Tomato Meeting.

Pursuant to suggestion previously published several citizens met in THE SENTINEL editorial rooms Monday afternoon for the purpose of considering the subject of tomato culture for market purposes, and discuss such other matters in connection therewith that might be suggested.

H. S. Edler was elected permanent chairman and H. C. Fuller, secretary.

Mr. Edler stated that the main object of the meeting was to induce farmers in the vicinity of Nacogdoches to plant a sufficient quantity of tomatoes next year to insure shipping rates and other inducements from the railroads. In this connection it was stated that Mr. Robt. Lindsey had some interesting information concerning the establishment of a canning factory here in the near future.

On motion it was agreed to name the organization "The Fruit and Truck Growers Association of Nacogdoches County."

The chairman called the next meeting for Saturday afternoon, Sept 14th at the court house, and every one interested in gardening and truck farming is extended a special invitation to be present. Mr. Mally, State entomologist, and Mr. Dixon, immigration agent of the H. E. & W. T. Ry. company, will be invited.

The following paper was ordered written and signed by those present Monday evening:

We, whose names are subscribed hereto, respectfully request and invite everybody interested at all in fruit raising, gardening and truck farming to meet at the court house in Nacogdoches, Saturday evening September 14th for the purpose of considering and discussing plans and

methods of raising tomatoes, etc., for the market, and of securing rates, etc. This meeting is intended to be the initial step of what can easily be made an important and remunerative business. Come out and bring your neighbor.

H. S. Edler, chairman; F. R. Rightmer, Hense Burrows, J. K. Latham, W. A. Taylor, Jno. B. Power, J. G. Cooper, W. L. Christopher, W. R. Baker, C. D. Clark, Robt Berger, E. M. Weeks, W. H. Harris.

H. C. FULLER,
Secretary.

At the Post Office.

There seems to be something afoot at the Nacogdoches postoffice as well as all other avocations in Nacogdoches. Postmaster Cooper has furnished THE SENTINEL with the following statement of the business for corresponding five months for 1900 and 1901:

August, 1900	\$292
August, 1901	622 00
Increase over last year	137 per cent.
Corresponding five months, ending Aug. 31, 1900	\$2012 14
Corresponding five months, ending Aug. 31, 1901	2597 71
Increase	\$585.57, or 34 per cent.

The greatest gain, it will be observed, has been during the month of August just ended. It is probable that the business will continue to hold up this way for several months, especially during the excitement now prevailing throughout East Texas.

A. W. Edlings is again in his shop after a time of illness. He is ready to repair all kinds of machinery and has a large stock of goods in his shop.

Miss Nina Carver has accepted a position in the goods department of E. J. Zerbe & Co.

Got the Wrong Man.

Editor SENTINEL:
Linn Flat, Sept. 1.—I see in the WEEKLY SENTINEL of August 28th, in Saturday's locals where you have a local stating that I was in town August 23rd and that I was making preparations to move to Oklahoma territory and that you advised me not to sell my cow and calf nor my plow horse, but to leave them with some of my neighbors. Now, Billy, you must have been dreaming, for I was not in town on the date mentioned, and as for my telling you or anybody else that I was going to Oklahoma, it is a mistake. Old Nacogdoches county is good enough for me. I can't see why a man would want to leave a county like this to go to Oklahoma, for I am satisfied that you must have dreamed this. Be careful next time you go to dream and don't make such a wild dream. Yours cordially,
L. D. LYNCH.

That was a big "bust" on the part of the editor. It was our friend Thompson we were firing that shot at, and by accident we got him mixed up with Lyles. Thompson was in the office yesterday and "lowed" he'd nearly backed out, and we are of the opinion he will back out when he is assured of the trouble it takes to get a home in the territory.—Ed.

Stood Death On.

Henry R. Mansfield, a well-known grave digger, has a brother who was very ill with malarial fever and had been persuaded him to try Dr. J. B. Batts, and he was soon better, but continued to be ill until he was nearly cured, when some Dr. Batts medicine was given him. This remedy cured him, and he is now a well man.

In a game of billiards played at the local club, the team of J. B. Batts and J. C. Batts defeated the team of J. D. Batts and J. E. Batts.

JUST A MOMENT!

Won't talk long. Want to say we have several car loads of the following:

Peter Schuttler, Bain, Improved Espenchied and Linstroth

WAGONS.

Shuttler is highest built, neatest wagon on earth. Runs easy. Costs more money than any other, and worth all you pay for them.

The Bain is a little heavier, very strong and durable. Little lower in price. Been tried 10 years and never found wanting. Runs light.

Espenchied and Linstroth Wagons still lower in price and best wagons in the State at a moderate price.

Don't buy a wagon till you see us. If we don't suit you, will appreciate your giving us a chance.

BIG STOCK OF

Buggies, Surries and Hacks

Bought from the

Bailey = Stock

Free of freights and a good discount besides.

We are selling them for less than other people's cost. Don't delay too long. These prices won't last.

Another "Good Thing" we have is a FULL CAR LOAD of

Victor and Great Western Cane Mills, Evaporators, Furnaces, Etc.,

OUR PRICES ARE LOW.

Promised to be brief but it wouldn't be fair to close without reminding you that

Charter Oak and Buck's STOVES

Are desirable and our prices reasonable.

Our Goods are for the People.

Let's inaugurate a move for a thorough cleaning up.

