ANOTHER REASON FOR CUTTING WEEDS

The cotton hopper, which is doing great damage in many sections of the cotton belt, and more particularly in Texas, passes the winter months in the egg stage in the stems of Croton plants and other weeds. It hatches out in the Spring and feeds upon many varieties of common weeds, especially various kinds of horsemint, evening primrose, etc. After cotton has reached a fair growth and begins to bud it transfers its activities to that plant and eats off the bud.

If all the weeds along the fences and in the neighborhood of the cotton fields are destroyed early in the fall and kept down, it might prove troublesome for the hopper, or flea, to find a suitable place to lay its eggs. If weeds were destroyed early in the spring the fleas would have little to eat and many would die. The destruction of the weeds would also serve to destroy many hibernating boll weevils, besides adding to the appearance of the place, preventing many seed from blowing into the field and making work for the farmer. Weeds are a menace in many ways. It takes good farming to get rid of them.

FAMOUS CAP ROCK JERSEY FARM SOLD

Crosbyton, Aug. 1.—The famous Cap Rock Jersey Farm has changed hands. S. A. Guy, founder, who has been here several years, spending several hundred thousand dollars on the farm and light and power company, also founded by him, sold it to J. H. Roberson of Lorenzo.

Guy sold his fine Jersey herd some time ago and converted the acreage into a poultry farm. He has the farm stocked with English White Leghorns. There are 409 acres, seven residences, offices, dormitory, creamery, seven barns and 12 chicken houses on the farm. The well pumps 800 gallons of water per minute, and for water reserve there is a large ground basin and a 140-foot tower with large reservoir.

It's Easy to Kill Mosquitoes

Z-z-zing! Slap! But in a few seconds he's back again. Slapping at mosquitoes worries you more than it does them. And you could be entirely rid of them so easily! Simply close doors and windows and blow Bee Brand about the room.

Bee Brand Insect Powder will kill every one and it's easy and safe to use. It's a powder. It can't explode. It can't stain. It's harmless to everything except insects. You can use it in a puffer gun, or blow it in the air from a piece of paper. You can burn it in the room. It also kills Ants, Fleas, Flies, Roaches, Water Bugs, Bed Bugs, Moths, Lice on Fowl, and many other house and garden insects. Get Bee Brand in red nitro top cans at your grocer's or druggist's. Household sizes, 10c and 25c. Other sizes, 50c and \$1.00. Puffer gun, 10c. If your dealer can't supply you, send us 42c for large household size. Give dealer's name and ask for free booklet, "It Kills Them," a guide for killing house and garden pests. McCormick & Co., Baltimore, Md.

Last of the Lincolns Dead

Manchester, Vt.—Robert T. Lincoln, only surviving son of President Abraham Lincoln, was found dead in bed at his summer home here Monday. His death was discovered by servants who went to call him.

Mr. Lincoln, who had served as secretary of war, minister to Great Britain, and for years as president of the Pullman company, of late had been in feeble health. He would have been 83 years old August 1.

Simple funeral services will be here Wednesday. Later the family plans that the body of Robert Todd Lincoln shall find final resting place in a crypt at Springfield Ill., near the tomb of his immortal father.

Pains disappeared

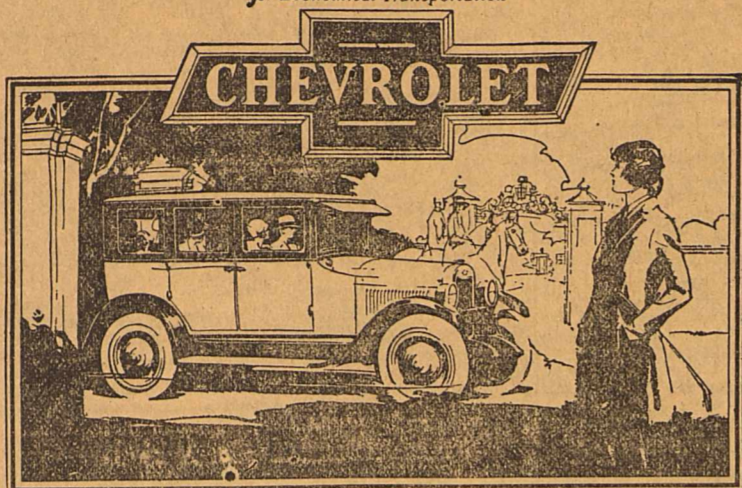

"SEVERAL years ago I was badly run-down," says Mrs. John Bunch, R. F. D. 3, Columbia, S. C. "I could not do any of my work. I was so weak I could not wash a dish. My back and sides hurt me at times dreadfully. I dragged around until I finally got down in bed." Then, explains Mrs. Bunch, she happened to read about Cardui, the woman's tonic, and decided to give it a thorough trial, the results of which she describes below:

"It seemed to reach the cause of my trouble at once. I did not take it long before my appetite began to improve. I gained in weight from 114 pounds until now I weigh 125 pounds. I soon was able to be up around the house. I took up my household duties and was delighted with my returning strength.

