TEXAS NEWS SERVICE is composed of about twenty of the best papers of the State, and its report covers all of the important towns. The Times is a member of that organization.

VOLUME 3

WICHITA FALLS, TEXAS, TUESDAY JUNE 15, 1909

NUMBER 28

## CHILDRESS SCENE OF ENORMOUS RAIN

DENVER SHOPS AND TRACKS ARE FLOODED AND DAMAGE IS SEVERAL THOUSAND.

## FALL WAS FOUR INCHES

Houses Surrounded by Small Lakes and Piles of Lumber Washed Away by the Flood.

Texas News Service Special. Childress, Tex., June 15.—Thousands of dollars worth of damage was done this morning early by a cloudburst which flooded the Denver shops, the water and light plant and other parts of the city.

In the Fort Worth and Denver round house and shops the water was twenty to three inches deep, and tracks on the main line and in the yards were badly washed. Five hundred feet of the main line was washed away completely.

Locomotives are being used at the shops to pump water from the turntable, store room basement and transfer tables, and the shops are shut down completely until they can be cleared of water.

In parts of town houses are standing in small lakes. Heavy damage was done to the Cicero Smith Lumber Co., where piles of lumber were washed away.

Lake Keller, Lake Scott and the city lake were filled, insuring the city a water supply for three years. The water and light plant was put out of commission, being flooded.

A total precipitation of four inches fell in two hours. Water is standing in the streets to a depth of six inches and farm lands in this vicinity are under water.

## RIO GRANDE CUTS A CHANNEL INTO EL PASO.

Texas News Service Special. El Paso, Tex., June 15.—Following the big rise yesterday in the Rio Grande, today it is at a standstill and the Texas Oil Company's plant and the El Paso foundry are safe unless a further rise follows. Formerly the river made its course into the city, but several years ago it cut a new straight channel. The water yesterday broke back into the old bed and inundated all the territory between the two channels. County roads below the city are still threatened and the county judge has been authorized to employ all help necessary to protect them.

## BELIEVED GEORGE GOULD WILL REFUSE FIREMEN'S REQUEST.

By Associated Press. Texarkana, June 15.—The belief is expressed here today in railroad circles that George Gould will reply to the firemen's appeal as soon as it is presented. Gould has already familiarized himself with the situation and is anxious to end the trouble, as it will involve all his other lines if it results in a strike. The Texas and Pacific engineers say that Gould will decide against the firemen, but that he will make a counter-offer of compromise.

## FORT WORTH BOYS FAIL TO FLY IN THEIR AEROPLANE.

Texas News Service Special. Fort Worth, Tex., June 15.—Turnett Burnett and Ervin Looney, aged 18 years, were slightly injured today in attempting to fly in their newly invented aeroplane. The first attempt was unsuccessful and a second trial was made after the tail of the aeroplane had been removed. The machine collapsed and fell to the ground with both aeronauts. They will build a new machine at once. That used today was thirty-two feet long and weighed 125 pounds.

## SOME UNEASINESS FELT FOR ROOSEVELT PARTY

By Associated Press. Nairvasha, Africa, June 15.—A man named Williams, member of the Belgians and McMillan party, which is hunting in the Sotik district, was brought in to this city yesterday, mortally wounded by a lion.

The Roosevelt party left here ten days ago for the Sotik district, and nothing has been heard from them since that time. Some uneasiness is felt, but it is not believed that the party is in any danger or trouble.

## SMALL CYCLONE DOES DAMAGE AT SAN ANTONIO.

Texas News Service Special. San Antonio, June 15.—San Antonio was swept by a small cyclone last night which uprooted trees, on Alamo Heights and Laurel Heights in the north part of the city and demolished two houses in the course of construction. Chimneys were blown down, a number of houses unroofed and the damage amounts to several thousand dollars. No one was seriously injured. A heavy rain fell following the storm. Floods are reported in some sections.

## LITIGATION CAUSES DROP IN AMERICAN SUGAR STOCK.

By Associated Press. New York, June 15.—There was an abrupt decline of eight dollars per share in American Sugar Refining stock during the first hour's trading on the stock exchange. The drop is attributed to litigation against the company recently and fears of government inquiry into its affairs.

## SURVEYING PARTIES ARE AT WORK ON MANGUM EXTENSION.

According to General Manager Frank Kell of the Wichita Falls and Northwestern railroad, surveying parties are now in the field, locating the line the Frederick-Mangum extension. As soon as this part of the work is completed, construction will be put under way.

## SCHOOL BOARD WILL HOLD CALLED SESSION

A called meeting of the school board will be held this afternoon to consider the school census matter and if the Chamber of Commerce plans are agreed to, the retaking of the enumeration will be started tomorrow. The Chamber of Commerce plan, as heretofore outlined, is for volunteer enumerators to do the work, each of the twenty-four volunteers covering a certain district allotted to him.

At the directors meeting this morning, those present told of fifteen or twenty children within their knowledge who had not been enumerated and there is little doubt that there are many others. It is believed the school apportionment for this year will be over \$7 per head, and each additional child enumerated means just \$7 more for the Wichita Falls schools.

The trustees meeting this afternoon will decide what further steps are to be taken in the matter.

## MAN IS FOUND DEAD IN BOX CAR LAST NIGHT

Mike Cunningham, aged about 45 years, was found dead in an empty box car in the Denver yards late last night by Mike Clark, a railroad man. Mayor Noble held an inquest at once, finding death due to natural causes. The man had been sick for several days and had applied to the county judge to be sent to the county hospital, being told there was no room there. The local charity organization's manager was out of the city and he was unable to obtain help from that quarter.

Cunningham was from Buffalo, New York, where he is believed to have relatives. He has been here about three weeks and was a cook by profession. His friends here raised enough money this morning to obtain a coffin and decent burial for him.

## FIRST WATERMELONS OF THE SEASON ARE HERE.

The first watermelons to be offered in the local market came in yesterday afternoon from Corpus Christi. They are of the rattlesnake variety, large size, retailing from thirty-five to sixty cents apiece. The supply is said to be limited, owing to the earliness of the season.