GARRISON will hold a prohibition election next Tuesday.

ARE you thinking about the proposition to plant some tomatoes next spring. There's millions in it.

CAPT. QUINLAN, vice president and general manager of the Houston and Texas Central railway, died at his home in Houston Thursday night.

AN oil strike is reported from Velasco. A regular gusher was brought in yesterday on the right bank of the Brazos, three miles from that city.

SAN AUGUSTINE is about to establish a national bank, so we are informed by Hon. S. W. Blount, who has just returned from a business visit to the Red Land city.

THERE are several sections of East Texas where rain has not fallen and everything is parched. But as a general thing it has rained enough to break the drouth, while it has not saved the crops from great damage.

WE have got a little missionary work on hand right close to home now. In fact we have had for years past enough to keep us busy if we would only do our duty. Flood, storm and drouth have been severe on Texas the past year.

THE cotton crop around Alto is very short, but everything indicates a good price this fall. The price is rapidly advancing, and by October 1st farmers may expect to get 10 cents for their fleecy staple.—Alto Herald.

With good prices for cotton this fall and a large tomato acreage next spring, no one need fear anything. If the farmer fails to come out of debt this fall, he ought not to be discouraged, but begin another crop with cheerfulness.—Alto Herald.

WE haven't heard a word about the girls' industrial school, except from Mr. E. A. Blount. Everybody knows it would be a fine thing for Nacogdoches, and we can't see why some formal steps are not taken to secure one of the branches.

THE construction gang of the T. & N. O. railroad is now within three miles of Jacksonville, according to the Banner, and that paper says the iron horse will come puffing and blowing into Jacksonville within the next few months.

WE have a letter from a workingman at Coshatta, La., who says he is without means and has several children, but is willing to work hard for a living. He wants to come to Nacogdoches and go to work with some good farmer. Who has need of such a man? His address can be obtained at this office.

TOMATOES IN SMITH COUNTY.

Here is another "note" from the experience meeting of truck farmers recently held at Palestine: "Mr. W. A. Clark came to Smith county as poor as Job's favorite fowl, six years ago, from Navarro county, where he had barely escaped death by starvation trying to make a living on cheap cotton. He had the cotton habit so bad, however, that he could not keep from raising a crop in his new home. Last year he planted thirty acres of cotton and one of tomatoes, although he knew nothing whatever about raising tomatoes. To do this he bought on credit; planted his tomatoes in crab grass land, using vegetable fertilizer and working the ground thoroughly. From this hitherto poor, sterile land he raised over 700 crates of choice tomatoes, which brought him over \$400 clear profit; planted also a peach orchard several years ago, consisting of Elbertas, Texas Kings and St. Johns. From his peaches and tomatoes Mr. Clark has paid for his land, improved his home, and to use his own words, "has a place in Smith county today which he would not exchange for the finest cotton patch in Navarro county; and I have done it all with my peach orchard and little tomatoes." Mr. Clark explained that his relations with the commission merchants in St. Louis, Kansas City and other Northern cities were very satisfactory, indeed, that he had no trouble whatever and not a single complaint as to the quality of his goods had been made. Mr. Melton is the tomato censor for the association and lets nothing pass that is not strictly first class. In this way the association has established a reputation which is inestimable. Mr. Clark especially urged the farmers to attend the College Station Farmers' Congress held each year.

Rowdies made a "rough house" on an excursion train of the Houston, East and West Texas railroad near Nacogdoches Sunday. Many windows were smashed and several hair-breadth escapes occurred.—Galveston Tribune.

The Tribune has got things mixed. It was the T. & N. O. train, brother, and not the H. E. & W. T., and it took place away down near Beaumont.

CONGRESSMAN KLEBERG has asked the secretary of war to order rations sent to the people of Coryell county, in his district, who are on the brink of starvation on account of the drouth which has caused their cattle to die by the hundreds, their crops to burn literally up and put their business at a stand still. This is indeed awful to contemplate when people are unable to even get anything to eat. We hope that all suffering will be relieved at once.—Wills Point Chronicle.

Just think of people starving within the borders of Texas. But there will be a greater area than ever within the next twelve months where such a state of things will exist in Texas, if the people are not careful in handling the short crops of the present year.

The papers all over the country are now devoting a great deal of space to truck and fruit farming and crop diversification. Let the good work go on. It is much better than trying to talk politics in off years.

CRANE and Lanham have announced as candidates for governor next year, with a probability that Speaker Prince, Jim Wells and others will be in the race. One thing is certain the State will get a governor, and things will go on as usual—Lockhart Register.

There is consolation in the latter thought.

THE trend of the Cherokee county papers is that Cherokee county people are better than the people of Nacogdoches and that Nacogdoches ought to feel honored at Cherokee's condescension to join Nacogdoches in making up a senatorial district. It is that same spirit always heretofore displayed that makes Nacogdoches distrustful of Cherokee.

There is a paper published at Waco called the Times-Herald which, by innuendo, slime and slander, made Senator J. W. Bailey appear to the stranger as a bad man. The Tyler Courier copied all such infamous articles with its hearty endorsement. Said paper is pursuing the same course with reference to State Treasurer Robbins, but the Courier does not reproduce a single word of it.—Henderson Times.

The Times is equally as inconsistent. It detested Bailey while it condemns Robbins. Bailey's offense was far greater than the mistake of Robbins.

