

"MY TURN"

By
Carol Ellis

MY BOSS SAID he was going to double my salary since I have been writing this column for five years now. Well, nothing times two is still nothing, but I guess it's the thought that counts. I think he was just trying to get me to fry some chicken for his supper. He knows that I'd rather write a column than fry a chicken anytime. I generally tell people that I earn three and a half a day. . . that's three meals and half a bed.

All of us who have small businesses in small towns do what we can to try to stay out of the red. You have to be pretty frugal during times of recession to keep from going under.

Yes, the newspaper is a business. It is in the rather strange position of being, not only a public service, and a news and advertising medium, but it is also a business with salaries to pay, printing costs, utilities, postage and other large overhead expenses.

A lot of small towns across Texas have lost their newspapers and radio stations in the past year because of the bad economy. The 1991 Texas Media Directory indicates that 23 newspapers and 35 radio stations have closed down.

Sometimes it seems that the small-town weekly is there mainly for historical purposes since the grapevine is strong and the phone lines are active. Most folks know about the really "big" happenings long before the local paper hits the news stands. Actually, the paper's function is supporting the people who make up the community. . . their births and deaths and all the events that happen in between.

The newspaper supports your local clubs and their fund raisers, tells about your church events, sponsors your Little League Ball teams, donates to your local charities, gives info on your local elections, tells the world when your children get married, when your grandbabies are born, goes to bat for you against unjust tax hikes, and fights for local improvements such as better roads, needed bond issues and industrial expansion, as well as providing an advertising medium which does not go directly from the customer's mail box into the trash can.

These are things that network TV doesn't do for you, and those pretty colored sales circulars send some money out of the community.

The old pioneer, Uncle John White, who started The Friona Star in 1925 and stayed on as editor for the next 25 years, went through some bad times during the great depression. At times he took no salary from the business in order to keep it running. He felt so strongly that the community needed a local paper that he accepted vegetables and eggs from people in payment for their ads and subscriptions. Now that's dedication!

Bill feels just as strongly that Bovina needs a newspaper as did old Uncle John White during the big depression, and he will continue to dedicate himself to offering you as good a product as possible during these tough times, believing that "We'll get through it if we all work together."

He'll need your support, too, your kind words, your news items, your advertising, etc. And I'll even do my part by frying a pan of chicken for him every so often, even though it's probably not good for his high blood pressure.

David Stevens of the Amarillo Globe-News says "There's no better buy than a small-town newspaper, especially if your name is in it."

Bovina's Estraca Triplets Featured

Triplets are very rare in our area but Bovina claims a set—three young boys who are twelve years old.

They are Jonathan, Jeremiah and Joseph Estraca. Their mother is Adella Estraca and the boys have lived in Bovina all their lives. They have four brothers and three sisters.

At birth the boys weighed two and one-half pounds each and were born in Plainview. They told us their mother was shopping that day in Plainview and that is why they were born there.

They are very friendly, pleasant, well-mannered young boys and always have a smile and ready to visit with anyone. We understand they make good grades in school and are very musically inclined.

Two of the boys play drums and the other plays a trumpet. All three boys sing in church and have pretty voices.

BOVINA TRIPLETS...The Estraca triplets are 12 years old, and have lived in Bovina all their lives. They are Jeremiah, Jonathan and Joseph, sons of Adella Estraca.

TEACHER AWARD...Chris Cupit, Special Education instructor, received the Chamber's Outstanding Teacher award.

Grady and his wife, Dorothy, have sung for over 250 occasions, including concerts, weddings, funerals, revivals and other ministries. He has made several mission trips to Mexico and Guatemala.

He and Dorothy recorded an album in 1978. They are parents of Phil of Burbank, California, Debra Beauchamp of Bovina and Ken of Bovina.

Dorothy Sorley has been named Woman of the Year. She was born in Olton and attended school there where she was a cheerleader and played basketball.

She taught Sunday School for twenty years and has worked in Bible School with the youth of the church, served as church hostess, and also traveled to Mexico on mission trips. She is a deacon's wife.

