WICHITA FALLS, TEXAS, FRIDAY, JULY 3, 1908

NUMBER 45

If you can "carry" a little real estate now, it will carry you by and by. A good many people in this town would worry more nowadays if they had not "carried" some real estate for a good many years. Let us show you what we have.
BEAN & STONE.

Hardest part of buying real estate is the start—the making up of your mind. You may be "ready" NOW to begin. Talk it over confidentially with us, and find out.

TO ASK PUNISHMENT

MEXICO CLAIMS THAT REVOLVERS FOUND HAVEN ON TEXAS SIDE OF LINE.

THE SINCERITY OF TEXAS

Is Questioned By Mexican Minister, Who, However, Is Pleased With Action of Federal Government.

City of Mexico, July 2.—Mexico will ask the United States to punish severely the local authorities of Del Rio, Texas, and possibly others of the State under whose authority they acted. It is charged that the officers allowed persons who took part in the Las Vacas raid to return to the Texas side of the river uninterfered with and to bring with them their wounded members.

Punishment may also be asked for the authorities and police of Del Rio, it being alleged that they allowed meetings to be held there for the purpose of formulating and planning raids into Mexico.

The latter request, however, will be contingent upon investigations not yet completed, which have for their purpose the ascertaining of knowledge which the police of Del Rio had of the meetings.

This new phase of the international side of the trouble in Northern Mexico was made known today by Minister Mariscal of the Foreign Relations Department. Bad faith toward Mexico by the State of Texas in the recent trouble is very strongly suspected by the Mexican Government.

"The action of Washington has been the very best," said Minister Mariscal today. "Not only has the United States government shown itself willing and eager to assist Mexico, but took quick steps to move troops to the border, evincing a degree of friendliness which cannot be questioned or but admired."

Sincerity of Texas.

"The sincerity of Texas, however," he declares, "appears to be another matter."

"Our doubts in regard to Texas have begun to increase with developments. The failure of local authorities to arrest these men on the ground that their offense was political, in my mind, has no tenable excuse. No absolute decision has yet been reached as to whether complaints will be made, because the facts in the case have not thoroughly panned out, and there are other more important matters for attention, but I am strongly inclined to believe that complaints will be made and punishment asked for."

Meetings in Del Rio.

The minister called attention to the fact that about 100 men had a series of meetings in Del Rio, which could hardly have taken place in secrecy. A large number of the raiders also returned to Del Rio after the trouble and carried with them wounded men, an act that could hardly have been performed in secret, they claim.

RECEIVERS APPOINTED FOR THE UNITED BOX BOARD CO.

Trenton, N. J., July 3.—Thomas Raymond of Newark, N. J., and Snyder Mitchell of Chicago today were appointed receivers for the United Box Board and Paper Company, a concern which has a number of mills located in different sections of the United States.

BISHOP POTTER CONTINUES TO GROW WEAKER.

Cooperstown, N. Y., July 3.—Bishop Potter was still conscious this morning, but he continues to grow weaker. Both of the attending physicians remained at his bedside during the night and members of his family were with him in call.

FOURTH OF JULY RATES ON THE NORTHWESTERN ROAD.

The Wichita Falls and Northwestern has put on low round trip Fourth of July rates out of Wichita Falls. The tickets were placed on sale today and will be good to and including July 5th. The round trip rate to Frederick has been placed at \$1.50 and to Red River Spur and return, 75 cents.

Marvin Smith, manager of the W. B. McClurkin store here, who has been at the Wichita Falls Sanitarium, suffering with an attack of appendicitis, is now much improved and is able to sit up.

CHILDRESS LIGHT PLANT IS NOW IN OPERATION.

The Childress Post has the following to say concerning the electric light plant and ice factory at that place, with which P. C. Maricle, formerly of this city, is connected:

The Childress electric light plant started operations Saturday night and the current has been turned on ever since.

For the first time in our town's history the people are enjoying the luxury and convenience of electric lights. The plant is working most successfully and the lights are giving satisfaction.

The down town lights are now in constant use whenever needed. The wiring over the city is far from complete and in many homes the globes have not been put in.

We understand that something over 1,500 lights are wired in and the number will probably run to 2,000 before the wiring stops.

The plant is considered one of the very best in the state and supplies a 24-hour service. Our people are to be congratulated on refusing to allow a plant to go in that would not give a continuous service.