DABNEY WHITE, the "red headed rover" must be over at Henderson trying to commit matrimony. We clip the following marked paragraph from the Rusk County News: "It is currently reported that our young friend Dabney White intends marrying in the near future, in fact, somewhat sooner if he can. We sincerely trust Dabney will be successful this time. Many more reverses along this line the poor fellow might become desperate." Dabney has been considered somewhat of a desperado for these many years, but this is the first time we have suspected him of being desperate enough to tackle matrimony.

THERE is not even a "mole hill" in the Plaindealer's boog-a-boo about the county paying out so much money to the H. E. & W. T. Ry. Admitting that every cent alleged to have been paid out was paid (which is not true) and that \$250 was allowed for attorney's fees, still the county is over a thousand dollars ahead on the taxes collected by the populist administration the year previous. The \$740 that is causing such a rumpas was only money refunded to the railroad by judgment. In 1898 the total taxes collected from the H. E. & W. T. railroad was \$2,209.74, against \$3,987.60 the year following, from which this \$740 was refunded. Now, we would like to know who is hurt. The State pays one half of the money refunded, and when simmered down to the actual facts Nacogdoches county will only have to refund about \$140.

WHY COCKRAN SMILED.

Bourke Cockran was snubbed in the House of Commons recently. Mr. Cockran was the guest of Winston Churchill, and the two met Colonel Arthur Lee, recently the British military attache at Washington.

Colonel Lee did not deign to recognize the New York lawyer, and Mr. Churchill asked, "Don't you know my friend, Bourke Cockran?"

"Yes," replied Colonel Lee. "the last time I saw him he was welcoming Boer delegates to Washington." Then Colonel Lee turned on his heel, leaving Mr. Cockran, as one English writer puts it, "in a beastly state of humiliation."

The more reliable information, however, says: "Mr. Cockran only smiled, while Mr. Churchill made profuse apologies for subjecting his guest to such a "rebuff." There are, however, in America, millions of men and women who can readily understand why Cockran smiled. These can readily understand why Bourke Cockran accepted Lee's statement as a tribute rather than a rebuff. True it was not intended as a tribute, but there is an old fashion notion in America that it is a distinct honor to have the privilege of welcoming representatives of a people struggling for republican form of government.

If the Lee example is followed generally, and Englishmen refuse to speak to Americans who have expressed sympathy with the Boers, then the conferences between American citizens and King Edward's subjects will be limited, so far as this side of the water is concerned, to administration politicians. At this rate one need not be surprised if some haughty Britisher refuses to confer with an American on the ground that the latter has at one time or another paid tribute to George Washington or said words of commendation for the gallant deeds of "Mad Anthony" Wayne.

Americans "rebuffed," "rebuked" and "insulted" on this account, will smile as Bourke Cockran smiled.—Commoner.

THE planting of trees in the public streets seems to have its drawbacks as well as its advantages. At least this seems to be the experience in Portland, Ore, where as elsewhere in the United States, there has been considerable planting of shade trees. The poplar, from its quick growing habit and the ease with which it could be procured as compared with many of the other varieties commonly planted for the purpose seems to have been used. Its deep rooting habits, and the numerous fine shoots which it sends through the ground in search of water, have, however, proved its ruin, and the fiat has gone forth for its destruction. Many of the breaks in the sewers have been directly traced to this habit, and the increasing expense to the city from this cause has prompted cutting them down.—Shreveport Journal.

Shindler's

Purgative Compound Pills,

The Best Pill on Earth for Regulating the Stomach, Bowels and the Alimentary System Generally.

We are indebted to Dr. F. C. Ford, of Nacogdoches, for the valuable formula by which these pills are made. They are little, but they do the work.

With each \$1.00 bottle of Shindler's Sarsaparilla, Shindler's Iron Tonic, Shindler's Compound Extract of Celery, Shindler's Kidney and Liver Cure, and Shindler's Woman's Health Restorer, will be found packed inside the carton and in an envelope like this a bottle containing about twenty of these pills which are rapidly growing famous.

For Constipation, Sick Headache and as a Cathartic, take 1 pill at night and continue taking one pill at night until the bowels are regular and natural in their operation. In some cases it may be necessary to increase the dose.

For Bilious Attacks and Liver Complaints, 1 to 3 at night and 1 in the morning, until relieved. Some people are harder to move than others, but it is rarely the case that more than two pills are necessary.

We do not advise constant use of these pills. They are powerful in their effects and anything like constant use is unnecessary. For children and weakly women 1 pill is generally enough, and for small children and infants 1-4 to 1-2 a pill in syrup will do the work.

Yours for Health,
R. C. SHINDLER & SON.

Chill Tonic.

Please send me another bottle of Shindler's Tasteless Chill Tonic. It is the only medicine that I have used that breaks the chills and fever broke.
T. K. HAWKINS.
October 6, 1900.

Chill Tonic.

I have used on my son, 12 years old, one bottle each of Shindler's Chill Tonic. Used the first for three days and then started on Shindler's, which broke the first chill and kept them off up to date ten days ago.
J. A. BRUCE.
October 25, 1900.

Pills and Chill Tonic.

My wife had a very bad spell of malarial fever and chills. I gave her some of Shindler's Pills and at same time gave her a bottle of Shindler's Chill Tonic with iron. One bottle of Chill Tonic cured her completely. Please send me another bottle of the Chill Tonic. I want to keep them off.
J. J. DOLLARD.
October 11, 1900.

