A PROGRESSIVE ESTABLISHMENT.

BLACK JACK

Rapid Stride of the Grocery Firm of Wilson, Grimes & Co.

Few establishments of any character have advanced so rapidly in the commercial world as that of Wilson, Grimes & Co., wholesale and retail dealers in groceries, grain, hay and feed stuffs. It has existed scarcely more than three months, yet it has reached the foremost ranks of our local concerns. By fair dealing, close buying for cash and closer selling, the firm has built up a trade that would do credit to the oldest and most thoroughly established enterprises of the kind, considering the amount of capital invested.

Messrs. S. F. Baucum and C. E. Grimes, who are members of the firm, give their closest personal attention to the business and no amount of energy, pains and care is spared in considering the wants of customers. The very best stock is kept, the promptest attention is given to orders over the phone, and the most courteous treatment is bestowed upon customers in person. They are determined to succeed and success is already written upon their banner.

Yesterday was the 58th birthday of Mrs. E. A. Ingraham and she was the recipient of many presents and hearty congratulations. Seventy years ago she stood with the light of the morning in her eyes, its sun glint on her hair, and looked across the coming years wondering. Today with the light of Heaven in her blue eyes, when "the bright hair is silver, the feet are slow," she looks back at the years that have fled knowing that a noble life well spent lies between. She teaches us the beauty of age, as much finer, as rarer, than the beauty of youth. That she may live many more years to be an honor and an example, is the earnest wish of all her host of friends.

J. H. Sheffield and Joe Summers, of San Augustine, are in town.

Local Happenings of Interest as Reported by The Sentinel's Special Correspondent.

Attova, March 30. Mrs. Bill Blankenship, whom your correspondent reported so low, is now much improved and is on the road to recovery, to the joy of her relatives and friends.

The little child of Mr. Will Perrett, who was reported as being with pneumonia, is getting along all right. Another one of the children has the pneumonia, hope it won't be serious.

Some of our citizens attend at services at Black Branch today.

Mrs. Crisp, an indigent, is very sick. Dr. Baughman and Fuller are her attending physicians. Mrs. Crisp receives only \$3.00 a month for support. The doctors, she then practices that to say. Her condition is such that the physicians of the county are well provided for. The ladies give more help.

Telephone communication and some of the tragic death of Mr. Hugh Crenshaw, former K. of this place, at Leno. Flat one day last week. Hugh had many friends here who are pained to hear of his death.

Little Virginia Stinson, the pet of Nacogdoches, is here of your ten years old with a spirit as daring and intrepid as she is lovely. Her mother, a serious accident, so speedily also a serious one. Her condition is such that the physician here has a fair chance of her being able to get on her feet. Her feet slipped and she fell. At first it was feared that it was worse than now, she appears. She sustained a slight fracture of the shoulder and the shoulders were terribly wrenched and strained, but she will be up and climbing trees again in a few days.

Mr. W. B. Stewart of Center, an insurance man for the New York Life, is in town on a trading expedition.

A NOCTURNAL VISITOR

Exciting Experience of a Nacogdoches Man Last Night

Frank P. Brewer, Esq., had an unusual and exciting experience last night. He had a noise in his yard and went out to see what it was, when he found a large snake and a large number of other reptiles. He was very much frightened and called for help. The snake was very large and was coiled around a tree. It was very dark and the man was very much frightened. He called for help and the neighbors came. They were very much frightened and called for help. The snake was very large and was coiled around a tree. DIED FROM HIS INJURIES

Death Relieves Hugh Crenshaw From His Terrible Suffering

Hugh Crenshaw, who was fatally injured by a falling tree, an account of which was given in this paper yesterday, lived but a few hours after the terrible accident and died at the home of his father, when he was removed immediately after he recovered his senses. The sad occurrence deeply affected the friends who knew the young man and was regarded as a tragedy. He was a good worker and a very kind man. He was very much loved by his friends and his death is a great loss to the community.

AT OIL WELLS

One Well Has Been Sunk to a Depth of 465 Feet

The Lacey well at Oil Springs has been sunk to a depth of 465 feet. Several strata of oil have been found but as yet the flow has not been satisfactory to the company. An eight inch flow of natural gas has been found and the drill is having a very good experience similar to that of the Chertow well. At the bottom of the well a substance resembling petroleum is being struck. A specimen of which has been sent to the Texas Geological Survey and has been found to be a very good quality of oil. The well is now being worked and it is expected that it will produce a very good quantity of oil.

PUSHING THE ROAD.

Work on the Gap Between Muhl and Jacksonville will be Rushed.

Those who are in a position to know say that the grading on the unfinished gap of the T. & N. O. railroad will be pushed for all there is in it from this time on. There will be three hundred teams in addition to the large force now at work, put on within the next few days. There are some heavy cuts and fills between Muhl and the Angelina and the work will necessarily be slow. But in spite of the unusually heavy grade the company will not fail to complete the gap within the prescribed time and before this time next year Nacogdoches will have direct communication with Dallas by rail.

A pleasant and profitable session of the East Texas Christian Cooperation was recently held at Longview. Timpson was elected to entertain the next session of this body to be held next October. This movement was organized at this place several years ago, and developed considerable enthusiasm in missionary effort, and we confidently expect the community to receive an uplift in christian work from the meeting to be held next October.—Timpson Times.

A Quiet Wedding.

Mr. Julien Barksdale of Beaumont was married last night to Miss Clara Tucker of this city. The marriage took place at the home of the bride's parents, Mr. and Mrs. Phillip Tucker in this city. Rev. W. W. Watts officiating. The wedding was a quiet affair, only relatives and a few friends of the family being present. Miss Tucker is a popular young lady, endowed with true womanly graces and is a cousin to Messrs. Hal, Frank, Ben and Dr. Felix Tucker of this city.

The groom is a worthy young man, a citizen of our flourishing neighbor city, Beaumont.

Owens Acquitted.

W. P. Owens, charged with assault with the intent to murder, was acquitted by the verdict of the jury this morning. The trial was called early yesterday morning and consumed the entire day and until 11 o'clock last night, when it was given to the jury. At the opening of court this morning the jury returned a verdict of "not guilty." Owens was indicted last year for shooting Richard Hawkins, a tenant on Owens' farm. The trouble grew out of some misunderstanding about the work on the farm and a lot of idle talk. It is said by disinterested parties, terminating in a shooting scrape in which Hawkins received a wound in the arm.

RACE TROUBLE IN ALABAMA.

Meager Details of Shooting—Militia Asked For.

Birmingham, Ala., March 25.—A special to the Age-Herald from Jasper, Ala., says: Information has just been received here of a race riot 12 miles east of Jasper late this afternoon. One hundred and fifty shots are reported to have been exchanged, but the casualties can not be ascertained at this hour. A farmer named Murray came in about 7 o'clock for ammunition and has not returned. Sheriff Moore has asked Governor Jenks to call out the local militia company, and the men are getting ready to respond to the call, which is momentarily expected.