She and her husband have sung as a duo for about thirty years in their church choir. In 1978, they made a religious tape called "Sweet 'N Easy."

She is the mother of three children and she and Grady are grandparents of nine grandchildren.

Dorothy has spent many hours

working on the family farm with her husband and her hobbies are fishing and traveling.

Chris Cupit, Teacher of the Year, was born at Snowflake, Arizona, and moved to Bovina in 1974. She opened a beauty shop, Cupit's Clip and Curl, in 1976. Later she returned to college and finished college at Eastern New Mexico University in 1986, where she received her degree in home economics. She returned later and was certified for special education. She has taught school in Bovina for the past six years.

She and her husband, Bill, have four children, William, Jr. of Capiton, New Mexico, Billy Shawn of Ruidoso, New Mexico, Randee Jones of Lubbock and Missy Johnson of Bovina. They also have three granddaughters.

Margaret Terry, one of the Heritage Award winners, is better known as "Aunt Maggie" by the many children she babysits. She began her service when she became the wife of a minister and served over 50 years in areas of West Texas and Eastern New Mexico. She came to Bovina from Hedley in 1975. She has served in many capacities as teacher, counselor and friend. She has become well-known to the many area children because she kept them in the nursery at church or at her home and is loved by all of them.

The other Heritage Award winner was Jack Patterson, who was born in Blue Ridge, Georgia. He was the eleventh of nineteen children and moved to Parmer County in 1949. He was a farmer from 1949-1985. He has served as Parmer County Commissioner, president of the Parmer County Game Management Association and received the District and Regional Soil and Water Conservation Award for

Area Gets Rainfall

The area received some moisture on Monday night but mostly showers around the country. There was a lot of lightning and thundering and the amounts of rain reported were about the same everywhere.

William Gromowsky reported receiving about one-fourth of an inch near Hub, 7-1/2 miles east.

J.C. Redwine said they only had good showers twelve miles south on their farm.

On the Jerry Roach farm five miles south and three east received about one-fourth of an inch.

The Sherley-Anderson Grain Elevator twenty-one miles northeast reported receiving a good shower in the Rhea community.

In the city of Bovina, two-tenths of an inch was reported.