Chill Tonic.

Give me another bottle of your Chill Tonic. One bottle has stopped two cases in my family and I want them to stay broke.

Syrup of Tar and Wild Cherry.

I take pleasure in saying to you that Shindler's Syrup of Tar and Wild Cherry is the best cough medicine I ever used. It is the best remedy for bronchitis I ever used.
W. L. RUSS, JR.
October 13, 1900.

Chill Tonic.

I have used Shindler's Chill Tonic in my family, this year (which has been a very sticky year) and have found it to be the best chill and fever tonic I have ever used, and is a fine general tonic in addition to being the best for chills and fevers.
W. H. ROGERS.
Sarsaparilla.

This is to certify that I have used about one-third of a bottle of Shindler's Sarsaparilla on my little girl, which was very badly broken out all over with sores, and that after one week's trial she is entirely well. I have tried nearly everything that I thought of, but it is the best baby medicine I ever used. Have also used your other medicines with good results.
J. S. ALLEN.
October 6, 1900.

Iron Tonic.

Your Iron Tonic has made a new man of me. I bought eleven bottles of — last year which did not do me as much good as one bottle of your Iron Tonic. Since taking it I can eat anything.
E. K. DEAYAR.
July 11, 1900.

Soothing Syrup.

Our baby was low last January and for about one month it was fretful and bothered with colic every night. I tried Castoria and Paregoric and several other things without any effect. Finally I tried Shindler's Soothing Syrup and we had no more trouble with it. It is the best baby medicine I ever used. Have also used your other medicines with good results.
J. S. ALLEN.

Liver Regulator.

Shindler's Liver Regulator, besides being the biggest package, is also the best I have ever used. We want no other in our house.

Condition Powder.

Give me a box of Shindler's Condition Powder, as my neighbors recommend it so highly I want to try it myself.
P. P. MYERS.

Liver Regulator.

I use Shindler's Liver Regulator in my family and find it the best in every respect.
B. H. MILLER.

Spectacles.

I have worn a pair of Shindler's Spectacles for one year and find that they have entirely relieved the eye strain that was so troublesome I could only study a short time.
O. W. H. McCALL.

Celery Compound and Iron Tonic.

I have used Shindler's Iron Tonic and found it good, also Compound Extract of Celery. These medicines have proven so satisfactory that I want all my friends to try them. In fact all of Shindler's Remedies will do all they are advertised to do.
S. E. BRUCE.
Shindler's Liver Regulator is the best.
C. A. PARRY.

To R. C. Shindler & Son and the public:

Under a true test I would advise all people who have chills and fevers to be sure and get Shindler's Tasteless Chill Tonic and Shindler's Purgative Compound Pills, and use them according to directions. I will assure a permanent cure, for I have given them a true test. When my family commenced having chills and fever, I tried all other Chill Tonics which had little effect. The first trial of Shindler's Chill Tonic broke them up and I only had twelve hours to commence before chill time, and the chill sure failed to come. Since that time my little twelve-year old boy was first taken with a chill in the morning, afterwards fever rose, at bed time that night fever still very high. I gave him one Shindler's Pill, at midnight one, at 4 o'clock one more and fever still very high. I still kept on the Chill Tonic according to directions, and the fever remained very high all that day. Write said I had better go for a doctor. So at 12 o'clock in the night the fever commenced going down and by morning he was clear of fever. By using Shindler's Purgative Pills and Chill Tonic, I know by experience that I cannot recommend those two medicines too highly. The best wishes to R. C. Shindler & Son for preparing such good valuable medicines at home for the people.
J. A. BRUCE.

Shindler's Pills.

I have used Shindler's Pills three years and find them the best. I have used them for biliousness and find them a perfect success in every way.
S. A. OLIVER.

Liver Regulator.

I have used Shindler's Liver Regulator ever since it was first brought to this town and find it the best ever used. A one dollar package lasts my family about one year. Light dose night and morning and then another just before dinner will clear you of any cold. Too much cannot be said of its place, and its place is in every household. I have also used Shindler's Pills, Chill Tonic and Iron Tonic and they are the best remedies I ever used for what they are recommended.

Syrup of Tar and Wild Cherry.

Shindler's Syrup of Tar and Wild Cherry I have found to be better than any other cough medicine. I had coughing, spells and cough until my nose bled, and since I have used Syrup of Tar and Wild Cherry I have not had any more of those spells. I cannot say too much for your medicine.
W. EMISON.

Liver Regulator.

I want another package of Shindler's Liver Regulator. It is the best. I want no other.
E. C. MICKLEBROW.

Sarsaparilla.

Shindler's Sarsaparilla cured eczema on my two-year old child. It is the best blood purifier ever used by me.
C. A. PARRY.

Iron Tonic.

My mother used a bottle of your Iron Tonic last fall and it helped her so much I want another. Mother says it is the best medicine she ever used to give her strength and appetite.
W. A. STROBE.

Liver Regulator.

Gentlemen:—My spectacles arrived yesterday in good order and are a joy forever. Your efforts to suit my eyes resulted in a most happy success. It is simply wonderful how you improved my vision. I can see to shoot a Winchester rifle well, and you know the right eye was very weak. You have my best wishes and may success crown your every effort.
T. B. BARKER.

Liver Regulator.

Shindler's Liver Regulator is the best ever used in my family.