The trouble has been brewing for some time and is the outgrowth of bitter racial feeling, which was further accentuated by white men whipping two negroes on the charge of stealing.

Up to 10 o'clock nothing further has been heard from the seat of trouble in the eastern part of this county, and further details can not be obtained. Sheriff Moore has received a telegram from Governor Jenks, authorizing him to call out the local militia company whenever he thinks it necessary. Captain Bankhead has also been instructed by the Governor to respond to the call of the sheriff. The seat of the trouble is at a negro colony about 12 miles east of here on Warrior river. The negroes have organized and armed themselves and are preparing to make a stubborn resistance.

Would Smash the Club.

Members of the "Hay Fever Association" would use Dr. King's New Discovery for Consumption, the club would go to pieces, for it always cures this malady, and Asthma, the kind that baffles the doctors it wholly drives from the system. Thousands of once-hopeless sufferers from Consumption, Pneumonia, Bronchitis owe their lives and health to it. It conquers Grip, saves little ones from Croup and Whooping Cough and is positively guaranteed for all Throat and Lung troubles. 50c, \$1.00. Trial bottles free at R. T. Shindler drug store.

The Base Ball Park.

Manager George Partin has a force now at work on the new base ball grounds north of the college campus. The grounds are being graded down and fenced in and when finished Nacogdoches will be able to boast of an up to date ball park. The local team are enthusiastic over the outlook for the approaching season, and feel confident that some crack games will be landed. A challenge has already been accepted from the Beaumont team to play here early in the season and several other good teams are scheduled.

CRUSHED BY A FALLING TREE.

Hugh Crenshaw, While Clearing Right-of-Way Was Seriously Hurt.

News was received here early this morning of an accident on the Texas & New Orleans right of way near Linn Flat that may prove to be fatal.

Hugh Crenshaw, who was working for Mr. Peterson, clearing right of way for the Texas & New Orleans railroad, was caught under a falling tree yesterday afternoon and was so badly crushed that but little hopes were entertained for his recovery. When message was received at this office he was alive and that was all. Should he survive it will be truly said that the days of miracles have not passed away according to report.

To The Voters of Nacogdoches County.

As I have been approached by a number of people, voters of this county, since the campaign before the primaries began and by some too who live right here in Nacogdoches, to know whether I was a candidate for County Judge or not, and in view of the fact that a considerable number has expressed to me the intention of voting for me in the primaries, I have concluded that it would be a matter of justice to all the candidates for that office through the papers let the people know that I am not a candidate. The Lewis that has announced for that office is T. B. Lewis instead of E. B. Lewis, and it is a matter of simple justice to the candidates themselves and to the people to let them know that I am not the Lewis that is running for that office.

Respectfully,

E. B. LEWIS.

TERRIBLE ACCIDENT.

Ladies Driving at Houston Struck by a Car—Head of One Cut Off and Another Badly Hurt.

Houston, Texas, March 26.—Tonight an accident happened on Hardy Street, in the Fifth Ward, that resulted in the death of Mrs. Thomas Miller of Houston. She was killed and her daughter, Miss Mary Miller, was so badly hurt that one foot, the toes of the other and her left hand had to be amputated. Another daughter was slightly wounded.

They were crossing several railway tracks when struck by a freight car. Mrs. Miller's head was cut off. Miss Mary was taken to the Houston Infirmary. The ladies were crossing the track at the time and it is not known exactly how it happened.

EDITOR SENTINEL:

Being a reader of your most valuable and interesting paper, and seeing nothing noted from this moral spot I concluded I would pen you a few dots.

The farmers of this section are planting and preparing for a new crop, but the rain has retarded their progress for the past few days.

Merchants reports business on the increase, owing to the large number of men at work near here, there is no reason why business should not boom around here. The demand for labor is greater than supply at present owing to the great amount of work being done near here.

The candidates lose no time around Muhl now days, one hardly gets off before another is on hand, they seem to know where to find the largest crowd.

Messrs. N. T. Sisco, for tax assessor and M. A. Spear, for commissioner were in town Saturday meeting their many friends. J. M. Jones, candidate for justice peace was in town Tuesday meeting the people with a pleasant smile.

Mr. Gallaway of Nacogdoches, passed through our town Monday en route for Caro, to see after financial affairs. We learn Mr. Gallaway will put in a planer at Caro. Should such be the case it will be a great benefit to the surrounding country.

Messrs M. Peterson and B. C. Berrington spent Monday in Nacogdoches.

Mr. T. B. Lewis and Miss Mae Stuckey attended the reception at Prof. J. O. Pinkard's Saturday night, given in honor of Miss-Sidney Pouncy, of Center, Texas. Miss Pouncy is a charming young lady.

Miss Katie Birdwell, of Nacogdoches, has come up to her father's to spend a few weeks in order to gain her health again. We hope Miss Birdwell will decline the idea of returning as she cuts no small figure in our society.

FRUIT GROWING IN EAST TEXAS.

The following extract from an article on the fruit industry of Smith county by L. A. Petit, staff correspondent of the Houston Post, while especially applicable to Smith county, may be easily applied to Nacogdoches county, simply profiting by the lesson of experience already learned by the fruit growers of Smith and Cherokee county: "The transition from cotton to fruit and vegetables has been gradual but sure. As far back as twenty years ago peaches were in a small way, grown for market near Jacksonville, Tyler and Lindale. Little by little those who planted cotton noticed that the fruit growers had money while they were always in debt, and one by one they began planting fruit trees. Success was not in all cases instantaneous and uniform. Inexperience and lack of knowledge of the markets in many cases led to failure. And, when these had been acquired, dishonest commission men made away with the profits of the venture, leaving the grower with nothing to show for his labor. But the growers tried and tried again. Time brought them wisdom. They became learned in their business; they found out the varieties adapted to this section, and they hit upon plans for selling their fruit that dispensed with the service of the profit absorbing middlemen. Organization necessarily followed until now there is concert of action with its natural sequence of satisfactory results.

"Truck growing began to attract general attention in this section about three years ago. Since then the acreage devoted thereto and the number of people engaging therein have increased 100 per cent each season. Next season twice as many acres will be in cultivation in vegetables, as there was last and the acreage in fruit trees will have doubled. As a result the number of the agriculturalists out of debt and with money laid away will have materially grown by January next. It is a notorious fact that there are no mortgaged truck patches or orchards in this vicinity and that it is no uncommon thing to run across people with incomes of \$2000 a year or more yielded by places averaging less than twenty acres in area.

"Fruit growing and truck farming is a matter of limited acreage, intense farming and cheerful application. They constitute a pursuit requiring a fair amount of intelligence—in other words, essentially an elevation, and a white man's pursuit—and its spread is forcing cotton to the rear, causing the cutting up of big plantations and pushing aside the negro and his mule.

