We will, as heretofore, continue to be headquarters not only for the adopted books but all other books used in all the schools of the county. We will also be found with a COMPLETE STOCK OF SCHOOL SUPPLIES--EVERYTHING NEEDED BY TEACHER OR PUPIL. Don't forget this fact.

Just as soon as Publishers can ship books we will have them. Our orders are now in their hands. We solicit your school book and drug business.

Yours,
PERKINS BROS.

P. S.--We suggest that you keep this list for reference.

Working Overtime.

Eight hour laws are ignored by those tireless, little workers—Dr. King's New Life Pills. Millions are always at work, night and day, curing indigestion, Biliousness, constipation, sick Headache and all stomach, liver and bowel troubles. Easy, pleasant, safe sure. Only 25c at Stripling, Haselwood & Co.

Surveyor, timber estimator and notary public.
John N. Wilson,
Melrose, Texas.

Feet Swollen to Immense Size.

"I had kidney trouble so bad that I could not work," says J. J. Cox, of Valley View Ky. "my feet were swollen to immense size and I was confined to my bed and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure which made a well man of me." Sold by Perkins Bros.

If you want a lunch when you come to town go to Will Presslers.

To the Public:

It has been reported through the country that I sold out my cotton yard, which is a mistake. My 5 year lease on yard formerly occupied by myself has run out and I could not renew lease, so I will open on my father's lot between his residence and Mr L. Zeve's on North street about 200 yards above my old stand. Thanking you for past patronage, and hoping to receive a continuance, I am, Respectfully,
Wm. Taylor.

P. S. I have just received a brand new pair of Fairbanks scales which always gives satisfaction. I will also have a complete system of water works for fire protection.
Taylor.

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the Liver or Kidneys as Electric Bitters. It's a wonderful tonic, and effective nerve and the greatest all around medicine for run down systems. It dispels nervousness, rheumatism and neuralgia and expels Malaria germs. Only 50c, and satisfaction guaranteed by Stripling Haselwood & Co. Drug gist.

WE GET THE BIG MILL

Contract to be Signed at Earliest Possible Moment

There was a good attendance at the meeting at the court house last night and the meeting resulted in the final decision to close the contract at once with the Hayward Lumber Company, of Davenport, Iowa, to build their big mill at Nacogdoches, and also to build and operate a railroad from Nacogdoches to their timber lands in the eastern portion of the county.

There is still a sacrifice in the funds necessary to meet the expense of this enterprise, but it was decided to risk making up the amount which is only a few hundred dollars and twenty citizens volunteered themselves as a guarantee committee with the understanding that the list should be left open and other citizens solicited to add themselves to the committee. A soliciting committee was appointed to get names upon this guarantee committee consisting of Chas. Perkins and B. F. Hardeman.

Messrs. W. F. Wilson and Robert Landsey were appointed a committee to solicit further subscriptions to the fund.

A right of way committee was appointed as follows: Chas. Hoya, David Parrish, J. M. McClure, Robert Landsey, W. H. Couch and A. Seale. Jno. T. Garrison Esq. and J. G. Smith were elected by a committee to confer with Judge Geo. E. Ingraham attorney for the Hayward Lumber Co. and enter into a contract with them without delay. Judge Ingraham has been instructed by the Hayward people and clothed with a thin, to act for them.

This is the state of affairs at present. We are going to comply with all the conditions of the Hayward proposition. Our people are ready to sign a contract with them. Twenty good and responsible citizens have volunteered themselves as a guarantee committee and we expect twenty more to join them in this purpose. No one should hold back in any manner in which he can lend assistance in lightening the burden of responsibility. Every body help. If we get too much money on hand we can turn it over to the business league to be used in landing the next good thing we get a chance at. If the league had a bank account of ten thousand dollars it would land lots of good things that will not wait on our slow process of raising money. Don't be afraid that we will ever raise too much money for anything. Help. Get your neighbor to help. Everybody help.

Cane Mills and Evaporators.

"VICTOR."

The "Victor" is beyond question the heaviest, strongest, most durable and lightest running cane mill in the market, and you get more juice out of your cane by using a Victor than with any other mill.

NEGOTIATING BIG DEAL

Chicago Syndicate Interested in Texas Tobacco Lands

Chicago, August 29. A land and immigration agent of the Houston East and West Texas railroad of Texas is in the city negotiating with one of the largest tobacco companies in the United States for the sale of a large tract of tobacco land in East Texas. He understood that a deal for about 10,000 acres of tobacco land closed by a member of the company as the price for the land. The syndicate is negotiating with the company for the purchase of the land and it is reported that the land was bought at an average price of \$10 per acre, including an investment of \$100,000. The syndicate is negotiating with the company for the purchase of the land and it is reported that the land was bought at an average price of \$10 per acre, including an investment of \$100,000.

If the intention of the syndicate interested to begin the cultivation of the contract immediately. The promoters desire to produce the first crop next year.

The syndicate has made experiments during the past years in all of the tobacco States of the Union, but their efforts have not been recorded entire success. The investigation which has been conducted by the United States department of agriculture during the present season just closing has brought conclusive proof that Texas tobacco lands are the finest in the country, and that Texas is the only State in the Union whose product can successfully compete with the genuine Cuban product. The syndicate is already satisfied with the ultimate result and desirous of getting on the ground floor.

A SERIOUS CHARGE

Negro Girl Labeled For Attempt to Murder

A negro girl who has been cooking for the family of T. J. Tilley on North street, was arrested and ruled this morning for an attempt to murder the Tilley family by putting powdered glass in the food.

Her deadly attempt was made at supper last night. When the family sat down to supper one of the children first discovered that there was something wrong with the food and a police investigation was started. It was found that powdered glass had been put in the food. The girl in which it had been put was immediately arrested and taken to the hospital. She left the police immediately after preparing the meal and her whereabouts were unknown until she appeared to Mr. A. W. Grimes for employment and said that she had been cooking for Mrs. Tilley. Mr. Grimes telephoned to Mrs. Tilley to learn something of her character and was horrified at the story Mrs. Tilley related.

The negro was immediately turned over to the officers and after being arrested confessed to the crime saying that if she had had strychnine or anything else that would kill she would have used it. Her excuse was that they wouldn't pay her for her work.

The girl's name is Martha, with so many aliases that no one seems to know her other name.

When you come to town go to Will Presslers and get your lunch.

R. W. HAZLTON, Editor

COTTON picking has begun in East Texas.

LUFKIN has organized a ladies prohibition club.

TOM JOHNSON has been nominated for governor by the democrats of Ohio.

The question of this very minute: Why are they called "the unspeakable Turk?"

EVERY person subject to road duty ought to read the road law. It is in the hands of every overman.

The Lufkin Herald has it out that Lufkin has babies. No wonder it is going out in a huff.

Somebody has visited our city inquiring about our and tobacco lands, crops, farms, and so forth.

The street and business is getting down to business and street cleaning is in the order at present. We will have the "White" of our streets pretty soon.

There is now a feud between two fires. The assassination of a Russian consul and an American vice consul will about put the finish on her "unspeakable"ness.

The prohibitionists carried Bowie county Thursday by a small majority. The city of Texarkana voted wet by votes, but this is a crime by the country. There is talk of a protest.

There has been a heavy falling out in cotton crop prospects throughout Texas, and that three million bales will be terribly short, as predicted by the time they are gathered.

Two new newspapers are now being published in the city of Nacogdoches. August 1st Central is expected to start and the run into Center on September 20th.