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she would die from Pneumonia before morning" writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of consumption. After taking she slept all night. Further use cured her. This marvellous medicine is guaranteed to cure all throat chest and lung diseases. Only 50c and \$1.00 Trial bottles free at R. C. Shindler & Sons drug store.

"QUICK SALES, SMALL PROFITS"

The FALL SEASON

Of 1901

Is now approaching and your problem is to decide on the proper place to do your trading. It is to your interest to carefully compare prices and qualities.

"A Dollar Saved is a Dollar Made."

Experience, observation, and common sense should and does teach you that a small merchant takes up less room, pays less house rent, less electric light, less clerk hire, less expensive displays, and less expense generally. Then a common sense proposition is, "Where should you buy? From whom should you buy? Where do you buy?"

Price elsewhere, but don't buy. Now to the point, I do not ask for all your, but do ask for a part of it, other things being equal, and if a small profit is an inducement, will get it. I am new in the business and will have to build a trade. I am going to build it. I am going to build it. I must have it. My plan is small profits and quick sales. I aim to do that. I am going to do it. I shall do it. So

If a Bargain Counter is what you want to see, See mine.

If Dry Goods is what you are after, buy mine.

If Shoes and Hats are wanted, take a peep at mine.

If Coffee, Sugar, Tobacco and Snuff are what you have got to have, get mine.

COME AND SEE. If you don't buy, I have no high priced salesmen to worry the life out of you, nor to show the hidden beauties—to mesmerize you—nor any beautiful magnetic displays to draw you in anyhow—but I have the goods to wear and the groceries to eat, and last but not least everything I have is for sale, and I am going to sell; didn't buy 'em to keep. Will go, must go, got to go. Yours for trade,

Chas. A. Hodges.

THURSDAY'S LOCALS.

J. S. Roberts, of Lufkin, was in the city last night.

Mrs. W. H. Fowler, of Beaumont, is visiting at the Methodist parsonage.

A. Y. Matthews returned last night from a business trip to San Augustine.

The walls of the new warehouse of Seale & Donegan are now up to the joist.

H. B. Davis, of the Mistrot house, has gone to Galveston to lay in his fall goods.

Adolphus Y. Barbo has returned to Jasper to go to school another session.

Jim McKnight has just hung out the swellest sign in town in front of the Opera saloon.

Prof. F. P. Marshall and wife have gone to Chireno to spend several days on a visit to friends.

Miss Melissa Menefee, who has been visiting in Nacogdoches, returned home Friday.—Center Champion.

Claton Binion, of the Lufkin Tribune, was here last night, but returned to Lufkin on the 2 o'clock train.

W. M. Vaught, of Looneyville, is in the city. He says his section of the county is still suffering from the drouth.

Miss Rose Edler has returned from St. Louis and will resume her position as milliner with Summers & Tucker.

J. H. Summers is at home after a week's tour in Western and South Texas. He reports the lumber business lively.

C. E. Swick, representing E. C. Palmer & Co., New Orleans, stationers and printers supply people, spent yesterday in the city.

There has been a good deal of surveying around the old Stone Fort and the alley west of it of late as if some changes were contemplated in that vicinity.

V. V. Daniels, editor of the great family journal, the Lufkin Tribune, was here last night. He went to Shreveport this morning to see about a press in which he was offered a bargain.

City Marshal Spradley is hustling up the road workers and making them either shuck their coats and put five days' hard labor on the streets or plank down three "bucks." It is pay up or go to work.

The brick work on the second story of the Zeve building occupied by Tucker, Zeve & Co., has been completed. The front is one the prettiest in the city and Architect D. Rulfs is being complimented for the beautiful design.

Plans have been drawn and contract let for the building of the new postoffice between Wettermark's bank and Lucas & Burk's hardware establishment. The building will be especially arranged for a postoffice, with modern equipments.

J. F. Summers has returned from New York where he bought a big stock of general merchandise for the firm of Summers & Tucker. They are remodeling their store, putting in a pretty glass front and when they begin to open their new goods they will have one of the prettiest displays in town.

One of the most delightful entertainments of the summer was given at the home of Mr. and Mrs. John Schmidt last night in honor of Miss Katie Mellinger, of Houston, who is visiting friends in this city and is the guest of the Misses Schmidt. A large crowd was present and all had the tullest measure of enjoyment.

Ed Skilleen "come across" with the champion snake story yesterday. He says he was cleaning off a piece of ground near his pond, a few days ago, when he killed two big moccasins. One he cut in two in the middle and from from one-half of the severed body thirty-four little snakes ran out. They were from six to nine inches long. He killed in all thirty-six snakes. The large number of live snakes within the old one is accounted for by those up on snake-ology, who say it is the habit of the parent snake to swallow the young for their protection after they are hatched out from the eggs.

Cost a Finger. Tuesday morning Charley Hottle got in a wheel-barrow of brick being hoisted on the Mantooh-Chancey building, just to get a ride to the top. His right hand got into litigation with some of the ropes and pulleys, and, as a result, a portion of the fore-finger of of the right hand was cut off and the second finger was aadly mashed.—Lufkin Tribune.

General Provisions of School Laws. Sec. 19.—All public schools in this State shall be required to have taught in them orthography, reading in English, penmanship, arithmetic, English grammar, modern geography, composition, physiology and hygiene, including the effects of alcoholic stimulants and narcotics on the human system, mental arithmetic, Texas history, United States history and civil government, and other branches as may be agreed on by the trustees, or directed by the State superintendent.

