NUMBER 76

THE RETURNS ALL IN

FOR CAMPBELL IS 87,095.
FOR DAVIDSON 22,536—For
SUBMISSION 4,917.

NEARLY ALL ARE OFFICIAL

Chairman Carden Has Reports From
208 Counties—News Has Com-
plete Returns From Rest.

Dallas News.
Complete returns from the democr-
atic primary election held in Texas on
July 25 give the following totals:

For Governor.
T. M. Campbell 208,332
R. R. Williams 121,237
Campbell's majority 87,095

Total vote for Governor 329,569

For Attorney General.
R. V. Davidson 172,239
B. M. Wynne 149,703
Davidson's majority 22,536

Total vote returned for At-
torney General 321,942

Submission.
For submission 146,223
Against submission 141,306
Lead for submission 4,917

Total vote returned on sub-
mission 287,529

These total returns are made up of
208 counties officially reported to
Chairman Carden and Secretary Mc-
Nealus, and of complete returns unof-
ficially made to the news as to the re-
maining counties.

There are 234 organized counties in
the State. Secretary McNealus' books
last night showed that he had returns
from 208 counties, as above stated, and
that primaries were not held in six
counties, namely, Goliad, Moore, Gray,
Hutchinson, Sherman and Zavalla. He
had no reports from twenty counties.

From one of these twenty counties
(Oldham) The News has no returns, but
it is probable that no primaries were
held in that county. If such be the
case, the News' returns are complete,
for it has complete returns from the
seventeen other counties as to govern-
or, attorney general and submission.

OFFICIAL RETURNS.

The official returns from the 208
counties, as compiled by Secretary Mc-
Nealus, show the following totals:

Governor—Campbell, 192,244; Wil-
iams, 114,152.

Attorney General—Davidson, 160,
96; Wynne, 139,421.

Submission—For, 185,686; against,
151,838.

Local Option—For, 113,422; against,
154,107.

Controller—Stephens, 95,952; Barker,
53,967; Parker, 42,559.

Mr. McNealus and his assistants had
tried the additions no further last
night, and as the big tables were still
in the hands of the men manipulating
the adding machines, no statement of
the vote by counties could be obtained
at the press last night. It is probable
that the totals of the 208 counties will
be completed by this morning. Messrs.
Carden and McNealus are earnestly
hoping that they will hear from the re-
maining counties today, otherwise they
will have to start for San Antonio with
a report incomplete and the conven-
tion vote in the same condition.

BURKE'S CONDITION DANGEROUS.

Charles Burke, a young farmer re-
siding four or five miles north of city,
was struck in the face with a
iskey glass or bottle one day this
week, said to have been thrown by
a bartender at the little brick saloon
on North Indiana avenue between
Sixth and Seventh streets, is thought
to be in a very dangerous condition as
result of the wounds received. The
doctors fear that blood poisoning has
already developed and that he may lose
his life.

CREAGOR HAS PLURALITY OF 500 OVER STANDIFORD.

Associated Press.
Muskegon, Ok., Aug. 8.—Authentic
returns received today from every
county in the district gives Creagor a
majority of 550 over Standiford as the
Republican nominee for congress in
third district. Creagor was former
journalist at Henrietta, Ohio.

Farmers from the Red river district
report that the boils are beginning to
appear in many fields in that section and
it is expected that the first bale will
be brought into the Wichita Falls mar-
ket before the 1st of September.

COTTON WILL SOON BE COMING INTO WICHITA FALLS.

The Times again begs to remind the
business men of Wichita Falls that the
first bale of this season's cotton will
soon be on the market. Don't wait un-
til the bale is on the streets to raise a
liberal bonus.

From present indications twice as
much cotton will be picked from the
fields in the country around this city
as was ever raised before in this sec-
tion. Wichita Falls ought to rank high
as a cotton market this year and buy-
ers and merchants generally ought to
be getting ready to handle this crop
and the trade resulting from its sale.

FUNERAL OF ALLISON IS MARKED WITH SIMPLICITY.

