EDITOR SENTINEL:

No need of saying anything about the weather for you all know how bad it has been.

Our community is still blessed with health.

Mr. James Barret from Abilene is sick here at his father's.

Those boys did fetch him. The dogs ran the fox hound Melrose last Saturday night 9 o'clock in day time and the boys and dogs had a jubilee of catching him one and a half miles from here. The whooping, yelling and running they did is not easily told.

Dr. Hardeman has returned from Georgia. He says they are the best people he ever met in life. It seems they cannot do enough for your comfort and pleasure while with them. That makes a man feel splendid a thousand miles from home.

The farmers are plowing and working here in earnest in spite of the bad weather. Everyone should use all energy, economy and good management to get through this coming year. The promise is the laborer is worthy of his hire and will get his reward.

Mr. Henry Thomas' little girl fell on the ice and sprained her arm badly during the sleet; she is better now.

We have had some nice, fat squirrels and birds to eat this bad weather, as the boys could not do much else.

Mrs. A. M. Powers is selling out her stock of goods at cost. She thinks of moving away.

There is a money order office at this place.

Prayer meeting at the Methodist church every Friday night. Come one and all and take an interest in better things than the mere fact of living.

Center Letter.

Center, Texas, Feb. 11.—Dr. Paul, of Shelbyville, has moved to the place recently vacated by Dr. Bryan.

Mr. L. Hanks is able to be up again and has entered school.

Rev. R. M. Strickland is also improving.

Messrs. Polk Davis, of San Augustine, Earnest Stack, of Nacogdoches, and Misses Beck, of Troupe, and, Ludie Tinsley, of this county, entered school here Monday.

Prof. M. B. Brown, of Tenaha, was in town Saturday.

Mr. and Mrs. G. H. Jones have returned from a visit to Carthage.

Mr. Frank Huntington moved to Center last week.

TRUCK GROWERS' ASSOCIATION.

A Most Interesting Convention Held in Nacogdoches.

As previously announced the fruit and truck growers along the line of the H. E. & W. T. Ry., met at Nacogdoches Feb. 8th, for the purpose of organizing an East Texas Fruit and Truck Growers Association.

At 2:30 meeting was called to order by T. E. Burgess, President of the Nacogdoches association, and after explaining the object of the meeting Robert Lindsey, secretary of the Nacogdoches association, was elected temporary chairman. The meeting at once proceeded with the election of the following officers: T. E. Burgess was unanimously elected president of the general association, Robt. Lindsey, secretary.

On motion it was decided to elect one member from each local association as an executive committee. The following named gentlemen were elected:

W. B. Wood, Joaquin.
W. H. Cammack, Paxton.
O. M. Gibbs, Tenaha.
J. B. Langhorn, Timpson.
Percy Wallace, Carthage.
P. L. Cook, Garrison.
J. W. Petty, Appleby.
H. S. Edler, Nacogdoches.
C. T. Reed, Lufkin,
Dr. J. W. Angel, Corrigan.
T. E. Bledsoe, Shepherd.

In the absence of delegates from Livingston and Humble, secretary was authorized to communicate with the secretary of these two named associations and have them to at once appoint a representative man and notify him. The duties of this executive committee shall be to in a general way supervise, control and manage the interests of the association, and shall be governed by the by-laws and constitution adopted, and to use their best efforts to promote this enterprise. On Saturday, Feb. 15th, this committee will meet at Lufkin to fully mature all plans in regard to handling the crops for this season.

Prof. Mally was asked to address the meeting on injurious insects, their effect on the crops, and the best remedy to dispose of them. This address was both interesting and instructive, and the success of our crops depend largely on this question. At the close of Prof. Mally's talk the following formula was given to the association to be used as a spray, which is known from actual experience at College Station to be sure and effective in destroying all insects attacking fruit and tomatoes. Arsenate of lead, and to be used as follows: Dissolve one pound in 50 gallons of water. After being thoroughly dissolved, spray the plants once a week. Use for spraying Vermorel nozzle, and no other if possible to be had.

Mr. C. D. Jarratt, of Cherokee, who had previously been invited to attend this meeting, was introduced, and made a splendid talk on fruit culture, the handling and disposing of same, which was of great benefit to the growers along this line, especially because of their infancy and inexperience.

Mr. Doherty of the H. E. & W. T. railroad addressed the meeting, and informed the association that all arrangements with the refrigerator people had been made, and that he was now in position to furnish cars at all loading points along his road, and that the same rates would be given the shippers made to Jacksonville, Tyler and other points heretofore engaged in this business. He also stated that his road was ready and willing at all times to aid in every possible manner in the diversification of crops.

Sam H. Dixon also presided with his usual grace, and spoke good words of encouragement and cheer to the truck farmer.

A resolution of thanks was voted to Messrs. Jarratt, Doherty, Mally and Dixon for their courtesies and presence.

There being no further business, meeting adjourned.

Mrs. Shindler received a letter from Mrs. Looscan, of Houston this morning, from which the following is an extract.

Feb. 9th, 1902

My Dear Mrs. Shindler:

I have just read with great pleasure in the Notes from Nacogdoches published in the Galveston News, that Messrs. Perkins Bros. had telephoned

to the Cum Concilio Club that the stones of the Old Stone Fort were theirs. Receive my hearty congratulations, and I am sure they will be followed by those of many who feel a great interest in the ultimate fate of the historic building.

Sincerely yours,
ADELE B. LOOSCAN.

Money for Refilling the Box.

"I stacked up against a new one the other evening," said a Philadelphia man recently. "I dropped in on an old friend of mine who always smokes good cigars, and, of course, he produced a box. There were only about a dozen cigars left, but in the box I noticed a lot of coins, nickels, dimes, quarters and halves. 'What's this?' I said. 'Do I pay for my smoke?' 'Not a bit of it,' he said. 'That's just my own little system. Every morning before I leave home I empty the contents of my trousers pocket into the cigar box, reserving only the price of my fare. Thus I get rid of an accumulation of 'chicken feed,' and at the same time when my cigar box is empty there is a full all ready to replenish it."

The festivities usually attendant upon the celebration of Mardi Gras will open up in New Orleans Monday, and a week of unusual brilliancy and splendor is in anticipation for the Crescent City.

Something new under the sun is a breach of promise suit against a dead man, in which an Iowa girl is given \$6,000 damages. The swain may be a dead one but the girl is far from it. It will be a wise cadaver that is safe hereafter. Sitting up with the corpse seems to have been carried on rather warmly in Iowa.—Houston Herald

BRO. FRED ROBINSON suffered a heavy loss by fire last week. His printing plant, "The Item" and the telephone exchange at Huntsville of which he was the owner, were totally destroyed, entailing a loss of several thousand dollars. Being strictly a business man, he had his property partially covered by insurance and will be able to rebuild the telephone exchange as well as reestablish his paper.

TEXAS has already built too many cotton seed oil mills, but she is short on cotton mills. During the past season thousands of carloads of cotton seed were shipped from Alabama, Georgia and Mississippi to Texas mills at a price that would leave very little profit, on account of the Texas product being insufficient to keep the home mills running. If Texas will build cotton mills that will consume more than the Texas crop of cotton, the price of that staple might be enhanced as that of cotton seed has.

The Lufkin Tribune says, arrangements are now about perfected whereby the Kavanaugh foundry of Rusk, supplemented by local capital will move to Lufkin, where a first-class tounory and machine shop will be put in.

The fruit and truck growers meeting here to-morrow will be attended by delegates from nearly every county in Texas.

THE OLD STONE FORT.

Messrs. Perkins Bros. have presented the Old Stone Fort to the Daughters of the Confederacy, the only condition being that the building shall be removed and the ground entirely cleared in a given length of time. The gift was made yesterday, after a full and complete understanding with the local chapter of the Daughters of the Confederacy. It is not yet stated just what will be done with the stones when removed from their present site. Many plans have been suggested, but none adopted. An entertainment will be given in the building as soon as it is vacated, and before the work of tearing it down is commenced, the object being to raise money for the purpose of erecting it into some sort of a monument in commemoration of the original building and its history. As soon as we can hear from the ladies composing the Nacogdoches chapter, THE SENTINEL will give further information concerning their intentions.

THE BUZZARD DOOMED.

For generations it has been a crime, a misdemeanor, to kill a buzzard. This ungainly bird has been looked upon as the scavenger of the plains and as a sanitary necessity. The law protected the buzzard and many a hunter, when game was scarce, had been tempted to take a shot at a buzzard, perched on some tree a long distance off. At the recent meeting of the Texas Livestock Association at El Paso the following was introduced by Capt. Tod, Corpus Christi, Texas; R. J. Kleberg, of the Texas Cattle Raisers, association, and Dr. M Francis veterinarian, A. & M. College of Texas:

Whereas, The burial or cremation of all animals which have died of contagious diseases on the large ranches of the country is impossible; and

Whereas, Such animals are usually torn into fragments by buzzards which scatter in every direction, and, as is alleged, carry with them, and probably spread such diseases as is anthrax, black leg and hog cholera; and

Whereas, These buzzards also by congregation on water, cisterns and troughs pollute the water, rendering it offensive, and as is alleged, dangerous to animals drinking such water; and

Whereas The usefulness of buzzards as scavengers being questionable and undoubtedly inconsistent with the spirit and progress of the age, therefore be it

Resolved, By the Texas Live Stock association assembled, that the buzzard is a nuisance, and should be exterminated, and that all laws making it a misdemeanor to kill these or any other carrion birds should be repealed.

