TWO DENVER WRECKS

SPREADING RAILS CAUSE PASSENGER WRECK NEAR HENRIETTA—NO SERIOUS INJURIES.

SEVENTEEN COAL CARS

Go Into the Ditch Near Dalhart and Traffic is Badly Tied Up.

North bound Fort Worth and Denver passenger train No. 3 was wrecked near Dickworsham siding a few miles east of Henrietta yesterday afternoon, and the tender, baggage coach and two passenger coaches left the rails.

The wreck was caused by the spreading of the rails under the heavily loaded tender. The tender was overturned and the baggage coach was thrown at nearly a right angle across the track. The two passenger coaches following left the rails, but none of the passengers were seriously injured.

Attached to the train were two show cars bound for Quanah, but these were only slightly damaged.

The train was annulled and the passengers were carried back to Bowie, where they were transferred to the train following.

The local wrecking crew was called out and at about 2 o'clock this morning had the tracks clear.

Another Denver Wreck.

Another wreck on the Fort Worth and Denver near Dalhart between 8 and 9 o'clock last night completely tied up traffic for many hours.

The wreck was that of a southbound freight train and in all seventeen cars loaded with coal went into the ditch. The wreck was caused by the break down of a car heavily loaded with coal. It is reported that one member of the crew was seriously injured.

Noble for Mayor.

It is conceded that our city government under Mr. Noble as mayor has been and is among the very best in the State.

His administration has been able, efficient, economical and progressive, and to this fact is due in a large measure our substantial public improvements and rapid growth in industry and population.

His has been a business and not a political administration. Desiring to carry to a successful conclusion the better public improvements his administration has inaugurated he offers no personal consideration.

For above any personal consideration is the continued welfare and progress of our city, which depends on the successful conduct of its business. Mr. Noble has made a success of his private business, a success of the city's business and certainly will in the future if the voters on tomorrow decide again to entrust him with the office of mayor.

The plans have been made and adopted for the public sewer system, the money is ready for its construction and other public improvements are under way, and to change the administration at this time would be like swapping horses in the middle of a stream, which should never be undertaken except for the best of reasons.

Should we at this time exchange our present administration, which we know to be safe, sane, economical, progressive and absolutely free from politics and graft, for one which cannot be better and may prove not nearly so good? Can we afford to do any experimenting at this time?

We respectfully submit that the certain welfare of our city demands the re-election of Mr. Noble for mayor.

WAGES OF 125,000 MILL HANDS ARE CUT

By Associated Press.

Boston, Mass., April 6.—A wage reduction averaging ten per cent became effective today in the cotton mills in New England, employing 30,000 operatives. Last week the wages of 60,000 operatives were reduced and next Monday the pay of 30,000 additional mill hands, including those in New Bedford, will be cut, bringing the total affected by the present movement to 125,000.

The mills affected in the cut today are principally located in the Blackstone Valley, the Berkshire region and in Maine.

SPLENDID PRAISE SERVICE.

Large Attendance and Good Program at the Presbyterian Church.

The announcement of a song service by the splendid choir at the First Presbyterian church is all that is necessary to draw a full house. The praise service last night was no exception, as every available space was occupied and many turned away. The music fully met the expectations of the large and eager audience.

The service was opened by organ and violin voluntary, followed by a beautiful anthem by full choir and orchestra, which prepared the audience for the splendid numbers that were to follow. The euphonium solo by Mr. Harry Daugherty, the violin numbers by Mrs. Bruce Greenwood and Mr. Von der Lippe were of the highest order. Miss Sazie Field sang most beautifully, to the pleasure of her host of friends, while Mr. Krueger sustained his reputation as one of the best soloists ever in the city. The choir, which takes such interest in the music of this church, rendered several most excellent anthems. Mrs. O. E. Maer presided at the pipe organ and showed her mastery of the great instrument.

At the conclusion of the program many went forward to express their appreciation of one of the finest musical services ever given in our city.

WILLIAMS OUTGENERALS PAYNE.

Democrats Continue Tactics in Lower House and Force Roll Call.