By Associated Press.
Dubuque, Iowa, Aug. 8.—Senator Al-
lison was buried today in a manner de-
void of all ostentation. Services of the
simplest character were held at the re-
sidence of the dead statesman and
was attended by intimate friends of
the deceased. Rev. Bergen of the
Westminster Presbyterian church officiated.
The remains were interred in the
Allison family lot in Linwood cem-
etery.

GREENBRIER COUNTY EQUINES INTEREST JUDGE TAFT.

By Associated Press.
White Sulphur, Va., Aug. 8.—Attend-
ing the Greenbrier County Horse
Show is the chief plan of Candidate
Taft today. He will be driven to the
track at 2 o'clock.

During the morning he had an ex-
tended talk with Senator Scott, who
is a member of the republican national
committee.

RECEIVERS FOR THE PILLSBURY COMPANY

By Associated Press.
Minneapolis, Minn., Aug. 8.—Incident
to the reorganization of the stock-
holders in the Pillsbury-Washburn
Flour-Milling Company a petition was
filed in the federal district court, ask-
ing for the appointment of receivers
for the company. The petition was
granted, the court naming C. A. Pills-
bury, A. C. Loring and A. C. Cobb.

The petitioners are the Northwest-
ern National, First National, Swedish
American National of Minneapolis and
the Second National of St. Paul, to-
gether with J. S. Pillsbury. There will
be no interruption in the business.

STREET CAR STRUCK AUTO TWO WERE KILLED.

By Associated Press.
Buffalo, N. Y., Aug. 8.—Edward
Scard, a prominent Buffalo lawyer, was
instantly killed and Joseph Bart was
perhaps fatally injured early today
when their automobile was struck by
a street car in a head-on collision.

A 70,000 Bushel Corn Crop.

A. Vanleave, a farmer who owns a
large tract of land on Red river, for-
merly a part of the 6666 ranch near
Burkburnett, estimates that his corn
crop for this year will be in the neigh-
borhood of 70,000 bushels, which will,
by far, be the largest crop of corn ever
produced on a single farm in this coun-
ty. The Times understands that Mr.
Vanleave purchased this land less
than two years ago for about \$40 per
acre and since that time has refused
\$60 per acre for it.

DEMOCRATIC SUCCESS IS PREDICTED IN KANSAS.

By Associated Press.
Lincoln, Neb., Aug. 8.—A political
conference was begun early at Fair-
view today. Robert Coughlin, an at-
torney from Paola, Kansas, who at-
tended, told Bryan that the prospects
for democratic success in his State
were growing brighter each day.

SUBMISSION FIGHT IN THE CONVENTION

Special to the Times.
Austin, Tex., Aug. 8.—Gov. Camp-
bell leaves tomorrow for San Antonio
to attend the State democratic con-
vention Tuesday. He expects to be
present at the meeting of the executive
committee Monday. It grows more ap-
parent that the submission issue will
be fought out on the floor of the con-
vention.

HARRINGTON QUILTS FROM KANSAS CITY

PRESIDENT OF A. AND M. COL-
LEGE TENDERS RESIGNATION
TO DIRECTORS.

MILNER IS APPOINTED

Commissioner of Agriculture Gets the
Place—Harrington's Action
a Surprise.

Austin, Tex., Aug. 7.—No little sur-
prise was occasioned in the State
house this afternoon, following the giv-
ing out of a telegram received by Gov-
ernor Campbell announcing that Pres-
ident H. H. Harrington of the Agri-
cultural and Mechanical College had
tendered his resignation to the board
of directors, assembled at Corpus
Christi, its acceptance and the appoint-
ment by the board of R. T. Milner,
commissioner of agriculture, as Dr.
Harrington's successor. The action of
the board of directors temporarily dis-
rupts the official family of the State
government and occasions some com-
plications.

The telegram to the governor was
from K. K. Leggett, president of the
board. The message, however, did not
signify whether or not Colonel Milner
had accepted his new honor. Governor
Campbell got into long distance
telephone communication with Mr. Mil-
ner at Corpus Christi a few minutes
after receiving the telegram, and learn-
ed from the commissioner of agricul-
ture that he had accepted the appoint-
ment. The governor's reception of the
news was with the words: "Now, that
gives me more trouble, doesn't it?"

CONVENTION RATES APPROVED.

