CONDEMNED TO HANG.

PARDONED BY PRESIDENT HOUSTON.

Too Many Men in Texas That Need Hanging to Waste Time in Hanging Women.

The most interesting of reading matter is to be found in the old records of Nacogdoches county, in the days when Texas was a Republic.

A few days ago, while looking over the records, we came across a murder case, tried Nov. 4, 1844, on a change of venue from Rusk county. The case is entitled: "Republic of Texas vs. Nancy Vandyke and Nancy Beams for the murder of John Vandyke. Mrs. Vandyke had murdered her husband with an axe, the negro woman, Nancy Beams, assisting her. The judge in the case was Mills, District Attorney Oran M. Roberts, (he of rabbit and horse picture fame,) District Clerk, Richard Parmelee Robinson, and Sheriff Dave Rusk, brother to Governor Rusk. The records of the trial are in the hand writing of Major Jas. R. Arnold, who was deputy district clerk. It is hard to realize that the man who wrote down what happened that winter day, was not the white haired veteran of nearly four score years, as we remembered him, but a slim young lad of barely twenty-one, not Major or Mister, just Jim.

The names of the jurymen are: Willie Smith, Ephriam Terry, Henry B. Dance, John Evans, Jeff Y. Jones, Willis Ashley, Radford Berry, Solomon Wolte, Jno. Stewart, Haden H. Edwards, Wm. Hart, Edward Howell. And the verdict, "We the jury find the persons guilty as charged in the indictment, Wm. Hart, foreman." Note: "We the jury who have returned a verdict of guilty against Nancy Vandyke and Nancy Beams, do recommend them to mercy. But the closing sentence of the Judge reads: "The Sheriff of Rusk or his legal deputy, shall hang you by the neck till you be dead, and may God have mercy on your souls."

And these were southern men, men whose religion, whose pride was to die in the defense of a woman, to fight her battles, and innocent or guilty, to protect her. Men who, whether they ever heard of King Arthur or not, keep the oath of the Knights of the Round Table as no other race of men have ever kept it. And these men have condemned a woman to death. Truly, the circumstances surrounding her crime must have been terrible to have placed her so beyond the pale. As the lightning flash reveals the storm for one brief instant, so

this record pictures to us this climax of retribution justice in that moment of tense emotion. We see the judge and jury, stern as fate, the background of excited spectators, all eyes riveted upon the group in the dock. The woman standing with the horror of the doom pronounced, slowly dawning in her eyes; the negro crouching in abject terror at her feet—more miserable because less guilty. Then the darkness closes round the actors and we see no more.

We know these two women were not hanged, that there is no such blot as that on the records of Rusk county. This is the south and they were—women. So we search the records furthermore, and find on Dec. 7, 1844, "pardoned by President Houston," with the usual proclamation. It is a cherished tradition among those that love the memory of Sam Houston, a tradition that has passed into history, that he remarked as he signed the pardon: "There are too many men in Texas that need hanging to waste time hanging women."

Ameq, and peace to Sam Houston's ashes.

From Our Washington Correspondent.

Washington, July 7, 1902.—Congress has adjourned. It went out this evening at 5:30 in what might be called a wild burst of music. Speaker Henderson made a brief address, thanking the members for sustaining him and congratulating them upon what they had accomplished and the harmony that had prevailed. He then brought down the gavel and declared congress adjourned. Immediately there was confusion. Everybody was out of his seat shaking hands with everybody else, and the house broke into singing "America." There were crowds in the galleries, looking on intensely. "He's a jolly good fellow," came next, as they all went up and shook hands with the speaker, who had come down upon the floor. A comic song to the tune of "Sweet Bye and Bye," then "Star Spangled Banner," "Good-Night Ladies," "Old Black Joe," "My Old Kentucky Home," "Auld Lang Syne" and last "Annie Lurie" and "Old Hundred" made up the repertoire. There were some good voices among them; then there were a few of the worst attempts at singing you ever heard, but they sang just as loud and cheerily as the rest. The noise and singing lasted nearly half an hour, then the floor of the house emptied, the galleries cleared and I went home to dinner.

Wedding in New York.

Winchester, Va., June 30.—The announcement today of the marriage in New York city yesterday afternoon of Miss Nannie Bragonier Moore and Mr. Frederick August Graichen, both of this city, created much interest among society people here. There were only a few persons who were aware that the couple were even acquaintances, yet they had been engaged to each other for over a year.

Miss Moore has been visiting her brother in New York, and on last Tuesday Mr. Graichen left here ostensibly on a business trip north. The ceremony of yesterday was performed by Rev. Dr. William Cleveland Hicks, rector of St. Agnes' Chapel, Trinity Church. Miss Moore is a daughter of the late Col. L. T. Moore, one of the oldest families in Virginia. She is regarded as one of the most beautiful girls in the state and has always been popular socially. Mr. Graichen is head of the glove manufacturing business founded by his father, the late F. A. Graichen and is a wealthy young man.

Miss Moore is the sister of Mrs. W. H. Bailey, wife of our popular depot agent.

Notice.

We regret that on account of the destructive rain which washed the bridges away and prevents some from attending school, etc. The dinner and entertainment we intended to have at the close of our school is called in.

Venice Community.

LUFKIN has failed to get her canning factory in operation, although the building is up and the machinery has been on the ground some time.

THE Home Advocate strikes the bull's eye when it says: "The press of Texas could do the state no better service than to continue the agitation in behalf of home industries. It is often the case that really patriotic people lose sight of the benefit which would accrue to their communities should they give preference to home-made goods. There ought to be a rivalry among neighbors as to who used the most goods of home make, and such rivalry would mean much in the development of any town or state where it existed. There is ample room for patriotism in time of peace as well as war."

It will cost Nacogdoches a great deal of money to rebuild the bridges washed away by the recent flood. It will also take a great deal of work to repair the roads and put them in anything like good condition. The damage done in and near Nacogdoches is only an index to the condition throughout nearly the entire county, especially along the streams.

Messrs. E. A. Blount and B. S. Wettermark have purchased land on which to locate the new town of Cushing about twenty three miles northwest of the town of Nacogdoches and they now want proposals for clearing of the ground and the erection of a steam gin and other buildings. This location is high and healthy near the celebrated Flowery Mountain district and bids fair to become principal trading point for the entire northern part of Nacogdoches county and the southern part of Rusk county.

A. E. Mills, of Chireno, is in the city on a trading trip.

DEAD MAN

Found Floating in Mill Pond at Lufkin.

A dead man was found Sunday floating in the tank of the Lufkin Land and Lumber company mill. The matter was reported to the authorities who had the remains removed and prepared for burial. There was nothing upon his person to identify him, other than he was a white man about forty years, rather short and weighed about 150 pounds. The body was badly decayed, indicating that it had been in the water for ten days or more.

A colored woman, however, claims to have identified the man as her husband who had been missing for ten days or more. She claims that the shoes and clothing worn by her husband fit the description of those worn by the dead man. Her husband was very black, and the fact that the floater was white disproves her identification. There was a gash in the back of the head of the deceased but the skull was not fractured and it is questionable if he was the victim of foul play or an accident.—Lufkin Tribune.

Attention, Please.

We are this week invoicing our stock, as it has been prophesied we would break because of not making profit, we want to see where we are at, and now if you owe us anything on last month you know it, and will save your feelings and ours both by coming and settling all claims for last month. Don't lay this aside until you attend to it.

Baucom & Lloyd.

Mrs. Fairris returned to her home at Alto this evening, after a visit of several days to her daughter, Mrs. J. E. Mayfield. Dr. and Mrs. Mayfield accompanied her as far as Lufkin.

BADLY INJURED.

Arthur Pierce Fell and Fractured His Skull.

Tuesday's Daily. The old mill building in the Davidson pasture is being converted into a planer and workmen have been at work on it several days putting the old building in shape for the new machinery of the planer. Yesterday afternoon while Arthur Pierce was carrying a bundle of shingles to the roof of the building, a scaffold plank broke letting him fall to the bottom floor and striking his head against an iron fly wheel. The injury rendered young Pierce unconscious and his condition was critical last night.

Arthur is a brother of Dr. C. C. Pierce, of this city.

For the Farmers Congress.

The H. E. & W. T. railroad has announced the following rates to the Farmers' Congress at College Station July 16, 17 and 18th, 1902.

Lufkin, \$4.40.
Nacogdoches, \$4.75.
Appleby, \$4.95.
Garrison, \$5.15.
Timpson, \$5.35.
Tenaha, \$5.50.

Date of sale, July 15th and 16th and for trains reaching College Station on morning of July 17th, limited to July 19th, 1902.

Tomato Market.

Kansas City wants tomatoes and wants 'em bad. Messrs. Peycke Bros. sent the following telegram:

Kansas City, July 7.

H. S. Edler, Nacogdoches. Market brisk; 75c to 80c crate. Get car here by Wednesday or Thursday.

MALTON & MALTON, Publishers
R. W. MALTON, Editor.

It is said that Texas cabbages bring a premium in the Northern markets.

The first bale this year is nine days later than the first bale last year. The first bale for 1901 was raised in Nueces county and was received in Houston on June 22nd.

The fact has been demonstrated that the creek cannot be made fordable on Fredonia street. A big iron bridge, built up ten feet above high water mark is the only thing that will fill the bill as it would be.