The ice factory has not started yet, owing to some unexpected delays, but will start up now within a day or two.

TEXAS MAN MAY BECOME HEAD OF WASHINGTON UNIVERSITY.

Austin, Tex., July 3.—President D. F. Houston of the University of Texas will likely accept the presidency of Washington University in St. Louis, according to authentic reports. He is now in St. Louis regarding the change.

The explosion of fire works within the fire limits of the city is strictly forbidden by a city ordinance and the young American who forgets this tomorrow is liable to arrest.

JAPANESE CABINET WILL RESIGN

Tokio, Japan, July 3.—The Associated Press was informed today that Premier Satonji and the entire cabinet will tender their resignations to the emperor tomorrow. It is understood that the reason for the resignations is the position of Home Secretary Onye regarding the financial policy, which includes a retrenchment in all departments.

Baseball News.

Games played yesterday resulted as follows:

National League—Pittsburg, 0; Chicago, 1; Brooklyn, 2; Boston, 1; St. Louis, 4; Cincinnati, 2; New York, 4; Philadelphia, 3.

American League—Chicago, first game 5, St. Louis 1; second game, Chicago 0, St. Louis 9; Washington, first game 4, New York 3; second game, Washington 5, New York 3; Philadelphia 4, Boston 1; Cleveland 1, Detroit 11.

Texas League—Waco 11, Dallas 1; Houston 10, San Antonio 9; Fort Worth 4, Shreveport 2.

In Honor of Mrs. W. H. Walker.

Mrs. W. M. McGregor and S. H. Burnside entertained at "42" on Thursday afternoon and "500" in the evening in honor of Mrs. W. H. Walker. Miss Dot Walker received the favor in the afternoon, a cameo belt pin, and Mrs. J. T. Montgomery the evening favor, an amethyst belt pin. Dr. W. H. Walker received the gentlemen's favor, a box of cigars. Peach ice cream, cake and punch was served.

POSTOFFICE MAY BE IN NEW HOME BY JULY 15th.

The new Kemp-Kell building at the corner of Ohio avenue and Eighth street is rapidly approaching completion and Postmaster Bacon expects to move the postoffice to its new home about the 15th of this month.

GATHER FOR THE CONVENTION

Delegates Arriving at Denver and All Kinds of Rumors are Heard—Bryan Defends Hearst.

Denver, Colo., July 3.—Prospective Permanent Chairman Clayton of Alabama got in early today. He had been at Lincoln, Nebraska, conferring with Mr. Bryan.

Later in the day, the New York train came in. It brought the last democratic candidate for president, Alton B. Parker, and also leader Murphy of Tammany Hall, as well as McCarron of Brooklyn, Francis Harrison, a vice presidential possibility, and other notable New York democrats.

Negro Question May Come Up.

It is rumored here that the negro question may come to the front at the convention. A report reached here that Mr. Bryan would be pleased to see incorporated in the platform a rebuke to the administration for the dismissal of the colored troops on account of the Brownsville, Texas, affair. Southerners on the ground are not favorable to the idea, and therefore it is probable that the convention will content itself with a declaration against the summary proceedings by the executive in such matters, without mentioning any specific instance or any race.

The latest arrivals from Lincoln state that Bryan is in favor of a plank in the platform requiring that notice to defendants in injunction trials be given and that the cases be heard by some judge other than the author of the writ, and also permitting juries in the trial of such cases.

Bryan's Defense of Hearst Arouses Much Discussion.

Lincoln, Neb., July 3.—That Wm. J. Bryan would have a busy day today was evidenced as early as 3 o'clock in the morning when delegations en route to Denver began arriving on the incoming trains.

The greater number of delegates who will visit Lincoln will come Sunday when the delegates from no less than twenty States are expected to be in the city. Their stay will be short and in many cases only a street car ride to Bryan's home will constitute their diversion on the overland journey.

The Mississippi delegation was one of the first to arrive on the morning trains and after breakfast were ready for a visit to Bryan's home.

A topic of keen interest today was the defense by Bryan in today's Commoner of William R. Hearst and the independence party. One Kentucky leader says that it is his belief that if Bryan can make peace with the leader of that party, its convention will endorse Bryan for the presidency and possibly accept the whole ticket.

Proposed Planks Approved By Bryan.

