DEFENDS CAMPBELL

TAX COMMISSIONER DASHIEL TALKED ABOUT TAX LAWS THIS AFTERNOON.

NOT UNJUST HE ASSERTS

And Declares That the Railroads and Corporations are Cussing Campbell From Slefah Reasons.

Before a crowd of not more than fifty persons, Hon. L. T. Dashiell, State tax commissioner, this afternoon is making an able defense of the administration of Gov. Campbell, who is seeking a re-nomination, and is especially defending the tax laws enacted by the Thirtieth legislature, which are now being enforced by Gov. Campbell and his administration.

Mr. Dashiell was introduced by Attorney J. T. Montgomery. In a voice rather husky and with no pretense at oratory, Mr. Dashiell took up in detail a defense of the new tax laws. He spoke with an air of conviction and supported his assertions with statistics to which he frequently referred. While it is not possible at this hour to give even a brief summary of his speech, Mr. Dashiell's main contention was that the operation of the tax laws made the railroads, express, oil and other corporations pay nearer their just share of the taxes, hence their support of the candidacy of Williams and their attacks upon Governor Campbell.

Mr. Dashiell will speak at Burk Burnett tonight, at Iowa Park tomorrow afternoon and at Electra tomorrow night.

Program for Iowa Park Picnic. Following is the program for the picnic to be held at Iowa Park on July 22nd and 23rd:

Free barbecue both days. A dramatic company for both nights under a big tent.

There will be a steam merry-go-round on the grounds, and various other amusements for the children. Good music for the occasion will be furnished by the Iowa Park band and orchestra.

Stone Quarry Opened Near Olney. Work was begun this week on the new bank building which is being erected out of sandstone brought from the Norton quarry, about one and one-half miles east of town. Mr. Bell, who has the contract, says the stone is first class and that there is enough to wall in the entire town. W. T. Rogers has a fine quarry on his place about two miles southeast of town, and there is another outcropping of the same building material on some of the Clark land.

In fact, there is enough good stone here to supply not only Olney, but a great many other towns which are without any of the kind.—Olney Oracle.

Come and have a hearty laugh with us at the Majestic tonight.

BRYAN MEETS KERN AND LABOR LEADERS

Fairview, Lincoln, Neb., July 13.—The heads of the democratic ticket, W. J. Bryan and J. W. Kern, met at Fairview today for the first time since their respective nominations for first and second place.

"Ab, how's the vice president," said Mr. Bryan as the gray-haired Indiana

man stepped from the trolley car at Bryan station. Then Mr. Kern was lost in the confusion, but his handshake was vigorous, and his smile exceedingly cheerful.

In quick succession Mr. Bryan greeted U. S. Jackson, chairman of the State central committee of Indiana; Abraham Simmons, who was a delegate at large from the Hoosier State; John E. Osborne, a member of the Indiana State central committee; Samuel Gompers, president of the American Federation of Labor; Frank Morrison, secretary of the Federation, and James Duncan.

Greetings over, the two candidates led the procession up the narrow sidewalk leading to the Bryan home, while a photographer hopped excitedly in front, snapping the first photographs of the historic occasion.

Rain, which had been threatening all forenoon, allowed the party to reach the house in safety, where they were halted by newspaper men. Then a light drizzle started and a hurried move was made for the shelter of the Bryan roof.

Mr. Bryan at once ushered the labor leaders into his library, where he was in close consultation with them for some time.

Labor Votes Promised. As spokesman of the party, Mr. Gompers congratulated Mr. Bryan on his nomination, and assured him the labor vote would be counted heavily for him at the November election. In the course of the conversation, the platform was discussed, but more particularly the plank relating to the regulation of injunctions in labor disputes. The visit of the labor leaders was especially pleasing to Mr. Bryan, who took occasion to express his gratification at their promised support.

While the conference was being held inside the house Mr. Kern and his Indiana colleagues, Mark A. Walsh of Clinton, Iowa, and M. V. Gannon of Davenport talked over the political situation. The Iowans held out much encouragement for democratic success in that State.

Later Mrs. Bryan participated in the proceedings, congratulated Mr. Kern on his nomination and expressed the wish that he would be victorious in November. Mr. Kern remained for lunch.

