth & Denver objected to the Santa Fe's site on the grounds of too much cost in reaching it. The Santa Fe raised a similar objection to the site proposed by the other roads, with the result that two months ago the Santa Fe withdrew.

But the Rock Island and Fort Worth & Denver had about as much difficulty in selecting a site that would meet the requirements and demands of each as did the three before the Santa Fe withdrew.

The conviction has forced itself upon both the Rock Island and Fort Worth & Denver officials now that a union depot for Amarillo is entirely out of the question. Each is preparing to erect a new station of its own in compliance with the order of the commission.—Fort Worth Record.

The New Orleans papers Sunday announced the beginning of a campaign to abolish horse racing throughout that state. The names of many well known men of that city were printed as signers of the petition now being circulated for presentation to the legislature which meets in May to abolish betting at Louisiana tracks. The question of the betting feature is admitted to carry with the existence of racing.

TO THE FLOUR CONSUMERS

OF WICHITA FALLS

Did you know that the Wichita Mill & Elevator Co. is one of the largest mills in the South, equipped with the most modern machinery, turning out every day one thousand barrels of flour, besides several cars of meal and bran? It has a pay roll of over \$500 per week, paying off its men in cash every Saturday night a sum of money amounting to over \$100 per day, every dollar of which is paid to citizens of Wichita Falls, who spend their money in Wichita Falls.

The Wichita Mill & Elevator Co. affords a market the year around to the farmers of Wichita County for their grain, paying them as much and often much more than the Kansas City and Chicago cash prices.

The Wichita Mill has helped build every new railway into Wichita Falls, being among the very largest contributors to all public enterprises as well as one of the largest taxpayers of Wichita County, paying its full part in the maintenance of the public schools of our county and the municipal government of Wichita Falls.

The Wichita Mill makes the highest grade of pure soft winter wheat flour today being offered in the Southwest and guarantee every sack to give entire satisfaction, or money refunded. There are various grades of flour as well as other merchandise—cheap flour and high grade flour. Quality has always been the paramount question with the Wichita Mill & Elevator Co. and before we would deteriorate the quality of our goods we would close down our mill.

Do you not agree with us that we are entitled to the patronage which we are so liberally receiving from all the citizens of Wichita County who insist upon always having the best in the flour line.

The outside Mills, besides putting out a cheap grade of flour, do not contribute one dollar of the state, county or school taxes of Wichita County, nor do they contribute one cent towards any public enterprise for a larger and greater Wichita Falls!

Some of the papers over the State are opposing the candidacy of J. M. Alderdice for State Superintendent of Public Instruction, because of the fact that he fathered the law passed by the last legislature which gives to school teachers a full week's pay out of the regular school fund to attend county institutes, asserting that this money belongs to the children and should be used for their education instead of for the education of teachers, who should have prepared for the work of teaching before applying for their positions. That our teachers should be prepared to perform their work is not a ques-

tion to be debated. The only question is: Who shall pay the expense? It is a fact that school teachers are, as a rule, the poorest paid class of any profession and on account of this fact, those who are qualified to teach can most generally find other employment at much better pay. Until the State can pay better salaries to its school teachers, then it cannot expect a man or a woman who can secure employment at from \$75 to \$150 per month to accept a job at school teaching which does not pay, on an average, of more than \$75 per month. The assertion made by some papers that there are some teachers in charge of schools who are taxed to their utmost ability to keep one lesson ahead of the pupils in their charge, is doubtless true, but county teachers' institutes should not be blamed for this. Until better salaries are paid teachers this condition will probably always exist and will make all the more necessary county teachers' institutes. It would not be asking too much of school teachers to knock off a week or two during each school term for the purpose of "brushing up" a little in order to be better prepared for their work at their expense, if they were paid better.

NEW DEPOT FOR STAMFORD.

Wichita Valley and Texas Central To Build Handsome Structure. Fort Worth Record. Giving evidence of reviving activity in Texas railroad construction and manifesting the faith that railroad magnates have in the future of the great country west of Fort Worth, the Wichita Valley and Texas Central lines have determined to erect at Stamford, Texas, one of the most uniquely arranged and handsomely finished union stations in the State.

