was the symbol of a pagan prayer to the gods to bless the medicine when it was administered. Now it is used at the beginning of every doctor's prescription as an abbreviation for the Latin word "Recipe" which is a command to the pharmacist to "take" the ingredients specified and compound them. The value of a prescription depends largely upon the skill with which the compounding is performed, as well as upon the quality of the ingredients. We are painstaking and thorough in order that the medicine may be of greatest possible benefit when administered. There is no higher quality than ours or lower prices. In medicine quality is of first importance. Bring your doctors' prescriptions to us.

MELROSE MATTERS

Doctors Have Time to Follow Carpenter's Trade.

Jan. 21.—No. sickness in the community at present, and the doctors are having a leisure time.

Our village is growing; several new families have moved in with one more merchant added to our list.

We have also a nice, new parsonage almost completed. The money came up a little short and Dr. Hardeman laid aside his doctor's garb and took up carpenter's tools and is working on the parsonage. The preacher's wife says she never knew a doctor to do that before. Our other doctor has plenty of time to keep bachelor's hall. I don't see why he doesn't marry, when there are so many nice girls around here who could spend his money for him, as he does not need any himself.

Our school is progressing nicely under the management of Prof. John B. Stripling. He is also doing a considerable business buying up land over the country, laying up treasures on earth, where the "moth doth corrupt and thieves break through and steal."

The Notary Public, John N. Wilson, is on the go early and late, surveying land, writing deeds, leases, and doing notary work generally.

We have a very nice Sabbath school at the Baptist church. Bro. Willis Grimes is superintendent. Miss Sallie Bullard, Mr. John Matthews and Mr. Grimes are teachers; Miss Bessie Wilson organist. We Methodists are helping them all we can, and when we organize we will ask them to return that which they have borrowed.

The farmers are plowing for a new crop and we trust they will reap an abundant harvest.

There is more land yet to rent at Melrose.

From Woden.

Jan. 20.—Health is good with the exception of a few cases of mumps.

We are needing rain, and

if we don't get it pretty soon stock will suffer for water.

Mr. J. R. Hobbs entertained the young people Saturday. There was quite a crowd present and all seemed to enjoy the occasion very much.

Rev. J. N. Wilson preached Sunday at 11 o'clock. There was a large crowd in attendance. Preaching every first and third Sundays at 11 o'clock. SAM.

Hickory Flat.

Hickory Flat, Jan. 21.—The people of this community are beginning to prepare their land for another crop.

Rev. James filled his appointment at Banita last Sunday and had a large attendance. Had singing in the afternoon.

There was speaking at the school house last Saturday night. Mr. Wesson, of Mt. Enterprise, was the speaker and he made a good talk.

The school at Hickory Flat is progressing nicely under the management of Profs. Philips and Pettey.

Mr. Scogin had the misfortune of getting his gin burned last Saturday night.

Health of the surrounding country is good at present.

J. M. LANGLEY.

We have three carloads of flour on the road bought before the rise. See us before buying. You shall have the benefit of the prices we obtained. Texas red, rust proof seed oats on hand. Alfalfa and Northwest Texas hay. Next door to Lucas & Burk's, West Main street. When you come to the post-office drop in to see us. It is close by.

Wilson, Grimes & Co.

Cultivators for Sale.

We have 5 or 6 Avery's—riding and walking cultivators—that we will sell at absolute cost. We want to quit the cultivator business. If interested call and see them. Other plow goods cheap.

Mrs. J. N. Gilbert Dead.

A gloom was cast over our fair city this morning by the announcement that Mrs. Gilbert, wife of County Surveyor John N. Gilbert, was dead, whose death occurred at an early hour. Mrs. Gilbert had suffered a long and painful illness and for many days her recovery had been despaired of. Yet her death came as a severe and irreparable blow to the bereft husband and seven little children. Silent tears are shed in sympathy for the distressed family and the entire community mourns with them in their hour of sadness and bereavement. Mrs. Gilbert's remains will be buried in the City Cemetery this evening.

Texas Oil Products.

The Southwestern Oil Co., of which John H. Kirby is president and Frank Bonner is General Manager, has established an agency in Nacogdoches, and is represented here by Mr. W. T. Wilson. Mr. Wilson has just received a consignment of Prime White and Crystal Light illuminating oils as a trial order. This is strictly "Southwestern" oil, from Southwestern crude, for Southwestern people, with Southwestern capital, by Southwestern energy, and is already recognized as a superior burning oil. This first consignment is merely to introduce the company's products here, and there can be no question but that Mr. Wilson will work up a good trade in this field.

Prof. Williams, phrenologist and preacher, preached at Appleby last Sunday, where he is quite popular and where the people have great confidence in his phrenological powers. Prof. Williams will go to Center next week.

Cotton Receipts.

Following are the receipts at the various cotton yards of Nacogdoches for the present season, beginning September 1st, 1901:

Matthews' yard,	7,400
Sanders' yard	5,500
Alliance yard	5,265
Taylor's yard	3,438
In transit	941

Total	22,544
Total shipped	18,375
On hand	4,169

Evergreens.

I have a large surplus of home grown cape jessamines, 5 for \$1.00, and 20,000 California Privet, (hedge plant,) \$10 to \$20 per 1000, delivered at any part of town free. This is cheap, but I must make room for young plants. Telephone No. 139-5.

Respectfully,

The members of the Merchants Auxiliary are urgently requested to visit Supt. Sharp during the next week. We want you to see just what progress he is making. This is a duty you owe to yourself as well as the management.

Robt. Lindsey, Mgr.

W. A. King, Jr., and wife and baby, came up from San Augustine yesterday on their way to Center, via Tenaha, where Mr. King goes to take charge of the Center and Tenaha exchanges and the long distance between those places. He will make Center headquarters, but will continue to control the San Augustine exchange.

W. D. Jackson, of Etoile, called in this morning. He says there is no postoffice now at Etoile, and had his postoffice address change to Ora, Angelina county.

Announcement

WE TAKE this method of announcing to our friends throughout the County, and the public generally, that we have rented the Lilly building formerly occupied by Lucas & Burk and we have opened up a full line of

Staple and Fancy Groceries.

We propose to do a legitimate business. And when you trade with us we will treat you the same as we would like to be treated. This fact we wish to impress on you, we are prepared to meet competition, because all our goods were bought in carload lots with cash.

We will be pleased to have you call.

Wilson, Grimes & Co.

THIRTY acres more of "proven territory" has been added to the Beaumont oil field, extending northward. A "good gusher" has just been brought in on the new ground.

THE farmers of Grimes county have organized a Truck Growers' association and are making a move similar to that of the Nacogdoches farmers in regard to diversification.

AT a recent meeting of the board of trade and citizens of Fort Worth, the "anti trust law," "home industry," "carping criticisms," were the themes discussed, but as yet the country has felt no susceptible jar.

NEARLY five thousand pupils are thrown out of school and two hundred teachers are temporarily out of a job by the closing of the night schools in Chicago, the result of a depleted city school fund. The day schools are also threatened.

THERE is no more guessing as to whether or not Hon. W. M. Imboden will become a candidate for district attorney. While in Nacogdoches yesterday he stated emphatically that he was a candidate. It is not probable that he will have any opposition.

THE Texas republicans are not having smooth sailing with President Roosevelt. The endorsement of the "organization" doesn't seem to suffice and several heads have been chopped off by the President that had the backing of the Hawley contingent, so called "organization."