A United States marshal was in town last Friday and summoned Gus Irwin, J. A. Kelly, Sandy Thacker and John Joplin to appear as witnesses before the federal court. Uncle Sam is a little late hunting the 'Blind Tiger' and he may not catch him, but he is likely to collect for some revenue license that were not conspicuously displayed.—Garrison Signal.

Buy your cane mills, evaporators, furnaces, etc., for your syrup making from Mayer & Schmidt. We also have the jugs, kegs and barrels to put your syrup in.

A few bales of cotton come straggling in, but so far very little of the new crop has been received.

FRIDAY'S LOCALS.

G. W. Graham is still on the sick list.

Z. T. Mast, of Melrose, came up this morning to spend the day in the "hub," on a business trip.

Mr. E. A. Blount is quite sick at his home on North street which has delayed his trip to Buffalo.

Mrs. W. H. Harris and children are in Garrison, where they will spend a week for the benefit of their health at Mineral Springs.

The rain last night filled the town creeks to overflowing, and, as usual, put the foot bridge on South Fredonia street out of kelter.

Henry Stack reports a fine rain all the way from Shady Grove to Nacogdoches. He says this is the first rain in three months that held out that far.

The editor is awful "grunty" today—took cold, has the swell-head, a crick in his back and a game leg, besides what ails him. Can't chase news items with the necessary alacrity to obtain them today.

Three of the Barker boys are in jail at San Augustine. They were indicted by the grand jury for the murder of Sam Scott, and the prosecution refused to agree to bail. They will be tried under habeas corpus proceedings Friday.

H. E. Dyson returned this morning from Providence, R. I., where he spent the summer, and is on hand for his share of the cotton that comes in to Nacogdoches. Mrs. Dyson will remain several weeks longer in Providence, awaiting for the hot weather to break down South.

Walker Smith and Will Burnes, both colored, and both attaches of Jerry Baldwin's barber shop, had a falling out in the rear of the Opera barber shop last night. The result was that Walker took a couple of pops at Will with his six shooter, but did no damage except to perforate Will's hat brim. Walker was arrested and jailed by Doc Watson.

The excitement caused by the burning of the electric wires along the front of Summers & Tucker's and Hardeeman's stores last night, was no fault of the company. The contractor who has charge of the re-modeling of Summers & Tucker's new front had disconnected the wire and neglected to notify the company. There was no especial danger done in this case, except to the nervous system of the property owners, and the accident should serve as a warning to others desiring to have the wires disconnected. The company has a regularly employed electrician who will give such matters prompt attention.

Douglass Letter.

DOUGLASS, TEX., Aug. 30. Ed. Sentinel—The prospects are favorable for rain, but we have had no rain since Monday night last.

Health of this community is good at present.

J. M. Wallace and Miss Belle Summers were married

the 19th inst. on the road between Douglass and Looneyville. The writer wishes them a happy, prosperous union.

Rev. J. S. Burke, of Rusk, came in this morning and will deliver several temperance lectures. He will preach here Sunday night.

We have been perusing the columns of a copy of the Nacogdoches Chronicle, bearing date March 21, 1854. It is the property of R. F. Paine. If he will allow me I will bring it down and let the editors have a glance at it.

French Murphey returned to Nacogdoches this morning, after spending a couple of weeks with his parents and friends at Douglass.

Christ Wants The Best.

Christ wants the best. He in the far off ages once claimed the firstling of the flock, the finest of the wheat, and still He asks His own, with gentlest pleading, to lay their highest hopes and brightest talents at His feet. He'll not forget the feeblest service, humblest love. He only asks that of our store we give to Him the best we have. Christ gives the best. He takes the hearts we offer and fills them with His glorious beauty, joy and peace, and in His service as we're growing stronger, the calls to grand achievements still increase. The richest gifts for us on earth or in the heavens above are hid in Christ. In Jesus we receive the best we have. And is our best too much? O, friends, let us remember how once our Lord poured out His soul for us, and in the prime of his mysterious manhood gave up His life upon the cross. The Lord of Lords, by whom the worlds were made, through bitter grief and tears gave us the best He had. S. O. GARTMAN.

A National Bank For Center.

Mr. J. W. Sanders, from Gatesville, Texas, interviewed our people Friday in the interest of a National Bank, and in a short time the amount necessary, \$25,000, was raised. Mr. Sanders says the bank will be ready for business about the tenth of September. The bank will be located in the front part of Wilson & Rannels' ware room in their brick building. As soon as the proper blanks arrive an organization will be perfected. Center has long felt the necessity for a bank, and now when she gets a railroad, which is only a question of a short time, she will be the leading town of East Texas.—Center Champion.

Kurg Borders Surrendered.

Kurg Borders came in and surrendered to the sheriff at San Augustine yesterday and gave bond to await the action of the grand jury which is now in session. He will probably stand trial at the present term of the district court which is now in session at San Augustine.

Remember that you get a beautiful picture free with every five dollars worth of goods you buy from C. W. Butt between now and Jan. 1st. Go and see the pictures.

Work has started on the new post office building.

SATURDAY'S LOCALS.

The framing is up for the new depot building.

K. P. Branch has bought the residence on North Fredonia street.

M. Garrett, of Tyler, is visiting his cousin, J. P. Bruton, of this city.

J. L. Gaines has gone to Tennessee to visit his mother, who is very sick.

J. W. Paup and family have moved to the R. D. Chapman place on North street.

Miss Libbie Blalock returned home this morning from a visit to her home people at Marshall.

