

Girl Scout House Dedication Set Next Tuesday

The Girl Scout house will be dedicated in an impressive ceremony on Tuesday evening at 8:00. Chairs will be placed on the lawn and the ceremony will be held outside.

Bonfires will be kept burning during the ceremony.

The Girl Scouts have been organized in Spud less than two years. However, their accomplishments have been many and they are just now getting started in the work.

A community committee has recently been organized to sponsor the work. The following members compose the committee: Mrs. Tanner, chairman, Mrs. Blackwell, vice chairman, Mr. Patrick, secretary, Mr. Golding, treasurer, Mr. George S. Link, Mr. W. F. Godfrey, Mr. Ned Hogan, Mrs. R. E. Dickson, Mrs. Andrews, and Mrs. W. D. Wilson.

With this group to sponsor the work Mrs. Whigham expects the Scouts to do some outstanding work. Since the girls have always been interested and cooperative we may be assured that the Girl Scouts of Spud will indeed be a credit to the town in the future as it has in the past.

The Girl Scouts would like to see every person in Spud at the Scout House next Tuesday evening. The persons who realize the work the Girl Scouts are doing would not fail to give their support by attending. The persons who are not informed of the work of the Girl Scouts should attend in order that they might better understand this movement that embraces over 200,000 girls in our country.

The dedication program is as follows:

- Girl Scout songs.
- Achievements of the Spur Girl Scouts: Mr. Godfrey.
- What the Girl Scouts Mean To The Business Man: Mr. Golding.
- What the Girl Scouts Mean To The City of Spud: Mr. George S. Link.
- The relationship of the Girl Scout and The Boy Scout Movements: Rev. Abbott.
- The Value of Camp—An Outsider's Viewpoint—Mr. W. B. Lee.
- The Value of Camp, A Mother's Viewpoint, Mrs. Blackwell.
- Reading: "The Dedication of Our House," Nell Heffner.
- Formal Dedication of the Girl Scout House: Mr. Clifford B. Jones.
- Girl Scout Campfire Songs, Closing with "Taps."
- Afterwards the guests will be shown through the house and refreshments will be served.
- Don't forget the date! Be there for the girls need your support.

Highway Will be Built on East to the Kent County Line

County Commissioner Albin this week informed us that the Commissioners Court, in cooperation with the Highway department, had not only arranged to hard surface and place asphalt on the roadway from Dickens to Spud, but also from Spud on east to the Kent county line provided the required one-hundred foot right of way could be secured.

There is no question but that the required right of way will be secured, and which will give Dickens county hard surfaced and asphalted highways through the county from the east and west lines and the north and south lines.

With the cooperation of Kent and Stonewall counties in building hard surface roads, Spud and this section will be assured of securing a state designated highway from the east to the west, extending from Fort Worth to Roswell and on into California.

Dickens county is one of the "pioneers" in building a system of hard surfaced highways, and can be depended upon to not only maintain but extend further hard surfaced roads in meeting not only local but inter-state needs in highways.

Spur Chamber of Commerce to Have Annual Meeting

President W. F. Godfrey, of the Spur Chamber of Commerce requested the Texas Spur to announce that the annual meeting of the organization would be held May 3rd for the purpose of electing new officers and directors. At this meeting also will be made a detailed financial report of expenditures as well as accomplishments of the organization the past year.

Every member is urged to be present at this meeting.

Spur Defeats Peacock at Baseball Thursday in Spud

The "Sluggers", Spud's baseball team, defeated the Peacock team Thursday of last week in a fast and close game, with a score of four to three.

Spur has one of the fastest teams this year within the history of the town, and the season will show an enviable record in baseball.

E. J. Lassetter, of west of Spud, was in the city Wednesday.

Cow Testing To Be Done By Way Of Mail Service

Thru the cooperation of the Texas A. & M. Extension Service and the Texas Tech. at Lubbock there has been placed before the farmers of West Texas a cow testing service by mail.

This service was originated in some of the dairy states in the north and has proved so simple, fool proof and sure that it has gone over up there in a big way.

By weighing the milk and feed of a cow one day per month it has been found that the results will not vary over three per cent from that where the milk and feed are weighed every day in the month.

The charge is one dollar per cow per year and an additional flat charge of \$2.75 to cover the postage and mailing. In other words, if you have five cows it will cost you \$5 and \$2.75 or a total of \$7.75 for the whole year. And what do you get?

Once each month the tester at the Tech will mail you a nice little tin box with sample bottles for each cow. In the lid of the box will be a sheet of paper with each cow's name on it and columns to fill in as to the amount of milk she gave at each milking for the day. Also two columns for the amount of feed she ate. There will also be stamps to cover return postage. All you do is to weigh the milk and sample it; weigh the feed and record it; take out the stamps and stamp the box, drop it in the mail box at the farm, and in a few days you get a report on each cow telling the exact amount of butter fat she gave the month before, the amount of feed she ate, the cost of keeping her, the per cent of fat in her milk, just what she made you in that month and whether she is making or losing you money. Then at the end of the year he sends you detailed report on each cow summarizing the totals for the year. No guess work. It is there in black and white. You know just what every cow has done for the year; you know which ones ought to go to the butcher and which ones you ought to keep.

This service is now open and all you have to do is to see me and sign up. This can be done at any time but the sooner the better. Get started now. Also you can sign up with W. B. Lee. Drop in Saturday or Monday and talk it over.

The Red Front Drug Store has this week installed a new and modern electric cooling fountain, one of the latest manufactured.

Girl Scouts Place Part of Contributions On Deposit For Club Savings Account

The Girl Scouts of Spud wish to express their appreciation to all those who contributed to the fund raised to promote Girl Scouting in Spud. They wish to state that the Girl Scouts did not solicit this money and were not in actual need. Some of the progressive business men realized the value of Scouting and wished to give the troupe some financial aid in order that they might progress in the work as they should.

The Scouts opened a savings account of \$200.00 and left the remainder for a checking account. This should last for a number of years.

The girls will continue to add to this fund by having the troupe earn some money at least every two months. They assure the business men and others who contributed that this money is invested in Spud and that they do not send the money out of town.