"I now do all my own work. The pains in my sides and back have disappeared and I feel like a different person." Cardui has been helping suffering women for nearly 50 years. Sold by all druggists.

WE'RE EXTRAVAGANT IN GOVERNMENT WHILE SCHOOLS ARE IN WANT

It has been announced that only \$12 per scholastic is available for the public schools of Texas this year, while there is a pressing need for at least \$15. Where is this extra money coming from? It is a difficult task to devise new ways of taxing the Government. The schools are indeed in need of better support, yet the tax rate has reached the constitutional limit and every special that can be devised seems to have been discovered.

Farm and Ranch has suggested and suggests again a way to support the schools and other State institutions without adding to the tax burdens of the people. Give Texas real honest-to-goodness court reform and enough money will be saved the people to double the scholastic appropriation without taking an extra dollar from the people. Put counties on a cash basis. Dispense with the pernicious fee system of paying officials, and turn all fees over and above the cost of paying salaries and office expenses to the school fund, and we could build high schools in every district within a period of ten years without issuing a bond.

Extravagance in Government has almost reached the limit and taxpayers are calling for reform. Already the move for court reform has received such momentum that it is bound to receive the attention of the Legislature. The move for better rural schools as advocated by Farm and Ranch, as it has and is advocating court reform, has aroused the interest of all intelligent citizens. These reforms are bound to materialize. To follow them must come a reorganization of our county Governments.

The people are paying enough taxes now to operate this Government in a most efficient way, but our archaic way of handling Government business, along with the opportunities for extravagance and graft, keeps the tax-eater's hand thrust deeply

into the pockets of the citizens, and thus far they have been unable to get rid of the pests.—Farm & Ranch.

THINKS OF TEXAS FRIENDS BUT CAN'T CUT LOOSE FROM ARIZONA

Concho, Arizona, July 31st, 1926. Texas Spur, Spur, Texas.

Dear Mac: Many thanks for your invitation to cut loose and come back, and for awhile I was tempted to consider it, but after mature deliberation and prayerful consideration I said, "Get thee behind me Satan, thou savoreth of the things that belong to this world. Now the cutting loose would not be much of a job, just shut the door and call the dog, but I am afraid I would misfit there now."

The last time I was in Spur I heard there was going to be a banquet at the preachers house for Baptist deacons, so without waiting for an invitation I just butted in and never thought of it until I got there. I had my pants in my boots and Bro. Miller and Godfrey looked over as much as to say: Say brother, haven't you left off the wedding garments. And it is even worse now for actually now Mc (this on the quiet) I eat my beans with a spoon, and besides, who would look after this end, for you see we have a little church organized here and besides I am superintendent of a Sunday School, a school trustee, and besides am in communication with the Governor of this State—so you see I can't leave. But I think Texas would be a fairly good

place to live now since "Ma" and Jim are out, but I have cast my lot in Arizona. If the Lord wills, I will stay here and help make this country go; but I think of you all often enough and sure appreciate my friends in that country but let's every man to his place to make the world better as we go along. As ever. Your friend.—G. W. Jackson.

Mexican Distress Under Roman Oppression

Texas Spur, Spur, Texas.

My Dear Mc: Recognizing the fact that you are fundamentally very democratic, especially in "freedom of the press" to all men, and knowing that you, Dr. Grace and Judge Cowan, lost your "Ma" "nippers" at the primary, I beg to hand you herewith something else to think about, as it will help you to contain your souls in repentance. It is this:

The Dallas News of August 6th has an editorial on the Mexican "holy war" a claus of which is this: The State Against the Church In Mexico

Mexico is astrir now with but a new manifestation of an old unrest. It seems a struggle between a pig-headed Government and excited religionists. But at the bottom it rests upon medievalism that Spain brought over 400 years ago. Of that medievalism the Mexican church had a natural part, grandees serving the church and the crown without question and sometimes without much distinction between the methods of the one and of the other. The peculiarity of the situation is that it has persisted in some details longer than we find it easy to realize. It is to be seen plainly in Mexico today.

