

SCOTT SCAFF, first team punter, second team quarterback.

GABRIEL MANCINI, first team receiver.

TOM FUENTES, 1st team guard, offense; 1st team defensive line.

BUD VENABLE, first team running back.

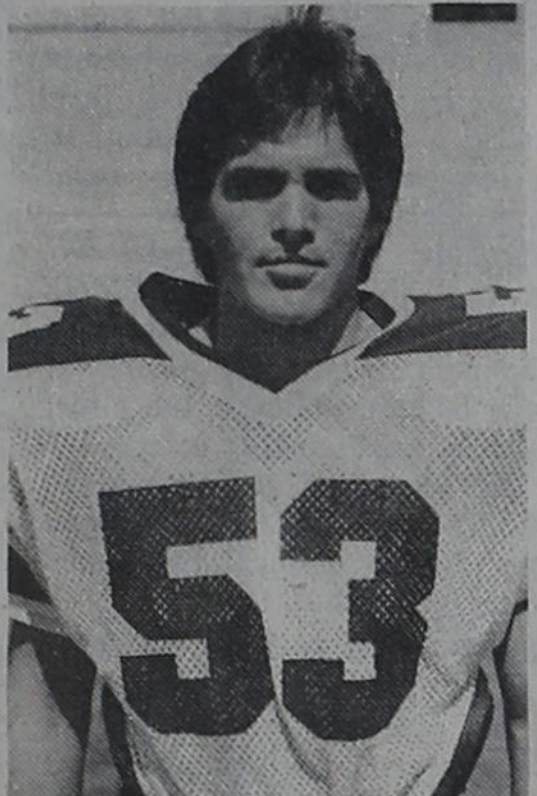

CHAD CLAYTON, first team defensive line.

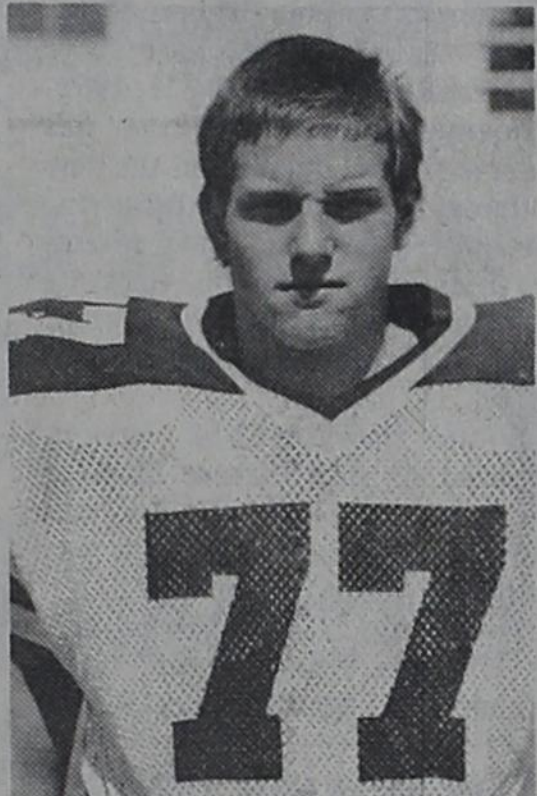

TODD WARE, first team linebacker; second team runningback.

DENVER RIDDLE, second team receiver.

STEVE GAUNTT, second team defensive end.

BYRON NEAL, second team defensive line.

TEAMS RELEASED

Mustangs Land 13 All-District Picks

The District 2-A all-district teams were announced this week, and true to form, the three co-champions, Anton, Bovina and Farwell, shared equally in the number of selections, with 14 each. The Mustangs landed four spots on the first team offense, three on the first team defense, and three each on the second teams offensively and defensively. Senior Gabriel Mancini made the first team offense as a receiver, as did guard Tom Fuentes, also a senior.

Junior Bud Venable, who gained 1162 yards rushing for the season, made the team at running back, and junior quarterback Scott Scaff was named to the first team offense as its punter.

On first team defense, Chad Clayton, senior tackle, made the team as a defensive lineman, as did Fuentes. Todd Ware also made the first team defense as a linebacker. Ware is also a senior.

On the second team offense, Denver Riddle, a junior, made the team as a receiver. Scaff made the team at quarterback, and Ware was one of those selected at runningback.

On the second team defense, Steve Gauntt, a senior, made the team at defensive end. Byron Neal was tabbed for the defensive line, and Riddle was chosen as one of the defensive backs.

Those selected by the district coaches included:

City Sets Closing

Doris Strawn, City Administrator, announced this week that the City Hall will be closed on Thursday and Friday for the Thanksgiving holidays.

"MY TURN"

By Carol Ellis

READ IS WEEKLY WINNER

Canyon Entrant Leading Contest

THE NEAREST "big city" newspaper in our area is currently in the process of learning a lesson which has been known by small-town weekly newspaper people for many years. Freedom of the press carries a lot of responsibilities which, when overlooked, can end up being quite expensive.

The Amarillo Globe News recently ran an eight-segment series of front page articles examining purported racial discrimination in Hereford. This has resulted in a backlash against the newspaper which probably has the editors wishing they had never heard of Hereford.

In fact, after a citizens committee, "Panhandle Citizens For A Better Amarillo Newspaper," was formed, the managing editor of the paper was transferred to an out-of-state position within the ownership corporation.

There are a lot of old cliches which fit this situation. "People who live in glass houses shouldn't throw stones." "Rare is the person who can weigh the failures of others without putting his thumb on the scales." And so on.

People in the small towns surrounding Amarillo look toward the city for leadership in many areas because we all spend a certain amount of time and money there. Amarillo wholesalers supply our stores; Amarillo concerts and theaters entertain us; and we often depend on the city's large medical facilities for health problems which cannot be taken care of locally.

So it is with this in the back of our minds that local folks have been closely following the aftermath of that ill-fated series of AGN articles about Hereford. Any (Continued on Page 6)

With one week to go in the Bovina Blade's Football Contest, Tilly Card of Canyon continues to lead in the race for grand champion.

Mrs. Card, who is the mother of Cathie Lanham, has led the standings for nine consecutive weeks, and she goes into the last week with a score of 113. Right behind is Richard Villarreal, with 112 points. Villarreal has been right on the heels of Mrs. Card for the last several weeks.

It's almost a mother vs daughter race, as Cathie Lanham stands in third place with a score of 111. Joe Harris and Elida Villarreal have scores of 110. Hattie Burnett, Jerry Roach and Mike Read are next at 109.

In the weekly contest, Mike Read claimed first place with a score of nine. Once again a tie game—Texas Tech vs Houston, marred the contest, giving contestants an automatic miss.

Read was one of 12 contestants to correctly pick nine games, but took first place on the tie-breaker prediction. He missed the game score by seven points. Read's other misses were W.T. High-Abernathy, Notre Dame-Penn State, Philadelphia-St. Louis and Houston-Cleveland.

Greg McClaran took second place when he missed the tie-breaker by ten points. His misses were Slaton-Littlefield, Notre Dame-Penn State, Michigan-Ohio State and San Diego-Seattle.