LET everybody contribute to the public effort of Nacogdoches by putting out one shade tree somewhere on the streets. It will and caring for it until it can take care of itself.

THERE ought to be a great many shade trees set out in Nacogdoches this fall for humanity's sake, if nothing else. The farmer who lives to town must let his team stand out in the hot sun or pay a fee at the wagon yard.

SEC. ROOT has tendered his resignation as Secretary of War, which has been accepted on condition that he serve until Jan. 1st 1904. The President has announced that he will appoint Gov. Gen. Taft, of the Philippines as Mr. Root's successor.

BEAUMONT has been sued for \$27,890 damages by a man who stepped through a hole in the plank sidewalk and was injured. Bridges are more dangerous than sidewalks. A to the wise is sufficient.

COTTON IN NACOGDOCHES.

The following estimate of the cotton crop of Nacogdoches county is taken from the Houston Post of Aug. 25th:

Nacogdoches.—The condition of the cotton crop in this county is very promising. In the eastern, northern and western portions no insects of any character are reported in the crop. Immediately along the Angelina river in the southern part of the county the farmers report a few boll weevils up to this time, however they have done no material damage. Taking the county as a whole there was a fair to better prospect for a good crop. All the crops were never better, and a good crop will be raised in the county if properly used to last two years.

Apply by.—The cotton crop in this community is good—there will be a fine crop of cotton if nothing much doesn't strike it, damaging it. There is no boll weevil to a great extent; there are a few but none to damage the crop any. The present cotton fruiting is fruiting right along, and is holding all is put on now. The cotton is now beginning to open. Some of the farmers are bringing in a few open bolls. In three weeks cotton will be coming in plentifully and the ginner are preparing to be ready when the cotton comes in.

Garrison.—One of the finest farms for cotton that ever fell. This very near assures the cotton crop in this vicinity. Up to date we have seen no sign of boll weevils or any other kind of pests. The farmers here are very jubilant over the outlook for cotton crop. With the price our country will be in fine shape.

Houston. is to have separate street cars for white and black races. The negroes in the proposed city ordinance and white folks are delighted with it. It is a good thing.

The newspapers of Center are getting tussling among themselves. The fact is, there are too many newspapers in Center, consequently too much scuffling for the amount of business they get. Form a trust, boys, and then you can trust each other.

It is the cotton bull, and his syndicate have already made ten million dollars holding up the price of cotton and they are still offering to buy at 12 1/2 cents. If they can hold it up at this price three months longer they will have the lasting gratitude of the Texas farmer, who won't care if they make a hundred millions by doing it.

The boll weevil and boll worm are both ravaging the cotton crop in almost every section of Texas. Besides the insects, in some portions of Texas too much rain has damaged the crop. In others too much dry weather. It is claimed that the boll worm is doing more damage than the boll weevil. The boll weevil exists in sixty-four counties and the boll worm exists in nearly every cotton growing county in the State.

When a man asks what good the Hayward mill will do Nacogdoches, ask him what good the Cotton Belt railroad would do Nacogdoches if it should come here.

The last race between the Shamrock and the Reliance was called off because both fell short of the time. It was a "dog fall." The Reliance fell on top though.

Let not your angry passions rise, but be calm and considerate in discussing prohibition. Jeering and sneering will gain nothing for either side.

The Chicago thief that stole \$5000 worth of embezzled bank checks ought to change his profession. He wouldn't know a counterfeit bill from a gold certificate if he were to meet them in the road.

It doesn't matter what odds there are against the boat race for that loving cup, the Reliance never comes out second best. Sir Thomas has no show against Yankee pluck and American genius.

The Lufkin Tribune celebrated its seventh birthday by letting out another tuck in its skirts. It's now an eight page, 48 column paper, and is scrupulously neat in appearance and brilliantly edited.

The editor of the Timpson Star is tired and wants to sell out. He has been 28 years in newspaper harness and says he is worn out. He is different from the Sentinel man. We have been at it 27 years and are just beginning to like the business real well.

It would be a good idea for every citizen to turn out, or send a hand, for one good day's cleaning upon the cross streets and alleys. The city government hasn't money to do this work, and the health of the city demands that it must be done.

There had better look out for the Lufkin Land and Lumber company will be figuring on moving their big mill to Nacogdoches. The mill was closed down a few hours, several days ago, says the Tribune, because of the lawless conduct of two men who raised a disturbance among the negroes employed at the mill.

The drug firm of Devereaux & Garrison, at Frankston, recently went into bankruptcy. The report gained currency that it involved the Devereaux-Bolin Drug Co., at Jacksonville, but a statement from Mr. W. P. Devereaux assures the public that it does not. This is gratifying to Dr. Devereaux, friends in Nacogdoches where he is well known.

The famous Hoo-Hoo Band of Lufkin has been engaged by the Texas and Louisiana Lumbermen's association to go with the association to the annual Hoo-Hoo convention at Buffalo Sept. 9th at 9 minutes past 9 o'clock. Lewis Muller, of the Nacogdoches band will be with them. To some extent Nacogdoches has had a hand in nearly all the big successes scored by the Hoo-Hoo band.

JOHN I. DAVENPORT, formerly U. S. supervisor of elections, and once a power in republican politics as a newspaper correspondent, is dead. Though once wealthy, he died in comparative poverty at New York on the 27th inst.

We do not believe in proselytizing. We believe every man ought to do his own thinking upon public issues. We believe it is wrong for people to quit their work and go out bothering other folks in an attempt to force them to think as they do. Let's attend to business and vote as we please on election day.

When men took a leading part in the funeral services of Jake Wiggins, a wealthy negro who died at Waco last week. The old darkey had been a hackman in Waco ever since the war and had amassed a fortune, at the same time commanding the respect and esteem of everybody who knew him. He was a useful citizen and greatly honored by the leading business men of Waco.

There has to be some more money made up before the Hayward mill is a sure thing. Attend the citizens mass meeting at the court house Monday night, Aug. 31st, and lets see whether we will or will not make it up. There are some big things in this mill proposition, which it does seem to us that a blind man could see if he would do a little thinking. Come out Monday night and see about it. You may learn something you had not thought of.

W. C. MAGLSEN, U. S. vice consul at Beirut Syria, was assassinated last Sunday while riding in a carriage. Only meagre particulars have been received at Washington, but steps are being taken by this government to avenge the vice consul's death and demand satisfaction from the Turkish government. Maglssen was of Scandinavian descent and was appointed vice consul in 1886 by his brother-in-law, Consul G. Bie Ravndal. He was a native of Minnesota and was 50 years of age.

Nacogdoches papers love to give Lufkin a dig. What are you sore about? If times are dull up there take a run down and see a live place; it will do you good.—Lufkin Herald.

You are trying to reverse the facts. We are not "digging" Lufkin—only throwing dirt back in the holes you Lufkin fellows dig. Nacogdoches is not sore and she has borne with remarkable patience the "digs" you have given her since your row with the railroad people. Nacogdoches is ready to receive with open arms any and all laudable enterprises and you should not feel sore over her willingness to receive that which you can't keep. We have never tried to take anything away from you by force. If those Lufkin terminals and things are to be moved, we want 'em. If not we are no worse off. Nacogdoches has naught but the kindest neighborly feeling for Lufkin.

Congressman Slobor of New York, who has charge of Hon. W. R. Hearst's presidential boom, has somewhat of a "yellow" name.—Houston Post.