Washington, D. C., April 6.—The democrats in the house today continued their tactics of forcing a roll call on the approval of the journal and then turned in and voted for its approval with the republicans. Mr. Williams, the minority leader, outgeneraled Mr. Payne.

Employers' Liability Bill Passes.

Washington, D. C., April 6.—The house today unanimously passed the Sterling employers' liability bill.

The plans for the new opera house have been received by C. W. Bean, but the architect, Mr. Carl Boller of Kansas City, has not yet completed the specifications. Mr. Bean is expecting to receive the specifications within a few days, and upon their receipt the committee will be ready to receive bids.

RIOTS IN PORTUGAL FOLLOW ELECTION

By Associated Press.

Lisbon, Portugal, April 6.—The city is in a state of intense excitement over the election riots last night. Great crowds filled Pedro Square and massed in front of St. Dominique church, these points being the chief centers of the republican disorders. Troops consisting of cavalry and infantry were called out and charged the assembled multitude. They were met by showers of stones and finally the troops fired and intense disorder ensued. One observer says the streets were literally red with blood. No official statement of the number of killed and wounded would be permitted by the authorities and no official press statements are permitted to be telegraphed. Following the bloody street affray, the offices of three newspapers were sacked. The crowd was finally dispersed by the troops.

In a general way the elections turned out as planned by the parties in control. The republicans, who had but two seats in the dissolved parliament, increased their representation to possibly twenty. In Lisbon they swept the populous sections of the city, but gerrymanders, including the outside districts, offset in a measure this advantage. The republican leaders are raising the cry of "fraud." They claim that while government pressure seemingly was relaxed, the old electoral machinery was in full operation, because of the fear by the government of a great republican movement, and that therefore the elections do not represent in any way the sentiment of the country.

As the suffrage is limited to those who can read and write or who pay certain direct taxes, the republicans contend that it was an easy matter for the authorities to manipulate the register list against the republican parties among the masses, 80 per cent of whom are illiterate. Nevertheless, leaders like Machado, Almeida and Cunha say that the seats they have won give them sufficient strength to wage open war on the government in parliament.

Thaw Divorce Suit Filed.

New York, April 6.—Counsel for Evelyn Nesbit Thaw today filed in the supreme court a suit for the annulment of her marriage to Harry Thaw. The annulment is asked on the ground that Thaw was insane at the time of the marriage.

FIRST CASE ON TRIAL

WICHITA FALLS SALOON KEEPER CHARGED WITH VIOLATION OF NEW LIQUOR LAW.

INTEREST IN OUTCOME

Forfeiture of License Involved and the Saloon Men are Watching the Case Eagerly.

At the opening of the April term of the county court this morning, the first case to come up for trial was one wherein M. S. Skinner is charged with selling liquor to a minor, contrary to the Baskin-McGregor law.

The case is being heard by a jury with Judge Yeager presiding.

This is the first liquor case to be prosecuted under the Baskin-McGregor law and if a conviction is secured the defendant's license will be forfeited.

District Attorney P. A. Martin is representing the State and Attorneys C. C. Huff, L. H. Mathis, and Judge Edgar Seury are representing the defendant. As there are a number of indictments under the Baskin-McGregor law against Wichita Falls saloon keepers, the trial of the case is attracting unusual interest.

BRYAN'S IDEAS IN OPERATION.

Gov. Haskell Returns From Iowa—Expounded Oklahoma's Government.

Guthrie, Ok., April 4.—Governor Haskell has returned from Des Moines, Iowa, where he and William Jennings Bryan were speakers before the Monroe Democratic Club Thursday night. The governor's topic was "Bryanism in Practical Operation," and he used the Oklahoma constitution to show that ample use was being made of the Nebraska's ideas in the new State.

"It has been the talk for eight years," said the governor, "that Mr. Bryan's idea would only do for the millennium. I showed them the Oklahoma constitution, filed with Mr. Bryan's ideas, and told them how it is in practical operation here every day in the week."

The governor will speak before the Wichita (Kan.) Democratic Club Monday night, April 13th.