Joe Pat Wright took third place and picked nine games correctly. Games he missed were Nebraska-Oklahoma, Notre Dame-Penn State, Houston-Texas Tech, Michigan-Ohio State and Philadelphia-St. Louis. He missed the tie-breaker score by twelve points.

Nine other contestants picked nine games correctly. They were Kay Roach, Martha Schilling, Cathie Lanham, Joe Black, Doris Lawlis, Randy Richards, Jerry Bentley, Denise Anderson and Kenneth Cary.

Other scores were: eight—Hattie Burnett, Howard Card, Tilly Card, Ronnie Cary, Teresa Cary, Danny Harris, Daniel Hernandez, Al Kerby Jr., Marks Lanham, Keith Lanham, Johnny Martinez, Paula Marquez, Rose McCain, Tony Neal, Carman Porras, Angel Porras, Elizabeth Porras, Jerry Roach, Don Spring, Glenden Sudderth, Robert Tapia, Elida Villarreal, Mary Jane Wilson and J.W. Wright.

Seven—Rhonda Bentley, Bill Boling, Joe Harris, Susan Kerby, Ellice Martinez, Kelley McClaran, Lance McClaran, Flossie Rhinehart, Michelle Stanberry, Virginia Steele, Roy Lee Stowers, Blake Sudderth, Janie Sudderth, Woot Sudderth, T-Bone Treinen, Richard Villarreal and Opal Wines.

Pheasant Dates Given

Pheasant season in Parmer County will be held December 12-26, according to Jack Patterson.

The season will once again be two weeks and three weekends in duration. According to reports, a good pheasant crop is in store for hunters this season.

Quail season is currently underway, and runs until January.

Those who will be having friends and relatives coming for hunting season are urged to make note of these dates.

Christmas Project Is Underway

Project Christmas Card is underway in Bovina and the Bovina Woman's Study Club will once again be acting as sponsors of the project.

All proceeds from the project this year will go to the Ambulance Building Fund.

A deadline of December 21 is set for all contributions. Anyone wishing to make a contribution must get their donation in by that date.

All residents are asked to donate the amount of money they would ordinarily spend on mailing Christmas cards to friends and neighbors and contribute this amount to the project.

Donations are being taken at the First Bank in Bovina and all contributors are asked to sign the way they want their name to appear in the newspaper when they make their donations.

Names of all contributors will appear in the Christmas edition of the Bovina Blade.

EMPLOYEE OF THE MONTH...Sandra Ware of the Bovina Post Office is pictured on the left accepting a \$50 bonus check from Terri Sorley, who is representing the Chamber of Commerce.

RIDDLE ELECTED....Rho Chi, a national pharmacy honor society, elected ten students to membership in the Southwestern Oklahoma State University chapter during its fall initiation banquet held recently in Weatherford. To be selected for Rho Chi, a student must meet the following criteria: 1) completed at least three semesters in the school of pharmacy as a full-time student, 2) be ranked in the top 20% of his/her class, and 3) have both a school of pharmacy grade point average and an overall grade point average of 3.0 or better. Selected were (front row from left): Glenn Carey, Guthrie; Theresa Garner, Pawnee; Jenna Burnett, Amarillo; and Connie Townzen, Liberal, Kansas. Back row from left: Jon Riddle, Bovina; Mark McMahon, Caddo Mills; Jeff Paulus, Neosho, Missouri; Robert Jorski, Harrah; Brad Clemmer, Grandfield; and Cherry Ragan, Shady Point.

Letter To The Editor

TO: City of Bovina
FR: Coach Bill Talley
RE: Your Fantastic Support of the Mustang Football Team

I feel I would be remiss if I did not thank you, one and all, for the GREAT way you have backed our team in the recently completed football season. The success the team enjoyed was definitely enhanced by your enthusiastic, faithful support. I know all of you are thrilled by the season and I want you to know that each of you that supported us are as responsible for the wins as those who made the tackles, scored the touchdowns, etc. Teams, not individuals, win games, and our opponents did not have a chance with YOU as a member of our team!!!!
THANK YOU, BOVINA!!!!
Coach Talley

Mexican Desserts Is New Cookbook

Mexican cooking is more than just enchiladas, tacos and tamales, say the authors of the newly-published cookbook, *Mexican Desserts: the sweet side of Mexican cooking*. "We believe that *Mexican Desserts* is the first--and only--complete cookbook of Mexican sweets ever published," say Golden West Publishers, under whose imprint the book has just been published. Written by Socorro Munoz Kimble and Irma Serrano Noriega, this unique book features more than 200 recipes for custards, turnovers, fritters, cookies, pies, cakes, fruits, puddings, gelatin desserts, candies, ice cream and other frozen desserts, and beverages. One entire chapter includes recipes for special occasions and fiestas. These recipes include such titles as Carlota Imperial, Almendrado, Tamales de Dulce, Capirotada, Pan Dulce, Rosca de los Reyes, Pan de Muertos, Postre de Virrey, Pastel de 15 Años, Pastel de Fiesta, Pastel de Posadas, and other special desserts. The book features large type, an exhaustive index, and a plastic binding that allows the pages to lie flat. *Mexican Desserts* is available for \$6.50 in book stores, or may be ordered direct from the publishers, Golden West Publishers, 4113 N. Longview, Phoenix, Arizona 85014, for \$7.50 postpaid. In addition to the multitude of recipes, the authors have researched and included a fascinating history of Mexican sweets from the Aztecs and other native cultures, to the coming of the Spanish and the French and the American influence. Both Socorro Kimble and Irma Noriega have Hispanic backgrounds. Socorro, born in Aguascalientes, Mexico, became a naturalized American citizen after graduating from Bakersfield College. Irma does volunteer work in the Junior League and is an involved member of the Grand Jurors Association of Kern County.

REFLECTIONS

....from The Bovina Blade

30 YEARS AGO--NOV. 23, 1977
Evelyn Joyce Steelman, a senior student at West Texas State College, Canyon, and daughter of Mr. and Mrs. Amos Steelman, Bovina, began practicing teaching in the local school on Monday. Hampered, oddly enough, by pretty weather, Bovina Lions Club members sold \$651 worth of brooms, mops and other merchandise during the annual broom sale which was conducted Friday. Dick Horn, Bovina Mustang quarterback, was named a member of the All-District 3-B first team. J.N. Shaw of Gainesville died Monday afternoon. He was the father of Mrs. E.H. Moody of Bovina. Parmer and other counties in this vicinity followed the West Texas trend in increasing population, non-farm employment and factory jobs in 1956. Many farmers hopped on the sesame band wagon this year, as they continued their search for new and more profitable field crops.

25 YEARS AGO--NOV. 21, 1962
Bovina Church of Christ will observe formal opening of the new building Sunday afternoon. Announcement of the special activities was made this week by Don Stone, minister of the church. Some 400 people are expected to attend. Winter time, 1962-63 version, unreels its most severe blast of the season here over the weekend and into this week. The snow was estimated at two inches. Two men, Julian Hernandez, 32, Bovina, and Paul Gene Graham, 23, South Prince Street, Clovis, were killed in a head-on crash early Saturday morning on U.S. Highway 60, three and one-half miles northeast of Farwell. The Running Water Draw Watershed project cleared a legal hurdle in Parmer County on Tuesday when the commissioner's court tentatively agreed to act as co-sponsor of the project. Superior Electric Co. was moved to a new location. The business is now housed in the building formerly occupied by Combs Grocery on Main Street.