The Fourth of July is a legal holiday and the post-offices and national banks are not supposed to be kept open. Any accommodation extended by the postmaster is a matter to thank them for personally, as they are not required to do so by the government.

The Bailey-Beveridge incident seems to have been nothing more than a street fight. It occurred after the adjournment of congress and will be forgotten before the next congress meets. The affair will not be a matter for the senate to take any action upon whatever.

The discovery of a murdered man by the police of New York this week disclosed a plot to murder the President of Uruguay. The murdered man was a leader in the plot but had backed out and was murdered by his co-conspirators who were afraid he would give them away.

In the western and north-western portion of Nacogdoches county, after leaving the vicinity of Nacogdoches, the crops were not injured to any great extent by the storm of the 27th ult, but from the eastern we can hear nothing but gloomy accounts of the destruction and devastation of crops, houses and stock.

The first bale of Texas cotton for the opening season was received at Houston on July 1st. It was raised in San Patricio county by S. G. Borden, James McKeown, C. O. Doharty and John S. Donahue. It was consigned to W. D. Cleveland & Co., of Houston, and was sold in the Cotton Exchange at auction. It was bid in by Thos. Kehoe & Co. at \$180.

Those of the farmers who had their crops washed away may be able to bridge over another hard year by planting peas or some other fall crop and sowing extensively of small grain for winter pasturage. Some have already announced their intention of trying this plan. Many will have to do something as their crops have been completely ruined. In most bottom farms the crops have been washed up and in many instances buried under mud and until it will be impossible for them to come out.

PLANT SUBSTANTIAL TREES.

Nacogdoches prides in her grand forest trees and well shaded streets. No one who builds thinks his home is complete until he has planted a row of shade trees on the sidewalk. The result is that our town attracts the attention of every stranger for its beauty. The tendency in setting out trees, however, is to plant quick-growing varieties, which is not the best policy, for a tree that grows fast not only dies soon but is brittle. Take all the trees destroyed in Friday's storm. They were Box Elder, Sugar Maple, Catalpa, Poplar and China. Not an Oak nor an Elm was hurt. Of course it takes time and an infinite amount of patience to set out Oaks, Elms and the nut trees, but think of the effect on the town in future years. The magnificent Elm on the corner of Mims avenue is worth half a mile of umbrella Chinas. It has been called the prettiest object in Nacogdoches by observing strangers. The tree on Hospital street near the cemetery is another example. The three great trees growing close together in the yard of the old Hardeman place are said to have been planted by three men who camped there and stuck their riding switches in the damp earth as they rode away.

The men are no longer remembered, but the trees remain, and the beauty of North street is enhanced greatly by their stately majesty. These grand forest trees do not grow so very slowly. Pecans brought from West Texas some ten or twelve years ago are thrifty young trees fifteen or twenty feet tall, already valuable for shade. As all the slow growth trees grow so large eventually, we would suggest, not doing away with Maples, Elders and Chinas entirely, but setting water oaks and elms at intervals of say 50 feet, among them, and then when the more valuable trees are grown, the intervening ones can be cut out.

Let us save all the forest trees we can and as the new part of Nacogdoches is beautified by shade trees, not set it out entirely for the present, in quickly growing, quickly destroyed varieties.

Another day opened up this morning with a disappointment to the patrons of the Nacogdoches post office. Not a letter nor a paper came last night. The work trains were coming and going at such a rate that we felt sure that some of them were bringing us some mail matter—but it was a hope in vain. But Maj. Cooper had some news for us all. That is there will be mail today from every direction. He did not know what time it will come but assured us all that the mail would get here from off both ends of the H. E. & W. T. and from the T. & N. O. It is to be hoped that it will get here before this squib greets the eye of the reader.

Through trains are now running between Houston and Shreveport, but they have to run slow and cannot make schedule time.

Wonder what the calamity shriekers will do now, since the Austin National Bank has paid back the last cent it owed the State on collections placed in its hands by State Treasurer Jno. W. Robbins. This must be a great disappointment to McFall and his crowd.

The excursion to Galveston for today did not pan out. The trains could not run on schedule and there was no interest shown by the people who usually take advantage of excursions. Even the trip to Lutkin today, contemplated by many of us, was abandoned.

The tomato crop gave out about the time the market got a good taste of them. The trouble is, the crop comes all at once and goes the same way. The next thing to learn about the tomato business is how to make the crop last all the way from the first of June until frost without glutting the market and keeping prices down.

The mail last night brought us a wheelbarrow load of newspapers, but as the latest among them are dated June 26th and 27th, except the big dailies, they contain little news of service, and have not helped out a great deal. The Post, News and Chronicle of the 3rd, (yesterday) are welcomed with an "exceeding great welcome" and are no doubt read closer today than ever before in Nacogdoches.

The Houston Chronicle has absorbed the Houston Herald and there is now only one afternoon paper in Houston. The Chronicle is one of the very best afternoon papers in the South, and is the peer of most of the morning papers of Texas as a newspaper. It is backed with capital and enterprise, and is conducted under an able management in every department. Its success is already attained.

It is somewhat suggestive that while the President is strenuously prosecuting the beef trust the four great packing companies are perfecting arrangements to organize a trust under the accommodating laws of New Jersey that will exceed in power and wealth any that has heretofore existed. The capital is placed at one billion dollars. When this scheme is perfected and the managers thereof think it may be to their interest to do so, we may see the tables turned and the meat trust prosecuting the government, for they know how to do it effectually. In the mean time the packers do not seem to be disturbed in the least by the President's alleged legal proceedings. On the contrary it seems to have stimulated them to greater effort to control the meat market of the world.—Farm and Ranch.

ATTEND THE FARMERS CONGRESS

Low Rates, Good Board, And a General Good Time For All.

EDITOR SENTINEL:

I wish to call the attention of your community to the extremely low rates on for the Farmers Congress which convenes at College station, July 16th, 17th, and 18th, and to urge the attendance of every one who is interested in the Agricultural development now going on throughout the State. This offers an opportunity to the farmers, and truck growers to take a few days outing at a price so low that every one can afford. The board of directors of the Agricultural and Mechanical College have arranged for your entertainment. The very best board and lodging have been secured to all who may attend at \$1.00 per day. The Literary programme is excellent. Every phase of farm life and work is discussed by the ablest speakers in the country. I should be very much pleased to meet at the congress a large delegation from the H. E. & T. territory. Their time can not be more profitably employed. Please urge the importance of attending the meeting of real farmers.

Another Sad Death.

Paul Buckner, son of Mr. and Mrs. I. N. Buckner, died Wednesday, July 2d, at 11 o'clock p. m., at his home in Chireno, and was buried yesterday afternoon. Mr. Buckner was a most brilliant young man and already had made a name for himself as an expert in oil machinery. He was raised in Beaumont on business for some months previous to see about the wells at Oil Springs. He was only twenty-one years old. Had joined the Masons as soon he came of age, and that fraternity laid their youngest brother to rest with the beautiful Masonic funeral service. One of the saddest features of Mr. Buckner's death is that very soon he was to have been married. Death is terrible at all ages, but seems doubly cruel when it claims one so young, so gifted, and so capable of doing brilliant work in his chosen field. Mr. Buckner was the pride of his native town. All Chireno grieves for him. He had many friends in Nacogdoches also, who mourn his loss and express sympathy for the loved ones he left behind.

In a short time a suit calling for about \$250,000 in damages will be filed here against the Tyler Southeastern and the St. Louis and Southwestern railroads. This suit will be more or less sensational in character, and will be discussed all over the State, and in Kansas City, St. Louis and New York. It is a claim that will cause the Cotton Belt more trouble than it can stand up under.—Tyler Courier.

Is it that serious? We thought it only concerned Tyler.

THOSE PANAMA HATS.

They Are All the Craze in Galveston. Something of Their History.

Considerable interest having been manifested by the citizens of Galveston relative to the history of the Panama hats sold here yesterday by the United States officials, the following, which appeared in a former issue of the News, is published for their benefit:

On May 3 the British steamship Yucatan arrived at this port from Curacao, having on board a Spaniard who was ticketed to this city. It is related that before arriving at the port he informed Captain Dickinson that he would continue on board until the vessel arrived at Liverpool, and as the result the captain reported him as a passenger in transit, and his baggage, which consisted of about 1500 Panama straw hats, was not disturbed. During the stay of the vessel at this city the Spaniard informed the captain that he had decided to go to New York by rail and ship for England from that port. Upon receiving this information the captain reported the case to the Custom House officials, who began an investigation for the alleged smuggler and, incidentally, the hats. They succeeded in finding most of the latter, but the Spaniard had disappeared, not, however, until he had disposed of quite a number of his stock in trade. Some were sold to merchants in Galveston and others sold on the streets in Houston and other cities, but Uncle Sam has finally got the larger part of the shipment.

It is learned that a few of the more farseeing and provident husbands, understanding that these hats will wear 15 or 20 years, have made liberal purchases for their wives—sufficient, they say, to last a lifetime. This is a stab at the milliner.—Galveston News.

Life Insurance.