## DRUGGISTS CONVENTION TO DISCUSS PROHIBITION.

Texas News Service Special. San Antonio, Tex., June 15.—A feature of the Texas State Pharmaceutical Association, which convened here today for its thirtieth convention, will be a discussion of State-wide prohibition and Sunday closing from the druggists' standpoint.

## DIRECTORATE IS DULY INCREASED

MEMBERS NOW NUMBER FIFTEEN INSTEAD OF TEN—CHAMBER OF COMMERCE IN SESSION.

## WILL TAKE NEW CENSUS

School Board To Call on Citizens for Any Assistance Needed—Other Matters Taken Up.

Quieter than usual, but nevertheless active enough, last night's meeting of the Chamber of Commerce saw added impetus given some of the propositions now before the city.

The plan to increase the directorate to fifteen went through without opposition, and the additional five were duly elected, they being Messrs. J. M. Bland, J. S. Flack, T. B. Noble, T. P. Hickman, and J. B. Marlow.

The school census matter was referred to the school board, with the pledge of rendering all possible assistance. The State normal question was, freely discussed and additional plans made for cinching the school for this city.

Plans for piping gas here from Petrolia instead of prospecting for it in the neighborhood of this city were put under way, as were several other matters of interest.

President Huff called the meeting to order shortly before 9 o'clock and the additional directorate matter was taken up at once. Mr. Huff said that if new members were added, they must be men who would attend the meetings. He made suggestions as to the classes to be represented by the additional members, saying that two merchants, a real estate man, a railroad man and a member of the city's official family would be desirable.

Judge Felder moved that five new directors be elected, which motion prevailed without opposition. A motion that a nominating committee of three make recommendations prevailed, and Messrs. Bean, Pennington and Richolt were appointed. These retired for consultation.

The new school census matter was taken up and explained by the chair, who called upon T. J. Taylor, a member of the school board, to give his ideas. Mr. Taylor said that the census taker did not believe there were many who had been missed. The time for taking the census, he stated, was up on June 1st. It was shown, in the discussion which followed, that the school enrollment had increased over three hundred, but that no proportionate increase was shown in the scholastic population, which should be nearly fifteen hundred, according to this line of reasoning. There was considerable discussion, which was brought to an end by a motion by Mr. Kell to refer it to the school board, with the pledge to render all possible assistance in getting a complete record of the scholastic population. This motion prevailed. President Huff suggested that each member make inquiries in his neighborhood to see if any children there had been omitted.

The nominating committee reported, submitting the following names: J. M. Bland, J. S. Flack, T. B. Noble, T. P. Tickman and J. B. Marlow.

Upon motion, carried unanimously, these gentlemen were added to the directorate. Each of the five responded to calls for "speech," thanking the Chamber of Commerce for the honor conferred upon him.

J. M. Bland, in thanking the Chamber of Commerce, called attention to the "home industry" movement recently inaugurated, and urged the support of all present in the campaign, which he explained.

Frank Kell spoke, endorsing the new movement and pointing out how the keeping of money in Wichita Falls would benefit everyone, building up the city, increasing business and helping the town generally. He urged generous support of the merchants in this campaign.

An inquiry as to the natural gas situation by some one present was replied to by Mr. Kell, who said that the Texas Company had been consulted and that they would not make a satisfactory proposition. They wanted large bonuses, it seemed, also an extensive lease, and eyes with these concessions could not guarantee any cheaper gas than is being supplied at present.

"My idea," said Mr. Kell, "is to go into a proven field, the one at Petrolia, for instance. I have staked on the

(Continued on Page 3.)

## DENVER WRECKED AT CHILlicothe

THREE CARS OF NUMBER TWO TURNED OVER, BUT NO ONE SERIOUSLY INJURED.

## THE WRECKER SENT UP

Track is Clear at Chillicothe and Trouble Will Be Quickly Remedied. Crew Goes From Here.

Three cars of the Fort Worth and Denver southbound through passenger train No. 2, due to arrive in this city at 1:30 p. m. today, were wrecked near Chillicothe this morning just after leaving that city.

The cars, which are said to include the mail and express cars and the smoker, left the track and were overturned, pulling the rear cars with them, but not overturning them.

No injuries are reported, although all the passengers were badly shaken up and several slightly bruised by the falls they received.

News of the wreck was received here at noon, very shortly after the wreck occurred and the roundhouse whistle at once began blowing for the wrecking crew. A wrecking train was quickly made up, leaving this city after 2 o'clock for the scene of the trouble.

It is stated that the track is clear at Chillicothe and that later trains will not be delayed. The morning southbound came through all right, reporting no trouble at that point.

While complete particulars are not available, the trouble is understood to be due to the recent heavy rains in that section, which impaired the safety of the track to some extent.

Several Wichita people were expecting friends in on the train and there was considerable relief when it was learned that serious injuries were lacking. If any Wichita Falls people were passengers on the train their names could not be learned. The train will probably pass through late this afternoon.

## GOVERNOR NOT RESTED AFTER HIS STAY AT MINERAL WELLS.

Texas News Service Special. Austin, Tex., June 15.—Gov. Campbell returned today from Mineral Wells appearing tired and worn out, notwithstanding his several days rest. His first act upon his return was to appoint Clay S. Briggs, a member of the Thirtieth legislature, as judge of the Tenth judicial district at Galveston, succeeding Lewis Fisher, resigned.

## NO WORD HAS BEEN RECEIVED OF THE KANSAS PIGEONS.

The Wells-Fargo office here has received no notice of the arrival at Caney, Kansas, of the pigeons which were released here yesterday morning, and it is not known whether they reached the home cote in safety or not. The fancier promised to notify the office here upon the arrival of the birds, but he has not done so.

## ARREST AT FORT WORTH FOR MURDER SATURDAY.

Texas News Service Special. Fort Worth, Tex., June 15.—Clarence Ambrose was rearrested this morning, charged with the murder of Chas. E. Elders, who died last night from bullet wounds inflicted by Ambrose on Saturday night. Ambrose waived his examining trial and was released upon \$7500 bond.

## SOUTHERN PACIFIC WRECK INJURES EIGHTEEN PEOPLE.

Texas News Service Special. El Paso, Tex., June 15.—A passenger train on the Guaymas branch of the Southern Pacific was wrecked last night near Perquern. Conductor Nogales and eighteen passengers are reported to have been seriously injured. All the coaches except the sleeper were overturned.

