## Do Your Xmas Buying Now.

There is nothing to lose and much to gain by doing your holiday buying now. Our stock is so ample and in so many different lines that there is no probability of it becoming exhausted, but experience has proven that preference is given each year for some particular novelties, so that the choicest selections are picked up by those who come early. Without doubt the very thing you would want for some special gift is now here and may be picked up at once. You might be as well pleased with something else, but still there is a decided advantage in coming early, and have almost the full stock to select from. Besides it you are in doubt as to what to give in some cases, seeing it will relieve you of any further worry.

## Our Jewelry Department

Alone, will be a revelation to you of what beautiful things can be given for Xmas and still have your money go 'round. Novelties of all kinds that are sure to be popular and that will surely take your eye as available gifts. All guaranteed to be good values at the price. Don't miss the opportunity of having an early choice.

### Foils a Deadly Attack.

"My wife was so ill that good physicians were unable to help her," writes M. M. Austin, of Winchester, Ind., "but was completely cured by Dr King's New Life Pills." They work wonders in stomach and liver troubles. Cure constipation, sick headache. 25c at R. C. Shindler's & Son's drug store.

### Cotton Receipts.

The receipts at the various yards for the season up to today are as follows:

Mathews Yard	5800
Taylor's Yard	2700
Sanders'	4100
Alliance Yard	3950

Total 16550  
Compress: 12608.

### Negro Kills His Wife.

Keachi, La., Dec. 9.—A tragedy occurred among the negroes this morning about two miles from this place. Julius Parnell killed his wife and then sought safety in flight. At last account a constable's posse was in pursuit and it was thought the fugitive would be captured.

Nothing is known of the details of the affair, only a very meagre account having been received at the sheriff's office. It is presumed, however, that it is merely another uxoricide among the race with infidelity and jealousy as the main feature. It seems that the homicide took place early this morning.

### Knocked Off the Track.

Amos Lorenzo, a section hand, was knocked from the track of the H. E. & W. T. Ry. by the south bound passenger train Sunday morning, two miles north from town. The train was stopped and the man was picked up and brought to town and was examined by Dr. Ford, the company's physician, who could find no marks or signs of serious injury from the accident, but the man died about seven hours later. He was very drunk when the train struck him, and was sitting close to the track on the end of a cross tie. He had two bottles of whiskey in his pocket when found, and the question is whether he died from alcoholism or whether the lick from the train killed him.

### Negro Shot from Ambush.

Jeff Lampkin, a negro living near Melrose was shot and badly wounded by a shot gun in the hands of some unknown person at his home Sunday night. It seems that the shooter slipped up to Lampkin's residence and shot him through the door without warning, filling one side with buck shot and badly injuring one arm. No arrests have been made as yet, and it is not known whether there is any clue to the would-be assassin.

County Clerk E. M. Weeks, during the past year, beginning Nov. 23th, 1900 and ending Nov. 28th, 1901, recorded 1386 deeds, and 1410 chattel mortgages. He issued 355 marriage licenses, 186 criminal cases and 122 civil cases were filed in the county court during that time. He also recorded 316 options and leases on land.

### A BEAUTIFUL LINE OF

## FURNITURE.

If You Need a Good Sewing Machine, I Have Them and the Price Is Alright.

I have just received one of the prettiest and best selected stocks of the following goods ever brought to Nacogdoches before:

**SIDE BOARDS**—They are beauties; you just ought to see them, any price you want.

## The Weekly Sentinel.

HALTOM & HALTOM, Publishers

R. W. HALTOM, Editor.

AN artist is to paint President Roosevelt. Wonder if he will paint him black?

LUFKIN is copying after Nacogdoches. They have organized a law and order league down there.

WE want Bro. Cook of the Tyler Democrat-Reporter to be sure and attend the press association here and stay long enough to learn how to spell Nacogdoches.

IT will cost over \$53,000,000 less to build the Nicaragua canal than the Panama canal, says the Isthmian canal commissioners. It will take six years to complete the work.

THE Lufkin Tribune is starting off the campaign early in Angelina county. It has already three announcements for tax assessor, one for county treasurer and one for sheriff.

LAND is going up everywhere on account of the move in fruit and truck growing. Lands in East Texas are worth as much in some localities as the black waxie lands of central Texas.

THE names of Jefferson Johnson, R. E. Cowart of Dallas and Col. Tom Campbell of Palestine have been suggested for the presidency of the A. & M. College to succeed the late L. L. Foster.

THE Daily Courier is a new paper recently started at Minocola, a copy of which has reached this office. It is edited by O. P. Pyle and is a neat five column folio, bearing evidence of prosperity and popularity.

THESE fellows with political bees in their bonnets who went to the Masonic Grand Lodge expecting to promote their chances got the cold shoulder from the delegates, though they worked the Post for all there is in it.

LARGE shipments of fruit trees have been made to every station along the line of the T. & N. O. between Nacogdoches and Beaumont, which is a good indication that the people expect to get some good out of the lands that have been divested of the timber.

THE Beaumont Northern and Choctaw railroad company is surveying a line from South McAlistar, I. T. to Beaumont and the people are guessing where it will cross the H. E. & W. T. Of course it will cross at Nacogdoches.

THE Palestine Press complains that the business men in that city are not in harmony; and over in Henderson, Rusk county, the Times of that place, complains that cotton grown within two miles of Henderson is being hauled to Nacogdoches for market, a distance of nearly forty miles. The Times is bothered about the conduct of the farmers.—Tyler Courier.

Nacogdoches makes it to the farmers interest to come a long way to this market. That's what fetches 'em.

THE government cotton report has caused an advance in cotton.

FICTITIOUS values on lands retards the growth of any section. Sell to desirable settlers at what your land is really worth.

IN today's issue will be found the address of President Culmore of the East and South Texas Press Association to meet in this city on December 27th and 28th.

THE president's message to congress is a lengthy one and goes too much into details. While some sections of the message are worthy of more than passing mention, yet on the whole it is a very "long talk."

THE Phillipino insurgent who can get three or four followers is termed a general in the press reports. One of these "generals" in Samar has sent to the commanding officer of the American army on that Island a proposition to surrender.

PRESIDENT CULMORE says East and South Texas has come pre-eminently into prominence since the last meeting of the press association, and it is the duty of the newspapers to send the tidings forth. Therefore he calls the Association to convene in Nacogdoches on Dec. 27 and 28.

With the Santa Fe to the South of her and the T. & N. O. to the north of her, we fear that our sister city of Nacogdoches will suffer from an overdose of railroads—and it is a pity, too.—Tenaha New Era.

Don't worry, brother. Nacogdoches will always be "the center of the surrounding country."

THE East Texas Press Association was organized in Nacogdoches years ago and among the many pleasant things donated to the editors on that occasion was a basket of Champagne. But as none of its members used any intoxicating liquor at that time the Champagne was never opened. Of course that will not keep this East Texas railroad center, with its H. E. & W. T., its Southern Pacific and Cotton Belt railroads, from opening the wine in December, if the second meeting will reorganize the association at this grand old burg, if for no other reason but to drink to the memory of the Old Stone Fort, about to be removed.—Houston Press.

Sh! We don't want any questions asked about that wine. There aint narry a drop of it left.

THE death of the Hon. Clem Studebaker is a real loss to Indiana, for he was one of the broadest and most public-spirited men in the state. He was a man who evidently wanted to do good to his fellow men, and he found opportunities close at home for the expenditure of efforts and money. He was one of the largest employers in the state, and his men are most willing witnesses to his good treatment of them. He gave largely to educational, religious and philanthropic enterprises, as well as taking active part in such work. He was a recog-

nized business leader. The Studebaker wagons are known all over the world, and Mr. Studebaker was wisely chosen to represent the nation in several of the international industrial expositions. His has been a very busy and very useful life, and he carries to his grave the universal respect and esteem of his fellow-citizens. Indiana needs more men like him, but they will be hard to find.—Indianapolis Sentinel.