20 YEARS AGO--NOV. 22, 1967
Bids from three contractors were opened here Friday for the proposed Bovina Medical Clinic before members of the building committee, temporary executive committee and James W. Dopperman of Sears-Roebuck Foundation. Kenneth Howard of Denton will begin work here Tuesday of next week as combination man-in-charge of Bovina for General Telephone Company. Postmaster Gene Ezell today urged citizens of Bovina to be sure to use the correct address on their letters and packages going to servicemen overseas to avoid serious delays in delivery. Seaman Recruit Glendel W. Davies, USN, son of Mrs. Mildred M. Davies, Bovina, has been graduated from nine weeks of Navy basic training at the Great Lakes Naval Training Center. The Teenage Club continues to send The Bovina Blade to Bovina boys who are serving in the Armed Forces in Vietnam.

15 YEARS AGO--NOV. 22, 1972
Mustang mentor Roger Ezell sat in his office at Williford Gym Monday, reminiscenced about the just past football season, his first as head coach, and looked forward to the future. Mrs. Eldon Thatcher of 905 Ridgelea Drive and her niece, Toby Bandy of Bovina, narrowly escaped serious injury about 7 p.m. last night when their car struck a double-deck cattle truck at the intersection of Highway 86 and FM 1731. Mrs. A.L. Kerby, treasurer of the Bovina Booster Club, reported the organization had spent approximately \$1540 on new equipment since school began. Mrs. Ben C. Rejino of Bovina, a member of St. Ann's Catholic Church here, was named Woman of the Year Tuesday night of last week at the Amarillo Diocese Council of Catholic Women Convention at Christ the King Catholic Church in Lubbock.

10 YEARS AGO--NOV. 23, 1977
Billy Whitecotton, longtime participant in the Bovina Business Football Contest, rang the bell with eleven correct predictions this past week and claimed first place in the weekly contest. Pete Polston, Jr., manager of Hobo's Restaurant, told The Blade last Friday that the restaurant will be closed permanently, going out of business on Saturday, November 26.

5 YEARS AGO--NOV. 24, 1982
The Bovina Medical Board has been approached with the idea of having one-day dental service at the clinic. Billy Shepherd was the winner of this week's football contest. Mr. and Mrs. A.W. Gober will be celebrating their fortieth wedding anniversary this week. Brenda and Randy Kirkpatrick recently made a trip of 2,100 miles in six days vacationing in the northwest. George Turner was taken to the West Plains Medical Center in Muleshoe and remains a patient there. J.T. and Tessie Jones are great-grandparents for the first time this week and the child was named Chelsey Dawn.

Preview Day
Pre-registration is now open to high school juniors and seniors for Wayland Baptist University's annual Preview Day Saturday, December 5. Held each year near the end of the fall semester, Preview Day offers prospective Wayland students the chance to get to know the university better, according to Admissions Coordinator Mike Newsom.

Commission Tells Highway Promo

The new guidelines for the Adopt-a-Highway program are now final. In July, the highway department announced new guidelines for the highly successful program. The temporary guidelines were published in the Texas Register, with a 60-day period for the public review and recommendations.

In its October meeting, the highway commission gave its final approval to the guidelines.

The Adopt-a-Highway program, begun in late 1985, allows groups of private citizens to adopt two-mile sections of highway for litter pickup. The highway department provides the groups with safety vests, litterbags, and safety instructions, and installs signs at each end of the adopted section giving credit to the group.

By early summer of 1987, the number of groups in the program had mushroomed to over 2,300, including church organizations, garden clubs, motorcycle clubs, and civic groups.

But in June, the department administration directed district offices to accept no new groups, pending a review of the program. Questions regarding adoption by political organizations and the program's cost-effectiveness prompted the action.

The new guidelines require four pickups a year by adopting groups, and a two-year adoption period, among other things.

After feedback from the public, the department has made some

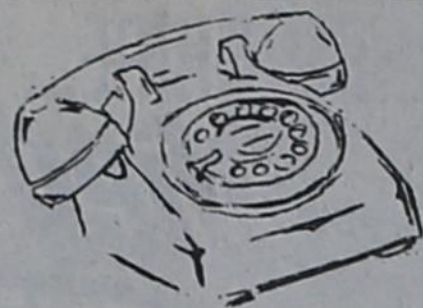

modifications in the guidelines. For example, several groups in West Texas felt that their sections of highway did not have enough litter to require pickup four times a year. The department has decided that, in such cases, the district engineer may permit some sections to be cleaned only twice a year.

Comments from school groups noted that it is difficult for them to commit to having one of their four pickups during the department's Great Texas Trash Off in late April. The department's response is to change the groups' participation in the Trash Off from a mandatory requirement to a recommendation. The Great Texas Trash Off for 1988 will fall on Saturday, April 23.

We are busy getting ready for our Thanksgiving Family Supper. Teresa Allen, our activity assistant, has been making signs, hanging decorations and helping get everything ready. The kitchen has been cooking and we are expecting to have a good fellowship with our families. We wish you a happy Thanksgiving.

Our worship service was held Sunday by the Pentecostal Church. This week the Tenth Street Church of Christ will be here at 4 p.m. Sunday.

Nail and hair care was done this week by the First Baptist Church women. On November 24, the women from Rhea and the First

Prairie Acres Party Line

By DONNA ECHOLS

United Methodist Church will be here.

Birthdays this week will be celebrated by employees, Brenda DeLaPaz on November 24, Teresa Allen on November 25 and Silvia Roque on November 26. Residents having birthdays this week are Leroy Collier on November 26 and Polly Morris on November 27. We would like to again thank the Friona State Bank for sending birthday flowers each month to the residents who are celebrating. We also thank the Bank for popcorn they give to us each month.

We would like to thank Brother Leon Talley for taking time to take Mrs. Dennis to Clovis this week.

We appreciate Bessie Trimble for donating an electric razor for our residents to use. We are grateful to Bryan Waller, a building contractor, for being a consultant in needed repairs and work on our facility. Bryan donated his time and expertise of advice for our improvements and we say thanks.

We have received memorials from V.R. Wilcox from Marie Hinds and John and Lavon Renner.

Once again we are sponsoring a program for Christmas known as "Adopt a Resident." If you would like to help a resident this Christmas season, please contact Debbie Sweatt, our activity director. Some suggestions would

be to come and have lunch with them here, to take them out for a meal or a Coke, to take them to see the Christmas decorations or to a special church service.

Personal items to give a resident might be roll-on deodorant, stick deodorant, combs, brushes, toothpaste, denture cleaner, toothbrush, talcum powder, bath powder, nail polish, electric razor, stationary, stamps, socks, money, hand lotion, house shoes, housecoat, sweat suits or sweaters. If you would like to bring items with no particular resident in mind, they will be distributed according to individual needs. Thank you for your consideration at this time of Christmas.

