Meeting Held Tuesday To Discuss Building of a \$50,000 Municipal Hall in Spur

A meeting was held Tuesday night of this week by the citizens of Spur to discuss the proposition of building a Municipal Hall in the City of Spur.

It was decided to hold an election for the purpose of voting \$50,000 bonds for its erection. The proposed building will have a seating capacity of 2000 and also contain the offices of the city officials, county agent, etc. It will be erected on the quarter block across from the Spur Hotel and the Harrington residence. This property was recently acquired and improved by the city.

Dr. J. O. Rogers of Vernon Moving to Spur This Month

Dr. J. O. Rogers, a prominent physician of Vernon, Texas, was in Spur this week arranging to move here with his family. He will establish an office in the City Drug Store.

Dr. Rogers expects to be established by the 10th or 15th of November.

The Pursley Ranch Being Developed For Oil.

Mrs. Gertrude Pursley and daughter, Thelma, were in Jayton Wednesday and informed our reporter that the contractors were now on the ground and placing their first rig for drilling four test wells on the ranch near the shallow gas well drilled near the ranch house some three years ago. The first location is just east of the old well. Their contract calls for three shallow test all to be drilled or drilled within 90 days.

No doubt this is very important development work for this territory. Evidence was found in the old well of mineral salts with extraordinary strong potash content as well as strong evidence of enormous gas reservoir at extremely shallow depth. These tests will be watched with interest by folks from here of New York city and may mean the placing of Jayton in the worlds spotlight—heres hoping.—Jayton Chronicle.

Mrs. Nellie Davis and Mrs. Geo. M. Williams returned this week from El Paso, where they have been to attend a convention of the Eastern Star.

Spur Bulldogs Win Over Rule By Score of 49 to 0; Will Meet Post Today at 3:30 for Game at Park

Local Team Defeated Post In Game By Three Touchdowns At Last Meet

The Spur Bulldogs, Spur's local high school football squad, lived up to the name they have chosen last Friday when they met the Rule eleven at that place. By dint of much effort they were successful in rushing through their opponents' line and piling up an enviable count which totaled 49 at the conclusion of the tilt. Iule, it is understood, was not fortunate in scoring the necessary touchdowns and it is painful to chronicle, were unable to least a single point. However, they put up a game battle.

Instrumental in the victory was the plunging of Puckett, Bulldog half back, and the splendid tackling of Capt. Foreman and Gaines. In the course of the melee, Ruckles,

New System Puts Both Lines on the Same Poles

LEGAL COMPLICATIONS ARISE

The West Texas Utilities Company and the Southwestern Bell Telephone Company working in connection, Tuesday of this week began the reconstruction and rebuilding of their distribution and service line systems in the city of Spur.

The new system will have the power and light wires and the service lines of the Telephone System on the same pole, thus eliminating the necessity of two sets of lines throughout the city. The phone lines will be tied eight feet below the electric lines, and where practical will be run down alleys instead of streets.

A crew of about 40 men and several trucks cranes are at work on the reconstruction and it is expected to be complete within forty or sixty days.

This construction work is being done contrary to the provisions of a city ordinance published last week prohibiting the use of city property by any company not having a franchise. However, a temporary injunction was granted by Judge James C. Wilson, of the Federal Court at Abilene, restraining the enforcement of the ordinance.

The Abilene Reporter states: "Legal differences between the West Texas Utilities Company and the city of Spur were thrown into the federal court here Tuesday when attorneys of the company presented an application for temporary injunction against Ned Hogan, mayor of Spur, J. E. Johnson and C. A. Love, city commissioners, E. J. Cowan, city attorney, C. W. Denson, city marshal, and Fairbanks, Morse and Company, a corporation.

The petition accompanying the plea for injunction recited that its purpose is to prevent enforcement of a city ordinance passed by the Spur council and alleged to be an attempt at cancellation of all franchise rights of the West Texas Utilities company in Spur.

Judge James C. Wilson issued a temporary restraining order and set down the case for hearing at Port Worth on Friday, November 9.

The West Texas Utilities, so the plaintiff's petition recites, is operating in Spur by authority of a reservation of the townsite for the use of its streets and alley for electric light lines and similar purposes.

J. A. Kerley was in the city Tuesday of this week.

BOX SUPPER TO BE HELD AT HIGHWAY, NOVEMBER 9.

A box supper will be held at the Highway School House on Friday night, November 9th. The purpose of the supper is to raise funds for needed improvements and equipment for the school.

This will be a real old-time box supper and everyone is invited to come out and enjoy themselves and contribute to a good cause.

E. T. Sheridan Shot Near Jayton, in Spur Sanitarium

E. T. Sheridan is in Spur Sanitarium, suffering from shotgun wounds in the chest and stomach, the result of a shooting which occurred at the Barbee place seven or eight miles south of Jayton late Wednesday evening. Grandpa Barbee, 72, is charged with the shooting, the weapon being a 410 gauge shotgun loaded with number four or six shot.