It's no joke. The East Texas editors will be here about fifty strong two days Xmas week. They must be entertained royally. We must make arrangements at the best hotels to take care of them and we must foot the bills. We must give them a banquet at the opera house and the ladies will be called on to furnish the program. We must arrange to give them a carriage drive over the city in a body, visiting all our places of interest. This can be done without expense.—Nacogdoches Sentinel.

Such a "doing" as this, with one or two good "squares" at the best hotel, and the nectar of the banquet served by the Hebes of Nacogdoches, will fix the boys so that they will need some carriages to get about in during their visit, so the thoughtfulness of the Sentinel in looking out for it cannot be too highly commended. More than fifty of the blase East Texas newspaper men ought to be attracted to those "strong two days of Xmas week" in the Stone Fort city.—Houston Herald.

Hon. Frank Holland of Dallas, who was at one time a member of the board of directors of the Agricultural and Mechanical college, and who takes much interest in the welfare of the institution, suggests the appointment of C. N. Ousley of Galveston to succeed the late L. L. Foster. Mr. Holland says: "No better man for president of the A. & M. college than Clarence Ousley can be found. He was educated at an agricultural and mechanical college, has been editor of the Texas Farm and Ranch, and is familiar with Texas agriculture. He is a man of letters and a man of business, and would make an ideal president, and I hope to see him honored by the board of directors as he deserves." Besides subscribing to what Mr. Holland says of Mr. Ousley in this connection, The Post is moved to call attention to the fact that the presidency of the Agricultural and Mechanical college is anything but a political appointment, and that the board of directors will do well to ignore suggestions from the managers of political combinations in coming to a decision in this matter.—Houston Post.

Isn't Ousley's politics all right? He is certainly worthy of the place on every other proposition, and we never heard of his politics being a draw back to him.

Many soldiers in the last war wrote to say that for Scratches, Bruises, Wounds, Cuts, Corns, Sore Feet and Stiff Joints, Bucklen's Arnica Salve is the best in the world. Same for Burns, Scalds, Boils, Ulcers, Skin Eruptions and Piles. It cures or no pay. Only 25c at Shindler & Son's drug store.

### EAST TEXAS PRESS ASSOCIATION.

It is now a settled fact that the East and South Texas Press Associations will convene in Nacogdoches on Dec. 27 and 28. Below is the call for the meeting by President Culmore:

Houston, Tex., Dec. 2.—To all bona fide editors: Whereas the city of Nacogdoches has invited the members of the East and South Texas Press association to meet in

annual convention at that historical city where the association was first organized, and has arranged for free railroad transportation for all bona-fide editors from junction points on the H. E. & W. T. railroad and the Southern Pacific railroad, I, as president of said association, do hereby call upon all bona-fide editors to meet at Nacogdoches, Texas, on Friday and Saturday Dec. 27 and 28, 1901, for the purpose of holding convention, to elect officers, transact business, to accept the cordial invitation of the good people of Nacogdoches and to partake of the generous hospitality so kindly offered, as well as to show their appreciation of Messrs. Wm. Doherty, A. G. P. A. of H. E. & W. T. and Hon. S. F. B. Morse, passenger traffic manager of the Southern Pacific railroad in providing transportation, and with a view to once more view that grand old relic, the Old Stone Fort, so dear to everyone acquainted with the earliest history of the glorious Lone Star State, before it is torn down, which we hope will never be done.

There will be business and pleasure for everyone and as the date is set when everyone should rest from his labors and enjoy Christmas, I hope to meet at least one representative of each publication of this district to make the convention of the East and South Texas Press Association on this occasion eclipse all former gatherings.

East and South Texas has come pre-eminently into prominence since our last meeting and our coal oil gushers, rice, cotton, sugar and other crops have attracted the leading men of the world and advertised our advantages to every point of the compass and now more than ever does it devolve upon the Press of these sections to invite capital and push the various interests hence let us all unite in one grand effort to master the situation and to keep abreast of the wonderful progress so anxiously awaiting each worker in the good cause. Hoping to meet you, I remain,

Fraternally;  
C. CULMORE,  
Pres. E. & S. Texas Press Association.

### Sexton Employed.

The ladies of the Nacogdoches cemetery association have secured the services of Mr. Cahal as sexton for the cemetery for the year 1902. It is now the imperative duty of all subscribers to pay their subscriptions promptly, and to otherwise aid the ladies in their noble work of caring for the city of the dead.

**A Million Voices.**

Could hardly express the thanks of Homer Hall, of West Point, Ia. Listen why: A severe cold had settled on his lungs, causing a most obstinate cough. Several physicians said he had consumption, but could not help him. When all thought he was doomed he began to use Dr. King's New Discovery for Consumption and writes: "It completely cured me and saved my life. I now weigh 227 lbs." It's positively guaranteed for Coughs, Colds and Lung troubles. Price 50c and \$1.00. Trial bottles free at R. C. Shindler & Son's.

**The Biggest Paper.**

Children may well look for the Christmas number of the Post-Dispatch, Dec. 15. It will have the most entertaining children's supplement ever devised by artists and authors. Four pages in colors will show the new games for children. A prize of \$25 in gold awaits the child who can solve one of the puzzles. Bert Harte and Charles Dickens' daughter write Christmas stories. The paper will be so beautifully printed in colors that whoever receives a copy will wish to preserve it permanently. Besides the other features there will be a ladies' beauty page few women would care to miss. For sale by Maury Haltom.

**Some Old Bricks.**

Huntington, Dec. 6.—On last Tuesday, Fred Muller, of Lufkin, had the honor of building the first brick chimney in Huntington.

It was built to a house belonging to Col. E. L. Robb, one of the oldest settlers of Angelina county. The brick of which the body part was made, were made and burned near Homer by Mr. Robb's father-in-law about fifty years ago. They are still in a good state of preservation, but are far smaller than our present brick; being only 1 1/2 in. thick, 4 in. wide and 7 1/2 in. long. The stem is built of Huntington brick, made near town by Mr. John Muller.

**CITIZEN.**

**A Smallpox Scar.**

A transient negro was discovered at the freight depot this morning completely broken out with smallpox. He was promptly given orders to "hide out" and he took refuge in a box car. The authorities were notified and the necessary precautions were taken to prevent contagion. There were no exposures and there is no danger of an outbreak of the disease. It will be well, however, for the people to be on the guard, and a vigilant lookout should be kept up against roving negroes and all other tramps. This is the season of the year for smallpox to break out, and too much care cannot be taken.

**The Red Men.**

The meeting of the Red Men last night was a sorry affair. Scarcely more than a quorum of members were present, indicating little interest. A few more meetings like that and the Tribe will forfeit its charter. It should

not be expected that half a dozen men will keep the lodge intact. It will go to pieces as sure as fate, and wont be long about it, if there is not a better attendance in future. The Red Men is a good order and there are now more than forty members of Alabama Tribe. We have already expended over a hundred and fifty dollars for paraphernalia and equipments. Now, shall we just quit and let the thing go by default or die for want of interest. Many members have doubtless lost interest for the reason they haven't been attending and really dont know what the order is. This sort of conduct will not do, and we here serve warning on those who have been "lying out" that they must show up the next meeting and show some interest in the selection of officers and in conducting the affairs of the Tribe or the whole "copoodle" will show up in bad repute at the next meeting of the Great Council.