THE recent decision on the part of the management of the Southern Pacific - Sunset Route to fence seventy six miles of its track, elucidates any mystery there might have been concerning the cost of this feature of a railroad's equipment. The figures given by Manager Van Vleck as the cost of the seventy-six miles in question, shows the expense per mile for the ordinary wire fencing erected by the railroad along its right of way to be in the neighborhood of \$290 per mile, or considerably over half a million for fencing the mileage of the Southern Pacific lines between New Orleans and the Mexican border. In the present instance the company will spend \$22,000 in the direction mentioned.

IT must be a source of satisfaction to Senator Culberson to have the endorsement of the "Sage of Palestine," the Hon. John H. Reagan, in his position upon the Nicaragua Canal bill. Judge Reagan agrees with Senator Culberson that we should have provided for the construction of the canal without making Great Britain party to it in any sense.

THE prohibition election comes off in Angelina county next Thursday and the fighting forces are arrayed in their full strength on both sides. The big work will be done on election day and both sides are prepared for a gigantic struggle. At this stage both sides are anticipating victory.

VEATCH ON NACOGDOCHES.

At Nacogdoches we had everything men could desire. We used furniture provided by her furniture dealers, ate victuals prepared by her people, read newspapers and books published in the town, and smoked cigars—as fine as we ever saw, raised in the county and manufactured right in Nacogdoches. How's that for high? Yes, and we fell in love with a girl born of Nacogdoches parents, and so did several others of the boys who went up there.

Nacogdoches is not the biggest place in Texas, but she's one of the most thrifty. Besides the compress, electric light plant, cotton seed oil mill and cigar factory already mentioned, she has an ice factory, brick kiln, crate and box factory and a big patent medicine concern, which is operating over six or a dozen counties. She begins the new year with a large increase of business and her people predict that by next Christmas the old town will be quite a city. So mote it be, we fervently pray, for there is nothing too good for Nacogdoches.

NOTES.

R. W. Haltom and all of THE SENTINEL force showered so many courtesies on us that we almost felt oppressed with the weight of them. An hour that shall live forever in our memory is one which we spent at Mr. Haltom's house, where we heard his daughter and Miss Fay Smith, whose beauty is of a divine type, render several fine selections on the piano. Mr. H. played one piece on his violin—just one—and because we told him it was the best playing we had heard in a year, he threw the instrument down and would never touch it again. Haltom's a bully fellow, but its no wonder. We'll venture that if we had as good a wife as he has, we'd be even a better man than he is.

Nor can we forget Henning and Fuller of the Plaindealer. If ever we met two men who literally made us like them whether we wanted to or not "them's they," or "they's them," whichever is correct. Henning knows how to treat visitors to Nacogdoches, as well as how to get up a live paper.—Hemphill Messenger.

Virginia's Contribution.

The faculty of the University of Virginia, upon the suggestion of the alumni residing in St. Louis, will recommend to the State legislature, the erection of a state building at the world's fair that shall be a reproduction of the Monticello mansion of Thomas Jefferson. The faculty will also ask the 5,000 alumni of the university for funds to erect a world's fair building modeled after the rotunda of the university, to be a permanent museum and hall of fame, and to contain a marble statue of Jefferson.

The Church Bees to Blame.

For the last two years members of the Baptist church of Saco, Me., have been annoyed by a sound in the church building. While it was not especially troublesome, it was annoying from the fact that it was constant and could not be located. The sexton hunted everywhere for it, but without success, until the latter part of last week. In making a more thorough search than usual he found tucked away in a gable end a swarm of bees and about fifty pounds of honey.

FATE OF THE OLD STONE FORT.

The Old Stone Fort, the time honored, ancient landmark, a monument to the trying times of the early days of Texas, from whose battlements the flags of six governments have floated to the breezes, is doomed and its days are numbered. Within the next ten weeks it will become a thing of the past. The contract has been let for a magnificent two story structure to occupy the site now covered by the old weather beaten, time-worn building, upon which work must begin on April 1st, next, and the lot must be cleared of everything by that date. The owners, Messrs. Perkins Bros. decline to entertain any proposition for the purchase of the lot, but have offered to sell at a reasonable price the old buildings with explicit understanding that they must be cleaned off the lot in time for the contractors to begin work on the new building by April 1st. If the Old Fort is not sold by the 15th of February it will be sold to the highest bidder under obligations to move it off by April 1st.

Quite a lot of correspondence has passed between the Daughters of the Republic and the Messrs. Perkins, as well as others here, but nothing has been arrived at that offers any hope for the preservation of the Old Fort.

There is a little sentiment here, though almost too meagre to be considered, in favor of buying and preserving the building at any cost, and the Daughters of the Republic are working zealously to this end. But there is scarcely a ray of hope for success. At home it has been known as a "den of iniquity" for over half a century, and its associations have been such that have quenched every spark of veneration that might ever have existed, and the common expression is in favor of its demolition and total obliteration. But, whatever sentiment may exist, pro or con, the subject is brought down to a square business proposition, and it will take money and plenty of it to change the plans already laid out. Its present owners bought it at a fancy price for a business location for their own use and they are not disposed to sell it at any price.

The question of removing the stones and re-erecting them into some sort of monument in memory of the original building and its history, is the only thing to consider. What shall we do with the question? Prompt action is imperative. Delays are dangerous, as has already been demonstrated in this very connection.

The democrats took a hand in the appointment of a collector of internal revenue to succeed Webb Flannagan and it seems that things have taken a turn in Flannagan's favor. President Roosevelt was about to appoint a negro, but the democrats filed such a strong protest that he reconsidered the matter and has about decided to consider favorably Flannagan's petition for re-appointment.

Hon. W. M. Imboden.

Hon. W. M. Imboden is again in the field as a politician. Thousands of people in the second judicial district will rejoice to know that he has decided to make the race for District Attorney.

Years ago he held the office for two terms—once by appointment and again by the suffrage of the people.

The number of convictions in our courts during those years proved conclusively to the public the strength and ability of Mr. Imboden as a prosecuting attorney. He grew to be a terror to the evil doers, and the same element now trembles at the prospect of having him to deal with again. "If you have violated the statutes and have Imboden to fight you had as well prepare for the penitentiary" was a common expression among those who had defied the laws. Mr. Imboden is still the staunch unbending democrat that he was when he laid down the office of district attorney, become a presidential elector for W. J. Bryan, and wants the people to know that the years have only increased his devotion to his first love. As editor of one of the leading democratic dailies in Texas, he has for several years served the interests of the party as he could not have done in any other position. In the recent meeting of the East and South Texas Press Association at Nacogdoches, he took a leading part and showed that as a newspaper man and politician he was without a rival in this district. Faithful to his friends noble in his life, profoundly learned in the law and a brilliant orator, where can we find another like him? Echo answer, "where?" —Hemphill Messenger.

THE EAST TEXAS editors are all right. They attended the association meeting at Nacogdoches Christmas week forty strong, and not one of them became intoxicated. Where would you find an equal number of men of any other profession who would do as well? Surely the newspaper man is progressing.—Palestine Herald.

The newspaper man isn't "what he used to was." A drunken editor is as much of a nuisance to the people as a drunken printer is around the "shop" and the public will not tolerate him. Public sentiment has as much influence over the editor as the press has upon public opinion, and the editor who does not walk uprightly and take good care of his moral conduct simply has to go out of business. There seems to be a better class of men in newspaper barns now than there were of yore, as a class, may it be said to our credit without boasting.

Oxygen in Commerce.

Raoul Pictet, the Swiss inventor and chemist, has effected a remarkable discovery concerning the manufacture of oxygen upon an extensive scale for commercial purposes. The inventor has been engaged for three years upon this invention at his laboratory in Geneva, where he is professor of chemistry and physics.

Chicago Heads the List.