They are indebted to the following persons or firms for money received and also to the West Texas Utility people who donated and erected the flag pole at the Scout House:

Spur National Bank	\$25.00

Christian Church Plans To Start Revival May 19

The First Christian church will observe "Pentacost" Sunday on May 19th, which is the birthday of the church. And on that day will begin a series of special doctrinal messages lasting one week, closing Sunday, May the 26th.

Pentacost was a revival. Our world still feels its influence. What is good and worth while in life, what helps to increase property values, what helps to bring civilization to the heathen lands dates back to the Cross and to Pentacost.

This will be a home force revival, the pastor, Rev. A. G. Abbott, will do the preaching and Mrs. Abbott will have charge of the singing and the special services for the children. Help to make "Pentacost" a great day.

A. G. Abbott, Pastor.

Tech Proessor To Have Biography Of Davis Printed

Lubbock, Texas, April 28.—Dr. S. S. McKay, professor of History at Texas Technological College, is writing a biography of E. J. Davis which is to be published by the Dictionary of American Biography.

Governor Davis, native of Florida and Union general in the Civil War, was the only Republican ever elected Governor of Texas. He served from 1870 to 1874, following an election in which the freed negroes participated and from which ex-Confederates were barred. During his term there were two negro senators and ten negro members of the Lower House of the Texas Legislature.

The Davis administration, according to Dr. McKay, is well known as a period of high taxes, wholesale graft, and oppressive legislation. Davis was defeated by Richard Coke for re-election, but refused to give up the office. He and his radical Legislature held the first floor of the Capitol at Austin for a week, guarded by negro troops, while Governor Coke and the Democratic Leg-

Intermediate B. Y. P. U. Picnic At Dickens Springs

Last Tuesday April 24, the Intermediate B.Y.P.U. of the First Baptist Church was accompanied to the Dickens Springs on a picnic by Mrs. Busby, the leader, Mr. Charley Wolfe, one of the sponsors and Mr. Busby, another sponsor. Those present were Leona Denson, Nellie Mecom, Jaunita Justice, Rita Mecom, Melissa McKay, Estelle Condon, Mae Dell Stewart, Emma Grace Harcrow, Lillian Dodge, Virginia Harris, Nina Mae Johnson, Allene Hutto, Mildred Hammock, Johnnie Powell, Dial Hindman, J. W. Brown, Harry Hammock, J. A. Marsh, John Wallace Murray and William Rogers. Everyone had a wonderful time, although we did have a little car trouble and also a few raindrops fell on us.—Reporter.

Methodist Church Revival Increases Local Interest

The first week of the revival at the Methodist church was well attended with the interest growing each day.

There was a large audience to hear the pastor speak Sunday morning on the "Home and Home Religion." Fifteen united with the church and a number of names are being given to be received next Sunday.

On Sunday evening the church was filled to its capacity. Some say it was the largest number that had ever attended service in this church. The services are going on through

isature were administering the State Government from the second floor of the Capitol. There was constant danger of an armed clash between the rival factions, but Davis gave Governor f-Lvm.M.ea oillllllll.. cS way when President Grant refused to intervene.

The administration of Davis was the subject of Dr. McKay's master's thesis at the University of Texas.

Dry Lake School Closes Term At Two Day Program

The closing program of the Dry Lake School will be given Thursday and Friday nights, May 2nd and 3rd.

The Thursday night program will be rendered by the pupils of the Primary and Intermediate grades under the direction of Miss Wilma Rogers and Miss Kanna Stephens. Friday night, "The Poor Married Man" a three act farce comedy, will be presented by the high school.

Wilson-Hagins Law Suit Settled This Week in Court

A verdict was rendered this week in the noted Hagins-Wilson suit, with reference to charges of changing the course of the stream of Duck Creek, and tried in District Court. A verdict was rendered favorable to Hagins, the court assessing a judgment of \$250 damages against W. T. Wilson. The case will be appealed.

This suit has been in the courts the past seven years, having been to the Supreme Court and back here again for retrial a tthis time.

Monday Will be Trades Day in the City of Spud

Monday, May 6th, will be Trades Day in Spud. On this day a jersey cow will be given away by the Merchants Association, and varied entertaining programs will be had thru out the day. Auctioneers will be on the grounds to sell anything desired by farmers.

Merchants and business men are making special prices and trade inducements as will be noted by the advertisements appearing in the paper.

Thousands from every section of the country will be here that day, and every individual will be entertained as well as profited by the programs and trade inducements.

Come to Spud Monday, May 6th, Trades Day.

Mr. and Mrs. J. J. Martin left the first of this week for Hot Springs New Mexico where Mrs. Martin will be under th treatment for rheumatism. They contemplate staying at least two months at Hot Springs for the treatments, and during their stay there will have the Texas Spur come to their ne waddress.

J. F. Blakley, of Dallas, is here this week with a car load of Half and Half cotton seed for sale to farmers.

Dee Childress of Lubbock was here Sunday the guest of Mr. and Mrs. H. A. Drury.

Mack Reynolds and family, of Lamesa, were in Spud Sunday, visiting Dee Spraberry and family.

Arthur Bond and family, of Eastland county, are here visiting Buel McDaniel and family.

The week. Preaching each morning at 10 and in the evening at 8.

The young people have services each evening at 7:15.

The choir is filled each evening and the singing is of the very best. People from all the churches are not only attending but are taking part in the services.

Next Sunday will be the closing day and all feel that it will be the greatest day of the meeting.

An effort is being made to have a record attendance in the Sunday School next Sunday. All who are not attending Sunday school at some other church are specially invited to be on hand Sunday morning at 10 a. m. Come and help out the Sunday school this one Sunday if you can not come every time.

Market For Eggs Due For Boost In Storage Plas

(By E. L. Tanner)
How many farmers in Dickens county want a better market for eggs this summer?

That is the question up for this coming Monday morning at 10:00 o'clock on the dot at the Spur Theatre.

That is the day that the cow will be given away. That is the First Monday Trades Day. Lots of people will be in town and those who are expecting to come in for the afternoon should come for a morning session of one hour from ten to eleven in the Spur Theatre and make known just how interested in a real egg market you are.