## WEALTHY MCKINNEY MAN IS ON TRIAL FOR MURDER.

Texas News Service Special. McKinney, Tex., June 15.—The case of J. W. St. Clair, a wealthy merchant of Blue Ridge and a land owner, who is charged with killing his tenant, J. A. Cundiff, is now on trial in the district court here. The case is attracting widespread attention.

Patronize Pond's Up-to-Date Laundry. It saves your buttons on. 188-4

## WILL SEE IF PACKING HOUSE INSPECTIONS ARE FARCICAL.

By Associated Press. Washington, June 15.—Determined to ascertain the true conditions existing in East St. Louis packing houses; Secretary Wilson today reinforced the inspectors by the addition of Dr. Melvin, chief of the Bureau of Animal Industry; Geo. McCabe of the Solicitor's Department and Assistant Attorney General from the Department of Justice. A thorough investigation will be made into the charges by former inspectors Harms that the inspection has been a farce.

## FRANCIS LEUPP RESIGNS AND HIS ASSISTANT GETS JOB.

By Associated Press. Washington, June 15.—The resignation of Francis Leupp, commissioner of Indian Affairs, was accepted today by President Taft, and Robert Valentine, assistant commissioner, was accepted to succeed him. Leupp retired on account of ill health.

## Knight Case to Start Today.

Texas News Service Special. Fort Worth, Tex., June 15.—Ten jurors were secured up to noon today in the case of Ike Knight, charged with the murder of his son-in-law, Ed. Larmom. It is expected that the other two jurors will be secured this afternoon and the trial will start immediately. Judge Simmons is hearing the case.

## RYAN BASEBALL TEAM DEFEATS WICHITANS

Wichita's effort to get revenge on the Ryanites for three defeats earlier in the season met with disaster yesterday afternoon, the boys from Oklahoma taking a fall out of the locals to the tune of 7 to 3. Wichita started the scoring in the first, on a batting streak, and the Ryanites tied it with two more in the second. In the third Wichita annexed another and up to the seventh inning it looked like a victory for the locals. In the seventh, however, Hewitt went in the box and started in for his third game in three days. The strain was too much for him and in the seventh and eighth Ryan landed five men across the plate, most of the tallies being earned on clean hits.

Both sides fielded well and there was no lack of snap to the contest. Practically all of the runs were earned and errors were agreeably few. This makes four straight games won by Ryan from Wichita. The same teams play again this afternoon, when the locals will make one last strenuous effort to annex a game.

O. J. Schneider has opened a saddle shop on Eighth street. See him. 27-8t

## LOADED CIGAR EXPLODES BLOWING AN EYE OUT

By Associated Press. Crowley, La., June 15.—A loaded cigar given Morris Quebedeaux by Clarence Marshall late yesterday afternoon exploded, blowing the former's eye out and otherwise injuring him. Marshall is in jail charged with mayhem.

## COUNTY JAIL IS SAID TO BE VERY UNSANITARY.

City Engineer Hinckley this morning made an inspection of the county jail, having heard reports that it was not as sanitary as it might be. Without going into details, the structure is in a condition that reflects no credit upon the county and according to Engineer Hinckley, the conditions there ought to be remedied at once. Sewerage is imperfect and on the whole the jail is not at all what it should be.

No blame for these conditions rests upon Jasper Jernigan, who has done all in his power to remedy the troubles, but who cannot, of course, go to the expense of having the trouble repaired on his personal account.

## ATTEMPT TO ASSASSINATE MAYOR OF BELLEFONTAINE.

By Associated Press. Bellefontaine, O., June 15.—What is believed to have been an attempt to assassinate Mayor Nevin and burn his residence was made here today when a burning bottle of kerosene was thrown through a window into his house, setting the curtains, carpets and furniture on fire. They were quickly extinguished.

Nevin is a prominent democratic politician and was recently elected mayor on the "dry" ticket.

## TWO SHOT DOWN IN MISSISSIPPI DUEL

OLD POLITICAL FEUD IS REVIVED AND FREE-FOR-ALL SHOOTING RESULTS FATALLY.

## FIVE SERIOUSLY HURT

Recent Trouble Began With Killing of Candidate For Chancery Clerk. By His Rival.

Meadville, Miss., June 15.—The revival of an old and bitter feud here yesterday afternoon resulted in the death of two men, serious injuries to two more and less injuries to three others.

The dead: Chancery Clerk A. M. Newman, Silas G. Reynolds.

The wounded: Lindsay Newman son of the chancery clerk, probably fatally; Herbert Applewhite, an attorney, possibly fatal; Al. Newman, Boyd and Parr.

Seven weeks ago Dr. A. M. Newman killed Cornelius Pritchard, the trouble having its inception in a political campaign in which the two were opposing candidates. He was acquitted. Yesterday as he passed the Butler building in his buggy he was fired upon from a window. He jumped out and raised his pistol to return the fire, being then unhurt. Then, it is claimed, Reynolds and Applewhite attacked him, and Newman's sons rushed to the scene to help their father. The fight resulted as above outlined.

Cornelius Pritchard's brother has been arrested.

By Associated Press.

Jackson, Miss., June 15.—Direct advice from Meadville today say that all is quiet in the little town where yesterday's fatal duel occurred, resulting in the death of Dr. Newman, chancery clerk, and Silas Reynolds and seriously wounding Hugh Applewhite and Earnest and Lomax Newman, sons of Dr. Newman. The Brookhaven military company is still on the scene, but will return home this afternoon, as there is no likelihood of further trouble.

## GENERAL MISSIONARY BERRY CONDUCTS SERVICES TONIGHT.

Rev. F. C. Berry, general missionary of the diocese of Dallas, will conduct services at the Church of the Good Shepherd in this city tonight at 8:00 o'clock. A cordial invitation is extended to everyone to attend. Tomorrow morning at 8 o'clock there will be a celebration of the holy communion.

## Rev. Berry called at the Times office this afternoon to announce this service and he urges all to attend. He is in the city on his way to the Panhandle.