**Elected Officers.**

LaNana Lodge No. 106, Knights of Pythias, elected the following officers last night for the ensuing term: W. A. Lang, C. C. Chas. E. Davis, V. C. T. E. Baker, Prelate. H. S. Edler, M. of W. W. C. Fouts, M. at A. R. W. Haltom, K. of R. & S. Geo. Meisenheimer, M. of F. Jno. B. Nelson, M. of E. W. G. Reid, I. G. G. B. Engledow, O. G. H. F. Tucker, Trustee.

**Club Notes.**

Nine members of the Cum Concilio club met with Mrs. R. C. Shindler. Responses to roll call were from Greek tragedies. Minutes of previous meeting were read and approved. Cor. Secretary read letters received and treasurer collected dues. Librarian made report of last order of books. Mrs. Jule Smith was appointed to serve as librarian for the public the following Saturday. Anyone desiring to rent books will find her at Mrs. Stinson's from 3 to 4 o'clock. After discussion it was decided by the club to have the usual entertainments during the holidays. The lesson was then recited and after partaking of salad and coffee the club adjourned to meet with Mrs. Stinson the next week.

**Killed in Angelina.**

Sheriff Spradley received a telephone message this morning to come to Lufkin with his dogs at once, that a man had been murdered at a saloon in the lower edge of Angelina county near the Tyler county line. Particulars are not given, but the message stated that the man had been murdered in cold blood and that the murderer was in hiding near by. The train had gone before the message was received and Sheriff Spradley did not go to the scene of the killing.

**He Made a Mistake.**

He owned a six days' growth of tangled beard, a curmudge-tinted nose and an impediment in his voice. The top of his aged straw hat, the holes of his broken shoes and all the buttons on his tattered coat were lacking. Furthermore, he was near-sighted and, worse than all, he was consumed with a burning thirst.

But when he entered a certain downtown drug store yesterday afternoon his parched lips were parted in a smile and he held his head high.

"G-g-give me 'bout fo-fo-four finger' of that free whisky," he muttered to the astonished clerk. "D-d-don't know what your game is, but I read your sign outside the door, an' I ju-just came in to help you along. Ju-just four fingers for a starter."

After they had thrown him out and he had partly recovered from the shock of his collision with the pavement, the luckless tramp took a second look at the sign and then asked a sympathetic spectator to read it to him.

"Th-th-there's a lot of fine print in it what I ca-can't read without me glasses, 'cause I'm near-sighted," he explained. "Bu-but I'm h-b-blamed if it doesn't say in big type that there's free whisky inside."

Then they read this sign to him, and he all but collapsed: "FREE cure for the WHISKY habit. WALK IN. DRINK habit positively cured in ALL cases. YOU can cure yourself. WANT agents."

**Her Nerve Saved Many Lives.**

A year ago the husband of Mrs. Mary Hirsch, a New York woman, met with an injury that prevented him from attending to his work and also made him subject to epileptic fits. Mrs. Hirsch is an expert needlewoman, and has been able to keep the family together, in spite of the fact that her husband had taken to drink. The other morning, after a night's drinking, he arose from the breakfast table, drew a revolver from his pocket and said, "I am going to kill you all." There was insanity in his look, but Mrs. Hirsch remained perfectly cool. "Where did you get that pistol?" she asked pleasantly, as the madman came toward her. He did not answer, but leveled the weapon at her head. The woman never flinched, but said in even tones: "Now Henry, if you do that they will lock you up, and then you won't be able to get a drink at all." The maniac had been prepared for resistance for terrified cries, for flight—for anything but this. It confused him and he muttered, "That's so," as he put away the weapon and left the house. Half an hour later he was on his way to the insane department at Bellevue hospital. Mrs. Hirsch was terribly shaken by the experience, but soon recovered.

**Was Fond of His Front Yard.**

"The late President McKinley took great delight in his front yard at Canton," said Representative Robert W. Taylor, of Lisbon, O. the other day. "The postmaster there, George Fresse, was one of the president's intimate personal friends, who used frequently to pass the McKinley household early in the morning. Often he found Mr. McKinley out there. 'George,' he would say, 'don't you see how those elephant's ears are growing?' referring to a plant of that name which flourishes in his yard. It was not a magnificent yard, but well kept, and entirely worthy in president's pride. I had business down in Canton and enjoyed two or three pleasant chats with him during the trip. He was not by any means as busy as here in Washington, and twice when I happened there we sat on the porch and talked for the best part of an hour. He was well rested and I never saw him in better cheer."

**Carmen Calve Here Again.**

As to what she did while so long abroad, Madame Calve, who returned to New York a few days ago said: "Last summer I sang at Covent Garden, last winter I went off for a rest, and had a most enjoyable stay of four months in Egypt. And now, after these adventures, if they might be called such, I am back here to sing, and glad to be here again." Mrs. Calve will be one of Mr. Grau's chief dependencies on the long tour which begins October 7, in Albany extends to California and ends in New York just before Christmas when the Metropolitan opera house season begins.

**Right-Mindedness Exemplified.**

In all that covered from the beginning of his visit to Buffalo, through the stages of alternation and fear to his dying moment Mr. McKinley had exhibited a right-mindedness so perfect that his man nature seemed capable of nothing better. And from the first news of the bullet shot on September 6 to the final obsequies at Canton on September 19, Mr. Roosevelt had also exhibited such sincerity of feeling, and such unflinching discernment as to fitting words and right actions, that he also added something to our faith in the high possibilities of human nature. Furthermore, the conduct and the sentiment of the nation at large were so intelligent, so reasonable, and, in short, so essentially right-minded, as to afford a splendid illustration of the reality of American patriotism, and the repose and strength of our democratic institutions. Thus, the assassin's bullet, aimed not at William McKinley the man so much as at President McKinley in his official capacity, and thus intended to weaken and injure the fabric of our institutions, merely served to show at once the great honorableness and moral worth of the two representative men chosen as heads of the state, and, further, to illustrate the wholesome mind and spirit of the nation after its long experience of freedom regulated by law. Thus, it has been made manifest that the American people do not hate their institutions, but rather that they love them, and that they have also the capacity, regardless of such minor differences as are expressed by political parties, to appreciate and to love the upright and faithful men whom they have chosen to be their chief public servants.—From "The Progress of the World"

**Informal White House Dinners.**

Under President Roosevelt, according to the Washington Post, informal dinners will be quite a feature at the White House, as Mr. Roosevelt has always had a pleasant way of asking men of note with whom he has business to come to luncheon or dinner, as the case may be, that day or the next.

**Few Fresh Names in Middle Names.**

Fresh names in middle names. The names of middle names of John Quincy Adams, William Henry Harrison, James K. Polk, Ulysses S. Grant, Rutherford B. Hayes, Jas. A. Garfield and Chester A. Arthur, seven in all.

**What Boer Wagons Are Like.**

Referring to the large number of wagons which are reported as having been captured from the Boers, a gentleman of South African experience says that people had very little idea of what a South African wagon is. They are huge lumbering vehicles, each drawn by sixteen oxen. A wagon and its oxen extend for about 100 feet, and fifty of them would extend for a mile in a straight line. Of these wagons there is an abundant supply for every country. Boer had one or more. It is doubtful as to whether oxen have been taken with the wagons. A thousand wagons, for instance, would reduce 16,000 oxen. Many of the wagons have been taken without their teams. In any case, it seriously cripples the Boers to deprive them of their wagons, and so many have now been captured by our troops that there cannot be many left.