It is argued by cattlemen that they cannot cremate the carcasses of all the animals which die on the ranch, al-

though by burning dead animals all danger of polluted water would be removed. Stockmen who held that coyotes and other animals distributed diseases now declare that the turkey buzzard is responsible for the spreading of anthrax, black leg and other contagious and fatal diseases.—Texas Farmer.

There will be no petition presented at the February term, though it was the intention of the pros at first to do so. The matter has been postponed indefinitely. We have no objection to your "returning the dose," if you can "get 'er."—Nacogdoches Sentinel.

That's what we lowed when the campaign first started, that there was more or less "bluff" in the Nacogdoches scheme. Of course, it would have been right nice for this county to go dry and Nacogdoches county to remain as it is. There were nearly as many Nacogdoches people interested in this county going "dry" as there were Angelinians.—Lufkin Tribune.

Brother Daniels has drawn heavily on his imagination. The only people here who could possibly have been benefitted in a sense suggested by The Tribune were in sympathy with the anti. If Angelina county had gone "dry" the prohibitionists of Nacogdoches would have been encouraged to try it here. As it failed in Angelina, they feel assured that the effort to carry Nacogdoches county would be hopeless. That's all there is to it.

UNCLE SAM bids fair to rival Johnny Bull in the acquisition of new territory.

IT sounds funny to hear the Tyler gang cussing the "machine" after running it so long.

THERE is talk of bringing out Judge Reagan for governor in opposition to the "machine!" Did you ever hear the like?

WE are informed by Brother Veach, of the Hemphill Messenger, that Hon. Ed Davis, of San Augustine will probably be a candidate for State Senator. Mr. Davis is an able man and would do honor to the district should he be elected.

WHEREVER Admiral Schley travels or appears in the South he is given the grandest reception and ovations. It will require something stronger than the verdict of that court to break or injure his standing before the American people.—Tyler Democrat-Reporter.

SENATOR BAILY, of Texas, made a speech and put himself on record as opposed to any raise in salaries of United States Judges, congressmen or any other federal officers. He says its all the same as to what salary is paid. The people of Washington know how to charge according to the size of the pile and they would raise prices and get it all any way even if the salaries were raised.

THE prospects are favorable for the final passage of Congressman Cooper's bill providing for refunding the amount due on goods illegally seized after the Confederate war. This will mean millions to the South and will include great quantities of cotton seized or destroyed by federal troops.

COL. The persecution that Col. Love has received at the hands of unscrupulous enemies and calamity shriekers will only serve to strengthen him before the people.

A NEW paper is to be started at Nacogdoches, a church paper, printed and edited by the Baptist preacher up there. There's generally a rocky road ahead of people who go to plunging in the newspaper line unless they have a little previous experience and a fair cargo of gall, and are good financial rustlers. However, the Trib wishes brother Tardy all success and hopes the "devil" won't be everlastingly bothering him for money. There's always the "devil to pay" whether it's religious paper or not.—Lufkin Tribune.

The Matrimonial Agencies are working Timpson. One of our society young men is now wearing the photo of a handsome young blonde grass widow supposed to be worth 35 thousand simoleans in her own name. She is supposed to be ready and willing to trust the first male thing that comes her way with her heart and hand, her past, and thirty-five thousand in cash.—Timpson Daily Bulletin.

THERE is a move on foot to make some extensive experiments with crude oil from the Beaumont fields as fuel for the vessels of the navy, in the place of coal. fact that practically all the coal now used by the navy is produced in republican states and districts and the appropriation for the experiment may be opposed by the republicans, in which event it will be defeated. If the experiment is ever made there is no doubt that Texas crude oil will soon be adopted as fuel. There are a few points in favor of the oil in the fact that the biggest operators in the Texas oil field are republicans who wield considerable influence with the administration.

EXCEPT for their suffrage, negroes are not noticed any more up north than they are down south. An "Afro-American" outfit in New York City has a wail against Mayor Low for refusal to appoint Negroes to their claim. He received 25,000 Negro votes, and the Age, which is the leading Negro paper, has the following kick: "Nearly every race element in Greater New York was considered except ours, when our men called upon Mayor Low he solemnly, almost funnally, pointed to the fact that he had appointed an Afro-American to a clerkship in his office. Shade of Solon! What does Seth Low take us for? And all the chiefs appointed by Seth Low turned down our men with one sort of excuse and another."

Lufkin Localities.

Sidewalk Stories as Seen by The Sentinel Scribe.

Miss Dell Mantooth leaves Monday for New Orleans, where she goes to visit her brother, Wood, during Mardi-Gras. She will be accompanied by Miss Lena Carter, of Camden, who will join her in Houston.

Dick Collins, cashier of the Lufkin National bank, was in Nacogdoches this week on business.

George Townsend left Tuesday morning for Tyler, where he will be married to Miss Mary Simmons. He carries with him the best wishes and heartiest congratulations of his many friends here. "Congratulations and best wishes" will be the order of the day soon. Most of the "congratulations" will be bestowed on young men of other towns, who will carry away with them our very "best wishes," though there'll be regrets untold here that the fairest gems in our social diadem, will shine in other towns, though "Dame Rumor says one of our most popular young men is already receiving "congratulation" for having won one of our gems to shine on his life's path forever, and we may all extend our "best wishes" at an early date.

Mrs. A. M. Denman is quite sick with lagrippe. Mrs. George Pritchell was called to Waco Thursday by a message stating the serious illness of her little granddaughter, Gracie Foster, who died before she got there. Miss Nena Pritchell and little brother went on Friday to attend the funeral.

Mr. Jim Hogan, the popular and accommodating agent at the Cotton Belt depot, is just recovering from a serious attack of lagrippe.

Miss Annie Adams has resigned her position with the Hodges Dry Goods Co. and is back at her old place in the county clerk's office. Miss Mattie Baker, a pretty young lady of Nacogdoches, visited Miss Derrett between trains Friday.

Clyde Stegall and Mortye Clopton attended a dance out at England Monday evening. The Telephone exchange is undergoing a change all round; the Southwestern phones being taken out and the Kellogg phones being put in its place. The office is being remodeled and when finished will show up with any exchange most anywhere. The directors are men who have spared no pains or expense to give the public the best service possible.

Misses Ethel Simmons and Kate Dickinson, two of Rusk's most charming young ladies are visiting Mrs. J. H. Kurth, at Keitys.

Mrs. T. A. Humason has just returned from an extended visit to her daughter, Mrs. J. W. Vineyard, at Nacogdoches.

Miss Nannie Saxon, of Corrigan, is visiting Miss Vicky Ward.

Mr. and Mrs. W. A. Abney entertained the young

people with an old fashioned candy pulling at their home in Old Lufkin, Friday evening of last week.

Mr. Cal Mantooth is quite sick at his home in North Lufkin.

Mrs. D. J. Campbell has been quite sick with lagrippe, but is much better now.

Miss Archie Denman has returned from a visit to Houston and Crockett. She went to Houston to hear Nordica.

The Lewis Dead.

Isaac Lewis died at his home about four miles south from town this morning at 1 o'clock of pneumonia, after an illness of one week. He will be buried at the Christian grave yard, six miles south from Nacogdoches this evening. He was 63 years of age and leaves a wife and ten children, five boys and five girls, to mourn his death. He was a well to do farmer, a good citizen and an honest man and his death is regretted by the entire community.

It is a foregone conclusion that Frank Brewer will be a candidate for district attorney. Mr. Brewer did not intend to run, but since Short dropped out, the pressure from thus and Nacogdoches counties which has been brought to bear on him has been so great that it is generally understood here that he will run. Mr. Brewer will have no trouble in carrying Shelby county—Timpson Bulletin.

Frank has been dropping in and out so much that we scarcely know whether the Bulletin is "lying or joking." But if he is a candidate sure enough, we may expect, he goes forth to meet the mighty Wiley Mangum on the stump. Gee! but won't the fur fly?

Dr. B. A. Dillard, Rainesville's leading physician, was married this afternoon at two o'clock to Miss Ora Bogue, Rev. J. A. Lee performing the ceremony. Dr. Dillard and his bride will leave on the six o'clock train this mornoon for New Orleans, where the doc-

tor will take a post-graduate course at the Polyclinic.—Timpson Times.