AMERICANS WIN IN OLYMPIC GAMES

By Associated Press. London, Eng., July 14.—The interest of Americans in the Olympic games today was centered in the hammer throwing contest and the running of the final heat in the fifteen hundred metre race in which Sullivan and Sheppard of the American team competed with Tait of the Canadian team, and five Englishmen. In the final hammer throwing contest Flannigan, the American, was first, with a throw of 170 feet and 4 1/2 inches, surpassing all previous Olympic records.

Sheppard, one of the American contestants, was first in the fifteen hundred metre race.

Anything to Beat Davidson. Attorney General Davidson is our second choice for any office in the State which he might want.—Olney Oracle.

Will you kindly name one or two who come in after yourself and Davidson?—Dallas News.

State Press grows very facetious at our expense. Thank you for placing us before Davidson; we have you on our list in the same relative position. However, while Davidson is our second choice, any man who can beat him for the office is our first choice, and we won't draw the color line either.—Olney Oracle.

Picnic at Iowa Park. The good people of Iowa Park have arranged to hold a two days picnic on July 22nd and 23rd, and the general public is extended a cordial invitation to attend. There will be amusements of various kinds and public speaking by candidates for State, district and county offices.

Miss Annie Gibson is lying critically ill at the home of Mr. and Mrs. J. F. Umberger on Fourteenth street, and little hope is given for her recovery. Miss Gibson was night long distance operator at the Southwestern telephone exchange up until the time she was taken ill with typhoid fever, which subsequently resulted in other complications.

ONE THOUSAND MEN SCOURING WOODS NEAR BEAUMONT IN SEARCH OF NEGRO FIEND.

Child Was Beaten Into Insensibility and Outraged—Summary Justice Will Be Given Negro.

LITTLE GIRL ATTACKED AT SEA FOR CANDIDATE

Special to the Times. Beaumont, Tex., July 14.—Ada Belle Hopkins, aged 13 years, daughter of a widow, Mrs. A. H. Hopkins, was terribly beaten and outraged by a negro in a woods near her home at 11 o'clock this morning. The negro escaped, but a mob of a thousand men, armed with shotguns, revolvers, and rifles are scouring the woods, and are almost certain to capture the brute, who had only a half hour's start.

The child was horribly beaten about the head and left unconscious. She had not recovered consciousness at 2 o'clock and her condition is critical. The child was hunting a stray horse and the crime was committed within a few hundred yards of her home.

The officers have a description of the negro and every inch of the territory near the scene of the crime is being searched. The country is a piece of woodland and it will be difficult for the negro to escape.

Attitude of Williams. Communication from R. E. Huff in Dallas News: Wichita Falls, Tex., July 11.—The following has been made public:

Editor Fort Worth Record, Fort Worth, Texas.—Dear Sir: I note with interest your editorial of July 9 on the ignorance of Mr. Williams, and unless I am very much mistaken, in reading the record of the Thirtieth Legislature it is not Mr. Williams who is showing his ignorance.

You make the assertion that there was only one new office created by the Thirtieth legislature, to-wit, the Commissioner of Agriculture.

If you will examine the general laws of 1907, on page 52 you will see an act creating a Board of State Accounting, and, while we presume the members of it themselves get no fees, the amount of \$10,000 is appropriated to be spent under their direction.

On page 115 a new court for Dallas county, to be called the County Court of Dallas County at Law, is created and a salary of \$3,000 and fees allowed him. It is true that this is to be paid out of the county treasury, but this is a new office.

On page 338 the Sixty-seventh Judicial District is created and a new district judge provided for.

On page 324 the Sixth supreme judicial district is created, and the governor authorized to appoint a chief justice and two associates.

On page 326 a State mining board inspector, with a salary of \$1,500, is provided for, and seven members of the mining board, who may draw \$150 per year and their traveling expenses.

I have not examined the acts fully, but I think those are sufficient to show that Mr. Williams did not display his ignorance when he stated that many new offices were being created, and if the other statements in your editorial are as unfounded as that upon this question, you may not be surprised if the people pay but little attention to them. Yours truly,

ROBERT E. HUFF.