"Furthermore, this is verily a poor man's country, where industry and a willingness to work is collateral sufficient to negotiate a start with, and there are many cases in which men have bought land on a credit, paid it out in three years and built themselves homes and had money left besides. No man who is willing to work need lack for land or

backing to start in the truck business with in this country as he will be welcomed and started off if he will but signify a desire to engage therein and can show that he is reliable.

THURSDAY'S LOCALS.

Capt. Jas. H. Garrison, is attending district court.

M. G. Hazle has been busy today putting up awnings in front of the Commercial National Bank.

W. T. Weaver, of Shady Grove, was in town today. He is just up from a severe spell of sickness and is looking quite feeble.

Ed Fay, of Dallas, agent for the Fay-Sho type writer, was in the city in the city in the interest of his machine yesterday.

Mr. Percy W. Morrow, of Houston, traveling passenger agent of Louisville & Nashville railroad, spent last night in the city.

J. H. Muckelroy, of Martinsville, was in the city yesterday and honored our sanctum with a call. Mr. Muckelroy has been postmaster at Martinsville ten years.

Wonder what that pine top was placed on top of the frame work of the spire of the new Presbyterian church for? It must be a hint to the board of deacons to set up the lemonade.

J. A. Jay, of Troupe, is visiting his cousins, the Messrs. Ireson, of this city. He is also a tobacco drummer and is mixing a little business with his pleasure in visiting our city.

F. B. Goodrich, of the H. E. & W. T. Ry., Co., was in Nacogdoches again today. Quite a number of railroad men have dropped in during the week, most of them having business with the district court.

Col. John M. Knight, traveling passenger agent of the Southern Railway, with headquarters at Houston, Texas, came up over the T. & N. O. yesterday and spent last night in Nacogdoches. Col. Knight spoke very complimentary of the Stone Fort City.

S. H. German, of Livingston, is attending district court in Nacogdoches. Mr. German was formerly connected with the Livingston Local but at present is stenographer for the law firm of Feagan & Carter of Livingston.

W. E. Menefee and Mr. Pinkston, of Chireno, were in the city this morning on a trading trip. They say there has been so much rain that farmers have nearly got the "blues" in their end of the county.

C. A. Nichols, representing the Houston Chronicle, is in the city. He is endeavoring to get a circulator in Nacogdoches to take the place of Carlisle Gilbert, who has resigned to go to school.

Mr. Thomas H. Heard, representing the Art League, of New York, is in the city. His company are illustrators of advertising and Mr. Heard will no doubt interest our Nacogdoches people, who are liberal users of printer's ink.

Mr. Alex Anderson, representing the J. J. Pastoriza Lithographing and Printing company of Houston, was in the city yesterday. He is selling the Smith-Premier type writer.

Mrs. L. L. Legg died at the family home near Eden yesterday and was buried at 3 o'clock this afternoon at North Church cemetery. Rev. S. F. Baucom, officiating. Mrs. Legg was a noble, pure woman, loved by everybody and her death is universally regretted. The bereaved husband and relatives have the sympathy of all who know them.

Col. B. S. Wettermark returned yesterday from Houston, where he went Monday night to attend the funeral of Capt. O. C. Drew, who was a relative of his, and a former associate of his father, Col. A. Wettermark, in the banking business.

There are several members Mrs. Muller's family confined within doors with the mumps, including Mrs. Lizzie Hubbard. Mr. Hubbard has just recovered from an attack and is able to be at his place at the electric light plant again.

The three hours service will be held in Christ church tomorrow from 12 to 3 p. m. This is a service of prayers, hymns and bible reading with short sermons on the last words of our Lord from the cross. People are not expected to remain during the entire three hours but to come and go as they will. Everybody is invited to attend.

The R. T. Shindler Co. are fitting up one of the swellest ice cream parlors imaginable and will be ready for the opening about April 1st. The soda fountain will remain in the front of the building as heretofore, but the "parlor" is in the rear of the building, raised some ten feet above the ground floor. It will doubtless be a popular resort for ladies and young people who will enjoy a quiet place and a short rest while partaking of the cooling refreshments.

White's Head-Ease cures you while you wait. Guaranteed by Perkins Bros.

Elected a Sponsor.

Camp Raguette is to be complimented upon its election of one of the sweetest, brightest and most popular young ladies of Nacogdoches as sponsor, and Miss Anna Clark should be congratulated upon receiving this honor. The selection was made at a called meeting held Tuesday afternoon at which several other matters of importance were discussed and passed upon. The roster was called and revised, and it was ordered that all veterans who desire their names to appear upon the roll pay their dues at once to Treasurer Jno. P. Davidson. Another meeting of the Camp will be held April 19th.

OUR STREET RAILWAY.

Within a Short Time Work Will Begin On Its Construction.

C. C. Galloway, of the Galloway & Wright Lumber Co. returned this morning from Caro, which will be the next station North of Muhl, on the T. & N. O. railroad, where he is interested in a big saw mill with A. B. Martindale. The new mill begin sawing several days ago and is now running under full headway. Mr. Galloway says as soon as the ties can be cut and delivered, work will commence on the proposed street car line in Nacogdoches. The line will be extended on North, Mound and Main streets and will be in operation within the next few months.

An Unruly Mule.

Last Tuesday evening as Eli Westfall and E. A. Boles of Rusk, who had been out with W. S. Arthur surveying land, were returning to Hemp-hill their mule, a large and powerful animal, took fright and ran away, smashing the buggy into fragments. Mr. Boles was badly bruised about the face and in the side, but was able to get to town. Mr. Westfall escaped injury and so did the mule. The latter was seen by a reporter a few hours after the smash-up, and appeared proud of his part of the performance. — Hemphill Messenger.

Death of Rabbit Road.

At Houston, Texas, on the 19th of the present month the employes of the H. E. & W. T. railroad met in solemn conclave and with a set and deadly purpose. They had borrowed—(when the Houston militia was off fiercely fighting the foe), a 12 pound Napoleon gun and with its brawling boom the cellar walls fell in, the "rabbit" was killed and buried in its "Hutch."

This event celebrated the beginning of the merging of H. E. & W. T. into the Southern Pacific system, which merger has been in process of evolution for several months.

Under recent schedule trains 11 and 12 of the H. & S. have been running into the Grand Central depot at Houston. These are accommodation freights out from Shreveport and the question naturally arises, why cannot these same accommodation trains make the Union depot at Shreveport instead of holding themselves in the wilds of West Shreveport. — Shreveport Journal.