There has been a lot of talk about the cold storage cellar that will give us a market for eggs in proportion to the quality produced. The proposition is now up to the farmers. We have got the subscription up to two thirds enough to put it over. If enough men come in and make known their intentions to produce infertile eggs this season the thing is over. If you depend on your neighbor to come home and tell you; "well, we put it over," do not kid yourself into such good news. It is up to you. Numbers is what it takes. Volume is necessary. Your fifty or a hundred hens are needed to fill the basket. It is your market that we are after, and not your neighbors. It is up to you. Columbus discovered America for you; he called back across the waters to come and take it. The egg market has been found; it is up to you to come and get it.

You will not be asked for money. You will be asked to produce a quality product that is worth the money. And you get the money. The business men of Spud who have contributed so generously to this proposition figure that if you get more for your produce you will have more money to spend and that you will have more hens next year. And you probably will.

And, so, be sure to be there at the Spur Theatre next Monday morning at ten o'clock and let it be known that you are not the only one in the county who is interested in better eggs. We must begin promptly at ten as the Spur Theatre will put on its regular show at eleven and we must clear the building for them by eleven o'clock.

Remember if there are enough there to prove that it is a thing that the farmers really want it is over; if not, well, it was just too bad. That mountain was just another mole hill and someone has been grazing on loco weed. But there ain't no loco weed in our pasture. Is there?

Pays \$64 an Acre For Grubbing in Spur Country

John Smith, of the Red Mud section of country, was in Spud Monday. He stated that he had been clearing up new ground and that it had cost him as much as sixty four dollars an acre for the grubbing on a part of the ground. Some of the holes, he said were more than four feet deep and from four to twelve feet across. From a number of the grubs fence posts were made.

SPUR DELPHIAN CLUB MEETING

- Leader: Mrs. McClure.
1. Wherein Lies Emerson's Value to His Fellow Men?: Mrs. Jennings.
 2. Poe, The Man and the Author: Mrs. Forbis.
 3. Captain, My Captain: Mary Wooten.

 5. The Old Puncheon Family: Mrs. Wilson.
 6. The Lamphams in Boston: Mrs. Williams.
 7. The Bostonians: Mrs. McClure. Meet at the home of Mrs. Andrews.

A JOINT RESOLUTION proposing an amendment to the Constitution of the State of Texas providing for a Supreme Court of nine members and for continuous session of that Court—

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 2 and 3 of Article 5 of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Article 5, Section 2. The Supreme Court shall consist of a Chief Justice and eight Associate Justices, any five of whom shall constitute a quorum, and the concurrence of five shall be necessary to a decision of a case; in other matters, until otherwise provided by Law, the

jurisdiction of the Court shall be exercised under such regulations and orders as the Court by a majority vote may prescribe. No person shall be eligible to the office of Chief Justice or Associate Justice of the Supreme Court unless he be, at the time of his election, a citizen of the United States and of this State and unless he shall have attained the age of thirty years, and shall have been practicing lawyer or a judge of a court, or such lawyer and judge together at least seven years. Said Chief Justice and Associate Justice shall be elected by the qualified voters of the State at a general election shall hold their offices six years or until their successors are elected and qualified, and shall receive such compensation as may be

provided by law. In case of a vacancy in the office of Chief Justice of the Supreme Court, the Governor shall fill the vacancy until the next general election for State officers, and at such general election the vacancy for the unexpired term shall be filled by election by the qualified voters of the State. The Judges of the Supreme Court who may be in office at the time this amendment takes effect shall continue in office until the expiration of their term of office under the present Constitution, and until their successors are elected and qualified. When this amendment takes effect, the Governor shall immediately appoint six additional Associate Justices of the Supreme Court for term of office so that the terms of two of such appointed Associate Justices shall expire with the term of office of each of the present members of the Supreme Court, and upon the qualification of such new Justices, the Commission of Appeals of the State of Texas shall terminate."

"Article V, Section 3. The Supreme Court shall have appellate jurisdiction only except as herein specified, which shall be co-extensive with the limits of the State. Its appellate jurisdiction shall extend to questions of law arising in cases of which the Courts of Civil Appeals have appellate jurisdiction under such restrictions and regulations as the Legislature may prescribe. Until otherwise provided by law the appellate jurisdiction of the Supreme Court shall extend to questions of law arising in the cases in the Courts of Civil Appeals in which the Judges of any Court of Civil Appeals may disagree or where the several Courts of Civil Appeals may hold differently on the same question of law, or where a Statute of the State is held void, and shall extend to such other questions as may be within the Courts Appellate Jurisdiction under the Statutes of the State in force when this amendment takes effect. The Supreme Court and the Justices thereof shall have power to issue writs of habeas corpus, as may be prescribed by Law, and under such regulations may be prescribed by Law, the said Court and the Justices thereof may issue the writs of mandamus, procedendo, certiorari and such other writs, as may be necessary to enforce its jurisdiction. The Legislature may confer original jurisdiction on the Supreme Court to issue writs of quo warranto and mandamus in such cases as may be specified, except as against the Governor of the State.

The Supreme Court shall have power, upon affidavit or otherwise as by the Court may be determined, to ascertain such matters of fact as may be necessary to the proper exercise of its jurisdiction. The Supreme Court shall be open at all times and shall sit at the State Capital for the transaction of business at such times as may be designated by the Court.

The Supreme Court shall appoint a clerk, who shall give bond in such

manner as is now or may hereafter, be required by law, and he may hold his office for four years and shall be subject to removal by said Court for good cause entered of record on the Minutes of said Court who shall receive such compensational amendment shall be submitted to a vote of the qualified electors of this State at a special election to be held throughout the State on Tuesday, July 16, 1929, at which election each voter opposing said proposed amendment shall scratch off of the ballot with a pen or pencil the following words printed on said ballot: "For the amendment to the State Constitution providing for a Supreme Court of nine members, and for continuous session of that Court." and each voter favoring said proposed amendment shall scratch off the ballot in the same manner the following words printed on said ballot: "Against the amendment to the State Constitution providing for a Supreme Court of nine members, and for continuous session of that Court." If it appears from the returns of said election that a majority of the voters cast are in favor of said amendment, the same shall become a part of the State Constitution.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published and said election held as provided by the Constitution and Laws of this State.