DELEGATES ARRIVING AT COLUMBUS FOR OPENING OF NATIONAL MEETING.

By Associated Press. Columbus, Ohio, July 14.—Today opened up lively for the prohibition national convention, with delegates from various states arriving and being escorted to their respective hotels by a band headed by gaily decorated water wagons drawn by four milk white horses hitched in the lead of a mule, bearing a big placard, on which were the words, "Missouri, 23 Dry."

The refusal of Seaborn Weight of Georgia to allow his name to come before the convention for president leaves the delegates very much at sea as to a candidate.

Notes From Olney. W. A. Carlton of Wichita Falls has accepted a position here with the Wichita Falls and Southern railroad as station agent. Mr. Carlton took charge on the 4th. R. U. Barkley, the retiring agent, left Monday morning with his family for a few weeks outing at Corpus Christi.

The Wichita Mill and Elevator Company has shipped up to June 30 eight thousand bushels of wheat, and six thousand five hundred bushels of oats.

A town is usually located by use of the optic nerve, but Olney is in a fair way of becoming easier to locate by means of the olfactory nerve. Let's clean up the town or bury it so it will not pollute the atmosphere.—Olney Oracle.

J. W. Stone Returns From Denver.

J. W. Stone returned last night from Denver, where he has been spending several weeks with his family, who are there with his little son, Robert Allen, who is taking treatment from a noted specialist. Mr. Stone says that Robert Allen is greatly improved and that they are hopeful of having him able to walk within a month or two. The others of the family are enjoying splendid health and their sojourn in Denver has been a pleasant one.

Mr. Stone was one of the interested spectators at the Democratic National convention and witnessed what was the greatest demonstration in the history of the country, when Mr. Bryan's name was first mentioned in the convention.

OFFICERS ARE ELECTED BY ELKS' GRAND LODGE.

Special to the Times. Dallas, Tex., July 14.—At the Elks convention today R. L. Holland was re-elected grand exalted ruler; J. D. Shea of Connecticut, esteemed leading knight; Fred C. Robison of Iowa, grand secretary. A spirited contest is now on between A. M. McAlwee of Texas and C. L. Sweet for the office of esteemed loyal knight.

Los Angeles and Detroit have been placed in nomination for the next place of meeting.

(Advertisement.) Rotation in office sounds good as a theory, but it is not always best in its practical operation, and for the best interests of the county and community. The offices belong to the people and if a man has served faithfully the number of terms he has of office should not be a figure—efficiency and qualification are the only questions to be considered in selecting county officers, as we elect them solely for the purpose of serving us. We want men who will look to the best interest of every citizen, and it is sometimes unwise to experiment with new officers, but best to let well enough alone, especially if we have a competent man in the office who is filling it to the satisfaction of the people.—Burk Burnett Star.

Mr. F. M. Hull brought to this office this morning two fine specimens of the Robert E. Lee peach, which were taken from a tree in his orchard located on his farm near Thornberry. They are very large and look to be a fine peach and well suited to the soil and climate of this section of country.

Dr. Alderson is with the Methodist people at their church, corner Spott avenue and Tenth street, in private meeting. Services at 4 and 8:30 p. m. A great meeting is expected.

Allendale Happenings.

Special to the Times. Allendale, Tex., July 13.—A light rain fell here Sunday morning, stopping the threshing, but helping the cotton chopping that had not been finished. No hail fell here, but across Holliday creek some of the crops were ruined.

There is quite a great deal of typhoid fever in Allendale now. Miss Cella Gates, who had been sick with it, but had gotten up, is now sick again, but is getting along very nicely. Little Miss Jane Smith also has the fever.

Mr. and Mrs. Lewis of Fort Worth, who have been visiting Mr. and Mrs. W. P. Billingsley during the past week have returned home.

A large crowd was entertained last Friday night at an ice cream supper at the home of Mr. and Mrs. B. F. Haynes. All reported a splendid time.

Barley Bell, who has been working with a threshar near her, was bitten by a spider one day last week. He has been very sick, but is now better.

Elks to Leave for Dallas.