After looking the situation over thoroughly, examining the records, terms, cost and management of all the leading organizations, we have concluded that there is nothing that really compares with the advantages offered by the Endowment Rank of the Knights of Pythias. First of all the rates are low, but not so low as to lessen the security. Anybody who has made a study of insurance can figure out for themselves that the cost of insurance is so graded that it will safely and surely carry out all contracts. The experiences for the past year prove this stability. A storm cloud appeared on the horizon, such as is sure to come in the lifetime of all financial organizations, and instead of weakening the Order, placed it on a stronger footing than ever it was before. If there had been any faulty planks in the ship such a storm as that would have disclosed their rottenness; but even the bitterest enemies failed to find a single weak joint in the armour through which an arrow of spite could find entrance. Negro Shooting.

Friday's Daily. A row took place last night between Will Smith and Tom Field, both colored, in which the latter was shot and slightly wounded. Smith is a regular town negro, and works for Tucker, Zeve & Co. Field had been working on the railroad at Tansy's camp, but for several days had been loafing around town. He was shot in the arm and the wound is not serious. The shooting took place on the plaza in front of Ogg's livery stable.

Miss Joe Coghlan, of Houston, accompanied Mrs. Genie Crain to Nacogdoches and will be the guest of the Misses Carraway while in the city.

Mrs. Zoe Ridley and children, of Beaumont, are visiting the family of Mr. and Mrs. J. O. Ray. They came up yesterday on the first through train from Beaumont.

Mrs. Dr. Wilson and children, of Douglass, are in the city visiting the family of Dr. W. H. Campbell.

W. C. Todd, of Timpson, came in last night.

Dock Burrows set 'em up to a fine watermelon this morning.

Mrs. Genie Crain arrived yesterday evening from Houston to spend two or three days at home.

Mrs. S. T. King and little daughter left last night for Caldwell. Mrs. King will visit several places before returning, and will be absent from the city all summer.

The Daisy club met last night with Miss Aggie Carraway.

Sam. H. Dixon, of Houston, is in the city this morning.

Cards are out for the wedding on July 17th, at Christ church of Mr. Frank Sharpe and Miss Mamie Shindler.

There will be a through train to Shreveport this afternoon.

The printer "kids" of THE SENTINEL office went out to an ice cream party at the residence of Mr. and Mrs. Charley Chapman, five miles out in the country, last night. There was a large crowd present and everybody had a good time.

Miss Willie Bell Ray came home from Beaumont on the first train that has run through since the flood of last week. She could not reach home in time to attend the funeral of her sister, Miss Augusta, who was buried Wednesday. Her return home was a sad occasion to her, indeed.

Mrs. W. H. Fowler, of Beaumont, is visiting at the Methodist parsonage.

R. H. Hall came home Thursday after being water bound at Colmesneil several days.

John Burford went to Marshall this afternoon. He will return accompanied by Mrs. Burford, next week.

A large crowd of young folks had a great time at the home of Mr. and Mrs. R. A. Hall on Fredonia Hill last evening. They had a regular ice cream festival.

Peyton Muckleroy, of Ora, is in the city on a business trip.

Noel G. Jack and Polk Roberts are holding a sort of brothers reunion. They are all three in the city.

Mrs. Dr. Floyd, who has been visiting the family of Dr. W. H. Campbell, left today for Coleman to visit relatives.

Uncle Robt. Brewer, of Loonyville, was in the city today. He has got to paying us a two visits a week now.

Mrs. Dr. Wilson, of Douglass, is visiting in Nacogdoches, the guest of Mrs. W. H. Campbell.

Mrs. Dora Stephens left this afternoon for a visit to her mother, Mrs. S. R. Day, at Lufkin.

Chief Engineer Kellogg, General Manager Gallaher and Immigration agent Sam H. Dixon, of the H. E. & W. T. Ry. were in the city today.

A negro named Robt. Maxey, whose business methods appeared a little queer, was arrested by Sheriff Spradley yesterday evening. He called at the Commercial National Bank and had a check drawn on the First National Bank of Beaumont. Mr. E. A. Blount was reading a letter from Kountze at the time inquiring about Maxey and saying that he had passed drafts at that place which seemed to be valueless. Mr. Blount reported the matter to the sheriff—Maxey was arrested and kept in custody a short time but was discharged for want of information sufficient to justify his detention.

A. A. Sanders, a farmer living near Pine, Texas, says: "I have been a constant sufferer from kidney trouble for thirty years. Have tried every thing on the market for that disease, and received no relief until I tried a bottle of Bak-Ake Specific. I can recommend it to anyone suffering from any form of kidney trouble." Stripling, Haselwood & Co.

Oscar Fox, of Lufkin, is in the city. He says Lufkin had a big day yesterday, that the big barbecue was a grand success and the melon and pie contests and races were features that added greatly to the amusement and entertainment of the crowd. Lufkin would have had a number over from Nacogdoches but for the storm.

"The way to gain a good reputation is be what you desire to appear." That is precisely the manner in which Chamberlain's Cough Remedy has gained its reputation as a cure for coughs, colds, croup and whooping cough. Every bottle that has ever been put out by the manufacturers has been fully up to the high standard of excellence claimed by it. People have found that it can always be depended upon for the relief and cure of these ailments and that it is pleasant and safe to take. For sale by Perkins Bros.

A crowd of young people went up to the Electric Light plant last night and had a most delightful time. Ice cream was served by the boys all waiting on the girls. The occasion was most informal, but was one of the happy moments in life that are remembered where more momentous happenings are forgotten.

The Same Old Story. J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and re-told by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's colic, cholera and diarrhoea remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by Perkins Bros.

SENATOR BAILEY is getting himself a good deal talked about these days. Whether he is in the right or not, he certainly laid aside the "robes of his high office" when he indulged in a street fist-cuff. He should have emulated the example of his senior, Mr. Culberson, who had been annoyed by Senator Beverage in the same manner, but passed it off by informing the fellow that he was impertinent and a nuisance and asked him to please sit down.

Notice of Condemnation Suit. The State of Texas, County of Nacogdoches, vs. The Texas & New-Orleans Railroad Company.

The unknown owners of the Jas. Brookshire survey of 320 acres of land in Nacogdoches county. To the unknown owners of the Jas. Brookshire survey of 320 acres of land: You are hereby notified that the Texas & New Orleans Railroad Company has filed its statement in writing before the Hon. V. E. Middlebrook county judge of Nacogdoches county, Texas, showing in substance that said railroad company desires to construct its railroad and road bed on the land hereinafter described, which in said statement is alleged to be owned by unknown owners, and that said company has been unable to agree with defendants upon the purchase thereof, or the damages to said property to which you may be entitled, and asking for the appointment of special commissioners to assess said damages: the said land being described as follows to-wit:

Being a part of the Jas. Brookshire survey of land situated in Nacogdoches county, Texas, patented to W. N. Bullock, assignee; beginning at a point in the west line of said Jas. Brookshire survey, and the east line of the Moses Walters survey 844.9 feet north of the southwest corner of said Jas. Brookshire survey; thence north with the said line at 57.5 feet cross the center line of the Texas & New Orleans railroad line Dallas to Rockland as now located at Station "D" 7713 plus 15.8 at 115.0 feet to a point for corner; Thence south 60.0, 25 east parallel to and 50 feet from said center line a distance of 1944.3 feet to a point for corner in the south line of the Jas. Brookshire survey and north line of Jas. Moffat survey; Thence west with said line at 101.3 feet cross the center line of said railroad at Station "D" 7694 plus 88.0 at 202.5 feet point for corner; thence north 60.0 25 west parallel to and 50 feet from said center line a distance of 1711.2 feet to the place of beginning, and containing 4.196 acres more or less.

This is therefore to notify you that we the undersigned special commissioners appointed to assess said damages will meet on the 31st day of July A. D., 1902 at 10 o'clock A. M., at the court house in the town of Nacogdoches for a hearing hereof, and remain in session from day to day until the same is disposed of. Witness our hands this 1st day of July, A. D. 1902; Jno. N. Gilbert, W. H. Campbell, A. W. Eddings, Special Commissioners.

Caught the Wrong Man. Jas. Owen was in the city this morning and was a caller at this office. Mr. Owen says he recently had a "peck of trouble" over a little court experience. He lived in Rusk county last year and moved back to Nacogdoches last fall. After he left Rusk county he was indicted in that county on a charge of assault to murder. He was arrested and placed under bond and put to a good deal of trouble and some expense to find out that a mistake had been made and that the officers had caught the wrong man. It seems that the Jim Owen who was indicted was a negro, who also moved over into Nacogdoches, but so far, Mr Owen says, the negro has not been located.

It continues to shower around in almost every direction.

THE ACCOUNT SETTLED. The First National Bank of Austin Pays the last cent that it Owed the State.

Austin, Tex., July 2.—The agreement entered into between the First national Bank of Austin and the committee of State officials, headed by Governor Sayers, authorized by the legislature, for the return of the State Treasury the amount of State funds in the bank at the time of its temporary suspension, was finally consummated today by the bank making its last payment to the Treasury. The amount paid today was \$49,798.98 of which \$5000 was due the account of the Secretary of State. The total amount due the State by the bank at the time of its temporary suspension was \$397,720.28, of which \$39,511.39 belonged to the Department of States account. The payments have been seven in number, as follows: January 1, February 1, March 1, March 31, May 2, June 2, and July 2. The bank was prompt in making the several payments, each of them being made before due. The State now has every dollar due it and for the first time since 1874 all of the money belonging to the Treasury is in its vaults.