ATTEMPT TO KILL POLICE INSPECTOR

By Associated Press.

Chicago, Ill., April 6.—An attempt is said to have been made last night to assassinate Police Inspector Edward McCann, and the police have arrested twenty or thirty persons who are claimed to have been implicated in a conspiracy to kill McCann. The officer had recently been very accurate in the "Redlight" district in suppressing the opium dens and controlling houses of ill repute.

MAY STRIKE AGAIN

COMMERCIAL TELEGRAPHERS AT CHICAGO RENEW DEMANDS MADE LAST YEAR.

COMPANIES SKEPTICAL

Officials Say That They Do Not Regard Action By Men as Serious. Claims of Both Sides.

Chicago, Ill., April 5.—Commercial telegraphers are preparing for another strike against the telegraph companies. Resolutions were adopted at today's meeting of the Chicago local, favoring a strike against the Western Union Telegraph Company in all parts of the United States and Mexico, to go into effect June 1st, unless the demands presented prior to the strike of last August are met by that time.

The resolutions provide that the Postal Telegraph Company is to be given until July 1st to accede and in the event of both companies refusing, the men employed by the Associated Press, the brokers and individual corporations will also be called out.

Claims of the Men.

Since the men returned to work last November, they charge that the Western Union Company has reduced wages 10 per cent and more in some instances, and that while the Postal company has made no general reduction it has imposed many other conditions which the employees resent.

What the Officers Say.

Officials of the two telegraph companies last night did not regard the strike threat as serious, declaring that it would be impossible to again get the men to walk out. The officers of the union assert, however, that they have nothing to lose by risking another fight with the companies. They are demanding the same conditions as they did last summer, an eight-hour day, equal wages for equal work, regardless of sex, and the companies to furnish typewriters.

Appeal to Roosevelt.

Copies of the resolutions adopted by the local are to be sent to President Roosevelt, Samuel Gompers, president of the American Federation of Labor, and officials of the Order of Railway Telegraphers.

It is also to be submitted to other local unions in the hope that if a strike is ordered it will go into effect in every city without a hitch.

The telegraphers believe that on account of the republican national convention being held in this city in June they have a club to hold over the heads of the telegraph companies that they did not have last summer.

The national convention of the organization will be held in Milwaukee, June 8th.

About one hundred and fifty members attended the meeting.

CRUSHED TO DEATH.

With Her Clothing Aflame a Woman Jumps to the Street During Fire.

By Associated Press.

New York, April 6.—One woman lost her life and nearly a score of men and women were injured and as many more rescued from death in the flames today during a fire which destroyed a four-story tenement house on Pearl street.

The dead woman, Julia Osola, was 22 years of age. She jumped from a window after her clothing had taken fire and was crushed into a shapeless mass on the stone paved street below.

DEATH BY ELECTROCUTION.

Man Received Current of Two Thousand Volts From Light Globe.

By Associated Press.

Chillicothe, Ohio, April 6.—James Ryan, a boiler maker, was electrocuted here today. Bryan grasped an electric light globe without gloved hands and received the full current of 2,000 volts from wires which had become crossed.

ODD THINGS IN A DAY'S NEWS.

Holt county, Missouri, which went dry at a recent election, had only one saloon.

The Missouri supreme court has sustained a statute which makes chicken stealing a felony.

At Kansas City Joseph Burns was sent to the penitentiary for five years for stealing a locomotive.

A meteor fell in the town of Mount Victory, Ohio, tearing up the pavement and narrowly missing several pedestrians.

In a divorce court at Detroit Charles F. Higgins produced a box of his own needle work to show that he spent his spare time at home.

An employe of the matrimonial bureau in Chicago testified on the stand that only ten photographs of men and women out of 10,000 are of sufficient merit to attract attention.

John Kittal, aged 75, has married his son's divorced wife, aged 50, just for spite, he says.

A robber named Raspberry of Stroud, Oklahoma, is in danger of getting a sentence of ninety-nine years in the penitentiary.