Dave Greer is now regularly installed as clerk in the drug store of R. Shindler & Son.

Wheeler Boozer, of Cherokee county is visiting relatives and friends in Nacogdoches and vicinity.

Mr. C. S. Southern has moved to his new home on South Church street, in the Davidson addition.

During the electric storm Thursday night, several telephones were burned out, though none were badly damaged.

E. E. Baldwin is building a new residence near Bob Monk's on Forbe's Hill. It is of modern plan and will be both pretty and comfortable.

Mr. and Mrs. J. R. Engledow and children, of Troupe, returned home last night after a two week's visit to relatives in Nacogdoches.

The first well at Toliver, it is said, has been abandoned after reaching a depth of one thousand feet. A new well will be started near by the old one.

Prof. J. R. Miles says it has rained a little out in the Alazan community, but not as much as it has in town and not enough for a real good season.

Mayer & Schmidt have bought the Cruse wagon yard. The price paid was \$2750. It will probably be used for a big warehouse or for a place for storing wagons and vehicles.

Mrs. S. A. Coon, who lives away up toward Appleby, was in the city today on a trading trip. Mrs. Coon is a widow lady, but a thorough business woman and attends to her own business affairs, runs a big farm and is quite successful in all her undertakings.

"Whig" Rogers, of the Angelina community, was in town today. Now don't get things mixed and think Whig is from Angelina county. He lives in the Angelina community, Nacogdoches county, which is away out toward Durst lakes.

H. F. Tucker returned yesterday from New York, where he spent a month buying goods for Tucker, Zeve & Co. He says he bought extensively, in spite of the condition of crops, but that he bought at hard time prices and of course will have no trouble to sell them. He will be telling more about his purchases through these columns pretty soon.

Jeff Harris (col) has about completed his new house at the junction of the railroads. He will move his stock of from North Fredonia street when finished.

People in the city today from various portions of the county report more or less rain Thursday night. It came nearer being a general rain than any that has fallen the past three months.

Col. B. S. Wettermark has bought the lot between his bank building and Lucas & Burk's from Mrs. B. F. Thompson. The sale in no wise affects the contract with the government to erect a postoffice building on the lot. Col. Wettermark assumes the contract and will complete the building within the shortest time in which it can be built.

Dead in a Car.

Sunday morning a man was found dead in a box car on the Cotton Belt siding near the oil tank, having been dead several hours when found.

Cause of death was unknown but the man had not been feeling well for several days previous, though nothing serious was thought.

He was a stranger, and had been cooking at Shirey's restaurant. He was not a drinking man and appeared to be about 45 years of age and of a quiet, industrious and peaceable disposition.—Lufkin Tribune.

Notice to Ginners and Mill Men.

We have on hand the best assorted line of rubber and leather belting in Nacogdoches. Come and fill your wants from our stock. Our prices will please you. ft Mayer & Schmidt.

Dwn With The Trusts!

There are no more disastrous trusts than the

Patent Medicine Trusts.

Look at the big daily papers and notice the fortunes they are spending out of the people's money that never gets home again. Dr. Blank's "Gehula," Dr. "Sell-em-out" humbugging compound, Dr. Swindler's "Kill-em-quick" man poison, all guaranteed to cure incurable diseases. Three-fourths of the money you spend for these quack nostrums never comes home again.

We put up a line of simple remedies that have real merit. If you do not believe us, submit our formulas, which are not secret, to your doctor.

We absolutely do not want your money unless we give you full value, and the moderate profit we make circulates among our own people.

A CHAPTER ON TRUCK FARMING.

The truck farmers of Anderson and Smith counties have been holding an "experience" meeting at Palestine, comparing notes, exchanging ideas and summing up the advantages of diversified farming in East Texas. From among the "experiences" given in we quote the following from the proceedings as published in the Houston Post:

"Mr. W. J. Adams, of Arp, familiarly referred to by the other speakers as "Uncle Billy," explained how he had been induced to try trucking because he had become desperate trying to make a living at raising 3-cent cotton. "I was a socialist of the worst type," said Mr. Adams: "I believed that my impoverished condition was due directly to class legislation; that is all passed away now; I know better. I know that is not due to politics nor to the money question. In 1898 Mr. Melton came to me when I was heavily in debt for land, trying to provide my children with homes, and tried to induce me to go into the trucking business. I looked at it and figured at it, but could not see anything in it. However, I watched him closely, because I knew by sad experience that there was nothing in cotton. Then I began studying tomato culture, pruning, sticking and marketing them. So finally I tried it, and raised a crop, which panned out poorly because I was inexperienced, but it beat cotton by a good deal." Mr. Adams here drew out of his pockets a set of wagon account books, in which an accurate and systematic account had been kept of each year's crop, while carting the stuff to and from the station. The first crop of tomatoes, put out on less than an acre, brought him \$264.31 free of all expense. That season he had reduced his cotton acreage one half, or down to 27 acres, from which he made nine bales of cotton. This cotton, sold at the ruling price, brought him, clear of all expense for bagging and ties, \$218.30, leaving \$46.01 in favor of less than an acre of tomatoes, against 27 acres of cotton. He also planted an acre in cataloupes, which netted him \$47.35. In 1900 Mr. Adams planted a half acre in tomatoes, which he christened his experiment patch, for the purpose of testing the several varieties of tomatoes, resulting in his selection of the "Acme" as the best adapted to his section. His second choice was Livingston's Beauty it being a later tomato. By planting tomatoes in this order he was enabled to gather tomatoes for a longer period than he had been able to do before. From this one and one-half acres Mr. Adams produced 920 crates, which yielded \$474.46.