MOTHERS SICK BABIES HAVE RECEIVED FROM THE USE OF LAXAKOLA. TESTIFY TO THE BENEFITS THEIR SICK BABIES HAVE RECEIVED FROM THE USE OF LAXAKOLA. Having received your sample of Laxakola, was very much pleased with it, and have purchased a bottle for my baby. The Laxakola did wonders for my baby in case of bowel troubles. I have given up castor and give my baby nothing but Laxakola and it is cheaper and a great deal better. I got it from C. H. & H. A. Union Depot, Dauphin Co., Pa. Enclosed please find ten cents in stamps for a bottle of Laxakola. I used your sample bottle and it did all you claim for it, as it helped my baby wonderfully. Mrs. JOHN FAWCETT, Union Depot, Dauphin Co., Pa. I wish to thank you very much for the good Laxakola has done my little niece, Marion Louise Bass. She is only two and one-half years old, and has suffered something awful from constipation. She has never had what you would call a natural movement. Sometimes we were almost afraid of convulsions, it hurt her so much, and she would be frightened. LAXAKOLA is a pure, gentle and painless liquid laxative, and contains valuable tonic properties, which not only act upon the bowels, but tone up the entire system and purify the blood. A few drops can be given with safety to very young babies, which will often relieve colic by expelling the wind and gas that cause it. Great relief is experienced when administered to young children suffering from diarrhoea, accompanied with white or green evacuations, as it neutralizes the acidity of the bowels and carries out the cause of the fermentation. LAXAKOLA will aid digestion, relieve restlessness, assist nature and induce sleep. For constipation, simple fevers, coated tongues, any infantile troubles arising from a disordered condition of the stomach, it is invaluable. Try it Today. Send for a Free Sample. It may Save your Baby's Life or Prevent a Long and Serious Illness. It Costs Nothing! Send For It and mention Your Druggist's Name. For Sale by All Druggists 25c and 50c, or will express for \$1.00 all charges prepaid, a large supply of LAXAKOLA. Address THE LAXAKOLA CO., 110 N. 3rd St., N. Y.

THE East Texas press association met at Lufkin last Friday and Saturday, with a small attendance owing to the crippled condition of the railroads. As close as Nacogdoches is to Lufkin, it was impossible for the Nacogdoches papers to be represented. THE SENTINEL regrets exceedingly that it was not represented.

THE nominating convention for the 2nd Judicial district has been called by Chairman Davis to meet in Nacogdoches on Monday, the 21st day of July, for the purpose of nominating a candidate for District Attorney. As Hon. W. M. Imboden has already secured the nomination through the primaries, there will be nothing to arouse especial interest, and as the date conflicts with the district court at Center, there will probably not be a large attendance. The convention will only go through the formality of the nomination as the work has been done in the primaries.

TEN men started out to kill Harry Sexton and dynamite his house near Little Rock, Ark. a few days ago. Sexton having been warned beforehand was on the lookout for the white cappers. When they appeared in view he opened fire with a rifle, striking Pink Gibson, the bullet hitting a stick of dynamite in Gibson's pocket. Gibson was blown to atoms and the other nine men were knocked down. Another terrible tragedy is reported from New Edinburg, Ark. Two brothers got on a drunk and became boisterous. A special officer was sent by the justice of the peace to arrest them. The brothers resisted arrest and attacked the officer with knives. The officer used a pistol and all three are dead. This is a sample of Fourth of July celebration, and it is not all confined to Arkansas.

IT HAS taken successful tomato growers years of patient toil, fraught with many reverses and disappointments, to achieve the success they have at last attained. It was the same with the peach growers. Many of the enterprising men who launched this business in Texas lost money, some of them heavily, in the beginning. But it is gratifying to note that those who stuck to their faith, and patiently wrought out the problem before them, are prospering today. Men enter new fields of industry with many preconceived theories, which have to be revised, modified and even reversed in the light of practical experience. There are principals which must be learned and conditions that must be met before success can be attained, and every community that is succeeding today has had to pass through this curial period of its chrysalis form—the ordeal experience.—Alto Herald.

TWENTY-SEVEN YEARS.

E. W. Harris, editor of the Greenville Herald says:

"For eighteen years the editor of this paper has worked for Greenville, Hunt county and the success of the democratic party. He will be found continuing this life work more earnestly and effectively in the future than in the past."

We can go Bro. Harris one better. For twenty-seven years we have worked for Nacogdoches and whooped for the Democratic party. When we began newspaper work in Nacogdoches, we printed 14 quires of paper a week on a hand press. The town had 400 inhabitants, and we knew then that we had the onliest paper in the onliest town in the state. Time has verified our belief. We have seen six papers spring up and die. We have seen the democratic party in victory and defeat through many a hard fought campaign, and we have witnessed Nacogdoches grow to a fair city.

Twenty-seven years is a long time to look back upon. The changes that have taken place make the hamlet of 400 people and the little hand power press seem like a dream. They have vanished like the Old Stone Fort, and in their places are modern New Nacogdoches and the modern engines of today.

In all the 27 years our paper has kept pace with the city. It is now "THE SENTINEL," a daily and weekly with modern presses and improvements. But in one respect it is unchanged, and when it does change, may it go down into the forgotten realms of the things that were—now, as then, the success of Nacogdoches and the democratic party, is the first object of the editor, and to quote Mr. Harris: "We will be found continuing our life work more earnestly and more effectively in the future than in the past."

THE United States has now at length over 200,000 miles of railway. The 2314 miles built in the first six months of 1902 bring the total mileage, says the Railway Age, up to 201,839. Building goes on at a faster pace than last year. The record for the present half-year is 500 miles ahead of that of the first six months of 1901, and if the present rate of construction continues the record for 12 months of 1902 will be over 6000 miles, as against 5222 miles in 1901. The South and Southwest still lead with 1993 miles out of the total of 2314 in the last six months. Texas built 236 miles, Oklahoma 211 miles, Indian Territory 211 miles, New Mexico 190 miles, Arkansas 136 miles, Georgia 125 miles, Louisiana 102 miles, Illinois 100 miles and Florida 97 miles. Maryland built but 4 miles, Virginia 3 miles, and North Carolina 13-12 miles.

THE meeting of the Fruit and Truck Growers Association that should have taken place Saturday was postponed until next Saturday on account of not being able to secure the court house.

THE action of the qualified voters last Saturday in voting the school tax will do more towards building up Nacogdoches than the new railroad.

FROM the notoriety accorded the Bailey-Beveridge incident in Washington recently by the big dailies, these gentlemen must be grooming for the leteure platform.

WITH unequaled school facilities and the finest truck and fruit country that the sun shines upon, Nacogdoches offers to the homeseeker the finest inducements that can be made to man.

MAKE your ads to the point. Let the people know in a way most convenient for them to read just what you have to offer at certain prices, and when they respond have your goods so displayed that examining and buying will be a pleasure.—Printers Ink.

Now comes the dignified judge of the supreme court of Minnesota and avers that "a jury has a right to be influenced by a woman's beauty." Hully gee! If the courts of Minnesota had appellants and appellees composed of Texas ladies, the whole mills of justice would cease grinding.

Now that we have decided, by an overwhelming vote, to have first-class school buildings, the future of Nacogdoches as an educational center is an assured fact. Thirty-two thousand five hundred dollars will erect and equip buildings that will place Nacogdoches in the front ranks where she should have been several years ago.

And the School Bond carried! Now for good buildings that teachers can do good work in. No more dismissing schools on cold days, because it is impossible to keep them comfortable, and on rainy days because the fires all smoke. No more discomfort in the long hot summer. Nacogdoches did the best days work Saturday, that she ever accomplished. It is work that will last and be a glory to her in the years to come. Plans and specifications are to be decided on and the buildings actually put up but the great work was done Saturday, the rest is mere details.

THE SENTINEL is in receipt of the annual report of the President and faculties of the University of Texas for the session 1901-1902, which shows that during the past year more than 1300 students, counting those present for the summer session, have been in attendance and the graduating class just sent out numbered 162. Two hundred and fiftysix students earned the money spent on their education, and 153 either wholly or in part defrayed their expenses by work while attending the University. Of the 864 students enrolled during the regular session at Austin 672 were native born, Tennessee follows with 22; Missouri, 18; Kentucky, 18; Illinois, 14; Mississippi, 14; Georgia, 13; Alabama, 12; and other States with fewer numbers.

J. RAS JONES has been nominated again for Representative in the legislature from Panola county.

THE object of advertising is not alone to create business. It is equally its object to retain business. Too many merchants lose sight of this, and as a consequence permit their competitors, who remember the fact, to get ahead of them in the long run.—Printers Ink.

It seems incongruous to talk of protection from fire, right after a flood and when the water works are still useless, but it will not do to forget the subject. Any expense incurred by putting in first class fire protection, however great, will be more than made up by the lessened cost of insurance. And the town is in danger of absolute destruction the way things are now.

THE actual money of this country practically escapes taxation. As a fair illustration of this tax dodging, for instance the banks of Houston swore to deposit in February of near ten million dollars, little of which appeared on either the county or the city tax rolls. This condition exists, to a greater or less degree, in every town and city in the country. As a rule people regard lying to the tax assessor as a smart joke.—Greenville Banner.

Quite true, and until the time comes when the board of equalization calls for a balance sheet of cash deposit in the bank of the county just so long will the actual money of the country escape taxation. Legislation should be passed requiring cashiers to render statements to the board of equalizers the amount of each depositions balance on January first of each year.