**Toronto Will Reciprocate.**

The city council of Toronto has decided to extend an invitation to the mayors of Chicago, Detroit, Cleveland, Buffalo and other cities on the Great Lakes to be the guests of the city council during the visit to Toronto of the Duke and Duchess of Cornwall and York. This invitation is in return for courtesies of a like nature extended to Toronto's chief magistrate on important occasions, such as the laying of the foundation stone of Chicago's Federal building, etc. The mayors of Buffalo, Cleveland and prominent towns that will not be visited by the duke will also be asked to become the guests of the city.

**The Hungry Girl Student.**

The cashier of the Women's college of Baltimore furnishes a convincing array of figures to sustain the assertion that the average girl student has a good appetite. The amount of beef ordered for the year is 21,000 pounds; of mutton, 8,500, the same as last year; veal, 5,000 and pork, 6,500. Poultry will be used in greater abundance than ever, the contract calling for 11,000 pounds, 500 more than was bought last year. Three thousand pounds of fish and 200 gallons of oysters have been contracted for, and 4,000 dozen eggs, 6,000 gallons of milk and 8,000 pounds of butter will help to make life worth living. Five hundred bushels of potatoes and 300 cases of canned vegetables have been ordered and fresh vegetables will be bought daily as needed. One hundred and twenty-five barrels of flour will be required to make the delicious rolls, muffins and waffles served at the college homes and the contract for lard goes up to 4,000 pounds. Fruits, jams, pickles are all "put up" in the college homes, the pantry shelves of which are piled with jars of delicious things, the college housekeepers are skilled in the art of preserving and the pantry of Vingolf, Fensel or Gliner hall would be a paradise for any small boy in existence.

**An Ancient English King.**

One interesting event of last week in England, the commemoration of the one thousandth anniversary of the death of King Alfred, would no doubt have attracted more attention in this country but for the national mourning. Alfred is in many respects, the typical hero of the English race. Some portions of his life are indeed obscure; but those that are known redound to his credit. He was a statesman, a soldier and a man of letters, and his genius in each aspect of his career was balanced by sound sense. So far as any one man could do so, he made England. To him may be traced the beginning of English sea power and the outlines of English law. He made his people one against dangers without and dangers within. He preserved the records of their history. He hoped to extend the spiritual power of the church. When we add to these some of his achievements, we get a picture of a life we have a right to be proud of. The world has never known a man at the height of his power who has left behind him a more noble and useful life than Alfred's.

R. W. HALTOM, MANAGING EDITOR.

NOTWITHSTANDING the recognition, given Booker T. Washington by the president, he was denied accommodation at three hotels in Springfield, Mass.

WHY not build a stone fence around the public well with the rocks in the Old Stone Fort? That would answer as a sort of monument to the old building.

THE San Augustine military company were rejected by Aj't. Gen. Scurry. There was no room for the piney woods warriors and they were told to "go way back and sit down." When the railroad comes to San Augustine, the boys may try it again.

THERE is little hope that the pension list will ever be reduced. More than fifty thousand claims have been filed by soldiers who served in the Spanish-American war, and the list grows rapidly. Uncle Sam has to pay dearly for the patriotism of his subjects.

TEXAS cotton oil mills are now buying cotton seed outside the state. An agent for a number of Texas mills has made Vicksburg, Miss., headquarters the past month and has bought over 800 carloads of seed, the price paid averaging \$19.50 a ton delivered at the mills.

THE No-Tsu-Oh festivities begin at Houston today and will last a week. The fruit, flower and vegetable show is not a feature of the entertainment this time, but the street show will be greater than ever. Very low excursion rates have been put on by all railroads leading into Houston and the city will be crowded with people.

IF Congressman Cooper succeeds in getting his bill through congress providing for the reimbursement of the people who had their cotton and other property confiscated, stolen or destroyed by federal troops during the Confederate war he will be entitled to the lasting gratitude of a large number of people in the south who were bankrupted by the depredations of Union soldiers.

THE result of an anti-trust suit against a brewing association brought a wagon load of money into the state treasury and has stimulated the attorney general to file more anti-trust suits. In the meantime outside capital is making a great "roar" against the Texas anti-trust law and warning the people of Texas that the goose that lays golden eggs is being killed. "We shall see what we shall see."

## SEWERAGE SYSTEM.

Elsewhere in to-days issue will be found a communication from Mr. E. A. Blount upon a question which is of vital importance to the sanitary condition of the city, and to every person who has the welfare of the city at heart, and the plan as outlined is a feasible one. Nacogdoches has out grown her country clothes, and we are fast becoming a city of no small proportions, and the needs of good sanitary measures and laws for the present are apparent. THE SENTINEL has been hammering away on better sanitation for some time and it is glad to find Mr. Blount ready to suggest and assist in getting the matter before the people. The city can do the work as outlined in Mr. Blounts communication at a nominal cost, and THE SENTINEL feels sure every voter and property holder in the city would approve of any action the city council should take whereby a sewerage system might be put in. Let's give the matter proper consideration and go to work at once, as we have no time to lose if health is considered of any value to the city.

THE case of Emil J. Pike vs the United States has been decided against the government. This is the suit known as the "fourteen diamond rings' case." This decision appears to run counter to the finding in the Porto Rico sugar case but after all it will occur to the average mind that the ruling in the diamond ring case is equitable and just. The ordinary mind fails to understand how an island can be a part of the union for one purpose and foreign territory for another. Under the latest ruling of the supreme court, the Philippines on ceasing to be Spanish territory became American territory, and as such cannot be discriminated against in the matter of taxation. The trusts, of course, regard with disfavor any action that extends commercial liberties to the island possessions. The people want free trade with the islands if they are domestic territory while trusts want a tariff. Just how to reconcile the people and the trusts is one of the problems that confronts the Fifty seventh congress.—Brookfield (Mo.) Budget.

NEARLY every county of prominence in the State is bringing out a man for the presidency of A. & M. College. Nacogdoches has been a little slow "coming across" with her choice, but it is not because she hasn't the proper material. The state couldn't bring out a better man than either Prof. Watkins or Prof. Marshall, of the Nacogdoches University.

WE are fearful that Col. Campbell is losing ground by holding back a formal announcement for governor. Our estimate in this regard is based upon a personal contact with some of his warmest friends.—Palestine Press.

What do you mean, by the words "holding back?" If Col. Campbell hasn't been square in the race a rustling to beat six-bits for three months we'd like to know

what to call it. What was he doing in Houston all last week, if he wasn't making a "formal announcement?" Had half a dozen interviews in the Post that made his candidacy plain enough to anybody who can read and see an inch from his nose. The Press is a neighbor to Col. Campbell in the same town, and it must indeed be stupefied if it does not know that Col. Campbell is a "formally announced" candidate for governor.

ANOTHER man is dead at Houston as a result of tampering with the affections of a woman. In this instance the father is the slayer. Thomas Flemming wooed and won the heart of Mrs. Harris, but proved faithless and refused to marry her at the appointed time. The result: Flemming is dead and Charles B. Steele, Mrs. Harris' father, is under \$5,000 bond as his slayer.

SOME of our country subscribers to THE DAILY SENTINEL are stopping their papers because they come in a pile—two or three at a time, once or twice a week. It is very seldom the paper is not mailed before six o'clock, and they ought to reach their destination the next day. The fault is bound to be with the postal service somewhere. It is certainly not the fault of the paper.

THERE ought to be a law against side shows and concerts following regular shows. The performances are cut short in order to fake the people out of an extra ten cents.—Nacogdoches Sentinel

The editor of the Sentinel, who attended the circus on a free ticket probably yielded to the enticing oratory of the side show man. Never whine, dear friend, when you get humbugged. Go out and work some susceptible fellow for a subscription and even up.—Denison Gazetteer.