It is reported that Sheridan and a man named Cade, also of Jayton, were at the Barbee place when a disagreement took place between Barbee and Sheridan. Sheridan, it is alleged shot at Barbee twice with a 38 calibre pistol, neither shot taking effect; Barbee, firing only one time. Sheridan was found later in an unconscious condition near a farm home about a mile and a half from the scene of the shooting and was immediately taken in for medical treatment. His condition at present is not critical and if complications do not set up, his recovery is assured.

The cause of the shooting is not known.

The public is cordially invited to attend.

Report of Cotton Weighed in To Nov. 1st. at Spur Yard

To November 1st, 1928, 3,337 bales of cotton had been weighed in at the Spur Cotton Yard.

This is in comparison with 10,304 the number of bales weighed in at the yard to the same date last season.

While the number of bales ginned so far this year is only about a third of the number ginned last year, it is more because of the lateness of the crop than the shortness, and it is probable that the proportion will be changed as the season progresses.

South Plains Music Teachers Association to Meet Here November 2nd and 3rd.

The South Plains Music Teachers' Association will hold their sixth annual meeting here Friday and Saturday of this week.

Miss Lena Bell Scudder, music teacher of the Spur High School, is hostess to the convention.

An important event on the program is the Clark-Whitlock recital to be held at the High School Auditorium Friday night.

GRANDMA KEATON DIES AT HOME IN HUBBARD

Mrs. Ray Sanders, Sunday, received a message of the death of her grandmother, Mrs. Keaton, at her home in Hubbard City. Grandma Keaton was over 80 years old at the time of her death and it was not wholly unexpected.

Grandma Keaton is well known and loved by many people in this community and they will be grieved to learn of her death.

First Shipment of Municipal Light and Power Plant Arrived in Spur Tuesday Evening of This Week

COLD WAVE ACCOMPANIED BY RAIN HITS SPUR

Sunday night of this week a cold wave accompanied by rain hit here, the rain continuing until Wednesday night. A total of over an inch and a half is reported in this immediate vicinity. Reports show that the rain and cold weather covered the greater part of Texas and Oklahoma. This spell is causing considerable delay in cotton picking which is in full swing in this section but is furnishing an excellent season for wheat and winter pasturage.

Dr. E. D. Salkeld to Speak Here Monday Night in Interest of "Hoover Democrats"

Dr. Salkeld, of Abilene, will deliver and address in Spur next Monday evening in behalf of Herbert Hoover for President. This is by authority of a telephone call just received from A. E. Ewell, of Abilene, chairman of the Hoover for President organization in that city. Dr. Salkeld is speaking in the place of Dr. Jenkins, who, on account of sickness, will be unable to be here.

SWIFT GIN AT JAYTON CLOSES FOR THE SEASON

Due to the short cotton crop this season, the Swift Gin at Jayton has closed down for the year.

Plant to be Erected on Lots Block North of Depot.

The first shipment of the new Municipal light plant, which will be erected and put in operation in the City of Spur, arrived here Tuesday of this week. The new plant will be erected on the lots one block north of the depot and its construction will begin in the near future.

The City of Spur recently contracted with Fairbanks, Morse and Company for the construction of a light and power plant to be paid for out of the earnings of the plant. The plant will cost something over \$100,000 and is to be paid for in 72 monthly payments, after which it will become the property of the city.

Subject: Winter Pasture and Dairy Cows

Dear Farmer Customers:

Some of us are prone to complain about the bad weather we have been having the past few days, when in reality it is a blessing in disguise. Why not turn this splendid rain into an asset immediately by sowing from 5 to 15 acres to wheat, barley, or rye for winter and spring grazing for those dairy cows? It will cut your feed bill practically half and increase your cream checks and egg production substantially.

A few acres of winter pasture on every farm would mean a lot of money to you personally and thousands of dollars to Dickens County.

We are just dropping this thought for what it might be worth to you and to the County in general. If you think well of this suggestion, please mention it to your neighbors.

Good seed wheat can be procured from your local grain dealers.

The Chamber of Commerce will have another car of Registered Jersey cows and heifers soon. Watch your paper for further announcements.

Every purchaser of a new Ford is entitled to Free Inspection Service for the first 1500 miles

THE modern automobile is a finely built piece of machinery and it will stand a lot of abuse. Considering the work it does, it gives surprisingly little trouble. But there isn't a car made that will not run better and longer if given proper care.

The first few hundred miles are especially important because that is when the mechanism of your car is being broken in.

Proper attention during this period will lengthen its life and prevent unnecessary trouble later on.

We are particularly interested in this matter because we believe it is our duty not only to make a good automobile, but to help the owner get the greatest possible use over the longest period of time at a minimum of trouble and expense.

With this in view, the entire Ford dealer organization has been specially trained and equipped to service the new Model A car.

Furthermore, we have instructed every Ford dealer to give the following Free

Inspection Service at 500, 1000 and 1500 miles:

- Check battery
Check generator charging rate
Check distributor adjustment
Check carburetor adjustment
Check lights
Check brakes
Check shock absorber adjustment
Check tire inflation
Check steering gear
Change engine oil
Lubricate chassis

No charge is made for labor or materials incidental to this service, except, of course, where repairs are necessary through accident, misuse or neglect. The only charge is for new oil.