## KATHERYN GOULD CHARGES ABANDONMENT BY HUSBAND.

By Associated Press. New York, June 15.—Abandonment is the only charge upon which Mrs. Kathryn Gould's suit for separation from Howard Gould rested when the hearing of the case was resumed today. Mrs. Gould declared that she had not spoken to Gould since July, 1906. Proposals by Gould that she return to him on certain conditions or that he arrange for a separation or divorce were rejected by her.

## TAX ASSESSOR'S WIDOW SUCCEEDS TO POSITION.

Texas News Service Special. Tyler, Tex., June 15.—The county commissioners court today appointed Mrs. T. W. Jarvis tax collector of Smith county to fill the unexpired term of her late husband. She was elected over twelve other applicants.

## ANOTHER HEAVY RAIN IN THIS TERRITORY

A substantial rain, covering almost as much territory as that of last week, but not nearly as heavy, fell in this section last night. The only point where there was any heavy precipitation was at Childress, where it is understood over an inch fell. Locally, there was considerably less, but enough to do some good. Corn and cotton continue to be benefited, but much more rain will prove to be too much of a good thing for the wheat crop in this section.

## CARNIVAL OPENS MANY ARE THERE

ATTRACTIONS BEGIN WEEK HERE LARGE CROWDS AND PATRONAGE IS EXCELLENT.

### THE SHOWS ARE PLEASING

Are Clean and Entertaining and All Who Attended Got The Worth of Their Money.

In a blaze of glory, the Firemen's Carnival opened last night on Ohio avenue, near the city hall, and during the evening every attraction was filled to its capacity, over a thousand people visiting the scene. The grounds presented a busy appearance and the crowd was all that could be expected.

The carnival shows are of the usual kind and are said to be better than others of their class. The attractions are commensurate with the admission charged, which is small and those who attended went away feeling well satisfied.

Among the shows are the Roman Hippodrome, "Melba," the minstrel show, "The James Boys," the Beau show, "The James Boys" and the Big Snake. In addition, there is the ever-popular Ferris wheel, the merry-go-round and other carnival amusements.

From the big snake, a hundred years old (if you don't believe it, count his teeth) on through the list of attractions, there is nothing that is not fully worth the price of admission or that is not thoroughly enjoyable. In going to the carnival, one is helping out the fire department and at the same time getting an evening of fun that would be hard to beat.

"This is My 48th Birthday."

Mme. Schumann-Helk, the famous singer, was born in Lieben, Bohemia, June 15, 1861. Her maiden name was Ernestine Roessler and her father was an officer in the Austrian army. Following her appearance in a musical festival at Graz, where her father was then stationed, the young singer was given a trial at the Dresden royal opera house. In 1878 she made her first appearance in grand opera, singing in "Il Trovatore." In 1883 she obtained an engagement in Hamburg, and it was here that she first attracted wide attention in the musical world. In 1887 she repeated her Hamburg success in Berlin and this was followed by flattering offers from London, Paris and New York. In 1898 Mme. Schumann-Helk entered upon a ten years contract with the Berlin royal opera, with a four years leave of absence to appear with the Metropolitan Opera Company of New York, and her first appearance in America was made in Chicago, Nov. 7, 1898, in the role of "Ortrud." So great was her American success that she paid a large sum to cancel her Berlin contract and during the past ten years she has been heard almost exclusively in America.

## DIRECTORATE IS DULY INCREASED

(Continued from Page 1.)

cost of piping gas to this city from there and it is surprisingly small. We larger consumers could well afford to take most of the stock in a company organized for that purpose and then we could tell the promoters of any large manufactory that the cheap fuel problem was solved. I believe the work can be done for twenty thousand dollars and it will be much better than wild-cattling around here and prospecting.

This idea seemed to meet with favor and several thought it practical and feasible.

President Huff said that the factory committee was at work on several propositions, but that it had nothing definite to report. He then called on Judge Scurry to report on the State normal proposition. Judge Scurry said that he was in Austin recently and had called on Superintendent Cousins, with whom he had freely discussed the matter. Prof. Cousins, he said, had told him that the bonus was a secondary consideration; that the committee, after meeting and organizing, would hear representatives from the various candidate towns, and would consider the features of health, mor-

ality, progressiveness and location in making the selection; that all towns considered unavailable would be informed and dropped from the running. That from the remaining candidates, three towns would be selected as favorable sites and that then the selection would be made according to the bonus. The committee, it was stated, would select what it considered the best site, second best and third best. If the first selected city could not come up with the bonus, etc., the second and third would be given an opportunity.

Judge Scurry stated that Superintendent Cousins admired this city greatly and considered it very favorably as a school site. It was further stated that the State's appropriation carried an amount insufficient to erect a dormitory and that it might be well to arrange for a bonus large enough to cover the sum needed, as the proposed site is several miles from the city.

Mr. Kell moved that a committee consisting of Messrs. Toland, Scurry and Huff be appointed to select a delegation to go to Austin when the time comes and present this city's claims. This motion prevailed.

'How about the packing house?' asked some one. President Huff replied that the committee was meeting with some encouragement, but that it had nothing now to give out.

The question of a band was broached, a proposition to organize one here having been received recently. Mr.

Bean suggested that a fund be raised to support the band for one year, with a concert proviso, and that at the end of that time the band might be self-sustaining. Owing to the agreement not to take up any subscriptions at the meeting, no motion to this effect was made, though it was considered favorably.

Secretary Gohlke spoke of the proposed road to this part of the State from Roswell and Mr. Kell also discussed it, saying that when the promoters from Roswell came up with their proposition they would find the 'lives' bunch of kids they had ever met' in Wichita Falls.

The Commercial Clubs meeting at Mangum on June 24 was mentioned and Mr. Kell urged a large delegation from this city, as all the other towns had been liberal in sending delegations to the last meeting here. Upon motion a delegation of twenty was appointed, to leave here over the Denver on June 23, connect with the Orient at Chilli-cothe and be met by automobiles at Sayre and taken to Mangum. The following were appointed: Messrs. Kell, Huff, Young, Moore, Langford, Marlow, Gardner, Barnett, Noble, Howard, Bullock, Downey, Bland, Richolt, Gorsline, O'Reilly, Huey, Bean and Kemp. There was no further business and adjournment was taken.