911 System Now In Use

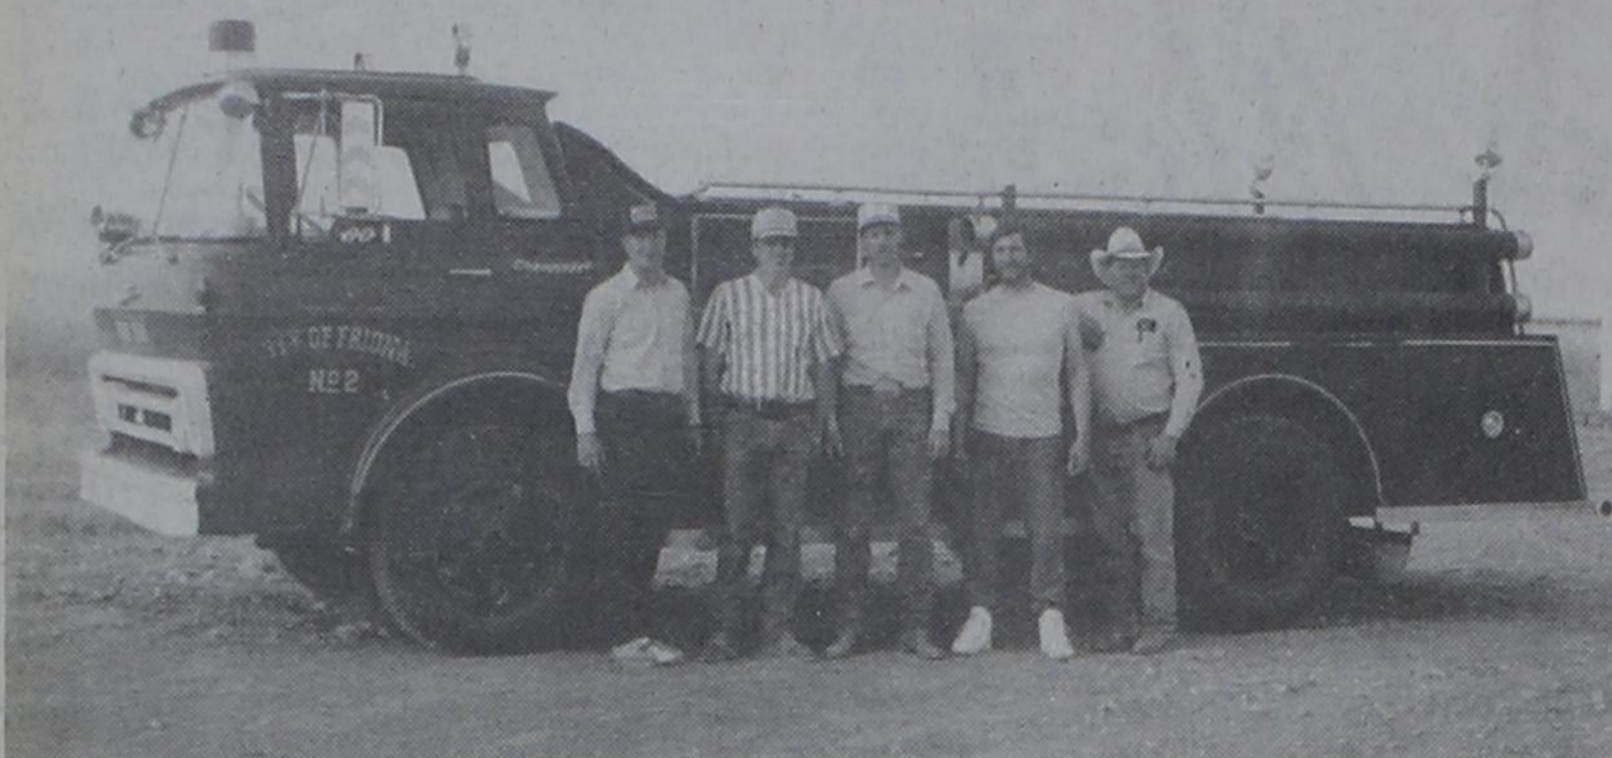

Residents of Bovina can now use the 911 emergency system for ambulance and fires.

Calls made to 911 go direct to the county's dispatcher in Friona, and that dispatcher sends out the ambulance or fire truck.

"911" works on a 24-hour basis.

City officials say it isn't necessary to call 911 for a policeman in Bovina when they are on duty. That number is 238-1133.

For the emergencies, just dial 911. You don't have to dial a "1" or any other prefix.

RHEA-HOLLENE FIRE TRUCK...The Rhea-Hollene Community has organized a fire department for that area. They received a fire truck from the Friona Fire Department recently. Pictured by the truck are: (left to right) Dr. Dale Schueler; Fire Chief Glen Shirley; Curtis Allen, secretary; Jim Zaikowski and Herbert Schueler.

Rhea-Hollene Organize Fire Department

Organization of the Rhea-Hollene Volunteer Fire Department has steadily progressed since October, 1991, when Friona offered to give the communities a fire truck.

The new department was organized and chartered in January, 1992. Parmer County Commis-

sioners voted to fund the department the same as other departments in the county.

A fire truck from the Friona Fire Department was received by the Rhea-Hollene Department, February 28, 1992. The department has received a 5,000 gallon tanker from the Texas Forest Service and expects another truck from them in a few weeks.

Friona, Bootleg, Texico and Pleasant Hill fire departments have helped the new department with training and equipment. Sherley-Anderson Grain has insulated a space in one of their buildings to house the fire truck for the communities.

Several department members are participating in a Firefighter I class being taught at the Texico Fire Department. Members have also attended training programs in Canyon and Friona.