There is no lack of "Slobbering" incident to the Hearst boom.

Mr. Carroll Short has been taking his meals at the hotel lately, and after supper he walks around, looking as lonely as a Tenaha tomato grower. His wife is off on a visit to her home folks in Sabine county.—Center News.

That last Sentence is entirely superfluous.

Now that the Louisiana orchard company is going to put several thousand acres in patches at Emporia, the announcement that it is a Nacogdoches enterprise is daily expected.—Lufkin Tribune.

It is liable to be. The promoters of the enterprise are here now figuring on making Nacogdoches headquarters.

Very discouraging reports come from cotton districts. R. V. Watts, who has been riding over this county looking at the cotton prospects, says that 80 per cent of the fruit now on the stalk is gone, and brought to our office the punctured bolls of all stages of growth, which is pitifully convincing.—Lufkin Herald.

The same discouraging reports are coming in from many communities in Nacogdoches county. There is never any assurance of what cotton will do until it is gathered.

W. J. Bryan's daughter is going in to charity work. Charity begins at home, and it is to be hoped for the sake of W. J. and his future son-in-law that Miss Ruth will learn to build the early morning biscuit like our mothers used to make. Miss Ruth Bryan, it will be remembered, is the young lady after whom Ruth Cleveland is named.—Houston Post.

Times and things change within 18 years. The Bryans and Cleverlands are not hamming any babies for each other these days.

Some boys that stole their way down from Nacogdoches yesterday are up against hard luck.—Lufkin Herald.

Anybody who would steal their way to Lufkin must be in hard luck.—Nacogdoches Sentinel.

Well, that depends on where they're headed from. Most roads lead to Lufkin now-a-days. Even the road to the devil leads by Lufkin, but we're going to change it by Nacogdoches in a few days.—Lufkin Herald.

All right. We'll have Lufkin traveling this way when you do that.

Such acts of violence and intimidation as that perpetrated at the Lufkin Land and Lumber company mill Monday evening is a burning disgrace to any civilized community and the good people and property owners of the town are determined that it shall cease. The Commercial club has employed Martin Feagin to assist County Attorney Townsend in vigorously prosecuting offenders of this kind and will be there when the cases are tried to see that they get full justice.—Lufkin Tribune.

If you fail just tell the Lufkin Land and Lumber Co. that they are invited to come to Nacogdoches, where they can get protection should such an unusual thing occur here.

With some rooster half a dozen we can't see why a cock and a squawk come and low; so we're going to start a 'possum ranch in this land of milk and honey—sweet taters and sweet gravy then we'll never squall for money.—Orange Tribune.

Come up here to Shelby, where poultry is dead easy, where the crowing's done for nothing and the cackling is not wheezy; where the melons grow spontaneous, and wild bees make lots of honey; where the water's pure and plentiful, and there is no lack up here for money.—Center News.

With oil wells on the gush, and tobacco on the boom come early to avoid the rush for Nacogdoches room. With chickens laying all around and money easy to get, and sixty-pound melons on the ground, Nacogdoches is in "It." you bet.—Nacogdoches Sentinel.

Dear readers, please don't crowd around, we believe we've had a fit, the next time we're assaulted so we'll shorely hit the grit.—Orange Tribune.

The same old game, the same old rhyme, the same old jolly all the time about your home town when you know that Houston is the whole blamed show. But here's our chapeau doffed to you, you jolly, joshing rhyming crew! 'Tis good to know you! Praise your town. We'll do it too

till we step down!
—Houston Post.

To give some idea of the peach famine in East Texas this year, it is stated that last year the I. & C. N. R. R. shipped 373 cars, and only "3" cars this year. But fruit men say it is very beneficial to let trees rest one year in about every four.—Carthage Mule.

But the trouble is, the trees persist in resting about three years out of four.

THE Beaumont Journal wants to know if it is absolutely necessary for locomotives in the switch yards to whistle so much. The Journal seems to have the same objection to an engine whistling, as it has to a small boy trying to whistle "Hiawatha"; but we regret to inform the wearied editor that until wireless telegraphy is perfected the whistling must go on.

THE papers are now discussing negro labor. As a rule negro labor is never so satisfactory in other avocations as it is upon the Southern farm. There they do not have to mix with white labor and there is no friction between the races. The negro on the farm seldom gives white folks any trouble and he is more law abiding and peaceful there than anywhere else. As a general thing the negroes who stick to the farm in this country are prosperous and contented, and it is not so in any other avocation.

I always recommend it to my friends who suffer from any kind of headache.
Very respectfully,
Mrs. C. W. Gary.

Jake Williams, a negro hackman, died at Waco a few days ago, and left a fortune of \$40,000, which he made at his trade. He was industrious, sober, polite, and a general favorite with the traveling public. This is mentioned merely to show what are a negro's possibilities when he tries, and points a moral that all negroes should heed. They may not all get rich, but can command the respect of white people everywhere and earn a competency.—**Palestine Herald.**

DOINGS AT DOUGLASS.
The Local News Gathered From the West End.
Douglass, Aug. 25.—News for the past few weeks has not been very abundant hence our silence. All we need though is a railroad to place us up even with Cushing. Well we have the promise that no good thing will be withheld from those who walk uprightly.

The W. O. W. gave a free ice cream supper last Friday night at the Hall. Bro. Watts was present and delivered an interesting oration on the benefit of the order.

Last night we had Bros. Gaddy and Baucom with us. Bro. Gaddy lectured on prohibition to a very attentive audience who fully appreciate his effort in this good work.

Monday, the 31st we are to have Bro. Granville Jones to speak for us, and any one else who will come, on this great question. We will have a basket dinner, everybody invited, especially the anties or those whose minds are not made up.

Miss Hattie Thomas, of Nacogdoches, is the guest of her aunt, Mrs. Kittie Coon.

On account of ill health Miss Bobbie Leonard has sent in her resignation as postmistress at Douglass. The good people have petitioned for the appointment of Mr. T. B. Paine as her successor.

Miss Myrtle Rook of Alto, was the guest of Miss Flora Bruton a few days last week. Mr. Claud Coats, of Alto, attended the ice cream supper Friday night.

A. A. Wortham returned from Galveston Thursday, where he has been to purchase his fall stock of goods.

We regret that Mrs. Castleberry is on the sick list.

Mr. J. D. Barnett is enjoying a visit from his nephew, Willie Barnett, and his brother George, of Grimes, county. Mr. Barnett has not seen his brother in years.

Notice, for Sale.
To the man with a few thousand dollars to invest:

Our farm consisting of 1200 acres of good farming land situated about 11 miles from the town of Nacogdoches on the Melrose and Henderson road, about 7 miles from Appleby. 250 acres in good state of cultivation, 3 good pastures with everlasting stock water, fine drinking water, 3 good dwelling houses, 3 good tenant houses, good timber; consists of good bottom and gray sandy up lands; good improvements. This is the best all round farm in East Texas. Must be sold at once if sold at all. Price \$9.00 per acre.
Gilia Brs.

Croup.
Usually begins with the symptoms of a common cold; there is chilliness, sneezing, sore throat, hot skin, quick pulse, hoarseness and impeded respiration. Give frequent small doses of Ballard's Horehound Syrup, (the child will cry for it) and at the first sign of a croupy cough, apply frequently Ballard's Snow Liment externally to the throat. 50c at Perkins Bros

To all Confederate Camps.
San Antonio, Aug 24, 1903.