J. N. DAVIS, night editor of the Galveston News, recently drowned while bathing in the Gulf at Galveston. In speaking of his death. The News says: It is with a sad heart the News chronicles the death of one of the most able members of its editorial department. Truly, we see through glass darkly. Yesterday, full of the vigor of manhood; today, laid low by the hand of the Grim Reaper. Yesterday, a happy family; today, wife and children bereaved. In the demise of Mr. James N. Davis The News has lost an able and faithful worker. When death overtakes the advanced in age, it is received in calmness which is partly born of expectation. When death overtakes the young in the prime of manhood, with the future opening of their ideals of ambition and usefulness, it is sad indeed. Heartfelt sympathies go out to the bereaved wife and children. He was a loving husband, a good father, a Christian gentleman; always just, kind and true to friend, and charitable toward any with whom he differed. In addition to wife and children, there is a venerable father to whom the son was greatly attached. The News extends what sympathy it may to those whose hearts are deeply wrung by this sad death.

PEOPLE abroad, who can not have any personal interest in our affairs, are congratulating Nacogdoches upon her school bond election.

FIVE people were killed by a thunderbolt at Offerman, Ga., Monday. They were engaged in constructing a telephone line when killed. Two of the men were negroes.

ANOTHER town is to be located on the T. & N. O. between Nacogdoches and the line of Cherokee county. Strikes us that towns are getting rather thick out in that direction.

THE tomato grower who planted two or three acres this year seems to be the one who made the best profit. Those who planted on a large scale could not control the labor necessary at the right time.

THE Southern Pacific shopmen at Houston have gone on a strike. Seven hundred men quit work at Houston, and it is feared that a general strike will follow, effecting the entire Southern Pacific system. The strikers demand an increase of 10 per cent in wages.

THE canning factory at Garrison seems to be a success. It has proved a good thing for the tomato growers who had stock on hand when freight traffic was stopped by the floods. It consumes all they cannot ship, and, it is said, pays a fair price.

THE business of twenty-four railroads is paralyzed by a strike of freight handlers at Chicago. Ten thousand men have quit work and it is feared that the trouble has just begun. The cause of the strike is the refusal of the railroad companies to adjust small differences through the unions.

SIMON SAM, erstwhile president of the nigger republic of Hayti succeeded in stealing more than a million dollars from his little country, and now he is doing high old bobs in Paris. Paris is where money makes the man, and Simon's color won't hurt him in the gay French capital. The fact that he stole the money will not put him off color, either.—Orange Tribune.

IT is announced that the coronation of King Edward will take place the middle of August.

TENAHA will give a big barbecue and basket dinner next Friday. There will be a lively baseball game and a roping contest. In the roping contest any one will be permitted to participate upon payment of the entrance fee, regardless of county lines. There will also be foot races, fat man's race, sack race, and a dollar will be given to the first one who catches and holds a greasy pig.

THERE are evidences of development and enterprise on every hand throughout East Texas. All along the railroads where the timber has been cut off the land by big saw mills, the lands are being converted into orchards and truck gardens. New substantial farm houses are to be seen and there are signs of thrift and prosperity in spite of storms and other calamities.

A FINE tract of land has been secured near Diboll, Angelina county, by a stock company for a commercial orchard, and five hundred acres will be set out in fruit trees this fall. The promoters of this enterprise tried to locate this orchard in Nacogdoches county, but our land owners got so greedy and ran the price of land up so high they drove them away.

WE have seen no report from the meeting of the East Texas Press Association at Lufkin last week, but have heard that Yantes, of the Athens Review, and McGary, of the Beaumont Journal, were there and met with Watford, of the Lufkin Tribune and Vic Daniels, who was on hand to see that all had a good time. Those four were enough to make the biggest kind of a meeting and we are positive that the occasion justified a three deck write-up. We can't imagine why the great dailies would lose sight of an event of this kind. All the wires were down and the trains were stopped between Nacogdoches and Lufkin and made it impossible for this paper to even get communication with that city. The roads leading to Lufkin from every other direction were not interrupted by the flood. There were a dozen or more of the craft present.

Joe Goldstone came up from Huntington Saturday in Nacogdoches.

Mrs. B. M. Hall and daughter, Miss Alma, left today for San Antonio.

Mrs. O. P. Hall left today for Huntsville where she will visit relatives.

Miss Helen Garrison, of Austin, is in the city on a visit. The guest of Mr. and Mrs. H. Perkins.

Mr. W. P. Deveraux, of Jacksonville, is in the city.

John Perkins left for Timpson Sunday on a visit to his mother.

Zeno Cox left yesterday on a short business trip to Center.

The Misses Brewer, guests of Miss Irene Crain left yesterday for Linn Flat to join their mother.

Mr. Saul foreman for H. D. Garrison on railroad contracts is here inspecting the Fern Lake dam. The members of Fern Lake Fishing Club are having the dam strengthened until it will stand for all time to come, without danger of breaking, and are having it inspected to that end.

A child of Mr. R. C. Bullard, of Beaumont, died Thursday and was brought to Nacogdoches on Friday's train, accompanied by the bereaved parents and Mr. D. A. Bullard, on their way to Melrose where the remains were laid to rest in the Melrose cemetery. The Bullards moved to Beaumont from this county several months ago.

J. R. Buchanan went to Houston yesterday.

Mr. and Mrs. Kuhne returned from Galveston yesterday evening accompanied by Mrs. Khunes brother, Mr. Kolstadt, who is making a short visit to Nacogdoches.

Mr. G. W. Nettles, of Linn Flat was in town today with a bunch of fine pigs that he had sold. He says that his corn crop will be the lightest this year that he has ever had.

Mr. Goldsberry, of San Augustine was here yesterday.

Miss Genevive Jones returned Saturday evening from Houston where she has been visiting the past month.

The infant of Mr. and Mrs. Ed Ramsey, who live on Fredonia Hill, died Saturday and was buried yesterday in the city cemetery. The bereft parents have the sympathy of a large circle of friends and acquaintances in their bereavement.

Hense Burrows was in town today with a load of fine melons. He had an extra one on for THE SENTINEL, it weight about 45 pounds. Now, if Hense thought for a moment he would stop our force with a melon that size he's way off. Our boys made that melon look like a copper with a hole in it in about 2 3-4 minutes.

Miss Dolly Goldberg left on yesterday's noon train for Lufkin and will be the guest of her aunt Mrs. H. Abram.

Geo. C. Ingraham, who is staying at Timpson for the present, spent Saturday and Sunday in the city.

Hon. W. M. Imboden, of Rusk, spent Sunday in Nacogdoches. He took in the big celebration at Lufkin and says they had a great time down there. There were a number of editors present and the East Texas Press Association was pulled off according to the programe.

Miss Effie Hyde was married on Tuesday last, in Carthage to Mr. Strickland. Miss Effie was in Carthage visiting at the time of her wedding. She is a most charming young lady while Mr. Strickland is well and favorably known in Nacogdoches. The happy couple will reside in Conroe, Tex.,

Davis Carries Angelina.

The contest for representative between Hon. Sam M. Davis and Judge Meece was a warm proposition from the start, and the fact that Mr. Davis' majority over Judge Meece will reach nearly 1000 proves only too well that the latter was never really in the contest. But both men had strong friends and supporters, and while some of Judge Meece's friends admitted defeat from the start, others were sanguine of success and remained steadfast until late in the afternoon.

The friends of Mr. Davis, however, were more active and made a campaign for their favorite that was telling when the votes were counted. His majority, though, of nearly one thousand was an agreeable surprise to even his most sanguine supporters, but at the same time none the less gratifying to Mr. Davis and his friends. It was indeed a compliment to one of the most popular and worthy young men of East Texas, and he appreciates it highly.—Lufkin Tribune.

Base Ball.

Nacogdoches, 00102000—3
Beaumont, 01210000—4
The game yesterday was not called until after five o'clock, owing to the train on which the Beaumont team were, being late. The result was another hard luck story for the home team. They got more hits, ran more bases, and made fewer errors, but the game went to Beaumont. Of course every one wants the home team to win, but yesterday was far better seeing, more thrilling, more of credit to Nacogdoches than the games with Jacksonville; when the game was a walk over for Nacogdoches.

A large crowd was at the park and a larger one will be there today, for the games are fine.

NOTES.

Wilson did some fine pitching.

The game yesterday was celebrated for the number of men killed. They died like brave men at their post, rather on the bases.

Today's game belongs to Nacogdoches.

We will not quarrel with our Jacksonville contemporaries about the ball game recently played there. Our boys are so used to getting beat that they dont care anything about that, but they do say they were not treated as nice in Jacksonville as they have been treated elsewhere.

Paderewski landed in Europe with \$125,000 net from banging the piano for the people in this country. There are many Americans who say they do not like his playing, but evidently a few like it, and from the results of the trip it would appear that these few have the money.—News.

The condition of the track and road bed of the H. E. & W. T. has made it too dangerous to run night trains since the big washouts and as a result the day trains have been crowded and extra long trains are being run to accommodate the travel.

322 to 59.