The latest census bulletin shows that Chicago outclasses all the other large cities in the number of deaths from railroad accidents. Its total for the census year is 330, while the combined total for nine other big cities is only 486!

MOTHERS

TESTIFY TO THE BENEFITS THEIR SICK BABIES HAVE RECEIVED FROM THE USE OF

LAXAKOLA

Having received your sample of Laxakola, I was very much pleased with it, and have purchased a bottle for my baby. The Laxakola did wonders for my boy in case of bowel troubles. I have given my Castoria and gave my baby nothing but Laxakola, and find it cheaper and a great deal better. I got it from C. H. & H. A. Lawton, cor. Union and Purchase Sts., New Bedford, Mass.

Mrs. CLARENCE CASWELL, North Dartmouth, Smith Mills, Mass. Union Deposit, Dauphin Co., Pa.

I wish to thank you very much for the good Laxakola has done my little niece, Marion Lurine Bass. She is only two and one-half years old, and has suffered something awful from constipation. She has never had what you would call a natural movement. Sometimes we were almost afraid of convulsions, it hurt her so much, and she would be so frightened.

She is awful pleased to think it doesn't hurt her so now, and she will take Laxakola without a fuss. We are pleased to think it helped her so much.

Mrs. ORA MORFATT, Gorham, N. H.

My baby is four months old and is teething. He was sick and I tried a good many things, but nothing seemed to relieve him. I had a doctor, who said it was inflammation of the bowels, and that I would never pull him through, perhaps, if he were under his care. When I saw he was getting worse I stopped giving him his medicine, as he could keep nothing on his stomach. He was troubled with colic very much, and used to scream when he had a touch of it. I did not know what it was to close my eyes day or night. I gave him a few drops of Laxakola and it relieved him. I gave it to him a few times, and it worked like a charm, and he now rests pretty fair all night. He is a great deal better looking baby since I gave him Laxakola, and I think if all mothers knew how good it was, they would give nothing else to their sick babies.

Mrs. MARY DALEY, 577 First St., South Boston, Mass.

LAXAKOLA is a pure, gentle and patent liquid laxative, and contains valuable tonic properties, which not only act upon the bowels, but tone up the entire system and purify the blood. A few drops can be given with safety to very young babies, which will often relieve colic by expelling the wind and gas that cause it. Great relief is experienced when administered to young children suffering from diarrhoea, accompanied with white or green evacuations, as it neutralizes the acidity of the bowels and carries out the cause of the fermentation. LAXAKOLA will aid digestion, relieve restlessness, assist nature and induce sleep. For constipation, simple fevers, coated tongues or any infantile troubles arising from a disordered condition of the stomach, it is invaluable.

H QUALITY H

Quality should never be overlooked, no matter how small your business. The Quality of goods you carry, if of the best, will establish for you a reputation as a progressive business man. Printing above all other things should be of the very best quality. We make a specialty of Quality. A job from our press must be of the best of its kind. We have the necessary requirements for executing the higher grades of letter press printing, i. e. Type, Inks, Paper and Brains. Our Job Department is in charge of gentlemen who have made Superior Printing their life's motto. If you are not a customer of ours, suppose you let us have your next order, it may cost a few cents more than the other fellow's, but it's cheaper—we put the quality in it.

Hoisted a Pine Top.
The brick work on the new hotel and livery building of Mayer & Schmidt on the old Cruse lot has been completed and the inevitable pine top has made its appearance. The new building shows up immensely and is going to be an ornament to that section of the city. The wood work is progressing and in a few weeks the building will be ready to turn over to the Messrs. Heath and Ogg. The former has leased the hotel while Mr. Ogg has leased the livery stable.

The building will contain twelve rooms up stairs and an office, dining room and kitchen down stairs for the hotel, and on the side to be used as a livery stable, there is an office, feed rooms, hay lots and stalls to accommodate thirty-five horses, besides the open space not cut into stalls. The arrangement for both hotel and livery business is complete and could not be improved upon, and is a credit to the architect, Mr. D. Rulfs.

Wagon and Train Collide.

Dave Wallace, a negro driving one of E. B. Rembert's floats, drove his team on the crossing on Bremond street this morning, just as an extra freight train from the east pulled in. The engine struck the mules and dragged both team and float thirty or forty feet up the track. One of the mules had three legs broken, and was so badly hurt that City Marshal E. B. Booth mercifully shot the animal; the other mule was badly bunged up, but will probably recover; driver jumped and was uninjured. Wallace claims he did not see the train until he was on the crossing, the seed houses and a string of box cars being between him and the train. The engineer whistled for the station and for the "board" at the regular whistling post. A number of people saw the accident, but opinion is divided as to where the blame attaches.—Timpson Times.

SATURDAY'S LOCALS.

T. A. Brown, of Melrose, was here yesterday and was a friendly caller at this office.

J. H. Davis, of Robertson county, spent a few days visiting in Nacogdoches and vicinity this week and returned home today.

Marshall Smith has returned to Nacogdoches and is now with Mayer & Schmidt.

County Clerk E. M. Weeks is dangerously sick. He has been unconscious the past twenty-four hours and visitors are forbidden to enter his room.

Braxton Myatt, of Griggsbeck, Limestone county, returned home this morning after a visit of several days to his sisters, Mrs. D. H. Muckelroy and Mrs. J. J. Haltom, near Nacogdoches.

The Baptist Mission Conference closed last night, after a most satisfactory and successful session. The various ministers and delegates have returned to their respective homes, or will leave today. We have not space to give proceedings today.

The Cemetery Association want to employ a sexton at the Nacogdoches cemetery.

There will be preaching services at the Presbyterian church tomorrow morning and evening. All are given a cordial invitation to attend.

Usual services at the Methodist church tomorrow morning and night by Pastor W. W. Watts.

The infant of Mr. and Mrs. Henry Spradley died yesterday at their home in West Nacogdoches and was buried today in the old Union Grave Yard, near Gravel Ridge. Several members of Mr. Spradley's family are seriously sick.

Joe M. Blacksher, of Appleby, was in the city yesterday. He recently lost his drugs by fire, but has ordered a new stock, which is arriving, and he will open in full blast again. He had his stock partially insured with the San Antonio company.

Rev. Stewart, the negro who was struck on the head by Joe Bug Roquemore, and who was reported dead, is still alive, but the doctors think the chances of his recovery are very unfavorable.

W. A. Fields, Esq., has bought the Casley place on South Fredonia hill with the view to making Nacogdoches his permanent home.

Miss Jennie Harris is glad to announce that her little pupils have sufficiently recovered from the mumps to have their exercises which should have been given during the holidays. These little folks will give the play of Cinderella in pantomime next Friday night. It is pretty and amusing. Miss Harris' object in having these exercises is to please her little pupils. There will be an admission fee to help pay expenses; all over actual expenses will be given to the cemetery fund. Admission: Children, 10c; adults 20 cts.

J. A. Greer, of Appleby, was a friendly caller at this office today.

Master Louis Goldberg has been confined to his bed with a slight case of "mumps."

The examining trial of Walker Stokes will come up before Justice W. D. Peevey today, for the difficulty with Sam Brown, which took place in town last Monday.

Fayette Risinger, formerly of this county, but now of Nacogdoches county, is visiting his parents and relatives here this week.—Tenaha New Era.

Col. E. N. Spivey returned this morning from his visit to the great missionary institute at Nacogdoches, and is enthusiastic over the talks and sermons he heard.—Timpson Times.

Have just received a car load of Moon Bros. surreys and Buggies. This is by far the best work ever carried in stock here. Have them arranged to have you see them readily. Look at them before stock is broken. d&w

Quite English You Know.