Sec. 4. The sum of five Thousand (\$5,000.00) Dollars, or so much thereof as may be necessary is hereby appropriated out of the State Treasury to pay for the expenses of said publication and election. Approved February 19, 1929. (A Correct Copy)

JANE Y. McCALLUM,
Secretary of State.

A JOINT RESOLUTION

proposing an amendment to Section 5 of Article 4 of the Constitution of the State of Texas fixing the salary of the Governor; providing for its submission to the voters of the State of Texas as required by the Constitution, and making appropriation therefor.

BE IT RESOLVED BY THE LEG-

LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 5 of Article 4 of the Constitution of the State of Texas be so amended as to hereafter read as follows:

"Section 5. The Governor shall at stated times, receive as compensation for his services an annual salary of Ten Thousand Dollars and no more, and shall have the use and occupation of the Governor's Mansion, fixtures and furniture; provided that this amendment, shall not become effective until the third Tuesday in January, 1931."

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on July 16, 1929, a which election all voters favoring said proposed amendment shall write or have printed on their ballots the words; "For the amendment to the Constitution of the State of Texas fixing the salary of the Governor." And those voters opposing said amendment shall write or have printed on their ballots the words: "Against the amendment to the Constitution of the State of Texas fixing the salary of the Governor."

Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and to have same published as required by the Constitution for amendments thereto.

Sec. 4. The sum of Five Thousand and (\$5,000.00) Dollars, or so much thereof as may be necessary, is hereby appropriated out of any funds in the Treasury of the State of Texas not otherwise appropriated to pay the expense of such publication and election. Approved March 19, 1929. (A Correct Copy.)

J. W. Jennings made a trip Monday to McAdoo after planting cotton seed, purchasing the famous "West Texas Mortgage Lifter" seed originated by Albert Power, and grown the past year by L. D. Davis who saved several hundred bushels to sell this year. Regardless of the fact that in the past cotton buyers refused to buy and "cussed" the

Half and Half cotton, we notice that many farmers are growing this staple now.

B. G. Simmons, of the Elton section of country, was among the business visitors in Spur the first of the week. Mr. Simmons is now improving the old Stegall place, and establishing a dairy herd of cows. He will grow feed and hay principally, raise fine dairy cows for sale and also do a dairying business on the side. The time is already here now when farmers no longer depend upon cotton for a living.

Oscar Henry, of the Afton section of country, was among the recent business visitors in Spur, spending some time here trading and meeting with his many friends and acquaintances of this section. In the years past, Oscar was a resident citizen of the immediate Spur territory, and knows all of the old timers here.

Newt Kidd, of the Dry Lake community, was in town Tuesday morning—coming in to find out when it was going to rain. A good rain would be appreciated by many farmers who are now ready to put seed in the ground.

Bob Cross, of the Espuela community, was among the many business visitors in Spur Saturday of the past week. Bob states that everything is moving along nicely in his part of the country—but all would appreciate having a rain at this time on which to finish planting crops.

SHORTAGE ON PLANTING SEED

Due to Boll worms and Short Cotton Crops, most all the seed companies are running short on planting seed; especially the Half and Half Varieties. If you are going to need planting seed you had better get them now while you can.

I will have in a car of Penn's Pure-bred Half and Half the last of this week. You can get them at the car for—

County Commissioner M. F. Hagar of Kent county, was in Spur recently trading and looking after county official affairs.

Gordon Like New Man Since He Took Sargon

"Words cannot express the good I derived from Sargon," recently declared B. H. Gordon, Southwestern Representative of Dodd Mead and Company, one of the largest school book publishing houses in America.

B. H. GORDON

"I was in a terrible run down condition and suffered constantly from stomach trouble. My kidneys gave me so much trouble I had to get up eight or ten times every night. I was under weight and had so little strength I could attend to no business at all that required physical exertion. Treatments and medicines consistently failed to help me. "I talked with several people who had taken Sargon. They were so enthusiastic over the medicine I decided to try it. I was greatly surprised by the actual results. I am like a new person. I am no longer troubled with my kidneys, and I sleep like a child. I relish my meals and every thing agrees with me. I have gained ten pounds and attend to my every duty now without tiring. "Sargon is wonderful and I would tell everybody in the world about it if I could."

Mr. Gordon maintains offices in the Gunter Building, San Antonio. He is one of the foremost authorities on educational matters in the Southwest.

Sargon may be obtained in Spur at the Red Front Drug Store.

GIRARD NEWS

Aubrey Oneil and Shorty Phipps of San Antonio are visiting relatives in Girard at the present.

Misses Lois Grace Langford and Edith Harwell made a shopping trip to Spur Monday.

Mr. and Mrs. Joe Pursell entertained the Girard high school girls with a party at their home Monday evening.

Miss Vera McGaha gave a few of her friends a big dinner Sunday. Those having the pleasure of being present were, Odell Cooper, B. P. Woody, Lois Bailey, Levi Simpson, Dottie Simmons, Vernon Darden, Irene Boland, Elvin Peak, Amos Fincher and Ruth and Grace Phipps.

Mr. and Mrs. Ramsey spent the week end visiting in Breckenridge. Mr. and Mrs. Clarence Phipps gave the young people of Girard a party Monday evening.

Mrs. Kerley and Mrs. John Langford made a shopping trip to Spur Monday.

The Junior class accompanied by Mr. and Mrs. Kennon went on a little fishing trip Saturday. They had a wonderful time, even if the sand did blow so bad the fish could not see the bite.

B. P. Woody made a business trip to Spur Monday.

The Girard ball players went to Claiborn Friday and played game of ball. They won the victory before returning home.

Friday night, May 3rd, the Grammar grades are putting on a free program in the school auditorium. Everybody is invited.

Mr. and Mrs. Tom Russell of Bledsoe spent two days of this week visiting relatives in Girard.

Mr. Harcrow, the president of the Spur business college was in Girard a short while Monday afternoon.

Singing was held at the school auditorium, Sunday afternoon. A large crowd was present and the singing was fine.

Rev. Black of Petersburg preached at the Christian Church Sunday and Sunday evening.

Miss Gracie Westfall spent the week end visiting friends in Girard.