A crowd of local Elks have made arrangements with the Fort Worth and Denver to have a separate coach for the crowd going from this place on No. 8 at about 2:30 tomorrow morning.

Among those who will go to Dallas at that time are Messrs. McIntyre, White, Donnell, Dr. Waller, Woodward, Cummings, Noble, Reid, Mack, Virgil Skeen, Huey, Woods, Darnell, Stone, Markowitz, Jones and Malone.

WATER WILL BE DRAINED FROM CRESCENT LAKE.

Contractor Roberts has completed the cement ditch which is to drain Crescent Lake and the ditch will be opened and the lake drained tomorrow.

The ditch runs from the lake at its extreme north point and leads directly to the bank of the river, about 430 feet distant.

NEGRO HANGED TO SAPLING LIMB

By Associated Press. Middleton, Tenn., July 14.—Hugh Jones, a negro, was strung up to a sapling limb here by a mob of a hundred men at daylight this morning. Jones attempted to assault Miss Ora Yopp, aged 17 years. He was captured at Lagrange and was being brought to Middleton by special deputies, when a mob appeared and took charge of the prisoner.

Colorado Elks Well Taken Care of by Fort Worth & Denver Officials. The Colorado Elks' special came into Fort Worth right on time yesterday morning at 5:30 o'clock with Traveling Engineer Kelley at the throttle and General Superintendent George F. Cotter in active charge of the train. The run from Fort Worth to Tealine was pronounced perfect, the schedule not being deviated from a fraction of a second.

The Texas and Pacific carried the special on to Dallas after a ten-minute stop in Fort Worth.

A. J. Sopris, chief clerk to General Passenger Agent A. A. Glisson, and A. B. Gilliland, superintendent of dining car service on the Colorado and Southern lines, were also on the train with 165 Elks.—Fort Worth Record.

REVOLUTIONISTS AND PERSIAN TROOPS IN SHARP CONFLICT.

LEADERS AT LINCOLN

MEMBERS OF NATIONAL COMMITTEE CONFER WITH BRYAN AT FAIRVIEW.

SELECTION OF CHAIRMAN

It is Announced That Choice of National Committee Will Be Left to Sub-Committee.

By Associated Press. Fairview, Lincoln, Neb., July 14.—The first formal work of the democratic campaign was taken up here today when the members of the National committee called on the candidates, Bryan Kern, at Mr. Bryan's home. It is expected that the committee will be in session until Thursday and that the chairman of the committee will be selected and the city for national headquarters determined.

The names so far most prominently mentioned for the chairmanship are James of Kentucky, Axtwood of Kansas, Lamb of Indiana and Campau of Michigan.

It is practically decided that the selection of a chairman of the national democratic committee will be left to the sub-committee of nine members. This is said to be the desire of Bryan. This sub-committee will make a selection inside of two weeks.

Later—Bryan will be notified of his nomination at Lincoln on August 13. Kern will be notified at Indianapolis at a date to be determined later.

The democratic national executive committee in executive session today adopted the following resolution:

"No contributions will be accepted from corporations and no contribution of over \$10,000 will be accepted. All contributions of over one hundred dollars will be made public on October 15th. Thereafter immediate publication will be given."

The sub-committee of the democratic national committee adjourned today to meet in Chicago on July 25th, when the chairman of the committee will be selected.

Joseph Daniels was made secretary of the sub-committee.

Patterson Faction Controls Tennessee Convention.

By Associated Press. Nashville, Tenn., July 14.—The democratic State convention was called to order here today at noon. It is one of the largest political conventions ever held in Tennessee. Over 2,000 delegates are in attendance.

The Patterson wing of the party is in complete control. The convention was organized with E. E. Wright of Memphis as temporary chairman and E. E. Estie as permanent chairman.

It is indicated that the Patterson slate will go through without a bobble.

Taft Will Score Democratic Injunction Plank.

Hot Springs, Va., July 14.—From all indications, Taft's letter of acceptance will be a judicial scoring of the democratic platform adopted at Denver. Mr. Taft spent all day yesterday in a study of the platform of the two parties. He is working in complete seclusion, as not a party leader is here to interrupt his work by requests for a conference.