Dear Comrades:
The management of the San Antonio International Fair Association has very kindly designated Friday, Oct. 23, 1903, as "Confederate day," and our "Albert Sidney Johnston Camp No. 144" is anxious that our "Old Comrades" in arms should assemble in great numbers on that day at the Fair Grounds to show the abiding interest in progress felt by the "old boys" of "61 to 65," and to see the greatest fair ever held on Texas soil.

We will have speakers both morning and evening who bore their part of the burden of war, and who, though 40 years have passed, still feel a hearty interest in everything that concerns our old soldiers. Come one, come all.

W. G. Woods,
Chairman Invitation Comtee.

Deuced By Worms.
Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition, their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. 25c at Perkins Bros.

Petition in Bankruptcy.

It turns out that the closing of the Dial saloon was not solely on account of the license expiring. Mr. Dial has filed a petition in voluntary bankruptcy and the following notice has been issued to his creditors by C. G. White, referee in bankruptcy:

"Notice is hereby given that said Hardy Dial was this day duly adjudicated a bankrupt; and that the first meeting of his creditors will be held on Friday the 11th day of September, 1903, at ten o'clock in the forenoon, at my office in the city of Tyler in said Eastern District of Texas said place being most convenient for all parties at interest, when and where said creditors may attend, prove their claims, appoint a Trustee, examine the bankrupt, and transact such other business as may properly come before said meeting."
Mr. Dial's liabilities are estimated at about \$5,000 with assets amounting to \$6,500.

Sour Stomach
No appetite, loss of strength, nervousness, headache, constipation, bad breath, general debility, sour risings, and catarrh of the stomach are all due to indigestion. Kodol cures indigestion. This new discovery represents the natural juices of digestion as they exist in a healthy stomach, combined with the greatest known tonic and reconstructive properties. Kodol Dyspepsia Cure does not only cure indigestion and dyspepsia, but this famous remedy cures all stomach troubles by cleansing, purifying, sweetening and strengthening the mucous membranes lining the stomach.
Mr. S. S. Hall, of Ravenswood, W. Va., says: "I was troubled with sour stomach for twenty years. Kodol cured me and we are now using it in our family."

They are beauties. Save money by buying now. Prices will advance.

We are selling our Buggies, Surries, Spring Wagons, Stanhopes and Runabouts at greatly reduced prices. See us before buying.

Save from 20 to 25 per cent by buying your Cane Mill outfit from us. We have the cheapest and best makes.

We will undersell all our competitors on Bedsteads, Bureaus, Wardrobes, Safes, Chairs and Furniture of all kinds. We surely will do it.

Don't make the mistake of selling your cotton before you get our bid. We buy most of the cotton that comes to Nacogdoches. Why not sell us yours? We pay the highest prices.

Your friends,
Mayer & Schmidt.

To The Public.
The Alliance Cotton yard will be ready for weighing and shipping of cotton about the first of Sept. We have had the Scales thoroughly repaired and the weights tested and corrected in accordance with United States Standard weights, and the correctness of same fully guaranteed. Thanking the public for their very liberal patronage in the past, we most respectfully ask a continuation of same. Our yard is located near the depot, we have a good shed free to our customer. Bring us your cotton and we promise you correct weights and courteous treatment. Our agent, A. J. Murphy, will have charge of the business and will give his personal attention.

Yours Respectfully
Wm. M. Alders,
Chair. Executive Committee.

21 Years a Dyspeptic.
R. H. Foster, 318 S. 24 St. Lalt Lake City, writes: "I have been bothered with dyspepsia or indigestion for 21 years; tried many doctors without relief; recently I got a bottle of Herbie. One bottle cured me. I am not tapering off on a second. I have recommended it to my friends; it is curing them, too. 50c at Perkins Bros."

Parker Barr and family of Nacogdoches county, are visiting old friends in Panola. Park is an old Panola citizen, a good man and a good farmer and we wish he would come back to stay. We need him.—Panola Watchman.

Will Extend Texas Fame.
S. Orr Neal, a prominent Virginia tobacco grower, is in the city today, a guest at the Rice hotel.
Mr. Neal is in Texas to look over the Nacogdoches tobacco land.
Mr. Neal says that if Texas tobacco fields are what they are said to be that it will not be long before there are large tobacco factories, located in Houston where fine domestic cigars are manufactured and shipped to all parts of the United States as well as abroad.
"You people have a big thing in that tobacco land," remarked Mr. Neal, "and it will extend Texas fame wonderfully."

I have a good saw mill on the Logansport road seven miles east of town that I will sell cheap on time or trade for land.

A Toast to "Old Nacogdoches."
There's a village in a valley,
Between two lovely hills,
Where millions of fruits and flowers
Grow on her vine clad hills.
Time honored Nacogdoches,
The home of Rusk and Thorn;
Fair ladies and great heroes
Within her bounds were born.
She arising from her ashes,
As the Phoenix, bird of yore,
And growing in prosperity,
As she never did before.

Mr. Day and family, of Alabama arrived in the city on Thursday and are living in the old Carraway place on North street. Miss Nina Day has been spending the summer in Nacogdoches, the guest of Mr. C. E. Butler. We are glad to welcome Mr. Day and his family as residents of the town, and hope that they will be pleased with their new home.

THE Business League is beginning to bear fruit.

A CHICAGO syndicate has purchased a large tract of land in East Texas and will plant an extensive crop of tobacco next year.

THE thermometer has reached 95 degrees twice in thirty days at Houston, says the Chronicle. It hasn't reached 90 yet in Nacogdoches, all this summer.

CALEB POWERS has been sentenced to death for the murder of Gov. Goebel. He got his sentence on the third trial at which he pleaded his own cause.

THE health of the new Pope is failing already. Being past sixty years of age, and in declining health, the prospects are not so bad for those cardinals who have aspirations.

PUT your name down on the guarantee committee, and if you haven't subscribed anything to the railroad fund yet, put down a few dollars to help raise the amount to five thousand dollars.

SEPTEMBER COTTON sold in New York yesterday at 11:89; October, 10.81 and December 10.44. This would indicate that spots will be held up to somewhere near 10 cents all through the present season.

Oh, yes; we are going to get the Hayward mill and railroad, but you ought not want your neighbor, who is poorer than you are, to pay for it and let you get the benefits for nothing. Do the right thing and help make up the balance yet required.

THE East Texas Institute at Rusk has begun the publication of a paper, The Educational Worker, the initial number of which is on our exchange table. It is in no sense a newspaper, but is ably edited and neatly printed in the interest of education.

THE Hemphill News is grooming E. A. Davis, Esq., of San Augustine for the State Senate from his district at the next election. Davis is a popular man and will make a strong race. He is at present the Representative in the legislature from the San Augustine district.

It now develops that Vice Consul Magelssen at Beirut, Syria, was not assassinated, and it is explained that the rumor of the crime was based on some person firing a pistol in the vicinity of a street along which the American official was driving. Subsequent investigation may further disclose that the explosion was not a pistol, but a torpedo dropped on the sidewalk by a mischievous small boy. These discoveries will not deter the United States from making a naval display in Turkish waters. Another such opportunity may not take place during the present administration, and Roosevelt is not overlooking any chances for display either at home or abroad.—Beaumont Journal.

ALL PETERED OUT.