Misses Grace and Lois Langford, Edith Harwell, Bonnie Spradling, Viola Darden, Inez Vincent, Zaida Bee Laird and Aretta Beaver went to Bonds Chappel for the close of school last Friday afternoon.

A gang of Girard people went to Red Top to the close of school Thursday night and reported an enjoyable time.

Mrs. Norris, the mother of Mrs.

Wagoner, Mrs. Dial, and Mrs. Hunter, who has been seriously ill for quite a while, passed away Monday night. She was one of the early settlers of this country, and was well known by everyone, and they all mourn her death. The children and relatives have our heart felt sympathy.

Miss Aphaleta Kennon obeyed the Gospel and was baptized Sunday afternoon.

COMING: May 10th, in the school auditorium, the Seniors are presenting a play entitled "He's My Pal." Don't miss it.

SUNDAY SCHOOL PICNIC

Miss Willie Maude Scott and Miss Leona Denson chaperoned Miss Willie Maude Scott's Sunday school class on a picnic Sunday afternoon.

Games were played and songs were sung after an hour and a half of frolic.

Sandwiches, cakes, fruits and soda pop were served to the following: Dave Taylor, Boney Scott, Murray Scott Clay, W. C. Scott, Eugene Taylor and Miss Leona Denson, as guests in addition to the following members of the class: Dot Taylor, Dorothy Harrington, Woodrow McArthur, Corene McDaniel and Don-eleta Scott.

WATSON—THOMAS

Mr. S. W. Watson and Miss Ela Thomas surprised their many friends when they drove to Matador and were married on the 18th of April.

Mr. Watson is a prominent farmer of the Espuela community and has many friends in and around Spur.

The bride has lived in Spur and McAdoo for several years and numbers her friends by her acquaintances.

Their many friends wish them much happiness through their chosen life together.

FIRE LOSS OF E. P. FOSTER

Last Saturday, April 27th the home of E. P. Foster burned.

The loss and the sadness cannot be replaced like the home was before the fire. O. B. Simms, S. W. Watson, F. E. Naler, all of Espuela, took the offering from the people of this community. There was \$83.20 worth in money and clothes given from the people.

The home was replaced Tuesday. We wish to thank each and every one who donated something.—Reporter.

GARZA PILLOW CASES, 4 FOR

THE TEXAS SPUR
PUBLISHED EVERY FRIDAY

Entered as second class mail matter on November 12, 1909, at the post-office at Spur, Texas, under the Act of March 3rd, 1879.

ORAN McCLURE, Publisher.

Why Pity The Farmer?

I was born on a farm in Dallas County. Ever since I moved to town my voice has been raised in behalf of the farmer. I have done my best to help him market his crop as profitably as possible, and my sympathy has always been with him, Mike H. Thomas of Dallas says in the Texas Commercial News.

But I regret to be compelled to openly declare no longer his supporter.

I transfer my sympathy to his family, for I do indeed feel sorry for the wife and children of the southern farmer. But I can no longer consent to give the farmer himself anything but the severest criticism for his willful and wanton abuse. His wife is compelled to work 365 days in the year, while he does not work over 200. The man who lives in town—the banker, the merchant, the doctor, the lawyer, the ditch digger, the mill hand and the bookkeeper—works 300 days out of the year while this aforesaid farmer who is putting up a great howl demanding farm relief is really too lazy to scratch when he itches. He refuses to produce anything to eat and plants cotton alone.

I traveled the 100 mile trip from Dallas to Hawkins in Wood County frequently last fall and there was not one hog to the mile. The farmers bring only cotton to town to sell, except in the rarest of cases. Many of them buy vegetables, butter, eggs and chickens—when these foods are on their tables at all.

I firmly believe that every citizen in the year and the farmer about equal opportunities and to share honors equally—but only in proportion to service rendered and, since everyone else is working 300 days in the year and the farmer about two-thirds of that time, he is getting all that is due him. If he is

not satisfied with his share, and wants more, let him earn more by working more, not by whining and praying for someone to please pass a farm relief bill for his benefit.

The farmer has only himself to blame for his condition, and if he is foolish enough to plant cotton and go hungry he should censure no one but himself. He can plant less cotton and more to eat and receive more money but, instead, he plants everything in cotton and then commences to pray to the Lord to please destroy one-half he plants so that his family will not starve.

Farmer Well Informed But Negligent

I have been told by many that the farmer is ignorant and does not know any better. That is all a mistake, for with the automobile and radio he is just as well informed as any man in the city. He is daily advised by the market authorities, the statisticians, and the marts of trade, and he is in possession of all the facts as soon as they develop, so there is no excuse whatever for ignorance in the United States. There are, in every precinct, public schools with able teachers and instructors in the arts and sciences, as well as in agriculture.

The United States Government not only issues all kinds of press reports and pamphlets of its own, and broadcasts over the radio from time to time, but it also provides highly trained county agents to study local problems and conditions and give direct assistance and instruction to the farmer. It issues information before planting season each year showing whether conditions relative to each crop warrants an increase or decrease in acreage of that crop, whether prospects are pointing to over-planting, and warning against over-production.

Newspapers like the Dallas Morning News have spent millions endeavoring to get the farmer to diversify and live at home; public speakers have traveled the entire belt in a sympathetic effort to get him to live at home, plant less cotton and become self-supporting.

The farmer says no one is interested in him, but that is not true. Ninety-five per cent of all the successful men in town were raised on

farms. These men are fully informed on the part that the farmer plays, and know that the Great Creator of the Universe made the farmer the cornerstone of prosperity. The Bible says that "the husbandman that laboreth must be partaker of the fruits" and when the farmer does not make a profitable crop we get to a very unhealthy financial condition and sooner or later must pay the price. There is no reason why the farmer should be a favored son, everyone must work accordingly to the law of God, which says that we must earn our living by the sweat of our brow.

Farmer Passes The Buck

For sixty years I have been fooling myself, thinking that the farmer was very much abused. I confess that we have isolated cases where he has been abused and mistreated by some cold, cruel-hearted merchant or banker, but those are exceptions. We also have a few farmers who really conduct their farms on business systems, studying the wants of the world, producing everything that they need at home, and who desire to improve themselves and cultivate their crops. These farmers are always prosperous and are not kicking and screaming for someone to pass a law to buy their overproduction.