Lincoln, Neb., July 2.—Opening with a sharp challenge to the republicans for failure to put into their platform specific declarations upholding the policies "professed" by the Roosevelt administration, the platform that will be sent from Lincoln to the resolutions committee of the democratic national convention at Denver has been about completed. It closely follows the lines of the Nebraska platform as written by Mr. Bryan last March, and is one of the shortest enunciations of the kind in the modern political history of the country. Following the arraignment of the republicans for retreating from the "advanced position" taken by their "titular" leader during the last four years, the document will contain a fitting reference to the death of Grover Cleveland.

Here are the leading points made in the platform:

"We favor an immediate revision of the tariff. Articles entering into competition with articles controlled by trusts should be placed upon the free list."

"We favor and income tax and an inheritance tax to reach the swollen fortunes already in existence."

"Both nation and States should ascertain present values of railroads, measured by cost of reproduction; prohibit issue of any more watered stock or fictitious capitalization; prohibit railroads from engaging in any business which brings them into competition with their shippers, and reduce

transportation rates to a point where they will yield only a reasonable return on the present value of the roads."

"Emergency currency should be issued and controlled by the federal government."

"We are opposed to the admission of Asiatic immigrants who cannot be assimilated without population."

"We favor such a modification of the law relating to injunctions as will first, prevent the issuing of the writ in industrial disputes except after notice to defendants; second, permit trial before a judge other than the one who issued the writ, and, third, allow a jury to be summoned in all cases where the alleged contempt is committed outside the presence of the court."

"Equal rights to all and special privileges to none is the overshadowing issue at this time."

"We insist upon legislation, State and National, making it unlawful for any corporation to contribute campaign funds and providing for publication, before the election, of all individual contributions above a reasonable minimum."

"We favor election of United States senators by direct vote of the people."

"We favor the vigorous enforcement of the criminal law against trusts and trust magnates."

TESTIMONY IS CONCLUDED IN THE WALLIS-BROWN CASE.

Testimony in the case of J. S. Wallis vs. R. J. Brown, venued here from Clay county, was concluded this morning and the arguments of the counsel are now being made.

The plaintiff is represented by Huff, Barwise & Huff and J. T. Montgomery of this city, R. E. Taylor of Canadian and W. T. Allen of Henrietta.

The attorneys for the defendant, R. J. Brown, are Judge J. A. L. Wolfe and Hon. L. H. Mathis.

The arguments will be concluded and the case will be given over to the jury some time tomorrow.

The plaintiff is asking for damages for injuries sustained at the hands of Deputy Sheriff Cozart in 1904. The case was tried and judgment given for the plaintiff, which the higher courts reversed and remanded, as to Brown, who was sheriff of Clay county.

CHIEF HEADS SCHOOL BOARD.

Quannah Parker Takes Interest in Education—One Daughter Married to Mr. Birdseed.

Lawton, Ok., July 2.—Quannah Parker, chief of the Comanches, who is recognized as being one of the most ardent believers in the education of the red skin children has been elected as head of the School Board, which has just been organized surrounding his mountain mansion. One of the chief's greatest desires is to have his children grow up well educated then to have them marry into the families of white citizens. Already one of his daughters was married in Fort Worth, Texas to Mr. Birdseed, who is now an Indian agent at Cache, near Quannah's home.

GANS IS FAVORITE IN THE BETTING

San Francisco, Cal., July 3.—The sale of seats for the Gans-Nelson fight, which takes place tomorrow, indicate that there will be twenty-five thousand dollars taken in at the gate. Odds on the fighters at 2 to 1 on Gans predominate and some bets are being made that the champion will win inside of twenty rounds.

MANY DIE IN FLAMES

FIRE FOLLOWS EXPLOSION OF FIRE WORKS IN CLEVELAND DEPARTMENT STORE.

CROWDED WITH SHOPPERS

Frantic People Jump From the Upper Story Windows—Six Bodies Already Recovered.

Cleveland, Ohio, July 3.—An explosion of fire works in the store of Krege & Company today was immediately followed by fire.

Ten or twelve girls jumped from upper story windows, four being seriously injured. A large number of customers were in the store at the time of the explosion and it is not yet known if any were caught by the flames.

Later—At 12:40 this afternoon the firemen had removed bodies of six women, who had been smothered in the basement. The seventh woman found in the basement was still alive. She was rushed to the hospital, but it is believed she will die.

Mulberry Row Cleaned Out.

So effectively have the officers performed their duty that there is now not a single inmate in any of the houses of ill repute in the Mulberry Row district. Most of those arrested yesterday have paid their fines and have left town.