The doctor will please accept the congratulations of THE SENTINEL, of which he has been a reader and a friend from its first number.

A report that the democrats of Texas are trying to get ex-Governor Hogg to run again for governor comes from St. Louis, and probably originated where it comes from. The ex-governor has many friends in Texas, but there is no thought of his being again a candidate for governor.—Beaumont Journal.

It has been insinuated that the announcement of Judge Reagan for governor would bring dismay and consternation to the "machine," but what would the "machine" do to the "ring" if Hogg were to enter the race. Hogg would "root 'em up; limb and branch."

For Sale.

200 acres of fine land 2 1-2 miles east of Nacogdoches. Plenty of ever running water. Will sell all or part. d&w tt. G. M. Holtom, at SENTINEL office.

For Sale or Rent.

20 acres land in cultivation, well finished, good house, plenty water; trade open for 30 days only.

Paris to New York by Land.

Harry de Windt, traveler, is sure that Bering strait can be crossed by a railway quite as easily as the straits of Dover—by tunneling, of course. He is about to lead a party from Paris to New York by land, to ascertain the feasibility of the scheme of which he is thus assured before he starts.

Another One Who "Has It."

John F. Carroll, who may be the new leader of Tammany Hall, is said to be worth \$5,000,000. Carroll was as poor when a young man as was Croker himself.

Duluth is a peculiar city. Its population is about 70,000, yet the along the lake front is twenty-eight miles. Its width ranges from one to two miles.

MOTHERS

TESTIFY TO THE BENEFITS THEIR SICK BABIES HAVE RECEIVED FROM THE USE OF

LAXAKOLA

Having received your sample of Laxakola, we were much pleased with it, and have purchased a bottle for my baby. The Laxakola worked wonderfully in our case of bowel troubles. I had given my children and my baby nothing but Laxakola, and had the best results. I feel that I can't say too much for it. I feel that I can't say too much for it. I feel that I can't say too much for it.

Enclosed please find certificate of a mother of a child who has been cured of a severe case of constipation by the use of Laxakola. I feel that I can't say too much for it. I feel that I can't say too much for it. I feel that I can't say too much for it.

LAXAKOLA is a powerful and painless liquid laxative, and contains no harmful properties, which not only act upon the bowels, but purify the entire system and purify the blood. It can be given with safety to very young children, and often relieves colic by expelling the wind and gas from the bowels. Great relief is experienced when administered to young children suffering from diarrhoea, accompanied with white or green evacuations, as it neutralizes the acidity of the bowels and carries out the cause of the ferment. LAXAKOLA will aid digestion, relieve constipation, assist nature and induce sleep. For conditions of simple fevers, coated tongues or any infantile troubles arising from a disordered condition of the stomach, it is invaluable.

Try it Today. Send for a Free Sample. It may Save your Baby's Life or Prevent a Long and Severe Illness. It Costs Nothing; Send For It and mention Your Druggist's Name.

For Sale by all Druggists.

All Druggists 25c and 50c bottles. If you cannot get a sample, send for one. LAXAKOLA is sold by THE LAXAKOLA CO., 100 N. 3rd St., New York, N. Y.

NACOGDOCHES, TEXAS.

A WARNING TO DEMOCRATIC CANDIDATES.

The question has been raised as to the expediency of candidates for the democratic nomination for office announcing their candidacy through the columns of The Plaindealer, and we have been asked what we thought of it. In the first place, we think the question is ridiculous and absurd, and secondly we think any man who uses that medium to further his candidacy before democrats is either a very sorry democrat or a darn fool. Them's our sentiments in a nutshell. That paper was created to fight the democratic party and its mission is not yet fulfilled. It will continue to oppose us and is backed by all the anti-democratic elements of the second congressional district, from the humblest "free nigger" to the renowned "B. A. C." and it has too soft a snap to let up on it yet awhile. Some democrats are foolish enough to argue that the populists are all dead; that they are no longer organized, etc. May be so; but if they are, we will see more live republicans wearing their pants next election than this county ever saw before. Populists are true to everything that is against democracy. If they can't succeed in their own efforts they will go to anything that is strongest against democracy. They will not come to us even after we embrace their own policies. Those who think they are not organized in Nacogdoches county are badly off. They never understood each other better, and they are sticking to their "organ" like a sick kitten to a hot brick. They are not spending any money on a democratic sheet, and the democrat who dumps money into the till of their mouth-piece for political effect is a sucker. This is not meant for a boycott; neither is it prompted by any ill will or unfriendly feeling toward The Plaindealer. It has its mission as we have ours, and we respect it in its sphere. But we grow alarmed when it begins to play into our ranks and we want to sound a warning to democrats who are thoughtless enough to be caught in a populist trap. There is nothing on earth as smart as a Nacogdoches county populist, and one of their boldest diplomatic strokes is to employ a democrat to edit their organ. They are sleeping with one eye open and they have the trigger set for the unwary democrat. Beware of their tempting morsels. Beware.

The Shelby Democrat, edited by one of the prettiest and smartest young ladies in East Texas, has pledged Dabney White "one vote, no matter what position he may aspire to." If Dabney don't "improve his opportunity" and get elected forthwith, instantler, or sooner, we shall lose our exalted opinion of the gallantry of the "red-headed rover."

THE TRUCK GROWERS' MEETING.

Nacogdoches cannot appreciate the value of this organization. The meeting held in Nacogdoches Saturday means more to the town and county than our people seem to realize. The attendance was indeed an honor to the local organization and a courtesy to the city that ought to have received recognition. Yet there were scarcely a sufficient number of our "leading citizens" present to constitute a jury in a justice court. There is entirely too much indifference to these matters shown by those of our people who have not got actual dollars and cents invested in the enterprise.

There could not have been called together a more sensible, intelligent and respectable looking body of men from any walks of life than were present on this occasion. There were more than forty delegates present, representing nearly every county in East Texas east of the International and Great Northern railroad, and they looked, acted and talked like men of business, who meant business and were going to do business; and they were a very fit body of men for Nacogdoches to make her best appearance before.

Of course they were favorably impressed with Nacogdoches, but it is only because they could't help it. It was certainly not because of any effort on the part of our home folks. We simply allowed them to walk about on our streets unmolested and contented ourselves with "rubbering" at them as they passed by.

We are too careless and indifferent to these things. We do not do our duty. The force of natural conditions, natural resources; things that will not stop, that keep themselves going by force of gravitation, as it were, are pushing us along in front of the caravan of development and progress in spite of our drowsiness. If we should by any accident get tripped up or fall in the wake we would either be crushed under the wheels or left so far behind the tain of progress that we would resemble the San Augustine hack line after a ten hours race with a "cannon ball."

We cannot, or do not seem to, realize what is behind us pushing us along, and we don't seem to be caring a continental cuss.

If it hadn't been for Bob Lindsey and H. S. Edler the visitors on this occasion might have come and gone without enough notice to let them know they were expected. That's just the size of it; and yet Nacogdoches, the city of the old Stone Fort, which has floated the flags of five nations and was never eclipsed by anything on earth, lays claim to being a most patriotic, most enterprising and most hospitable people!

Oh, goodness!

HON. JNO. B. LONG has sold his interest in the Alto Herald to T. M. McClure an experienced newspaper man and a practical printer; who promises to improve the paper and labor zealously to the interests of Alto.

UNCLE SAM'S NEW SUBJECTS.

The treaty between the United States and Denmark for the cession of the Danish West Indies, St. Thomas, St. John and St. Croix, which has been made public provides that Danish subjects residing in the islands may remain there or remove at will, retaining in either event all their rights of property, and in case they remain in the islands they shall continue until otherwise provided to enjoy all the private municipal rights and liberties secured to them by the laws now in force. Those who remain may preserve their allegiance to the crown of Denmark by making before a court of record within two years from the date of exchange or ratification of this convention a declaration of their decision to preserve such allegiance, in default of which declaration they shall be held to have renounced it and to have accepted allegiance to the United States, but such election of Danish allegiance shall not, after the lapse of said term of two years, be a bar to their renunciation of their preserved Danish allegiance and their election of allegiance to the United States and admission to the nationality thereof on the same terms as may be provided according to the laws of the United States for the other inhabitants of the islands.

The civil rights and the political status of the inhabitants in the islands shall be determined by congress.

Formal delivery of the islands shall be immediately after the payment by the United States; within ninety days from the date of exchange or ratification of the convention, of \$5,000,000 in gold coin of the United States.

HON. S. M. DAVIS, of San Augustine, was in the city last night. He is a candidate for Representative from the four counties of San Augustine, Angelina, Polk and San Jacinto. There are two representatives to be elected from his district, and so far there are three candidates, Mr. Davis, Bro. Daniels of the Lufkin Tribune, and Hon. W. B. O'Quinn. Mr. Davis is an able and capable man, and having the unanimous endorsement of his own county will stand a good show of securing the nomination. Bro. Daniels and friend O'Quinn are kind of fighting each other in Angelina, and we don't know what may become of them. Either would make a good representative.