Three hundred and twenty-two votes in favor of the issuing of \$32,500 in bonds, the money to be used for the building of new school buildings in Independent school district No. 3, and fifty-nine against the question. The result is practically unanimous and is a credit to the city. The work will be pushed as fast as possible, and the new buildings erected in the shortest space of time practicable. No one rejoices more in the prospect (now a certainty) of schools that are a credit to the city, than THE SENTINEL. The paper has advocated better buildings and worked for that end always, and it feels that it has a right to exult in the triumphant victory the schools have won.

Its a Frazzling Shame.

THERE has been a lot of dynamiting on the Angelina the past week. Pity that these violators of the game law cannot be caught and made to pay the full penalty. It is no wonder fishing is bad when everything in the river is killed by this abominable method practiced by a lawless element.—Nacogdoches Sentinel.

The editor spent Sunday with his family on this river, at the old San Antonio road crossing, and it is no uncommon thing to hear the boom of this explosive up or down the river on this holy day, the wanton destruction of fish being carried on despite the law. On week days we are told that it is even worse. Pity those engaged in this nefarious practice could not be made to feel the full penalty of the law they are violating.—Alto Herald.

LONNIE BENTLY, Appleby, Tex., June 30.

Grandma Dawson well known in all this county and a resident of Linn Flat, died last Friday at that place, owing to her extreme age. She was unable to rally with the disease with which she was attacked. Mrs. Dawson was the mother of Mrs. J. M. Liles of this place and Squire Dawson of Tra-week. She has other children also to mourn her loss.

A gang of expert budders have been working in Prof. F. W. Mally's nurseries at Garrison, Lufkin and Hulen the past ten days and are still at work. They have been putting in about fifteen to twenty thousand buds per day to supply contracts for fruit trees in Nacogdoches and vicinity. There is a big rush on and prices are steadily advancing. The proprietor is making special prices to Truck Growers associations, and on car lots now while the budding season is yet on. Write him at once for special prices this month. Address him either at Garrison or Houston, Texas. wt

JAIL DELIVERY.

Eight Persons Walk Out of Jail Last Night.

Mondays Daily. Another jail delivery occurred last night, when the eight prisoners concluded they had rather breathe the pure air on the outside than remain inside.

Will Smith, held for assault to kill; Will Smith, burglary; Mitchell Miller, charged with being an accomplice of Will Barnes; Jesse James, adultery; Joe Rives, fine in justice court; Felix Mayes, fine; Jim Buchanan, burglary; Chas. Colton, fine. These are the names of the parties who got out.

Mitchell Miller and Jesse James refused to leave and were found in their beds in jail by Jailer Sloan.

When the darkies got out Will Barnes and Jim Buchanan pulled out for "greener fields and pastures new," but Will Smith and the others come up town and informed Sheriff Spradley and Jailer Sloan of what they had done, begging their pardon for doing so. The prisoners were confined in two cells and effected their escape by cutting a hole in the iron wall between the cells. Two such openings were made and the egress was then made by the usual route—under the cell wall and out the hole in the rear.

Sheriff Spradley gave the escaped prisoners each a suit of clothes this morning.

The escaped prisoners are walking around town today as if nothing had happened. Of course Will Barnes and Jim Buchanan are shady for the present at least.

Charlie Colton left for Houston this morning and Miller went to Garrison on the evening train.

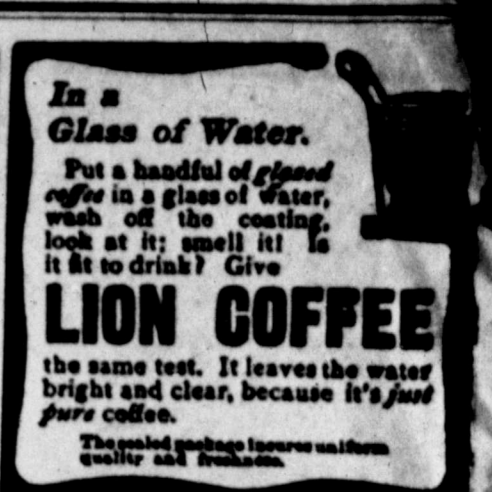

Judicial District Convention.

By authority vested in me as Chairman of the Democratic Party of the 2nd Judicial District of Texas, composed of the counties of Angelina, Cherokee, Nacogdoches, Sabine, San Augustine, and Shelby, I hereby call a convention, to be composed of delegates from said counties, to meet in the city of Nacogdoches Texas on the 21st day July A. D. 1902, for the purpose of nominating a candidate for District Attorney, and transact such other business as may properly come before said convention.

Respectfully,
A. E. Davis
Democratic Chairman 2nd Judicial District.

STAR ROUTE BOX DELIVERY.

The following bulletin issued by the post office department is published for the information of the people of Nacogdoches county, many of whom are interested, yet do not understand the law and rulings upon the Star route service.

Notice is hereby given to the public that the contracts effect July 1, 1902, for the performance of mail service on the star routes in the states and territories hereinafter named provide that, in addition to carrying the mails to the various post offices, the carrier will be required to deliver mail into all boxes and hang small bags or satchels containing mail on cranes or posts that may be erected along the line of the route, under the following regulations of the department:

Any person living on or near the route and not within the corporate limits of any town or within 80 rods of any postoffice, who desires his mail deposited at a given point on the line of the route by the carrier may provide and erect a suitable box or crane on the roadside, located in such manner as to be reached as conveniently as practicable by the carrier without dismounting from the vehicle or horse, and such person shall file with the postmaster at the post office to which his mail is addressed (which shall be one of the two postoffices on the route on either side of and next to the box or crane) a request in writing for the delivery of his mail to the carrier for deposit at the designated point, at the risk of the addressee. The small bag or satchel above described, as well as the box or crane, must be provided by the person for whose use it is intended without expense to the Department.

It shall be the duty of the postmaster at every such post office, upon a written order from any person living on or near the route, to deliver to the mail carrier for that route any mail matter—placing in the respective satchels, where such are used, the mail for the persons to whom such satchels belong—with instructions as to the proper mail box or crane at which said mail matter shall be deposited; but registered mail shall not be so delivered unless expressly requested by the addressee in his written order. No mail matter so delivered to the carrier shall be carried past another post office on the route before being deposited into a mail box hung over a crane or post.

The carrier on the route will be required to receive from any postmaster on the route any mail matter or private mail satchel that may be entrusted to him outside of the usual mail bag, and shall carry such mail matter or private mail satchel to and deposit it in the proper mail

box or hang it on the proper mail crane placed on the line of the route for this purpose—such service by the carrier to be without charge to the addressee.

The mail carriers must be of good character and sufficient intelligence to properly handle and deposit the mail along the route.

The Department does not prescribe any particular design of box or satchel to be used for this service, but the person providing either should see that it is of such character as to afford ample protection to his mail. If there is a lock attached to the box, a key is not to be held by the carrier, as he is expected to deposit the mail without the necessity of unlocking the box. The box or crane should be so located on the roadside that the carrier can deposit the mail without leaving his vehicle or horse, and yet not where it will obstruct public travel.

The carrier is not required to collect mail from the boxes but there is no objection to his doing so if it does not interfere with his making the schedule time. The law provides that every carrier of the mail shall receive any mail matter presented to him if properly prepaid by stamps, and deliver the same for mailing at the next post office at which he arrives, but that no fees shall be allowed him therefor.

The box delivery above described is required by the contracts effective July 1, 1902, on all the star routes (with but few exceptions) in Arkansas, Louisiana, Texas, Indian Territory, Oklahoma, Kansas, Nebraska, South Dakota, North Dakota, Montana, Wyoming, Colorado, New Mexico, Arizona, Utah, Idaho, Washington, Oregon, Nevada, California, Alaska, and Hawaii.

W. S. SHALLENBERGER,
Second Assistant Postmaster General.

CONGRESS has adjourned and the members may all come home. But there is no political excitement now for the Texas members. All the primaries have been held throughout the state.

Now that Lee J. Rountree, of Georgetown, has won his senatorial race, Colonel James Hays Quarles can come home from Charleston, S. A. The state was too small for the "Colonel" and Rountree when both were after the same piece of pie.—Hallettsville Herald.

The Colonel will no doubt be home in time to be at the state convention. It is to be hoped that he will bring a voice back with him.

UNDER the terms of peace in the Philippines, the friars will have to evacuate the islands. The United States are to buy the church property, to be paid for in Mexican dollars, one-third down, a third in nine months and a third in eighteen months. All cases of disagreement, as well as the price to be paid for the property are to be left to arbitration.

WHEN THE TRAIN COMES IN.

The following touching poem by the poetry editor of THE SENTINEL is submitted with no apologies to any one, and respectfully dedicated to the T. & N. O. and H. E. & W. T. Railroads.

A PECK OF TROUBLE.

Nacogdoches ain't on speaking terms with any of her neighbors; She can't get any wires up in spite of all her labors. The tracks are gone, four trains at graze in Mr. Liles' pasture, And everybody asks: "Well, was this rain enough to last yer." But in spite of all your troubles, remember if you kin, There's a good time a comin' when the train comes in.

When the drummers came from Timpson, they traveled on a raft, And fell in the Attoyac and the other fellows laughed. Captain Cooper went to Lufkin and brought some letters through, But the message was sent to most of us was, "your box rent is due."

The tomato crop is spilin' until it is a sin, But there's good times a comin' when the train comes in.