Commission Makes One and One-Third
Fares to State Convention.

The railroad commission has ap-
proved rates on the various railroads
of the State for the State democratic
convention, which meets next Tuesday
at San Antonio. The commission ap-
proved a rate of one and one-third
fare for the round trip from all points
within a distance of 100 miles from
San Antonio, and on points beyond 100
miles the rate is one and one-fifth of
the regular fare for the round trip.

PILOTS ASKED TO MEET FLEET AT AUCKLAND HARBOR.

By Associated Press.
Auckland, New Zealand, Aug. 8.—In
a wireless message received here this
morning Admiral Sperry, commander
in chief of the American fleet, requests
pilots to join the four flagships on
their arrival in the harbor entrance
Sunday morning to facilitate the dis-
position of the ships at anchorage.

A number of farmers driving into
town today with wagon loads of wheat
and corn also brought in some fine
watermelons and cantaloupes. Others
brought in mangoes, squashes and cab-
bage, which were sold in the local mar-
kets, going to show that the raising of
small fruits and vegetables, as a side
line at least, will furnish pocket
money.

ODD THINGS IN A DAY'S NEWS.

It is said that for some time Judges
Landis and Grosscup of the Federal
courts have not been on speaking
terms.

Bess, the coach hound mascot of an
engine company in New York, has re-
ceived a pass over the Third avenue
street car line.

Thomas Bowler, a clerk in a Steph-
enson county (Missouri) store, who
kissed Miss Jane Shellhart and was
jailed for the offense, says the kiss
was worth the sentence.

Giuseppe Mule and Mrs. Angelina
Gorillo were odd names among the ap-
plicants for marriage licenses at the
city hall in Philadelphia yesterday,
though they were not seeking to marry
each other.

A meteor two feet in diameter re-
cently fell on the farm of Manuel
Gough, near Brockton, Ill., penetrating
to a depth of eight feet and creating
enough heat, it is said, to kill corn at
a distance of two rods around.

Miss Iongene Brown entertained a
few of her Wichita friends at her
home, three miles south of here, last
evening. The guests were entertained
with good music, rendered by Mrs. Wal-
ter Fehr of Houston, after which cream
and cake were served.

TRAINS WILL BE RUN INTO FORT WORTH VIA ORIENT AND THE "DENVER."

OPEN ON SEPTEMBER 15

Connection Will Be Made at Chillicothe,
Orient Will Soon Be Built
to Sweetwater.

Special to the Times.
Fort Worth, Tex., Aug. 8.—It was
announced by the railroad officials
here today that a new line from Kan-
sas City to Fort Worth will be opened
on September 15th; when trains will
be run from the north over the Orient
tracks to Chillicothe, Texas, thence via
the Denver to Fort Worth. It is added
that the Orient will put its line in op-
eration to Sweetwater by October 15th,
and to San Angelo by January 1st.

WARNED TO LEAVE TOWN.

Negroes at Henrietta Given Thirty
Days to Get Away.

Henrietta Independent.
The negroes have been warned to
leave Henrietta. A notice written with
red ink on a 12x14 piece of cardboard
was posted about town some time Sun-
day night, bearing this inscription in
bold letters:

"Negroes, you have 30 days to leave
Henrietta in, if not you will take a trip
to Big Wichita."

The sheriff's office has three of the
notices and will preserve them as evi-
dence in an investigation that may
follow. Deputy Sheriff Hanagan says
the notice probably resulted from a
fight on Saturday between a white
man named McManus from Bellevue,
and Walter Pointer, a Henrietta neg-
ro, in which McManus was knocked
down. Pointer was put in jail, but
paid his fine and was released.

Mr. Hanagan is of the opinion that
the parties posting the notices have
no idea of carrying out the threat
made, but merely wanted to scare the
negroes. City Marshal Schwend shares
in this opinion, and says he believes
he can ferret out the parties who did
the work. The fact that the notice
gives the blacks 30 days to get out is
the basis of his opinion.

FIREMAN WAS KILLED.

ENGINEER INJURED.

Trinidad, Colo., Aug. 7.—Fireman
Thomas French was killed and Engi-
neer Thomas Bryan probably fatally
scalded as the result of a freight
train going through a bridge on the
Colorado and Southern (Denver) at
Abeita, thirty miles south of here this
morning. The bridge had been weak-
ened by a cloudburst in the hills.