See your Ford dealer, therefore, and get this Free Inspection of your new car at 500, 1000 and 1500 miles. Find out, too, how little it will cost to have your car given a thorough going-over at regular periods thereafter.

A checking-up by experienced mechanics, together with oiling and greasing every 500 miles, will add months and years to the life of your car and mean more economical and pleasurable motoring every mile you drive.

DAIRY COW TO REPLACE COTTON ON SOUTH PLAINS

The South Plains country says its fed up on cotton and is going to turn to the dairy cow and feed. The South Plains is one of the ideal places of the earth for just this very thing. Its the natural home of the dairy cow and the most wonderful country in the world when it comes to the growing of dairy feeds. Cotton is like a dream that turns out to be a night mare. If you make a good crop you get nothing for it, and if it is worth anything you fail to make a crop. The dairy cow is an every day producer of a money crop. When the farmer becofes content to devote as much time to hic cows, poultry and hogs with home grown feeds as he does to an average cotton crop, he will profit more and worry less and as a result live longer and die happier. Man and Son Shot and Killed Wednesday at Rochester

Rochester, Oct. 24.—D. W. Hamilton and his son, Earle, were shot to death at their home in this community at ten o'clock tonight.

Mrs. Hamilton reported that a man called her son out of the house and engaged him in conversation relating to a liquor case in which the visitor figures in a Haskell county court. She heard her son say, "I told them I got it from you" and then a shot rang out, she said.

The father then rushed to the door and also was shot down, it was reported.

Orville Hamilton, son and brother of the two victims, was summoned by telephone.

The Hamilton family was asleep when some one came to the front of the place and called. Mrs. Hamilton answered the visitor, who replied "I want to see Earle Hamilton"

"Who are you?" Mrs. Hamilton asked. The visitor then gave the name of a man known in the community who, it is reported, was missing from his home late tonight.

A posse of more than 150 men headed y Haskell, Rochester and Rule officers, was searching at midnight for the man suspected in the killings.

The Hamilton home is a mile and a half southeast of Rochester.

Reno Livingston of Lockney Died Wednesday Last Week

Reno Livingston, 18 year old football player on the Lockney High School Longhorn Team, died on Wednesday night, of last week from the effects of injuries sustained Tuesday afternoon while playing in a practice game at the Lockney High School gridiron. He died in a Lubbock hospital at a late hour Wednesday night following hours of effort by the Lubbock Boy Scouts to restore his life by artificial respiration. Funeral services were held in Lockney Friday afternoon, and interment made in the Lockney cemetery.

The fatal injury was sustained when Livingston made a tackle in a practice game, and suffered a blow on the head. After returning to his home following the game, he lapsed into unconsciousness and was immediately carried to Lubbock. Members of the Lubbock Boy Scout troops worked in relays in an effort to keep the injured lad breathing, but gave up all hopes at midnight Wednesday. The deceased was the son of Mr. and Mrs. S. J. Livingston of Lockney.—Floyd Co. Hesperian.

No White House Spokesman if Al Gets Presidency

Albany, N. Y., Oct. 21.—Gov. Alfred E. Smith will abolish the mysterious anonymity of the "White House spokesman" and will talk directly to the people every day if he is elected President, he announced Sunday as his eleven-car special train brought him back to Albany from his second and last political invasion of the West.

Smith said he would take the public into his confidence about the problems of State and would go about the country discussing the issues of Government in the same way he is discussing them in this campaign.

"We have never had any kind of Republican candidates but silent ones, with the exception of Roosevelt, that I can remember," Smith said. "I should like to hear a president get up once in a while and say:

"Now, here is the condition, here is what you are up against, and here is my solution of it. Talk to your congressman and talk to your Senator, and if he has not got a better one, tell him to follow me."

"You get the people interested in the Government," Smith said. "If you talk to them about it in a way that they can understand."

TO TEST PURSELY RANCH FOR OIL AND GAS

A core drill moved in to the Pursley ranch this week to drill several holes in an effort to trace the formations on the ranch preparatory to drilling a deep test for oil and gas.

This is good news for Jayton and there is no doubt in the minds of the oil fraternity that this ranch is an excellent prospective oil field.—Chronicle.

T. L. Lollar Dies Following an Attack of Acute Appendicitis

The city of Snyder was shocked as it never has been in years when the news came from Lubbock last night that everybody's friend, T. L. Lollar, had passed from this life to the great beyond. Up to Monday of this week, very few knew that Mr. Lollar was so severely ill.

Stricken Last Wednesday

While playing golf a week ago yesterday at the Country Club, he suddenly fainted and was carried to his home by friends. Friday his condition became so serious that he was rushed to the Lubbock Sanitarium, suffering from acute appendicitis. All that could do was done but without avail. The death angel was ready to receive him, and he was prepared to go.