But generally the farmer sells everything that he brings to the market for cash and buys on credit, thus forcing the world to carry him. If there is a failure he is never the goat, as he looks well into it that the other man must carry his load. In other words, he always places the money upon the back of the other fellow and then, should the banker or merchant want either protection or legitimate interest, complains that he is being held up.

The successful and outstanding men of today are men who started without a penny worked hard day and night, and housed every cent they made until they got a toe-hold. You never heard the merchant who passed that will take care of any articles that he has over-bought, nor does he "cuss" the farmer for not buying his surplus stock. He recognizes that it is his own mistake—not anyone's fault but his own. He does not ask anyone to assist him in carrying a surplus stock without

offering them an inducement by lowering the price. When he purchased it he naturally thought that he would meet with a good demand; if disappointed he sacrifices it if he wishes to place it on the market, or keeps it on the shelves until the time arrives when the world wants it.

The cotton mills also have fat and lean years. They are not demanding that laws be passed to take care of their surplus, or to finance them. And there is no reason why the farmer should not carry his part of the burdens of this country.

Men and women in town, in the same walks of life, must pay rent, or get out! the owners of property must pay taxes, or give up the property. But the farmer has no house rent to pay, he has the privilege and opportunity of having his own garden, meat, lard, milk, butter, eggs and chickens, and in many cases has free wood. The bookkeeper, typist, drug clerk, dry goods clerk, mill hand and ditch-digger must dig up the cash for all these necessities, must work 300 days out of the year, and have neither the time nor the opportunity to produce anything outside of their salaries. Yet they are not asking that a law be passed to help them.

Farmer Controls Own Destiny

Every farmer has both the opportunity and the time to produce a good living and his feed at home, and if he does not the blame is his own. I have pleaded with the farmer for thirty-five years to live at home and never to come to town without bringing more to sell than

he comes to buy, thus making his cotton crop a surplus cash crop a surplus cash crop which he is not forced to sell at a disadvantage, and enabling him to use the proceeds for luxuries, improvements and investments.

The banks do not have any doubtful paper on German or Bohemian farmers. That is not because they are superior to the American farmer intellectually, but because they know that they must earn their substance by hard work. The Great Creator will help us to work out of trouble, but He will never help us to cry out or whine out.

Now if the Southern farmer is not satisfied with the price of cotton, all he has to do is to reduce his acreage and, as he controls the price by this production, he will have no trouble in advancing the price throughout the world to where it will bring him happiness and prosperity. In 1926 his overproduction put cotton at ten cents; in 1927 and 1928 moderate crops put cotton above twenty cents. Cotton does not deteriorate rapidly, and if the farmer produces more than the world needs the new crop will meet the tail end of the old crop.

Merchandising vs. Cotton Marketing

From this time on I am going to take the position that the farmer is perfectly satisfied with the price or he would not over-plant. Never again will I advise friends, customers, spinners or merchants to buy cotton

unless the producer believes in it himself and plants and holds accordingly. During my 43 years in the cotton business the farmer has sold all or part of each crop below the cost of production. That has been done for two reasons, (1) overproduction and (2) marketing twelve months supply in three months, thus forcing the world to carry his own child and then complaining because the world wants pay for it.

Conditions are changing. The chain stores are marketing their wares cheaper on account of the fact that they either manufacture the articles themselves or buy in great quantities. Mills that used to buy six to twelve months ahead now buy a few weeks ahead; wholesalers that used to lay in a year's supply now buy from hand to mouth; retailers that formerly carried large stocks of goods now have but little on their shelves—if you want a dozen collars of any size or make, you will find the average merchant has but a few of your size but will send and get them from the wholesaler. Everyone now works in harmony—except the farmer. He is the only one who does not show exhibition of independence and wise forethought for those who are dependent upon him.

The only man the farmer is fooling now is himself. Right minded and intelligent men know that the farmer knows better but does not desire to do better. I have spent

 4, The Story The Brothers Tell: Oleta Reed,
 Everybody come for you are needed.

Mr. and Mrs. Ferris and Mrs. Leavitt, of Stamford, were week end guests the past week of Mr. and Mrs. Otto Mott.

About twenty members of the Odd Fellows Lodge of Spur, last week attended a meeting of the I. O. O. F. Association of Motley and Cottle Counties, held at Matarador Friday of last week. The Memorial and other programs of the occasion were enjoyed and appreciated by Spur visitors.

S. W. Vernon, of the Highway community, was on the streets one day the first of the week.

Dr. Grace, we are sorry to note, has been ill and confined to his room the past week or ten days. It is hoped by his many friends that Dr. Grace will again soon be able to get about and resume his practice.

John McDonough and family some time ago moved from Callahan county, and are now living on their farm home to the southwest of Spur four miles. Mr. Donough completed the building of a new and modern farm house on his place here before moving. We are glad to have them as resident citizens of the great Spur country.

THREE YEAR TERM GIVEN WILL LUMAN IS AFIRMED

The case of Will Luman, given three years by a jury in Dawson Co. recently in connection with the slaying of Marvin Breeding here in 1927, was affirmed today by the court of criminal appeals, according to dispatches from Austin.

Luman was indicted here October

18, 1927, and the case was transferred on the court's motion to Dawson county. The case was tried in December 1928, and Luman was convicted and given a three year sentence.

At the close of the trial at Lamesa, Luman was immediately arrested on an indictment from Firt Stockton charging him with cattle theft. He was convicted on this charge and was given a three year sentence, which case is now on appeal.—Post Dispatch.

NOTICE OF CREDITORS OF THE ESTATE OF W. C. BENSON AND FRANCES ANN BENSON, deceased.

Notice is hereby given that original letters of Administration upon the joint estate of W. C. Benson and Francis Ann Benson, deceased, were granted to me, the undersigned, on the 23rd day of January A. D. 1929, by the County Court of Dickens County, Texas.

All persons having claims against said estate are hereby required to present the same to B. G. Worswick, whose residence and post office are Dickens, Dickens County, Texas.