The board of directors of the Farm-
ers' Union Warehouse Company are
meeting at the warehouse this after-
noon to select a manager and other
officers for the ensuing year. A con-
tract will also be let this afternoon for
an office building and a scale house at
the warehouse.

Some Pertinent Sayings.

Upon the face of the unofficial re-
turns the submissionists appear to
have cast several hundred more votes
than the anti's. However, submission
failed of an endorsement by a major-
ity vote of all the votes cast in the
primary election of such party," as sec-
tion 120 of the statute reads. Ques-
tion: Which side wins? Expert Opin-
ion: The side which musters the most
votes in the State convention.

Those democrats who would like to
contribute to the national campaign
fund need not fear any jam at the con-
tribution box. Come on, boys.

"Mr. Bryan stands where Jefferson
stood a century ago," declares Marse
Henry. Goodness, but we are proud
of the work we did in landing Marse
Henry in the band wagon.

to be distributed during the next ad-
ministration will be more pungent in
your nostrils if you contribute to the
campaign fund.

BRYAN AND MACK WILL HOLD IMPORTANT CONFERENCE

By Associated Press.
Chicago, Ill., Aug. 8.—An important
conference having to do with the adop-
tion of a general outline for the cam-
paign work will be held between Mr.
Bryan and Chairman Mack of the na-
tional committee, in Lincoln next Tues-
day.

Urey Woodson, secretary of the na-
tional committee, arrived here today
from Kentucky, and Gov. Haskell, the
treasurer of the committee, is expect-
ed later.

Mack stated today that he would
make further efforts to obtain a re-
consideration of the order of the West-
ern Traffic Association declining to
give reduced rates to the Bryan noti-
fication.

ILLINOIS HOLDING DISTRICT PRIMARY TODAY.

By Associated Press.
Chicago, Ill., Aug. 8.—The polls were
opened at 6 o'clock today for the first
actual test of direct nomination of can-
didates by a direct vote. Four parties
are taking part in today's primaries—
republican, democratic, prohibitionist,
and socialist. The two parties first
named have candidates for all offices,
State, county and municipal. The vote
as registered today nominates the can-
didates and places their names upon
the tickets.

NOTIFICATION WILL BE WITHOUT POMP

By Associated Press.
Lincoln, Neb., Aug. 8.—Not more
than five hundred dollars will be spent
by the local committee on August 12,
when Bryan will be formally notified
of his nomination. The parade will
consist of two bands, a platoon of po-
lice and a company of mounted dem-
ocrats as an escort for Bryan, Kern and
the notification committee. There will
be no marching clubs in the parade.

Grand Lodge Headquarters.

Wichita Falls Lodge Fraternal Bank-
ers are making a strong effort to lo-
cate the grand lodge headquarters
here. The members are working ener-
getically to build up the local lodge
and the degree team is doing nice
work and it is expected they will win
some of the prizes in the national con-
test in December. Several prominent
members are expected to speak here
during the fall and from appearances
this will be one of the largest lodges
in the State.

NEGRO HANGED FOR ASSAULTING CHILD

By Associated Press.
Memphis, Tenn., Aug. 8.—Henry
Johnson, a negro, was hanged in the
county jail here today. Johnson was
executed for criminally assaulting Idy
May Broadway, the daughter of a lo-
cal dairyman. The girl was not quite
four years of age when the assault
was committed.

PROTEST IS HEADED

OBJECTIONABLE PASSAGES IN
NEW SCHOOL BOOKS WILL BE
ELIMINATED.

PUBLISHERS ARE WILLING

Number of Problems Relating to Texas
History are to be Substituted for
Censored Portions.

Austin, Tex., Aug. 7.—Gov. Camp-
bell today, as chairman of the State
text book board, and Prof. R. B. Col-
lins as state superintendent of public
instruction, approved certain changes,
which have been made in the Meyers-
Brooks elementary arithmetic, adopted
by the State board for use in the pub-
lic schools of Texas and published by
Scott, Foreman & Co. These changes
eliminate certain objections which
were raised by the J. B. Hood camp,
Confederate Veterans of this city, to
the effect that the book was tinged
with prejudice to the South and should
not be used in the public schools of the
State.