Rhea-Hollene Volunteer Fire Department now has 22 members: Glen Schueler, fire chief; Ricky Taylor, assistant fire chief; Curtis Allen, secretary; Danny Allen, training officer; Joe Allen, Floyd Cherry, Randy Cooper, Rodney Jenkins, Boyd Pipes, Chris San-

ders, Floyd Schlenker, Dale Schueler, Floyd Schueler, Gene Schueler, Herbert Schueler, Mitch Terry, Spencer Turner, Terry Widner, Jim Zaikowski, Mark Harrison and Chuck Widner.

Dr. Jansen Attends Austin Meeting

Senator Carl Parker called a special summit of all Texas superintendents and representatives to discuss public school finance. This meeting was held in the LBJ Library in Austin on Friday, March 13, 1992.

Approximately 1000 superintendents from the over 100 school districts in Texas attended the meeting. Among those attending was Dr. Michael Jansen, Superintendent of schools for the Bovina I.S.D.

The purpose of the meeting was to provide information and to create a climate in which a consensus for a permanent school finance solution could be reached.

Senator Parker welcomed everyone to the meeting and gave a brief overview of nine legislative options.

The nine options included district consolidation, statewide property tax, the penny pool, recapture, the Culberson Plan, Split Property Tax, County Unit System, Maintain the current system with a constitutional amendment, and educational funding litigation. He said this plan would erode our three part check-balance government and should not even be considered. He then introduced Governor Ann Richards as the first speaker.

Governor Richards said the state had to produce a plan that would:

1. be revenue neutral (Unlike the Federal government, the state cannot spend more than revenue received).
2. stay as close as possible to the funding level as SB 351.
3. give quality schools additional funds.
4. not tinker with current state mandates.
5. not place caps on spending, and
6. not include recapturing funds from one district to another. The plan would require passing a constitutional amendment with 100 votes in the House and 21 votes in the Senate. She also believes that consolidation of schools is the best answer but is political suicide.

The next speaker introduced was Lieutenant Governor Bob Bullock. He said the consolidation of schools in Texas answers every question in the court case. There would not be any new state money this year or for the next two years.

The people of Texas are not in the mood for any new taxes because the Texas economy is sluggish and

property taxes have increased throughout the state. He said we must budget within our means and finance schools with only the money level currently available.

Speaker Gib Lewis was the next to address the superintendents. His plan would call for the consolidation of the current 1,055 school districts into 188 school districts with the boundaries of the current County Education Districts. The board of trustees would be elected from single member districts.

This plan would not call for a constitutional amendment and would abolish current school districts. Each local campus would be managed by a site-based management committee of parents, teachers, students, and the principal. Everyone would be given their own choice of school they wanted to attend.

Up to this point everything was directed towards consolidation. The next person to address the superintendents was Dr. Carolyn Crawford, Chairperson of the State Board of Education. She said all students need access to a permanent solution of finance. "We need strong financial support because we are currently spending \$1000 per pupil less than the national average. We should have flexibility for local input and high cost students. We must have stability for at least a five year period so we can make long range plans," Dr. Crawford said.

Jim Oliver, Executive Director for the Legislative Budget Board gave an overview of the Texas Economic Forecast. Simply stated, no new money in Texas and we are currently operating below the expected revenue in Texas and all schools will experience proration this year (a reduction in expected funds on a per pupil basis).

Senator Parker ended the day with a charge to all of the superintendents present. The superintendents should be the people responsible for developing a finance plan for Texas schools. We can also be responsible for communicating with the public the options and whatever plan is developed.

"I will try to keep our teachers, the school board, taxpayers, and members of our community posted on what is happening in Austin," Dr. Jansen said.

Land Bank Reps Attend Meeting

Representatives of the Federal Land Bank Association (FLBA) of Muleshoe were among more than 500 attendees at the Farm Credit Bank of Texas 1992 Annual Meeting for FLBAs, according to Association President William C. Liles.