Attending a circus on a free ticket will not keep any honest editor from telling the truth. But free show tickets are like free railroad passes to newspaper men. They are given in exchange for service and they are generally doubly paid for. There is very little tree to the editor these days.

We want Bro. Cook of the Tyler Democrat-Reporter to be sure and attend the press association here and stay long enough to learn how to spell Nacogdoches.—Nacogdoches Sentinel.

Yes, and possibly Bro. Haltom will take a lesson in orthography with us and learn how to spell the name of the editor of the Democrat-Reporter. A spelling book critic always gets into trouble like this. The press association might do well to organize the East and South Texas editors into a class and have a spelling bee during the session. We will "go foot."—Tyler Democrat-Reporter.

C-o-o-k spells cook, the world over. We don't see why a fellow wants to add an e as if he wanted to be called "Cookie." Why not add another letter (d) and have himself Cooked? But we stand "subjected," Bro. Cooke, and when you come over we'll take a Blue Ribbon together in the Old Stone Fort.

EAST Texas is bound to have more railroads.

## ALL ARE INCLUDED.

THE SENTINEL was called to task by the Grapeland Messenger for the seeming "slight" to Houston county papers in the call for an East Texas Association, and speaking in reference to the Messenger's remarks the Lovelady News says:

"Well said brother Robinson. Houston county is no "small pertater" in this part of the path, and while "ye editors" are wind jamming before the people on the subject of progress, it might be well for them to think on their ways, get up, and join the procession. "In the multitude of counsel there is strength."

We assure our bretheren that our gates are not closed against any. East Texas means from Texarkana to the Gulf, and from Sabine to the Rio Grande in this business. There are a number of papers in East Texas whose existence we knew not of when we first started this move. We earnestly and sincerely want them all represented. The invitation is extended promiscuously and generally to any and all bonafide newspaper men. The Stone Fort City is ready to receive them with open arms.

## Imboden Again for District Attorney.

That unterrified Democrat W. M. Imboden, who for several years has been quiet is a politician again. It is now almost certain that Bill will be a candidate for District Attorney. Should he decide to make the race, little fish had better retire before they get hurt. We know of no man in the district who could command a stronger following.

He filled the office so well several years ago for two terms that thousands of the friends of law and order here in our neighboring counties want him back.—Hemphill Messenger.

If the Messenger calls Wiley Mangum "Bill" a few more times the chances are that he, the Messenger man, will never live to see another election. Imboden has about a dozen scalps already that he took from fellows that called him "Bill."

Have you seen the nice parlor lamp at Reed's Racket Store. Its a beaut.

## Truck Growers Meeting.

Nacogdoches, Texas, Dec. 7, 1901.—The Nacogdoches Fruit and Truck Growers Association met in regular session at the Court House, Saturday Dec. 7, at 3 o'clock. Meeting called to order by the President, minutes of previous meeting read and adopted.

On motion rules were suspended and the following new members were elected, I. L. Sturdevant, G. W. Tillery Sr., J. J. Dollard, Prof. R. F. Davis, John Fulmer.

Secretary was instructed by the president to write at once to College Station for latest bulletins of fruit and vegetable culture, and on obtaining same to mail a copy to each member of the said association. Report of treasurer read and approved.

Mr. Sharp, supt. of the Merchants Auxillary, was then asked to make a talk as to how he would proceed in building hot beds, cold frames etc. Mr. Sharp's talk covered the

cultivation of tomatoes from the time they are planted in the hot beds until they were carried to the field

Mr. Lindsey, manager of the merchants auxillary, extended an invitation to the members of the association to visit the farm of said auxillary from time to time, and obtain from Superintendent Sharp, any information desired in connection with the tomato growing.

There being no further business before the association the president then adjourned to meet again in regular session one month hence.

T. E. BURGESS, Pres.  
ROBT. LINDSEY, Sec'y.

## The Box Factory.

The lumber is on the ground and the work of construction began this morning on the box factory, which is to be completed by the first of January. Frank Bridwell is at the head of the enterprise and has associated with him other men of capital and enterprise. Land was purchased upon which to erect the plant from Mr. George Witkorn on South Fredonia street just to the right of the crossing of the H. E. & W. T. railroad. The plant will be in operation within the next 90 days.

The question of putting in a canning factory in connection is under consideration, but Mr. Bridwell informs THE SENTINEL that he has thoroughly investigated the canning factory business and is almost convinced that there is nothing in it, and that his company will hold off awhile before making the investment.

## A Train Load of Immigrants.

The first train load of Georgians will arrive here soon. They will be met at the depot by parties who will take them to their various homes. Let us give them a royal welcome upon their arrival and thus show them that they are to make their future abiding place among a people full of the old-fashioned hospitality where the doctrine of the brotherhood of man is recognized and practised. These people are coming from a far country among strangers, and let us show them that we will not regard them as strangers, but will welcome them with open arms and generous hearts.—Henderson Times.

## A Note of Thanks.

The ladies of the Guild desire to thank all those who kindly patronized their Bazaar and Thanksgiving dinner, and especially those ladies and gentlemen not members of the church, who donated articles for the sale, thereby materially assisting them.

Especial thanks are due Judge Ingraham for the loan of his store room.

The Bazaar receipts were \$260.00. E. B. S. Sec. Guild.

## Lost Cattle.

Two cows and calves and two 3 year old Jersey heifers. Cows and heifers branded on left hip. Any information leading to their recovery will be rewarded.

DR. W. H. CAMPBELL.

See the line of framed pictures, picture frames and easels, at Reed's Racket Store.

## A Proper Suggestion.

Editor SENTINEL:

You have so often called the attention of the advisability of taking steps to help keep the city in a clean and healthy condition, that I feel like joining in with you and making some suggestions with that end in view.

If the city has authority to regulate such matters, I think they should have every old fashioned closet in the main business portion of the city removed, and allow none to be put up except modern trap closets with proper sewer connection. A sewer running from the rear of the Alliance buildings on back of the stone fort back of Mayer & Schmidt's to Mound street and thence south to the creek and intersected by one running east and west along Pillar street, would provide sewerage for all buildings within the fire limits, and the city should take proper legal steps to have such sewer put in. I think the property owners will all join in and build the sewer, but if they would not then the right-of-way should be condemned and the work done at public expense. I trust that the matter will be looked into at once and some intelligent estimate made of the cost of such work and if not beyond our means, insist on the carrying out of this or some better plan. E. A. BLOUNT.

## Marriage Licenses.

The following marriage licenses have been issued by County Clerk Weeks since our last report.

Chas. Hutson and Macy Partin.

D. A. Risinger and Nannie Harris.

E. B. Campbell and Libbie White.

O. Orum and Winnie Yarbrough.

J. W. Parker and Oph Harris.

Clayton Blake and Fannie Richardson.

C. C. Townsler and Alice Hyde.

## All is Well That Ends Well.

Miss Macy Partin and Mr. Charles Hutson were married at the Clerk's office in the Court House this morning, Rev. S. F. Baucom officiating. This is the young couple that were to have married some six weeks ago when the young man failed to put in his appearance. He has since relented of his conduct, and through the friendly influence of Bro. Baucom and Jim King Miss Partin forgave him and consented to consummate the marriage. THE SENTINEL congratulates the young couple and joins their many friends in wishing them a smooth voyage thorough life's journey.

## He Won The Bet.

Two drummers were riding along the road the other day and were about to meet an old negro, when one of them offered to bet the other that he could make the negro talk Indian. The bet was accepted and when they came up to the old darkey drummer No. 1 accosted him thus:

"Hello Uncle; whar he?"

"W'ar who?" answered the darkey.