Mexico's revolution has been to restore the peon the land.

How sublimely greater is a "pig-headed government" striving for human freedom and justice, than that of a Roman Priesthood falsely clothed with the liver of God, fattening on the misery, ignorance and slavery of the priest-ridden toiling masses of the Roman Church? The most abject slavery inflicted by cruel men upon the people in all history is that of the Roman despot, the assumed "Holy Pope" upon his toiling slaves of the Roman Catholic Church. May the hope of a pure, brighter Christian Era give us more presidents of the high conceptions of human liberty and just government as that of the Mexican Government, Calles.

All slavery and so-called legal oppression should be wiped off the earth by such noble minds as Calles, as the world's war has wiped all despotic military government from the face of the old world. A brighter civilization, through protest and education is coming fast, which will destroy the priestly and official burden of the people. Romanism destroyed the idolatrous glory of Rome, and the world's war destroyed the Romanized Monarchies of the old world and converted them into decent Republics and constitutional democracies, liberating the oppressed masses from the curse of ignorant military slavery.

Long live President Calles, in his fight for Mexican freedom and justice against the priestly oppression of the Mexican masses who are entitled to American sympathy and aid. America the tribe of Calles increase and America move the light of a better civilization.

President Calles knows the peril of the Roman Catholic Church is in the fact that it holds itself above and immune from the civil laws of all Republics, loyal only to the priests the pope or a monarch. For the good of our future all Romanism should be put out of our country. America needs great men like Calles to cut out the Catholic virus.

A solution to develop and bring peace to Mexico is for Mexican government under President Calles to give its long time note to these vast bodies of Spanish crown lands and divide them to the toiling peon, at cost, on long time; creating millions of happy homes to the people who deserve them. Then Mexico will develop into a happy Republic, a blessing of peace to church and state.—F. N. Oliver.

ESSEX ALL STEEL MACHINE MADE BODIES STAND TEST

Above—The new all-steel Essex coach, described as "strong as a steel building." At the lower left is shown a 400 ton press which stamps out entire doors with a single operation. At the right two men are proving sturdiness of car by riding on out-stretched doors.

Detroit—Any story of the new Essex all-steel coach is fundamentally the story of the \$10,000,000 body factory which produces the car. What the Hudson Motor car company has done in the manufacture of Essex bodies is to make craftsmen of machines; this is literally the fact. Giant machines do in a fraction of a minute work that the most highly skilled artisan, craftsman or artist could never hope to equal, from the stand-points of beauty and accuracy. The plant devoted to making the bodies expresses the industry's top mark in design and execution.

"Hand work" has long been a symbol of excellence of manufacture. Painstaking labor, directed by trained craft, has resulted in closest fit and smoothest finish. But machine

work supplants it when the machine is designed and executed so as to perform quickly and surely operations that far exceed the best of hand craft.

Essentially, the Essex body plant is an aggregation of pressing and stamping machines. Upon them are formed the component parts of the body, which are so accurately made that they fit without question. Their union into a rigid whole is accomplished with a speed and uniformity almost beyond belief. A cowl, a door or a corner of the body is fashioned on a giant press. The whole cowl is brought into being with one apparently effortless motion of the press that is exerting a force of 400 tons every time its plunger descends. The machine and the dies may represent \$100,000 worth of ability to manufacture with speed and exactness—an investment made with the certainty that the completed plant would function with the greatest precision and the highest attainable speed.

The Hudson officials say that the plant is unique in being the largest body building unit in the industry, and Hindman struck out. No runs, no hits, two errors. Sixth Inning. Jayton: Bilberry and McAteer singled in succession, Bilberry taking third on McAteer's hit. Hamberlin was safe on Wiley's error, Bilberry scoring and McAteer going to third where he scored while Wiley was throwing out Kennedy. C. Holley popped out to Holly. Johnson was out McAlpine to Lee. Two runs, two hits, one error. Spur: Wiley was safe on Tamberlin's error, Hawk going to third. Clay was called out on strikes. Lee singled scoring Hawk and Wiley. Lee stole second. McAlpine grounded out T. Holley to Kennedy, Lee going to third. Street singled scoring Lee. Hindman rolled out T. Holley to Kennedy. Three runs, three hits, one error.