In addition, the district bank returned \$14 million in patronage refunds to district FLBAs last year to help them build financial strength.

The FLBA of Muleshoe has \$25 million in long-term agricultural loans to farmers in two counties. The office is located in Muleshoe, Texas.

Facts About The **BIBLE** *BY JOHN LEHTI*

HOW JESUS VIEWED SELF-RIGHTEOUSNESS

JESUS STERNLY REBUKED SELF-RIGHTEOUSNESS WHENEVER HE CAME UPON IT. THE BOASTFUL PHARISEE WHO THANKED GOD FOR MAKING HIM BETTER THAN "COMMON MEN" WAS A CASE IN POINT. ACTUALLY THE SINNING PUBLICAN WHO ASKED FOR MERCY WAS MORE BLESSED IN GOD'S SIGHT THAN THE PHARISEE. (LUKE 18:13) LIKE THE PUBLICAN, THE HUMBLE, SELF-EFFACING PETITIONER FOR GOD'S GRACE RECEIVES A GREATER REWARD THAN THE SELF-IMPORTANT PHARISEES OF THE WORLD.

Looking Up!

By Richard L. Grisham

At our BJD open house, Sue Nuttall, our elementary principal, handed me a sign-up sheet for "Pull the Plug and Read." This is a reading program being promoted locally for grades K-5. She reminded me that I had recently preached a sermon about the influence of too much TV on our kids, so what was I to do? I signed up!

Julie and I have been shutting down the "bloom tube" for thirty minutes, four days each week, to read. Really, I am very grateful that our schools are promoting this excellent emphasis.

The sermon that Sue referred to was "TV: The Molding of the American Mind!" My text was Romans 12:2, "And do not be conformed to this world, but be transformed by the renewing of your mind..."

My point (preachers always have three points and a poem!) for the message was that network television programming, which is controlled by a few elite in the industry, has greatly shaped the minds of the present generation.

We live in a TV-saturated culture. We are no longer a print society! And there are some grave dangers involved in letting your child grow up to be a "TV couch potato." Let me share with you six basic dangers of overexposure to television.

1. There is the danger of letting others do your thinking for you. Every show comes from another person's mind.

2. A danger exists of living out in a secondary way the experiences of fictional characters rather than living out life for oneself. In other words, when we are absorbed in TV we are literally experiencing indiscriminately someone else's mental

It's A Boy For Wares

Pat and Donna Ware are the parents of a son. The infant was born March 18 at 1:41 p.m. in the Clovis High Plains Hospital.

He has been named Jake Thomas and weighed five pounds, fifteen ounces and measured twenty and one-half inches long.

The couple has another son, Justin, who is four years old.

Grandparents are Tom and Sandy Ware of Bovina and Jim and Kay Wilcox of Tucson, Arizona.

Great-grandparents are Jerry Ware of Bovina and Betty Kincaid of Colorado Springs, Colorado, and L.E. and Gladys Wilcox of Waynoka, Oklahoma.

processes and their version of reality rather than our own.

3. Turning on the TV is to invite into your home those who often hold to a different value system than what you want your children to learn. Believe me, what you see on television is just as refined, processed, packaged, edited, and manipulated as any food product on the grocery store shelf! TV is more of an "indoctrinator" than an "educator"!

4. There is the danger of not rationally discerning what you see. Television is truthfully "the mindless media." In a quiet, dark room with few distractions one can literally be hypnotized by the bright, flickering images on the screen. Psychologists have shown that being thus mesmerized leaves the mind open and vulnerable to the power of suggestion.

5. TV often presents negative and damaging messages to children. Violence, murder, profanity, promiscuous sex, materialism and dishonesty come through loud and clear! Often, these acts are portrayed without reference to any ongoing consequences or penalties. This is unfair and unrealistic. Even some of the documentaries and shows portrayed as historical are nonfactual and distorted.

6. Too much TV can rob you of important family time and interaction. If you don't think TV is addictive, try doing without it for a whole week!