"It is becoming more and more common in Philadelphia," says the Record, of that city, "to give to words their English rather than their American pronunciation. When, some ten years ago, Professor Lamberton, coming to the University of Pennsylvania to teach Greek, pronounced 'clerk' as though it were spelled 'clark,' people looked at one another and smiled, but nowadays the pronunciation is not uncommon. It is quite usual, too, to hear 'Berkeley' pronounced in the English manner 'Barkley' and 'Merby,' 'darby,' while the ultra-English are trying, with good promise of success, to make the prevailing pronunciation of patent 'payment,' as it is in London."

He Married Roosevelt's Parents.

The Rev. J. B. Dunwoody, who married Roosevelt's parents, is still living in a little town in Colleton county, S. C. He is 86 years old, and performed the ceremony in Roswell, Ga., December 18, 1853. Mr. Dunwoody knows by heart the family tree of the president on his mother's side.

Another Rich Deserter.

Like many other Americans who have won a fortune in the United States, Charles T. Yerkes, of Chicago and Philadelphia, is spending most of his time and money abroad, and thinks of making a permanent residence in London.

Professor's Private Soldier.

Dr. Bunn, professor of English literature in St. Mary's school at Manlius, N. Y., is detailed as a private in the 10th regiment, United States infantry, now at Manila. This is Professor Bunn's third attempt to join the regular army. He is a son of Rev. A. C. Bunn, D. D., pastor of the Church of the Holy Trinity in the diocese of Long Island.

What Four Countries Drink.

The British Board of Trade has lately published a memorandum showing the per capita consumption of wine, malt liquor and spirits in four of the principal countries of the world, based on the averages for ten years. Here are the figures:
United Kingdom 33.21 gals.
France 33.80 gals.
Germany 30.89 gals.
United States 14.69 gals.

Automobile Weighing Fourteen Tons.

A wealthy Australian owns what is said to be the heaviest automobile in the world. It weighs fourteen tons and is run by a gasoline motor of seventy-five horse power. This enormous vehicle, which is capable of a speed when needed of eight miles an hour, is employed to carry freight to and from a gold mine situated 372 miles in the interior of the country.

Mrs. How's Eads Memorial.

Mrs. Eliza A. How, widow of James F. How, late president of the Wabash Railroad company, has given \$100,000 to Washington university, St. Louis, to be used for the erection of a memorial to her father, Captain James B. Eads, who built the Eads bridge across the Mississippi river at St. Louis, and the jetties below New Orleans. The gift has been accepted by the board of trustees of the university, who will confer with Mrs. How as to the character of memorial which shall be constructed.

A Belated Memorial.

On the 16th of this month the Empire State Society of the Sons of the American Revolution and other New York societies will dedicate a memorial marking the site of Fort Washington. The memorial, which is a gift from James Gordon Bennett, is being erected on Fort Washington.

Ibsen Getting Well.

Ibsen has almost completely recovered from his illness, but his physicians do not yet allow him to do brain work, so that "When I Awake" remains his last work. Every day he takes a ride in a park near his home in Christiania, as well as a short walk, though his gait is still infirm.

Rare and Tragedy.

In the course of his address to the students at the opening exercises of the Baltimore Woman's college last week President Goucher said: "A womanish man is a farce; a manish woman is a tragedy. The enlargement of opportunity obtained through education secured in such institutions are this is attended by enlargement of responsibility from which you cannot escape. Your highest ideal should be a womanly womanhood."

Cripples Good Fortune.

The London school board has opened the first of a series of schools for cripples. The children are taken from their homes to school in an ambulance and afterward taken home by ambulance. The school curriculum includes a substantial midday meal.

Ibsen's Death at Hand.

News from Christina says that the condition of Henrik Ibsen, the Norwegian dramatist and poet, has grown worse, and that his death is expected.

His Brother's Counterpart.

Abner McKintley's resemblance to the late president is so striking that it is a shock to anyone who now sees him for the first time.

A One-Sided Requirement.

The young men of Norway are jubilant over a law lately passed in that country providing that in future any woman who desires to get married must present to the proper authorities a certificate showing that she is skilled in the arts of cooking, sewing, knitting and embroidery. The young women are wondering why no certificates are to be required from men which shall prove that they are able to support their wives.

His Different Method.

The Green Bag tells of a lawyer who was about to furnish a bill of costs. "I hope," said the client, who was a lawyer, "that you will make it as light as possible." "Ah," said the lawyer, "you might say that to the foreman of your establishment, but that is not the way I make my money."

Big Job on His Hands.

Mark M. Fagan, whom the Republicans have nominated for mayor of Jersey City, N. J., has undertaken the largest contract ever attempted in that state. He has promised, if elected, to keep politics out of all the city departments, and the saloons out of politics. "It's worth electing him," said an old Democrat, "just to see how he will do it."

Next Rear Admiral.

The next admiral is to be a Massachusetts officer, Captain F. Wildes, who commanded the Boston at the battle of Manila bay. His promotion will be brought about by the retirement of Rear Admiral Sampson.

SOME of the boys seem to think there will be a Kilkinny cat affair in the race between Mr. Garrison and Congressman Cooper, in case the former enters the race. They were never further wrong in their lives. It will be a friendly and a fair race, and we doubt if there will be anything like a campaign. Either will be satisfied with the result.

HON. JNO. W. ROBBINS has formally announced his candidacy for renomination to the office of State Treasurer. He asks for the office a third term probably as much for the purpose of vindicating himself from the unkind charges against him in connection with the failure of the Austin bank, as a desire to hold the office. But democracy has declared against the third term, and Mr. Robbins may be taking a great risk in running with that end in view.

Still Talking About Nacogdoches.

Nacogdoches, which has a population of 3000, is an old historic town with modern business houses, residences, churches and school buildings. It was there that the first Texas newspaper was published and the first Protestant sermon preached under an elm tree, and the first Texas Congress was conducted under its boughs. The tree yet stands a short distance from the depot and is viewed with much interest by sight seers. The old Stone Fort, where many battles were fought in the early days stands in the heart of the business portion of town, but is soon to be torn away to give place to a modern structure.

Nacogdoches was the home of Rusk, Boone, Houston, Edwards, Ochiltree and other pioneer settlers.

We have attended several press meetings, but not one, where the members were more graciously received and highly entertained than by the good people of Nacogdoches, and while we feel grateful to all, we especially thank Mr. and Mrs. J. J. Baker, Mr. and Mrs. I. L. Sturdevant, Mr. and Mrs. H. G. Kennard, and Messrs. R. W. Haltom and A. F. Henning of the Sentinel and Plaindealer, respectively, for the interest manifested in our behalf. — Longview Times-Clarion.

Homeseekers and investors who desire full and reliable information regarding a territory in which more opportunities are embraced than any other section within our country would do well to write to the Passenger and Immigration department of H. E. & W. T. Ry. for same. Lands are cheap, the country is healthful and water for irrigation, domestic use and stock abundant. No blizzards, cyclones, or dreary simoons ever visit Central East Texas where the people are happy and content. If you wish a home or to invest in lands which will double in value within a very short time, or if you wish to engage in industrial enterprise you would do well to apply for information regarding this territory.

THE little city of Timpson now boasts of two daily papers, but they both bear the appearance of having been

"plucked too soon." There should be but one, so that it might have a chance to grow a little. The town can't possibly support two dailies of any consequence, and the result will be that the people will lose interest, and let them both starve out. But, we are trespassing. It is none of our kettle of fish.

"You'll Have to Hurry."