The Vice Of Nagging

Clouds the happiness of the home but a nagging woman often needs help. She may be so nervous and run-down in health that trifles annoy her. If she is melancholy, excitable, troubled with loss of appetite, headache, sleeplessness, constipation or fainting and dizzy spell, she needs Electric Bitters, the most wonderful remedy for ailing women. Thousands of sufferers from female troubles, nervous troubles, backache and weak kidneys have used it, and become healthy and happy. Try it. Only 50c. R. T. Shindler drug store guarantee satisfaction.

Our Spring Display

of ladies and men's clothing is exquisite. The ladies will find that we have a greater variety, a better and more fashionable assortment of dress goods than we have ever had before. Our clothing department is also a picture with suits and furnishings of 1902 styles, you will profit by trading here in more ways than one. If every lady wants the latest style dress but does not want it to be a copy of any other dress it will be a tedious task to gratify their wish, but if they come here they will get just what they want. Come and walk up and down the aisles in our store and you will certainly find something you want.

MOST MEN ARE PROUD of their well fitting clothes and are very particular in the selection of them. We have all the new patterns and materials and can give you a faultless fit. Every man should at least come and inspect our stock and get our prices in order that he may do justice to himself. Prices that originally were low are lowered.

The Boy

is hard enough on shoes but in the spring he is out playing more than ever and his shoes get very rough treatment.

The Victor

shoe is made strong enough to endure these knocks. See us for a pair.

The Girl

is not going to wear her heavy shoes this beautiful weather. She must have a pair of shoes suitable for school wear too.

THE VICTOR shoe is also made for girls and they are easy on the feet giving the feet a good shape.

Furnishings

For men and women this year are swell. If you only knew how much stylish furnishings added to the suit or dress you wouldn't close your purse to these beautiful novelties that we are selling.

DAINTY FEET

Is the hearts desire of every girl and woman. They squeeze their feet into little shoes in hopes of gratifying their wish, but it runs their feet and helps to make them larger and uglier and they soon find that they have to wear a large shoe.

DITTMAN SHOES

are made on all the lasts as are other shoes, but they have a knack for fitting the feet perfectly, giving comfort, grace and beauty to every foot. If you want styles in shoes, you could not ask for prettier or more durable than those shown in the Dittman Line.

Spring Millinery

This season finds our stock of spring ready to wear Dress, Walking and Hack Hats for Ladies, Misses and Children, beyond all question of a doubt the most elaborate ever shown over our counters, this line is

SIDE TRACKED.

It was all a bluff. THE SENTINEL didn't want to run for the legislature now. We just wanted to find out whether there were going to be any more candidates or not. Our friend Homer Dotson looked lonesome running all by himself while some of the other offices had five or six candidates, so we thought we would just come in to keep him company. But Judge Middlebrook nipped our little campaign in the bud and side tracked us before we ever struck the main line. His name will be found in the regular announcement column and he offers up himself for sacrifice subject to the action of the democracy of Nacogdoches county. In announcement he requested us not to offer any apology, nor expatiate upon his qualifications and especial fitness for representing the people in the 28th legislature, but merely to ask them to give him an opportunity to see if he can find the way to the State capitol. So, there you are.

Judge Middlebrook's record is an open book to the people of this county and he needs no words of commendation from this source. He has filled every trust imposed upon him with honesty and ability. He is true to the cause of democracy and in the capacity of Representative would prove a friend to all the people and would serve the interests of his constituents faithfully and creditably. We leave the subject with the democracy.

In the southern addition of Nacogdoches, new houses are going up rapidly and roads are being improved. The new streets laid out are exceptionally wide; and that locality promises to be one of the prettiest residence portions of the city. Nacogdoches is growing so fast that the residents themselves scarcely recognize the old place. The field of today is the thickly settled suburb of tomorrow, and in all the new additions, the buildings are of the better class, and add to the beauty and desirability of the town.

PATRICK, the man condemned for the murder of W. M. Rice, is seeking comfort in connubial bliss, but the prison officials will not allow the wedding to come off. He wants to marry his former house keeper. Patrick, no doubt, would be glad to carry out the usual program where objection is made and consummate his marriage by elopement.

RIOTING is going on in China and thousands of people have been killed. Official reports say the riots were due to attempts of local officials to collect indemnities of the Catholics as arranged between the officials and the priests. Soldiers have been dispatched to quell the disturbances and a Taotal has been sent to adjust the differences. All the trouble China has had for some time past seems to have its origin in some religious move.

FOR STATE SENATOR.

THE SENTINEL is authorized to announce J. T. Beaty, of Jasper county, as a candidate for reelection to the office of State Senator from the Fourteenth senatorial district, subject to the action of the democratic party. Senator Beaty is merely asking for the re-nomination to serve out what is considered an unfinished term, it being customary for state senators to serve four years. The reapportionment following the taking of the census breaks this custom every ten years, making it necessary to elect all the senators after the reapportionment. So far Mr. Beaty has no opposition, and as the people of the district seem perfectly satisfied with his stewardship he will have a walk over for reelection.

Vice-President Markham, of the Texas & New Orleans Railway Company, and F. B. Goodrich, of the H. E. & W. T. railroad, came up to Nacogdoches in their private car this morning, and spent the day in the city. They did not promise to give us those railroad shops, though we offered them any inducement they might require. They touched a tender chord in the hearts of our people, however, by speaking in most complimentary terms of Nacogdoches and her prospects. They were pleasant callers at THE SENTINEL office while in the city.

W. D. Jackson, of Etoile, is in the city in attendance at district court.

THE ELECTION.

The Largest Vote Cast Ever Polled in the city Elections.

The city election yesterday resulted in reelection of Jno. B. Nelson for mayor and Dr. Ford for alderman. B. F. Hardeman was elected as successor to D. K. Cason, who refused to stand for reelection. The vote stood as follows:

FOR MAYOR.	
Jno. B. Nelson	157
K. P. Branch	114
FOR ALDERMAN.	
B. F. Hardeman	203
F. C. Ford	195
J. A. Drewry	125

Notwithstanding there was a larger vote pulled than heretofore, there was nothing like a full vote cast, and there was apparently little interest taken in the election. Each candidate seemed to be indifferent to the result, and as there were no "axes to grind" very little effort was made in favor of any candidate. The result, which may not be just as some of us preferred it, gives the city a safe and sound administration, and leaves her affairs in good hands.

Steve Richardson arrived from the Philippines last Saturday and went straight on home to Melrose, where he has remained ever since. He did not take time to go round and shake hands with his friends, but said he would put that off until he had seen the home folks. He has been in bad health for several months and lacks about fifty pounds of being as big a man physically as he was when he left here and went to the war.

Mr. A. T. Rider, of Joaquin, secretary of the Truck growers' association of his place, is in the city looking after the interests of his association.

Professor Fishback, geologist for the East Texas Oil Co., at Hyatt, was in town one day this week en route to the Nacogdoches oil fields.—Colmesnel Times.