Rev. C. F. Maxwell has sold the subscription list of the Day-Star to Rev. W. T. Tardy of Nacogdoches, who will publish from that place the East Texas Baptist Advance, the Day-Star being discontinued. The unexpired subscriptions to the Day-Star will be filled out by the Advance.—Cherokee County Banner.

THERE is a change being made by the county commissioners in the boundaries of some of the justice precincts, and Shady Grove will be merged into Appleby beat.

GREAT IS EAST TEXAS.

There is a mighty waive of prosperity coming to East Texas, the like of which has never been known to the agricultural and commercial classes of this section. The great move toward crop diversification is doing the work. A retrospective view covering the period of twelve months will give one an idea of what the future is going to bring. It is time for everybody to get a move on himself. The laggard and the mossback will be trampled in the dust by the procession and the march of progress. The following is a report from the freight department of the International and Great Northern railroad, showing what has been done along the line of that road during the past year. It says:

"During the year 1901 that road shipped 15 cars of watermelons; 152 cars of peaches; 23 cars of berries; 45 cars of potatoes; 26 cars of tomatoes; 2 cars of cabbage, 28 cars of vegetables and 3 cars of cucumbers; making a total of 294 cars. In addition there were shipped by express the equivalent of 395 cars, making a total from stations on this road by freight and express 689 cars. These shipments went mainly to St. Louis and Northern markets. There was a large amount also shipped to Dallas, Galveston, Fort Worth, San Antonio, New Orleans, etc. It is due the I. & G. N. to say that this great railroad line is cooperating to the fullest extent with the fruit and vegetable growers of East Texas."

In commenting upon the above report, the Texas Farmer adds:

"Few people in Texas and elsewhere know the immense possibilities locked up in East Texas lands. As a fruit country it is superior to California. For the production of vegetables and root crops it is not equaled upon the globe. Add to this its adaptability as a tobacco growing country, and it is hard to calculate that any other part of the globe can compete with it. Yet, compared with prices of lands elsewhere in Texas, land in East Texas is marvelously cheap. To all people having a taste, any knowledge, or a desire to acquire knowledge, as to fruit and vegetable growing, Texas Farmer could not do better than to advise them to invest in East Texas land at this time. There is no limit to the development that this country will make in the future."

THERE is a little city in Alabama called Hobson City, where there are no white people. It is incorporated and has a negro mayor, marshal, and aldermen. This municipality was formerly a part of the city of Oxford, and was cut off for the benefit of the negroes, that they might choose their own government. This is probably the only place in the United States entirely under negro government and where the population is entirely colored.

WACO is preparing for a great celebration upon the occasion of the laying of the corner stones of Carroll Science Hall and Carroll Chapel building, which will occur April 20 and 21. The University authorities will spare no effort in making it the greatest event in the history of the institution. The exercises will begin Sunday, April 20, two addresses and a mass meeting covering the program for that day. Monday's proceedings will open with the address of welcome followed by responses; and aside from the corner stone ceremonies, there will be the reproduction of historic scenes in the life of Baylor, the unveiling of the historic picture, "The Battle of San Jacinto," and addresses by the representatives of the Baylor societies.

ONE year ago the oil excitement begun. Capt. A. S. Fisher, of Georgetown knew the owner of 15 acres on Spindle Top. He interviewed the owner, interested Ex-Gov. Hogg and Judge R. E. Brooks of Austin J. W. Swayne of Fort Worth and Banker Campbell of Lampasas, and the five closed a deal for the property. They sold small parts of it at the rate of \$40,000 an acre, \$80,000 an acre and then still higher prices, netting near a quarter of a million each. Now they have made a deal with the blasted Britshers by which they secure for themselves about \$155,000 cash each and \$700,000 stock cash in the company, which is to have \$750,000 of cash in treasury for operating capital.—State Democrat, Farm and Home.

A Detroit widow has just been married to the spirit of a man who has been dead for a number of years. A spiritualistic medium performed the ceremony. In the interest of free government the Commoner is willing to pay the customary fee if some medium will bring about a binding marriage between the republican party and one of the revolutionary patriots who fought against taxation without representation and government without the consent of the governed.—Commoner.

Mr. Nixon, the new leader of Tammany, denies that he has made any requests of any kind of the democratic congressmen from New York concerning the ship subsidy bill or any other bill. Good for Nixon! He must expect to be lied about, but after the people know him well it will not be necessary for him to deny all the statements put into circulation by the republicans.

Mr. Taft says the trouble in the Philippines is practically over, and that the Filipinos are falling over each other in their anxiety to become peaceful subjects. Mr Taft said the same thing about eighteen months ago, and late reports indicate that his remarks are just as accurate now as they were then.

Mr. W. E. Winston has opened up a confectionery and fruit store in the old stand of C. Hoffstadt, next door to Tom Smith's saloon.

Dr. F. F. Tucker

The city of San Angelo was inwrapped in sorrow, on Thursday night, when the sad announcement flashed over the wires that Dr. F. F. Tucker was no more. He died at his home on Harris avenue at 7:25 p. m. February 6th, 1902.

Dr. Tucker has been a leading physician of San Angelo for the past five years and no kinder, truer, nobler gentleman has ever resided among us. With a pleasant smile and a friendly word he greeted all mankind and all were his friends.

He was born in San Augustine, Texas, on Nov. 19, 1873, and graduated with high honors in the University of the South Sewanee, Tenn. In 1897 he graduated in medicine at the University of Texas, where he had the honor of being awarded the college medal for highest standard in all grades.

Dr. Tucker was a member of the Episcopal church, true to its lofty teachings, and a Mason in highest standing.

That one so useful in life, a physician of skill, a gentleman ever setting an example worthy of mankind's following, should he called so young in years, to an abode on high, seems an unkind cut of nature; but mortal man is not to pass judgment on such things. God's will not ours be done. However, as the leaves that fall in the winter, kissed by the hectic flush, are but prophecies of a new life in the spring time, so is the death of Dr. Tucker, the prophecy of a new and higher life, beyond this "vale of tears."

Three years ago Dr. Tucker led to the altar Miss Laura Day, daughter of Mr. and Mrs. C. P. Day, and that devoted wife, a son a dear old mother and three brothers left to mourn his death.

The Standard apprises the fact that mortal words are but of little use in healing the wounds of hearts so sorely afflicted, but from the depth of our hearts we offer sympathy to the bereaved ones, and trust that the Comforting Angel will ever hover near them.

We knew Dr. Tucker's value as a skilled physician and a true friend, and with all San Angelo, bow our lead in grief. One of God's noblest and best has been called from the trial and vicissitudes of earth, to a higher reward in Heaven.

At this time, it is not known for certain just what disposition will be made of the body, but it is thought that the funeral will take place in San Angelo at some hour Sunday, when friends and loved ones will gather to pay their last respects to the beloved dead, and place their floral offerings of love upon the grave.—San Angelo Standard.

Asher Zeve has gone to New Orleans to superintend the erection of a monument over the grave of his mother who was recently buried there.

Bro. Bowen preached a most eloquent sermon yesterday, and it is a great pity so much of it was lost on empty benches. The Little Leaguers didn't treat him much better in the afternoon.

Mr. and Mrs. G. H. McDaniel, of Timpson, are in the city. They are contemplating moving to Nacogdoches. Mr. McDaniel is with an Hicks Company, of Newport.

E. J. Harris, of Appleby, was in the city Saturday and gave THE SENTINEL job office a nice little order for stationery. He has recently bought out Clark & Weatherly and is now a permanency in Appleby. He recently came out from Georgia, and is a nephew of Walker and Linn Bailey.

Doc Messic went to Beaumont yesterday to look after some land business in which himself, Chas. Hoya, and W. J. Crossland were jointly interested. They recently acquired title to a league of land in Jefferson county—an old Mexican grant—which is very valuable, being not a great distance from the developed oil field.

Rev. S. F. Baucom had a very busy day Sunday. He preached at Cold Springs at 11 o'clock a. m., went out to Mr. G. B. Scarbrough's and married Mr. Robt. Wilkerson and Miss Georgia Scarbrough; then went to Trinity and preached at night and married Mr. Henry Bowder, of Louisiana to Miss Maud Tindall. There were quite a number of Louisiana friends present, besides a great number of Miss Maud's friends. Mr. Joel and Miss Rena Burrows and Mr. Eugene Muckelroy and Miss Rowena Bentley acted as waiters. The couple left on this mornin's train for Logansport, La.

Club Notes.

Fifteen members of the Cum Concilio Club met with Mrs. G. H. Davidson last Thursday, giving current events in response to roll call. One guest was present.

After minutes of last meeting were read the new officers were installed.