Colored Methodist District Conference.

The Northwest District Conference of the Colored Methodist church convenes in this city tomorrow. There will be twenty-five or thirty delegates in attendance. The mayor and the pastors of the different white congregations of the city have been tendered an invitation to be present at the opening of the conference. Rev. J. E. Stafford, pastor of the Tenth street M. E. church, has agreed to preach for the colored conference on Thursday at 11 a. m. and perhaps there will be other white preachers who will preach for the colored people during the session of the conference.

The draining of Crescent Lake near the court house will greatly enhance the value of the lots which in the past have been covered with water at least nine months in the year. It will also make more valuable the tract of land lying between the Lake and the river. A few years ago the parties who owned at least three-fourths of the lots lying in the bed of the lake attempted to drain the water off at

their own expense, but were stopped by injunction proceedings. The expense of this work is to be borne, partially, at least, by the city.

Now that it has been most thoroughly demonstrated that this is a good cotton growing country our Chamber of Commerce should take steps that will result in the building and operating of a large cotton factory at Wichita Falls. We have the cheap fuel, the water and the shipping facilities. Statistics of other cotton factories being operated in Texas show the investments pay large dividends and employ hundreds of people. A cotton factory with a paid up capital of \$100,000 in Wichita Falls would mean a monthly pay roll of at least \$15,000. If the proper effort is put forth, Wichita Falls can build and operate a cotton factory of that size.

No good citizen should complain or object to paying his full share of the legitimate running expenses of the local or State government under which he is living, no matter whether property is assessed at its full value or only at half value for taxation purposes. It is time for him to register a "kick" when he has evidence that the money he pays as taxes to the powers that be are being wrongfully and unlawfully expended.

Postmaster O. T. Bacon.
American National Insurance Co., Galveston, Texas.
Gentlemen:—I had the pleasure of meeting your representative whom I found to be a most thorough gentleman, and also a thorough insurance man. I had explained to me the policy now being written by the American National Insurance Company, and I candidly say it is one of the best, and so strongly did I think so, that I took a policy for \$5,000. I consider it the best of all I have, and I carry several. I am glad to see the strong men of Texas taking stock and pushing this company, as there is nothing like keeping Texas money at home. Be sure to keep the good work going, and also keep your agent at work in this part of the State, where he will not only help your company, but my friends also. Yours truly,
OTIS T. BACON.

Wichita Mill & Elevator Company.
I am much pleased to have investigated your company and I consider it a favor to be able to become a policy holder in your company.
In view of the upheaval in insurance matters in New York City recently, it has demonstrated to me that the time has now come for a great insurance company in Texas, so the people of Texas can retain their premiums at home, instead of sending them outside the borders of our State. Your company assisted by such men as you have associated with you in this company, is sufficient guarantee to anyone seeking a policy, that the money will be paid to his family after he is dead and gone.
Yours very truly,
FRANK KELL, President

Office of County and District Clerk.
Wichita Falls, Texas.
Your representative called on me today and explained the fine policy you are now issuing. It is a pleasure to me to take a policy in your company as I think the American National deserves the liberal patronage it is receiving among the representative men of our State.
It indicates a worthy desire to patronize a first-class home company and thus keep Texas money at home. Very truly yours,
W. A. REID,
County and District Clerk.

TEXAS MONEY IN TEXAS

Insurance Premiums kept in Texas earn from 8 to 10 per cent for policy holders.

Insurance Premiums kept in Texas develop Texas Institutions.

Which Will You Choose?

TEXAS MONEY IN NEW YORK

Insurance Premiums sent to New York earn 4 to 6 per cent for policy holders.

Insurance Premiums sent to New York develop frenzied financiers.

Which Will You Choose?

IF YOU LIVE IN TEXAS BE A TEXAS CITIZEN!

Texas, at last, is awake to the folly of patronizing foreign insurance companies. The Double Indemnity policy of The American National contains EVERY desirable feature of eastern policies and many others not contained therein.

It is What You are Looking For—Get the Best

Whaley Mill and Elevator Co, Gainesville, Texas. I have \$26,000 of insurance in foreign companies. If it was to do over again, I would place it in home companies. J. C. WHALEY.