To date Mr. Adams has realized from this season's crop for one and seven-eighths acres \$976.69. He also exhibited a statement from a produce dealer at San Antonio covering ten crates of what he called "top knots," or inferior tomatoes usually thrown away as worthless, for which he received 91 cents per crate,

f. o. b. Arp, or \$6.10 for the lot.

Mr. Adams' land is of a red gravelly character. The land is similar to that in most portions of the county. He uses two sacks of "Vegetable Glory" fertilizer to the acre, the price of which is \$3 per acre laid down at his place. He recommended that the ground be plowed early and late, keeping the ground loose and loamy even in winter.

As to prices, Mr. Adams stated that there has not been a day since the first of June when he could not get a good price for every crate he could ship. He also stated that he raised a profitable crop last fall and would plant another this fall.

Drilling at Moscow.

Mr. Walter Dean started the drill last Saturday evening at 3 o'clock, and the heavy instrument was driven twenty feet in the ground in two hours. A 14-inch drill is being used.

The spot selected for the well is about three and a half miles from Moscow, on Barnett creek, and the derrick and camp outfit make a picturesque scene on the creek's bank.

The amount of work accomplished by Mr. Dean at that place is surprising, and he says our neighbors, at Livingston, will have to get a move on them, or he will be deeper in old Mother Earth with his 14-inch drill in a few days than they. He is an expert driller, and says he can show a record of drilling one thousand feet in twelve hours, and that the "Doubting Thomases" may rest assured of the fact that the company he represents will perform their part of the contract and if there be any oil here he will find it.

It is understood that more men will be brought on in a few days, and the drill will be kept going day and night, with the exception of Sunday. After drilling a few days, such casing and piping as will then be found necessary will be ordered. — Moscow Progress.

Tomatoes.

Peach and tomato raising is the talk of the town now. Already a sufficient number of farmers have agreed to plant tomatoes to insure a crop. The proper thing to be done first is to form a society, formulate rules and regulations for the same, and send a committee to Jacksonville to get such information as will be necessary, and to do this, let all who are interested in and expect to raise a crop of tomatoes next year meet at the Signal office next Saturday at 4 p. m.

Judging from what we hear on the streets, Garrison and vicinity will plant two hundred acres in peaches this fall. — Garrison Signal.

OH, GOODNESS, HUSH!

Standing on the threshold of the twentieth century, with her face to the future, Texas sees unfolding before her an apocalyptic vision of coming greatness and crowding possibilities, compared with which all the glories of her past romantic history are as the first blushes of the dawn to the noontide splendors of an unclouded day. With majestic step she moves onward to her heaven appointed destiny. Every variety of soil and climate pile their votive offerings upon her altars, "while the proud, deep gulf, like a monarch's bowl, pours its rich libations at her feet." Deep down in the earth, in the mysterious laboratories of nature, has been brewed for her the elixir of life, the exhaustless fountains of fuel oil to light the fires in furnace and factory, to turn the wheels of industry in countless hives of toil, and to crown her with riches and honor. Grand, glorious Texas.—Tyler Democrat-Reporter.

There are now eight free rural mail delivery routes in Smith county, and over five thousand farmers receive daily mail at their homes. Postmaster Lewis has made free delivery a hobby, and the routes now covering nearly all sections of the county bear testimony to the success of his efforts. The farmers appreciate his efforts in their behalf. — Tyler Courier.

The farmers for miles around Nacogdoches might have been enjoying the same luxury but for their own opposition to the scheme. Postmaster Cooper also made free rural delivery a hobby until he was froze out by discouragement from those who would have been most benefitted. Nacogdoches county is determined to be behind in most things.

The Daughters of the Republic have presented the following memorial to the legislature: "To the Twenty-seventh Legislature of Texas, in Special Session Convened: The Twenty-fifth Legislature of Texas having generously given to the Daughters of the Republic of Texas one of the spaces in the Statuary Hall set apart to the State of Texas for the life size marble statue of Stephen F. Austin, which statue will be placed in Statuary Hall by private subscription, the Daughters of the Republic of Texas feel that the remaining space in said Hall of Statuary should be filled by the statue of General Sam Houston, in recognition of his great service to the cause of Texas independence. Wherefore the Daughters of the Republic of Texas, acting through their executive committee, most respectfully and earnestly ask the legislature to declare by proper means that said remaining space in the Hall of Statuary at Washington, D. C., shall be filled by the statue of General Sam Houston. And the further request is made that an appropriation be made for the execution of the work." The memorial has been read before the legislature, but so far nothing has come of it.

State Geologist Du.able of Texas has disclosed sources of mineral wealth that are astounding. He says that in one county alone—that of Cherokee—there are 600,000,000 tons of rich iron ore in sight, and that in East Texas as a whole, there are 3,000,000,000 tons. And by the side of this ore lies all the coal necessary to work the ore into shape. The geologist makes the flat statement that "no country in the world has cheaper material for smelting iron than East Texas.—Denton Gazetteer.