Committee securing the stones of the Old Stone Fort had a very pleasing report to make: Messrs. Perkins with true patriotism and generosity donated the stones to the Club for their preservation for future ages and the Club received them with gratitude, expressed in person by committee in behalf of Club and the Daughters of the Republic. The Club will open the stone fort for the inspection of the public on Friday the 21st and request all persons who would like to see the building as it now stands to come and take a farewell look. Several committees were appointed for receiving and entertaining visitors on that day. The work of demolition will begin as soon as possible after the 21st, as Messrs. Perkins wish to have the ground cleared by the 15th of March.

Mrs. C. W. Butt was appointed to serve as Librarian the following Saturday. The talk on "the Ethics and Religion of Socrates" and the discussion on "had the Olympic and other games a favorable effect on the ancient Greeks" were omitted on account of the absence of the members to whom those subjects were assigned. The lesson in Greek history was recited, after which the hostess, assisted by her sister, Mrs. Stinson, and Miss Cubley, served delightful refreshments.

All things are quiet in the neighborhood. The farmers have commenced preparing for another crop.

A. B. Muckelroy & Son have attached a shingle machine to their mill and will be ready in a few days to fill all orders, which will be a great help to the community. Mr. Muckelroy is the right man in the right place.

I noticed in the Plaindealer that a petition for a hog law election for a small portion of the country had been gotten up, the getter-up of said petition had lost 47 days running

hogs out of his field. If the good brother had spent half that time fixing his fence he would not have thought of asking for an election to protect him; and his neighbors have to build fences and have to keep their hogs up too, for I guess he lives in the midst of said district and his neighbors are all liners. I think it would be far cheaper for his neighbors to go and build him a fence than to have the county to go the expense of holding an election, and have law suits and fights with neighbors. I am opposed to such a small territory where every one is a liner. I think a hog law would be a good thing in a large scope of country.

I see there is a good many candidates coming out. I wonder what some of them are going to tell the people about how they have served them. I think Charley Hill is a candidate for constable or matrimony. I don't know which.

Morris Martin and Rachal Yarbrough.

Wm. Roberts and Caroline Driver.

Bob Garrett and Lizzie Tedman.

Prosperous as the railroads are, and busy as the car factories continue to be they cannot prevent car famines and freight blockades, all over the southwest. Production is evidently increasing faster than the facilities for transportation. This alone is ample evidence of the prosperity of this great agricultural section. Farm and Ranch.

Farmers.

We now have in stock early Amber cane seed, Landreths early dent and early bristol corn, Tennessee triumph, peerless and early rose potatoes; Texas red, rust proof seed oats; Kansas silver skin and red onion sets; complete line of all garden seeds. Pint, quart and half gallon fruit jars. All kinds of plow tools.

To The East Texas Truck Growers.

On January 17th a circular addressed to the Truck Growers of East Texas was sent out asking opinions as to the advisability of organizing an East Texas Truck Growers' Association.

Many replies favoring the proposition have been received, and many local associations have already appointed delegates to attend. We hereby call a meeting of all people interested in fruit and vegetable culture to be held at the City Hall at Palestine, Texas, Feb. 20th, 1902. This organization should bring us into closer relationship and prove a mutual benefit to all.

Respectfully,

IRA H. SMITH, Pres.

Pal. Fruit and Veg. Ass'n.

J. D. KIMBROUGH,

Secretary.

We are heavily stocked on some lines and new goods of the same class are arriving daily in car load lots, so we must sell in order to make room.

Endowment Rank K. of P.

Since the establishment of the Endowment Rank, November 7, 1877, seventeen million dollars have been paid to beneficiaries of deceased Knights. During the past year one million seven hundred and twenty thousand and five hundred dollars in death claims have been adjusted, settled and paid. The rank has four thousand sections throughout the supreme domain, with a membership of more than sixty thousand Knights.

This branch of the order is governed by, and is under the direct supervision of the Supreme Lodge. It is an integral part of the great Pythian structure. The endowment which it grants to Knights is safe, sure and reliable; in fact, it is as strong financially as the Order itself. See R. W. Haltom, Secretary Sec. 1865.

We have another car of alfalfa hay; also one car of flour. They must go, so see us before you buy.

Paris Possibilities.

"In Paris the art of living has become an exact science, and the utmost possible is crammed into the twenty-four hours of the day," said a man just back from there to an interviewer the other day. "For example, take the restaurant life of Paris. How widely spread and varied it is! If you know your Paris, you can dine well there for a couple of francs or a couple of louis, as best suits your purse. You can dine in the balconies of the Ambassadeurs or the Restaurant du Rond Point, and a vaudeville show on an adjacent stage will help you to while away the time between courses. Or, still sticking to the Champs Elysee, you can take your principal meal of the day at Pailard's or Laurent's, and, for diversion afterward, you can saunter across the broad avenue to the Jardin de Paris, the naughty successor of the naughty Jardin Mabille of an earlier day. You can dine, if it be summer, in the classic and beautiful tinkle of the fountain's falling water sounding in one ear, while the other is filled with the join du pays of the tzigany band. Still sticking to town, you can take in the Cafe de Paris, a restaurant of highest rank in gastronomic history, or, by crossing the river to the quarter of the Notre Dame, you can obtain one of the famous 'de la tour d'Argent's never to be forgotten duck dinners."

A Carnegie Scotch School.

The technical school near Galspie, Scotland, in which the Duchess of Sutherland and Andrew Carnegie are jointly interested, will devote special attention to handicrafts likely to enable young men and women to earn their living. Its aims are thus explained by the Glasgow correspondent of the Montreal Star: "For bye farmin' will be a principal subject, an' there will be lan' near the school for the purpose of experiments. Then spinnin', weavin' and dyein' will be developed, particularly among the lasses, who will get besides needlework, cookery, laundry work, scientific dressmakin', poultry an' dairy work, as well as ordinary learnin' like mathematics an' the three Rs. The duchess is appealin' for bursaries an' monee to start a fund to meet rinnin' expenses after the school has been started. She'll get it, for she has the knack o' workin' up enthusiasm on any subject she tackles."

Supreme Judge Turned Down.

The days of whispered conferences in the White House are past, says a correspondent. The president sees most of his visitors in the big reception room. He goes from one to another and says what he has to say in a voice that reaches to every part of the room. A day or two ago, says the Baltimore News, a justice of the supreme court came in with his son. Then he leaned over an whispered a few words to the president's ear. "I am sorry," said the president—and fifty people heard him rasp it out—"I am sorry, but it can not be done. All promotions must be on merit." A very much abashed justice of the supreme court, with his son in tow, left the White House hurriedly.

Free Lunches With Soda Water.

For many years saloonkeepers have furnished their patrons with luncheon at certain hours, the only cost being the price of a drink, and many men have taken advantage of this to get a midday meal for nothing. Now in some Eastern cities their wives may do the same thing, thanks to the enterprise of certain proprietors of soda water fountains. For some time past it has been the custom to set out a plate of sweet biscuits with each glass of soda water, but now luncheons are being served on a more elaborate scale. One Philadelphia confectionery establishment has inaugurated the innovation of serving a dainty sandwich with each drink. Another announces that on Wednesdays and Saturdays, matinee days, each woman buying a glass of soda water will be given her choice of either a chick-croquette or a lobster croquette.

Mrs. L. W. Wettermark, of Lufkin, is visiting in Nacogdoches, while Mr. Wettermark is in Shreveport.

Rev. Mr. Secrest, formerly pastor of the Presbyterian church of this city, but now Evangelist of the East Texas Presbytery, is stopping in the city for a few days. He is accompanied by Mrs. Secrest.

Capt. M. Mast was in the city yesterday looking "as pleasing as a basket of chips." He requested THE SENTINEL to tell these "boys" that are wanting to be sheriff that "Mast aint dead yet."

There was a pleasant sociable at the home of Mr. and Mrs. Floyd on Irion Hill last night. A guessing contest was a feature of the evening's entertainment and Robt. Burk captured the prize. One of the participants attempted to describe the subject (or object) of the guessing, and it was something about an "injun in a sack," but we never did catch on exactly.

Hon. Sam Dixon, immigration agent of the H. E. & W. T. Ry. Co., came in yesterday to be on hand at the Fruit and Truck Growers meeting, which is in session at the opera house this afternoon.

Capt. Taylor, of New Orleans, is in the city. He has extensive landed interests in East Texas, and is making a tour of inspection of his possessions here.

J. H. Summers, the wholesale lumberman from Nacogdoches, was here last night, and in a conversation with the Bulletin scribe he remarked that the Ragley mill is the biggest saw mill owned by one man in the whole world. We do everything on a big scale in this part of the country.—Timpson Bulletin.

Capt. W. H. Doherty, of the H. E. & W. T. Ry. Co., is attending the Truck Growers' meeting. He accompanied the crowd on a visit to the hot beds of the Merchants Auxiliary company this morning and is very much elated over what he saw. He says the truck farming as it has already progressed in this section is a complete revelation and appears almost miraculous.

Tammany Gluttons Ate More.