The Post Office Department investigation seems to have petered out completely, writes Charley Edwards from the National Capitol. If anything is doing at the big pile on Pennsylvania Avenue no man can find it out. Since the statute of limitations let out so many who ought to be wearing stripes, it seems to have paralyzed the energies of the investigators. Although the Grand Jury in Brooklyn indicted George W. Beavers for complicity in the frauds and peculations in the Post Office Department, no attempt has ever been made to apprehend him and bring him to the bar of justice. It is believed in Washington that the reason for this apathy on the part of the government officials is that Beavers is another one of those "Temple pullers," and the powers that be are not hunting for that kind of game. It is a safe wager that the last heard of the sensational developments in the Post Office investigation. It looks as though the Interior Department would now become the center of activity in the scalawag hunting line, but nothing will ever be done there until there is a change of administration and a change of the brand of politics.

LUFKIN claims the same population in numbers that Nacogdoches does. How could that be possible if it were not for the Frost Mill, the machine shops, railroads terminals and other enterprises of this character located there? Still we hear some folks asking "what good will the Hayward mills do Nacogdoches?" The Frost mill has done more to build up Lufkin than anything else, for it virtually brought everything else that has followed there. The Hayward mill will do the same for Nacogdoches. It will bring us another railroad. It will cause the establishment of an iron and brass foundry and machine shop here. It will be the incentive for dozens and scores of other enterprises great and small, and greatest of all will supply the connecting link that will place Nacogdoches in close touch with the great Cotton Belt railroad system. When we get that we can have most anything we want.

ANDREW A. VEATCH, preacher, poet, philosopher and journalist, a native of the pine woods of East Texas, passed through Nacogdoches yesterday on his way to Oklahoma City O. T., where he will head a syndicate to establish a newspaper. He recently sold out his paper at Lindsey, Indian Territory, and after a month at his old home at Hemphill has gone back to that new country to engage in taming savages and moulding public opinion. He says he is mostly in search of the future Mrs. Veatch and is ready to be adopted by the first squaw that offers to take him under her protecting wing, provided she has a few thousand acres of that rich country in her back yard, and wampum enough to make life easy for two—or more.

In our efforts to secure the better enforcement of law, let us not forget that one of the most important points to be looked after is the petit jury.—Bonham News.

The petit jury it never overlooked in Texas. That's the first thing the defendant looks after when he gets in the clutches of the law.

THE inventors of boll weevil remedies are getting almost as numerous as the weevil and all of them are asking for that fifty thousand dollars. The money will never be paid, of course, until the weevil has been exterminated, a matter the inventors seem to have overlooked.

PALESTINE has set Sept. 17th as Pythian day during her carnival. There will be a school of instruction and Grand Lodge of Emergency. La Nana has received and accepted an invitation to be present. All members who can are admonished to attend.

The democrats are being laughed at about their presidential candidate next year. Well, Roosevelt will be the republican nominee and any old thing will do to beat him with.—Gatesville Star-Forum.

Or, it may be that the democrats think any old thing will do for him to beat.

Mr. Jink Welch called at our office last Monday morning and presented us a mammoth 22 inches in circumference and weighing eight pounds. This splendid specimen was raised by Mr. Jake Miller on his place eight miles below Hemphill, and only helps to confirm what we have already often said about the possibilities for Sabine county in the line of fruit and truck growing.—Bronson Bulletin.

What in the name of the fruit and vegetable kingdom is a "mammoth?"

The Daily Sentinel is all the time and always whooping for the Democracy of Nacogdoches county, but Editor Haltom, after thinking a little, says: "We do not believe in proselyting. We believe every man ought to do his own thinking upon public issues. We believe it is wrong for people to quit their work and go out bothering other folks in an attempt to force them to think as they do. Let's attend to business and vote as we please on election day.—Tyler Courier.

Well, is there anything undemocratic about that? We are always "whooping" for everything that is good for the peace and welfare of the country. We say what we think through the paper, but we don't ask people to quit work or suspend business to read it. Any man has a right to say what he thinks, but he hasn't the right to question another man's honesty or sincerity for disagreeing with him. A public speaker has a perfect right to go out and make speeches upon any issue, and we think it is right and proper that all public issues should be thus discussed, but if any one does not care to hear these discussions he ought to be allowed to go his own way in peace. It is the street bore that we were after, not those who engage in the respectful, dignified discussion of questions of public interest.

ROOSEVELT AND JEFFERSON.

BY C. A. EDWARDS.

Since Mr. Roosevelt became President of the United States and has been in the limelight, the people of the country who want to keep up with the times and keep themselves posted on all the things that can be said for and against a man in public life, have been reading the many books that have been written by the fecund pen of the man who now occupies the highest office in the nation. Some of the students of this city have found that a peculiarity of Roosevelt's writings is that he had had very few kind words to say of any man who ever occupied a high place in this country; that on the contrary he has lambasted the life of most of them. Take for instance, his opinion of Thomas Jefferson; expressed in his "Naval War of 1812." In volume xi., page 198, of that work from the pen of Theodore Roosevelt, he was intemperate enough to say that Mr. Jefferson "was perhaps the most incapable Executive that ever filled the Presidential chair." That seems to be pretty tough on the author of the Declaration of Independence, the man who acquired the Louisiana territory, who was twice President of the United States, both times elected by ballots and not by bullets, who was the founder of the University of Virginia, and whose teachings have ever been the bulwark of popular government in this country as against the rule of the classes. Mr. Roosevelt seems not only to be an iconoclast, but of late years seems to have become a painfully pragmatic preacher. He detests and proclaims the axiomatic at the slightest provocation. He is showing a reprehensible tendency to lecture the public on self-evident propositions, and to do it with a suspicion of sensational purpose, as, notably, in his warning against race-suicide and his sermon on decent living. The people of this country, if I am any judge of every-day human nature, do not like to be lectured. They think they know what they want and how to get it when they want it. That is one of the reasons why Grover Cleveland lost popularity while in the White House. If Mr. Roosevelt will continue in his present course he will very aptly illustrate the point of "Tom" Reed's sarcastic saying: "What I like about Roosevelt is his enthusiasm over his own discovery of the Ten Commandments."

It seems the oil boom and other things that have attracted the attention of our people, has caused Nacogdoches to lose sight of the proposition to incorporate the Banita Manufacturing plant. The failure to incorporate this enterprise, after having started it, works a hardship upon the owners, because of their having had a good string to pull on at Orange, and which they let slip because there was an interest manifested at home and they preferred to stay here at home and use

home capital rather than go elsewhere. The proposition from Orange was turned down with detriment to Ireson Bros. as the matter has turned out.

Why don't the citizens of Nacogdoches smoke more home made cigars? The home made cigar is as good as any other cigar for the money and there is no just reason why they should not have the preference.—Nacogdoches Sentinel.

Why Bro. Haltom because it would be building up home enterprise you know.—Houston Echo.

Some people do seem to have an aversion to building up home enterprise.

Thermometer stood at 178 in the shade a few days last week. It was shore not.—Polk County News.

Bro. Hargis, we suppose you went out in the sun to keep from melting. Or are you contesting for a place on the Houston Post. Now Bro. Hargis own up.—Houston Echo.

Must have had a prohibition campaign on. That's nearly 100 higher than it has ever been in Nacogdoches.

Charlie Powers is somewhat of a corn raiser himself. He pulled 50 ears to shell a turn for mill and brought one of them to this office. It contained 960 grains and weighed a pound and a quarter. Fifty-two ears like it would weigh a bushel. Nacogdoches county will have to come again—and when she does Mr. Powers has some corn that is still larger he is holding in reserve.—Timpson Times.