Mr. Lollar was born in Mississippi October 7, 1890, one of six children born to Mr. and Mrs. G. H. Lollar. Early in life he came to Jones County with his parents, three brothers and two sisters, and after finishing his education he became actively engaged in the lumber business and was later deputy county clerk of Jones County, where he served with honor to himself and to the county. Later he was in the lumber business at Hamlin, and prior to his coming to Snyder had also operated a gents furnishing store at Hamlin.

In the fall of 1921 Mr. Lollar arrived in Snyder and purchased the Coxy Theatre, which with the late addition of the Palace Theatre, he operated with great success up to the date of his demise. Snyder's foremost citizens, a man

Mr. Lollar was indeed one of who counted his circle of friends by all with whom he came in contact. He was never too busy to aid a friend; never refusing help to those in need, and was a man whose sterling worth will not be known until the weeks and months, and years make more keen the loss of this truly noble and representative citizen.

Prominently identified with the Masonic Lodge, Mr. Lollar was a member of the Shrine, holding membership in the Fort Worth Temple. He was also a member of the Board of Directors of the Scurry County Chamber of Commerce, the Snyder Lions Club, the Snyder Country Club and the

Funeral at Anson

The body of Mr. Lollar arrived here at 10:30 this morning, accompanied by friends. It lay in state at the Odom Funeral Home until noon when the funeral cortege started for Anson where services were held from the First Baptist Church, in charge of Rev. J. H. Edmonds, former pastor of the deceased, assisted by Rev. W. T. Hamor, pastor of the First Baptist Church of which Mr. Lollar was formerly a member. Interment was made in the family plot in the Anson Cemetery. Snyder Commandery, Knights Templar, acted as escort of the body with the Masonic services in charge of the Anson Lodge.

Mr. Lollar was married in 1913 to Miss Oattie Harris of Anson, Mrs. Lollar and daughter, Jeanette, survive, with three brothers, J. A. of Anson; Will of Clyde; and Alonzo of Spur; two sisters, Mrs. Oliver Thompson and Mrs. M. L. Caffey, both of Anson. The parents of the deceased preceded him in death.

In the death of Mr. Lollar, Snyder suffers a great loss, as his citizenship has been that of a man ever pushing forward in life's endeavor, and he had just arrived at that point where he was financially independent. But his efforts have not been selfish, for his contributions to the civic, industrial, benevolent and church enterprises have been varied and large. A man among men, Mr. Lollar was truly one of Nature's noblemen; quiet, reserved, and a man whose confidence was treasured.

No truer words were ever written that truly describe Mr. Lollar's life than the famous lines of Elbert Hubbard, who wrote: "The supreme prayer of my heart is not to be learned, rich, famous, powerful, or even good, but simply to be radiant, I desire to radiate health, cheerfulness, calm courage and good will.

"I wish to live without hate, whim, jealousy, envy, fear. I wish to be simple, honest, frank, natural, clean in mind and clean in body, unaffected—to say 'I don't know and if it be so, and to meet all men on an absolute equality, to face any obstacle and

meet every difficulty unabashed and unafraid.

"I wish others to live their lives, too, upto their highest, fullest and best. To that end I pray that I may never meddle, interfere, dictate, give advice that is not wanted or assist when my services are not needed. If I can help people, I'll do it by giving them a chance to help themselves; and if I can unlift or inspire, let it be by example rather than by injunction and dictation. That is to say, I desire to be Radiant—to Radiate life."

Stores Close

Every Snyder store closed from 11 o'clock to noon today out of respect to this fellow citizen in whose memory every man, woman and child stood with reverence and awe when death came to their friend. Beautiful were the tributes; beautiful were the floral offerings; and may God in his infinite good wisdom and love, comfort the saddened hearts of Mr. Lollar's loved ones and friends. T. L. Lollar was a gentleman, a devoted husband and a father, and a worthy friend and counselor.

TOM WILSON INJURED AT GIN IN MATADOR LAST WEEK

Tom Wilson, working at Speers and Smallwood's Gin in the north part of Matador received very bad and painful injuries Thursday night, October 11th, when in some manner he caught his leg in the drum of a cleaner.

According to the report given the News editor by Mr. Spears, Mr. Wilson was cleaning up the overflow of cotton, and in some way slipped, and his right leg went into the cleaner, cutting it to the bone, leaving a gash about eight inches long.

The heavy strain on the machinery during the time it was clawing at Mr. Wilson's leg caused the belts to jump off, stopping the machine and thus avoiding a very serious accident.

Dr. Traweck was immediately summoned, and Mr. Wilson taken to the hospital for treatment. He is reported to be doing nicely at this time.—Motley County News.

GINNERS AND COTTON BUYERS

TO OUR FARMER FRIENDS—

You are hearing a great deal about Round Bale Ginnings. Three years ago when we bought a Gin in Spur there was not a Gin here equipped to handle Snap and Bollie Cotton. Our first year we installed what at the time was the BEST MACHINERY FOR THIS WORK TO BE HAD.