W. S. Merrill, the Harvard sophomore who consumed at one sitting \$3 worth of food and drink, consisting of three steaks, two mutton chops with peas, two cups of coffee and two pints of apollinaris, has not touched the record of some of Tammany's feeders. Mayor Van Wyck once ate six and three-quarter pounds of steak at one sitting, and Patrick Diver, who holds the record ate eleven pounds. Mr. Merrill is as yet very young, however.

SATURDAY'S LOCALS.

H. G. Kennard is in Houston on a business trip.

J. S. Russell, of Douglass, is in the city.

Homer Kennard returned from Beaumont yesterday.

Dr. Tucker has returned from San Angelo.

A son was born to Mr. and Mrs. Leander Lyles yesterday.

George Clevenger is sick with a complication of mumps and LaGrippe.

John Richardson, of Appleby, is in town, buying seed oats and other supplies for his farm.

Joe Miles, of Appleby, was in the city this morning and placed us under obligation for a mess of collards.

Miss Maude Jopling, of Garrison, is visiting friends in this city.

Miss Tommy Murph is visiting the family of her uncle, Mr. Jesse Brutoa, at Douglass.

Beeman Strong, Esq., went to Linn Flat yesterday to attend justice court, but there was no court held on account of the sickness of the justice of the peace.

Mrs. W. E. Oxsher, of Joaquin, is visiting her parents, Mr. and Mrs. W. S. Bridwell, of this city.

Rev. T. F. Gallaher will preach tomorrow at 11 o'clock and at night at the Presbyterian church.

A. Y. Donegan went to Linn Flat yesterday to visit his father, Rev. M. Donegan, who is quite sick.

Mrs. Arnold and daughter, Miss Linnie, have moved to Bailey avenue and are keeping house again.

Rev. W. A. Bowen will fill Bro. Watts' appointments at the Methodist church tomorrow. Bro. Bowen will make a talk to the Little Leaguers in the afternoon.

Pastor William T. Tardy will occupy his pulpit at First Baptist church tomorrow morning and evening. "The story of our bible" will be the morning subject.

The Deestric Skule will be pulled off soon. The actors and actresses have nearly got their parts down and the date for their appearance will be given out in a few days.

The Fruit and Truck Growers are holding a meeting this afternoon. A number of prominent agriculturists are present, including Hon. Sam Dixon of the H. E. & W. T. Ry.

Miss Lizzie Smith entertained quite a number of her young friends at the home of her parents, Dr. and Mrs. W. I. M. Smith last evening. The usual games, plays etc., were the features of entertainment and all present had a nice time.

Frank Sharp returned yesterday from a two weeks trip to San Augustine and Center. He says a large force of railroad men are camped near San Augustine, the right-of-way is cleared through the town and graders will soon cover the entire distance from present terminus to Tenaha.

rived and is being placed in position. It weighs twelve thousand pounds, and was hauled up from the depot by Henry Millard. It took two wagons to hold it up and it is claimed that it can never be "held up" again after it is placed in position. Mr. Geo. McCormack, an expert safe man is here to put it up. It is a Mosler safe of the Corliss patent and is absolutely fire and burglar proof.

Mr. J. H. Parks, senior member of the firm of Parks Brothers, railroad contractors, has a big trip before him, and will spend the next month away out in New Mexico where it is one hundred miles to the nearest post office. He has business interests out there which he will go to wind up, after which he will return to Nacogdoches, or rather to camp out on the line of the T. & N. O., where his brother now has a big force ready to begin work on a big contract with this road.

Bully For Bob.

Bob Thomas, a Nacogdoches boy, has just been promoted to the foremanship of the Western Newspaper Union at Houston, with the snug salary of \$3.75 a day, the year round, with double pay for over time. Bob learned the printer's trade on the Nacogdoches Star-News when it was in the hands of the present owners of THE SENTINEL, and it is with a degree of pardonable pride that we feel a share in his success. He has been an employe of the Western Newspaper Union the past two years and by intelligence, close application and loyalty to the interests of his employers, has worked himself up from a \$40 job to a most responsible position; one that reflects credit upon his ability as a superintendent and his skill as a workman.

Talented Timpson Girl.

Miss Alleen Trammell possesses considerable musical talent, above the ordinary. Although not yet fifteen years old, she has composed and written a waltz that is said, by competent musicians who have tried it, to be of much merit, and is now at work on a march. Capt. Trammell, her father, has about made arrangements with a well known music firm to publish her compositions. Alleen is a charming young miss, of a bright mind, and under her sister's tutelage is developing a remarkable musical talent.—Timpson Times.

An Arrest

A man giving his name as Jim Windham was arrested at Black Jack this morning and brought to Nacogdoches and turned over to the sheriff. He was arrested on suspicion of having forged an order to Mayer & Schmidt against J. H. Carlton of Etoile. The matter looked a little suspicious to the clerk's at Mayer & Schmidt's and upon investigation it was found that Windham had been working for Mr. Carlton under the name of Matthews.

Horses For Sale.

E. Pite has a nice bunch of horses for sale. You can see him in Nacogdoches any day.

THURSDAY'S LOCALS.

S. W. Hunt, of Appleby is in the city on business connected with Justice Peevey's court.

Sam Thompson, the oil well man returned from Beaumont yesterday evening and went on to Chireno to-day.

The flying jinney has 'arriv' and the nickel and the small boy will part company as often as they come together.

Messrs John Louis and Tom Dean, of Attoyac, were in the city yesterday and were callers at this office while here.

Abe Loovis, of Houston, is in the city with his samples, which are opened in the Bannita sample room on Church street.

H. B. Davis, successor to Mistrot Bros. & Co., is moving over on Virginia avenue where he will make his home for awhile.

The Kansas City Meat Market has closed its doors. Mr. Dickerson says it doesn't pay and he can't afford to continue the business any longer.

Ike Lewis is dangerously sick with pneumonia, at his home four miles south from town. His case is very serious and his recovery is doubtful.

Wiley Parker, a stockman from Kansas City, is here on a trading trip. He is well known in Nacogdoches, having sold several bunches of horses here as well as bought lots of cattle in East Texas.

W. O. Speer, who has been railroading in Louisiana the past year, has returned with his outfit and has taken a contract to grade a portion of the T. & N. O. between here and Jacksonville.

Mr. Malachi Tansy, junior member of the firm of Tansy Bros., arrived yesterday and will put a large number of teams to work on the T. & N. O. between Mahl and the Angelina river.

Will Stewart, of Center, is in the city again. We are expecting him to become a citizen of Nacogdoches, yet. He was raised at Chireno and naturally belongs to Nacogdoches county.

The artesian well at the ice factory has reached a depth of 256 feet and has a flow of about 2 1/2 inches. Mr. Graham, the contractor, is determined to have a flow of not less than four inches and thinks he will succeed at less than three hundred feet.

Mr. and Mrs. Bob Smith moved to Lufkin today, having rented their home near the compress to Mr. J. A. Richardson. Mr. Smith is a carpenter and has work in Lufkin at more remunerative wages than he could obtain in Nacogdoches.

Albert Moffitt, for several years a fireman on the H. E. & W. T. Railroad, died in Lufkin last week. Albert was once a printer in the office of the Lufkin Leader, when that paper was the property of the editor of this paper, and we are pained to hear of his death.

Saved Her Child's Life.

"In three weeks our chubby little boy was changed by pneumonia almost to a skeleton," writes Mrs. W. Watkins, of Pleasant City, O. "A terrible cough set in, that, in spite of a good doctor's treatment for several weeks, grew worse every day. We then used Dr. King's New Discovery for consumption and our darling was soon sound and well. We are sure this grand medicine saved his life." Millions know its the only sure cure for coughs, colds and all lung diseases. The R. T. Shindler Drug Co. guarantee satisfaction. 50c, \$1.00. Trial bottles free.

Endowment Rank K. of P.

Since the establishment of the Endowment Rank, November 7, 1877, seventeen million dollars have been paid to beneficiaries of deceased Knights. During the past year one million seven hundred and twenty thousand and five hundred dollars in death

claims have been adjusted, settled and paid. The rank has four thousand sections throughout the supreme domain, with a membership of more than sixty thousand Knights.

This branch of the order is governed by, and is under the direct supervision of the Supreme Lodge. It is an integral part of the great Pythian structure. The endowment which it grants to Knights is safe, sure and reliable; in fact, it is as strong financially as the Order itself. See R. W. Haltom, Secretary Sec. 1865.

Millions Put to Work.

The wonderful activity of the new century is shown by an enormous demand for the world's best workers—Dr. King's New Life Pills. For constipation, sick headache, biliousness, or any trouble of stomach, liver or kidneys they're unrivaled. Only 25c at the R. T. Shindler Drug Co.

Rathbone Sisters.