A few weeks hence and the old stone fort will only be a matter of record in history—it will cease to be a reality. The order has been given to tear the old building down. My store is located in the old fort and I am compelled to sell everything I carry—nothing reserved. If you want groceries at the cheapest price you ever heard of during the next few weeks, come to see me.

The Woodmen had a regular "camp" time last night.

"THEM'S OUR SENTIMENTS."

The following article was "handed in" with permission to publish, withholding the name of the writer, which we give space more to gratify sentiment than hope of accomplishing anything in the effort to preserve the Old Stone Fort:

With the deepest regret we realize that the Old Stone Fort is to be destroyed, unless something is done, and that quickly, to save it. We have a grand state with her political and financial future secure, but are we so rich in antiquities that we can afford to lose the fort? No, we know that in all her vast area there are few. Any Texas town can have twentieth century stores. Must everything in the way of sentiment give place to enterprise? What a poor state to "live in" if this is true. The mounds, sacred burial places of the Red Men, have been ruthlessly scraped away, and now the Fort? Poor old thing it is out of date, two hundred and fifty or maybe three hundred years old. Its very origin is a mystery. No matter it has been a protection against hostile tribes of Indians, a refuge and a home for the brave pioneers of this great state, it is rough, brown and ugly and a plate glass front is to take its place. Surely our people cannot permit such a loss. For it is around such objects and from the legends connected with them that a country's best literature rises. Texas is young but her history is extremely romantic and her heroes will

take their places in literature as surely as have those of other countries.

If no better plan can be devised, could not the Fort be moved to the center of the Main Plaza by some organization or the city authorities, if need be, and rented to some one who will carry on a respectable business in it where ladies can go; the rent to go towards paying for the moving of the building. When Nacogdoches is mentioned in other places, people say: "Oh, yes, the historic town where an old Fort stands." Let us save ourselves from the ridiculous position of living in the Stone Fort City without a Fort.

Once in Life.

One in everyones life time dame fortune knocks at their door. It is now rapping at your door. Every cent you save is so much made. By force I must sell every article of merchandise I have within the next few weeks so that workmen may begin tearing down the Old Stone Fort. If you have a little money on hand you can get lots of groceries; in fact lots of anything else I handle. Everything must be sold—dont wait until the last moment, but come now.

S. Kaplan's Immense Stock at Cost.

On Feb. 10th the firm of S. Kaplan & Bro. will be dissolved. Mr. S. Kaplan will continue the business here. Mr. H. Kaplan will retire and devote his entire attention to the Mt. Vernon store. In order to close up the business and get in as much cash as possible, we offer our **Entire Stock of General Merchandise at Actual Cost**

Until February 10th. It is easier to divide the money than the goods. During our 12 years in business here we have never before advertised our stock at cost, and would not do so now, but it will pay us better to exchange the goods for the cash. Everything is marked down to what it cost and sold at those prices to everybody alike. ❀ This is the rarest opportunity ever offered to the people of this section, to get good goods at the price the merchant pays. We will sell you the goods and you will make the profits. Goods sold at cost will have to be paid for before leaving the store. So bring your pocket book. ❀ Thanking you for past favors and hoping you will give us a call during this sacrifice sale, we are,

LEE'S BIRTHDAY ANNIVERSARY.

Commemorated by the Daughters of the Confederacy of Nacogdoches.

On Monday evening a large and appreciative audience assembled at the Nacogdoches opera house to honor the memory of our Nation's hero, Gen. Robt. E. Lee. The sound of the bugle call thrilled the hearts of old and young, as the curtain rose upon the old camp scene, where the central figure was a life size portrait of our noble Lee. In the minds of the old veterans there was, indeed, the uplifting of a curtain of memory through a vale of tears as they all looked back on bygone years; for that dear old face seemed to say: "Cheer boys, cheer, the bugles are sounding."

The Quartette club, Messrs. Beeson, Baker, Lindsey and Sturdevant, assisted by several other patriotic young men in Confederate uniform sang the opening chorus, "Tenting on the Old Camp Ground." The merits of this quartette are too well known in our city to need further praise.

To have the promise of their voices means success to every entertainment so fortunate as to be favored by them, and on this occasion we wondered how the army of Southern soldier boys got along without them, when singing to cheer their comrades.

The second number on program was the well chosen recitation, "The Conquered Banner," rendered by Miss Viola Black, whose ability as an elocutionist was creditably

demonstrated. She spoke with that soul-stirring emphasis that could only be used by a Daughter of the Confederacy.

The familiar old song, "Maryland," sang by the Ladies Chorus Class, was a stirring reminiscence of war time and the bright faces and sweet voices of these young Southern women, gave us a glimpse of the bright side to the sad picture that memories had caused.

The tableau, "Break the News to Mother" was effective in every particular. The descriptive lines were sung by Mrs. Will Perry, and her voice never sounded sweeter than as in clean, round tones her loyal heart spoke volumes of sympathy and love for the old South and the boys who wore the gray. Miss Louwillie Dotson, as red cross nurse, acted the part as if she had indeed ministered to the needs of a dying soldier—a duty she could in truth perform most nobly, if the cause should present itself.

The crowning feature of the occasion was an address by Rev. Wm. Tardy, on the life of General Lee. This talented young minister gave a sketch of Lee's career in a most eloquent and impressive manner, but summed up the great truth in the glowing tribute, "Lee was grandly magnificent and magnificently grand." Throwing the last sweet rosebud to the Confederate soldiers, who stood by their heart broken leader to the bitter end, reminding the surviving comrades that

there will yet be a day when they all will be crowned in glory, for God giveth the victory to whom victory belongs. The male quartette treated us to a hearing of "Massa's in the Cold, Cold Ground." After all there is nothing so sweet as the old time music and sung with feeling, few could listen without being deeply touched, and many eyes were moist with tears e'er this famous quartette reached the closing lines of this tender melody.

"The Bonnie Blue Flag," sung in costume by Miss Clytie Harris and eleven little girls, representing the states, was a most fitting tribute well received. Miss Clytie sang the "Hurrah for Southern Rights so Dear," as if the little Southern girls' heart was in the right place and voiced it to her people. The eleven little girls joined her with the vim of Southern tots that wore the home spun and gloried in the name.

The "cutest thing" of all was the "Lone Star" in the tableau, by dear little Geneva Harris. She held that star with as firm an outstretched arm as ever was held by the boys who pointed a gun on the battlefield. But then, she's a daughter of the South-land.

Mrs. Will Price read with pathos and clearness the beautiful poem, "The Sword of Lee." It is seldom a Nacogdoches audience has been favored by a selection from this gifted reader, and in thanking her for this first appearance we beg that it will not be the last.

The tableau of "The States of the Confederacy" was well represented by a galaxy of beautiful girls, and was met with deserved applause. The dear old song, "Dixie," with verses sung by Mr. Beeson's well trained voice, joined by the chorus of ladies and at heart by all present, putting aside sad memories, heartaches and tears with the Master's benediction and the voices of His choir of Angels singing, "Peace on Earth, Good will Toward Men."

Especially thanks are due the committee of ladies, Messdames E. C. Branch, Howard Smith, Milam Kleas, Robt. Lindsey, John Garrison and I. L. Sturdevant for the success of the entertainment. We also wish to thank Mr. S. W. Blount for the portrait of Lee and the sword used on the stage. Both were vivid reminders of the hero of the occasion, the sword having been used in the Confederate war by Lieutenant B. F. Price, of San Augustine, who long since the battle was lost has "crossed over the valley of the shadow" and now stands with the illustrious Lee and other noble men of fame in the ranks of God's faithful soldiers.