Some of our competitors knocked the Burr Machinery. By the next season there had been built and perfected a larger and much better Burr Machine. We took out our first machines and at an Expense of some Five Thousand Dollars we installed the latest and best to be had.

Our same competitors instead of knocking were forced to put Burr Machinery in. In an honest effort to render our customers the best possible service we have this year installed an Anderson Clayton Round Bale Press. We again find some who knock. We wish to say to you that we think the Round Bale is another step forward in handling your cotton to the best advantage, and effects a saving in that the cotton is compressed when it leaves the Gin. More than twice as much cotton can be loaded in a car, and does not have to be Re-Pressed or handled from the time of leaving the gin to the ship side. No cut bagging or waste; it is not left out in all kinds of weather to damage; and is better in many other ways.

However, we say to you that if at times you can realize more money out of your cotton in the square bale, Gin it square. We gin both Round and Square and get the same for ginning and wrapping. We will be glad to tell you before you gin which way we think it will bring you the most money.

Our competitors are good Gin men and have good Gins. We do not get our business by knocking them, but by keeping a Modern Gin, and rendering the very best service that we know how, after thirty years of experience. Any part of your business will be appreciated by us whether you wish to Gin Square or Round Bale.

New models and THE OPEN MIND

THE public, with its healthy desire for the new and the better, insists upon continuous improvement, and will withdraw its patronage from any product or service which stands still.

Nowhere is this more true than in the automobile industry. The car is more than a utility. It is a personal thing, involving your convenience, your comfort, your safety, your sense of beauty and color, your pride of ownership, your complete environment for many hours of your life. Customs and habits of living change fast; and the past holds many warnings of how quickly your favor can shift when an automobile, for even a single year, fails to show progress.

So continuous improvement is more than a policy with General Motors. It is a vital necessity.

THE PUBLIC DEMANDS NEW MODELS

And the public is right. Out of that demand have come electric starting and lighting, the closed body, Duco finish, four-wheel brakes and hundreds of refinements, big and little. Improvements that might have taken a generation have been born within a few years because people want greater performance, beauty and comfort.

Equipped with the largest research laboratories, proving ground and body building plants, and guided by an Open Mind which is ready to revise its thinking in response to new facts, General Motors believes that it is peculiarly fitted not only to sense but to anticipate public demand and to give the people better automobiles at better values year after year.

As evidence of that faith we presented some months ago the New Chevrolet, the New Pontiac, the New Oldsmobile. And now we offer, with equal pride, the New Buick, the New Cadillac, the New LaSalle and the New Oakland.

CHEVROLET. 7 Bigger and Better models, \$495 to \$715. 4-wheel brakes. More powerful engine. Luxurious Fisher Bodies. New colors. Also Light Delivery Truck chassis; \$375; Utility Truck chassis with 4 speeds forward; \$520.

PONTIAC. 7 models, \$745 to \$875. Lowest priced General Motors Six—now offers more power, greater economy—more speed, greater acceleration. Arresting beauty of bodies by Fisher expresses the vogue of the hour.

OLDSMOBILE. 7 models, \$925 to \$1085. Also 5 DeLuxe models, \$1145 to \$1235. "The fine Car at Low Price." Completely redesigned and improved by General Motors. More powerful 4-wheel brakes. Longer, roomier Fisher Bodies.

OAKLAND. 7 models of the new All American Six, recently announced, \$1145 to \$1375. Distinctively new original appearance. Splendid new performance. Luxurious appointments, in new bodies by Fisher. A car you'll be proud to own.

BUICK. 18 Silver Anniversary models on 3 wheel-bases. \$1195 to \$2145. Lightning flash getaway. Masterpiece Bodies by Fisher. Comfort and luxury in every mile. Power for the steepest hill and the longest run.

LASALLE. 13 new models, \$2295 to \$2875. Attractive car of Continental lines. Companion car to Cadillac. 90 degree V-type 8-cylinder engine. Beautiful Bodies by Fisher. Striking Duco color combinations.

CADILLAC. 26 models, \$3295 to \$7000. Standard of the world. Famous 90 degree V-type 8 cylinder engine. Luxurious Bodies by Fisher and Fleetwood. An extensive range of color and upholstery combinations.

T. M. MAPLES ESTABLISHES CANDY FACTORY IN SPUR

T. M. Maples recently established a candy factory in Spur with a capacity for turning out several varieties of confections including popcorn and peanuts and an entirely new confection called crispettes.

We have been favored with samples of Mr. Maples "Espuela" products and can testify to their quality, they are as good as we have ever eaten.

All new industries should be encouraged and patronized by the community and we hope some day to see Mr. Maples operating a confection factory with two or three smoke stacks or more.

J. J. Thompson, of Petersburg, has moved to Spur and requests that we send him the paper to his address on Route A. We are glad to see Mr. Thompson move back to this community.

1925 BRIDGE CLUB

Messrs. and Mesdames Frank Laverty, Hill Perry, Jas. B. Reed, F. W. Jennings, W. D. Wilson, Mesdames Oran McClure, Raldo Newman, W. D. Starcher, W. E. Patman, Miss Julia Mae Hickman, were guests on Thursday evening at the home of Mr. and Mrs. M. C. Golding.