Them's mere nubbins. A man brought an ear to the Stone Fort National Bank of this city yesterday that had 1320 grains. There are so many of these kind that we can't keep up with the names of those who fetch them in.

Negro Race Declining.

The "vital statistics record" as published in the Plaindealer each week indicate that in this county at least the negro race is decaying. The percentage of births and marriages favors the whites, while the negro shows up conspicuously in the death records only. By a comparison of the white births and deaths and the negro births and deaths the terrible discrepancy sticks out. It may be, however, that the colored folks are not reporting births as the law requires.—Nacogdoches Plaindealer.

The Plaindealer's observations in Nacogdoches county are not remarkable. In the larger cities of the country it is the exception where the records do not show even a greater death rate among the negroes. It is a fact that in most cities of more than 100,000 inhabitants there are more deaths than births among the negroes. The twelfth census showed that among the whites of the country the birth rate was much greater than among the negroes, while the death rate among the negroes was much greater than among the whites.—Galveston News.

APPLEBY LETTER.

The News From Our Flourishing Little Neighbor.

Appleby, Aug. 31.—There is very much complaint of cotton failing now. Boll weevils and worms, etc. are injuring cotton very badly. Other crops are doing fine. Corn will soon do to gather.

Our new college building will soon be completed and it will be quite a fine structure when finished. It will be an ornament to our town, and our school next session under the management of Profs. Hale and Weatherly will be second to none. Quite a number of boarders expected to attend this year. Several families are making arrangements to move here soon for the school advantages. Prof. Hale is here now looking after school interests and is creating quite an interest and arousing much enthusiasm in the school life at this place.

We had speaking last Friday by Martin, Wooten et al, in behalf of prohibition. Much interest is being manifested here in this matter. No hard feelings, but every one is enthused. The ladies have organized themselves into a band of workers to help carry the election for prohibition. They have announced free lunch to all next Thursday at the election here.

The Methodist protracted meeting is in session here now and large crowds are in attendance and much interest has been shown.

Mr. Clebe Meadows of Nacogdoches, spent yesterday in Appleby.

Mr. Parker Barr has returned from a three weeks visit to his old home in Panola county.

Mr. James S. Hurst has accepted a position with W. L. Skeeters & Co. and will begin work next Monday.

Sabine County Bulletins.

From Bronson Bulletin:

Hon. Hugh Short, of Center, came over from Hemphill, where he is attending court and spent Sunday visiting his brother-in-law, Mr. James P. Weathered and family of this town. We hope to see Mr. Short Judge of this District Court in the near future.

Mr. J. L. Dickerson, the young man who got his thigh crushed by a falling pile of lumber at the Kirby Lumber Co., mills at that place some four weeks ago, is rapidly recovering. He has received the very best attention from the nurses at the hospital, and skillful treatment by Dr. W. C. Arthur.

Monday night, about two o'clock, Manual Manwell, a Mexican, became engaged in a shooting altercation with some unknown person, over in the Kirby Lumber company's mill quarters. Manwell received a gun shot wound in the right eye. Dr. Arthur was called and performed a most skillful surgical operation in dressing the wound, and he is rapidly recovering and will be out soon.

Good board in the best of families can be had at Appleby for \$7.00 to \$8.00 per month.

Grateful Book-keeper.

Mr. Steve Schilling, a book-keeper of Lincoln, Ill., states: "As a user of Re-Go Tonic Laxative Syrup I wish in a small way to show my gratitude for the good as done me. I have been a sufferer from constipation and my digestion has been impaired, heartburn and sometimes sick headaches and biliousness. Since I began taking Re-Go Tonic Laxative Syrup I have had none of these troubles. The Laxative effect is truly the most pleasant that I have ever experienced, mild but sure, without the gripping effect so common with many such remedies. Re-Go is certainly a wonder. Sold by Perkins Bros.

Messrs. Hulen and Oscar Crain have established a Collection Agency, with offices over the store of Jno. M. Weeks, where they invite their friends to call and see them. They solicit collections from the public and will give prompt attention to all matters intrusted to them and will take all pains in serving the best interests of clients. They are both experienced in this line of business and are responsible and reliable young men in whose hands it will be safe to place collections.

Miss Rowena Bentley, who has been attending school at Austin, has returned home, much to the gratification of her many friends.

Miss Bertha Parrish returned from San Augustine today, where she has been visiting relatives and friends the past two weeks.

J. P. Bruton, of Douglas, was in the city today. He had a sack full of cotton bolls that had been blighted by boll worms and says the cotton is terribly damaged by them in his section of the county.

Miss Etta Day came up from San Augustine today. She has accepted a position in the store of G. H. Davidson and will make Nacogdoches her home.

Mrs. Jas. Arnold, Miss Lennie and Louis, accompanied by a nurse for Mrs. Arnold who is a helpless invalid, returned last night from Shreveport, where they have been for some months. The family are in their home on Bailey Avenue. Their friends will regret to learn that Mrs. Arnold's health is no better.

Mr. A. F. Richardson, of Mobile, Tyler, county, is visiting his nephew, C. F. Richardson, of this city. Mr. Richardson says the cotton crop of Tyler county is failing very fast and at present the prospect is for a very poor crop. He says he has twenty acres in cotton on land that would ordinarily produce half a bale or more to the acre, from which he does not hope to gather more than three bales. The failure of the crop in his county, as it is in every other east Texas county, is due to the ravages of the boll weevil and boll worm.

Mr. Sam Rider was in town yesterday and was quite enthusiastic about a farm on the Loco creek which he has just bought from Lee Brewer and on which he said that to his certain knowledge six acres produced twelve bales of cotton in 1901. Mr. Rider says that last year on his home place near Mahl he sold fifty-two dollars worth of pears from twelve trees. This year he is experimenting with the blue marl which underlies the red lands of this country, as a fertilizer. He has three rows of cotton highly fertilized with stable manure, three with commercial fertilizer and three with the blue marl, and no person can tell any difference in the plant which is exceedingly luxuriant on the entire plant and seems to go to prove that our marl has fine fertilizing qualities. We would like to see such experiments continued on a large scale and in different portions of the country.

For all forms of kidney trouble take only Bak-Ake Specific. Sold and guaranteed by Stripling Hazelwood & Co.

Mr. R. M. Bucy, recently of Ft. Worth, has rented an office over the drug store of the Shindler Drug Co., of this city, and will establish an extensive wholesale lumber office here at once. He is fitting up the office today with furniture and conveniences and will be ready for business at once. Mr. Bucy will move his family here and may become a permanent citizen. We understand that another big lumber office is to be opened soon though we do not know who is to have charge of it.

SUMMER HILL SELECT SCHOOL.

Will Be Reopened Early In October, With Prof. Orr and Strong Faculty.

Tyler Courier.
We learn that Summer Hill Select school at Omen will open the first Tuesday in October, and that Prof. A. W. Orr with a strong faculty will have charge. We are glad of it.

There are so many young men and women over the country whose early education has been neglected, and who will not attend any city graded school, that such a school as the one at Omen is a necessity.
Many of our brightest and best business and professional men were educated there. In fact, we have never known a pupil from that school but what seemed to have acquired new life while there.

It is a quiet little place of modest pretension, but most of the people living there and thereabouts are old, substantial citizens and great lovers of their school. They, like some of our own people, know what it is to have a good boarding school in their midst, and, if it takes money to get it, why they just reach down in their pockets after it. And somehow they know mighty well over there how to make a gawky, timid boy feel at home among them.