Several who were held at the city calaboose pending trial have been taken to the county jail.

Last night a man who had gone to one of the houses with a woman to gather together her belongings preparatory to leaving town on a night train, was set upon in the dark by three men and was severely beaten before he could recover and defend himself.

SNAKE BITE WAS FATAL DESPITE PRAYERS AND FAITH.

Frederick Leland.

Early last Sunday morning the community was shocked by the report of the death of little Leland Dodson, the 8-year-old son of Prof. and Mrs. W. T. Dodson, from the effects of snake bite.

On the afternoon before, Leland, in company with a little son of J. L. Potts, was in an alfalfa field near the Dodson home flying a kite. Leland was running backward in an attempt to make his kite raise, when he stepped on a huge rattler, and before he could get away the boy was bitten on the calf of the leg.

Leland and the Potts boy ran to the house and gave the alarm, and neighbors came to lend their assistance, but according to reports it was spurned by the mother and grandmother, who are Christian Scientists. A bandage was placed on the limb, but it was removed by the grandmother, who reported entirely to faith and prayer to save the child's life. He lingered until 10 o'clock and died—a painful and horrible death, deeply deplored by the community.

Prof. Dodson was absent at the time to attend an educational meeting in Cleveland, Ohio, and after much difficulty was reached by telegraph. The body was embalmed to await his arrival before burial, which will probably occur today.

Oil Comes to Top of Ground.

A strong vein of petroleum has been struck by B. E. Fuller at his home just north of the Ikard school house. Having been apprised of the fact that oil was seeking the surface there, George W. Ellis stopped at the place Tuesday evening and found that it is really oozing from the earth in quantity. From a small depression he took several glass jars of petroleum which he brought in with him. The locality is, straight across, about six miles north of Henrietta, and in a line perhaps about the same distance from Oil City.

Harry Poreh, Glassblower of Clayton, N. J., has had the following troubles:

Fall from a cherry tree, unconscious two hours; numerous bicycle accidents; hit severe blow in back with baseball; operated on for appendicitis; robbed of his pocketbook and held up on street. He was also recently married.

The Fourth of July is to be celebrated at Electra tomorrow. Barbecue meats will be served at noon and the Electra band will discourse sweet music.

ROCK & DUKE

A FORECAST.

The Times believes that the time is near at hand when Lake Wichita will become the most popular pleasure resort in the whole of North and West Texas. A movement is already on foot, we understand, which may result in the making of a splendid amusement place at the lake and the building of an electric line out to the grounds from this city.

Those who go out to Lake Wichita tomorrow can anticipate great improvements before the Fourth next year.

A special from Denver today says that there will be an effort made to adopt a plank in the Democratic platform at Denver condemning Roosevelt for dismissal of the negro soldiers who shot up the town of Brownsville, and that Mr. Bryan himself favors such a plank. If this is a fact, which the Times doubts, then, with the adoption of such a plank or resolution condemning the action of President Roosevelt in this matter, Bryan has destroyed his hope of ever being elected president on the Democratic ticket. Rather than endorse such a resolution, Southern democrats would remain away from the polls on election day, or if they voted at all, would vote the straight republican ticket. The only thing for which President Roosevelt deserves to be condemned in the Brownsville affair is for not turning the riotous negroes over to the Texas authorities and let them be dealt with by civil law. If this course had been taken, it is pretty safe to say that the guilty ones would have been found out, and instead of being discharged from the service of the government, would have been hung. The Times can hardly believe that Mr. Bryan would endorse such a resolution and is rather inclined to the belief that an effort is being made by his enemies to defeat him for nomination and have chosen this plan of accomplishing their ends.

Make it understood in no unmistakable terms that Wichita Falls is not, nor has she ever been, indebted to the lawless element for any part of her present prosperity. As a rule, money seeking honest investment is not attracted to a town by the fact that things are run on the wide-open order. The Times understands full well that all wide-awake towns and cities have places of vice in spite of all that can be done to suppress them, but it does not know of any town or city which looks to or depends for their support from such a source. If these places of vice are luxuries, they prove expensive

in the long run. Let our officers do their duty, and they will do this if backed by the substantial men of affairs in whom the people of Wichita Falls have confidence, and who can be depended upon to do their duty as good citizens when an emergency arises.