The party was beautifully arranged and nicely carried out tally scheme of Autumn, decorations of brown and red.

The refreshment plate was delicious.

High prizes were awarded to Mrs. Hill Perry, a linen luncheon set, Mr. James B. Reed, a silk neckpiece, and consolation prizes were awarded to Miss Julia Mae Hickman and L. H. Perry.

Mrs. M. B. Cox who has been in Spur the past few days on a visit to her daughter, Mrs. Elmo Townsend, returned Tuesday to her home in Madill, Oklahoma. Mrs. Townsend accompanied her mother home for a short visit returning here Thursday.

H. J. Garner this week handed us a dollar and a half to apply on his subscription to The Texas Spur. We appreciate the many subscriptions that are coming in, not particularly because of their pecuniary value but because they make us feel that we are rendering a service and that The Texas Spur is worth the money.

J. F. DUNCAN DEAD

J. F. Duncan, age 45, died at his home near Northfield at 10:00 o'clock Monday night. Mr. Duncan had been working in the cotton field and worked until 3 o'clock, when he went to the house sick. Acute indigestion is said to be the cause of his death.—Motley Co. News.

Mr. Leonard made a trip to Dallas this week.

Lincoln, Franklin, and other great men educated themselves during spare time and evenings.—Use A. B. C. Night Classes.

County Attorney B. G. Worswick was over from Dickens this week attending to business and meeting with his many friends.

Furnished rooms for rent, Phone 252 or 164.—C. R. Edwards.

Luther Garner, a prosperous farmer of east of Spur a few miles, was in the city Tuesday of this week trading with the merchants and meeting with his friends and acquaintances. While here we had the pleasure of placing Mr. Garner on our mailing list.

SPECIAL PICTURE SHOWING AT LYRIC THE WEEK-END

A special picture, "The King of Kings," began yesterday at the Lyric for a three days run. This play is judged by nationally known critics as one of the greatest of cinema productions. Mr. Plournoy is to be congratulated on being one of the first to show the picture in this section of the country.—Go out and see it.

it's 2 minutes instead of 60
to complete your Long Distance call

THE AVERAGE time required to get your connection on a long distance call is about two minutes. In most foreign countries you are lucky if you get it within an hour. Sometimes it takes all day.

The reason for this superior service in the United States is that there are 5,000 people out of 350,000 in the Bell System whose sole job is bettering your telephone service. In the Bell System headquarters and Bell Laboratories are 5,000 telephone workers—scientists, chemists, engineers, business experts who are engaged solely in improving telephone service.

These workers are a guaranty of continued progress in furnishing you with the best possible service at the lowest possible cost.

The Voice of Bryan

This is William Jennings Bryan speaking. It is Madison Square Garden in 1924, with the "religion" plank of the party platform under debate—his "last word to a convention of his party, Mr. Bryan said:

In this county it is not necessary to protect any church. I have such confidence in the Catholic Church which was 1500 years my mother church as well as yours, that I deny it needs political aid. It was the Catholic Church that took our religion from its founders and preserved it—it was the only custodian for over 15 centuries. When it did this for Catholics it did it for me and every protestant. The Catholic Church, with its legacy of martyr's blood and with the testimony of its long line of missionaries who went into every land, does not need a great party to protect it from a million Klansmen.

"The Jews do not need this resolution. They have Elijah, and they have, Elisha, who drew back the curtain, revealed upon the mountain tops an invisible host greater than a thousand Ku Klux Klans. The Catholic Church and House of Israel have their great characters today who plead for respect for them whose pleading is not in vain.

"I am not willing to bring discord into my party. The Democratic party is united on all the economic issues. We have been so united since I have known politics, and nobody has had more reason than I to regret past discord. Now, when we are united and face our political

foes with dauntless courage, and with enthusiasm never excelled, these people tell us that we must turn aside from the titanic task, divided our party on a religious issue and cease to be a great political force.

"The Democratic party has never taken the side of one church against the other; the Democratic party must remain true to its traditions; it cannot surrender its right to exist; it cannot be false to the mission it had in the days of Jefferson, to which it remained true during the days of Jackson and to which it was still loyal in the days of Woodrow Wilson.

"My last objection is that I am not willing to divide the Christian Church because if it is destroyed there is nothing to take its place. We must stand together to fight our battles of religion against materialism.

peace to the world, that is the Prince of Peace—the one at whose coming the Angels sang, "On earth peace, good will toward men."

Jew and Gentile, Catholic and Protestant stand for God, on whom all religion rests, and Protestant and Catholic stand for the Christ. It is possible that now, when Jesus—the hope of the world—is more needed than ever before—is it possible that at this time, in this great land, we are to have religious warfare? Are you willing to start a blaze that may cost innumerable lives, sacrificed on the altar of religious prejudice? I cannot believe it; God forbid; I call you back in the name of our party, I call you back in the name of the Son of God and the Savior of the world. Christians, stop fighting, let us get together and save the world from the materialism that robs life of its spiritual values. Banish the "Hymns of Hate;" our song must be "Blest be the tie that binds our hearts in Christian love."