An old negro woman, afflicted with blindness and smallpox and three hundred pounds of flesh, died in the pest house in Houston a day or two ago. Notwithstanding all her afflictions and her old age, she was in no danger until the storm blew the pest house down, exposing her to the weather and otherwise injuring her to an extent that caused her death.

Wanted At Once.

100 or more teams, to haul staves. Can give you steady employment during the summer at good wages. Over two million staves to be hauled to rail road on Angelina and Trinity rivers, short hauls, good roads, and cash paid every thirty days. For further information, address our foreman, T. C. Wilder, Huntington, Tex.

The Tillar Stave Company, Shreveport, La.

PEACE has been finally restored with the Phillippine archipelago, and the President has issued a formal proclamation placing the islands under complete civil government.

Saves A Women's Life.

To have given up would have ment death for Mrs. Lois Cragg, of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough. "Often", she writes, "I could scarcely breathe and sometimes could not speak. All doctors and remedies failed till I used Dr. King's New Discovery for Consumption and was completely cured." Sufferers from Coughs, Colds Throat and Lung Trouble need this grand remedy, for it never disappoints. Cure is guaranteed by Stripling Haselwood & Co. price 50c and \$1.00. Trial bottles free.

A Panama hat may mean the standing off of many bill collectors.

FRIDAY'S LOCALS

Oscar Price, of Logansport, is in the city.

Jim Pye, of Toliver, is in the city today.

Sam Hayter returned to Huntington this morning.

N. Payne, of Appleby, is in the city spending a day or two.

Emory Ray returned this morning to the railroad camp near Sacul.

Mr. Quarles, of Zavalla, who has been spending a day or two in our city, left this morning.

Mr. Wisener, who returned yesterday from Port Arthur, says the wind and rain of the 27th did but little damage in the coast country. The damage to the telephone lines was very slight and the railroad South of Huntington was not damaged at all. The road from Huntington to Nacogdoches, however, is terrible rough, and there is scarcely a hundred feet of track in a place that was not more or less injured.

J. L. Mullens, of Linn Flat, was in the city today and while here paid THE SENTINEL an appreciated visit. Before leaving he put up the necessary wherewith to have the Weekly sent to his address twelve months. If you want the best Weekly, come thou and do likewise.

H. D. Power, of Alto, came over yesterday to spend a few days with his parents, Mr. and Mrs. H. B. Power, and other relatives. He was in town today and says the rain at Alto was "just right," to insure an overwhelming crop in Cherokee county. We are glad to know that our neighbors have not suffered, even if Nacogdoches county has been hit hard.

Col. E. M. Weatherly, of Appleby, was in the city today. He is carrying one arm in a sling, but seeing him only at a distance, we failed to learn the cause.

O. E. Price, of Logansport, who was formerly with McNeil Chapman, was in the city this morning. He is on his way to Houston and was waiting for the first train to start on in that direction. He camp down on the train yesterday but stopped off here.

Between thirty-five and forty sacks of mail matter came in yesterday evening, most of it over the T. & N. O. To distribute this heavy amount, was no small job, but Capt. Cooper and Mr. Hale accomplished it by ten o'clock last night. For fine postoffice service we yield the palm to no other postoffice in the country.

Judge J. C. Feagan, of Livingston, was in the city last night.

N. Pane, of Appleby, was in the city today.

Mrs. R. W. Hall and children, of Vernon, are in the city the guests of Mrs. J. J. Hayter. Mr. Hall will be in the city tonight.

A son was born last night to Mr. and Mrs. O. E. Hubbard.

Dennis Meadow, of Henderson, who has been visiting in Nacogdoches several days, left this morning for Beaumont where he has secured a position with a grocery firm.

Mr. and Mrs. Jesse Fondren, of Silsbee, are visiting their son, Rev. J. C. Fondren. They started from Silsbee last Sunday and did not get here until yesterday afternoon.

H. S. Edler returned last night from St. Louis, where he has been the past month in the interest of the tomato growers. He says the tomato market is steady and that he could place several car loads at a price that would net more than a dollar a bushel if he had the goods. He will make an effort to ship a car the first of next week.

Mr. Carleton, a merchant of Appleby, is in the city.

R. H. Lee, of Garrison, is in the city.

W. E. Banks, of Ableby, was a friendly caller at this office today.

Garrett Weatherly who lives a few miles from town had an operation performed this morning for an abdominal abscess. The attending physicians state that, from newspaper accounts of King Edward's trouble, Mr. Weatherly was suffering from the same disease. The operation was successful and Mr. Weatherly need have no fears of serious results.

J. J. Lewis treated this office to a lot of fine June peaches this morning. He says, while his crop of June peaches has about played out, they were fine while they lasted and his July crop, which is just coming on, is still finer.

THURSDAY'S LOCALS.

Dr. A. M. Hooper, of La Nana, is in the city.

C. A. Hotchkiss, of Dallas, is spending a few days in the city.

Mr. and Mrs. W. B. Pearson have returned home from a two weeks visit to Waco.

Mr. Homer Kennard left for Henderson this morning through the country on his way to Longview. He will be absent about two weeks.

T. J. Roquemore is in the city from Sacul.

Jno. W. Vineyard returned this morning from Lufkin where he has been water bound.

Charles Roberts continues as book keeper at Kaplan Bros. Mr. Curl is with Kaplan, but not as book keeper.

There was such a crowd of railroad men and hands in town last night that the city looked as if the carnival night had come again. Half a dozen work crews and boarding cars are on the track and at least 150 hands, besides the managers and bosses were here.

T. J. Thrash, of Linn Flat is in town. He says that the storm did not injure his crops.

Mr. P. O. Beard, of Henderson, is in the city.

Jim Brewer, of Appleby, was in Nacogdoches this morning.

Hal Tucker left this afternoon for Terrell to bring his wife home, who has been visiting there the past week.

R. L. Reed left for Willis this afternoon to see Mrs. Reed and the baby, who are visiting relatives there.

Sam Hayter came up from Huntington on the train that stopped at the La Nana yesterday.

C. B. Rives left this afternoon for La Grange, Texas, to spend a few weeks with his home folks.

Preparations are being made to burn a large brick kiln at Sacul. It is said that clay is in great abundance there. The chimney which was built by Turner King forty years ago still stands, and is in constant use and as good and sound as the day it was built.

Lightning killed a fine mule belonging to Mr. Baker Gillikin Friday night during the storm.

Mr. Paul Buckner died at Chireno yesterday evening of typhoid fever, after an illness of three weeks.

Doc Sanders and Mrs. P. M. Sanders left for Douglass this morning on a visit to Mrs. John D. Selman.

E. A. Blount is still detained from his office with sickness.

Mrs. Perry and daughter, Miss Daisy, of Tyler, are visiting Mr. and Mrs. W. W. Perry of this city. They are Mr. Perry's mother and sister.

Joe Rogers and his mother, Mrs. C. C. Rogers, of Looneyville, were in the city trading this morning. Mr. Rogers says there was no damage to the crops in his section of the county from the storm. They had a splendid rain and crop prospects were never better, in his recollection.

F. G. Roberts returned from Chireno yesterday afternoon. He will not start for "South Africa" until the trains get to running on schedule time.

Uncle Dave Parrish was in town to-day. He says the Carriso was five feet higher on his bottom field than he ever saw it before.

Mr. Jno. T. Lucas will soon begin the erection of a handsome residence at Sacul.

Henry C. Fuller, editor of the Plaindealer, has been confined at home several days with sickness.

In Mr. J. W. Byrd's watermelon patch, right where an umbrella is stuck up in the soft earth, are two of the largest melons in Texas.

J. C. Buchanan, came in last night from Ft. Worth to see about the damage done to the Perkins building by the storm. He is the contractor.

For all forms of kidney trouble take only Bak-Ake Specific. Sold and guaranteed by Stripling Hazelwood & Co.

The passenger train of the T. & N. O. railroad that has been tied up here for several days, went out yesterday evening about dusk. It probably did not get any farther than the Angelina river, however, as it is reported that the bridge and trestling have not been completely repaired yet. The trains may meet there and transfer the mail, baggage and passengers, but no telling what hour the train will return to Nacogdoches.

Bak-Ake Specific is the only kidney remedy on the market guaranteed to cure. Buy no other. Sold by Stripling Hazelwood & Co.

Today is the day the excursion was to leave for Galveston, but the storm put everyone out of the notion of going.

The horses left on the river by Dick Hall, Joe Jackson, Henry Turner and the rest of the crowd were brought in yesterday by Walter Watson. The vehicles have not been brought in yet, the road being almost impassable even for the horses.

There is No Death.

The funeral of Miss Augusta Ray, the oldest daughter of Mr. and Mrs. J. O. Ray, which took place yesterday afternoon at six o'clock was one of the largest gatherings of sympathizing friends seen in our town.

Everyone in the city was touched by the pathos of the surrounding circumstances. The four brides maids that on next Wednesday would have escorted her to the bridal altar, were dressed in white, while the four groomsmen were pall bearers. It was a sight to move the strongest to tears. A friend of the family sent THE SENTINEL the following well known poem to publish. It has comforted many a sad heart:

There is no death! The stars go down
To rise upon some fairer shore,
And bright in Heaven's jeweled crown
They shine forever more.

There is no death! The dust we tread
Shall change, beneath the summer showers,
To golden grain or mellow fruit,
Or rainbow tinted flowers.