Medicare Is Available For Kidney Failure

People in the Clovis area suffering from permanent kidney failure should know that Medicare health insurance is available for those who need a kidney transplant or regular kidney dialysis, Carl Thompson, Social Security Manager in Clovis, said recently.

A person who has permanent kidney failure can get Medicare if she or he:

- *Worked long enough to be insured under Social Security, or
- *Already gets Social Security benefits, or
- *Is the wife, husband, or child of someone who has worked long enough under Social Security.

Medicare coverage generally begins with the third month after the month the person starts getting dialysis treatments.

Coverage can also begin in the first month of a course of dialysis if the person takes part in an approved self-dialysis training program and the person expects to self-dialyze after the course.

Coverage can also begin the month the person is admitted to an approved hospital for a kidney transplant if the transplant takes place within three months.

Medicare generally ends twelve months after the month a person no longer needs maintenance dialysis for 36 months following a kidney transplant.

For more information about Medicare coverage for people with permanent kidney failure, contact the Clovis Social Security office, located at 912 Parkland. The telephone number is 762-4595.

FmHA Loans Are Available

Emergency loans for farmers or ranchers are available through county offices of the Farmers Home Administration (FmHA), Weldon C. Rainey, FmHA County Supervisor, said this week.

Weldon C. Rainey asked that those who need farm credit as a result of hail make their needs known at the Farmers Home Administration office at 207 Avenue D in Farwell, Texas.

Applications for assistance in the disaster stricken counties will be accepted by Farmers Home until July 11, 1988 for physical and production losses.

FmHA loans covering actual physical and production losses may be used to replace

installations, equipment or buildings (including homes) lost through this disaster. Funds may be used to buy feed, seed, fertilizer, livestock or to meet interest and depreciation payments on current real estate and chattel debts.

"Funds can be used for essential operating and living costs," Weldon D. Rainey said.

Applicants that certify that other credit is not available may receive loans covering actual losses at an interest rate of 4.5 per cent and are scheduled for repayment as rapidly as feasible consistent with the applicant's ability to pay.

To be eligible for an emergency loan, an applicant must have suffered losses from the disaster.

Mustangs Play Well Against Tough Wheeler

The Bovina High School Mustangs, out-manned against the state's number ten team, played a tremendous defensive game for three quarters before the big, explosive Wheeler team finally wore the smaller Mustangs down.

Wheeler claimed a 28-0 bidistrict win in the game, played at Amarillo River Road Stadium last Friday night on a cold, breezy night.

Wheeler, who battled to the state semi-finals a year ago, and had downed an outstanding Happy team, 45-0 in their zone playoff the previous week, was held to only a 7-0 halftime lead, and still had only the one-touchdown lead well into the third quarter against the scrappy Bovina team.

But the Wheeler team just didn't allow Bovina much in the way of offense—130 total yards for the game, never allowing Bovina inside their own 20-yard line during the game.

Wheeler took the lead early in the game, thanks to a 30-yard punt return by Bubba Smith. Punter Scott Scaff saved a touchdown momentarily with a tackle at the ten.

The gritty Mustangs made Wheeler use all four downs to cover the ten yards to the end zone. Smith carried all four times, including the final yard for the score, which came with 8:19 left in the quarter.

On Wheeler's second possession, they drove to the Bovina 27, but Tom Fuentes came up with a big quarterback sack for a nine-yard loss, forcing Wheeler to try a field goal.

The snap from center went over the holder's head, and Bovina took over on their own 48. A personal foul walkoff against Wheeler advanced the ball to their 38-yard line.

Scaff hit Gabriel Mancini for six yards to the 30, but Wheeler stiffened their defense and on fourth and two held Scaff to a one-yard gain to take over the ball.

Bovina didn't get their first first down of the game until their fifth possession. In order to shore up their battered line, Coach Bill Talley had moved fullback Todd Ware to a tackle position.

Finally, two runs by Albert Espinoza, the second one after a nice fake by Scaff and a pitchout, enabled the Mustangs to move from their own 36 yard line to the Wheeler 40 midway through the second quarter.

But Wheeler stiffened and threw first Espinoza and then Scaff for seven-yard losses and forced a punt.

On a dipsy-doodle play to end the first half, Wheeler used the guard-around play where the quarterback lays the ball on the ground and leaves it for the guard to pick up. The play almost went all the way, but Espinoza made a touchdown-saving tackle at the two yard line.

Bovina got a break to start the second half. They gained only six yards and had to punt into the stiff south wind. The ball was touched by Wheeler, and Denver Riddle recovered for Bovina at the Wheeler 45.

Scaff gained seven yards on a keeper play, and then gave Bovina a first down at the enemy's 32-yard line with a quarterback sneak.

Bud Venable advanced the ball to the Wheeler 27, but on third down Bovina fumbled, Scaff recovering for a three-yard loss back to the 30. Scaff's fourth down pass was intercepted at the

16 to end Bovina's most serious threat to score.

That's when Wheeler got busy and drove for their second score.

Quarterback Shawn Bradstreet passed 37 yards to Kyle Sword to the Bovina 25. Three plays later Shane Guest ran 30 yards up the middle and Lee McCasland's kick gave Wheeler a 14-0 lead with two minutes left in the third quarter.

All of the pressbox observers were shaking their heads at Bovina's ability to hold the powerful Wheeler team to only seven points in the first 34 minutes of clock time.

Ware moved back into the backfield at this point. His five-yard burst up the middle gave Bovina a first down. Then after a penalty, Ware ripped off a nine-yarder and Scaff had four, bringing up fourth and one from Bovina's 43.

The Mustangs were going for the yardage, but were called for illegal procedure and had to punt after all.

Bovina was playing the third quarter against the wind, so was not getting much yardage on their punts. Wheeler drove 52 yards in 11 plays for a 21-0 lead with 7:43 left in the game.

Bovina gambled on a fourth down and five with six minutes left in the game, and Scaff's pass was intercepted. Wheeler turned that into their fourth score when Grayson Benson ran 44 yards on a third and ten play. The final TD came with 5:02 left in the game.

Venable ran 20 yards up the sideline, Bovina's longest gainer of the night, to reach midfield on Bovina's second play following the kickoff.

Venable gave Bovina another first down with a five-yard gain to the 40, but another interception stopped the drive. Bovina never quit, forcing a Wheeler fumble a minute later. But they just couldn't get going, and that was the ball game.

Venable capped his great season with 71 yards on 14 carries. Ware, after playing most of the game at right tackle, carried only five times

VENABLE GAINS...Bud Venable (22) is shown making a good gain for the Mustangs. Venable, a junior performer, was Bovina's leading rusher for the season with 1,162 net yards gained.

for 20 yards.

Venable finished the year with

1,162 yards rushing, and Ware gained 961 yards. Scaff completed 57 of 142 passes for 878 yards. This is a total of 3,001 yards, and does not include Scaff's rushing yardage, which was unavailable.

"I thought we played a very good game," said Mustang coach Bill Talley.

Talley told the team members in the locker room to hold their heads

high, and remember the good things that they had accomplished during the season.