Wiltred Wettermark and wife of Lufkin are visiting Col. and Mrs. B. S. Wettermark on North street.

Sam Smith has nearly finished five new small houses that he is building for R. H. Lee fronting the railroad in the Davidson addition, and has started the sixth. Dr. Mayfield has nearly completed

four new houses fronting Mr. Lee's, on the opposite side of the railroad track.

Ollie Jopling returned to Garrison yesterday after spending several days in the city on business.

Beeman Strong, Esq., went up toward Garrison yesterday. We suppose he went "to see his mother" again.

Mr. Sam Hayter returned to Huntington yesterday after a few days visit to his mother. Mr. Hayter reports Huntington as progressing finely.

Mr. Cahal, who sustained a broken rib in a fall while working on the new express office at the depot two weeks ago, is able to stir about, but is still unable to go to work again.

Mrs. W. J. Blackman died at the family home near Melrose Saturday and was buried yesterday at North church. The many Nacogdoches friends of Mr. Blackman sympathize with him in his misfortune.

Mr. Tom Blacksher, who spent two weeks here under treatment for abscess in the side, and who is now at the home of his son, Joe Blacksher at Appleby, came down yesterday to have his side washed out and dressed, returned without being treated, the physician saying that it was getting on well enough and did not need attention yet. Mr. Blacksher is very much improved and is now on the road to complete recovery.

UNITED STATES OF AMERICA, EASTERN DISTRICT OF TEXAS, SS.

TYLER DIVISION.

In the United States District Court in and for said district. In the matter of William Cubbins, Bankruptcy.

No. 1332. In Bankrupt.

PETITION FOR DISCHARGE.

To the HONORABLE DAVID E. BRYANT, judge of the district court of the United States for the Eastern District of Texas, William Cubbins, of Nacogdoches, in the County of Nacogdoches and state of Texas, in said district, respectfully represents that on the 6th day of August, last past, he was duly adjudged bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all his property, and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy.

Wherefore he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankrupt acts, except such debts as are excepted by our laws from such discharge. Dated this 10th day of February, A. D. 1902.

William Cubbins,
Bankrupt.

ORDER OF NOTICE THROUGH.

On this, 29th day of March, A. D. 1902, on reading the foregoing petition it is ordered by the court that a hearing be had upon the same on the 24th day of April A. D. 1902, before said court, at Tyler, Texas, in said district, at 10 o'clock in the forenoon; and that notice thereof be published in The Weekly Sentinel, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause if any they have, why the prayer of said petitioner should not be granted.

And it is further ordered by the

court, that the clerk shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

Witness the Honorable David E. Bryant, Judge of the said court, and the seal thereof, at Tyler, Texas, in said district, on the 29th day of March, A. D. 1902.

Attest: D. W. Parish,
(SEAL OF THE COURT) Clerk.

THE LATEST THING OUT.

Still Nacogdoches continues to keep up with the procession. She is right up to "day after to-morrow," or next year. In fact she is several years ahead in some things. The latest enterprise added to her many industrial features is The Daily Plaindealer, which made its first appearance yesterday. The new paper comes out looking lively and showing signs of popularity and prosperity. Already the editor is figuring on a trip to Europe or South Africa or some other foreign seaport, even hinting that he might place an endowment upon the Nacogdoches University. Well, we weren't particularly anxious for competition in the Daily newspaper field, but we are ready to extend the right hand of fellowship, and when we join hands with the Daily Plaindealer we'll go after things right and "whoop 'em up Liza Jane" for old Nacogdoches. We may get to scrapping once in awhile like the proverbial old man and his wife, but we won't allow anything else to monkey with our affairs, and we shall guard with a jealous eye the best interest and welfare of the East Texas Metropolis.

ONLY three weeks until the primary election. It is now almost too late for new candidates to enter the field.

THE continued rains are seriously interfering with crop prospects throughout East Texas.

IF we fail to get the Old Stone Fort rebuilt what's the matter with calling Nacogdoches the "Elm Tree City?"

MISS STONE is now en route for her home in America. She will return via London. When she gets home she will be ripe for the lecture stage.

ONE oil well has been struck at Sour Lake that flows an eight inch stream twenty feet over the top of the derrick, says the Beaumont Journal.

THE price of cotton has continued to drop for several days, which is said to be due to trouble with labor at the great cotton mills at Lowell, New Bedford and Providence.

THE rate of \$4.85 for the round trip ought to be a great inducement for the people of Nacogdoches and other counties along the H. E. & W. T. railroad to attend the great Confederate reunion at Dallas April 21st to 25th.

SOME folks who are awfully opposed to a little politics in the Nacogdoches papers persist in subscribing for the Houston papers. Now, if there has been anything but politics in the Houston papers for three months past it has been hard to find. Oh, consistency!

NACOGDOCHES — PRESENT AND FUTURE.

The Beaumont Journal of Tuesday contains an article upon the history of Nacogdoches, from the pen of Mr. W. B. Jones, who will spend several days in this city. From friend Jones's letter we extract the following which treats of the Nacogdoches of today:

"The town moved along in a quiet way as a good interior trading point until the building of the Houston East and West Texas railroad in the 80's, when it took on new life and began to show signs of expansion, and its growth has been substantial and steady ever since. The extension of the Texas and New Orleans railroad from Rockland to Dallas reached here last fall and gives the town two roads, and with the coming of the last road impetus to the steady growth was added, and at this time the town is going forward by leaps and bounds and will in the near future be a bustling little city of ten thousand people. Its commerce at this time equals places twice or three times as large. The cotton shipments the past season were 24,000 bales and the crop was not much over half a crop. With a fine crop the town will handle 50,000 bales, which makes it the second largest cotton point from wagons in Texas. Waxahachie alone leading. When it is considered that not more than one-tenth of the county's area is in cultivation, it is easy to figure out a great future for both the county and the town from an agricultural standpoint alone, to say nothing of its timber and oil, of which we will make mention later on, as we will also write more in detail of the industries of the town, its people, schools, and churches, its lovely streams and shady streets, its hustling business, interesting traditions and history, linking the past and present together in a story of its struggles for a place on the earth."

One day Cecil Rhodes, when prime minister of Cape Colony, was to open an extension of the Cape Town Suburban railway. Everything was in readiness for the opening ceremony, when suddenly it was noticed that Rhodes was missing. There was some consternation at this, and messengers were sent in all directions to find him. Presently the prime minister was espied calmly enjoying a bath in the ocean near by, totally oblivious to the fact that he was keeping everyone waiting and that he was rapidly becoming a cynosure of all eyes. At length the situation seemed to dawn upon him, and hastily getting into his clothes, with the sea water dripping from his hair, he declared the line open for traffic, maintaining the while a perfectly serious and composed face. A somewhat similar story is told of a duke, now deceased, who was governor of Madras. He was due to open a new terminal station. The red carpets were down and the "stout sahibs" and babus had assembled to greet him. The train had arrived,

but no duke appeared, and the company were about to disperse when a grimy and disheveled figure approached from the engine. It was the governor, who had driven the train down.—Shreveport Journal.