We print this portion of Mr. Bryan's notable speech on that memorable occasion, solely for the reason that many of those Democrats who are now opposing the Democratic Nominee for President are citing Mr. Bryan as the inspiration of their opposition, invoking his memory as council and guide in bolting the ticket.

Never was there a more eloquent and fervent denunciation of religious prejudice in politics than that which William Jennings Bryan delivered in Madison Square Garden. Never was there heard a more impressive warning than was conveyed in his words in that occasion: "Divide our party on a religious issue and cease to be a great political force. And it applies with 1928 more than it did in 1924.

We commend to these misguided Democrats who profess adherence to the principles of the dead Democratic leader and who now summon his spirit to sustain their mistaken course, a reading of Mr. Bryan's

declaration, as above quoted. Those who have not read it need the enlightenment it conveys; those who have need to be reminded of its undeniable truth. Jackson, Miss., News.

PAY YOUR VOW.

Thank God, I want to say I am 69 years old and soon must Cross Over. I feel that I have done all God requires me to say, when this is said. I have warned the world through the most open-hearted paper on earth, The Texas Spur. I want to thank him and all his staff for their benevolence to me in helping me to do my Master's business. I feel I have taken a clear view of the matter, for which I am proud to say: I see my opposition sees a great Monster on the Tiber, they call the Beast. God used that term to illustrate some wicked power, and as those Hooverites can find this Beast on the Tiber I am compelled to believe they see the one they are building. This is God's Word and it will stand forever. God said I behold another Beast coming up out of the earth, Rev. 13:11. God said he spoke as a Dragon. You see that there are two. The last spoke as a Dragon. This move is exactly in harmony with God's Word. The move assumes the name, Grand Dragon: (Amen) And he exerciseth all the power of the first Beast. Now, if the Pope is the first Dragon, then ehas got to be something else to come up to take the place of the first. Here I affirm what all the law, both moral and religious, can not stop this from coming to pass. The only thing we are commanded to do is to "come out," Rev. 18:3:4. But that wont stop this trouble—it has to go on just the same. We can't any more change prophesies than a leopard can change his spots. The Bible is infallible and will stand forever.

This second Beast is to do what the first Beast did, and more—read

Rev. 13 chapter.. Now, I must say, from the same stand point, I am glad I never had one drop of claudium in my veins, nor I never expect to have. As for the political world, it will wag on—God and the Devil for it—God teaching right and the Devil teaching wrong. I am clear of any kind of violence, praise God. I am opposed to any kind of a big "I" and little "u." I am commanded to obey the Law. I must; but lots of the laws I hate. A clan law is to punish non-clan. A law for the rich to have a good time and the poor under-dog to sweat in that pen. I am against a law to send a child to the pen for a ten cent chicken theft, and turn loose a grown man for making whiskey with a little \$300 fine and give him a chance to make more. This is the kind of law and order they stand for—I don't. I am in sympathy with the poor under-dog, but not in favor of him doing wrong at all.

So, I am to let this be my last, farewell warning in print. I just thank God for His goodness, and Bro. Mc for space. I am overjoyed at the court's decision on a man being a man. I pray God to continue to clean the rot out of our ranks. God help our leaders to sift out, and I pray God that every candidate be made to insert his or her policy on all lines so a child of God may know how to vote his own honest conviction. Your Primary vow is over you, and will be at the Great Day of Judgment. Pay your vows. Vote for the Nominee.

Fare you well for a better world.
—H. Mings.

How You Can Help

In a town the size of Littlefield business may be ever so good as far as retail merchandising goes, and the community will suffer from what is known as "poor collections."

A merchant buys stock in the expectation of enlarging it when those goods are disposed of and he gets the money for them. The wholesaler he bought from, and the factories they bought from make their future figures and base future production on the strength of what the retailer is going to do. If the retailer has difficulty in making collections, he retards the wholesaler and the producer. So it goes in a circle—when everybody pays, everybody can pay, but when only a few pay, then only a few can be paid.

In this day of liberal credit it is easy to assume obligations they cannot meet. And yet it is a blow to business when they do so. Credit is a fine thing, unless it is abused. Then it works a hardship not only on the creditor and the debtor, but on others who do business with them. Eventually the whole community feels it one or another—and that is what makes business "poor."

Try going on the cash down principles as far as you can. If you feel you must resort to credit, figure in advance the earliest possible date on which you could pay the bill, then pay it if the heavens fall. You'll find yourself better off in the long run, for your credit will be good. Your community will be better off, because when you pay your bills promptly you help to keep money in circulation here, thus making it easier to get hold of.—Lamb County Leader.

THANKS

By this measure I wish to thank all those who made it possible for me a 4-H Club girl to win a trip to the State Fair. It was indeed a great trip for me, and I am hoping to be able to help some other girl to win a trip sometime in the future.

Especially do I wish to thank our County Commissioner, Mr. H. O. Albin, for his help in making our trips possible.