Drummer No. 2 paid the bet.

**THURSDAY'S LOCALS.**

John Hatchel, of San Augustine, was in town today.

Randolph Nobles, of San Augustine, was in town today with cotton.

E. F. Carroll, of Huntington, was in the city today with cotton.

James Date, of San Augustine, was in the city today with cotton.

R. C. Shindler & Son call your attention to their Holiday Announcement.

A. J. Bland, a prominent merchant of near San Augustine, was in the city today on business.

T. B. Roberts, of San Augustine, was on the streets today taking in the sights of the Stone Fort City.

O. I. Holloway, of Denning, was in town today and dropped around to see THE SENTINEL people.

Dr. C. A. Cook, of Mexia, is here. He is a brother-in-law of Mrs. Beeson and came to see her sick child.

John Moss, of Altonia, San Augustine county, was in town today. He had cotton and found a good market.

Mrs. J. W. Vineyard and little daughter Hattie Velma left to-day on a visit to relatives in Lufkin and Houston.

J. R. Renfro, of Shelby county, was in the city yesterday and G. W. Renfro, of San Augustine, was also here.

Bob Weaver, Will Clark and George Partin are gone duck hunting down on the Angelina river at Weaver's camp.

At a meeting of the stockholders of the H. E. & W. T. railroad company in Houston this week all the old officers were re-elected.

We only solicit those for life insurance whom we suppose to be intelligent and reputable citizens—the Franklin wants none other.

Geo. H. Matthews, Esq., returned last night from Austin where he went before the railroad commission in the interest of the T. & N. O.

Bishop Kingsolving will hold services in the Episcopal church next Sunday. He is an eloquent speaker and should have a large congregation.

Dr. Barclay from Polk county has rented a home from Dr. Smith on Taylor avenue, and occupies it. He locates here to practice medicine.

The latest news from Alex Karnegay, the unfortunate man that got his arm torn off in a gin last Monday, is that he is not doing well. The injury, it would seem, was too great for human endurance.

**THE CHARTER OAK STOVES**

The Charter Oak stoves bought in the Bailey stock must be sold, consequently we have marked down the prices Cason, Richardson & Co.

Will Lang and Boson Hardeman are back from a big duck hunt down on the coast in Liberty county. They report a big time and lots of dead ducks.

Hall Furlow, a worthy farmer, living in Alazan neighborhood, who has been lying at the point of death for several months, is reported better and will probably recover.

Hon. B. A. Calhoun, of Chireno, was in town today with several bales of cotton. He found Nacogdoches, as usual, paying the top market price for the fleecy staple.

Mr. and Mrs. W. H. Crouch left to-day for Tyler to attend the East Texas Conference. Mr. Crouch will return in a few days and Mrs. Crouch and children will visit relatives at Corsicana and other places before returning.

W. A. Polley of Sabine county passed through the city this morning en route home from Houston where he went to attend the Masonic Grand Lodge. He reported having a good time while in the Magnolia city as a delegate.

Harry K. Polk of San Augustine was in the city today en route home from Houston where he attended the grand lodge of Masons as a delegate from the Red Land city. He says the meeting of the Grand Lodge this year was the best held for a number of years and that Houston entertained her distinguished visitors in a royal manner.

H. K. Polk of San Augustine and W. A. Polley, of Sabine county have formed a co-partnership for the purpose of engaging in the real estate business in San Augustine on a large scale. The style of the new firm will be Polk & Polley. They will, no doubt, do a fine business as both gentlemen have an extended acquaintance and are excellent business men. San Augustine is on the improve every day and with the advent of the new railroad she will wake up from her long sleep and become a place of some importance.

**Last Warning.**  
All parties due us on note or account must come and settle; collect we must. So take fair warning.

Lucas & Burk.

**SATURDAY'S LOCALS.**

Sam Brown, from Martinsville, is in the city.

Uncle Hardy Harrel, of Swilt, was on our streets yesterday.

W. B. Stewart, of Center, spent last night in Nacogdoches.

J. W. Vineyard is at Kountze, delivering fruit trees for Jno. B. Power.

Shindler's show window is an object of attraction and universal admiration.

Saturday draws a big crowd, but there is nothing in it, compared with the middle of the week.

Lawrence Power came down from Center this morning on business and to spend Sunday in the city.

J. W. Paup came home from a big drumming trip this morning, and will spend Sunday with his family.

Mr. Wells, a prominent citizen and farmer from the northern portion of the county, was in the city this morning.

A large crowd of young people enjoyed a social party at the home of Mr. and Mrs. W. R. Baker, on North street last night.

Pastor Tardy will fill his pulpit tomorrow at First Baptist church. The evening sermon will be "A Message to Teachers."

A great many strangers come in on every train. New drummers, prospectors, speculators and traders are common in Nacogdoches.

The Cumberland Presbyterians have raised enough money to start the work on the new church building on corner Mound and Main streets, and the work will be begun in January.

Rev. J. B. Bullard wishes to extend thanks to the ladies and gentlemen of the town of Nacogdoches for the nice suit of clothes presented him through Rev. W. Tardy. May the blessings of God rest upon the donor in the prayer of your humble colporter.

The Rector of Christ church would like to express his thanks to those young men who donated the handsome stove which he found in the church. It is indeed a beauty, and he invites every one of them to come to church tomorrow and see how proud he is of it. Besides you might hear something that would help you.

**Notice.**

All notes and accounts held by me will be placed in the hands of an attorney for collection on Jan. 1st, 1902 unless satisfactory settlements are made by that time.

W. D. LAMBERT,  
Chireno, Texas. wim

**Notice.**

All friends of the North church cemetery are requested to meet at the church on the 18th, with tools to build a fence around the cemetery. Those who have agreed to put the posts there will have them there on this date with out fail. T. H. Summers.

# CHRISTMAS GREETING.

We want to wish all our friends and customers, and there are many more, we are glad to say, than there were a year ago, a VERY MERRY CHRISTMAS and a HAPPY AND PROSPEROUS NEW YEAR. So far as it is possible to do so, we think we are contributing in our own way to the pleasures of the Holiday season and we are quite sure the advantages of our store will add to the New Year's prosperity.

We still have a well selected stock of winter goods, and the prices were never lower, and what you will save on purchases here for the next few weeks will start you well on your way for 1902. If you have not bought your Christmas suit, we want to show you through, and if you are in need of a nice overcoat, let us figure with you. Whatever you buy from us must be

## To Your Satisfaction.

We are not pleased with a sale unless you are satisfied with your purchase. Everything we offer is sold with the distinct understanding that it is precisely as represented. Your money back if you are not satisfied. Could we do more?

Thanking you for your most liberal patronage in the past, and asking a continuance of same, we will now close the old year by again wishing you one and all a merry Christmas, and bright and prosperous new year, and hoping that you will be among the number to visit our store in the next two weeks, we are yours truly,

BEAUMONT now has about 120 gushers.

CONGRESSMAN J. L. H. has introduced a strong anti trust bill in Congress, which if passed will put the "kiosh" on some of those octopuses.

THERE is canning factory and box factory talk in the air, and there are some signs that it is not all talk. Nacogdoches is the very place to establish such enterprises, and now is the time to do it.

THE friends of Prof. T. R. Day, of Henderson, are urging him for the presidency of the A. & M. College. It is claimed that he has superior executive ability as well as is a teacher of the highest attainments.

AT Corpus Christi English peas, snap beans, wax beans, cabbage, cauliflower, tomatoes, c. roots, turnips, rutabagas, kohlrabi, peppers, okra, radishes, beets, celery, lettuce, onions, shallots, parsley, squash, sweet potatoes, new irish potatoes, pumpkins, cashaws, watermelons, and mustard fresh from the fields are on sale at the vegetable stands, and large shipments are being made to distant markets. Texas is great and her diversity of climate is wonderful.