"You can't feel bad about losing to a team like Wheeler," Talley said. "They had an experienced player at every position. I thought the hitting was excellent on both sides of the line. You could hear the 'pops' on every down," the Mustang coach said.

JH Girls Win Two Over Lazbuddie

The Bovina seventh and eighth grade girls teams each scored a victory Monday night against Lazbuddie. The seventh graders won their game, 32-19. The eighth graders won by a final score of 25-11.

This was the first game of the season for the seventh graders. The girls hustled real well, and they also ran the press and offense well for their first outing.

High scorer for the Colts was Sophia Espinoza with sixteen points. Others scoring were: Nancy Vargas with six points, Cindy Quintana with four points, Kimberly Kirkpatrick with two

points, Darla Stormes had two points and Josie Pena, two points.

The eighth graders brought their season record to 1-1 with their victory. The girls played much better than the last game. They ran the press well and made sixty per cent of their free throws, making 9 out of 15.

High scorer for the Colts was Donna Griggs with thirteen points. Others scoring were: Monica Rodriguez, five points; Debbie Rodriguez, three points; Elizabeth Porras, three points and Mona Martinez, one point.

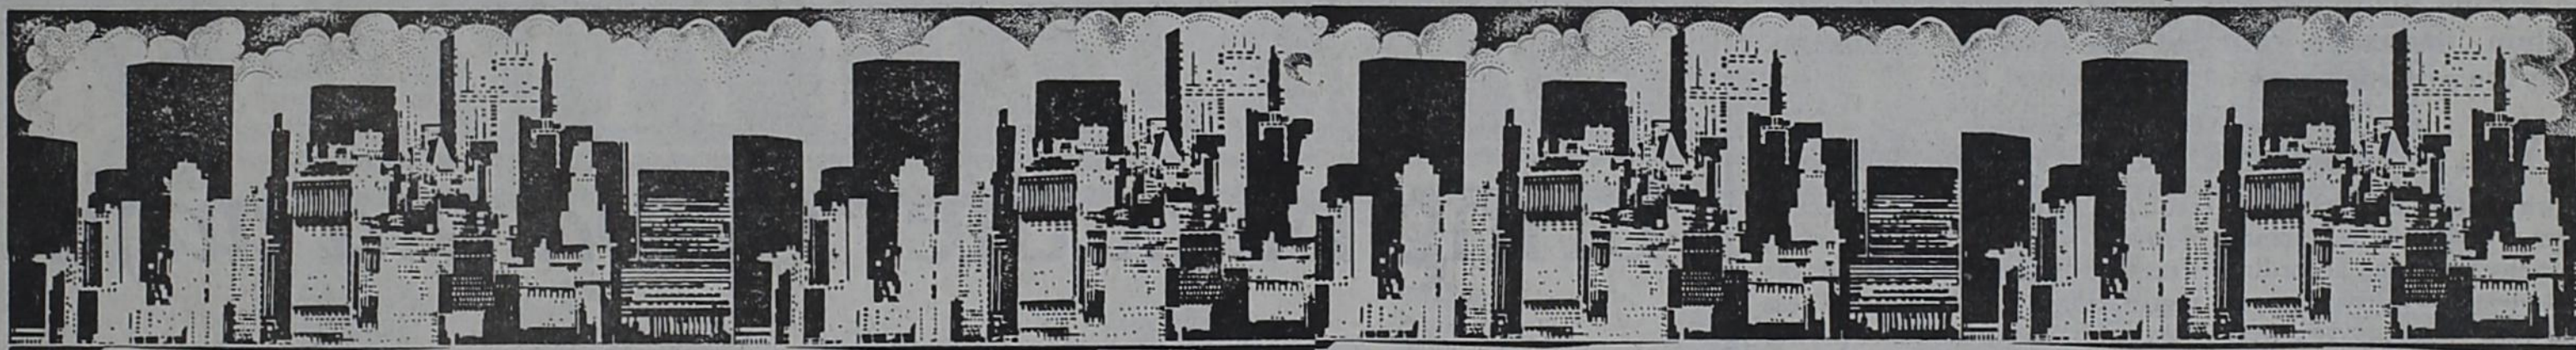

The Junior High teams will be in action again Monday night when they travel to Happy.

ANNA MARIE KOELZER and AUBORN BRADLEY HOWELL....Mr. and Mrs. Daniel Koelzer of Bovina and Mr. and Mrs. A.J. Howell of Lubbock announce the engagement of their children, Auborn Bradley Howell and Anna Marie Koelzer of Bovina. The wedding will be held December 31 at 2 p.m. at the First Baptist Church in Bovina. Anna is a senior student in Bovina High School and Bradley graduated from Lubbock Coronado High School in 1980 and from South Plains College in Levelland in 1984. He is employed at Excel. No local invitations will be sent, but all friends and relatives of the couple are cordially invited to attend.

WEEK'S WINNER....Mike Read was the weekly winner in the Bovina Blade football contest. Donna Mitchell of McCallum Insurance, one of the contest sponsors, presents the winning check.

26-Yr.-Olds Reach Milestone

Men who turn 26 during the remainder of 1987 will be reaching an important milestone according to the Selective Service System. Young men born in 1961 were

required to register with Selective Service in July of 1980 when President Carter reinstated the registration requirement. These men turn 26 in 1987. Selective Service does not have the authority to accept a young man's registration after he has reached his 26th birthday.

Harold Doyle, Texas Selective Service State Director, warned that, with few exceptions, a man who fails to register before turning 26 will permanently forfeit his eligibility for federal student financial aid, job training benefits and most federal employment. Additionally, non-registrants face possible prosecution as felons.

Company To File For Rate Decrease

Southwestern Public Service Company (SPS) announced last week that it is preparing to file for an annual rate decrease of approximately \$13 million, or 2.8%, for its residential, commercial, industrial and other retail customers in Texas, primarily due to savings resulting from federal tax reform.

In addition, SPS is requesting to credit to its Texas retail customers \$11 million in fuel-cost savings and interest.

The lower rates and the one-time credit could be effective by December, said Sam Hunter, SPS vice president of rates and economic research.

Currently, SPS is conferring with the cities it serves in Texas and with the Public Utility Commission of Texas (PUCT) on the amount and timing of the rate reduction. In Texas, cities have original jurisdiction over base rates within their city limits. The PUCT established base rates in rural areas and regulates the fuel-cost portion of electric rates.

Effective with SPS's current fiscal year, which began September 1, its federal income tax rate was dropped to 34% from 44%. Although some corporate tax credits and deductions were eliminated by tax reform, the net effect is a smaller tax burden, Hunter said.

"The fuel-cost savings resulted from several factors," Hunter said. "First, we obtained lower prices for coal and natural gas. Second, because of the relatively mild summer, we did not have to operate older, less efficient power plants as much as in the past. Third, we have continued to improve the efficiency of our plants."

SPS recently was cited as seventh best among the 100 largest investor-owned electric utilities in the United States, in terms of generating efficiency.

In New Mexico, SPS is preparing to file for a rate reduction of \$2.65 million, or 2.1%, because of tax reform, Hunter said. Fuel-cost savings have been passed through to SPS customers in New Mexico by monthly automatic fuel-cost adjustments, which are not

allowed in Texas.