The American Nat'l. Insurance Co. OF GALVESTON

MORA C. CLARK, General Agent

Office of the City Council: Wichita Falls, Texas.

A representative of the American National Insurance Co., called on me today, and after showing me the advantages in the life insurance business with your home company, had no trouble in interesting me to the extent of a \$5,000 policy. In this connection I beg to say that you have in your company the very proposition in the way of life insurance that I have wished for for the last ten years. And I can state to you frankly that I believe the people of Texas will appreciate the fact that you people in organizing this company have done a great work for the people throughout the whole state.
Yours very truly,
T. B. NOBLE, Mayor.

Coleman-Lysaght-Blair Company.

As stated to you personally a few weeks ago, I believe that your Texas company is a better proposition for one to insure in than any of the old line Eastern companies, for several reasons.

The first of many reasons is that the gentlemen who are officers and directors of the American National Insurance Company are thoroughly known to the people of Texas to be clear, clean-cut, honest business men.

Another reason is that the premiums paid to the Texas Company will be invested in Texas.

It is a pleasure for me to take out a policy with your company today.

WILEY BLAIR,
Sect'y. and Gen'l. Manager.

Wichita Falls, Texas
I have taken a policy in the American National Insurance Co., and I think it the most liberal contract I have ever known. I think your company as a Texas institution, deserves encouragement and support.
Yours truly,
JAS. T. MONTGOMERY,
Attorney-at-Law.

Burnside & Walker, Physicians and Surgeons.

Wichita Falls, Texas.
Enclosed you will find my check for premiums, also acknowledge receipt of my policy, which I consider the best one I have out of five others I have had for some time.

Yours very truly,
W. H. WALKER, M. D.

Postmaster O. T. Bacon.
American National Insurance Co., Galveston, Texas.

Gentlemen:—I had the pleasure of meeting your representative whom I found to be a most thorough gentleman, and also a thorough insurance man. I had explained to me the policy now being written by the American National Insurance Company, and I candidly say it is one of the best, and so strongly did I think so, that I took a policy for \$5,000. I consider it the best of all I have, and I carry several. I am glad to see the strong men of Texas taking stock and pushing this company, as there is nothing like keeping Texas money at home. Be sure to keep the good work going, and also keep your agent at work in this part of the State, where he will not only help your company, but my friends also. Yours truly,
OTIS T. BACON.

Wichita Mill & Elevator Company.

I am much pleased to have investigated your company and I consider it a favor to be able to become a policy holder in your company.

In view of the upheaval in insurance matters in New York City recently, it has demonstrated to me that the time has now come for a great insurance company in Texas, so the people of Texas can retain their premiums at home, instead of sending them outside the borders of our State. Your company assisted by such men as you have associated with you in this company, is sufficient guarantee to anyone seeking a policy, that the money will be paid to his family after he is dead and gone.

Yours very truly,
FRANK KELL, President

Office of County and District Clerk.
Wichita Falls, Texas.

Your representative called on me today and explained the fine policy you are now issuing. It is a pleasure to me to take a policy in your company as I think the American National deserves the liberal patronage it is receiving among the representative men of our State.

It indicates a worthy desire to patronize a first-class home company and thus keep Texas money at home. Very truly yours,
W. A. REID,
County and District Clerk.

A Sweeping Cut in Linen Towels

We bought an unusually large stock of linen towels this year and our sales, while they have been very good, have not reduced our stock as much as we would like to reduce it at this season of the year, so we are going to make a big slash in prices until the lot is entirely gone.

Now don't make the mistake of thinking you can get these any time just because there is no time limit, for there is a limit and a close one on our stock of them, and the prices we quote are going to clean them up quick.

The towels are all genuine linen of good size, with either fringe or hem.

How to Pack a Trunk So the Clothes Will Not Crease.

A girl who is going away for a summer vacation should invest a dollar in tissue paper before packing her trunk, for this inexpensive protector will be a saving to her clothes. For instance, sleeves stuffed with tissue paper and rolls of it laid between the folds of skirts will keep them in almost pristine freshness, while without these aids they will be so crumpled after packing that they will look dowdy before being worn.

Another essential in packing is to have clothing arranged solidly in the trunk, so that the articles cannot slip, yet unless soft materials are well protected this tightness will work their destruction.

To pack to the best advantage a flat surface, on which to fold garments is indispensable.