## Practice What You Preach.

Editor Times:

I noticed in yesterday's issue of your paper an article signed by a number of retailers calling attention of the public to the great evil and mistaken idea of sending their money away from home to northern and eastern mail order houses. I, as a retailer, heartily endorse every movement to this end. Knowing that people cannot get as good values from these mail order houses as can be had at home for the same money. But to accomplish this, our own retailers should first patronize their home merchants. I noticed names signed to the article referred to that had only very recently sent away for a common every day article that could have been had at four or five reputable business houses in our own town. Now, then, if we are to dissuade our friends and neighbors from sending their money to Sears, Roebuck, Montgomery-Ward and other such houses, let's first set the pace. No use to ask your neighbor to spend his money with you when at the same time he knows you are spending yours out of town. Let's get down to business if we expect to accomplish anything, and be sure when your name goes to an article your convictions go with it also. Yours for Greater Wichita Falls, RETAILER.

# How to Prevent and How to Cure Consumption, Or Tuberculosis

TUBERCULOSIS is a COMMUNICABLE disease.

TUBERCULOSIS is a PREVENTABLE disease.

TUBERCULOSIS is a CURABLE disease.

If you have a steady cough, go to a doctor. Don't waste your money on reputed cures.

Don't give consumption to others.

Don't let others give Consumption to you.

Don't spit on sidewalks; it spreads disease.

Don't spit on the floor of your shop.

When you spit, spit in the gutters, or into a spittoon.

Have your own spittoons half full of water and clean them out at least once a day with hot water.

Don't cough without holding a handkerchief or your hand over your mouth,

Don't live in rooms where there is no fresh air.

Health Rules Given by the National Association for the Prevention and Cure of Tuberculosis

Don't work in rooms where there is no fresh air.

Keep at least one window open in your bedroom day and night.

Fresh air helps to kill the Consumption germ.

Fresh air helps to keep you strong and healthy.

Don't eat with soiled hands; wash them first.

Don't drink intoxicating drinks; they will do you no good, but will make it harder for you to get well,

Don't sleep in the same bed with anyone else and, if possible, not in the same room.

Good food, fresh air and rest are the best cures. Keep in the sunshine as much as possible and keep your windows open, winter and summer, night and day. Fresh air night and day is good for you.

Go to a hospital, while you can and before it is too late. There you can get the best treatment, all the rest, all the fresh air and all the food you need.

NOTE—Readers of this notice are requested by the Times to cut out and post conspicuously in order that people may be reminded daily of these simple rules of health. You may save other lives—you may save your own.

### WEATHER FORECAST.

For Wichita Falls and vicinity  
—Tonight and Wednesday, unsettled weather. Showers tonight or tomorrow.

Wichita Falls, Texas, June 15th, 1909.

England is said to fear a German airship invasion, since Zeppelin's feat. No danger from that source if they'll only plant enough trees.

The Amarillo man who wants to pipe gas there from Petrolia needs't. Amarillo is already supplied with hot air and pipe dreams in plenty.

The Governor of Kansas would not permit a proud father to name the new twins for him. Some day these twins will thank the governor.

United States Attorney General Wickersham says he is going to prosecute the sugar trust. Almost as big a bluff as the Austin prize fight investigation.

Wichita Falls never started a movement more deserving of public endorsement than the "home industry" campaign now inaugurated. Keep Wichita money in Wichita.

To the citizens of Henrietta and Byers we will say that due notice will be given of the excursions to be run to Wichita upon the arrival of the aeroplane skiff in this city.

The Texas wheat crop is short, says the steamed Houston Post. But up here in wonderful Wichita, where Buffalo Bayou mosquitoes, Judd Lewis and other Houston pests are unknown, we know better.

A loaded cigar caused the loss of an eye to a Crowley (La.) man today, and the man who gave him the cigar has been indicted for mayhem. If he could be tried or investigated at Austin no doubt the practical joker would be exonerated on the ground that while he knew the cigar was loaded, he could not tell exactly which end it would go off at, and therefore was not responsible for the man losing his eye.

Cone Johnson, W. H. Fuqua, O. B. Colquitt, R. V. Davidson, Judge Ramsey, M. M. Brooks, Gus Shaw, Judge Poindexter, A. B. Davidson, Tom Love, Tom Ball, Bascom Thomas and Bryan Callaghan, are the ones spoken of as candidates for governor next year. There are several more that are chasing the gubernatorial bee trying to get him to sting them, but the poor little fellow is over-worked at present.—Electra News.

In another column will be found an article signed "Retailer," which should be read by every man interested in the welfare of Wichita Falls. Especially does the Times commend this article to the careful consideration of men of affairs and organizations, whose prosperity to a large extent depends on the patronage of home people, and who often find it convenient to make an appeal for home patronage from the fact that their business or their organization is a Wichita Falls institution and almost go to the point of demanding patronage. The Times takes the position that any concern or institution which sends away for that which can be obtained at home has no rightful claim on the loyalty of the people of Wichita Falls, it matters not who they are, how well off financially they may be, or how strong their organization might be. They all look alike to the Times.

The city council of Austin has exonerated its police officials from any blame in connection with the Keppel-Lyons pugilistic contest, in which the latter lost his life. The Travis county grand jury is now investigating the sheriff, county judge and other county officials who witnessed the brutal affair, but there is but small hope that that body will do any better than did the city council. In the opinion of right-thinking people, any peace officer who did not have sense enough to know that a State law was being violated when that prize fight was pulled off, should not be entrusted to so responsible a duty as enforcing the law.

In Memory of Mrs. G. A. Roiling.  
On May 8, 1909, the death angel came to our earthly home and took our dear sister away to a home that's prepared in heaven above, where many are passing each day.

We loved her so dearly, and oh! how we miss her, with the sweet, pleasant smile she always wore, and the good, kindly welcome that all were given whose'er had occasion to enter her door.

She came to our home a tiny wee baby in the month of April, 1873, and gladdened the hearts of a father and mother, who felt that a treasure she would always be. She grew to a sweet loving maiden and wedded an honorable man of her choice, whose heart is now heavy and filled with sorrow. We mourn for him, too, as we realize his loss. Three fond, loving children were left by the mother, a twin boy and girl and an older brother. In our prayers each evening we thank our dear Jesus that he left a kind father to take care of them. We miss her so much we would fain call her back from that heavenly home in the mansions of rest. And yet we feel that the Master above us knows and does the things that are best.