THERE has been no invitations from any of the cities of Texas for the State Encampment this year, and the adjutant general is getting anxious over the matter.

THE Legislature of New York has appropriated \$100,000 for the purpose of erecting a monument to the memory of the late President McKinley at Buffalo.

THE prospects at present are unusually favorable for a heavy fruit crop throughout the fruit belt of East Texas. There are but a few more days before the danger limit will be passed.

THE republican party gets credit for the prosperity of the South, but who gets credit for the strikes and the poverty of the laborers in the manufacturing districts? We presume that is charged up to the democratic party.

THERE is a sort of a silent rumor that something good is coming to Nacogdoches, and that it will be known real soon whether there is truth in it or not. It might be the railroad shops, but we are not prepared to say that it is yet awhile.

THE spring convocation of Scottish Rites Masons is in session at Galveston. There are 900 Scottish Rites Masons in Texas, which number will be greatly augmented at the present session, there being a large number of candidates on hand for initiation.

Mrs. S. A. Willis came up from Nacogdoches yesterday to do some shopping.—Timpson Times.

Now, that does sound funny. The idea of going up from Nacogdoches to Timpson, "to do some shopping!"

THE Board of Trade will meet again Tuesday night, April 1st. There seems to be increasing interest in this move and it is expected that a large crowd will be present. This is something that will be of untold benefit to Nacogdoches and every live business man and public spirited citizen of the community ought to ally himself as a member.

THE CRUMPACKER RESOLUTION.

The news from Washington that the republicans have determined to press the Crumpacker resolution to investigate Southern election laws and support it as a party measure will be received with sincere regret throughout the South.

The regret does not arise from fear of loss of representation or any deprivation of the right of self-government that might be attempted by force bills conceived in the same spirit as the Crumpacker resolution. The south has never shown fear at any contest with the north of any sort. The regret comes sincerely and solemnly from the ruthless revival of sectionalism which we had buried.

The southern states have been doing their part in contributing to the support of the Federal government and the general welfare of the United States. Freely have they given men and money for every national need. In good faith we have cultivated a national sentiment among our people and an affection for our common country.

But the sovereignty of the southern states as to their election laws undoubtedly exists as entirely as when the immortal Declaration of Independence declared the colonies to be free and independent states.

If the southern election laws are unconstitutional, it is for the supreme court and not for congress to so declare. If congress usurps judicial functions and declares the southern election laws unconstitutional and proceeds to inflict this or that punishment on the South, be the punishment light or heavy, the action will be unconstitutional and tyrannical, and the southern states will find a way to defeat and nullify the attempt, and the consequence will be a renewal of sectional strife with all the ill feeling and injury to national and material development that strife engenders. The southern states know their requirements as only experience can teach. They have wrought out in sore travail and self-punishment the greatest problem of sociology that ever confronted civilization, and they will not now tamely submit to having their solution upset and their present domestic peace destroyed.

If the Crumpacker resolution is honest, it aims ultimately to fashion some sort of coercion upon the results of the proposed investigation, and that coercion will meet with evasion or defiance that will preserve southern integrity at the expense of all the goodfeeling now prevailing. If the resolution is not honest, but is a mere subterfuge for creating an issue to save the republican party from threatened defeat on its record of imperialism and trust collusion, it will nevertheless excite southern antipathy. From either view it is a mischievous measure which the remnant of statesmanship and patriotism in the republican party ought to prevent.—Houston Post.

It may not be generally known that a very palatable apple wine and the expensive marmalade, beautifully labeled, which is imported from England and Germany, are manufactured from apple cores, peelings and other refuse of apples exported from this country. Hundreds of barrels of this stuff are gathered up at the manufactories every season. You will probably relish the above named imported goods all the better after reading the above.—Denison Gazette.

JUDGE E. B. LEWIS is out with a card explaining to the voters that he is not a candidate for any office and that it is T. B. Lewis who is running for county judge. The trouble is, how is the reader going to know which is 'tother when they only see the names in print. We would suggest that the Messrs. Lewis print their photographs. We would add, however, that T. B. Lewis, the candidate, lives at Mahl and is a much younger man than E. B. Lewis, who lives in Nacogdoches. The latter was once the Representative in the Legislature from Nacogdoches county, many years before T. B. Lewis came to Nacogdoches.

THE Spring rush of immigrants is now on, says a dispatch from New York. The same report says that between 15,000 and 17,000 prospective American citizens are arriving in New York every week. There were five steamships crowded with Germans, Frenchmen, Italians and Poles arrived in one day and four discharged passengers. If it had not been for the fact that a case of smallpox prevented the landing of the steamer passengers of the Rhein, 6876 immigrants would have been landed at Ellis Island. The only record surpassing this was that of May 11, 1887, when 9060 were landed.

JOHN McLENDON has abandoned the tripod of the Timpson Bulletin with the following parting words: "If any of my friends want to know what I intend to do, I cannot tell them. I am rather inclined to think that I will quit the newspaper business, just like a steer in the road. I can not make the newspaper business harmonize with my passion for food. Besides, the newspaper business is too public for me. I want to go away back and sit down somewhere, and watch the never ending throng of foolish and vain humanity glide by, without being forced to take a part in their foolishness. I have seen so much of the weaknesses and vanity of mankind that I have grown pessimistic in my ideas—and a pessimist has no business trying to edit a newspaper so I am going to quit it. I will probably buy a peanut parcher from somebody on long time credit, get a good location on some city street corner, and if this also proves a financial and social failure, as a last resort I confidently believe that I could sell gold bricks at a profit. At any rate, I shall do something, and the Lord knows I hope to be more successful than I have ever been in this business. Good by." It is rumored that John is going to run for the legislature for a livelihood.

THE POPULISTS WILL NOMINATE.

A writer in the Plaindealer, who dates his communication from Martinsville says: "There has been a whole lot said about an independent ticket. My candid opinion is that such a ticket will end in defeat and elect the democratic ticket which is dead sure to consolidate in the primaries. As I understand it, any number of candidates can run on the independent ticket. If true, this is a wide gap for the democrats to walk in at. It seems that a majority of democrats have been led to believe there would be no Populist ticket, if so they will be undeceived in due time." That's just what we 'lowed, and those who think the pops are too dead to crawl had better "tread softly" for fear they should wake them up. But there is no better way to defeat the populist ticket than to maintain an aggressive attitude and stand pat on uncompromising democratic principles. The adoption of a strong test was the first best thing that could have been done. The next best thing is to be ready for a vigorous campaign and force them from under cover to do their fighting.