The young man or woman that wants to make a success of life can't invest a little money in brains anywhere else to better advantage than at Omen, and we think we are only doing our duty to say so.

The Courier always has admired that school, and is now glad its prospects are brighter than ever before.

The great advantage of White's Head-Ease over other headache cures, such as pills, tablets, wafers, powders, etc., is the quickness and certainty of its action. Being in a liquid form it is assimilated immediately upon reaching the stomach, and thus affords instant relief. The slowness of action of most headache remedies renders them dangerous for the reason that the second or third dose may be taken before the first one begins to take effect, and, while one dose might be harmless, the combined effect of two or three doses may produce alarming results. The sufferer from headache or neuralgia wants relief right now and White's Head-Ease always does the work at once and leaves no after effects whatever. For sale by Strippling Hazelwood & Co. at 25c and 50c. Beware of dangerous substitutes.

Dr. Mayfield writes from the Summit of Pike's Peak, Aug. 24th. The attitude is 14,147, thermometer 60. Had on overcoat. Could see Mexico. View wonderful and grand. Neil Ingraham and crowd there. All will start home Friday and arrive here Sunday. They saw Seal & Donegan's sign, "Everything but high prices," on Pike's Peak. Guess that is one of Allan's "tracks" he left there on his visit.

OUR CUSHING CALENDAR.

Current News, Notes and Personals From Our Little Neighbor.

Cushing, Aug. 26.—Our barbecue on the 21st was a success as to the crowd and speech making. Dr. A. J. Holt and Rev. W. W. Watts ably represented the Pros. Any one never saw a more orderly crowd. There were 1500 or 2000 people here and while they expected to hear the Rev. Granville Jones they were intelligently informed by the addresses delivered.

The Methodist meeting conducted by Revs. Brown and Anderson, closed Sunday night. Quite a number of conversions. A church was organized and a church building will be erected in the future. This meeting was a blessing to the town and community.

Revs. Wm. Gaddy and E. M. Stevens began a meeting here last night. We are expecting a gracious revival as the outcome of this meeting.

Our school building will soon be completed, so you see the religious and educational interests of our town are growing, correspondingly with the material progress of the same.

Messrs. Singleton and Martin will complete the Al Jones building this week.

Mr. D. C. Bains will leave for St. Louis in a few days to purchase his stock of hardware and furniture.

Mr. W. J. Brackin, Secretary and Treasurer of Texas Lumber company, is visiting his home folks at Kountze this week. Mrs. Brackin and the boy accompanied him. Dr. D. Lee is attending to the office work during Mr. Brackin's absence.

Mr. Al Jones, of Mahi, is here looking after business interests.

Quite a number of our Nacogdoches friends were here on the 21st.

Mrs. J. G. Orton, Mrs. Steinbach, Miss Virgie Gaddy and Lake Orton are visiting Mrs. H. B. Davis.

Mr. H. McLendon and family arrived last week. Mr. McLendon will open a cotton yard in time for the fall trade.

Mrs. Hull, of Overton, is the guest of Mr. and Mrs. H. McLendon. Mr. Hull has property here and will build in the near future.

Quite a number of drummers are here every week in the interest of their respective firms.

We are informed Mr. John Bates, of Nat, will open a general merchandise store soon.

The business houses of Messrs. Bains, Irwin and Williams are about completed, and will soon be stocked for the fall trade.

The health of the community is exceptionally good.

Mr. Jno. T. Lucas, of Sacul made us a flying visit Tuesday.

The Cariker and Texas Lbr. Co. mills are running on full time.

Save Your Peach Seed.

Mr. H. S. Edler will pay 75c cash per bushel for any kind of peach seed delivered to him in Nacogdoches.

TALK OF TRAWICK.

The News of The Little Town and Surrounding Country.

August 25, 1903.

Editor Sentinel:

Albert S. Brewer has been quite sick but is up again. Several from here attended the speaking at Cushing, also at Nat.

We are feeling good now. The railroad men say they are going to put a depot here soon. But we will be easy, as there has been no move yet on their part. Still we all see the need of one.

All who are interested in having a church built here will meet Wednesday and help fix the ground.

Mr. J. P. Birdwell is one of our callers this morning.

We are anxious to know whether Dr. Campbell is going to move here or not.

W. L. Paine is the ice man. Says he will get ice for anybody, especially for strangers.

The mail route from Linn Flat here is all O. K. The contract has been let to begin Sept. 8th.

Mrs. Lela Todd, of Henderson is visiting here this week.

Miss Lula Ewing, of Proctor, Texas, will be here Friday. She will visit friends and relatives at Nat next week.

Mr. Hugh House, of Cushing, called to see us Saturday.

Mr. J. M. Dawson still sends in fine watermelons.

Raised From the Dead.

C. W. Landis, "porter" for the Oriental Hotel, Chanute, Kan., says: "I know what it was to suffer with neuralgia, 'deed I did, and I got a bottle of Ballard's Snow Liniment and 'I was raised from the dead.' I tried to get some more, but before I had 'deposited' my bottle, I was cured entirely. I am 'telling' de truth too." 25c, 50c and \$1.00 at Perkins Bros. w

Ed. S. Hicks, Esq., of Tenaha was in town today on business. Mr. Hicks is introducing a new canning process by which every family can put up its own canned goods at a nominal cost. The entire expense for the outfit is only \$10. We believe that this cheap canner is a perfect solution to the truck farming problem, as all the overplus fruit and vegetables can be canned and saved till winter. The News thinks every family in Shelby county should have one—Center News.

During our trip to Center we saw some samples of fruit and tomatoes canned by Mr. Hick's process. The workmanship compared favorably with any can goods put up by extensive canning establishments, and there appeared to be no difference in the contents, unless in richness and flavor the comparison was in favor of the home cannery. The adoption of the Hick's process by every farmer would revolutionize the fruit and truck business in East Texas.

The street scraper is doing good work on Main street today, and the six little mules, three of which are named "Beck" and the other three "Jim" are pulling the big scraper around in a way that promises good streets for the city.

SATURDAY'S LOCALS.

Ice cold soda water and cider at Will Presslers.

Capt. Mast, of Melrose, was in the city today.

Joe Langston has accepted a position with Kirby Lumber Co. at Buena Tex.

Hon. A. H. McKnight, of Center, is in the city on professional business.

Whig Rogers, of Eden, was a caller at the Sentinel office this afternoon.

Mr. and Mrs. W. J. Campbell have been visiting friends and relatives at Alto.

Mr. J. M. George will move his family immediately into the J. T. Lucas cottage on North street.

Edgar and Hunley Wiggins of Jacksonville, are spending a few days in the city on business.

P. C. Richardson returned last night from his summer trip to St. Louis, where he has been buying goods for his store.

Mr. Joe Zeve was among the Nacogdoches merchants who returned from St. Louis last night, after having purchased the fall and winter stock for his store.

Miss Emma McDavid, the popular milliner for Kaplan Bros. returned from St. Louis last night, where she has been purchasing millinery and taking notes for fall fashions.

John T. Richards and J. A. Moses, of Timpson, were in Nacogdoches Saturday. They are frequent visitors and we have an idea that they like Nacogdoches pretty well. The gentlemen. This is a fine place to live in.

Selected.