Former State Senator Marshal Hicks
was here today and as attorney for the
above named book firm, secured the
approval of the governor and State
superintendent to proposed changes.
J. B. Cunningham of San Antonio, rep-
resentative of a book company, was
here and said that the changes were
contemplated long ago, before any com-
plaint was made by the veterans and
that the book was adopted by the text
book board with the understanding
that the proposed changes would be
made. The objectionable feature of
the book was found on page 251; and
this page has been substituted and the
problems presented under the change
relates to historical matter during the
period that Texas was a republic and
includes matter of a much later date.
This was satisfactory to the governor
and State superintendent and they so
approved it.

WILL BE A CAR SHORTAGE.

A. D. Bethard Says It Will Be Hard to
Handle Texas Crops.

A. D. Bethard, assistant general
manager of the Missouri, Kansas and
Texas railroad, believes there will be
a car shortage this fall, and he bases
his belief upon the condition of the
crops in the Southwest, especially Tex-
as, and indications of improved busi-
ness. Mr. Bethard recently made a
trip over the line in Texas, and it is
evident the situation is pleasing to
him.

"While the car shortage may not be
as bad as some time ago," said Mr.
Bethard, "yet I expect railroads to
have considerable difficulty in prompt-
ly handling all the freight in the fall."

Other Texas lines have made re-
ports on the increase in business. At
one station of the Texas and Pacific in
West Texas an agent has written to
headquarters that the country sur-
rounding is expected to produce 40,000
bales of cotton this season, while last
year the yield was 8,000 bales. This
increase is due to new ground placed
in cultivation.

The cotton-picking problem is soon
to be solved in North Texas and the
railroads will do all they possibly can
to help the farmers. Much of the con-
struction and repair work on tracks
will be finished before September 1st,
and hundreds of section hands, espe-
cially negroes and Mexicans, will go
into the cotton patch.

The Public Don't Know It.

The Denver railroad is supposed to
be making excursion rates to points
here and there, but the public is not
aware of it. The Denver has develop-
ed a degree of economy which prom-
ises to relegate the system into the
column of things defunct, along with
St. Jacob's Oil and the merchant who
advertised some years ago.

NEW BAKERY WILL SOON BE READY FOR BUSINESS.

The over for Hund & Peters' new
bakery has been installed in the Nickle
Store, and Mr. Hund says they will be
ready to turn out bread the latter part
of next week. The equipment of the
new bakery will be thoroughly up-to-
date. 76-3ap

SHOOTS SNAKE FROM COMPANION'S ARM

Joplin, Mo., Aug. 7.—Herbert Davis, aged 14, threatened with a death-dealing stroke by a big rattlesnake, was saved by the quick action of Francis Evans, aged 15, who sent a bullet through the head of the reptile just in time to prevent it burying its fangs in the flesh of his chum. The snake was wrapped around the arm of the Davis boy, who grasped it under the impression that it was a fish.

Francis Evans is the son of Or. M. H. Evans. Herbert Davis is the son of the owner of the swimming resort on North Main street. The boys are great chums and spend much time fishing and hunting about the ponds of the city.

Thinks Snake a Fish.

The swimming lake had overflowed and the water filled a basin formed by mining operations half a mile away. The overflow had allowed many fish to escape from the lake and many of them had been imprisoned in the basin. The boys were draining the basin and taking the fish back to the lake. The work of removing the fish had nearly been completed, when the Davis lad saw something move under a large rock. He promptly grabbed at it, thinking it a fish, shouting as he did so, "I'll bet this is a big one."

He jerked it up and to his sorrow beheld a big rattlesnake squirming in his grasp. He attempted to release it, but the snake was too quick, coiling about his arm and raising its head to strike.

Takes a Quick Shot.

Francis Evans was standing beside the little pond leaning on a repeating rifle which is his companion on such expeditions.

Young Evans heard the horror-stricken shriek of his companion as the angered rattler swung back to sink its deadly fangs. There was no time for thought, in an instant the snake would strike, charging the blood of the boy with its deadly poison. Like a flash the rifle rose, and a bullet crashed through the rattler's head and it fell, slowly unwinding from Davis' arm.