Seventh Inning. Jayton: T. Holley singled. Brown struck out. Lane hit into a double play McAlpine to Clay to Lee. No runs, one hit, no errors. Spur: McMahan doubled and was thrown out when he tried to stretch it. Holly was out Brown to Kennedy. Hawk singled and Wiley grounded out Bilberry to Kennedy. No runs two hits, no errors.

Eighth Inning. Jayton: Bilberry walked and McAteer hit into a double play, Holly to McAlpine to Lee. Hamberlin grounded out to Lee. No runs, no hits, no errors. Spur: Clay was safe on Kennedy's error. Lee grounded to Brown who threw Clay out at second. McAlpine was safe on T. Holley's error, Lee going to second. Street popped out to Brown

without a single body builder employed in it. Strictly speaking, and using the word in the sense in which it is usually accepted, perhaps there are no human body builders. But the machines certainly are body builders in every sense of the word.

For the first time in the history of American industry, body building has been primarily a series of steel stamping processes; for the first time too, the bodies are being made on a 100 per cent progressive assembly system, already employed to such advantage in the manufacture of engines and chassis.

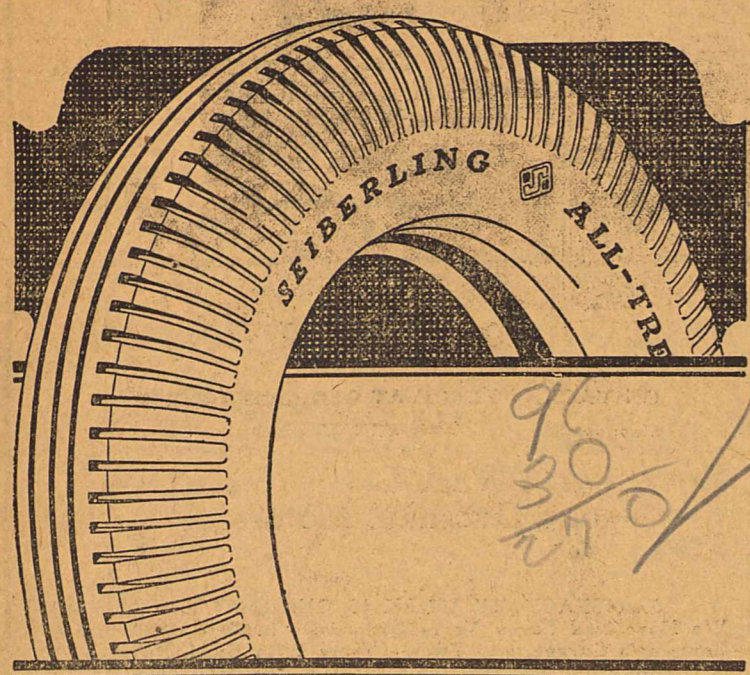

Everything in connection with the plant and other means of making bodies complete was laid out a year ago. On top of the \$10,000,000 in the plant proper, an investment of \$5,000,000 was made in bringing the other departments to a capacity that would measure up to that of the new unit. The plant and expansions were completed on schedule time, and on the precise day originally determined, a schedule of the new all steel bodies, to the number of 150, was put through.

Showers of Rain Fall in North Part of County Thursday This Week

Good showers of rain fell in Dickens, extending on through the north part of the county Thursday evening. In Spur only a light shower fell in the afternoon and during Wednesday night. The light shower extended on down south into Kent county.

The country is not really in need of rain. However, cotton crops are not doing well, throwing off much fruit and some stalks dying in places, attributed to excessive rains followed by excessively hot weather. The cotton flea is also doing damage, a number of crops not having scarcely any fruit except on top and ends of limbs.

SUNDAY SCHOOL PICNIC

Tuesday afternoon the pupils of Mrs. J. M. Foster's Sunday School class went on a picnic. The class met at the Methodist Church and went to Dickens Springs.

A delightful lunch was enjoyed by the following: Misses Callie Brittan, Tommy Adams, Gladys and Charlotte Hayes, Ora Johnson, Lena Snodgrass, Edith and Lilla Mae Ince, Lafayette Blair, Georgia and John Belle Hargrove and Mesdames J. I. Hayes, I. A. Smith, Byron Perry, Burton Whitener, and J. M. Foster.