The last step toward insuring the building of this depot was taken Monday in Waco at a joint conference between Colonel D. B. Keeler, vice president of the Wichita Valley and Fort Worth and Denver, and Charles Hamilton, vice president and general manager of the Texas Central. At this conference the plans for building and trackage were agreed upon and the cost was apportioned between the two lines.

The Stamford depot will be constructed of brick stucco. The interior will be on amphitheatre style. In the center, which will be in the shape of an ancient Roman arena, will be a general waiting room. The four corners will be set off, respectively, with ticket office, baggage room, white and negro private waiting rooms.

The junction of the Texas Central and Wichita Valley tracks will be directly in front of the ticket office. The traveling public will be protected as far as possible from crossing these tracks to and from the station.

The depot, to cost probably \$15,000, will be built to accommodate a city many times the size of Stamford, the railroads firmly believing that it is sure to grow by great strides within the next few years.

In discussing the depot yesterday, Colonel Keeler, who had just returned from Waco, stated that the building will be a credit to city, railroads, and State. It will easily be one of the nicest and most convenient depots in the western part of the State. Actual construction will begin at once.

About Rural Mail Boxes.

Washington, D. C., Mar. 25.—The Postoffice Department has just rendered a decision on a new point in regard to rural mail delivery service, in response to an inquiry from John E. Conner of route 1, Richland Springs, Texas.

The hypothetical question was first submitted to the department of justice for an opinion. When that was received the fourth assistant postmaster general laid down the law in the case in a letter to Representative Slayden, who forwarded the inquiry to the department.

It involves the practice of patrons of a rural route who live some distance apart, but whose boxes are placed at the same point on the route, to communicate with each other by means of unstamped letters placed in these boxes. The case was placed before the department by Representative Slayden of Texas, who wanted to know if this practice violated the postal laws, and if so, what was the penalty.

After securing the judgment of the assistant United States attorney general, P. V. DeGraw, fourth assistant postmaster general, wrote to Representative Slayden, stating that "all patrons of rural delivery are required to provide themselves with approved boxes, and such boxes and their contents are recognized by law as mail boxes and protected from willful damage or depredation." He further notes the fact that while these boxes are provided by patrons at their own expense "they are erected exclusively for the use of the United States mails."

Coming to the point of inquiry, Mr. DeGraw states: "All mailable matter placed in rural mail boxes is subject to the rules and regulations governing the mails, including the payment of postage. While it is not in violation of the law to place unstamped mailable matter in rural boxes, it is not proper that it should be done. Rural carriers finding such matter in boxes on their routes are required to bring it into the postoffice to be held for postage."

"It will, therefore, be apparent to you that in the use of a rural mail box there can be no divided authority between the postoffice department and the patron, for if this were so it would be difficult, if not impossible, to enforce the law protecting rural mail boxes and their contents from damage or depredation."

Some Important Information about Canned Goods :-:

A lady who writes for one of the leading magazines after visiting several canning factories says that canned fruits and vegetables are really more economical and wholesome than the fresh varieties.

This is why.

For canning purposes only the most perfect raw materials can be used and then only as they come fresh from the garden or orchard while the canning process makes decay impossible and prevents accumulations of dust and dirt. Then, too, it brings to any table the finest that the best gardens grow.

This is especially true of such brands as the Monarch, for the packers of this brand use the utmost precaution to have everything under the label absolutely perfect, and that's what we guarantee them to be.

MONEY FOR THE MAYORS.
Over in Joyous Jacksonville, Fla., they pay the mayor \$100 a month and allow him a "line's busy" telephone and a second-hand typewriter. It is better to be city janitor in Houston than a mayor in Jacksonville.—Houston Post.

Over in Magnificent Miles they pay his honor, the mayor, the magnificent sum of \$2 per month and cuss him because he tries to collect that. Oh, my, but this mayor job is a picnic—to the other fellow.—Miles Messenger.