Within a year all the Davidson family of Clarendon, Ohio—mother, father and two sons—were found dead in their beds.

After a search of twenty-four hours Mr. and Mrs. Charles Glick of Tower Hill, Ill., found their 2-year-old son asleep between two big hogs in a pen.

Walter Wycoff, a farmer, while waiting his turn to be operated on in the Creston (Iowa) hospital and in a position to see other patients under the knife, died of fright.

Mrs. John C. Keller of Fort Wayne, Ind., who is suing for a divorce, at the trial tossed their child into her husband's arms, saying: "I have fed her four months on air; now see what you can do."

TO THOSE WHO HAVE NO BANK CONNECTIONS

You cannot accomplish much in a business way without the services of a bank, and when it comes to a question of whether or not you should have some bank connections, there is only one answer: Any business will derive some benefit from a bank's service.

The service that a bank gives to its customers places within their reach every advantage to carry on financial matters easily.

Many persons are timid about opening a bank account because they think their knowledge of banking is limited, or perhaps they consider their amount too small.

To any such person, we wish to say that the opening of a bank account is very easy; we explain all details and make it simple for you. We also encourage any who have small sums to open an account.

Keep Your Record Straight.
Young man, keep your record straight.

Not that letting it wobble occasionally may not seem more pleasant, no; that there is any particular harm in so doing, but some day, young man, you may grow up and be in politics. Then, if you cannot point the finger of honest pride back on the spotless years of your prior existence, young man beware.

How, in 1954, would you like to see the Bazoo Bugle come out with a story on its front page, declaring that in 1902 you had stolen a watermelon?

How would you like the world of fifty years from now to know that at the age of 18 you were guilty of swapping jackknives with a populist?

Does not your cheek even now blush for the shame at the thought that some day, forty years from now the Telegram may make known to its large and intelligent constituency that in 1908 you were so dangerous a citizen that one of your neighbors filed a complaint with Commissioner Mulkey in regard to your chickens?

Take time young man and reflect. Don't be deceived, because you may have some friends who speak kindly of you. Don't be elated because one of the papers once referred to you as a coming citizen. Six months from now it will be calling you a horse thief, or, perhaps, an anarchist and a grave robber.

You are a democrat, now. At least you hope and think you are, or think you hope you are. No matter, just wait until 1937 and see whether you were or not. It makes no difference that you are not of age and have been out of the State at election time for the past four years. In 1937 some one will be found to swear that in 1906 you voted to help make Ceell Lyon governor. Some one else will be found to swear that for five years after you began wearing long pants you got your clothes from a Chicago mail order house.

Think about these things, young man. They're serious. And don't forget to keep your record straight.—Fort Worth Telegram.

Juvenile Fashions.

Among the prettiest of the sheer, little frocks for children's summer wear are those of fine cross-bar handkerchief linen, made with Dutch yokes of the finest Baby Irish crocheted lace. From this lace band tabs fall over the short sleeve, which is either made as a puff caught in a lace strap cuff above the elbow, or as a circular flare edged with lace and about six inches deep at outer-part.

Hand embroidery in eyelet designs done in dainty colors like the famous broderie Maderia, is shown on the newest yokes of children's linen frocks, the yoke of the kind commonly called Dutch, but extending in straps to cuff down outer part of sleeve, whether the sleeve be short or long and also in a half length panel at middle front and back, that is inset-down the center of the box-plaits.

Children's every day hats this year when of straw, are generously wide-brimmed, and so shade the eye, and the tender skin that the prevailing style of Dutch yoke displays at necks. The straw is of lightest weight and a ribbon crown band and silk pompons are the simple trimming.

Sashes, hair bows, slippers and socks match in color for the party costumes, the frocks themselves being of some filmy white mull or batiste elaborately inset with lace and worn over a white mull slip.