Formerly Bale to Acre, Now One Bale to Ten Acres the Prospect

Paul Akin, of near Dickens, was in Spur Tuesday. He stated that the cotton crops on his place and in that immediate territory had dropped from a prospect of a bale to the acre to a prospect now of not more than one bale to ten acres. The cause is unknown, but is attributed by some to the cotton flea hopper. Mr. Akin says that neither the bolls, squares or blooms appear to be injured, but that the stem which holds them to the stalk first turns yellow, dies and the prospective fruitage drops to the ground. The crops of Harvey Holly and others nearby, are said to be in the same condition, there being no evidence of fruit on the stalk except right in the top.

Recheck of Primary Returns Show four votes between Holly and Waldrup in Race

A recheck of the votes polled in the July 24th primary, in the public weigher's race in precinct 2, shows a difference of only four votes between Holly and Waldrup, the vote by boxes being as follows:

Waldrup: Dunsan Flat 1, McAdoo 13, Dickens 71, Midway 34, total of 119.

Holly: Midway 39, Dickens 66, McAdoo 10, Duncan Flat 8, total of 123.

In the run-off to be held August 28th, J. A. Akin and Wat Holly will be the contestants.

16,000 Vote in First Republican Primary

Approximately 16,000 persons two weeks ago took part in Texas' first Republican primary, according to virtually complete returns announced Saturday, by Leonard Withington, secretary of the State Republican Executive Committee.

The total vote for Governor in 173 counties so far reporting is 15,330. Harvey H. Haines, Houston, supported by the Creeger faction, received 11,268 votes. E. P. Scott, supported by the Wurzbach faction, was given 4,072 votes.

For the first time nearly complete figures show that A. A. Lindsey of Franklin County won the closely contested race for the nomination for superintendent of public instruction over C. Garrett of Travis County. The vote was Lindsey 7,428; Garrett 5,783.

Lindsey was on the State endorsed by the state ticket committee of the recent Fort Worth conference. Garrett ran an individual race, but no fight was made on him and his name came first on most of the ballots.

On partial returns, which apparently will not be reversed, W. C. Hall, Lufkin, has a narrow lead over C. A. Lord, Beaumont, in a tight vote for the Republican congressional nomination in the Second district.

In the fifth District, Clinton S. Bailey, Dallas, leads Homer H. Hacker of the same city 523 to 221 in complete figures.

In the seventh partial figures show Sam R. Halstead of Texas City leading Willis G. Kendall of Palestine.

In the Fourteenth nearly complete returns show Harry M. Wurzbach, Seguin, nominated over Fred E. Knetsch, Seguin, 3,150 to 719.

Information Comes of the Death of A. C. Lewis in Cisco Wednesday

Mrs. Minnie Lewis received a message Wednesday informing her of the death of A. C. Lewis at his home in Cisco, which occurred Wednesday morning.

A. C. Lewis was known to many people of Spur and surrounding country, he having lived here a number of years, being engaged in the shoe repair business. For the past several years he has been living at Cisco, where he has been failing in health for several months. It is with real regret that we note the untimely passing of A. C. Lewis.

Co-Operative Shipment of Livestock Will Not be Made as Scheduled

Newt Cravey was in town one day the past week from his place on Red Mud. At the height of the recent oil excitement at the Deep Rock test, Newt had the opportunity to lease some six or eight hundred acres of his land at a good figure, but held it for the prospective higher prices. Personally we have butted in on the oil game, and in years past lost several hard earned dollars trying to ride the game through to profit but to the end that experience was the only returns of the investment. Our experience constrains us to say that the inexperienced and uninformed will profit by steering clear of the oil game, and by taking the other fellow's money. The oil business is a legitimate business and one of material benefit to the country, but since large capital is required and development programs so hazardous, the uninformed and uninitiated, is almost sure to fail in attempting to play the game.

Pains disappeared
"SEVERAL years ago I was badly run-down," says Mrs. John Bunch, R. F. D. 3, Columbia, S. C. "I could not do any of my work. I was so weak I could not wash a dish. My back and sides hurt me at times dreadfully. I dragged around until I finally got down in bed." Then, explains Mrs. Bunch, she happened to read about Cardui, the woman's tonic, and decided to give it a thorough trial, the results of which she describes below:
"It seemed to reach the cause of my trouble at once. I did not take it long before my appetite began to improve. I gained in weight from 114 pounds until now I weigh 125 pounds. I soon was able to be up around the house. I took up my household duties and was delighted with my returning strength."
"I now do all my own work. The pains in my sides and back have disappeared and I feel like a different person."
Cardui has been helping suffering women for nearly 50 years. Sold by all druggists.