THE days of General Miles are numbered. From the day he refused to become a mere tool for the administration he has been marked for punishment and his punishment means retirement. The greatest crime that Miles committed was that he agreed with Dewey and spoke his opinion as to the ruling of the court of inquiry and the action of the president, General Miles is also opposed to the administration's new army bill, whatever that is, which Henry Watterson says ought to be entitled "An Act to Make the President of the United States a Military Dictator, because in effect that is precisely what it proposes." Retirement is the club which will be used to silence this brave and gallant warrior, and that club is already raised ready to strike.

I. D. POLK, of Beaumont, who has figured conspicuously in the oil operations of that city since the discovery of oil there, was in the city Saturday night on his way to San Augustine. Mr. Polk remarked to a SENTINEL reporter while here that he was convinced that there is "millions of oil" in Nacogdoches county and that it is only a question of time when this field will be fully developed. At present it will remain dormant for the reason that it is a pumping proposition, while at Beaumont the oil flows of itself. In course of time pumps will have to be used at Beaumont and then the field will begin to spread and will include all the territory east of the H. E. & W. T. railroad and especially Nacogdoches county. Mr. Polk spoke as though he would probably become a citizen of Nacogdoches in the near future.

Capt. Jno. S. Doughtie says he experienced rather an ex- citing sensation in crossing the ferry over the Mississippi river while on his trip to the old states. The river is greatly overflowed and it looks scary in crossing the bottom. Capt. Doughtie says the hotel where he stopped in Vicks- burg was formerly a Presby- terian church, and there is still a hole through one wall made during the civil war with a 12 pound cannon ball, which has never been repaired. The hole has been allowed to remain as a relic of the war.

Mr. Jim Lucas came home from his farm in Nacogdoches county last Saturday, and reported the T. & N. O. graders working within six miles of the river. He says 150 teams are at work on the grade and that contractors expect to double that number this week. —Rusk Journal.

PATRICK CONVICTED.
Alleged Murderer of W. M. Rice to be
Electrocuted.
The verdict of guilty in the case of the state of New York vs Albert T. Patrick, charged with the murder of W. M. Rice, the Texas millionaire, means that Patrick will be electrocuted unless upon appeal the verdict is reversed. The case has consumed many weeks in trial and millions have been spent both by the prosecution and the defense, and the best legal talent that could be employed has been arrayed. Patrick expresses great surprise at the verdict, and says it will not stand an appeal.

The progress of the trial has been closely watched by the Texas legal fraternity, and the opinion prevails that the verdict would not stand in Texas.

Sentence will be pronounced upon the convicted man on Monday April 7th, when a motion for new trial will be filed, and if overruled, notice of appeal will be given.

IT WAS NOT EDWARDS.
The Negro Arrested in Mexico Not The
Murderer of Foster.
Shreveport Journal.
"It is not the right man," was the message received a few minutes after midnight last night by J. M. Foster from the man who went to Mexico to identify the suspect held in jail there as Prince Edwards the fugitive murderer, whose reported arrest had again aroused this community in the hope that the negro had at last been run to the earth. Coming as it did fast on the supposed identification of the negro's picture as the right man, the simple words of Mr. Monzingo's message was a source of keen regret to every citizen of the state and to many of other states who have followed the case.
The members of the victim's family who have been untiring in their efforts to compass the negro's capture, were especially disappointed. The instant case will now be dropped but the search of Prince Edwards will go on until his crime is expiated or the hand of a Mightier Justice intervenes in a deserved avenging.

The fact that Mr. Vickers was in error in what he took to be the likeness of Edwards is no surprise to the authorities who say that it is almost impossible to judge a negro's features from bust photographs.

MOTHERS
TESTIFY TO THE BENEFIT THEIR
SICK BABIES
HAVE RECEIVED FROM THE USE OF
LAXAKOLA

My baby is the only child and he is suffering with colic and is very restless. I have tried many things, but nothing seemed to help him. I had a friend who told me of Chamberlain's Cough Remedy and I bought a bottle and it did all you claim for it. It helped me baby wonderfully. When he had a fever of 101 I did not know what it was until my steady of night. I gave him a few drops of Laxakola and he returned him. I gave it to him a few times, and it worked like a charm, and he now gets pretty fair all night. It is a great deal better looking baby since I gave him Laxakola, and I think if all mothers knew how good it was, they would give nothing else to their sick babies. Mrs. MARY DALEY, 111 South Boston, Mass.

LAXAKOLA is a pure, gentle and palatable liquid laxative, and contains valuable tonic properties, which not only act upon the bowels, but tone up the entire system and purify the blood. A few drops can be given with safety to very young babies, which will often relieve colic by expelling the wind and gas that cause it. Great relief is experienced when administered to young children suffering from diarrhoea, accompanied with white or green evacuations, as it neutralizes the acidity of the bowels and carries out the cause of the fermentation. LAXAKOLA will aid digestion, relieve restlessness, assist nature and induce sleep. For constipation, simple fever, coated tongues or any infantile troubles arising from a disordered condition of the stomach, it is invaluable.

Uncle Jim Skillern, who has been confined to his room for several weeks under treatment for an abscess, and has undergone several operations is again able to be out, but is quite feeble. He has been staying at Dr. Tucker's during his treatment.

SATURDAY'S LOCALS.

Wm. Cauthen, of Attoyac, was in the city last night.

The north bound passenger was one hour late this morning.

Ned Pye of Toliver has been in the city several days this week.

The hail storm at Appleby broke windows and did a good deal of injury.

Judge Blake returned to Jasper this morning, having finished his business in the district court.

Rho Garrison got himself excused from the jury this morning and returned home this afternoon.

Rev. S. A. Acrey went south to visit Lufkin, Jacksonville and other points last night.

Mr. J. A. Jay, who has been spending a few days in our city returned to his home at Jacksonville last night.

Mrs. A. T. Blalock, of Marshall, arrived last night on a visit to her daughters, Mrs. W. W. Watts and Mrs. Jno. Burtford.

The wet weather has delayed the commencement of the new Perkins block, which was to have begun on April 1st.

Messrs. R. R. and Jesse Smith returned to their home in Kirbyville this morning. The case against Mr. Smith in the district court was dismissed.

Mr. John Weeks, is adding a second story to his recently purchased home on North street and is otherwise improving a very pretty place.

Mr. and Mrs. W. P. Devereaux of Jacksonville came down on a visit to the family of H. Perkins yesterday and returned on the 1:55 train this morning.

Mr. W. R. McManus, tie contractor, who has been camped several miles south of Nacogdoches on the T. & N. O. railroad, has moved his camp to a point four miles north of Mahl on the same road. He is getting out ties under contract from the Cameron Lumber company.

TOO MUCH RAIN.

Railroad Work as Well as Farming Greatly Retarded.