VIKING SKIMS MORE CLOSELY

It is possible with the Viking straight disc separator to use a small, light weight bowl, which secures more capacity with less discs and skims more closely. All the discs discharge the cream in the center column, and up and through the cream outlet. The skim milk is thrown out and up over the cream disc, and is discharged through the skim-milk outlet. The bowl is the very best Swedish steel and is encased in a bowl shell, pressed from one piece of metal—therefore unsurpassed for solidity and durability.

One Engine that never forces itself upon your attention
 You know it's there . . . the engine of the New Oakland All American. You can tell by the power . . . the acceleration . . . the speed that it delivers hour after hour. But aside from that you are hardly aware of its existence . . . it is so smooth . . . so silent . . . so uniformly efficient at all times . . . Come in for our special demonstration . . . and learn what a remarkable engine the New All-American includes.
 Prices \$1145 to \$1775, f. o. b. Pontiac, Michigan, plus delivery charges. Spring covers and Loxley Hydraulic Shock absorbers included in list prices. General Motors Time Payment Plan available at minimum rate.
 Consider the delivered price as well as the list price when comparing automobile values. . . . Oakland-Pontiac delivered prices include only reasonable charges for delivery and financing.

TION WORK

"Living Room Winner"

Mrs. J. D. Christopher is the winner in the Living Room contest in the county. This contest which is State wide is conducted by the Semi-Weekly Farm News and A. and M. college. Mrs. Christopher living room will now be judged in the District Contest and should she win in the district she will enter in the State contest.

Mrs. Christopher has made some wonderful improvements. She has done the work with a small amount of money and with a great amount of work. Her living room will be an inspiration to many of the other women and those that see her work will want to follow her example. The story of her living room improvement will be in the next week's paper. The judging for the district contest will be done sometime in May.

"Poultry Demonstrators"

This year poultry calenders which have been prepared by Mr. Holmgreen, the poultry specialist, have been placed in the hands of ten special demonstrators. These demonstrators are: Mrs. Jim Smith, Dry Lake; Mrs. Joe Thornton, Red Mud; Mrs. B. F. Middleton, Prairie Chapel; Mrs. J. G. Childress, Red Mud; Mrs. E. M. Howell, Red Mud; Mrs. E. W. Yeakley, Twin Wells; Mrs. L. B. McMeans, Twin Wells; Mrs. C. C. McCombs, Twin Wells; Mrs. C. H. Scott, Steel Hill, Mrs. Joe Rose, Duncan Flat. The object of these poultry flock demonstrations is to establish visible and tangible examples of good poultry farming in different localities of the county, and to analyze the resulting records to convince (1) the demonstrators, (2) the neighbors and (3), the county at large that good practices pay. The women keep a record

are sold and a record of what is spent and each month the receipts and expenses are checked. In this way the records are simply means to an end, and that end is the steady year-by-year improvement of poultry farming practices in the county. The demonstration without records may do a limited amount of good, but so little that it may be considered as axiomatic that a demonstration without records is not a demonstration. On the other hand, the records must be used or they are not worth keeping.

"Turkeys"

Many of the women in the county have realized large sums from their turkeys. Mrs. B. F. Middleton out at Prairie Chapel and Mrs. L. B. McMeans out at Twin Wells are both convinced from past records that turkeys are much more profitable than raising chickens. The poultry industry has been a growing institution for the last several years, and no doubt the turkey has been considered in some parts of the county, but it seems that the royal bird has not been given due consideration.

As in poultry raising the most important step in turkey raising is proper selection of breeding stock. In the first place every turkey raiser should keep pure-bred turkeys and not mongrels. A good way to start the pure-bred turkeys is to buy the best eggs. It might seem expensive to pay \$10 a dozen for turkey eggs, but when you consider that you are getting the best eggs and the price that your turkeys will bring in the Fall, it is not so expensive. The flock may be built up very fast by having the male birds of the pure-bred type. Fifteen hens can be mated to one tom.

Hatching turkey eggs in incubators is just as successful as hatching chicken eggs, but turkey hens r chicken hens are good for hatch-

ing them. In an incubator of chicken hen is used a broody turkey hen should be ready to take the poults when they are hatched. It has been said that if turkeys are raised to six weeks of age they required no more attention. Little turkeys are very hard to raise through the first week. About half that are hatched are raised to maturity. But very few die after they reach four weeks. Improper feeding; damp, cold weather, weak vitality; too close confinement; lice; and varmint are the most common causes of so much loss with young turkeys. Before the eggs are hatched a large roomy coop should be provided large enough for the hen to stand erect and walk about. It should be well ventilated. The coops should be placed in a shady spot where there is plenty of grass and weed, and built so as to allow the poults to turn in and out, but confine the mother hen.

The poults must be protected from the rain for 3 or 4 weeks.

Correct feeding is the most important consideration in raising little turkeys. Over feeding is most often the cause of the loss among small turkeys. Do not feed them anything for the first two days. Just give them plenty of water and fine grit. The third day they may be fed a little feed about five times each day for about a week. Keep them hungry all the time. Feed just a small amount each time, not as much as they can eat. They may be fed hard boiled eggs mixed with bread crumbs for the first week; sour milk and bread crumbs; cracked corn, whole wheat, and pin head oats, equal parts. They must be given green feed if they cannot get it outside the coop. The sooner you can give the hen and brood free range the better, but do not turn them out in cold damp weather. Nothing is worse for them.

Croton Club Organized

The Croton and Wichita women met April 28, at the Croton school house with Miss Osborne and organized a Women's Home Demonstration Club. There were 24 members enrolled. The girls out at these communities have had a club for a long time, but the women have not had a club for several years. The following officers were elected:

- President—Mrs. M. B. Thannish.
- Vice-pres—Mrs. Lee Mimms.
- Sec-Treas—Mrs. J. M. Price.
- Reporter—Mrs. J. P. Legg.
- Council Representative—Mrs. R. G. Thannish.

Miss Osborne discussed with the women the program for the year's work, and the booklets, 'What Every Club Woman Should Know' were handed out and the parliamentary rules studied. The president appointed Mrs. T. S. Lambert, Mrs. Homer Barnes, and Mrs. Mary Dunn as membership committee, and Mrs. Bert Hash, Mrs. D. H. Giddens, and Mrs. Clarence Gilstrap for the finance committee. The next meeting will be with Mrs. O. E. Minex at 3:30 P. M. May 8. The demonstration will be "Childrens Clothes."