The matter of organizing a temple of Rathbone Sisters was taken up and discussed in the K. of P. Lodge last night and resulted in the appointment of the following committee:

R. W. Haltom, C. W. Butt, E. E. Baldwin, Chas. E. Davis, W. O. Crain, Oscar Matthews, Geo. Meisenheimer, D. Rulfs, W. C. Fouts, J. G. Smith, W. G. Reid.

There will be a meeting of the committee at the lodge room Tuesday afternoon at 4 o'clock, and all the wives, sisters and daughters of Knights who are eligible to membership are urgently requested to meet with them.

FRIDAY'S LOCALS

Eli Russell, of Huntington, was in the city this morning.

Lum Martin, of Martinsville, is in the city today.

Rev. Wm. A. Bowen, general agent and staff correspondent Texas Christian Advocate, of Dallas, is in the city.

Dr. Mayfield is building a dwelling house for rent over on the hill side, on the road running through the Davidson pasture.

Mr. and Mrs. Hollis Mast have broken up house-keeping and are boarding with Mr. Bridwell. Mr. E. Gragard has moved to the place formerly occupied by Mr. Mast.

Chancey Southern is now an attache of THE SENTINEL, as an apprentice to the "art preservative."

Messrs. H. C. Harris and A. J. Howell, of Milam, Sabine county, were in the city yesterday and were friendly callers at THE SENTINEL office.

Mrs. Ann Willis has gone to Marshall, where she will be present at the marriage of her niece, Miss Pearl Garrison, to a Mr. Jones, which will take place next Wednesday.

That cedar tree has been "vanquished" and removed from the side walk on North street, and our friend "E." may tote his umbrella with impunity next time it sleets.

The Knights of Pythias will meet tonight. It will be remembered that there was no meeting held last lodge night, and it is hoped that a full attendance will be present.

Mr. Ed Willis, of Denton, is visiting his daughters, Mrs. Lindsey and Mrs. Perry, in Nacogdoches. He says Denton is jubilant over her success in securing the Girls Industrial school. He is on his return from a trip to St. Louis.

Mr. Dickerson says he has not closed the K. C. Meat Market for good, but only for a day or two in order to get in a new supply of meats. He will open up again immediately.

The new safe in the Commercial National bank is a "beaut." It is as round as a ball, except it is a little flat on one side, and is solid steel, and is so constructed that it would be an impossibility for burglars to "crack" it, and it is absolutely fire proof.

Mr. Heath will open the new hotel on the plaza about March 1st. It has been suggested that he should name the new hostelry "The Plaza Hotel" and Mr. Heath seemed pleased with the idea, though he did not say whether or not he would adopt the name.

THE SENTINEL'S Melrose correspondent has been too sick to send in the Melrose letter this week.

Bucklen's Arnica Salve

The best and most famous compound in the world to conquer aches and kill pains. Cures cuts, heals burns and brains, subdues inflammation, masters piles. Millions of boxes sold yearly. Works wonders in boi's, ulcers, felons, skin eruptions. It cures or no pay. 25c at the R. T. Shindler Drug Co.

From Appleby.

Appleby, Texas, Feb. 4. ED. SENTINEL:

Our little school near Appleby is progressing very well considering the continued bad weather. The attendance has been very good upon an average.

Farmers seem to be rustling right along in preparing their crop, but say the bad weather has put them back. Some tomato products even in this community.

Singing at the Stuberfield school house next Sunday and preaching by the writer, while trying to instruct in intellectual and literary things we must not forget the spiritual needs of the people. Better and far safer to blend the two together. If the foundation is good the building will be good.

Owing to so much bad weather our weekly prayer meeting has thus far failed to materialize. The people will organize a Sabbath school soon.

Health of the community generally good.

Mr. Ed Stuberfield is the richest man in our town. To be called "papa."

Yours etc.,

J. C. FORDEN.

Dr. Fred Tucker Dead.

Dr. Fred Tucker, brother to Dr. Felix, Hal, Frank, Matt and Ben Tucker of this city, died at his home in San Angelo yesterday afternoon. Dr. Felix Tucker left here yesterday, having had news of his brother's dangerous illness and the other brothers and their mother left last night after receiving the sad news of his death. The friends of the family here deeply sympathize with them in their sad bereavement. Dr. Fred Tucker had been in feeble health several years and had adopted San Angelo as his home on account of the healthfulness of the climate in the hope that he might recover his health.

Something That Will Do You Good.

We know of no way in which we can be of more service to our readers than to tell them of something that will be of real good to them. For this reason we want to acquaint them with what we consider one of the very best remedies on the market for coughs, colds, and that alarming complaint, croup. We refer to Chamberlain's Cough Remedy. We have used it with such good results in our family so long that it has become a household necessity. By its prompt use we haven't any doubt but that it has time and again prevented croup. The testimony is given upon our own experience, and we suggest that our readers, especially those who have small children, always keep it in their homes as a safeguard against croup.—Camden, (S. C.) Messenger. For sale by Perkins Bros.

Fruit and Truck Growers Association.

From Saturday's Daily.

The city is full of delegates to the Fruit and Truck Growers meeting which is going on here today. Nearly every county in East Texas is represented and there could not be a more intelligent and genteel looking body of men selected from all the population. They look like men who think as well as act, and talk like men who know something.

It was the intention of the president, Mr. Burgess to call the meeting to order at 11 o'clock, but a trip had been planned to the hot beds on Col. Wettermark's place and the delegates were taken out there in a body this morning which delayed the opening of the meeting until one o'clock.

As the meeting has just opened as we go to press there is no proceedings that we can publish today.

Bilious Colic.

H. Seveer, a carpenter and builder of Kenton, Tenn., when suffering intensely from an attack of bilious colic, sent to a near by drug store for something to relieve him. The druggist sent him a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, three doses of which effected a permanent cure. This is the only remedy that can be depended upon in the most severe cases of colic and cholera morbus. Most druggists know this and recommend it when such a medicine is called for. For sale by Perkins Bros.

The President's Dress.

President Roosevelt is a poor dresser, "Tip" says, in the New York Press. He has no time or inclination to give to the study of clothes. His figure and carriage are hard on clothes, anyway. Fifteen minutes after he has put on a new suit it is pulled out of shape and wrinkled all over. If you are in Washington you will see frequently two citizens taking an afternoon walk together, or, rather, not together, but one behind the other. They are President Roosevelt and his brother-in-law, Commander Cowles, of the navy. So two men in Washington are in more striking contrast in the matter of dress. The president's brother-in-law is the pink of perfection in his clothes. In their afternoon walks the commander will appear in a silk hat, frock coat, puff tie and immaculate shoes of shiniest polish. The president wears any old thing, and his clothes look as if he kept them on the floor of his bedroom rolled up in a tight bundle.

The News Briefed.

Admiral Sampson has filed a brief with the president bearing upon the appeal of Admiral Schley.

Tom Brown, a negro, was lynched at Nicholasville, Ky., for assault upon a 16 year old white girl.

A bill has been passed by the senate granting two additional United States judges to Oklahoma.

"Young Griffio," the prize fighter, has been adjudged insane in Chicago and was ordered sent to an asylum.

The delegation from New Mexico in Washington is vigorously opposing the international dam idea at El Paso.

About 2000 dogs and cats will be slaughtered in Plymouth township, Pa. Physicians think this will prevent the spread of smallpox.

It has been given out from the White House that President Roosevelt has never intimated what his decision would be to the Schley appeal.

A dispatch from Colon has it that the rumor that the revolutionary steamer Libertador had been sunk is erroneous.

A Legacy of the Grip.

It is often a run down system. Weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys often follow an attack of this wretched disease. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system, and restore to health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by the R. T. Shindler Drug Co.

The Printers of Quality.

For a Modern Diana. A Wall street brokers Christmas present to his niece would include that she is an expert all-around sportswoman. The gift consisted of half a dozen white oak sideboard cases, lined with Nile green silk plush. Case No. 1 contains two hand-made bamboo fishing rods, agate tipped and mounted with solid silver; two of the most reels ever made and an abundance of lines, hooks and flies. In No. 2 are a couple of beautiful guns, a rifle and a shotgun, with the necessary paraphernalia, silver mounted and handsomely engraved with the recipient's initials. No. 3 is the shell case; No. 4 contains a camera; No. 5 a pair of splendid field-glasses, and No. 6 a quantity of toilet articles which a woman requires on an outing after game and fish, even down to a silver flask engraved "Bait."

Wonderful Patti.

Adelina Patti, aged 57 years and not a bit afraid to say so, she is, gave her annual concert in Albert hall, London, not long ago and was greeted by a crowded house. The wonderful little woman does not look a day over 45 and was in splendid voice, though of course nearly everything she sings nowadays is sung in lower keys than in days of yore. It is over forty years since she made her first real debut in Covent Garden theater, London, and the critics say her rendition of the jewel song from "Faust" was as near perfection as it was ever a generation ago when she sang "Margarite" to Marie's "Faust."