We know there's a way that we all may be with her not only for a few short years, as it is here, but through all eternity, where with the angels and loved ones who've gone, we can give good, great cheer.

Our father was called in the month of December, 1894, to his home up above and we feel that they are now together in heaven, where all is joy and peace and love.

While we so regret to love her, yet we give her up to God, unto whom we all must answer and be laid beneath the sod.

Let the dear one rest in silence underneath the dark green sod, and help us all to meet her in the home prepared by God.

By a sister, Mrs. W. L. Trewhitt.

## DIRECTORS ACT ON SEVERAL MATTERS

WILL TRY TO RAISE MONEY FOR BASEBALL UNIFORMS—BAND PROPOSITION OPPOSED.

## DELEGATES TO SPOKANE

Several Wichitans Will Attend Irrigation Congress in August—Other Matters Discussed.

Several matters were given attention by the directors of the Chamber of Commerce this morning at the weekly meeting, and the state was cleaned. The school census matter was further discussed, but final action was deferred until after the school board meeting this afternoon.

The band question was first taken up, but no action was taken. It was learned that to agree to the proposition of the Fort Worth gentleman now in the city would meet with opposition from a number of the local musicians and he was given little encouragement.

Mr. Marlow brought up the question of uniforms for the baseball team and upon his motion a committee was appointed to raise \$125 to equip the team in a fitting manner. Messrs. Marlow, Blair and Sam Scaling were appointed.

An appropriation was made to print and distribute some circulars upon the cure and prevention of tuberculosis. These circulars will be printed and placed in every Wichita Falls home.

Messrs. J. C. Ward, N. Henderson and W. M. McGregor were appointed delegates to the National Irrigation congress which meets at Spokane, Washington, in August. All these gentlemen expect to be up in that part of the world at that time and will find it convenient to attend the Spokane meeting, which is a big affair.

After discussion of the school census matter, adjournment was taken.

Farmers Bank and Trust Co.  
Capital and Surplus, \$80,000.

### The Secret of Prize Winning Pastry.

Fourteen prizes (nearly all of them first) out of fifteen entries of cakes and fine pastry is a record that any woman might envy. This was the showing made recently by Mrs. J. H. Chastain, 299 S. Boulevard, Atlanta, Ga., at the Georgia State Fair. Her explanation of her success is decidedly interesting; she writes— "I entered nine cakes and six pies at the Georgia State Fair, Atlanta, Ga.—won eight first premiums on cake, three first premiums and two seconds on pies, also first premium on general display. I attribute my success in cake making altogether to using COTTOLENE and not butter."

Mrs. Chastain is the wife of the Master Mechanic of the Western & Atlantic R.R., and enjoys a high local reputation for her fine cooking. Not only does she use COTTOLENE in making cakes or crusts, and other pastry; but for frying chicken, fish, etc., she finds it unequalled. For over nine years she has not had a pound of lard in her house, using COTTOLENE exclusively.

Meeting of Police Chiefs.  
Buffalo, New York, June 15.—The sixteenth annual convention of the International association of Chiefs of Police was called to order here today by the president, Major Richard Sylvester of Washington, D. C. The Chiefs of Police to the number of 200, representing metropolitan cities of the United States and Canada are in attendance.

The association expects to be in session five days. The exclusion of undesirable immigrants, improved identification methods, motor patrol wagons, juvenile offenders, police code, and the uniformity of police attire are among the matters to receive attention. Much interest is manifested in the selection of a new president. Major Sylvester, who has been the head of the association for ten years, has declined to stand for reelection.

#### EXTENSIVE BUILDING OF RAILROADS IN NORTHWEST.

Spokane, Wash., June 15.—Pathfind-  
ers of the Pacific Northwest, awakened  
to a development and growth never  
dreamed of even by its most optimistic  
supporters, have laid the founda-  
tions for what is apparent will be the  
most wonderful era of railroad build-  
ing the nation has yet seen.

Claiming it by right of conquest, a  
regiment of engineers and their level  
and rod men has taken possession of  
an area of more than 400,000 miles in  
the Northwest, extending from the Da-  
kotas to Puget Sound, and in every im-  
portant portion of this span of terri-  
tory the American railroad giants are  
waging the mightiest struggles for em-  
pire in the history of the world.

Engineers in the employ of the  
Northern Pacific, the Great Northern,  
the Chicago, Milwaukee and Puget  
Sound and the Harriman systems, have  
worked over four great mountain  
ranges winter and summer, spying out  
every available pass where railway  
trains can be run safely and profitably.  
The Rocky Mountains on the east, the  
Bitter Root range in Idaho and  
Montana, and the Cascades and  
Olympics in Washington have been  
penetrated and mapped as never be-  
fore. There are reports now that Ore-  
gon will also be invaded by the path-  
finders.

When the Milwaukee projected its  
extension to Puget Sound, Albert J.  
Earling, president of the road, gather-  
ed together in conference his trusted  
men in the engineering corps. Addi-  
tions to the staffs were taken from the  
ranks of the best equipped railroad en-  
gineers in the country. They were  
told that money did not count for  
much, but that secrecy was every-  
thing. Then they were directed to  
seek out and locate the best routes  
for the coast extension and its branch-  
line construction to follow later, the  
project involving an expenditure of  
\$200,000,000 or more.

Since that day the railroad engineer  
has been king of the Pacific North-  
west. He has gone about his work  
by devious but at all times certain  
ways. More than one man at the head  
of secret parties for the Earling and  
Harriman systems has had hundreds  
of thousands of dollars at his disposal  
for the purchase of rights-of-way in  
the narrow canyons on the Olympic  
peninsula, or through the steep de-  
files of the Cascades and the Bitter  
Root mountains.

It is a matter of record that an en-  
gineer in the employ of Earling saved  
his company \$700,000 by quick and ju-  
dicious application of the money test  
to a man who owned a body of tim-  
ber in the Olympic peninsula, where  
future operations of the Milwaukee  
road will be on an extensive scale.