OVER in Palestine they call "couche-couche" the "skirt dance" and sister Deming, of the Palestine Visitor and Bro. Green, of the Tyler Courier, are in a controversy as to its morality. Bro. Green has probably seen it, and we hope Sister Deming has not. We saw it once, and if it is not immoral it lacks a whole lot of being decent. Why such performances are permitted by law at all is more than we can understand.

#### CERTIFICATE

Authorizing "The Commercial National Bank of Nacogdoches," in the County of Nacogdoches, and State of Texas, has complied with all the provisions of the Statutes of the United States, required to be complied with before an association shall be authorized to commence the business of Banking:

Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that "The Commercial National Bank of Nacogdoches," in the County of Nacogdoches, and State of Texas, has complied with all the provisions of the Statutes of the United States, required to be complied with before an association shall be authorized to commence the business of Banking:

Now therefore I, Thomas P. Kane, Deputy and Acting Comptroller of the Currency, do hereby certify that "The Commercial National Bank of Nacogdoches," in the County of Nacogdoches, and State of Texas, is authorized to commence the business of Banking as provided in Section Fifty-one hundred and sixty-nine of the Revised Statutes of the United States.

In testimony whereof witness my hand and seal of office this fourteenth day of October, 1901.

N. W. HALTOM, MANAGING EDITOR.

LET'S clean up before the editors come.

THE fruit and truck farmers will be on top directly.

EAST TEXAS is going to be at the front henceforward.

PLANS have already been adopted for the new \$50,000 Court house at Lufkin.

THE suburban districts of Nacogdoches continue to widen out. New residences are being built in every direction.

THE last government report is what brought cotton up, and the sudden leap in price has brought lots of the fleecy staple to market within the past two days.

OIL and rice have made Beaumont great. The rice industry had nearly started her on the road to greatness before the oil boom struck that country.

THE editors are coming and Nacogdoches will have a chance to show herself proud. We will show them a good time, or bust, and we know the old town is not going to bust.

THE piney woods of South East Texas have been converted into a veritable prairie for miles in every direction from the big mills down there. In another quarter of a century there will be nothing but the naked land left unless something can be done to utilize it. The fruit and truck farming and tobacco industry is the only chance.

THE Logansport Journal says that John McLendon, who has been editing the Shelby Democrat, was the backbone of Center, but that he wasn't appreciated and so he moved to Timpon and Center lost her backbone. It is hard on Center to lose her backbone, and she ought to apologise to Mac and get him back. Timpon already has several "backbones" and she ought to be willing to let Center have one, it she will put up the right sort of inducements.

THAT meeting of the piney woods editors at Nacogdoches is going to be a pleasant affair. We know it—because Nacogdoches says so, and that good old red land town is not given to talking through its hat. We'll be there, brethren, "Providence permitting" and we hope to meet all the boys and shake their hands—a friendly signal, as it were, by "Ships that pass in the night,"—and pass everywhere else. It wasn't for the passes we'd pass the whole thing up,—wouldn't we? However, we'll let that pass till we meet you at Nacogdoches.—Tenaha New Era.

Nacogdoches, Texas.

THE Tenaha New Era nominates our old friend, J. E. Gibson for county treasurer of Shelby county. We second the nomination and wish we could go over in Shelby county and cast about 'steen thousand votes for him. Mr. Gibson is entitled to something at the hands of the people of Shelby county as a recompense for his losses by which the county profited. Years ago he became a bankrupt by the walls of the Shelby county court house freezing while in course of construction, necessitating their being torn down and rebuilt to render the building absolutely safe. For this extra work and expense he expected pay from the county, but it was refused and he has not to this day receive compensation. He is a competent man, the very soul of honor, and while it is not our affair, viewing the matter as we do, it would look like the act of an ingrate for the county to refuse him an office if he asks for it. "Them's our sentiments," anyhow.

TEXAS loses a citizen of splendid parts in the death of Col. L. L. Foster, president of the A. and M. College of Texas. As a country editor several years ago he exhibited those sterling traits of integrity and sound judgment which have distinguished him as a legislator, as speaker of the house of representatives, as member of the railroad commission and as president of the college. His private life was without reproach and his public service was marked by painstaking devotion to duty. He had large capacity for work and was especially successful in administrative detail. Still in the vigor of middle life, his sudden taking off is a shock to thousands of friends and a serious loss to the great institution which he was so ably directing.—Galveston Tribune.

I can sell you a \$5.00 pants for \$4.00.  
C. A. Hodges

A MARKED copy of the Mexia Evening News brings the information that Prof. R. B. Cousins will run for state superintendent of Public Instruction. All right. THE SENTINEL doesn't care much which one of our Cousins gets the office. There are lots of 'em that would like to have it, we guess, but so far this paper is not committed to any of them. They are all good fellows and each one of them is "superior to all others," of course. Candidates will be as numerous for that job as they are now for the place just made vacant by the death of our beloved friend L. L. Foster, late president of the A. & M. College.

ON the subject of Grover Cleveland's illness, the New York Evening Post says: "We have only one living ex-president, and we cannot possibly have more than one before March, 1905. A peculiar interest thus attaches to the health of Grover Cleveland, and any report of his illness arouses serious apprehensions—happily dispelled at once in this case. The ex-president has now been long enough retired from active public life for the acerbities of political controversies to soften, and even his most earnest opponents in the past are steadily coming to recognize the sincerity, courage and patriotism which always dictated his course. Mr. Cleveland should have many years yet before him, and he already has the assurance that old age will be rendered happy by the recognition that he was one of the strongest executives the nation has ever had."

THE UNWRITTEN LAW.

A Louisiana Grand Jury's Report on the Burning of a Negro.

New Orleans, La., Dec. 5. Judge Jas. M. Thompson, in opening the district court in Washington parish, the scene of the recent burning of a Negro at the stake, followed by a riot at Balltown, where several lives were lost, called the attention of the grand jury to these occurrences and urged it to take action to maintain the good name of the community, which had been much injured. The grand jury, however, brought in the following report: "The men who participated in the burning were among the best citizens of the country and nothing but a desire to protect those who are nearest and dearest to them would move them to undertake such measures.

Government Cotton Statistics.

Washington, Dec. 3.—The statistician of the department of agriculture reports 9,674,000 bales as the cotton production of the United States probable in 1901-02.

The area picked is estimated at 26,802,235 acres, a reduction of 730,216 acres, or 2.6 per cent from the acreage planted.

The total production of lint cotton is estimated at 4,529,954,000 pounds, an acreage of 169 pounds per acre picked or to be picked.

The estimated production in states, in pounds of lint cotton per acre, is as follows: Virginia 176, North Carolina 142, South Carolina 141, Georgia 177, Florida 117, Alabama 156, Mississippi 205, Louisiana 260, Texas 150, Arkansas 173, Tennessee 136, Missouri 195, Oklahoma 196, Indian Territory 214.

In addition to the department's ordinary crop reports from the agencies, 15,000 ginners and 5000 bankers and merchants have furnished valuable information concerning acreage and production. The ginners have also reported the amount of cotton ginned between August 15 and November 20 this year and last year, with the average gross weight per bale and the average weight of bagging and ties. This has enabled the statistician to ascertain the average weight of bales for each separate state, and for the entire cotton belt, and these weights have been used in determining the total number of bales produced. The average net weight of the entire cotton belt is 468.2 lbs. which is believed to be the lowest average in at least ten years. The large number of light bales being marketed, and also some reduction in the proportion of lint to seed cotton, are subjects of frequent comment by correspondents of all classes.