Over here in Nacogdoches our mayor draws the princely sum of \$15 per month for serving in that capacity, and the perquisites to the police court. He also receives a share of the cussing.—Nacogdoches Sentinel.

Over here in San Augustine our mayor draws \$15 worth of trouble.—San Augustine Vidette.

Over here in Odorous Orange, where the orange blossoms and the roses mingle their sweet perfumes, where the song bird carols in the beautiful green shade trees that line our handsome boulevards, and where living is a pleasure, our mayor will serve for pure patriotism in future and we have all agreed to "cuss" him just as little as possible and help him all we can.—Orange Leader.

Over her in temperate Timpson the mayor gets the munificent salary of \$1 per month and must help everybody, whether he can or not; as for the "cussing" he doesn't mind it, and his wife can't hear it.—Timpson Times.

And over here in winsome, winning Wichita, our mayor draws the stupendous stipend of \$10 per year, with the trouble thrown in, but as for the "cussings" the city ordinances forbid it. Pure patriotism is prompting two candidates to seek the office.

Notice to Water Consumers.

SNAKES IN THE CABBAGE

Now comes the season of the year when the good housewife begins to discover cabbage snakes and the fertile correspondent increases his monthly earnings by marvelous stories of the "venomous reptiles" found in one of the commonest garden vegetables.

Occasionally the correspondent goes so far as to have the snakes cooked and eaten so that whole families are made deathly sick. The result, aside from what the correspondent gets out of it, is that many sensible people are frightened and even prejudiced against using cabbage at all.

When you see a cabbage snake story read it if you want to, remembering only one thing—

It is a lie.
The "snakes" occasionally found in cabbage, the proportion is about one snake to a million heads of cabbage, are not snakes at all, but harmless white worms which sometimes attain the diameter of a cambric needle. More usually they are as thick as a human hair. They are sometimes six inches long. They are not venomous, poisonous, nor even aggressive. They could not bite if they wanted to and none has ever been found that wanted to. Their general disposition is even milder than that of the slugs occasionally found in lettuce.

The cabbage snakes also have a delicate constitution. Warm water is fatal, and if a head of cabbage be served in a salad, is plunged into a bowl of hot water before being sliced, any "snakes" that may be lingering in the leaves will go to their long home in less than a second.

So don't worry about the cabbage snake story. There is a hundredfold more danger in church festival pressed chicken than in all the cabbage snakes discovered since the days of Eve whose serpent knowledge was not limited to the cabbage kind.

The cabbage snake story is a grewsome invention, but it is only an invention, and sensible people should pay no attention to it.

At its conclusion two came forward and confessed Christ.

Bailey Club at Henrietta.

Henrietta, Tex., Mar. 25.—At a mass meeting of the democrats held at the court house today, the Henrietta Bailey club, with a membership of 400, was organized, C. K. Jones being elected chairman. Hon. J. C. Farrell, former State senator from Cooke county, addressed the meeting, defending Senator Bailey, both as a public servant and as a private citizen.

The fight in this county promises to be warm, as the anti-Bailey men are circulating lists for signatures preparatory to forming a club.

Style, Sir, is the Great thing in Clothes

—greater even than fit, for often its presence lessens some tiny wrinkle that its lack would show up plain. We tell you that in the world of clothes Stein-Bloch stands supreme for style—and pay out thousands of dollars to obtain it. They made our Spring and Summer clothes and we have your needs upon our tables. Will you make one try-on? Just to see?

IT'S GOOD

We are slicing some extra fancy Boiled Ham, Bologna Sausage, Dried Beef and Premium Breakfast Bacon. Its fancy stuff and sliced JUST RIGHT and it can only be sliced that away on an American machine. Every slice is just like the other slice; any thickness you desire.

A great variety of pickles, sweet and sour, in bulk and glass; olives plain and stuffed, bulk or glass; an almost endless variety of sauces, chows, relishes, dressings, etc. We wish to call especial attention to Red Snapper Table sauce and Red Snapper Onion relish; both very snappy and appetizing these spring days.