We are grateful also to Mr. Chas. Perkins for the picture, "Sunset after Appomattox," all of which added greatly to the scene. Mrs. Lindsey presided as accompanist at the piano with her usual good heart which speaks through her fingers. We could not do without her, either in time of peace or time of war.

The Daughters of the Con-

federacy wish to extend sincere thanks to the gentlemen who assisted, as well as to all who participated. May we all meet again to commemorate many birthdays of the loved ones who are watching and waiting just across the river for the rest of the Army of God.

Club Notes.

Sixteen members of the Cum Conclio Club met with Mrs. E. C. Branch Thursday and two guests were present. When the president had called to order, the responses to roll call were given from the wise or otherwise sayings of Sophocles. The minutes of previous meeting having been read, Mrs. Shindler read some correspondence relative to the stones of the Stone Fort and the committee on securing the stones was requested to keep at work.

Mrs. E. A. Blount read a very interesting paper on Theocritus. The lesson was then recited from Greek history, after which nearly every member took part in the discussion on Aristophanes.

The club business dispensed with the hostess invited the ladies to accompany her to Goldberg's restaurant, where they were served with oysters, fried or broiled, fit for a king, and fruit luscious and tempting. This was a new departure in entertaining, but Mrs. Branch is boarding and it seemed the easier way and the ladies, one and all pronounced it a delightful way and enjoyed it immensely. After the feast came the departure for homes with expectation of meeting with Mrs. C. W. Butt the next Thursday.

E. B. S.
Cor. Secretary.

Captain Herbert L. Draper, of the marine corps, who lately died of heart disease at Hong Kong, was appointed to the naval academy from Kansas in 1883. It fell to him as lieutenant in 1893 to command the mines sent ashore at Honolulu to support the movement against Queen Liloukalani. In the war with Spain he was the first to raise the American flag on Cuban soil, at Guantanamo, and for bravery there he was breveted captain, and was later advanced to that rank in the regular order.

A Diplomatic Cook.

A recently wedded couple, as the story goes, relegated one of those impossible presents falling to the lot of every bride and bridegroom to the cook's bedroom. In this case the impossibility was a vase, and so impossible was it that the cook herself wasn't any too eager to harbor it. But she was bright, was that cook, and one afternoon when she saw the donor of the vase coming down the street, what did she do but dash up to her room and dash down again, vase in arms, and place it upon the most conspicuous corner of the parlor mantel—all before the donor had rung the doorbell. He entered the house to find his gift occupying the place of honor; the bride and bridegroom entered the parlor to find what might have been an awkward or at least inexplicable situation saved by their cook's presence of mind.

An Old Singer's Birthday.

Concha Mendez, at one time the most popular singer in Mexico, recently celebrated her 80th birthday. On this occasion the emperor of Austria sent her a valuable present, by way of showing that he had not forgotten her noble conduct in refusing the demand of a mob to sing a song abusing the emperor Maximilian just after he had been executed.

A Dutch Bull.

Kruger's assertion that the Boers "will fight until not one of them is left alive" and he is "not sure that they will quit even then, unless they are overpowered and dispersed," sounds Hibernian, but it is really sarcastically emphatic. The Boer republics were declared to be officially dead a year ago, but they are now giving as much trouble dead as alive.

ands of customers who have tried his tree, and plants. Mr. Power is an enterprising young man, thoroughly posted in the nursery business, honest with his patrons and makes good every guarantee. No institution of its age has enlarged faster nor enjoyed a more lucrative business than the Power Nurseries and its success is already established.

A Great Time.

The East and South Texas Press Association met at Nacogdoches on the 27th and 28th of December last, and language is inadequate to describe what a great time was had.

On this occasion the pencil pushers were the guests of the city, and the quality of hospitality that was dispensed was "Thick and Rich." It literally rolled over the streets in hogsheads, which were bursted open with sledge hammers of good will and royal entertainment, all of which was most highly appreciated by the guests, who made a record for sobriety and gentlemanly conduct.

Too much praise cannot be bestowed on R. W. and Giles Haltom, Bro. Henning, Col. Wettermark, Judge John T. Garrison, Judge S. W. and E. A. Bleunt, June C. Harris, Dr. J. E. Mayfield, Capt. Doughtie, and in fact the entire population of that growing city, for the season of old time pleasure.

The banquet at night was simply superb. It was presided over by the ladies of Nacogdoches and was a great success. But Nacogdoches darlings, God bless 'em, are noted for their capacity to make the tenderest roses bloom in the dead of winter, and to cause two blades of grass to grow where only one grew before, and their sweet ministrations on this occasion will long be remembered by the press gang.—Carthage Mule.

Twelve Cars of Bees.

All those fine cattle that have been fed near the depot the past two months, were shipped to St. Louis yesterday. There were two hundred and fifty of them and it took twelve cars to hold them. They average about 1200 pounds all round and will bring Mr. Ferguson, the owner, a snug little sum of money when they arrive in St. Louis.

New Century Comfort.

Millions are daily finding a world of comfort in Bucklen's Aatica Salve. It kills pain from Burns, Scalds, Cuts, Bruises; conquers Ulcers, and Fever Sores; cures Eruptions, Salt Rheum, Boils and Felons; removes Corns and Warts. Best Pile cure on earth. Only 25c. at R. T. Shindler Drug Co's.

Hand Cutt Off.

Jeff Lampkin, colored, who was shot recently at his home near Melrose, by someone unknown, an account of which appeared in this paper two weeks ago, has had to have a hand amputated as a result of his wounds. He was shot through the hand and blood poison set up, necessitating amputation.

For East Texas and Her Institutions.

Tyler College, at Tyler, Texas, is said to be the largest business college in the State, and the largest shorthand school in the South.

The present attendance in the shorthand department alone is about seventy.

Tyler is a city of brains and push, and if any town deserves a good school, Tyler does. We are too broad-gauged to be the least bit envious. Tyler is a part of East Texas, and the glory of her educational institutions and her brains East Texas helps to share. Whatever adds to educational facilities or business development of one part of East Texas adds value to every foot of land and every business in East Texas.

This school is the only institution of its kind in this section of the state. Its success from the start has been extraordinary—due partly to its strong teaching force; partly, it is said, to the fact that they have the best business course, and shorthand and simplest shorthand system ever gotten out, and partly to the lowest expense.

We are always for East Texas institutions, and suggest that if any of our young people in need of an education of this kind ought to investigate carefully what Tyler's college is doing before paying greater railroad fare and higher board and tuition bills in schools farther from home, and among people they may never meet again. If Tyler college is doing what it is said to be, it is offering advantages not to be found elsewhere and its wonderful growth and attendance is pretty good of it.

One of the Best, at Least.

The Colmesneil Times, speaking in connection with the recent organization of a farmers club in Tyler county, throws a nice bouquet at one of our Nacogdoches enterprises as follows:

"The recent action taken by the farmers around here, shows what could be done if they would only stick together. Now while this is a good move, a much better one would be to organize a Fruit and Truck Growers' association. These associations are springing into prominence all over the state and wherever organized you do not hear the cry of hard times. There is no better spot in Texas for growing fruit and truck of all kinds than right here in Tyler county, and we also have one of the best nurseries in the state located right close to home. Mr. Power's nursery at Nacogdoches is undoubtedly the best in the state. He has trees of all varieties and it would pay the intending purchaser to get trees that are acclimated here. We are pleased to see so many trees from his nursery sold in this vicinity, as the Times always believes in patronizing home industries."

While we feel assured that our friend, John Power, does not claim that his nursery is the very best in the state, yet we all know that it is one of the best, and enjoys the confidence and good will of thousands

Cotton Movement at Timpson.