Tomorrow the city election takes place. A mayor, two aldermen, and a city assessor are to be elected. The city secretary and recorder, city marshal and city attorney were made appointive offices, and the voters will have no opportunity to express a preference for these officers. The Times, as between candidates, has expressed no preference. Those offering for office are well known to the people of Wichita Falls and the Times feels confident that those selected to fill the offices will perform their duties to the best interests of Wichita Falls—as they see it. That is all that could be expected of any god citizen, and even if those who are successful at tomorrow's election do not see things through the same glasses as the Times sees them, they will have the undivided support of this paper in any effort put forth to upbuild Wichita Falls. The polls open at 8 a. m. and close at 7 p. m., and the election will be held at the city hall. Let every patriotic citizen take a sufficient interest in this election to hunt up his poll tax receipt and go to the polls and cast a ballot for the candidates whom he favors.

The Times has been given credit—even by those who are not friendly to the management, for working up an interest in our city elections. It had good cause for doing what it has done along that line, and has no apologies to make to any man or set of men, it matters not who they are nor what official positions they may hold. Where there is a principle involved, men cut but little figure with the Times. Wichita Falls, in the opinion of this paper, has out-grown a "one-man town" government, and is asking that the people and taxpayers have restored to them a right which should never have been taken away—that of electing their officers by a direct vote of the people—the Times has stirred up a cloud of dust, the magnitude of which cannot be determined until after the votes are counted tomorrow night.

To the Citizens of Wichita Falls, Tex.:
We, the undersigned, composing the City Council of the City of Wichita Falls, Texas, take pleasure in certifying that H. F. Robertson has performed his duties as City Tax Collector and Assessor of the City of Wichita Falls in a very satisfactory manner and has kept the details of his office up and in good shape.
Witness our hands, this the 6th day of April, 1908.
T. B. NOBLE, Mayor.

We were quite sure that there would be no lack of buyers at the first Saturday Night Sale—the crowd came—it saw and was conquered; it needed no microscope to discover the remarkable values. The merchandise was here, exactly as we advertised it—the prices, well we only know that action began at the stroke of 7 o'clock bell and continued unabated until closing time.

One can bring a crowd with an offering of big values, but one won't do business unless the prices match the advertisement. We did business.

We have prepared for the 2nd After Supper Sale with another great budget of bargains. We will see a large percentage of the people who came to the first—and a host of friends—because there has been much talk of the plums that were picked at the first sale. So you had better come too—another crop is ready for those who like to buy goods at retail, at less than most stores pay wholesale.

MAN MILLINER WINS SUIT.

Applied Endearing Terms to Co-Workers and Was Discharged.

Chicago, Ill., April 4.—A jury in the municipal court yesterday virtually decided that one of the "prerequisites" of the man milliner's job is the privilege of addressing his subordinates as well as the customers of his employer with such familiar terms as "honey," "deary," and "girlie." The wife of a minister told the talesmen about having the last name inflicted upon her, but it made no difference. And if the man milliner happens out walking with a girl wearing an up-to-date hat and takes her up into the employer's establishment and makes her one of those "French importations," it doesn't matter either. The only thing there appeared to be any doubt about was how the trade should be classified. The attorney opposed to the man milliner referred to him as a "peculiar species" and a "hot house plant," but the artist's own counsel resented this and said he was the same as a "tailor or teamster." This all cropped out before Judge Houston in the suit of E. Ralph Alexander, now in business for himself, against "Jack" Potts and his wife, Effie Hecht Potts, conducting a millinery establishment under the name of "Mme. Jacques." Mrs. Potts testified that she "fired" Alexander because he applied endearing terms to his female co-workers and the customers. She was much offended, but Alexander was popular with the girls, and four of them walked out with him. Alexander and Miss Corine Munson sued the Potts couple for breach of contract, and the young woman, now associated in business with Alexander, on Thursday last was awarded \$90, while Alexander yesterday was awarded \$219.50 for the full amount of his claim.

Retrenchment Causes Helen Gould to Close Part of Estate.

New York, April 3.—Miss Helen Gould has given out through her secretary a statement that the necessity of retrenchment in her charities has forced her to close part of her estate at Tarrytown, of which a portion is to be rented, to rent the Girls' Industrial school at Lindhurst, recently built at a cost of \$75,000, and to discontinue plans for outings for children of the poor at Woodycrest this summer.