Candidates Galore.

C. B. Short, W. M. Imboden, W. B. O'Quinn, and possibly F. P. Brewer, will ignite the circumambient atmosphere in this district, racing for the district attorney's office. They are all fine fellows and the New Era finds it difficult to pick a favorite.—Tena New Era.

### BATTLE WITH KNIVES.

An Englishman and a German Parties to a Bloody Contest Amidstream Opposite New Orleans.

New Orleans, La. Dec. 8.—A bloody encounter occurred in midstream of the Mississippi river to-day, on a barge, under the most peculiar circumstance. The tug W. G. Wilmot was towing a barge loaded with about 100 muleteers down to the British transport Mont Calm, preparatory to shipping them with a load of horses to South Africa. The bloody affray started between two firemen, James Frayer, an Englishman, and Fritz Wessel, a German.

Both men were horribly cut and the decks were literally covered with human blood. A number of the muleteers were from Texas and the whole outfit began to boil and take sides. Captain James Garland, of the tug Wilmot blew his whistle long and loud, shrieked and roared, in order to attract some officer on shore as he was floating down the river with a battle with knives raging on board. It was the worst human scimmage that has been witnessed on the river in many a day.

When Wessel cut Frayer so horribly about the abdomen the muleteers wanted to throw the German overboard or lynch him to the mast, and it was only by running into the bank and getting the sheriff of St. Bernard parish and deputy sheriffs T. J. Serpas, Henry Morales, Ben DaSilva, and citizen Sylvester Graffignia, who took charge of Wessel, that a lynching amid stream was prevented.

Then another question arises. Who has judicial

jurisdiction? Was the crime committed at sea or does it come under the laws of St Bernard parish?

The transport was delayed.

### Helped a Good Cause.

Mr. John F. Risinger visited Nacogdoches last Sunday. It has been reported that his son had procured license to marry a widow woman's daughter down there, which report proved to be true, but Mr. Risinger learned that the license thus procured bore the name of some other man's son, and that his boy had only lent a friendly and helping hand to further the good work.—Tena New Era.

### A MINISTER KILLED.

The Shooting Was Done By a Justice of the Peace, Formerly a Member of Deceased's Church.

Brookside, Ala., Dec. 8.—Rev. J. W. Bradford, Methodist minister at this place, was shot and killed by R. D. Kauffman, justice of the peace this evening, dying two hours later. Kauffman was standing in Bradford's doorway and fired two shots, both taking effect in the head.

There were no witnesses to the tragedy. Mr. Bradford had been returned here as the Methodist minister for another year. While at Sunday school this morning Rev. Bradford called attention to this fact, and remarked that he hoped all their relations would be pleasant and that they would be pleasant if they could stop such men as Kauffman from lying about him and the church.

Kauffman was once a member of Rev. Bradford's church but had been expelled on some charge, and for this reason there had been bitter feeling. Kauffman immediately surrendered after the shooting to sheriff Armstrong. A warrant has been sworn out before Justice J. T. Sellers, charging Kauffman with murder.

### Killed by Runaway Team.

Capt. Z. B. Garrison and Geo. W. Cavin, of Garrison, were in the city Saturday afternoon and were pleasant callers at THE SENTINEL office. They reported a fatal accident that happened a few days ago in Shelby county just across the Nacogdoches line, in which Mr. F. M. Abbott, an old and prominent citizen of Shelby county, lost his life. Mr. Abbott was driving a pair

of mules to a wagon when they became frightened and ran away with him, throwing him out of the wagon and injuring him so that he died in twenty-four hours. They were unable to give details of the sad affair. Mr. Abbott was well known in Garrison, where he did most of his trading and had many friends and his death cast a gloom over that little city.

### Feeble Hope For Miss Stone.

New York, Dec. 9.—Rev. Henry C. Haskell, D. D., superintendent of the American foreign commission station at Samakov, Bulgaria, cables the following to the World concerning the possible fate of Miss Stone, the kidnaped missionary and her companion:

"Considerable confirmation of the report that Miss Ellen M. Stone and Mrs. Tsilka are dead comes from Salonica, but nothing positive is yet known.

"Our (American board of foreign mission) messengers have not returned. Their delay is intelligible, for traveling over the mountains covered with snow is difficult, while the brigands are now more than ever hard to get into communication with.

"We still hope that the report that the captives are dead may be only a ruse of the brigands to prevent being pursued."

### Rev. Watts Comes Back.

The following telegram was received from Bro. Watts to A. Y. Donegan this afternoon: "San Augustine District, A. J. Weeks, P. E., Nacogdoches station W. W. Watts; Melrose circuit, D. S. Burk.

### OLD MAN SUICIDED.

He First Took Laudanum, and Then a Dose of Cocaine.

Lufkin, Tex., Dec. 7.—Mr. Andrew Wise, a gentleman traveling out of Beaumont representing some oil concern, committed suicide today at the hotel by taking an unknown amount of cocaine. Last night Mr. Wise drank the contents of a two ounce bottle labeled laudanum and a physician was called who administered antidotes and he was completely restored. In some way he afterwards procured a quantity of cocaine and was found in his bed in a dying condition.

Mr. Wise left a note stating that he wanted to die and also giving instructions to notify his brother in West Norfolk, Va. Mr. Wise was neatly dressed and a man of apparent good standing in the world. He will be buried here unless contrary instructions from his friends are received.

### Married.

At the residence of Mr. W. A. Parmelly, Mr. E. B. Campbell to Miss Libby White, Rev. S. F. Baucom officiating. Mr. Campbell is a son of Mr. G. O. Campbell, is a fine young man, of good morals and up right character. Miss White, is a daughter of John T. White, a sister-in-law of Mr. Parmelly where her home has been, and is a noble type of beautiful womanhood. Rev. Baucom is in the swim when it comes to marrying folks. He has already married six couples this fall and reports two more "spoke for" to come off soon. If the boys do the nice thing, he should be able to take Christmas.

Judge V. E. Middlebrook returned from Houston this morning where he had been to attend the Masonic Grand Lodge as representative from this city. He says Houston had her arms open and the delegates had a royal time. There were nearly 2500 delegates there, and as fine body of men as ever assembled together. The Grand Lodge was moved, after a hard fight, from Houston to Waco, where it will assemble hereafter. There were several cities in the race, but on the fourth ballot Waco won the prize by a large majority of the vote present.

It's positively guaranteed for Coughs, Colds and Lung troubles. Price 50c and \$1.00. Trial bottles free at R. C. Shindler & Son's.

**May Reduce Southern Representation.**

Representative Dick of Ohio has introduced a resolution for a general investigation of the denial or abridgment of the right to vote in certain states, with a view to reducing the congressional representation from such states. The resolution recites that it is a matter of common information and belief that the rights of some male citizens, being 21 years of age, to vote at elections, is denied and abridged in certain states.

In conclusion the resolution provides:

"Resolved, that the matter be referred to the committee on election of president, vice-president and representatives in congress, with power to subpoena witnesses under oath, and to send for records and other evidence, to investigate fully and completely and report what proportion the number of male citizens 21 years old in any state to whom said state denieth or abridges the right to vote aforesaid, except for participation in rebellion or other crimes, bears to the total number of male inhabitants of such state being 21 years of age and citizens of the United States.

**A Good Cough Medicine.**

(From the Gazette, Toowoomba, Australia.)

I find Chamberlain's Cough Remedy is an excellent medicine. I have been suffering from a severe cough for the last two months, and it has affected a cure. I have great pleasure in recommending it.—W.