J. A. Pirtle Announces.

Mr. J. A. Pirtle of this city has announced for the office of county Treasurer, subject to the action of the Democracy of Nacogdoches county. As everyone well knows, Mr. Pirtle has been a life long democrat and still adheres to the doctrines of that party. He has never affiliated with any other party nor does he attempt to do so now. But to use his own words in entering the race for County Treasurer, he simply wants all the people who have a right to express themselves at the primaries next spring and at the poles in November to know that he is a candidate and would without regard to color, creed or politics be pleased to receive their votes.

The proper test to apply to all candidates this day and time 'is he qualified for the office to which he aspires,' is all sufficient, and no other test is necessary. Mr. Pirtle has been a citizen of this county for over 30 years and most of that long period has given his time to teaching and farming, and among all his fellow citizens he is known as a man of energy, progress and business qualification, and in addition to what has been said he is an ex-Confederate soldier, having served in the ranks of the lost cause four long years and was honorably discharged at the close of the war.

For Justice of the Peace.

Mr. J. M. Jones announces this week as a candidate for the office of Justice of the Peace of Precinct No. 1. Mr. Jones is a young man of high intelligence and sterling worth. He has lived in the precinct since 1892 and is quite well known. He is son-in-law of Mr. Hense Burrows. Mr. Jones is fully competent to fill the office and if elected will make a good officer.

B. L. Jopling, of Garrison, was in the city last night.

The Hartman restaurant is moving next door to the Cherry saloon.

Fayette Woodland is opening his restaurant next door to the Hart Hotel.

The Destruck Skule will be the funniest thing of the season dont miss it.

E. A. Blount is moving his office to the Commercial National Bank building.

Mr. Mack Watters, of Alto, is visiting his daughter, Mrs. R. C. Monk, in this city.

Mr. Ryan, traveling freight agent of the T. & N. O. railroad, was in the city again today.

J. P. Popp will open a saloon in the building now occupied as the Kansas City Meat market.

A. Y. Matthews has turned his cotton yard over to J. H. Summers, and will move to San Augustine.

Mrs. Joe Harris, a most estimable lady, daughter of Mr. J. D. Smith, of Melrose, died at her home near that place yesterday.

The Destruck Skule has been given all over the United States, and has been a decided success wherever given.

Mrs. M. H. Cason, of Henderson, Tenn., who has been visiting her son, D. K. Cason, of this city, the past month, returned to her home last night.

Mr. H. F. Sanders has accepted a position as traveling salesman for the Andof Specialty Co., of Chicago, and has become a knight of the grip.

We have had about 'steen application in answer to our advertisement for a boy. The place has been given to Chauncey Southern, and we have no place for another boy.

Rev. Mr. Hewitt, recently from Arkansas, is holding a meeting at the Stubblefield school house this week, with promise of a good harvest. Mr. Hewitt is looking for a location for a home, and will probably settle among us.

Dr. J. R. Miles was in the city yesterday after a long list of garden seed. He says he is going to raise garden truck this year but we'll wager a quart of peanuts that if his wife dont boss it he'll sell out and quit the drive before he gets a mess of greens.

The man, Mattheus, Alias Windham, who was jailed last week on a charge of fogery, seems to have been in that business before he got into this scrape. It turns out that he had forged Mr. Carlton's name to orders which he had passed in the Etoile community before he undertook to work Mayer & Schmidt.

Dr. Jno. H. Reagan, at Clawson, Angelina county, is offering a liberal reward for his fine saddle horse that got loose Monday night with a new muley English saddle on. A chestnut sorrel, white star in forehead, foretop cut short, shod in front, one white hind foot, fine saddler and driver. Report to him at Clawson, or to Dr. J. E. Mayfield, Nacogdoches.

Black Jack Budget.

A Newsy Letter from Our Regular Correspondent,

Attoyac, Feb. 9, 1902.

The weather continues cold and no prospects for a change soon according to the best regulated almanacs.

Messrs. Jim and Ed Stephens are now sole proprietors of store formerly the property of their deceased father, A. P. Stephens.

Mr. Jim Stephens will soon move to Attoyac. He will continue his business at Akin, Shelby county, having employed a proficient clerk to attend his business there.

The young people tripped the fantastic toe on Friday night, the 7th, inst., at the residence of Mr. Billy Roberts.

Messrs. Will Morgan and Eugene Sanders of Melrose paid our burg a business call one day last week.

Our Dr. Blackshear has traded L. G. Hanks out of his bottom land farm on the creek about three miles south of town. Mr. Hanks has moved on the place he got from the Doctor.

Uncle John Pleasant came to the burg one day last week with his bristles all up. The cold snap had froze his inspirator, bursting it. He ordered a new one and the check valve had been put on the wrong way, but he was not machinest enough to remedy it. It is said when Mr. Bill Blankenship informed him of the cause, all that saved the gentleman of whom he purchased the inspirator from getting a "cussin' out," was that of the fact that he is of a religious turn of mind.

Rev. Acrey, Baptist, preached an excellent sermon today.

There was a musical entertainment at the residence of Mr. Billy Hodges. It was said to have been quite an enjoyable affair.

Uncle Ike, an employe of "Uncle Sam," conducting the mail line between this place and Chireno, is a reader of THE SENTINEL, and enjoys a lucrative business. Uncle Ike is of the colored persuasion and is well liked by all classes.

J. O. Ray.

J. O. Ray, or rather plain "Jim Ray," authorizes us to announce him as a candidate for county treasurer of Nacogdoches county, subject to the action of the democratic primaries. Everybody knows Jim. He was born and raised in San Augustine but has been a citizen of Nacogdoches nearly twenty-six years. He got his better half here, and the "tother half" could never get away and he has been here ever since, and now he is the head of a big family. He has always made an honest living; not so deucedly independent, he says, but he has managed to "get on." He does not ask for the office out of charity, nor because he is unable to work or to continue making a living, but because he would like to have the office.

He is worthy of the place and will fill it well and faithfully.

A son was born to Dr. and Mrs. A. A. Nelson yesterday.

Kicked By a Mule.

James, the little eight year old son of Mr. Henry Chisum, who lives near Simpson's camp ground, was kicked on the head by a mule Sunday and had his skull badly fractured. The little fellow was picked up and carried in the house after the accident and was given up for dead, but he came to life in a short while and every effort was made to relieve his sufferings. It was found that an operation would be necessary, and yesterday he was brought to town and taken to the home of Mr. and Mrs. Henry Lee on South Fredonia street, where Drs. Barham and Tucker performed a successful operation, taking out a small portion of the skull.

The little sufferer is doing splendidly today.

R. H. Burk.

The gentleman whose name heads this notice authorizes THE SENTINEL to place his name in the announcement column for the democratic nomination for the office of tax assessor of Nacogdoches county. Mr. Burk is a young man of most exemplary character as well as high literary attainments. He is well qualified for the position and if elected will serve the people with credit. He has been reared on the farm and belongs to the working class, but by close application has qualified himself for any position where clerical ability is required. He is a nephew of Messrs. H. T. and Bart Burk, of Nacogdoches.

Groceries

I have opened up one of the nicest stores of Fancy Groceries and Confectioneries in Appleby, and would like to have a share of your patronage. Also have a nice Chile Parlor in my store.

E. J. HARRIS, Appleby, Tex.

Rev. M. Donegan Dead.

Rev. M. Donegan, one of the oldest Methodist preachers of East Texas, and a citizen of Nacogdoches county for nearly half a century, died at his home near Lina Flat last night. He was the father of Prof. J. F. Donegan, of Flat and A. Y. Donegan, of the firm of Seale & Donegan, of this city. Mr. A. Y. Donegan went to his bedside yesterday and was with him when he died. He was well known throughout East Texas and was loved for his earnestness of purpose and his zealous devotion to the cause of christianity.

Sad Accident at Garrison.

The news was received here at noon of an accident which may result in the death of Capt. Jas. G. Garrison, brother of Henry Garrison and Mrs. Dr. Barham, of this city. Capt. Garrison was run over by a wagon and probably fatally injured. He was alive at 2 o'clock this afternoon, but with little chance of recovery, according to report. We have been unable to get particulars of the accident.

Rev. Watts writes home from Jasper, Ga., that his father is much better.

N. Q. Mayfield.

We are authorized to announce Needham Q. Mayfield for the office of tax assessor for Nacogdoches county, subject to the action of the democratic primaries. We know of nothing especial to say in placing him before the people. He has appeared before them in the past, and has served them well in this capacity and is therefore well known throughout the county. He is one of the county's best citizens and a most upright and honorable man, and his candidacy will receive the fair and impartial consideration of the democratic voters at the primaries.

Cotton Receipts.

Following are the receipts at the various cotton yards of Nacogdoches for the present season, beginning September 1st, 1901:

Matthews' yard,	7,650
Sanders' yard,	6,000
Alliance yard,	5,457
Taylor's yard,	3,800
In transit,	950