Evans then shot the snake six times. Davis threw his arms around his chum and cried from nervous excitement. According to Davis the snake had four rattles and a button.

WILL RUN BUSINESS ON A CASH BASIS.

Beginning with August 1st, I placed my business on a cash basis, and will not hereafter put any work on my books. I have done this not only because I have occasionally lost an account, but also for the reason that all my time and energies are required for my work, and I do not have the time for bookkeeping and looking after collections.

If you want the best work for reasonable prices, come to the City Shoeing Shop.

Emperor Francis Joseph of Austria, who will be 78 years old on August 18, has recently been hunting deer on a mountain 5,000 feet high near his summer home.

ANNUAL CONVENTION OF SECRETARIES

Commercial Secretaries Will Meet at Fort Worth September 9th, 10th and 11th.

Fort Worth, Tex., Aug. 8.—The fourth annual meeting of the Texas Commercial Secretaries' Association will be held at the rooms of the Board of Trade at Fort Worth on September 9th, 10th, and 11th. The responses to invitations to participate have been most gratifying in tone, and the recent work of the organization has so enthused the secretaries that the attendance promises to be the largest of any ever held in the State, and the program will be the most comprehensive and complete ever discussed by any commercial body in this great empire. This is the regular annual meeting of secretaries (only) and the report of standing committees will be heard and results accomplished by the association during the past year reviewed, and the future work of the organization outlined. The association met in Fort Worth a year ago and organized the following committees: Legislative, good roads, county fairs, public parks and shade trees, rural relations, Transportation and Rates, advertising, publicity and immigration. The legislative committee has been the most active, but there is a broad field of usefulness for all other committees, which they should occupy, and methods of organizing and encouraging concerted action along these lines will be open for discussion. The scope of the proposed work will be thoroughly canvassed and a system adopted whereby each unit can contribute toward a grand result in building up and developing the neglected and latent resources of the commonwealth. The officers of the association will be elected for the ensuing year and standing committees appointed to carry on the work along the plans adopted until success crowns their effort.

There are in Texas about three hundred commercial organizations, with a membership of 100,000 of the most active and progressive business men of their respective communities, who give direction and impetus to the material development of their localities, and the combined influence these leaders of thought wield in our affairs is being felt throughout the State today. The possible good to be accomplished by

State association is ably illustrated by the results already obtained, and the appreciation shown of the work by the small organizations is ample proof that the seed has been sown on good ground.

The commercial clubs of Texas spend annually about \$250,000 in advertising the resources and advantages of their respective localities. The well written and beautifully illustrated pamphlets which have gone out from this State from time to time, setting forth in a manner that enthralls the home-seeker and convinces the capitalist, the wonderful opportunities of this great State, is a tribute to literary genius and business sagacity of secretaries, and to their efforts in this direction is largely due the influx of men and money that have flooded Texas during the past ten years. Perhaps the most important part of commercial advertising is effective distribution of the literature, and this difficult feature of the work will be discussed by successful secretaries who have mastered the situation, and those who have yet to learn may profit by their utterances.

The program has not yet been arranged, but all matters of prime importance to commercial organizations will be ably discussed by some of the most brilliant and brainy men of the State and the proceedings will be printed in pamphlet form and become "standard literature" in commercial club work. Subjects of special interest to secretaries will be given careful attention, and methods of overcoming difficulties common to the profession will be a strong feature of the convention, and every secretary with an idea, original method or matured plan will divide his ability and experience with his fellow secretary through the association, and the results of years of effort and experience are on tap for the benefit of all who attend the meeting.

The convention is called for a three days session in order to give sufficient time to discuss in detail the knotty problems that divide the line between success and failure in commercial club (Continued on Page 6.)

SELECTION OF SEED CORN.