From September the first to date the H. E. & W. T. has shipped out two thousand eight hundred and fifteen bales of cotton and the Windy has shipped out two thousand one hundred and twenty three; that is, cotton bought in Timpson from the wagons, and there is on the yards and in sight, one thousand five hundred bales more to be shipped out, while there has been 11,961 bales shipped here over the Windy and transferred to the H. E. & W. T. Any time you think Timpson is not busy, there is something wrong with your thinker.—Timpson Bulletin.

Foils a Deadly Attack.

"My wife was so ill that good physicians were unable to help her," writes M. M. Austin, of Winchester, Ind., "but was completely cured by Dr. King's New Life Pills." They work wonders in stomach and liver troubles. Cure constipation, sick headache, 25c at R. C. Shindler's & Son's drug store.

The Negroes Organize.

At New Hope church last Tuesday night the negroes around Alto organized a tomato and potato association, with twenty members. Frank Selman was elected president and J. J. Bradley secretary. The object of the association is to raise for market potatoes and tomatoes. The members present agreed to plant ten acres in potatoes and four in tomatoes. This is a step in the right direction, and we wish our colored friends abundant success.—Cherokee County Banner.

New Tracks For New Traffic.

Owing to the constant demands of through and local traffic the Southern Pacific Sunset Route have prepared plans and blue print, which take into consideration the building of thirty-two miles of side tracks in addition to yard trackage at various points along the line, at a cost of \$175,000, the greater proportion of which will be spent for labor incident to the improvement. The new side track have been made necessary owing to the fact that the freight traffic has become of such volume that the already very extensive side tracks and yard room between El Paso and New Orleans have proven totally inadequate to provide for same.

Finds Way to Live Long.

The startling announcement of a Discovery that will surely lengthen life is made by editor O. H. Downey, of Churubusco Ind. "I wish to state," he writes, "that Dr. King's New Discovery for Consumption is the most infallible remedy that I have ever known for Coughs, Colds and Grip. Its invaluable to people with weak lungs. Having this wonderful medicine no one need dread Pneumonia or Consumption. Its relief is instant and cure certain." R. T. Shindler Drug Co., guarantee every 50c and \$1. bottle, and give trial bottles free.

Wholesale Burglary.

The burglars were out in full force last night. Four houses were burglarized, as follows:

The grocery store of G. B. Crain was entered from a rear window and a lot of candies, canned goods, etc., were stolen.

An entrance into the little store of Mr. Wyzansky was effected by scaling the partition wall between Mr. Crain's store and Wyzansky's, which does not extend to the ceiling, and some pistols, a box of suspenders and about 30 pounds of beeswax was taken.

The restaurant of Mrs. W. M. Cubbins was next burglarized and a few canned goods were carried off.

Mr. E. F. McCafferty, proprietor of the Cherry saloon, is the heaviest loser. About \$22.00 in cash was taken from the cash drawer, and a Winchester rifle, a lot of 10 cent cigars and a considerable quantity of whiskey is missing, in all amounting to probably more than fifty dollars. So far no arrests have been made.

Jack Walch Dead.

J. L. Walch, who was reported dangerously sick, died at his home in Houston last night at 9:30 o'clock, after a sickness of several weeks with pneumonia. Mr. Walch was well known in Nacogdoches, where he lived several years ago, and has many friends here who deeply regret his death. He was married at Garrison to a Miss Robinson several years ago and leaves a wife and children to mourn his death. For many years he has been connected with the H. E. & W. T. Ry., and was quite popular among all classes of railroad men.

Mr. Walch was a native of Canada, but applied and was granted naturalization papers by the district court of Nacogdoches county in 1893, since which time he has been a loyal citizen of the United States, a useful man, a faithful husband and father and a warm hearted friend.

G. W. Cavin for Assessor.

The announcement of Geo. W. Cavin, for the office of tax assessor of Nacogdoches county has been handed in. He announces subject to the action of the democracy of Nacogdoches county. Mr. Cavin is a resident of Garrison and is one of the foremost citizens of the county. He is quite well known throughout the county, having appeared before the people at various times in the past and having with credit and ability served several terms as county commissioner. He is an upright man, conscientious and scrupulously honest and correct in all his dealings, and possesses qualifications that eminently fit him for the office he seeks.

SICK MADE WELL WEAK MADE STRONG.

Marvelous Elixir of Life Discovered by Famous Doctor-Scientist that Cures Every Known Ailment.

Wonderful Cures are Effected that Seem Like Miracles Performed—The Secret of Long Life of Olden Times Revived

The Remedy is Free to all who Send Name and Address.

After years of patient study, and delving into the dusty record of the past, as well as following modern experiments in the realm of medical science, Dr. James W. Kidd, 3256 First national bank building, Fort Wayne, Ind., makes the startling announcement that he has surely discovered

DR. JAMES WILLIAM KIDD.

ered the elixir of life. That he is able with the aid of a mysterious compound, known only to himself, produced as a result of the years he has spent in searching for this precious life-giving boon, to cure any and every disease that is known to the human body. There is no doubt of the doctor's earnestness in making his claim and the remarkable cures that he is daily effecting seems to bear him out very strongly. His theory which he advances is one of reason and based on sound experience in a medical practice of many years. It costs nothing to try his remarkable "Elixir of Life," as he calls it, for he sends it free to anyone who is a sufferer, in sufficient quantities to convince of its ability to cure, so there is absolutely no risk to run. Some of the cures cited are very remarkable, and but for reliable witnesses would hardly be credited. The lame have thrown away crutches and walked about after two or three trials of the remedy. The sick, given up by home doctors, have been restored to their families and friends in perfect health. Rheumatism, neuralgia, stomach, heart, liver, kidney, blood and skin diseases and bladder troubles disappears as by magic. Headaches, backaches, nervousness, fevers, consumption, coughs, colds, asthma, catarrh, bronchitis and all affections of the throat, lungs or any vital organs are easily overcome in a space of time that is simply marvelous.

Partial paralysis, locomotor ataxia, dropsy, gout, scrofula and piles are quickly and permanently removed. It purifies the entire system, blood and tissues, restores normal nerve power, circulation and a state of perfect health is produced at once. To the doctor all systems are alike and equally affected by this great "Elixir of Life." Send for the remedy today. It is free to every sufferer. State what you want to be cured of and the sure remedy for it will be sent you free by return mail.

Saved at Grave's Brink.

"I know I would long ago have been in my grave," writes Mrs. S. H. Newsom, of Decatur, Ala., "it had not been for Electric Bitters. For three years I suffered untold agony from the worst forms of Indigestion, Waterbrash, stomach and Bowel Dyspepsia. But this excellent medicine did me a world of good. Since using it I can eat heartily and have gained 35 pounds." For Indigestion, Loss of Appetite, Stomach, Liver and Kidney troubles Electric Bitters are a positive, guaranteed cure. Only 50c at R. C. Shindler & Son's drug store.

THURSDAY'S LOCALS.

Rev. Wm. McMullen, of Huntington, is attending the Baptist meeting in this city.

The latest news from Jack Welch, who has been dangerously sick at Houston, is that he is improving and is thought to be out of danger.

We forgot yesterday to tell about the splendid entertainment at the home of Mr. and Mrs. G. D. Boger Tuesday night, given by Miss Sallie May Boger in honor of the orchestra. It was a "swell" affair, at least the orchestra all looked "swell" after the refreshments were passed around. There were quite a number of young folks present and it was a real sociable occasion.

Esquire J. M. Dawson, of Linn Flat, was in the city today.

Miss Allie Fleishel, of Tyler, is visiting friends and relatives in the city.