All of these dangers should be of major concern to parents and to the Christian community. We must not let our children watch TV indiscriminately! Guidelines concerning times, length of viewing, type of programs watched, etc., should be established by parents and enforced. And it's my own personal conviction that if it's not fit for my kids to watch, I shouldn't be watching it either!

Why not be creative? Do other things with your kids and let the TV set cool down. Need some suggestions? How about these: read a book, go to the library together, go for a walk, enjoy a family bike ride, have a picnic and go to the zoo, play "Horse" with the basketball in the driveway, look at the old family picture albums together, work on a jigsaw puzzle, turn off the tube and enjoy the beauty of a West Texas sunset, get an astronomy book and star gaze together, and whatever happened to croquet?

Finally, why not set aside a weekly time for family prayer and Bible study? This will turn your eyes away from the TV and keep you looking up!

When you wake up on Sunday, April 5, the first day of Daylight Savings Time, remember this message from the National Association of State Fire Marshals: When you change your clocks, change the batteries in your smoke detectors.

Ignoring your smoke detector raises your risk of death or injury. Studies show that most fires smolder, sometimes for hours before they burst into flame. Once the flames start, you have only about five minutes to rouse your family and escape—if you're lucky.

It is essential to have at least one smoke detector on each level of your home and it is very critical to place smoke detectors in the children's rooms.

These are thoughts to bear in mind on the morning of April 5 as you move from room to room setting your clocks an hour ahead and replacing the batteries in your smoke detectors.

You're not only saving daylight, you also could be saving your life.

Joe Looney has been hospitalized in Parmer County Community Hospital in Friona. She said she went to the doctor on Saturday and on Sunday morning she became ill and they admitted her to the hospital. She is in Room 8 and said they are running tests.

Rosa Roberts was taken by ambulance to the Friona hospital on Monday morning and tests are being run.

We congratulate Tom and Sandy Ware on the birth of a grandson, Jake Thomas. He was born March 18 and has a brother, Justin, who is four years old. Their parents are Pat and Donna Ware.

Also, congratulations to Jerry Ware who is the great-grandmother.

Donell Garner is out of the hospital and back in Lubbock in school. She was on spring break last week from Texas Tech and had to spend most of that time in the hospital but her condition has improved. She is the daughter of Keith and Laqueta Garner.

Candra Murphy's nephew has been visiting in Bovina. He is eleven-year-old Blaine Griffin of Portales and has been on spring break.

John and Elouise Dixon had a good time with grandkids visiting last week. Scott and Erin Dixon came from Lubbock. Their parents are Mike and Sharon Dixon. Chelsy came from Hereford and her parents are Gail and Kent Blain.

Holli Read, daughter of Dickie and Bonnie Clayton, is in Bovina with her parents recuperating from pneumonia. Holli said she had been sick for three months and they finally diagnosed it as being pneumonia. Her husband, Mike, came to Bovina over the weekend. They live in San Angelo and Holli works as a speech pathologist at West Texas Rehab in San Angelo. Her mom, Bonnie, went to San Angelo and spent a week with her and brought her back to Bovina.

Dot Roach is home and her condition is much improved. She said she was suffering chest pains and entered the Clovis hospital on Tuesday of last week and was released on Thursday. She said they ran tests and even gave her blood thinner shots in the stomach. Dot had suffered a heart attack a few months ago and was cautioned about any type of chest pains, so she had to be careful.

Virgie Adams is now taking physical therapy at the John Knox Village, 1717 North Folk St. in Lubbock. We understand the name has been changed and are not sure what it is called now, but if you want to send her a card you can mail it to her daughter Martha Jackson's home at 2903 76th Street in Lubbock, 79423. Virgie suffered a broken leg several weeks ago. You can call her at the nursing home and the number is 796-2040.

Levi Steelman was hospitalized four days in the Clovis High Plains Hospital last week with a stomach bug. He was released and is back in school. His parents are Joe and Esther Steelman and when I called to check on Levi, Esther said she had just returned home with son, Jake, who is six years old and in

the first grade.