To fold a skirt, it should be spread out smoothly, front and back together, bringing the crease at the sides. These two side folds should be laid over to the back seam, to meet there, and a roll of paper must be placed under each turn. If the skirt is still too wide to go into the trunk, another similar turn must be given to each side, and under the folds rolls of paper must be laid. These will entirely prevent the sharp crease usually seen on garments carelessly packed.

The object in folding is to make the garment just the size of the trunk. If that means turning over the skirt at the top to shorten the length, another roll of paper must be laid in.

In the waist, the sleeves should have wads of crumpled paper in sufficient quantity to prevent creases, but not to make the sleeves hard, for were they stuffed out solidly they would only take unnecessary room and would look no better than when filled with less paper. Paper should be put into the body part of a blouse, etc., to prevent its becoming mashed.

Any coat or garment with folds must be treated in the same manner. Hats with ribbons should have the loops slightly stuffed, so they will look fresh when unpacked. Hat crowns will be helped to keep their shape by packing them solid with such soft articles as stockings, ties or socks, anything, indeed, that will not break the straw. All this should be done before any piece is put into the trunk.

In packing, the endeavor should be to keep an even surface, and to make all solid, so that though the trunk may be thrown on end, its contents will

not be shaken out of place. The mistake that many persons make is to pack loosely. Nothing can be more disastrous in effect. If large garments are laid in, and small ones packed in about the corners and at the sides, a trunk will hold much more, and every piece will keep in better condition.

If a woman has not a special trunk for hats it is well to reserve the top tray for millinery. These, with the crowns stuffed, should be laid in, rims down, and four small tacks put through the brims to hold the hats solid. The tacks will do no injury, and the hat will not be crushed by sliding.

Our Pure Fruit Jams Make Fine Sandwiches :-:

What boy and girl (both old and young) doesn't like bread and butter with jam?

It is as natural as can be, and what's more, it's a combination that won't hurt anyone—that is when the jam is made right.

Our pure fruit jams are put up from the best of fresh ripe fruits in great variety and are preserved according to the best known recipes.

They are then packed in three pound friction top cans and sell at 40c each, which is very reasonable for the quality we offer.

We have currant, peach, cherry and gooseberry.

Advertising for Federal Building Site. Treasury Department, Office of the Secretary, Washington, D. C., June 10, 1908.

Proposals will be received, to be opened at 2 o'clock p. m., July 21, 1908, for the sale or donation to the United States of a suitable site, centrally and conveniently located for the Federal building to be erected in Wichita Falls, Texas. A corner lot of (approximately) 120x130 feet is required. Each proposal must give the price, the character of the foundations obtainable, the proximity to street cars, sewer gas and water mains, etc., and must be accompanied by a diagram indicating the principal street, the north point, the dimensions and grades of the land, the widths and paving of adjacent streets and alleys, whether the alleys are public or private, and whether or not the city owns land occupied by sidewalks. The vendor must pay all expenses connected with furnishing evidences of title and deeds of conveyance. Improvements on the property must be reserved by the vendor; but pending the commencement of the Federal building they may remain on the land upon payment of a reasonable ground rent. The grantor must, however, remove all improvements on improvements on thirty days' notice to do so. The right to reject any proposal is reserved. Each proposal must be sealed, marked "Proposal for Federal Building Site at Wichita Falls, Texas," and mailed to the SECRETARY OF THE TREASURY (Supervising Architect), Washington, D. C. No special form of proposal is required or provided.

GEO. B. CORTELYOU, Sec'y.

Household Hints.

Get at least a dozen small glasses to hold about one gill and fill them with jelly. They are pretty and look very dainty if jelly is sent to an invalid.

A small dish mop is used for scrubbing under a low stove, cupboard or refrigerator. One can scrub back where the hand will not reach.

Bake light bread in pound baking powder cans for sandwiches. When cut each slice is round and even.

Torn lace on the edge of a petticoat can be mended with No. 100 thread. If a scallop is torn on embroidery, place a small piece of lawn underneath and darn the scallop to it. If the little notches are torn, cover with a button-hole stitch. The lawn strengthens the notch and is not easily torn apart.

Use a toy iron for ironing fancy bow and stock collars and it will not be necessary to take them apart.

Tan leather handbags can be cleaned and polished with the liquid cleaner and paste polish used for cleaning shoes.

When washing silk gloves slip them on the hands and scrub the finger tips with a soft toothbrush, covered with white soap. This is better than vigorously rubbing them and breaking the stitches.