These engineers have threaded every  
mountain and timbered area in the  
Pacific Northwest. They have  
gone through the grain and fruit belts  
in Eastern Washington and Central  
Idaho, staked their lines in the irri-  
gated districts in the Columbia valley,  
bargained with wealthy orchard own-  
ers in the Yakima valley for rights-of-  
way, and have kept their own counsel,  
the while defying every attempt of  
agents of rival roads to penetrate  
their secrets.

There is a possibility of another  
transcontinental line for the North-  
west in the project known as the  
North Coast railway. This company,  
headed by Robert E. Strahorn of Spo-  
kane, plans to build a line of 700  
miles between Spokane and Portland  
and Puget Sound. It has already done  
considerable construction work in cen-  
tral Washington and has expended  
more than \$1,000,000 for terminal sites  
in Spokane.

Mr. Strahorn has so closely guarded  
the secret of the company's financial  
backers that the road is the enigma  
of the railroad world. The most  
plausible theory yet advanced is that  
the North Coast is backed by Standard  
Oil interests and is eventually to be  
made a part of the Chicago and North-  
western system, which has long look-  
ed to this part of the country for a  
portion of the trade of the Pacific  
coast and the Orient. It is significant  
of note in this connection that the  
Northwestern's western terminus is  
now within 600 miles of Spokane.

Four thousand, eight hundred and  
eighty-three miles of steam lines and  
250 miles of electric roads are actually  
in operation in those portions of east-  
ern Washington and Oregon, north and  
central Idaho, western Montana and  
southeastern British Columbia em-  
bedded in the Inland Empire, and it is  
estimated that more than 3000 miles of  
lines are under construction or pro-  
jected to be completed before the close  
of 1910.

There are indications that the Lew-  
iston country in east central Idaho,  
south of Spokane, is to get the long-  
looked for transcontinental line by way  
of Lolo Pass, extending from a connec-  
tion with the Oregon Railroad and  
Navigation Company's line at Lapwai  
Junction, Idaho, by way of Missoula,  
Deer Lodge and Silver Bow to Est-  
acade, Idaho and Pacific, is believed to  
be backed by the Harriman interests.  
The Northern Pacific is also active in  
the Lewiston district and there is keen  
rivalry between the Hill and Harriman  
engineers now in the field for desirable  
territory.

Should the Chicago and North-  
western enter this territory it will be by  
way of Lolo pass, which is the most  
feasible route known across the Bitter  
Root mountains. Since the North-  
western has close traffic relations with the  
Union Pacific it is believed that the  
Harriman interests would favor an ex-  
tension of the former by way of the  
northern route, thus cutting into the  
Hill territory, rather than through  
Southern Idaho, which is conceded to  
be the Union Pacific's exclusive pre-  
serve.

There are also battles in central  
Washington and western Montana,  
where engineering corps in the employ  
of the Harrimans and the Hills are  
working with might and main to  
checkmate each other for favored terri-  
tory, which, with the settlement and  
development of the country, will af-  
ford enormous tonnage. The struggle  
for supremacy may well be termed  
Titanic in its proportions, since it  
will mean added territory and millions  
of dollars annually for the promoters  
and supporters of these immense en-  
terprises.

#### Asylum Superintendents Confer.

Anniversary of Slocum Disaster.  
New York, June 15.—In observance  
of the fifth anniversary of the burning  
of the excursion stamer General Slocum  
in the East River here, which oc-  
curred on June 15, 1905, with the loss  
of more than 1,000 lives, impressive  
memorial ceremonies were held this  
afternoon in the Lutheran Cemetery  
at Middle Village, L. I., where the un-  
identified dead were buried and where  
a handsome monument has been erect-  
ed in their memory. The exercises  
were held under the auspices of the  
General Slocum Survivors' Society.  
Several hundred persons attended the  
services, many of whom were actual  
survivors of the tragic excursion.

**Marvelous Prescription For All Stom-  
ach Distress.**

Rejoice and be glad ye army of ner-  
vous wrecks and dyspeptics.

No more will you need to exclaim in  
that hopeless tone, "Oh my poor old  
stomach."

For **MATER-MAGNER DRUG CO.**  
has a prescription that turns old stom-  
achs into new ones and sour stomachs  
into sweet ones in a week.

There's happy days ahead for you  
and for your poor old flabby tired out  
stomach if you just won't be obstinate.  
Just go to **MATER MAGNER'S DRUG  
STORE** today, lay down 50 cents and  
say I want a box of **Mi-o-na** tablets  
made from the most successful pre-  
scriptions for indigestion, catarrh of  
the stomach and all stomach distress  
the medical profession has ever known.

And just take one or two tablets with  
or after meals for a few days and then  
if you don't agree with us that **Mi-o-na**  
is a marvelous prescription tell **MA-  
TER-MAGNER** and they will give you  
your money back. We'll leave it to  
your sense of fairness whether that's  
a square deal or not.

**Mi-o-na** tablets promptly relieves  
belching, heaviness, pain in stomach,  
heartburn, sour stomach, foul breath,  
and coated tongue. Give them a trial  
and chuckle with pleasure. **Mi-o-na**  
is sold by leading druggists everywhere

**HYOMEI**

Cures catarrh of money back. Just  
breathe it in. Complete outfit, including  
inhaler \$1. Extra bottles \$10. Druggists.

**LOOKING AND SEEING**

There is a Marked Difference Be-  
tween These Two Acts.

**THE POWER OF OBSERVATION**

It Should Be Cultivated Even in the  
Most Ordinary Things—A Faculty  
That is Possessed by All, but That  
is Developed by the Few.

It is the hope and desire of all par-  
ents that their children shall make  
some sort of a mark in the world when  
they grow up. They do not in the ma-  
jority of cases expect that their off-  
spring will become famous and make  
names that will live for ages, but they  
cherish the thought that they will be  
successful men and women in some  
profession or business. That is the  
keynote—that success shall be their  
portion.

Yet it is a fact that most parents  
neglect or pay very little attention to  
one part of the child's education which  
is of the highest importance. They do  
not train the perceptive faculties.

Power of observation will help you  
more than anything else in your strug-  
gle for existence, and yet there are  
comparatively few people who are  
keen observers. One small fact will  
prove this latter statement. The man  
who observes everything, he who sees  
everything he looks at, is singled out  
either as an inquisitive person or a  
clever one, and this shows that he is  
an exception.