City National Bank. In my judgment, this company is managed by some of the most wide-awake progressive business men in our State; not only men of high character, but of strong financial ability.

I am personally acquainted with several of the officers, and I believe The American National Life Insurance Company has a great future and deserves the patronage of all citizens of Texas. J. A. KEMP, President, Wichita Falls, Texas.

The American Nat'l. Insurance Co.

OF GALVESTON

MORA C. CLARK, General Agt. Present Address, Wichita Falls, Texas

Office of the City Council:
Wichita Falls, Texas.
A representative of the American National Insurance Co., called on me today, and after showing me the advantages in the life insurance business with your home company, had no trouble in interesting me to the extent of a \$5,000 policy. In this connection I beg to say that you have in your company the very proposition in the way of life insurance that I have wished for for the last ten years. And I can state to you frankly that I believe the people of Texas will appreciate the fact that you people in organizing this company have done a great work for the people throughout the whole state.
Yours very truly,
T. B. NOBLE, Mayor.

Coleman-Lysaght-Blair Company.
As stated to you personally a few weeks ago, I believe that your Texas company is a better proposition for one to insure in than any of the old line Eastern companies, for several reasons.
The first of many reasons is that the gentlemen who are officers and directors of the American National Insurance Company are thoroughly known to the people of Texas to be clear, clean-cut, honest business men.
Another reason is that the premiums paid to the Texas Company will be invested in Texas.
It is a pleasure for me to take out a policy with your company today.
WILEY BLAIR,
Sect'y. and Gen'l. Manager.
Wichita Falls, Texas.
I have taken a policy in the American National Insurance Co., and I think it the most liberal contract I have ever known. I think your company as a Texas institution, deserves encouragement and support.
Yours truly,
JAB. T. MONTGOMERY,
Attorney-at-Law.

Burnside & Walker, Physicians and Surgeons.
Wichita Falls, Texas.
Enclosed you will find my check for premiums, also acknowledge receipt of my policy, which I consider the best one I have out of five others I have had for some time.
Yours very truly,

Sweeping Cut in Linen Towels

We bought an unusually large stock of linen this year and our sales, while they have been good, have not reduced our stock as much as we would like to reduce it at this season of the year, so we are going to make a big slash in prices until it is entirely gone.

Now don't make the mistake of thinking you get these any time just because there is no time limit, for there is a limit and a close one on our part of them, and the prices we quote are going to be a them up quick.

The towels are all genuine linen of good size, either fringe or hem.

Williams or Campbell?
 Governor Campbell is having a hard time explaining the tax proposition to the people of the State. He is buying lots of space in the columns of the daily papers in order to reach the masses with his tale of woe. If he should serve the State another term, which is extremely doubtful now, he will not get as much money out of the office salary as he spent in being elected. His first nomination cost him \$14,000, and he is spending some just now. Williams, his opponent, is staying at home every day and working while the people are looking after his and their interest.—Clifton Record.

Can the 10,000 miles of needed railroad be built in Texas as long as the State has two valuations for the same property, one a basis for estimating the earnings, the other to pay taxes on? No justice in this. The people should not stand it. It will drive away capital as sure as the sun shines. Let the board apply the rule of two values to farmers and toget would be an ice house in comparison. Will such unjust legislation induce capital to come into the State to build factories and develop the various resources of the State? It is time for the people to do their own thinking, ask themselves why there are no factories nor railroads being built in Texas. There is evidently a cause. Find out the cause and then send the cause out on a toboggan slide.—Jefferson Jimplecute.

The politician is abroad in the land, and if all the reforms he promises could really be brought about this world would become a veritable rival of that place that the real good people hope to reach after shuffling off their structure of clay. However, the most serious difficulty in the way of reforms actually needed are those papers and individuals who are crying loudest for fewer and better laws, and really consider laws better when they serve their special interests best. Their desire for fewer laws is the hope to have those repealed that prevent them from exploiting the people to the very fullest extent.—Farm and Ranch.