Bob Cross, of the Espuela community, was among the many business visitors in Spur Saturday of the past week. Bob states that everything is moving along nicely in his part of the country—but all would appreciate having a rain at this time on which to finish planting crops.

FELT BAD AFTER EATING

"FOUR YEARS ago, I suffered with heart-burn and bilious indigestion. Whatever I ate disagreed with me. Gas on my stomach made me very uncomfortable. My tongue was coated and my color was bad. I needed a good laxative, and so my mother-in-law gave me some Black-Draught and told me to take it. I found it helped me very much, so I bought it for myself. Seems it was the very thing I needed. It is a fine family remedy, and I use it when I need something for constipation.

"I also give Black-Draught to my children whenever they need something for colds or upset stomachs. Our whole family takes Black-Draught."—Mrs. G. C. Leary, 103 North Alston Ave., Durham, N. C.

Black-Draught
for Constipation, Indigestion, Biliousness

WOMEN who need a tonic should take **CARDUI**. Used over 50 years.

OUR FAITH IN YOU—

The electric light and power system in many towns represents the heaviest industrial investment in the town.

Present day utilization of electricity in domestic and commercial life calls for great power generating stations and costly distribution systems. When selecting factory locations, big industries first ascertain if uninterrupted electric service is available.

When a company invests millions in generating stations to serve a group of cities and towns it is certainly a concrete indication of the company's confidence and faith in the towns.

The West Texas Utilities Company has built three major generating stations, and maintains 15 auxiliary power plants, to give unfailing service to the 110 prosperous cities, towns and communities on its properties.

This company is vitally interested in the progress and development of every community it serves. Your success is our success, therefore, it is one of your most active boosters, and one of your most substantial citizens.

West Texas Utilities Company

CHURCH OF CHRIST

an Activity is one of the al and essential things to press of the church. It car- it the daily walk of life,

the duties and the opportunities one has presented to him as he passes along.

There is also that form of obligation that is found in everything of any importance. The realization of ones obligations, first, to God, then to his co-workers, is the first step on the ladder of a Christian's work.

After the "realization" comes the "doing." Never wait for the other fellow but go ahead as if you were the only person to do the work.

When one has become trained to his position he holds in Christian work, then let him not forget to add love, hope, faith, cheerfulness, forgiveness, patience, friendliness and always keep in mind the great God, the ruler of the universe."

J. P. Koonsman, of the Croton country, was among the many in the city Saturday of the past week. In conversation with Mr. Koonsman, he stated that he was still hopeful of oil developments in this section, since a considerable portion of his acreage was under lease and the yearly premiums were being paid. There is not the least doubt in our mind but that oil is here—and that the oil fraternity knows it—and when the time comes it will be brought

in. However, what we want is to get some of the proceeds of this underground resources before we get old and gray-headed. It may be a part of our duty to labor for posterity, but during a life-time we would appreciate just a few dollars of easy money.

J. P. Goen, of the Goen Ranch a few miles northwest of Dickens, was in Spur Wednesday afternoon. A few weeks ago we stated that J. P. Goen was among the old timers here, and that he was here in the early days with the Matadors—when as a matter of fact he was with the Pitchforks until he established a ranch of his own. J. P. Goen is not only a good citizen, but one among the best fixed men of the country—and one among the very few ranchmen who escaped calamity in the years of cattle depression.

A. C. George, of the Highway section of country, was in the city the latter part of the past week, trading and on other business.

John D. Hufstelder of the Duckum Valley, was here the first of the week, transacting business affairs and meeting with friends and acquaintances.

T. J. Harrison, of the Duncan Flat community, is spending this week in Dickens with his daughter and family, Mr. and Mrs. Frank Speer.

S. B. Boykin, of northeast of the city three or four miles, was here Tuesday, and while in the city was a very pleasant caller at the Texas Spur office. Mr Boykin has only planted feed, stating that the time was here now for a rain, or otherwise we might again have late crops and possibly early freezes. Here is hoping that the rains may come in plenty time for early planting, and that the biggest crops of years will be produced.

Mr. and Mrs. O. L. Hale returned the first of last week from Cisco where they spent the week end with their daughter, Miss Annie Mae, who is attending college in that city. Ward Harris, of McAdoo, was in Spur last Saturday, meeting with friends.

Buster Bural, of the Antelope section of country, was among the large number in the city Saturday, trading and meeting with friends of the surrounding country also here that day.

Mr. and Mrs. White Moore, of six miles west of the city, were in Spur Saturday afternoon, shopping and visiting among their friends and acquaintances.

J. L. Jenkins, of the Prairie Chapel community east of Afton, was among the many business visitors in Spur Saturday of the past week. He reports everything in good shape in that section.

Mr. Ponder, of McAdoo, was in Spur Monday, transacting business affairs and trading with merchants and business interests of the city of Spur.

Billie Elliot, of the Spring Creek Farm and Ranch to the southwest of Spur, was in the city Monday afternoon.

H. C. Allen, of Dry Lake, was on the streets one day during the past week.

W. P. T. Smith, of Dry Lake, was transacting business in the city the past week end.

Prof. R. P. Bell, of the Prairie Chapel school east of Afton, was in Spur Saturday afternoon.

W. B. Arthur favored us the past week with a renewal of his subscription to the Texas Spur and Dickens Item.

Watch Spur Grow— Judge H. A. C. Brummett, of the city of Dickens, was in Spur Monday, spending an hour or two here meeting his friends.

Watch Spur Grow— J. H. Miller, of the McAdoo section of country, was recently in the city, trading and transacting other affairs.

Watch Spur Grow— County Commissioner Austin Rose of the McAdoo country, was transacting business in Spur the first of the week.

M. W. Edwards, of Girard, was in Spur Monday. He was seeking a position on a farm, stating that he preferred farm work to other lines of business.

Milton Smith, of the Red Mud section of Kent county, was among the many in Spur Saturday trading and transacting other business affairs.

Mr. and Mrs. W. P. Marshall, of the Duck Creek settlement, were in Spur Monday, shopping and visiting among their friends and business associates.