J. P. Metteur, of Colmesniel, has been in the city a day or two. He is on his return from Indian Territory and Oklahoma, where he has been prospecting. He says he found an extensive copper mine while on his his trip, and has some specimens with him to show for it.

Allan Seale of the firm of Seale & Donegan, returned this morning from the northern markets. He says he has purchased the completest line of dry goods that the firm has ever handled, and is in fine spirits over the general prospects for fall trade.

Mr. J. T. Lucas has shipped all his household goods to Sacul, and the family left on Monday for their new home. Nacogdoches is sorry indeed to lose Mr. Lucas and his charming family as citizens. Mr. Lucas is one of the most public spirited citizens of our town and Sacul is the gainer by our loss.

Mr. J. J. Connor, of Lone Star, Cherokee county, was in the city today. It has been 18 years since Mr. Connor's last visit and the town has changed so in that time that he could hardly recognize the place. He has many old friends and acquaintances here who were delighted to see him. Mr. Connor is a prominent farmer and mill and gin man of Lone Star, and is one of the best citizens of Cherokee county.

Mr. D. K. Cason returned yesterday from Armorrilla, Texas. Mrs. Cason and the two younger children will remain in Armorrilla some time longer for the benefit of the little boy's health, while little Miss Willie and Robert are visiting their aunt, Mrs. Hugh McKnight of Dallas, during their mother's absence.

Will Pressler complimented the Sentinel office this morning with a splendid basket of El Paso grapes. They were the finest we have seen this year and much appreciated. Will keeps right up with the first, when it comes to importing fine fruit. He always has the best of the markets for his customers.

MONDAY'S LOCALS.

Mrs. Watson and daughter, Mrs. W. G. Hillenkamp, have returned from a month's visit to relatives at Kaufman.

Walter Gunning, of Orange spent yesterday in the city. He left this morning for Chireno to visit his home folks.

Mr. Hamilton, the manager at Mistrot Bros. & Co. had mistortune to fall from one of the store ladders, on Saturday evening, spraining his foot severely.

Mr. Jim Power and Mrs. Mettard Hughes were married yesterday by Rev. A. J. Holt. The wedding was a quiet one, and before many of their friends were aware that they were to be married so soon, congratulations were in order. Mr. Power is one of leading citizens of the Nacogdoches county and one of the wealthiest and most influential men in his community. He is known personally to almost everyone in the country, and his multitude of friends all wish him a long and happy future.

Mr. John N. Gilbert is in Kaufman county attending one of his children who was taken dangerously sick while visiting relatives.

Dr. and Mrs. J. E. Mayfield and Miss Martha Ingraham returned today from Colorado Springs, where they spent the past month most delightfully.

Mr. and Mrs. G. C. Ingraham arrived yesterday from Colorado Springs, where they have been spending the past few weeks, stopping a couple of days with Mrs. Ingraham's mother at Tenaha, as they returned. They are at home to their friends at present, at the residence of Mr. and Mrs. Hal Tucker on Mound street.

Tragedy Averted. "Just in the nick of time our little boy was saved" writes Mrs. W. Watkins of Pleasant City Ohio. "Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound, and well." Everybody ought to know, it's the only sure cure for Cough, Colds and all Lung diseases. Guaranteed by Stripling Haselwood & Co. Druggist. Price 50c and \$1.00. Trial bottles free.

Jackson Parrott and several of his boys were up from La Nana Saturday and were friendly callers at the Sentinel office. Mr. Parrott is now engaged in the stave timber business and says it keeps him hustling to get timber out of the Angelina bottom between rises. He has millions ready to be hauled out now and says he puts everybody to work that drives up with a good team and wants a job. The pay is good and the haul is short. Good teams make from four to six dollars a day.

It Saved His Leg. P. A. Danforth, of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Backlen's Arnica Salve wholly cured it in five days. For ulcers, wounds, piles, it's the best salve in the world. Cure guaranteed. Only 25 cts. Sold by Stripling Haselwood & Co. druggist.

Strength and vigor come of good food, duly digested. "Force," a ready-to-serve wheat and barley food, adds no burden, but sustains, nourishes, invigorates.

TUESDAY'S LOCALS.

J. E. Sanders, of Melrose, was in the city yesterday.

Miss Willie Choate, of Rusk, is visiting her sister, Mrs. Gabe Scogin.

Mr. Jno. W. Davis has returned from a two weeks business visit to his old home at Abilene.

Capt Jno. P. Davidson returned Sunday from a trip to Abilene and other western Texas points.

Mr. Lake Orton has accepted a situation at Cushing with J. W. Carriker, and went over on Saturday to enter on his new duties.

W. T. Whitton and daughter, of Attoyac, are in town today. Mr. Whitton brought a magnificent specimen of cotton to town with him, and it is now decorating the R. T. Shindler Drug store.

Mr. P. D. Fore, who lives 16 miles southwest of town, was in the city this morning, and brought into Tucker Zeve & Co.'s store a bottle of genuine boll weevils. He says they are ruining the crops in his locality.

Percy Blount has accepted a position with the firm of Tucker & Sharp of San Augustine and has left for that city. Mr. Blount is still one of the Nacogdoches boys, we have just let him go for a while to oblige Messrs Tucker & Sharp.

Mr. Elkins, of Longview, has arrived to take a position with Cason Richardson & Co. and his family will follow in a few days. We welcome Mr. Elkins and family to the city, and speak for them a hospitable reception.

Mrs. S. A. Willis is in the city for a few days with her many relatives and friends. During her absence she visited Greenville, Terrell, Kaufman, Jacksonville and various other places. Mrs. Willis has connection and acquaintances in every town in Texas and is a welcome visitor everywhere.

A. L. McDougall, who has been traveling with a compass Company for two years dropped on his Nacogdoches friends quite suddenly today and spent two hours with us. He came in on the noon train from Shreveport and left on the T. & N. O. for Beaumont at 2:50 p. m. He could not stop longer on account of pressing business for his company at Beaumont.

Miss Ray Goldberry, of Pittsburg, has accepted a position as saleslady with Seale & Donegan, and arrived last night to begin the season this morning. Miss Goldberg is a skillful clerk as well as a charming young lady, and will greatly add to the popularity of this already popular store.

Prof. H. de Lamorton, President of the South western Emigration Association, of Galveston, was in the city today, having been attracted to Nacogdoches by the reputation she has attained through the government tobacco station. Prof. de Lamorton has offices in Washington City, Chicago, Detroit and San Francisco. He is at present looking for lands upon which to establish a colony of fruit and truck growers. He left this afternoon for Shreveport and will visit North Texas.

The Genuine vs Counterfeit. The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeit's and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles, no remedy is equal to DeWitt's Witch Hazel Salve. Sold by Perkins Bros.

Mr. T. J. Roquemore has been engaged by the Southern Oil Company of Houston for another season as their seed buyer for Nacogdoches. He will pay the highest market prices for cotton seed and asks his friends and the cotton growers generally to see him before disposing of their surplus seed. He can be easily found on the streets any day during the season.

The Pleasures of Eating. Persons suffering from indigestion, dyspepsia or other stomach trouble will find that Kodol Dyspepsia Cure digests what you eat and makes the stomach sweet. This remedy is a never failing cure for indigestion and dyspepsia and all complaints affecting the glands or membranes of the stomach or digestive tract. When you take Kodol Dyspepsia Cure everything you eat tastes good, and every bit of the nutriment that your food contains is assimilated and appropriated by the blood and tissues.