If Campbell Were Defeated.
 If by any hook or crook Governor Campbell should be defeated for reelection what incentive would there hereafter be for a man to take the side of the common people in their unequal struggle with corporate powers? The corporate interests are trying very hard to confuse the people on the full

rendition law before they have time to fully digest it and realize its benefits, but the farmers of Texas will not be so easily fooled as they think. The full rendition law will not increase taxes if the county commissioners do as the State tax board—reduce the rate in the same proportion the valuations are increased—but on the other hand taxes ought to show a decrease on account of the new laws making railroads and other corporations pay their just share of taxes, the first time in the history of the State.

The mere fact that Williams, the blacksmith lawyer candidate of Cumby, belongs to the great laboring class, or did at one time work at the anvil, is not going to make people close their eyes to the corporate interests back of his candidacy. Watch and see if we are not right. Texas will not be Joe Brownized or Georgialized this year.—Taylor County News.

At first the candidacy of Mr. Williams was regarded as a joke or an old man's fancy; then selfish interests took it up, and by catering to prejudice and popular inebriety of understanding gave it a serious aspect. But, as is usual, when men attempt to deceive the people, the truth is coming out, and it will not be many days before men who have been condemning the State government will be apologizing and explaining that they did it in a Plekwickian sense. Fortunately, more than two weeks remain before the primaries, and while that is not a long time, it is long enough for the facts to be made known and for this summer madness to pass without injury to the body.—Port Worth Record.

At first the Williams candidacy was a joke and the Campbell henchmen undertook to laugh it out of court. This procedure didn't satisfy the people, however, and the effort is now being made to make the people believe that the Williams campaign is "loaded." And it is. "Loaded" for the demagoguery that has been rampant in Texas for the past several years.—Denton Record and Chronicle.

For Picnic Sandwiches

It will be hard to find anything that the kids will like better for picnic lunches than a bread, butter and jam sandwich. Jelly or jam is always a favorite and always will be. Yes, they will get it on their hands and face, but they like it and a picnic is a picnic. You don't dress them up in their Sunday best to go to a picnic. They go to have a good time and about two-thirds of their good time comes out of the lunch basket.

Give them the time of their lives by furnishing a liberal supply of pure jam or jelly sandwiches—and spread it on liberally, it's not expensive. Remember you were young once yourself.

A FORECAST OF THE NEWS.

The National convention of the prohibition party, which will meet in Columbus, Ohio, on Wednesday and Thursday of this week, will add two more names to the list of those already placed in nomination as candidates for president and vice president of the United States.

Two State nominating conventions will be held on Thursday and Tennessee democratic convention at Nashville and the South Dakota republican convention at Mitchell. On Saturday the independence party in Connecticut will hold their State convention in New Haven.

The Atlantic battleship fleet, which sailed from San Francisco Tuesday of last week, is expected at Honolulu on Thursday for a weeks stay. An elaborate program of entertainment has been arranged.

The new battleship Mississippi will have her official trial trip this week, starting from Newport, R. I., on Tuesday.

Giuseppe Alla, convicted of the murder of Father Leo Heinrichs, whom he shot to death in St. Elizabeth's cathedral in Denver on February 23, is under sentence to be hanged some time during the present week.

The trial of Captain F. A. Baldwin's new dirigible balloon, the first to be built for the government, is scheduled to take place at Fort Meyer, Va., today.

In Germany, Count Zepplin is preparing to make a twenty-four hour overland flight in his airship along the Rhine and back to Friedrichshafen on Tuesday.

A Suggestion or Two.

Editor Times:—Wichita river, near our city, needs straightening: the acts of the 26th legislature, chapter 64, page 95, it is believed, tells how. Premises considered, the suggestions are:

First. Agitate the question of the advisability of our people taking advantage of said law—anyway to the extent that a drainage tax of 7½ cents be arranged for levy in 1908, said levy to apply to Justice's Precinct No. 1 only.

Second. Agitate the question of a waiver on the part of our city of its pro rata of 7½ cents special road tax for one year, and permit same to supplement said drainage tax.

These two funds, still further augmented by another, thought to be available soon, will, if properly expended, safeguard the property interests of many of our citizens who happen to live in close proximity to said river, and it may possibly save an enormous expense to the county, if the cost of a new bridge is thereby saved.