Sincerely,
Robbie A. Martin.

Notice

PARENT - TEACHERS

The Parent-Teachers Association held a meeting at the high school building Tuesday night of this week to be acquainted with the plans for the new school building and discuss matters of curriculum, etc. to be inaugurated upon its opening.

PRAIRIE CHAPEL P. T. A.

The Parent-Teacher's Association of the Prairie Chapel community reorganized for the coming year at Prairie Chapel School house on Saturday evening, October 20. A short program was rendered under the supervision of Mrs. H. P. Bell.

WHO STARTED IT?

Wise is the man who will consult others. Especially is this fact true in community affairs. The one who seeks counsel and advice of others may know a hundred times more about his subject than does any one of those whom he purposely comes into contact. Yet, by the act of taking his problems to friends and business acquaintances he has come nearer insuring the success of his project than if he tried to work out his plan alone.

It sometimes happens in cases of proposed public improvements that somebody asks "who started it?" This inquiring person thinks more about "who started it" than of the merits of the proposition itself.

It all goes back to the theory that if a man has a part in the building of a hen house, though he drives but one nail into a board, he will at times defend his product against criticism and opposition.

Taking as much as practicable all citizen's into one's confidence in plans for community development is an ideal method for individuals and leaders in organization work to foster good will and secure the necessary cooperation for the accomplishment of the purpose in mind.

Fortunately or unfortunately, as the case may be, no community of human beings really must develop a great deal for the mere purpose of existence. Our ancestors lived in caves, ate natural fruits and grains. They did not even cultivate the ground to bring forth domesticated edibles. They built no houses, no roads, no bridges, no city halls. The universe was their park, the mountain sides their playground. We likewise, could actually get by, if we had to, with none of these. Civilization then, is advanced in proportion to the amount of things we provide for ourselves, our families and our communities; things material, educational, social, practical and recreative.

Mrs. Newt Harkey returned this week from a visit to her daughter, Mrs. Joe Salem of Ranger.

J. I. Greer returned recently from a tip to New Mexico.

THE BIGGEST PROBLEM

If there is a farm problem, what is it? This is the questions millions of people are asking today as they read column after column in the daily papers. Never before has the attention of the nation been focused on the farmer as it is today.

Our farm population of 6,000,000 families represents almost one-third of our population and their share of our national income is a little more than one-eighth or \$12,000,000,000. That sounds big, but divide this into 6,000,000 parts and we have the average farm income of \$2,000. Remember this is the total income of the average farm family out of which they must buy to run their farm and home and family.

Out of this amount must come their manufactured food, their manufactured clothing, the payments on their home—their improvements and farm equipment their running expenses, their hired help and their taxes. Remember one third of the people who represent the rural population only receive one-eighth of our national income but pay ONE-FIFTH of all our tax. While the other two-thirds of our population receive SEVEN-EIGHTHS of our national income and pay FOUR-FIFTHS of our national tax. The farmers of our country produce more new wealth every year than any three other industries and receive less per capita than any other industry. If the farmers receive their equal share of our national income it would be \$30,000,000 instead of \$12,000,000 every year.

FIRE DESTROYS JAYTON HOME

Sunday night about 10:00 o'clock fire destroyed the farm home of Ben Harrison, origination of the fire being unknown. Mr. Harrison ate dinner at the farm after which he drove a truck with a bale of cotton to his home in Jayton and at the time of the fire there was no one on the place.

The house and contents were a total loss and only \$800 of insurance was carried so his financial loss will be around \$2,000.—Jayton Chronicle.

THREE LOVELY PARTIES

Three lovely parties were given on Friday afternoon, Friday evening and Saturday evening at the home of Dr. and Mrs. P. C. Nichols, with Mesdames Nichols and W. D. Starcher as hostesses.

The hostesses were dressed in attractive Halloween costumes.

The Halloween motif was carried out in the decorations for the room and the prizes in the lone "84" grab basket.

Those entertained on Friday afternoon were members of the Friday Afternoon Club; those on Friday evening were men and women guests and those on Saturday evening were teachers and young people.

A delicious refreshment plate was served on each occasion.

Those enjoying these charming hostesses' hospitality were:

Another Milestone on the highway of Progress

Ever mindful of the needs of West Texas in its phenomenal growth, and thinking several years ahead of its rapid development, the West Texas Utilities Company has set another milestone on this Highway of Progress.

Where six months ago was the bald prairie five miles northeast of Quanah, now stands the Lake Pauline Generating Station, capable of generating 20,000 horsepower of electricity. When this newest electrical giant of the West Texas Utilities Company was put into operation recently it began doing work in homes, industrial plants, oil fields and on farms and ranches of West Texas which is equivalent to the combined efforts of more than 200,000 men.

This station increased the available generating capacity of the company to approximately 70,000 horsepower, thereby not only insuring this territory unlimited power supply, but providing enough reserve to serve at least half a hundred more communities.

The West Texas Utilities Company is constantly working and planning to meet the future demands of West Texas.