It is easy to give instances of this  
lack of perception even in the ordinary  
things of life. Some years ago an art-  
ist engaged in a London firm of print-  
ers had to draw an advertisement in  
which the central figure was a cock in  
the act of crowing. Nothing seemed  
easier, but when he set to work the  
artist found himself confronted by a  
difficulty—does the cock show its tongue  
prominently when it crows? Every  
one of the hundred men employed by  
the firm had seen a cock crow scores  
of times, yet not one of them could  
answer the question. The artist had  
to go to a friend who kept fowls and  
chase the poor rooster round and round  
the yard until it crowed.

A schoolmaster, wishing to test the  
perception of his boys, asked them  
how many times they had seen a cow  
or pictures of that animal and found,  
as he had expected, that all the boys  
had seen the creature more times than  
they could remember. Then he offered  
to give small prizes to the boys who  
could correctly answer this question:  
"Are a cow's ears above, below, in  
front of or behind its horns?" Only  
two boys gained prizes, and their an-  
swers were guesswork.

Now sit down and test yourself in  
some such simple manner. You have  
all seen a horse "down." Can you de-  
scribe how it rises? Does it get up on  
its fore feet first and then on its hind  
feet, or does it kneel first, then get on  
its hind feet and finally on its fore  
feet?

However, you need not confine your-  
self to the animal kingdom in testing  
your perceptive faculties. Many sub-  
jects will suggest themselves to you.

As an excuse for this want of obser-  
vation it is often urged that "a man  
can't know everything," but the excuse  
is a bad one. There is a great differ-  
ence between knowing little or nothing  
and knowing everything. When the  
faculty has been trained it requires no  
more effort to note the points of the  
object looked at than it does to glance  
at that same object and come away  
none the wiser.

The chances of success in life are on  
the side of the man who knows cer-  
tain things because he has learned  
about them by using his senses instead  
of having to go to a book for all that  
he wishes to know. Books are indis-  
pensable, as there are so many things  
which cannot come within the range of  
our observation, but wherever possible  
we should use our senses to acquire  
knowledge at first hand.

This will explain why men who can  
not read or write have built up sub-  
stantial businesses. They have made  
use of the power possessed by all, but  
cultivated by very few.

The perceptive faculty must be trained  
during childhood and youth. After  
the completion of the twentieth year  
very little progress can be made. A  
grown man is unable to develop his  
powers of observation to any satisfac-  
tory degree. Youth is full of energy,  
and that is the time to inculcate the  
lesson that we should see all that our  
eyes rest upon.

It should be the object of every par-  
ent to teach his child to note every ob-  
ject that comes in his way. When out  
for a walk in a park the child should  
be told to observe the shapes of the  
leaves on the different trees, the pal-  
ing of the color of animals toward the  
under part of the body, and so on, and  
should be told that when asked a ques-  
tion on the subject he must be pre-  
pared to say that it is so, not that he  
thinks it is.

All children have inquiring minds,  
and after a walk or two, coupled with  
such instruction as we have mention-  
ed, you will find the child making  
great progress and acquiring a quality  
that will be invaluable in after life.

One of the methods adopted by Ifou-  
din, the conjurer, for quickening the  
perception of his son was to make him  
walk rapidly past a shop window or a  
stall on which a number of articles  
were displayed and then write down a  
list of the objects noticed. At first  
only half a dozen articles were per-  
ceived during the moment occupied in  
passing the store or window, but after  
having done it once a day for a month  
the boy was able to make a list of  
forty objects.—Pearson's Weekly.

**"Thrashing Time" is About Due**

But still that new granary hasn't been built, nor the old one  
fixed up and put in shape for the new crop.

Don't you think it's about time you were getting busy and  
attending to it?

As we are overstocked on clear White Oak, California White  
Pine and Cypress, having purchased this fine stock in straight car  
lots, we can offer you prices that will interest you, or, if you want

Special prices on music for this week only. I have laid aside 100 copies of the latest songs and instrumental hits of the season, which I will sell this week for about one-fourth regular price. Among them are Roses, Long Ago, Girl From the Golden West, Beautiful Land of Bon Bon, John Dough, Moon Song, and many others too numerous to mention. Miss Bonnie Skinner.

**Notice.**

Rev. H. A. Able, superintendent of the Wichita Falls city mission, has moved from the mission hall to 709 Scott avenue, first door north of the Argyle hotel. 28-1t

If your saddle or harness needs repairing, see O. J. Schneider on Eighth street. 27-6t

**The PALACE DRUG STORE**

612 8th STREET

Is now open for business and solicits a share of your trade in the drug line. Their prescription department is in charge of a thoroughly competent pharmacist. They also carry a full and complete line of druggists' sundries, perfumes, fashionable stationery, pens, pencils, inks, and toilet articles.

Call and patronize their soda fountain, which is a beauty and in charge of a cold drink dispenser who understands how to mix a cool and refreshing drink that will touch the spot.

Owing to the delay of some of our fixtures, we will announce our formal opening in this space at a later date.

Yours for Greater Wichita Falls

Hogs—Quality fair. Market higher. Tops sold at \$7.50.

**ALLEGED INDECENT ATTRACTION MAY BE CLOSED UP.**

If the carnival attraction, "The Beautiful Fairies," is found to be as indecent as it is said to be when it opens tonight, Chief of Police Gwinn will give it about thirty seconds to close its doors. This feature of the carnival did not open last night and it is not known that there is anything wrong with it, but Marshall Gwinn received a letter this morning stating that it was unfit for anyone to see. If investigation proves this statement true, the show will be closed in short order.

It is stated that the "Fairies Beautiful" consist of a young woman dancing in an improvised pit. The charge is made that the woman is an unwilling performer, but is forced by her husband to dance.

The Times has no desire to knock the carnival. It is given for a good cause and deserves support. But if there is anything indecent or unclean about it, that feature of it ought to be closed instantly.

Politicians in Delaware have been stirred up by the action of T. Coleman du Pont in withdrawing from the active duties of chairman of the Republican State committee. The action is believed to foreshadow his complete withdrawal from politics.