Wholesale customers of SPS--rural electric cooperatives and municipal utilities--in Texas, New Mexico and Oklahoma are expected to receive a rate decrease of \$13.2 million, or 6.9%, and a one-time credit of \$5 million, Hunter said. SPS is discussing the proposed wholesale rates with its wholesale customers prior to filing a rate request with the Federal Energy Regulatory Commission (FERC) in Washington, D.C. SPS provides wholesale power to 16 rural electric cooperatives in Texas, New Mexico and Oklahoma, and to municipal electric utilities in Lubbock, Floydada, Tulia and Brownfield.

For SPS's retail customers in Oklahoma, the benefits of tax reform were factored into rates from a previous rate case and placed into effect October 1.

Bring back the "Good old days" ... with GTE CLASSIC SERVICE.

GTE TURNS BACK THE CLOCK WITH CLASSIC SERVICE.

Remember "the good old days?" Whatever problems you had with your phone service, you'd just call GTE and we'd take care of it. No second thoughts. No repair bill. Your regular phone bill covered everything.

Now, under recent FCC rulings, you're responsible for the cost of repairs to the wiring and jacks inside your home or business. This makes things a little more complicated.

CLASSIC SERVICE HELPS KEEP THINGS MORE LIKE THEY USED TO BE.

We can't bring back "the good old days" entirely but, with new CLASSIC SERVICE, we can make things more like the way they were. With CLASSIC SERVICE, you pay only \$1.25 per month to have GTE repair your telephone wiring and jacks during normal working hours, at no additional charge.

Just \$1.25, per telephone number, on your monthly phone bill (about 4¢ a day) covers you, no matter how many jacks you have. And if you sign up before JANUARY 1, 1988, you can avoid the one-time sign-up charge.

Here's how you'll save with CLASSIC SERVICE ...

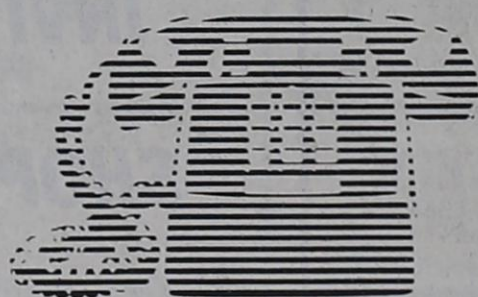

NO SERVICE CALL CHARGES

Without CLASSIC SERVICE, if you have a problem with your phone service, and a GTE service call is needed to locate the trouble, you will be charged for the visit if the problem turns out to be in your wiring, jacks, or telephone instrument.

With CLASSIC SERVICE, there is no service call charge during normal working hours.

GTE

CLASSIC SERVICE

NO REPAIR COSTS

With CLASSIC SERVICE there is no additional charge for repair or replacement of inside wiring and jacks*. If you elect not to subscribe to CLASSIC SERVICE and need inside wiring or jack repairs, you have three options:

- As a full-service telephone company, GTE will be happy to make the repairs. But under the new FCC ruling, if you have not subscribed to CLASSIC SERVICE, you will be charged.

- Or, you contract with a third party for repairs, but rates and qualifications vary widely.

- Or, you can make the repairs yourself, but you'll have to supply your own materials. With CLASSIC SERVICE, there is no service call charge. No repair charge. No worry. That's why we call it "CLASSIC."

HERE'S WHAT CLASSIC SERVICE COVERS ...

- Service call charges
- Identification of the problem.
- Repair or replacement of inside wiring and jacks.

Like anything else, your telephone wiring can deteriorate with age and exposure to air and humidity. CLASSIC SERVICE covers this damage, as well as damage caused by natural disasters such as floods or lightning.

*Coverage does not include ...

- Willful damage
- Damage due to negligence
- Telephone instrument repair

AND NOW, NO SIGN-UP CHARGE UNTIL JANUARY 1, 1988.

Whatever problems you may encounter with your phone service, we urge you to call GTE first, even if you don't have CLASSIC SERVICE, because in many cases we can correct the problem from "our end." But if the problem does turn out to be inside your premises, won't it be nice to have CLASSIC SERVICE protection?

Sign up for CLASSIC SERVICE before JANUARY 1, 1988 and avoid a sign-up charge.

Letters To The Editor

Dear Bill,
I just wanted to drop you a note to let you know how much I appreciated the excellent coverage you gave to our team in the recently completed football season.

I fully realize the criticism directed at the news media from all sides, but the many positive articles you have written has been an asset in us being able to give the school and community a program that they could be proud of.

Sincerely,
Bill Talley
Athletic Director

Dear Scooter,
Enclosed is a letter from Senator Phil Gramm and an editorial he wrote for school newspapers. We do not have a newspaper here at the High School, but after reading the editorial, I felt it was good enough to share with the people of Bovina, especially the students.

Please read the editorial and see if you think it would be worth printing as a guest editorial.

Thanks for your time.

Sincerely,
Joe Rackley

THE GINSBURG LESSON: ANOTHER REASON TO SAY "NO"

This is a sad time for Judge Douglas Ginsburg and his family, but I believe his tragedy carries with it an important lesson for the young people of America.

Judge Ginsburg withdrew from consideration for a seat on the Supreme Court after admitting he had used marijuana. His experience proves once again that drug use carries a high cost, payable both now and in the future.

I've known Judge Ginsburg since 1983, when he joined the Justice Department. He is a brilliant man, and I was therefore pleased when the President nominated him to the Supreme Court. I knew Judge Ginsburg would work to guarantee not only the political rights but also the economic rights of all Americans.

He had already shown his abilities as a judge and government official.

But his use of drugs, no matter how long ago or how infrequent, called into question his judgment and his commitment to uphold the law.

Judge Ginsburg was a role model, whether he wanted to be or not. He was bright and successful; throughout his life his abilities made him a leader. He went to law school, served as a clerk to a Supreme Court Justice and taught law at Harvard before serving in the federal government. He had a bright future ahead of him. But as someone who would be responsible for upholding the law of the land, his use of drugs set a bad example.

You are also a role model, even though you may not realize it. If you use drugs, you make society lose a bit of its hope for a better tomorrow. If you say it's OK to experiment with drugs, you are telling other students that they can, too. You may beat the odds and not become addicted to drugs once you start using them, but your actions may condemn others who follow your example to a life of drug abuse and defeat.

And you are risking your own future by taking drugs, even if you escape addiction. Douglas Ginsburg used drugs casually, got away with it for a time, and went on to become very successful. But experimenting with drugs has now cost him dearly. Had he, at 41 years of age, become a Justice of the Supreme Court, he might eventually have become Chief Justice. He could have made his mark on history and the future of our Nation. Now, Douglas Ginsburg will be denied that chance.

You have heard many times about the physical cost of drug abuse: the addiction, the effects on your health, the depression and failure using drugs can cause. But drug use also has a hidden cost, a cost Douglas Ginsburg is now paying. I wonder what Judge Ginsburg would give now to be

able to go back and reverse his decision to use drugs.