The granite rocks disorganize
To feed the hungry moss they bear;
The forest leaves drink daily life
From out the viewless air.

There is no death! The leaves may fall,
The flowers may fade and pass away;
They only wait through wintry hours
The coming of the May.

There is no death! An angel form
Walks o'er the earth with silent tread;
He carries our best loved things away,
And then we call them dead.

He leaves our hearts all desolate;
He plucks our fairest, sweetest flowers;
Transplanted into bliss, they now
Adorn immortal bowers.

The bird-like voice, whose joyous words
Make glad this scene of joy and strife,
Sing now in everlasting song
Amid the Tree of Life.

And when he sees a smile too bright,
Or hearts too pure for taint and vice,
He bears it to that world of light,
To dwell in Paradise.

Borne into that undying life,
They leave us but to come again;
With joy we welcome them the same,
Except in sin and pain.

And ever near us, though unseen,
The dear immortal spirits tread;
For all the boundless universe
Is life; there are no dead.

Keep Well

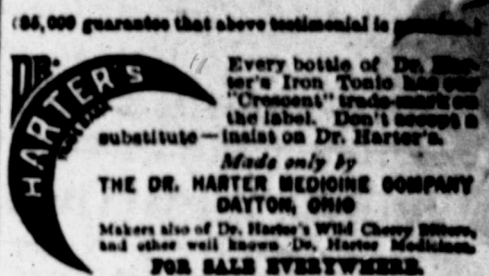

Blood and iron have really been inseparable since the Creation, and when in perfect harmony mean perfect health and strength. Dr. Harter's Iron Tonic is calculated to preserve this harmony, supplying the blood with iron in proper form and proportion. Iron has always been used as a blood tonic, but it remained for Dr. Harter to discover and perfect a combination of iron and other tonic ingredients. A trial of half a century has proven that Dr. Harter's Iron Tonic is a perfect blood purifier. Most of the ills we are heir to come from impure or impoverished blood. The blood carries necessary supplies to every part of the body. If it fails to do so, some part of the bodily machine will lag. Lagging means sickness. Don't permit lagging. Don't wait until you are down sick. Use

Dr. Harter's Iron Tonic

and keep well. It is a scientific compound (not a crude, "shake-well-before-using" mixture) of iron with other tonic ingredients—a perfect blood purifier and health builder.

The following is one of thousands of similar endorsements of Dr. Harter's Iron Tonic that we have received, proof positive that this old reliable remedy does all that is claimed:

Augusta, Ark., May 18, 1906.
"After having said Dr. Harter's medicine thirty years, I can cheerfully recommend it. I might add that I hold in especial favor Dr. Harter's Iron Tonic, and would recommend it to the very best preparation of iron I am acquainted with. To weak, nervous women, and those troubled with nervousness, poor digestion and pale, thin blood, I believe it to be a panacea."

Otto Mims, Randolph Cox and Elbert Summers, are on the river on a camp fish.

J. C. Jessup, of San Augustine, is spending a few days among his friends in Nacogdoches.

Kyle Fitch the grandson of H. Fitch who has been sick for several days, is dangerously ill this morning.

Messrs. Parmelee & Roquemore have completed the right of way contract for the T. N. O. to Angelina river bottom.

Mrs. Jno. N. Wilson, of Melrose, is in town nursing her daughter-in-law, Mrs. Minton Wilson, who is quite sick.

Track will be finished into the new town of Trawick today and trains will be running in a few days. The sidings then will all be put down at once and this will be the terminus for some time. Some of the railroad people are buying lots which is a pretty good indication that they think there is something in it. Lands in that section are advancing and the parties who hold the town lots are thinking of advancing the price August 1.

Miss Essie Carlisle, of Longview, is visiting our city, the guest of Mrs. I. L. Sturdevant.

W. B. Weeks, of Texarkana, a cousin of Mr. John Weeks is in the city on a visit. Mr. Weeks has had a long experience as a newspaper man, and paid THE SENTINEL office a most pleasant call. He announced himself as looking for the "fighting" Editor, but as that gentlemen is in Houston, we had to sight him to the "devil." As his satiric majesty of THE SENTINEL office put in an appearance, Mr. Weeks had business elsewhere.

Dr. C. C. Pierce's enterprising little son was the victim of a mimic railroad accident yesterday. He was playing with an old oil can for a boiler, had filled it with water and fired up. The can had the top secured on, and a nail hole stopped up for the whistle. When the little Engineer pulled out the stopper to "let her whistle" slipped when pent up steam rushed out, and scalded his face severely. He might have been severely injured, for the can would have soon exploded but the clever little fellow is up and about this morning, and will surley be a railroad man when he grows up.

Mrs. A. W. Grimes has been real sick for the past few days.

Uncle Jim Skellern is on the street today. He says he is not regaining his health.

Outing on the Gulf. Phil Sanders returned home yesterday from Houston where he has been the guest of Mr. and Mrs. J. H. Kirby for the past ten days. A week was spent with Mr. and Mrs. Kirby and party on the pleasure launch, "Lawrence," on the Gulf of Mexico. Phil reports having had a most pleasant time—in fact had more fun than he ever had before. The sea being very rough the trip was made shorter than was originally intended.

L. H. Knight, of San Augustine, is in the city.

C. D. Mims left for Melrose this morning.

C. A. Nichols, representing the Houston Chronicle, is in the city. The Nacogdoches agency has been given up by John Thomas and is transferred to Vernon Brown.

Mr. and Mrs. Elwood Seale, of Melrose, were in the city today on a shopping trip.

Rev. J. C. Fondren came in from Lilly Grove today and reports that Rev. S. F. Baucum is carrying on a rosuing revival out there.

E. W. Smith, Esq., has returned from New York, where he went for medical treatment. He seems improved by his trip.

Master Elgin Blaylock, accompanied Mr. and Mrs. John Burford home from Marshall and will spend a week or two in Nacogdoches.

Lee Blanchett, county clerk of Jefferson county, came up from Beaumont yesterday evening. Mr. Blanchett is captain of the Beaumont nine and came to see the boys play.

Mr. Fletcher, a prominent lumberman of Beaumont, was in the city last night. He came up from Beaumont yesterday, returning this morning.

The children had a most delightful time last night at the residence of Mrs. C. D. Stinson. The occasion was a farewell party to Juan and Jack Durst, given by Miss Lilly and Vincent Davidson. The youthful host and hostess received with a grace and dignity that would be a credit to those of more mature years. Juan and Jack Durst are favorites among the younger set in Nacogdoches and their friends all regret their departure for their home in Tyler.

C. C. Rhein returned this morning from a two weeks visit to his parents in Illinois.

Mrs. Zoe Ridley and children returned to their home in Beaumont this morning. Mrs. J. O. Ray, sister of Mrs. Ridley, went home with her to spend a few weeks in Beaumont.

I. H. Hollis, of San Augustine is in the city.

M. A. Graham, of Etoile, is in the city.

The trains made the night run for the first time last night. The north bound train was on time, but the south bound three or four hours late. The roads are in pretty bad shape still to the north of Nacogdoches.

Mrs. E. L. Galloway and son Karl, of Jefferson, are in the city, the guests of Mrs. C. C. Galloway.

Dave Parrish and Jim McClure, two of the most progressive and up to date farmers in the county, are in the city today trading.

Yesterday, as a tenderhearted mortal was going up North street, she perceived a little bird standing right still and fluttering its wings. On bending over to take up the bird to see what was the matter with it, she nearly picked up the cause of the disturbance—a four-foot snake, that glided across the side-walk into Mr. John Schmidt's yard. The tender-hearted person telephoned for help and had the snake killed. As it was a harmless chicken snake, she is now wondering if the S. P. C. A. would give her a medal for saving her bird's life, or prosecute her for having the snake killed. This is not the way to tell a snake story. That snake should have been at least six feet long, and a rattler at that. But these are the facts.

Mr. I. H. Hollis, of San Augustine, who has just returned from Galveston, had his hearing restored to him in a most sudden and singular manner while at that city. While bathing in the gulf a large wave struck his head forcibly, sending him under. When he came up he found that the shock had restored his hearing and that he could hear as well as before deafness overtook him. To say that he is delighted is putting it mildly. The gulf certainly did him a good turn. Mr. Hollis was accompanied by his wife and they left this morning for their home in San Augustine.

W. A. Burnamam, of Etoile spent yesterday in Nacogdoches.

J. S. Henry, of Macune, spent yesterday in the city, returning to his home last night.

Mrs. Brewer and her two lovely daughters have returned from Linn Flat, and are registered at the Banita.

Joe Goldsberry, of San Augustine, spent last night in the city on his return from a business trip to Houston.

Jno. P. Davidson.

Col. M. L. Crawford, a distinguished attorney and member of the law firm of Crawford & Crawford, of Dallas, was in the city today. He used to live in Jefferson and he takes great interest in the historic events of East Texas, for instances the first newspaper, the Moderators and Regulator, the "Old Alcalde" Judge Ochiltree, Judge Blake, Chief Justice Moore and others of their kind.

Sam Smith brought in to the SENTINEL office quite a curiosity in the shape of a contelope, rather two cantelopes, for they had grown together. They are exactly the same size, and look like the governors of an engine. Mr. Smith left the curiosities at this office where they were noticed by quite a number of people. THE SENTINEL force ate them up with many thanks to Mr. Smith for the treat.