It's a long time off before corn planting time comes round again, but that doesn't prevent the following paragraph from Farm and Ranch being timely:

It will soon be time to select corn for planting. Good strong stalks with large and well formed ears. Stalks which bear two ears are to be preferred. It cannot be done in the crib, since the stalk cannot be examined. When the selection of supply is made there should be a selection of perfect ears. Again, there should be a selection of ears for the seed plot. That the best corn for any locality is best grown in that locality is now generally accepted. Variations in corn are great, and varieties are so easily changed by cross-breeding that there should be constant effort to keep the variety desired, and the best of that variety. When corn has been selected it should be dried, treated with carbon bisulphide (high life) and stored safe from damage by rats or insects. Ventilation should not be lowered by allowing it to freeze.

Iowa raised the average corn yield between ten and fifteen bushels in ten years by careful seed selection. Illinois did the same. Careful selection of the seed, careful handling of it before and after planting and work are prerequisites to a corn crop.—Denton Record and Chronicle.

It is either postal savings banks or a State and national law guaranteeing to bank depositors their money in case the bank in which they carry their deposits fails. The democratic national platform is committed to the guaranteed deposit system. The republican national platform is against guaranteeing deposits, but favors postal savings banks. This is natural. The republican party can always be counted on to favor that which will redound to the benefit of the money sharks. Postal savings banks would result in the accumulation of all the savings of the people of the United States in the treasury at Washington, and from Washington the savings of the people would be loaned to the Wall street bankers at a low rate of interest, who, in turn, would let it out to smaller banks at a rate of interest in excess of what they would pay the government for it. In that way the money of the country would be kept in circulation and, of course, the people who placed it with postal savings banks would be secured from loss in case of panics or bank failures. The guaranteed deposit system, however, is far better for every State in the Union, except, possibly, New York, the money center of the United States. By this method, the deposits of a local bank need not leave the State in which it is located. Again, by the adoption of such a system money panics would be a thing of the past and the people of the United States will not be at the mercy of the money sharks of Wall Street when the time comes for marketing their products. The guaranteed deposit plank in the democratic platform is by far the best one in it, and should appeal to the average business man, the local capitalist, the agriculturalist and the laboring man as the best possible way of averting panics and hard times.

President Harrington of the Texas A. and M. college has done the right thing by tendering his resignation as president of that educational institution. The board of directors also did right when it upheld him in the controversy that arose between him and the student body a few months ago, which came so near wrecking the institution and destroying its usefulness, but so long as President Harrington was at the head of the school a certain amount of disaffection would exist.

THE TIMES Bryan Dollar CAMPAIGN FUND

All that Mr. Bryan and the democratic campaign managers want is enough money for the legitimate expenses of the campaign. They do not want a slush fund, nor will they accept contributions from favor-seeking interests.

They are depending on the great mass of common citizens in this work of reform, and if the democratic party is successful it will not be under obligations to the interest of anyone but the everyday American citizen.

Contributions for Bryan's Dollar Campaign Fund are being received by the Times. Bring in your dollar.

His motive for tendering his resignation was doubtless prompted by a desire to obliterate this bitter factional feeling and in doing so he has shown himself to be a broader-gauged man than many were inclined to credit him with.

It will not do to judge or make a guess as to how many applicants there will be for the postoffice in this city in the event of the election of a democrat as president by the number who are contributing to the Bryan and Kern campaign fund. We democrats are powerful hungry, and when there is an opportunity to secure a piece of pie—all of us want to get our feet under the pie counter.

WASTED MONEY!

AN OLD GENTLEMAN SIXTY-FOUR YEARS OLD HAD CARRIED \$40,000 OF LIFE INSURANCE IN ASSESSMENT ORDERS

He does not carry it now. The orders are things of the past. He brought out his list of policies in the following orders:

| Iron Hall, | Eureka Mutual Benefit Society. | Northwestern Masonic Aid Association. |
| American Legion of Honor. | International Benefit Order. | Order of Aegis. |

These were the standard assessment orders of 25 years ago. Today their policies only represent **WASTED MONEY!**

If you are wise you will learn from the experience of others; if you are otherwise you will learn from your own experience.

Why patronize such concerns when the Insurance Commissioner of every state in the Union will tell you it is only temporary insurance? When you need it worst you will probably have none.

How to Get The Pick of the Market

It very often happens that the fresh vegetables that are sold from day to day are far from being the finest that are grown, in fact the great packing companies, such as the firm that puts up Monarch Brand goods, see to it that the very finest vegetables find their way to their canning factories, so in order to get the pick of the market you will find our Monarch brand leads them all.