Mr. T. J. Roquemore, who is, with J. H. Parmelly, engaged in clearing right of way on the T. & N. O. railroad, and also clearing off the site for the new town two miles west of Linn Flat, came home yesterday evening to get money to pay off the hands and returned to camps this morning. Mr. Roquemore says his crew is working on full time but making slow progress, owing to the continued rainy weather and the boggy condition of the ground. He says he has not been able to "snake" a log in a whole week and has to move the logs entirely with hand spikes. The same condition exists with all the other contractors engaged in clearing right of way and in many places the graders cannot work at all.

Mr. H. Fitch informs us of the death of his uncle, Mr. R. A. Fitch, which occurred sometime back in Grayson county. "Uncle Dick" as he was familiarly called, was one of the oldest citizens in Grayson county and was 98 years old at his death. He came to Texas in 1844 and located the homestead upon which he died, having lived 58 years at the same place. He was born in Lincoln county, Tennessee, at the beginning of the 19th century.

THE CITY'S FINANCES.

The Treasurer's Report Will Make a Good Showing.

The report of City Treasurer D. K. Cason, which will be submitted at the next meeting of the city council will show a balance on hand in the city treasury of \$2,257.25. Upon the retirement of former City Treasurer D. E. Clifton, April 1st, 1901, he turned over to Mr. Cason a balance of \$1,852.42. Receipts from all sources during the past year amount to \$4,949.12, making the total receipts by Mr. Cason \$6,801.54. Disbursements during the current year amount to \$4,544.27, leaving a balance on hand as above stated, \$2,257.25, a net increase of funds during the year of \$404.83. From the foregoing it would seem that the city's affairs were of sufficient magnitude and importance to elicit a little more interest in her elections than has been shown in the one to take place next Tuesday.

W. J. Blackman, of Melrose, was in the city today and called around to see THE SENTINEL people. Mr. Blackman has the genuine sympathy of THE SENTINEL in the loss of his wife, who died Saturday.

Ed Blount went to San Augustine yesterday to bring back Mrs. Lamar Blount, who has been visiting her mother the past month.

HOG LAW ELECTION.

Vote is Being Taken at Rusk School House Today.

From Saturday's Daily.

There is an election being held at Rusk School House today to determine whether or not hogs, sheep and goats shall be permitted to run at large in the following described territory:

Beginning at the crossing of the Sterne road and the Appleby and Miller's Mill road, near Bethel church; thence S. W. with Sterne road to Nacogdoches and Logansport road and continue to the north boundary line of the Nacogdoches City Incorporation; thence east with said boundary line to the northeast corner of said corporation; thence south with east boundary line of said corporation to the Nacogdoches and Melrose road; thence east with the upper Melrose road to the east boundary line of precinct No. 1; thence north with said line to the northeast corner of said precinct; thence west with north boundary line of said precinct to the Appleby and Garrison road; thence southwest with the said road to Miller's mill road and with said road to place of beginning.

There seems to have been a misunderstanding in regard to the place of holding the election, as several voters were inquiring for the "voting box" in town this morning under the impression that the election was being held in this city. The territory does not embrace the city though it extends from the eastern boundary of the corporation limits eastward to the Carrizo creek, or the boundary between Nacogdoches and Melrose precincts. Mr. Wm. Dale is the officer of the election.

A Correction.

ED. SENTINEL:
Your reporter got me down woefully wrong about the hotel at Vicksburg being an old Presbyterian church. I stated that diagonally across the street from the hotel at which I was stopping, the old Presbyterian church which was built long before the war stood, and that it had a hole in the west wall made with a 20-pound shot fired from a rifle parrott gun. The hole has never been plugged and is just like it was when made 40 years ago.

JNO. S. DOUGHTIE.

Neil Ingraham left Sunday night for Timpson where he will start the new bank off. Mr. Ingraham says that he is still in the Insurance business here and has no intention of disposing of it and that his brother, Mr. Fritz Ingraham, who will return to Nacogdoches about Tuesday, will attend to all his business affairs during his absence. Mr. Ingraham's friends will be glad to learn that he has made no arrangement for remaining in Timpson permanently.

German Kennard returned from Shreveport Monday morning. He happened to a very serious accident while there. He dropped his pistol and it went off, shooting him through the foot and inflicting a painful wound.

HIT WITH A HATCHET.

Warner Linthicum Defends Himself Against an Irate Negro.

Shortly after noon Monday Albert Garrett, colored, was struck on the head with a hatchet in the hands of Warner Linthicum, a white man. The negro fainted shortly afterward from loss of blood and it was thought at first that he was dead. He revived, however and later in the afternoon was able to walk about. The negro was struck by Linthicum in self defense it appears from what THE SENTINEL could glean of the affair. It seems that some words had passed between them when the negro became very offensive and was in the act of attacking Linthicum with a knife, when the latter picked up a hatchet and struck him. The affair occurred at the little grocery store of T. C. Ayers, colored, on Fredonia street.

District Court.

Monday's Daily.

There is nothing exciting going on in the district court. The third week opened this morning and the criminal docket will occupy the court this week.

The case of Parlo Piedras has been postponed on account of Antonio Montes, upon whom he made the assault, being yet physically unable to attend court.

The case against Emerson for burglary is on trial this afternoon.

J. C. Anderson, who is still in jail has succeeded in getting his bond reduced to three hundred dollars. He complains of too much "company" and thinks that probably he got credit for so much "live stock" in the consideration of his application. The jail is literally alive with "grey backs."

Mr. Gilbert Withdraws.

To the voters of Nacogdoches county:

Owing to the continued and present sickness of my children I am unable to go out and make a canvass among the voters for their support of me for the office of County Treasurer, so in justice to myself and friends, I now withdraw my name from the race. To all you, who have espoused my cause in this race, I am sincerely grateful and with many thanks to you, I am yours very respectfully,

JNO. N. GILBERT.

Jackson Parrott, of La Nana, was in the city yesterday with another big load of fish. He said he had to come up as a witness in Judge Peevey's court and could not afford to come to town without making expenses, so he set his trap and caught a load of fish which netted him \$8.50. Mr. Parrott says he is going to get up a petition to have two windows at the post office instead of one, so folks won't have to wait so long for their turn to get mail. Nacogdoches has outgrown her present postoffice and we will be bound to call on the administration for a big government building before much longer. When Congressman Cooper goes back to congress we must instruct him to put this matter through the very first thing.

Jno P. Davidson.

Bob Gillikin of Lufkin came up Saturday night to spend Sunday with his father, Mr. B. Gillikin, who is reported to be seriously ill.

Joe Menefee came up from Lufkin Saturday evening and spent Sunday with relatives and friends near Nacogdoches.

Mr. Mills, representing Thos. Goggan & Bro. is in the city.

J. N. Bagwell, of Shelbyville, Texas was in to see us Saturday.

Ear corn was selling on the streets today at one dollar a bushel.