The sad message of the Ginsburg nomination is this: if you don't use drugs, don't start. There's no such thing as "harmless" drug use. Something less than addiction can ruin your dreams. If you do use drugs, stop, and be a leader in urging others to do the same.

America ultimately may benefit from Judge Ginsburg's tragedy if young people like you, who face the lure of drugs every day, are impressed with the fact that you risk long-term damage to your health, your family, and your future if you use drugs.

TSTI Sets Orientation

Texas State Technical Institute, Amarillo, will conduct new student orientation November 30 through December 2. New students are urged to contact the Office of Admissions prior to November 30.

Orientation will begin at 8 a.m. November 30 in the Gym. New students will register by program from 8 a.m. to 7 p.m. December 2 in the Resource Center.

Programs accepting students include Welding and Fabrication, Transport Refrigeration, Mechanical Electrical, Feedmill and Elevator, Computer Science, Computer Electronics, and Boot and Shoe Operations.

Additional programs are Saddle and Tack Making, Professional Truck Operations, Drafting and Design, Commercial Art in Advertising, Aviation Maintenance, Auto Body Repair, Technical Office Training, Meat Processing and Marketing, Machining Technologies, Laser Electro-Optics, Industrial Instrumentation, Diesel Mechanics, Cosmetology, Interior Design and Automotive.

For additional information, contact the Office of Admissions at (806) 335-2316 ext. 269 or in Texas call toll-free 1-800-227-TSTI (8784).

CHRISTMAS BALL....Johnny Gimble, left, a three-time winner of the Country Music Association's Best Instrumentalist Award, and Cecil D. Caldwell of Lubbock, will headline the Cowboy Christmas Ball Dance from 8 p.m. to midnight Saturday, December 5 in the Civic Center Exhibition Hall. Reserved-seat tickets, priced at \$10 are on sale at Luskey's Western Wear, 3421 34th Street. A table seating eight can be reserved for \$80. Proceeds from the dance, which features the two fiddlers with a stage band, will benefit Crime Line, Inc. Call 795-3980 for further information.

Service Businesses Are Now Taxed

State Comptroller Bob Bullock this week reminded information and credit reporting businesses that they should be collecting the new sales tax on services now.

"Anyone who's not sure if they should be charging the new sales tax ought to give us a call," Bullock said, adding "we've got guidelines about who should be collecting it."

Examples of taxable information services include newsletters and mailing lists; scouting reports and surveys; financial market reports; data retrieval and research (such as stock quotations and court cases); newsclipping services and wire reports; and multiple listing services.

Some services that are not taxable are polygraph testing, account balance information,

seminars and information sold to a newspaper, radio or television station.

Any business relaying a credit report by telephone, in writing or by computer should be charging sales tax for that service, Bullock said.

Credit reporting businesses should also know that sales tax applies to some out-of-state customers. If an out-of-state customer who does business in Texas requests a credit report on someone applying for credit in Texas, then tax is due on the service.

These services and others became taxable October 1, when a new law passed by the Legislature went into effect.

Businesses should charge the six per cent state tax rate plus any local tax rates.

Scooter's Scoops

By Scooter Russell

Project Christmas Card is now underway once again by the Bovina Woman's Study Club and proceeds will be going to the Ambulance Building Fund. You can make donations at the Bank and deadline to join is December 21.

Tom and Nannie Rhodes enjoyed a nice trip to Duncan, Oklahoma recently. Their daughter, Dorothy Sims, came for them and drove them to Oklahoma for a weekend. Nannie said Tom had lived in Duncan for many years and they enjoyed seeing old friends.

Virgie Adams' son, Terry, who lives in Chicago, recently underwent major surgery, but came through it fine and is now in good condition.

Joe Harris was hospitalized in Friona about three weeks ago, but is now home and his wife, Dorothy, said his condition had improved.

Chris Caldwell is getting along real well and is back in school. He was siphoning gasoline and swallowed some in the process. He was hospitalized for about a week and out of school another week. His grandmother said he is still being watched carefully and has to have check-ups often. He is the son of Bruce Caldwell and Darlene Caldwell.

We understand that Buster

Cochran is out of the hospital and is at his daughter's home in Corpus Christi. Buster suffered a stroke and was hospitalized at Corpus Christi. He and his wife, Mace, were at Zapata at the time. His daughter and grandson of Bovina, Bonnie and Chad, flew down to see him.

Carol Ware, daughter of Leon and Shirley Ware, was married

November 14 in Austin and several from Bovina attended the wedding. Those going were Carol's grandmother, Jerry, who flew with Carol's brother, Mike and his wife Belinda of Clovis, Oakley and Yvonne Stevenson and daughter Annette, Norma and Earl Whitten.

Kenneth Cary is still in the Methodist Hospital in Lubbock. He underwent surgery on Monday

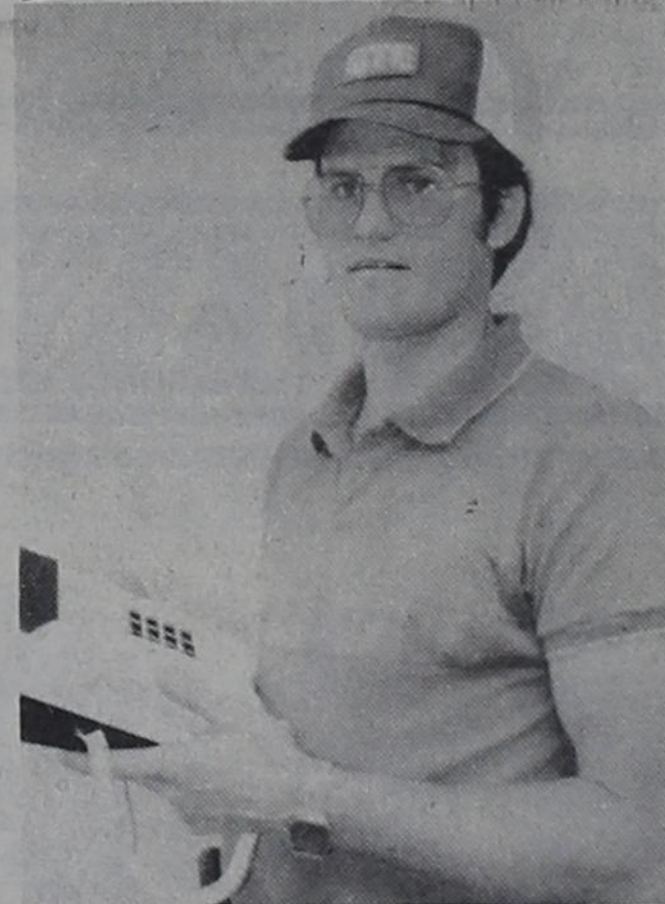

of this week and his son, Ronnie, said he came through the surgery fine. He said he would probably be released on Friday. He is in room 595.

Have a happy and safe Thanksgiving and call me next week and let us know about your company, where you spent Thanksgiving or any other interesting event you would like to share.... Scooter.

GTE General Telephone

Service.

Meet James Atwood, Customer Service Specialist. One of GTE's professionals who are working to bring you better and more efficient service.