Another good feature is that you can keep a supply of all the vegetables on hand for emergency calls without fear of their spoiling.

work, and all the dark places along the pathway of the secretary will be illuminated by the counsel of wise ones who have gone on before. It is possible the work can be completed in two days, but it is essential that all secretaries enter into the coming year's work with a full understanding of their responsibilities and clear conception of the possibilities before them. No work ever undertaken in the South has met with such enthusiastic reception and appreciation by both the members of the commercial clubs and the citizens generally as that inaugurated by the Commercial Secretaries, and the active co-operation and concentrated effort of all is necessary to attain the highest order of success.

All commercial secretaries are urgently requested to be present.

Melons Moving at Vernon.
Vernon Record.
The watermelon and cantaloupe seasons come on together this year, and, as a consequence, local growers are busy as bees endeavoring to move their respective crops while the signs are right. Though both melons and cantaloupes have been going out locally for a week, last Monday marked the initiatory movement of carload lots, 2 cars of the former and one of the latter being billed from here on that day.

In regard to cantaloupes, the prospects are that the season will not be busy as last year. The low prices of them has deterred many from re-entering the business and the acreage is 50 per cent less. The fruit now being shipped, however, is commanding good prices—from \$1.25 to \$1.75 net at Denver—and being of an excellent flavor, will undoubtedly sell well throughout the season. The western stuff in cars go to Laurence Hensley, Denver, and the eastern shipments to Coggin Bros., of Chicago and Pittsburg. E. L. Witty is the local inspector for the growers and C. O. Cherry for the western house.

Perforce of the extraordinary season, the watermelon crop has been divided, one part coming on heavily this week, the other maturing late in the month. The present shipments are bringing \$100 per car, which means much net profit to the shipper.

SOMETHING TO LEAN ON

and a visible means of practical support is a good, substantial Bank Account. Once you have a good balance at your banker's, you do not care how things go, because you feel practically independent. And the only way to get a Bank Account is to save, and save, and acquire riches by patient thrift. We can help you do this by taking care of your savings. Do not delay, but start saving at once.

DO YOU LIKE GOOD COFFEE?

OF COURSE YOU DO; it can make or marr the entire day for you. Why use cheap, stale coffee? Throw it away and try **VIENA COFFEE**. It outranks any coffee on the market, is delicious, and in reach of the most modest purse. **You'll like it.** Good judges, those who can detect quality in coffee, pronounce it perfect. **Ripe Olives**—We have them. They go like hot cakes, so order at once if you want some. **What's Sweeter than Honey**—Good, pure, natural honey made by the bees. Include a jar in your next order.

ROCK AND DUKE

HOW "FIRST MONDAY" SUCCEEDED AT FREDERICK.

Frederick Leader.
 First Monday in Frederick, August 3rd, was a success. It was the second like event this season and was a noticeable improvement over the first.
 The traders were game and the buyers liberal; some good stock and much stuff—vehicles, implements, household goods, etc.—was put under the hammer and the bidding was spirited.
 Some stock was shipped in and a number of buyers were here from a distance. The Leader met farmers with their families from over Kiowa and Comanche county lines and from the far ends of Tillman, who had not been in Frederick in six months. They traded with our merchants, where their eyes were opened up by the large, well assorted stocks and low prices, and they will come again.
 First Monday has started off well in Frederick, and satisfactory to the promoters. It is good for the buyer, seller, farmer and merchant alike, and will doubtless be continued.

To the Citizens of Wichita Falls.
 After having been closed for several months undergoing extensive remodeling, repairing, and re-equipping, the St. James hotel dining rooms will be open to the public on Aug. 15th. We have spent several thousand dollars to place the St. James second to none. We have engaged the best cooks to be had and the cuisine will be maintained at a high standard. We solicit the support and patronage of the citizens of Wichita Falls, for which monthly rates will be made on application to the office. We will continue to run the Wichita cafe and lunch room. Special price of 25c per meal will be made to the citizens of Wichita Falls at the counter. Polite and courteous treatment accorded.