Jake had been running and put his hand through the window in the principal's office and had to have 30 stitches. He was taken to the hospital at Muleshoe but Esther said things are under control, one more time.

Joe Pat Wright and family have been visiting in Bovina with Joe Pat's parents, Woodrow and Gladys Wright. Joe Pat, his wife, Dana, and their young son, Austin, were in Bovina and also in Clovis visiting with Dana's parents, Mr. and Mrs. Donnie Morris. Joe Pat coaches at Lockney and Dana teaches school.

Mae Dunn of Chatsworth, Georgia is in Bovina this week visiting with her daughter, Nancy, and also her brother, Jack Patterson. The family attended the Chamber Banquet together Thursday evening.

Nelline Spicer, her daughter, Nena Veazey of Hereford, and her daughter, Kylee, spent a fun day in Amarillo last week. The ladies had dinner at the Olive Garden and went shopping. Nena is assistant principal at a Hereford elementary school and her husband, Mike, is employed at Deaf Smith Electric Company.

James and Sandra Clayton enjoyed having their son Mark and his friend, Ann, over the weekend. They enjoyed eating out and the youngsters rode motorcycles and attended church Sunday. Mark is employed as an engineer at Texas Utilities in Monahans.

Shelby Rhodes and daughter, Mendy, of Abilene were in Bovina last week visiting with friends, and also visited in Friona with her in-laws. They are former residents. On Thursday of last week, Shelby and friend Sandra Clayton enjoyed eating out and visiting in Clovis.

Vernon and Dottie Ward had a good time with members of their family visiting. Their daughter, Billie, and her husband, Ken, were here from Amarillo; their granddaughter, Kathy, and her daughter, Kiley, were visiting and Billie's daughter, Sharon, and husband, Jason, visited from Amarillo. The Amarillo visitors brought a smoked turkey for Sunday dinner.

Billy and Kathryn Harbison are visiting in Bovina. They have a home here, but spend this time of

Families Needed As Hosts

Foreign high school students will be arriving soon into the Bovina area for homestay programs, and the sponsoring organization is looking for a few more local host families.

According to Pacific Intercultural Exchange (P.I.E.) Executive Director, John Doty, the students are all between the ages of 15 and 18 years, have their cultural experiences with their new American families. P.I.E. has programs that range in length from two weeks in the summer to a semester and full academic year, where the students attend local high schools.

P.I.E. representatives match students with host families by finding common interests and lifestyles through an informal in-home meeting. Prospective host families are able to review students applications and select the "perfect match". As there are no "typical" host families, P.I.E. can fit a student into just about any situation, whether it be a single parent, a childless couple, a retired couple, or a large family.

For the upcoming programs, P.I.E. has students from Spain, Germany, Yugoslavia, Italy, Argentina, Brazil, Colombia, new Zealand, France and other countries. P.I.E. is a non-profit educational organization that has sponsored more than 15,000 students from 18 countries since its founding in 1975.

Bovina area families interested in learning more about students exchange or arranging for a meeting may call P.I.E.'s International Headquarters toll-free at 1-800-245-6232.

year in Weslaco at their home there. Their three daughters live in Bovina so they get back pretty often.

We congratulate grandparents, Monty and Bonnie Barrett and Vernon and Frances Willard, on the birth of a granddaughter, Taylor Renae, who was born March 15. Her parents are Karl and Beverly Barrett of Lubbock and this is their first child.

Anita Guest celebrated her birthday in recent days at Elton's and Marie's place on the highway. The party included pineapple cake, angel food cake, ice cream, chips and dip. Hosting the event were Jean Wiseman, Carrie Melear and the Venables.

Those attending were Dean and Juanita Hastings, Pearl Murry, Nettie Lea Wilson, Earl and Norma Whitten, Arlene Russell, Ute Ross of Dimmitt and her children, and

Helen Blalock. The room was decorated with banners and balloons.