He was accompanied by Mrs. Newt Harkey who joined Mr. Schwarz in Dallas, going on to Chicago, Philadelphia, St. Louis, New York and other Eastern and Northern markets to purchase fall stocks for the stores at both Spur and Hempstead. B. Schwarz & Son, like all other dry goods merchants of Spur, are expecting an extraordinarily large business this fall, and will make purchases in accord with this expectation. Spur merchants will probably have the largest and most complete stocks for the fall trade that has ever before been attempted, and if present crop indications and prospects materialize, Spur will do the biggest business this fall that has ever before been done.

C. R. Edwards is leaving this week for the Eastern markets to purchase fall stocks of goods for the C. R. Edwards & Co. business. He informed us before leaving that he would make purchases for all departments of the business with a view of furnishing every demand of the trade and doing an extraordinarily large business throughout the fall months. Present indications are that big crops will be made and consequently a big business is expected.

T. J. Williams, of east of Spur, was in the city the first of the week. Notwithstanding that the hails hit him, insects and other cotton pests threatening, he has prospects of a big crop of both cotton and feed. Regardless of crop harvests, however, he and family will "get by." He informed us that he will "get by."

M. F. Hagar, of Antelope, was in Spur Thursday of his week. Mr. Hagar won the democratic nomination by one vote in Kent county for County Commissioner of the Antelope and Redmud precinct. There were three candidates in the race, and the nominations were made by plurality rather than majority votes. No run-off primary, even for state candidates, will be held in Kent county. M. F. Spur-Roaring Springs Play Fast Game In Spur Tuesday

The Spur and Roaring Springs ball teams played a fast game on the Spur diamond Tuesday of this week, the score being 8 to 6 in favor of the visiting team. The game in detail follows:

First Inning—S. S.: Hogland felled out to catcher. Godfrey singled and was out at the plate when he tried to score on Mitchell's double. Stearns flew out to McAlpine. No runs, two hits, no errors. Spur: Harris struck out. Hawk was out at third to first. Clay got a life on an infield hit, stole second and scored when Sims overthrew third on the steal. Hindman struck out. One run, one hit, one error.

Second Inning—R. S.: Ellard was safe on Hindman's error, stole second and scored when Jordan threw wild to third trying to catch him. Hinson popped out to Holly. Dickinson struck out and Street was out pitcher to first. One run, no hits, one error. Spur: McAlpine flew out to left. Poke, Hawk, and Jordan struck out. No runs, no hits, no errors.

Third Inning—R. S.: Sims out to first, grounded, Hogland struck out. Godfrey flew out to second. No runs, no hits no errors. Spur: Carr and Holly struck out. Harris was out short to first. No runs, no hits, no errors.

Mr. and Mrs. W. W. Flournoy requested the Texas Spur to extend their thanks and appreciation to the public for the liberal patronage extended them while operating the Lyric Theatre, the business having recently been sold to Messrs. Victor and McNeese. Mr. Flournoy stated further that he and wife had become so attached to the town and the people that notwithstanding the sale of the picture show business they contemplate continuing to make Spur their home.

W. B. Foster and family returned Wednesday of this week from an extended vacation trip through the country, the trip being made while Mr. Foster recuperated from a protracted and critical illness. They were gone two months, and apparently, we are glad to note, Mr. Foster has completely regained his health, and will immediately resume the management of his hamburger and restaurant business next door to the Crockett barber shop on the east side of Burlington Avenue. Mr. Foster stated that he was glad to get back home, and added that the Spur people were the best people in the world and that he could never forget them for the kindnesses and consideration shown him during his illness.

Miss Ruth Maples left this week for Stamford where she will be employed as linotype operator on the Stamford Leader. The Stamford Leader, from all appearances, is planning big improvements—in fact the indications are that Mr. English plans to convert the Semi-Weekly into a daily. Stamford is growing and progressing, and so long as English is at its head the Stamford Leader will grow and progress with the town if it does not keep just a little ahead of it.

Craddock Extends Thanks For Fine Showing in Campaign

I desire to express my thanks to friends who gave me such a fine showing in my 10 days race for County Judge. Had not circumstances beyond my control prevented me getting in the campaign earlier there seems to be no question of my being in the run-off and final. I enjoyed the short canvass and my defeat has not left a tinge of bitterness towards anyone. Should circumstances be favorable I shall be a candidate for County Judge in 1928. Respectfully,
—W. A. Craddock.