J. H. Summers has just returned from an extended trip through Central Texas and brought back as a souvenir a well developed case of the mumps.

Elbert Summers, who is now attending school at Baylor University at Waco, insists that he can't stay away from home without THE DAILY SENTINEL.

Rev. W. M. Harris, of Galveston; Prof. C. F. Maxwell, of Rusk; Rev. J. M. Gaddy, of Waco; Rev. J. M. P. Morrow, of Tyler and Rev. G. B. Rogers, of Chapel car "Goodwill," came in last night to attend the Mission Conference at First Baptist church. Dr. Carroll, of Waco, will arrive this afternoon and will preach tonight. The meeting grows each day. The citizens are cordially invited to attend all services.

Messrs. Tom Oxsher and Mat Weatherly, of Garrison, were in town this morning on a business visit.

W. B. Gleaves, of Colmesneil, representing the Southern Coffee company, of Galveston, is in the city in the interest of his company.

There was a long string of wagons here yesterday from Mt. Enterprise. They were loaded with mill and gin machinery for E. L. Ruark, who seems to be preparing to corner the ginning business of his section of Rusk county next year. He is putting in two new 70 saw gin stands and a brand new engine and boiler.

A white man giving his name as Henry Ross was jailed yesterday on a charge of stealing an overcoat from a wagon on the street. He claims to be a distant relative of the late Gov. Sul. Ross.

Messrs. Cason, Richardson & Co. have been busy two days unloading buggies from the cars and storing them in their "buggy house" on Church street.

Capt. A. J. Murphy returned from Shreveport this morning.

Pastor Harris of the Baptist church at Henderson, is attending the Baptist rally in Nacogdoches.

Capt. R. D. Chapman, of Huntington, was in the city yesterday. He says the Huntington section of Angelina county will go strongly for prohibition.

A long letter from W. N. Bailey tells us that he is still at Dalhart with prospects of making a million. We are sorry his letter describing that country is too lengthy for publication.

Jake Westfall, of Mt. Enterprise, was in the city this morning.

Postoffices have been established at Clevenger's mill and Decoy--(formerly La Nana) and the Mahl postoffice will soon be opened. The people of Nacogdoches county are now enjoying more convenient postoffice facilities than ever before and it is getting better all the time. We expect to have free rural delivery before a great while.

Nacogdoches Truck Growers.

The diversification idea continues in force here. The organization under the name of the Nacogdoches Fruit and Truck Growers' Association is still in regular business shape, having a president, vice president, secretary and treasurer, with a paid up membership of about 100 genuine workers, and an ample fund of cash on hand. They have a full acre of hot beds for tomato plants, scientifically arranged, heated, covered and protected. The beds are now green with young growing plants of selected variety. A special business meeting of the association has been called for next Saturday.—Nacogdoches correspondent in Galveston News.

Baptist Notes.

THURSDAY

The Baptist Missionary Doctrinal Institute is now in session in this city and the delegates are hard down at work. They are losing no time looking about town, and to all appearances on the streets one would not know that there were a score or more of the most prominent Baptist divines in the state in our midst. A program has been mapped out that it takes work to fulfill and it seems that the work is to be finished before pleasures and sight-seeing is to be indulged in. Bro. Tardy and other leading Baptists of the city are on the trot to keep things in ship-shape and to see that a "cog" doesn't slip, and such a thing as an interview has been out of the question. THE SENTINEL will head some of them off when the meeting adjourns and it possible "pump" them sufficiently to tell what a glorious meeting they had.

Revs. Carmichael, of Overton and Penrod, of Ennis, are attending the Baptist convention here, and are the guests of Mr. and Mrs. I. L. Sturdevant.

Rev. H. B. Carroll, of Waco, one of the foremost Baptist ministers of Texas, is attending the meeting of Baptist ministers here. He will preach tonight.

Rev. Penrod preached an able sermon at the Baptist church last night on the sub-

FRIDAY'S LOCALS.

FRIDAY

Wednesday night the First Baptist church was well filled with visitors and Nacogdoches people.

The special theme was Foreign Missions.

Rev. W. K. Penrod, of Ennis, delivered a masterly address on Foreign Missions vindicated.

Dr. Penrod is an old friend of Pastor Tardy and it was a great pleasure for the pastor to introduce the distinguished visitor to his people. Mr. Penrod proved most conclusively that Foreign Missions had added new sciences to our store of knowledge. That it had opened continents, civilized people, written grammars and enlarged the scope of human learning.

Dr. J. B. Gambrell, of Dallas spoke of "one hundred years of Foreign Missions."

Dr. Gambrell was inimitable. He is a master of fine English and a great master of assemblies. He briefly but brightly reviewed the struggles of the father for the last hundred years. It was a great service. The audience was greatly uplifted.

Thursday morning the general discussions of religious condition in East Texas.

Rev. J. H. Gambrell, of Tyler, led in this discussion.

He showed the dearth of religious training and pointed out the remedy.

The great need, said he, is an aggressive evangelical spirit. Second, we need a large faith in God, for God rules and will continue to rule.

Rev. B. H. Carroll preached last night to a large congregation. It is unnecessary to say that he preached a powerful, entertaining and edifying sermon.

The Chapel Car "Good Will" is "anchored" near the depot and is an object of attraction and interest to all passers by.

"Some time ago my daughter caught a severe cold. She complained of pain in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency toward pneumonia. For sale by Perkins Bros.

Shindler Drug Co., drug store.

Old newspapers for sale at this office.

Harvey Trevathan, of Lutkin, is in the city.

Frost and ice were plentiful this morning.

Mr. T. J. Williams returned this morning from Louisiana.

Eli Westfall was among the crowd of Mt. Enterprise people who were in the city yesterday.

Mr. and Mrs. J. J. Richardson, of Lutkin, are in the city visiting Mr. and Mrs. J. A. King.

Rev. G. L. Crockett came up from San Augustine yesterday and will fill his appointments at the Episcopal church Sunday.

Joe Burt, of Libby, was in the city today. He reports good health and farmers busy getting ready to plant another crop.

Old newspapers for sale at this office.

Mr. Thomas Farrell, of Libby, was in town today paying taxes and looking after other business matters. He did not forget THE SENTINEL while here.

Oscar P. Hall and family, of Lake Charles, La., are visiting relatives in Nacogdoches. Mr. Hall is a son of B. M. Hall, of this city. He has been connected with a railroad company with headquarters at Lake Charles for the past year.

Miss Mattie Sayers, of Lutkin, is visiting in Nacogdoches, the guest of her friend, Miss Virgie Sanders.

H. Kaplan came home from Mt. Vernon yesterday to take the place of Sol. Kaplan, who is still in Mt. Vernon adjusting the affairs of the firm from the recent fire at that place.

Rev. John Mare, of Lutkin, came up yesterday to attend the Baptist conference, and also to superintend the publication of the next issue of the Lutkin Sentinel, of which he is editor.

There is talk of putting in several more hydrants around the public square, especially on the west side, for fire protection.

A. B. Martindale, of Mahl, was in town today. He says he has all kinds of trouble getting THE SENTINEL, and is going to try the Linn Flat postoffice awhile.

There is considerable changing and remodeling of the Central telephone office going on, which will add to the convenience and comfort of the telephone people as well the public.

Mr. Willie Tisinger, now of Houston, is here on a visit to his sisters, Mrs. Gilbert and Mrs. Reid, both of whom are sick with pneumonia. We are glad to know both are better today and also glad to see Willie again.

Joe Tutt came up from Houston yesterday to spend a few days with his Nacogdoches friends. He has been railroading for some time back and has a lucrative job, is doing well and enjoying good health.