Dr. James and Sandy Guest of Tucumcari were in Bovina visiting for a couple of days. They spent time with James' dad, Jim, and Anita Guest. They came on Friday and left Saturday evening.

Alan Hromas of Clovis, son of Greg Hromas, and Lou Ann Walling were in Bovina over the weekend. Alan celebrated his sixteenth birthday on St. Patrick's Day, March 17.

DID YOU KNOW that March is National Peanut Month? Americans eat enough peanut butter each year that if spread would cover the bottom of the Grand Canyon. It takes 540 peanuts to make one 12-ounce jar of peanut butter.

Have a good week, and thanks for calling—Scooter.

This man always has a smile and handshake for everyone he meets, and, of course, his hobbies are fishing and hunting.

Patterson and his wife, Ona, have two daughters and three grandchildren. He said they have two grandsons and one grand "darling."

The Youth Awards were received by Grace Uriegas, daughter of Ruben and Tina Uriegas, and Jamie Graves, son of Dale and Cathy Graves.

Grace is a senior and is currently serving as Student Council president, C.Y.O. treasurer and secretary of the Catholic Church Parish Hall. Among several academic awards she has received, are the Who's Who Award and the honor roll all four of her high school years.

Jamie is also a senior and has received several academic achievements. He took third place in the State Computer Contest, played basketball four years and served as football manager. He is a member of the National Honor Society, JETS, which is a Science Club, one-act play and was on the honor roll all four years.

Other candidates for the outstanding youth award were (girls) Donna Griggs, Nita Marshal and Stephanie Rackley. Other nominees for the outstanding boy award were Cain Neal, Corey Kirkpatrick and Hugo Renteria.

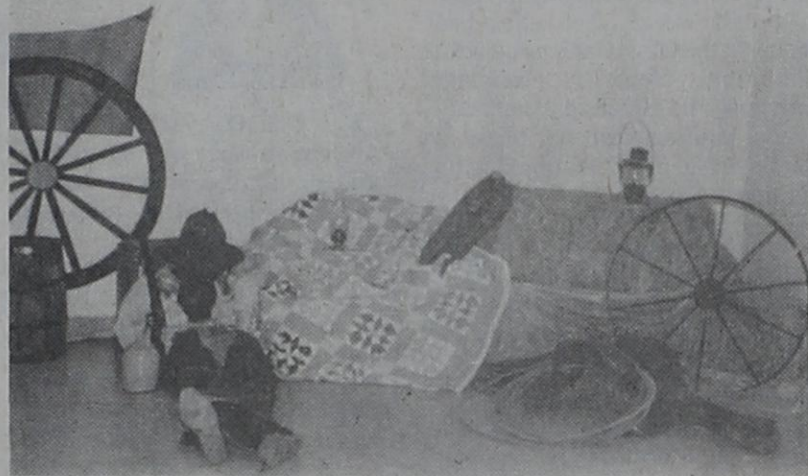

Dr. Kenneth Wyatt, the banquet speaker, kept the audience in stitches with his quick-draw, fast-paced humor.

He is one of America's foremost artists and his paintings were on display at the Bank the day of the banquet. He is best known for his Western and Christian art. He is also an author, poet and illustrator of several books.

ways we could feel positive about Bovina. He said the B-is brag about our town; O-onesness in faith, family and especially in the community; V-is for vision and knowing that everything is going to come out alright and believe it; I-

means get involved in your community; N-means nice and you can get a long way with a smile and giving of yourself along with helping others; A-means art and style about your job, chamber, school and town. Take pride and be the best you can be.

During the banquet, the businesses and family memberships were recognized. Eleven members of the home economics department served at the banquet and did a super job to serve so many.

The steaks were delicious as always and were cooked by Mike Beauchamp, R.L. Hopingardner, Don Murphy, Jay Sherrill, Mike Jansen, Woodrow Wright and David Murphy. The meal was prepared by ladies at the cafeteria and also members of the chamber. About 300 steaks were served to local residents and several out-of-town guests.

Charolette Cockerham was in charge of decorations.