"If installation of a new business phone system or service to an existing system is required, I'll be there for you.

"In addition, if you need information about modifications to your system or new services offered, I'd be glad to talk with you.

"I'm proud to be one of the people General Telephone is talking about when they say 'We are people serving people... ..Friona/Bovina and GTE.'"

We make it GTEasy!

CELEBRATED BIRTHDAYS....Shown are Edna Scott, Tom Rhodes, and Oma Lee George who celebrated their birthdays in November and were honored with a birthday party at the Senior Citizens building. Hosting the event were those who had October birthdays.

My Turn...

(Continued from Page 1)

small town in the area might be the next target for a series of critical "in-depth" newspaper articles.... Bovina, Friona, Muleshoe, Dimmitt, Tulia, Plainview. Just about any town in America has a few problems of their own, and you can bet the local citizens are generally working as hard as possible behind the scenes to correct whatever problems exist.

A good case in point would be the recent emergency in Midland when the little McClure baby was trapped for three days in the abandoned well-shaft. The national news media seemed really surprised at how nicely all the Midland people worked together to get that problem solved. But we all know that's just the nature of Texas folks, don't we? The rest of the country seems to think that our state is populated only by rich oil magnates and redneck hicks.

Small town newspapers work hard at supporting their respective communities with a positive and progressive attitude. In fact, the small town paper is the last fortress of GOOD news in the country today. The large papers and national media (meaning TV networks) tend to concentrate only on bad news. They are usually too busy covering wars, plane crashes and doing character assassinations on prospective presidential candidates, to give anyone a pat on the back for a job well done. I think that's why little Jessica's story was so captivating that it knocked the Persian Gulf and Judge Bork's problems completely out of the news for three or four days.

The Amarillo paper gives Parmer County communities good coverage on our high school sporting events. We surely don't have any complaints there. But we don't get much recognition in any other area unless some problem crops up.

In Hereford, the Hispanic population has more than doubled in the last two decades. You don't have that kind of growth without some problems. But I'll just

betcha' that Hereford folks, given a little time, will get their problems worked out without help from outsiders of any color: white, brown or black.

State-of-the-art cancer center for children of the High Plains will soon be reality now that Charlene Holt, M.D., FAAP, has joined The Don and Sybil Harrington Cancer Center as Director of Pediatric Oncology.

Already Holt is seeing patients, and she will be the guiding force in the development of a comprehensive treatment program for children with cancer. Holt also will be involved in clinical research and the development of a cancer control program, to include both cancer education and screening for area residents.

As scholar, scientist and physician, Holt is recognized internationally for her expertise in research and treatment of children with cancer. She comes to Amarillo from Adria Laboratories in Ohio, where she was the associate director of clinical development in oncology.

Holt graduated Magna Cum Laude from Florida Southern College and earned her doctorate in medicine at the University of Miami School of Medicine. There she developed an interest in research and served as a summer research fellow in pediatrics.

After internship and residency at the Baptist Hospital and University of Tennessee in Memphis, Holt continued pediatric oncology Fellowship. She served on the staff of St. Jude's Children's Research Hospital, and was Assistant Professor of Pediatrics at the University of Tennessee School of Medicine.

Holt continued her academic career at the University of Colorado School of Medicine when she was selected as Director of Oncology at the Denver Children's Hospital in 1969. Five years later, Holt became the founding director of the Colorado Regional Cancer Center, a

comprehensive cancer care facility designated by the National Cancer Institute (NCI).

In 1975, Holt was commissioned to design a cancer control program for the state of Idaho. During that time she also served as consultant and director of pediatric oncology at the Mountain State Tumor Institute and later as director of the Intermountain Youth Cancer Center. Since 1978, Holt has been involved with the U.S. Army Medical Corps, consulting and directing oncology programs and research at facilities in the U.S. and Central America.

Holt's extensive consulting work includes everything from developing an oncology program in the Middle East to serving as technical medical advisor for television and films. She also has remained an active researcher, receiving several prestigious grants from the NCI and other notable sources.

Holt is a Fellow of the American Academy of Pediatrics, and a Diplomate of both the American Board of Pediatrics and the National Board of Medical Examiners. She is an international speaker and is substantially published. Holt also has been widely honored for service and contributions to the profession.

In our country, cancer is the leading cause of death in children, second only to accidents. Although the Harrington Cancer Center has been successful in developing a comprehensive program for adults in the region, the majority of children with cancer could receive only follow-up care at the Center. In the last five years, nearly 150 children have had to travel hundreds of miles away to receive treatment.

Bringing modern, multi-disciplinary care to children with

cancer in the High Plains is the goal of the Harrington Cancer Center's pediatric oncology program. In this region, an estimated 35 children each year will be diagnosed with cancer. The pediatric oncology program is a joint effort of the Harrington Cancer Center and the Texas Tech School of Medicine. A second goal is to develop a core curriculum for teaching medical students, family medicine and pediatric residents about the cancer problem and its management in children.

"Cancer in children is the great imitator, with symptoms such as a fever of unknown origin or a lump or bump. Any physician seeing children must be aware--without creating fear in patients," cautions Holt. "The techniques for early detection and prevention in adults are not feasible in children because the biology and types of tumors and leukemias seen are entirely different."

In the last 20 years, a tremendous amount of progress has been made in the diagnosis and management of these illnesses in children. Cancers such as Wilms' tumor have come so far that health care providers now are looking at minimizing treatment. Scientists and specially trained physicians throughout the U.S. have teamed up to design a variety of treatment protocols to answer basic science questions and provide state-of-the-art therapy in the child's home setting.

"Now the average child with leukemia has better than a 71% chance of surviving longer than five years and enjoying a relatively normal life with full activities. Twenty years ago, the survival rate in this illness was four to six months," Holt says.

The solid tumors of childhood treated aggressively with surgery, radiation therapy and appropriate

combination chemotherapy also are yielding cure in early stage disease. Children with all stages of Wilms' tumor, neuroblastoma, lymphomas and sarcomas have an overall survival rate of greater than 50%. Holt says major progress in cancer care, supportive care with blood component therapy, newer antibiotics, and specialized personnel in oncology services, psychosocial support and rehabilitation have improved survival rates and quality of life.

"By establishing a pediatric oncology program in the Texas Panhandle, we hope to deliver the latest, best care to children in this region. This means working directly with national cooperative pediatric research groups and the National Cancer Institute so modern medical care can be given nearer to the child's home setting.

In the psychosocial realm there are concerns about long term survival, interpersonal relationships, education and employment potential. The parents' feelings about participating in clinical trials and randomized studies must be considered in addition to the socioeconomic impacts on the family.

Holt sees increased collaboration with existing community resources such as practicing pediatricians and all physicians seeing children, the Ronald McDonald House, and crippled children's services.

Patients with diagnosis or suspected diagnosis of cancer now may be referred to the Harrington Cancer Center. Physicians may refer directly to the Center by calling (806) 378-HOPE, ext. 4117. New patients and those currently receiving treatment at distant facilities also may be referred by their physician.

Something Special For The Holiday Season From Sirloin Stockade

Take advantage of these special offers during the holidays!