"It is probable that the school will not be reopened," the statement read, and it continued with the explanation that the present financial conditions are responsible for this curtailment of Miss Gould's benevolence.

Hundreds of poor children have been entertained at Woodycrest every summer and plans had been made to continue the entertainment there this year. Miss Gould was forced to the conclusion that the work could not be carried out without slighting other projects which she considered more necessary and several weeks ago she gave orders to her agents to discontinue the plans. The Lyndhurst school, which was a pet project with her for many years, has been rented as a school for boys.

WICHITA FALLS, TEXAS.

To the Voters of Wichita Falls.
I am informed that the charge is being made that the city attorney of Wichita Falls is being paid excessive amounts for the services rendered. As I have been acting as city attorney for quite a long while, I feel like it is my duty to state the facts.
I accepted the appointment at the request of the city council, and for all services rendered by me in civil matters including the writing of all ordinances, and attending meetings of the city council, and advising the council on all matters requested by it, I have received the sum of Ten dollars per month and no more.
As to fees in criminal cases I will say: That the law provides that there shall be taxed as costs in each criminal case where there is a conviction such costs as may be provided by ordinance of the city council, in no case to exceed the costs provided by law for cases in the Justice court.
The law for Justice court provides that a fee of \$5.00 shall be taxed as costs and paid to the county attorney in all cases where the defendant pleads guilty, and that in contested cases a fee of \$10.00 shall be taxed and paid to the county attorney if the defendant is convicted.
In the corporation court of this city a fee of \$5.00 has been taxed in all cases, but one-half of this fee, or \$2.50, has been retained by the city and the attorney has received only one-half, or \$2.50, in each case, and has received nothing where the parties convicted worked out the fine and costs on the streets.
Thus the city has paid only one-half the costs actually taxed as attorney's fees and collected.
This is less, as I believe, than is usually paid and only one-half of the amount the council was authorized to pay.
Prior to the time C. C. Huff resigned as county attorney, he looked after the criminal cases in the city court and received all the fees and up to that time I received the magnificent salary of ten dollars per month only.
Since Mr. Greenwood has been county attorney, I arranged with him to represent the city in criminal cases, under an agreement that I was to advise and assist him in all cases where it was deemed necessary, and that he and I should divide the fees received from prosecutions in the city court. The amount of these fees so received appear in the city records and in my opinion the amounts paid by the city have been no more than fair compensation for the services rendered.
During the last six months the city has received in cash, after deducting the recorder's and marshal's fees, the sum of \$2,516.05 and fines and costs to the amount of \$1,697.40 have been worked out on the streets. During this six months there was paid out to the city attorney for all services, including the salary of \$10.00 a month, above referred to, \$706.40.
I have refrained from taking any active part in the city election to be held tomorrow, and make this statement in the interest of no candidate, but simply to state the facts as they are. Respectfully,
J. T. MONTGOMERY
April 5th, 1908.

Everything is in readiness for the election tomorrow in which a mayor, a city tax assessor and collector and two aldermen will be elected to serve for terms of two years.
The voting will be done at the city hall. W. C. Sherrod will be the presiding judge and C. B. Montgomery and W. J. Howard will serve as assistant judges. The polls open at 8 a. m. and close at 7 p. m.
Public interest is mostly centered in the contests for the offices of mayor and tax assessor and collector.
There are two candidates for the office of mayor. T. B. Noble, the present mayor, and W. E. Skeen, who is now a member of council. Both of these candidates have conducted an active campaign and both have given their friends to understand that they want the office.
There are also two aspirants for the office of city tax assessor and collector, J. W. Lee and Harry Robertson. These two gentlemen are also most willing to give their services to the city.
For the two vacancies in the city council four candidates have been drafted. They are Dr. J. F. Reed, John Young, A. Richolt and J. M. Bland. All are good men and while none of them have sought the honor, it is probable that none of them would be displeased at his own election.
More interest has been taken in the election which will take place tomorrow than any in recent years and it is probable that a good vote will be cast.
